P.T.A. Next Thursday

The Sterling City P.T.A. meets at the Sterling City School auditorium next Thursday afternoon, February 11.

George Blackburn is scheduled to give the devotional. Miss Helen Brown's second graders will give a special entertainment feature, and Chesley McDonald will discuss "Developing Civic Responsibility."

Following the meeting and business session, a Founder's Day Tea will be held in the Homemaking Department of the school.

Preferential Tests Given Seniors

A representative from San Angelo College gave the Kuder Preferential Test here Wednesday to the members of the senior class of Sterling City High School. Next Thursday, February 11 two counselors from the college will be up here to interpret the tests results to the boys and girls.

The Kuder Test is not an intelligence test or an aptitude test. It simply indicates the student's preferences in nine different types of vocations. This information is of vital importance to each boy and girl in planning future studies or activities.

Drug Laws

Since April 26, 1952 a federal law prohibits the dispensing of certain drugs ONLY on the prescription of a doctor. This law pertains to 90% of all drugs now used.

John M. Stuckwisch, administrator of the Sterling County Hospital says that the hospital can only dispense such drugs on the doctor's prescription—or if the doctor will call the hospital and authorize it.

Walter Zimmerman Dies in Amarillo

Walter Zimmerman died at his home in Amarillo on Friday last week, following an illness of several years. Funeral services were held there Saturday afternoon.

Survivors include the widow and one son, Walter Blackburn Zimmerman, age 17.

.30 inch of rain fell here in town Monday night of this week, proving that it could rain—even if only a little bit.

Lions See Films of the Crippled Children's Camp At Kerrville

The Lions were shown a film on the Lions Crippled Children's Camp at Kerrville when they met at noon Wednesday for the regular luncheon in the community center.

W.L. McBride, connected with the camp, showed the film and made a talk on the camp. Following the showing six members paid in sustaining membership and others donated money for the camp, totaling \$93.60. Members buying sustaining membership in the camp included Roland Lowe, R. T. Caperton, Henry Bauer, H. A. Chapple, Worth B. Durham and Roy Carter. Dick Wagner, a visitor, gave a \$5 pledge to the camp. The sustaining memberships cost \$10 each.

Lion Dr. Swann told of the glasses project that the club is carrying out for the school children that need it. He also told of the National Heart Drive campaign that will be held here this month. \$200 is the quota for this county, said Swann. It was announced that new member Emory Diltz was being transferred by his company and he was granted transfer or withdrawal privileges.

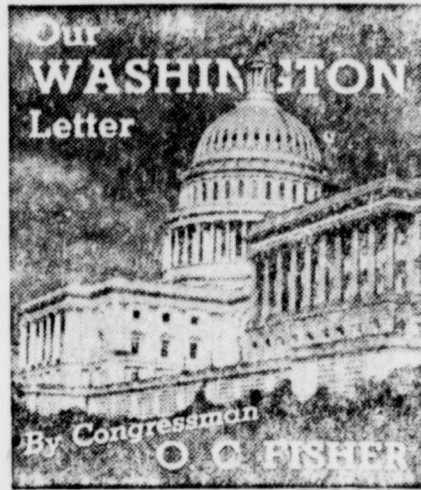

Guests present Wednesday were Dick Wagner, and W. L. McBride; new members included Roy Carter, Harvey Glass, Luther Hallmark, O. T. Jones and Claude Collins.

In his State of the Union message President Eisenhower requested the Congress to raise the public debt limit beyond the present 275 billion ceiling. It's been a long time since our federal government had no debt. Only once, and that was in 1835 when a surplus developed that worried Congress. The lawmakers debated the problem and finally decided to declare a sort of dividend and dish the surplus out to the various states. Then came the 1837 depression, and there has not been a surplus in the Treasury since.

Today a struggle is going on to keep the stupendous public debt from virtually swallowing up the whole national economy. Henry Wallace used to laugh off the public debt size by saying, "Why worry? after all we just owe it to ourselves." That fuzzy theory, if dominant, could prove disastrous. Actually some of us owe the debt to those of us who happen to own government bonds. The good faith of the government is thus involved.

The public debt now averages more than \$6,000 per family. Interest alone costs the taxpayers \$6½ billion a year. The debt is created, in the main, by government borrowing. To finance borrowing, the government sells bonds to banks. Thus a base for large-scale new expansions of credit is created. This new money, bidding against more money, runs up costs and causes inflation. That inflationary force becomes a sort of vicious cycle. The impact forces government spending upward in order to pay for inflated costs for what the government buys—thus often leading to more borrowing to pay for the increase in government spending.

The Congress has tried to control the debt through controlling the ceiling. The first ceiling was set back in 1917, the first limit having been \$1½ billion. By 1921 it jumped to 37½ billion, and in 1945, the peak of \$300 billion was hit.

The end of the war found the Treasury with unspent money, and soon the ceiling was cut back and then upped a couple of times to the present level of \$275 billion. Actually, the debt limit device has been useful only as a psychological brake. It has been of little use in preventing the growth of the debt. The only real way to do that is for the Congress to spend less money. If the Congress votes that exceed the debt limit then the Congress has little option but to raise the debt limit accordingly.

Chapple's Food Store 8th Anniversary

Chapple's Food Store is observing its 8th anniversary this week in Sterling City. H. A. Chapple, owner, opened his store here in February, 1946.

Chapple had bought out Will Meyer's Grocery here and opened his store in the Longshore Building—that is the west half of it.

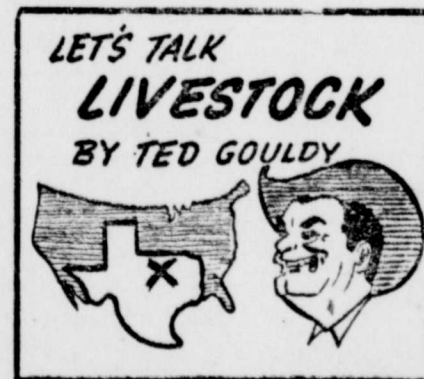

As his business grew, he gradually got the east half of the building, giving him ample space for the large store.

Chapple, immediate past president of the Lions Club, takes part in the activities of the community, the Church of Christ and area affairs. He is now zone chairman of this zone of the Lions Clubs.

Several years back, Chapple bought the Harry Tweedle home for a home. He and Mrs. Chapple have one child, Alfred, a student in the seventh grade here.

Chapple said free coffee and cookies would be served all day on Saturday, February 6. In addition to his regular specials in his paper advertisement, he is running "Sun Spun" specials on a big special sheet again.

Mr. and Mrs. Roy Tommy Foster attended the Fort Worth Stock Show the first part of this week. Mrs. Roy Foster was in Fort Worth for part of the show.

Fort Worth — Woolled slaughter lambs advanced sharply at Fort Worth Monday and prices were 50 cents to \$1 above last week's close. Shorn fat lambs were strong to 50 cents higher, and slaughter ewes sold strong to 75 cents higher. Some 100-pound woolled lambs topped at \$21.50, a new high for the current movement. Fresh shorn ewes at \$9.75 were fully 75 cents above last week's close. Feeder lambs and yearlings were fully steady to strong.

In the cattle division all classes sold fully steady on the early rounds and in the cleanup sales in the later part of the day some spots were easier on fat cows and on the shortfed beef steers and yearlings. Calves drew firm prices, some sales of the more desirable kinds stronger. There was some slowness on the medium inbetween fleshed calves of heavier weights that weighed in the light yearling (Continued on Back Page)

Championship Hereford, Angus and Brangus cattle; Rambouillet, Delaine, Corriedale, Suffolk, Hampshire, Southdown, Shropshire sheep; fat steers and lambs will be shown in new barns at the Fairgrounds. New equipment has been added to the rodeo arena and the grandstands improved for the event.

Running concurrent with the Fat Stock Show will be a Trade Show sponsored by the San Angelo Jaycees, market poultry show with turkeys and broilers, and the Don Franklin Carnival Shows on the midway. All activities begin with a giant Jaycee-sponsored parade at 11:00 a.m. February 25.

"THE NIGHT 30,000 PEOPLE DROWNED" * * * * Here, for the first time, is the inside story of how Russian submarines claimed the lives of 30,000 refugees fleeing their Communist "liberators" nine years ago. Told by C. S. Forester, it's a shocking, factual account of the world's worst disaster at sea. Read it in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

Stocker demand was fully adequate to provide strong prices for the class, quality considered. High quality load lots of stockers and feeders were quotable \$1 or more above most sales recorded Monday.

Shippers took about 25 percent of the run of hogs at prices steady to 50 cents lower than Thursday's best prices, or at \$26.75 to \$27.25 and later sales of choice grades were made at \$26 to \$26.75, or 50 cents to 75 cents lower. Sows ruled fully steady.

Good and choice fed steers and yearlings cashed at \$18 to \$23, and common to medium offerings cashed at \$12 to \$17. There were several loads of well finished cattle in the \$20 to \$22 bracket.

Fat cows cleared at \$11 to \$13.50, and canners and cutters sold from \$7 to \$11. Bulls sold from \$10 to \$14.

Good and choice woolled lambs sold from \$19 to \$21.50, and shorn fat lambs of good and choice grades sold from \$17 to \$18.75, the higher figure on fresh shorn kinds. Cull, common and medium lambs cashed at \$12 to \$16.50. Stocker and feeder lambs sold from \$13 to \$19, shorn feeders largely from \$17.50 down. Shorn feeder yearlings cashed at \$12 to \$14, and slaughter yearlings sold from \$10 to \$15.

Slaughter ewes sold from \$7 to \$9, some fresh shorn ewes at \$9 representing a new high for that class in the current movement. Old bucks drew \$4 to \$5.50. Old wethers cashed at \$9 to \$11.

Good and choice butcher hogs scaling 190 to 250 pounds ranged from \$26 to \$27.25, late sales \$26.25 down. Lighter and heavier hogs sold from \$24 to \$26. Sows drew \$22 to \$24.

HEARING BAD?

If so, you will be happy to know how we have improved the hearing and relieved those miserable head noises, caused by catarrh of the head, for thousands of people (many past 70) who have used our simple Elmo Palliative Home Treatment in the past 16 years. This may be the answer to your prayer. NOTHING TO WEAR.

Here are SOME of the symptoms that may likely be causing your catarrhal deafness and head noises: Head feels stopped up from mucus. Drooping of mucus in throat. Hawking and spitting. Mucus in nose or throat everyday. Hearing worse with a cold. Hear — but don't understand words. Hear better on clear days. Worse on rainy days. Head noises like crickets, bells, whistles, clicking, escaping steam or many other sounds.

If your condition is caused by catarrh of the head, you, too, may likely enjoy such wonderful relief as many others have reported. WRITE TODAY FOR PROOF AND 30 DAY TRIAL OFFER.
