PMA Committeemen Are Elected Last Saturday

David Glass was elected to be chairman of the PMA committee in Sterling County in last Saturday's election. He heads the committee that handles the loan programs, the feed programs, regular soil conservation practices and the ACP practices under the Department of Agriculture.

Ewing Fowler McEntire was elected vice-chairman; Riley King third member; Roy Morgan, 1st alternate; and William Foster, 2nd alternate. Voting was last Saturday, and the new committeemen will take office on September 1, said Mrs. Roxy Brock, secretary.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week include—

D. P. Glass
Mrs. John Phillips
Mrs. Will Atkinson
Robert Brown
Mrs. B. C. Bristol and infant son, Steven Creig.
Dismissals since Thursday morning of last week include—
Mrs. I. W. Terry and infant daughter, Margaret Susan
Mr. and Mrs. R. E. Richards
Steven Creig, son of Mr. and Mrs. Connie Bristol was born about 1 p.m. Wednesday. He weighed five pounds and fifteen ounces. Papa Connie is stationed here with the State Highway Patrol.

Gift Party Honors Mrs. Harry Lawson

Mrs. Harry C. Lawson, Jr. was honored with a stork shower party Tuesday morning at the community center clubroom. Hostesses for the affair were Mrs. R. T. Caperton, Mrs. Fred Campbell, Mrs. Mud Allen, Mrs. Jack Douthit and Mrs. Evelynne Frye.

Sandwiches, cookies and coffee were served to the guests. Games were played.

Taking part in the shower were Mrs. Lester Foster, Mrs. William Foster, Mrs. J. Q. Foster, Mrs. G. C. Murrell, Mrs. William J. Swann, Mrs. Robert Ritchie, Mrs. H. A. Chapple, Mrs. D. C. Durham, Mrs. Roy Morgan, Mrs. Delbert Hopper, Mrs. J. A. Revell, Mrs. Finis Westbrook, Mrs. Annie Lee Johnson, Mrs. Harold Emery, Mrs. Nick Reed, Mrs. Dean Johnson, Wayland Lee and Bill Foster, Mrs. Bill Loven, Mrs. Lee Augustine, Mrs. Rufus Foster, Mrs. Dayton Barrett, Mrs. D. J. Norton, Mrs. Chesley McDonald, Mrs. Lee Hunt, Lee and Collin Douthit, Mrs. Bruce Medford, Mrs. Ralph Davis, Mrs. Lura McClellan, Mrs. Minta Phillips, Mrs. Neal J. Reed, Mrs. Riley King, Miss Laverne King, Mrs. Taylor Garrett, Mrs. Leroy Butler, Jacque Caperton and the five hostesses.

Game Management Meet Tonight at 7:30

The annual meeting of the Game Management Association will be held at 7:30 tonight at Nick Reed's picnic park on the North Concho.

Included on the program will be reports on game population by the members—including population of beavers, deer, antelope, turkey, etc. Officers are to be elected for the coming year and wildlife movies are to be shown by Jim White, game warden from San Angelo. Ranchers, members and their guests are invited.

Present officers are Worth Durham, president; Riley King, vice-president; R. T. Foster, Jr., secretary-treasurer; and Nick Reed, H. L. Hildebrand and William Foster, directors.

Style Show Here Being Sponsored by Noratadada Club

September 22 in Community Center

A style review is to be presented by the Noratadada Club on September 22 at 7:30 p.m. at the community center. It was announced this week. The fashions are to be modeled by local talent. New fall fashions are to be furnished by the Fashion Shop of San Angelo. Dan Kleinman, manager, conferred with club officials on the project this week.

Tickets will be placed on sale the first of next week. Proceeds of the affair will go to some civic project sponsored by the club.

Further details concerning this program will be given later.

New Church of Christ Minister Here

Wayne Zuck is the new Church of Christ minister here. He comes from Florence, Texas and will arrive here this week (Wednesday).

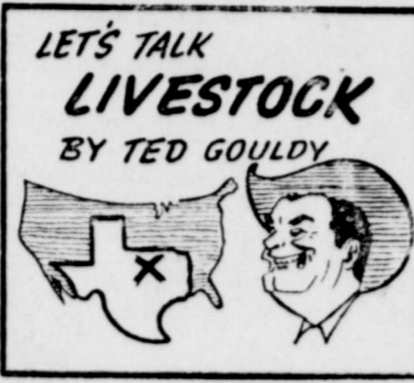

Mr. Zuck is an A.C.C. graduate, getting his B.A. degree in 1949. He and Mrs. Zuck have three children, all girls.

Mr. Zuck follows Quetin Fannin, who moved to Talco earlier this month.

Labor Day Holiday

Labor Day, Monday September 7, is one of the regular holidays observed by the merchants of Sterling City. The holidays observed by the merchants throughout the year are as follows:

Jan. 1—New Year
May 30—Memorial Day
July 4—Independence Day
1st Mon. Sept.—Labor Day
Nov. 11—Armistice Day
Last Thurs. Nov.—Thanksgiving
December 25—Christmas Day.

Fort Worth—Corn Belt observers, according to an article compiled by Homer Hush in Wallace's Farmer this month, seem to be coming around to the view that June was the "low" time for cattle. This thrusts into the discard the idea that was prevalent in those parts that late fall would be the better buying time for feeders.

Corn Belt observers, Hush reports also feel that rains in the drouth areas will "strengthen the hands" of the cattle growers. Yep—There's no argument there.

In fact, on the basis of Mondays cattle trade, it looks like the stocker and feeder buyers were unlimbering and more orders were on hand than was the case for the past couple of weeks. At Fort Worth Monday there was the biggest cattle and calf run since July—about 8,500 head. Twelve markets had 139,000 cattle and calves.

Despite this big offering, stockers and feeders sold strong to unevenly higher at Fort Worth. Some of the just fairly good kinds, that had to sell for slaughter a week ago, sold well to stocker buyers, a decided improvement.

Slaughter steers and yearlings were steady to weak. Slaughter calves ruled firm. Cows were steady to 50 cents lower, and the larger portion sold steady. Some buyers tried to buy cows sharply lower by 50 cents to \$1 per hundred and complained that cows here were higher, grade for grade, than at other major markets.

Salesmen successfully resisted these bearish offers. Bulls closed 50 cents lower.

Good and choice fed steers and yearlings drew \$18—21.50 and choice to prime drylot cattle are quotable dollars above that range. Common and medium butcher stuff sold from \$11—\$17; with many ranny yearlings from \$8—\$10.

Fat cows drew \$9.50—\$12.50; caners and cutters sold from \$8.50—\$9.50. Some straight barreled western or Brahman type cutters are quotable over \$9.50. Bulls sold from \$8—\$12.50.

Good and choice fat calves cleared at \$14—\$18; and common and medium butcher sorts from \$10—\$13, with culls from \$7—\$9.

Good and choice stocker steer calves drew \$14—18.50 with stocker steer yearlings from \$16.50 downward. Stocker steers drew \$17.00 down. Stocker cows changed hands at \$8—\$14.

Hogs were 25c lower and topped at \$23.75—\$26 at Fort Worth. Sows drew \$19—\$22.

Sheep and lambs drew generally steady prices. Medium, good and choice fat lambs sold for \$17—\$21, and fancy fat lambs of the right weight in load lots were quotable higher. Cull lambs sold around \$12.

Stocker and feeder lambs drew \$13—\$15. Fat yearlings drew \$14—\$17 and old wethers sold from \$7—\$10. Slaughter ewes cashed at \$5—\$6.50.

Solid-mouthed breeding ewes cashed at \$7—\$10. There has been active demand for ewes suitable to go back to the country and each shipment to Fort Worth has been sorted very closely to sift out ewes of suitable ages. Most of the ewes are in canner flesh, which is making them weigh correspondingly lighter for the buyers.

Some substantial rains in some of the principal sheep country recently as well as the rapid development of some volunteer grain pasture grazing, is helping the outlook on sheep.

Wins California Trip

Roland Lowe, General Electric dealer here has won an all-expense paid trip to Los Angeles, California in a G.E. sales campaign contest. The trip was awarded dealers in the west Texas district and wives are to accompany the dealers this trip at the expense of the company. The Lowes will leave Lubbock Saturday and be gone a week, said Lowe.

School Opening Here Tuesday, September 1

P.T.A. Workshop Held Here Tuesday

A Parent-Teacher workshop was held here Tuesday with an all-day meeting at the home of Mrs. Lee Reed.

Visitors helping conduct the affair included the sixth district president, Mrs. Sidney Bolding of San Angelo, her assistant or official aide, Mrs. C. D. Box of San Angelo and Mrs. H. C. Green of Water Valley, a district vice-president of Tom Green and Concho Counties.

Local officers present for the affair included Mrs. Worth Allen, local president, Mrs. Reynolds Foster, vice-president, Mrs. Lee Reed, Mrs. Bill Green, Mrs. Jack Douthit, Mrs. H. A. Chapple, Mrs. Mattie Hines, Mrs. David Glass, Mrs. John Copeland, Mr. O. T. Jones, Mrs. Chesley McDonald, Mrs. G. C. Murrell.

Dinner was held in the Reed home and the following were dinner guests: Mrs. O. T. Jones, Miss Jo Retta Owen and her mother, and Mrs. Bill Reed. A social hour was held in the afternoon before the affair was adjourned.

Lions Club Luncheon

The Lions Club met Wednesday noon in the community center for the regular luncheon meeting. Roy Morgan acted in place of the absent president, Cecil A. Long.

Guests were James R. Curry, Mr. Stovall and Eddie Ward. It was reported that the holidays settled upon by the merchants included the following—News Year's Day, Memorial Day, July 4th, Labor Day, November 11th, Thanksgiving and Christmas.

It was reported that the State Highway Department in Austin had let the contract to build the Big Lake Road bridge and the first 1.5 miles of paving. Also, it was noted that another ten miles of the road was being surveyed by the department for paving in the near future.

The bridge on the project is to be 410 feet long, it was said. The contract was let to a Lubbock contractor, said Judge G. C. Murrell.

North Concho River Soil Conservation News Column

Recent rains in the eastern and south part of the North Concho River Soil Conservation District have promised temporary relief from the drouth, but caution should be used to help restore the vigor of our grasses.

Due consideration should be given to the grasses that have stayed with us through the drouth. It should be remembered that grass gets 95 per cent of its food and energy from the air and sun, 5 per cent from the soil. This means that the leaves must feed the roots. The food reserve of our grasses has been exhausted during the drouth and the needed vigor must come from new growth. Now is a critical time for grasses and if possible, grazing should be withheld until sufficient top growth is produced to feed the roots and strengthen the plants. Also our soil needs covering up to help hold future rains where they fall.

Recent surveys at the Sonora Experiment Station conducted by Leo Merrill have shown that a sufficient number of our grasses have survived to produce a good cover if proper management is applied.

The studies showed that side oats grama and silver bluestem withstood the drouth better than our sod grasses. However, the studies also showed that enough of the sod grasses were left to re-turf bare soil if they are given a chance to spread following rains. By grazing too soon after moisture is available, many plants will be pulled up by grazing livestock since the roots have been weakened by drouth.

Mims Carl Reed, son of the Martin Reeds, will leave for New Mexico Military Institute about the 1st of September where he will enroll in school for the year.

WITH GENERAL ASSEMBLY AT 9:00 A.M. TUESDAY

The Sterling Public Schools will open here Tuesday morning, September 1, with a general assembly at 9:00 o'clock, superintendent O.T. Jones has announced. Registration is expected by a little heavier than last year, due to more families living here with various crews.

The faculty is complete, barring any last minute resignations and is as follows:

ELEMENTARY SCHOOL
1st grade—Mrs. Evelyn King
1st grade—Mrs. Irene Lane
2nd grade—Miss Helen Brown
3rd grade—Mrs. Mary Crossno
4th grade—Mrs. Johnnie Lee
5th grade—Miss Mary Ann Bradshaw
6th grade—Mrs. Mattie Hines
7th grade—Mrs. Bena Davis
8th grade and elementary principal—Harry Bradstreet
HIGH SCHOOL
Miss Jo Retta Owen—Home Economics
Coach and social science—Oscar Dorsey
English—Miss Mary Lee Swindell
Commercial and Math—Delbert Haralson, Jr.
High school principal and shop—George Blackburn
Superintendent and science—O.T. Jones
Music and private piano—Mrs. Charles Titsworth.

George Blackburn to Get M.S Degree at North Texas State

George Weldon Blackburn is a candidate for his master of science degree at North Texas State College this week. Degrees are to be awarded in commencement exercises in Denton tonight, August 28.

IT WORKS, TOO.

Okmulgee, Okla., August 25—An aluminum suitcase will be on Tech student's transportation from Oklahoma to New York.

Not just an ordinary suitcase of course. It is one that has been bent, welded, soldered and shaped to resemble a GI gas can. But it has one great advantage over a gas can—it will carry clothes.

Carrying his suitcase, Richard "Yankee" Fuller plans to hitchhike from A&M Tech, Okmulgee, Okla. to his home in Springville, New York, 36 miles south of Buffalo. He plans to arrive in Springville two days after leaving Okmulgee.

Fuller reasons this way: A pedestrian carrying a gas can on a highway is obviously in search of a filling station. Motorist passing this unfortunate soul will kindly pick him up to take him to a filling station. And once the car has stopped, it will undoubtedly give him a life, even though he is hitchhiking, not searching for a filling station.

To test his theory, Fuller hitchhiked from Okemah to Okmulgee carrying his suitcase-gas can. The ruse worked like a charm. He traveled in four different cars on the trip. Of the four, one was a highway patrol car and another was a police car.

All four of his rides stopped to ask him where he had left his car and where he was going. Then they gave him a lift, despite the fact that he wasn't a stranded motorist... just another A&M Tech student going home for vacation.

Fuller considers it a point of honor, however, to inform his benefactors that he is not searching for a filling station before he even gets in the car. That way they have an opportunity to refuse him a ride before he gets in.

Fuller will return to Oklahoma A&M Tech to continue his Diesel training in time for the opening of the fall semester on September 7. He and his trusty suitcase will return the same way they left.

Cecil A. Long, local druggist, went to California the first part of this week. He and his son, Hector, will return together. Hector has been there visiting.

Rev. and Mrs. Bruce Me Ford are spending a few days of this week in the Big Bend Park, vacationing and sightseeing.

NATURE'S SCARCE WEAPON AGAINST POLIO

MARCH OF DIMES TESTS HAVE SHOWN THAT GG-GAMMA GLOBULIN GIVES SOME PROTECTION AGAINST PARALYTIC POLIO FOR ABOUT 5 WEEKS. BUT GG COMES FROM HUMAN BLOOD AND IS IN VERY SHORT SUPPLY. IN 1953 ONLY ABOUT 1,000,000 DOSES WILL BE AVAILABLE FOR THE 46,000,000 PERSONS IN AGE GROUPS SUBJECT TO GREATEST POLIO RISK.

NEITHER HAS GG

STATE EPIDEMIC AREAS

CHILDREN IN AGE GROUPS AT GREATEST RISK IN MOST SEVERE EPIDEMICS

PERSONS IN CLOSE CONTACT WITH POLIO PATIENTS

HEALTH OFFICER

When polio is around, the National Foundation for Infantile Paralysis recommends these four precautions: Keep clean, don't get fatigued, avoid new groups, and don't get chilled. If polio does strike, call your doctor, follow his advice, and then contact your local chapter of the National Foundation.

It's Easy . . .

By Betty Barclay

When you know how! And the "how-how" in making this luscious Lemon Angel Cake is lemon pudding and pie filling mix. The pudding, made in a jiffy, gives that real lemon flavor to the frosting and when combined with the other ingredients listed below provides a fluffy golden jopping for an angel cake.

Lemon Angel Cake

1 package lemon pudding and pie filling mix; 1 1/2 cups water; 1 egg; 1/2 cup butter; 1 1/2 cups sifted confectioners' sugar; 10-inch angel food cake.

Combine pudding mix and 1/4 cup of water in saucepan. Add whole egg and blend well. Then add remaining 1 1/4 cups water. Cook and stir until mixture comes to a full boil and is thickened. (This takes about 5 minutes.) Remove from heat. Cool about 5 minutes; stir once or twice. Chill.

Cream butter until soft. Add sugar gradually, blending well after each addition. Add chilled pudding gradually, beating well with rotary egg beater.

Split cake into three layers. Spread frosting between layers and on top and sides of cake. Makes 10 to 12 servings.

FOR SALE—The Gibson house; (as apt. house or single residence); See or call T. H. Murrell.

FOR SALE—5 registered yearling bucks. See W. Y. Bengel.

LEGAL NOTICE FOR BIDS

Sealed bids will be received in the office of the State Board of Control, Austin 11, Texas, until 10:00 A. M., August 28, 1953 for the rental of approximately 936 sq. ft. of office space located in Sterling City, Texas for a period of September 15, 1953—August 31, 1955 (30 day cancellation option). Specifications are obtainable from the State Board of Control, Austin, Texas and Texas Highway Department.

Refer to HWY-649 in all correspondence.

"OUR FIGHT FOR OUR CAPTIVE CHILDREN" * * * Here is the vivid human story behind the news headlines . . . Behind the cruel attempt of the Communists to force Rica Georgescu to become a red spy in exchange for the lives of his two sons, imprisoned in Romania. Read this story of faith, hope and courage beyond belief, in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

Civil Service Meeting Teachers

Teachers having experience in instructional methods, training management and other related subjects may qualify in the examination for Training Instructor, announced today by the U.S. Civil Service Commission. Persons interested in this examination should consult announcement No. 8-14-1 (1953) for full details before filing. The positions to be filled from this examination are in the El Paso, Texas, area. Announcements and applications may be obtained from the post office or from the Executive Secretary, Board of U.S. Civil Service Examiners, Army and Air Force, Third Floor, Blumenthal Building, El Paso, Texas.

Recruiting Teachers

Austin, Texas, August 25—Dr. Hob Gray, director of the University of Texas Teacher Placement Service, has been asked to recruit 50 elementary teachers and 25 secondary teachers for the Denver, Colo., school system. Salary for a beginner with a bachelor's degree is \$3,000.

Let's Make Fudge

By Betty Barclay

TO say that recipes for fudge are as numerous as the sands would be more than slight exaggeration, but you'll have to admit there are a goodly number. If you could total all the recipe variations of this candy favorite, there would probably be almost as many as the number of people who ever said, "Let's make fudge." Of course, all these fudge recipes aren't good recipes, so if you need something rather special, try this Log Cabin Fudge.

Log Cabin Fudge
1 cup maple-blended syrup; 1 cup sugar; dash of salt; 1/2 cup light cream; 3/4 cup broken walnut meats.

Combine syrup, sugar, salt, and cream and place over low heat. Bring to boiling point, stirring constantly. Then boil, without stirring, until a small amount of mixture forms a soft ball in cold water (or to a temperature of 236° F.). Remove from heat. Cool to lukewarm (119° F.), without stirring. Then heat until mixture loses its gloss (12 to 15 minutes). Add nuts and turn at once into lightly buttered 8x4x3-inch pan. When cold, cut in squares. Makes 18 large pieces.

When you need paper drinking cups or dispensers, see and buy them at the News-Record.

You're "sitting pretty" behind the wheel

Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in Chevrolet's field — the new 115-h.p. "Blue-Flame." Gear-shift models offer the advanced 108-h.p. "Thrifty-King" engine.

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response — right now! Chevrolet's improved brakes are the largest in the low-price field.

I was ahead in every way after this demonstration!

I figured on paying about \$200 more for a new car . . . until I discovered all that Chevrolet offered me.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You get greater getaway with the new Powerglide*
A lot finer performance on a

lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

And it's the lowest-priced line
A demonstration will show you

that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

Let us demonstrate all the advantages of buying a Chevrolet now!

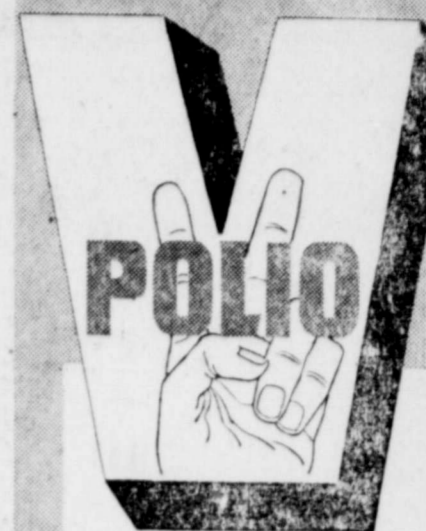

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

Get sure but gentle relief when you are temporarily constipated. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. No salts, no harsh drugs. Dr. Caldwell's contains an extract of Senna, one of the finest natural vegetable laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's 30c size today. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

Smith-Cope Wedding Held In Amarillo

Miss Betty Smith and Sgt. Gene Cope were married in Amarillo on Saturday morning of last week in a double ring ceremony performed in the Poke Street Methodist Church there. The bride is the daughter of Mr. and Mrs. B. S. Smith of Amarillo and Mr. Cope is the son of Mr. and Mrs. Peb Cope of Sterling.

Sgt. Cope is stationed at the Amarillo Air Base and the couple will be at home there following a wedding trip to Colorado.

Among those at the wedding from here were the bridegroom's parents, Mr. and Mrs. Peb Cope and his grandmother, Mrs. W. Y. Bengé.

A Full Cookie Jar

By JANE ASHLEY

These are the days when wise mothers make cookies several times a week. Then they will be ready for picnics or a snack after a swim or a game of tennis or baseball. Here are two excellent cookie recipes that keep well and offer an interesting variety.

Coconut Orange Jumbos

2 1/2 cups sifted all-purpose flour
1/4 teaspoon salt
1/4 teaspoon baking soda
3/4 cup shortening
1/2 cup sugar
1/2 cup Karo Syrup, Red Label
2 eggs
2 cups chopped shredded coconut
3 tablespoons grated orange rind
1/2 cup orange juice

Sift together flour, salt and baking soda. Cream shortening. Add sugar gradually and cream until light and fluffy. Add corn syrup, blend thoroughly. Add eggs, one at a time, beating well after each addition. Stir in coconut and grated orange rind. Add sifted dry ingredients, alternately with orange juice. Drop by teaspoons on lightly greased cookie sheet. Bake in moderate oven (350° F.) 15 minutes. Cool and frost with Butter Cream Frosting. Makes 5 dozen.

Butter Cream Frosting: Cream 1/2 cup butter or margarine and 1/4 teaspoon salt. Gradually add 1 cup sifted confectioners' sugar, blending well. Then add alternately with 3 to 3 1/2 tablespoons hot milk, 2 1/2 cups sifted confectioners' sugar, beating until smooth and creamy. (Use only enough milk to make a good spreading consistency.) Add 1 teaspoon vanilla and 1 tablespoon grated orange rind; blend.

Refrigerator Cookies

3 cups sifted all-purpose flour
1/4 teaspoon salt
1/4 teaspoon baking soda
1 cup butter or margarine
1/2 cup dark corn syrup
1/2 cup sugar, brown or granulated
1 egg, beaten
1 teaspoon vanilla
1 cup shredded coconut or nuts, chopped

Mix and sift together first three ingredients. Beat butter until soft and creamy. Add corn syrup and sugar, and beat until thoroughly blended. Add egg; blend well. Add vanilla and coconut or nuts. Add sifted dry ingredients; mix thoroughly. Chill dough about 1 hour. Shape into 2 rolls about 2 inches in diameter. Wrap in wax paper and chill in refrigerator at least 4 hours or overnight. With a very sharp knife, cut in thin slices (1/8 inch). Place on ungreased baking sheet. Bake in hot oven (400° F.) 8 to 10 minutes. Makes about 5 dozen.

Cookies and a glass of cold milk are the perfect combination. And this popular beverage is given an appetizing flavor twist in the following recipe:

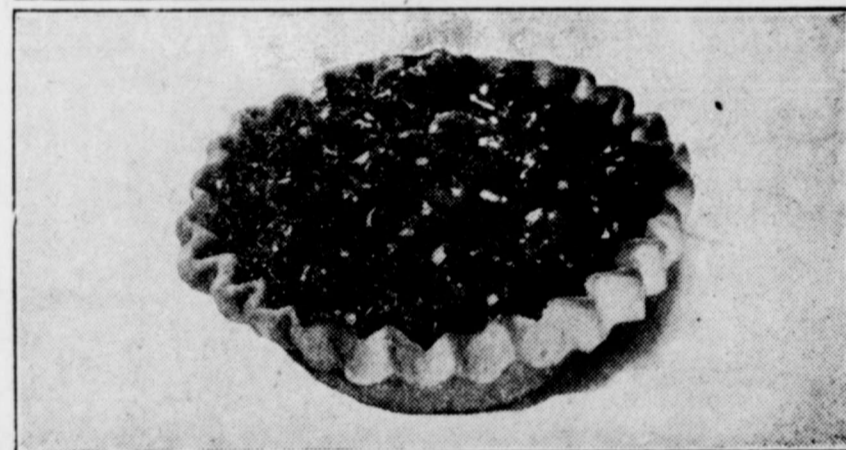

Quick Milk Shake

1 glass milk
2 tablespoons light or dark corn syrup

For Plain Milk Shake: Pour milk and corn syrup in pint jar or shaker. Fasten lid tightly and shake for several minutes or until thoroughly blended. Makes 1 glass.

For Ice Cream Milk Shake: Add 1 heaping tablespoon vanilla ice cream to above recipe before shaking.

Fruit Pies for Summer

By JANE ASHLEY

The calendar tells us it is time to bring out our recipes for fresh fruit pies—those luscious desserts that are good eating to the last crumb. Try these three excellent recipes, made with summer's favorite fruits.

Rhubarb Pie

1 recipe pastry for 2-crust pie
1 pound rhubarb
(about 4 cups, diced)
1/2 cup sugar
1/4 teaspoon salt
3 tablespoons corn starch
3/4 cup Karo Syrup, Red or Blue Label
1 tablespoon melted butter or margarine

Use 1/2 the pastry; roll 1/4 inch thick. Line a 9-inch pie pan. Wash rhubarb and cut in 1-inch lengths. Place rhubarb in pie shell. Combine sugar, salt and corn starch. Add corn syrup and butter; mix well. Pour over rhubarb. Roll out remaining pastry. Cut in narrow strips. Arrange lattice of pastry strips across top. Bake in hot oven (450° F.) 15 minutes; reduce heat to moderate (350° F.) and bake 40 to 45 minutes longer.

Fresh Cherry Tarts

1/2 cup sugar
4 tablespoons corn starch
1/4 teaspoon salt
1/2 cup light corn syrup
3 cups fresh sour cherries, pitted
1/4 teaspoon almond extract
6 baked tart shells (3 1/2 inches)

Combine sugar, corn starch and salt in top of double boiler. Add corn syrup and mix well. Add cherries. Place over boiling water and cook, stirring constantly until mixture thickens (about 10 minutes). Cover and continue cooking about 20 minutes, stirring occasionally. Remove from heat. Add almond extract. Cool. Pour into baked tart shells. Chill. Just before serving top with whipped cream, sweetened to taste, if desired.

Strawberry Pie

1 envelope unflavored gelatin
2 tablespoons cold water
2 egg yolks
3/4 cup light corn syrup
1 cup crushed strawberries
1 tablespoon lemon juice
2 egg whites
1/2 teaspoon salt
2 tablespoons sugar
3/4 cup heavy cream, whipped
1 9-inch baked pie shell

Soften gelatin in cold water. Beat egg yolks slightly in top of double boiler. Add corn syrup. Cook over boiling water, about 5 minutes, stirring constantly, until mixture is slightly thickened. Add gelatin; stir until gelatin is dissolved. Cool slightly. Combine strawberries and lemon juice and add to gelatin mixture. Chill until slightly thickened. Beat egg whites and salt until stiff but not dry; gradually beat in sugar. Fold in strawberry mixture; then lightly fold in whipped cream. Pile into baked pie shell. Chill thoroughly before serving.

HOUSE FOR SALE—Nice 5-room house, very desirable location. See us for details.
