Eagles Win Handily Over Ft. Davis 40-24

Play Ackerly There Tonight at 8:00

The Sterling City High School Eagles again showed their strength in six-man football last Friday night here by beating the Ft. Davis Indians 40-24 in a game that was not too much of a contest for the Eagles. Coach W. L. Young played all of his boys during the game, giving the subs and second-stringers some practice.

Tonight the Eagles go to Ackerly for the third game of the season. A large crowd of fans are expected to attend the game tonight.

In last Friday night's game Sterling kicked off to Fort Davis. The kick went out of bounds and was brought in to the Indians 30 yard line. Fort Davis couldn't make a first down. Les Cole broke through the line and smothered the Fort Davis boy for a 7 yard loss. Fort Davis then punted and Don Carper took the punt for a long touchdown from his own 25 yard line. A pass for extra point was good, making the score 7-0. Sterling kicked off and Fort Davis picked up 10 yards on a run, lost four on the next play and then fumbled the ball. Marshall Blair recovered the pigskin for the Eagles. On the first play from scrimmage, Marshall took the ball for 55 yards for a touchdown. The play for extra point was no good.

Sterling kicked to Fort Davis after the TD. The Indians couldn't do much but finally got the steam up to take the ball downfield to with the goal line for a first. Sterling buckled down and held the mountaineers taking over the ball on their own 14-yard line. Billy Derrell Blair got off on a 65 yard run for a counter. The score stood at 19-0 for the fly boys.

Sterling kicked to Fort Davis, and Coach Young sent in a new team, thereby giving the Davis Mountain boys a touchdown. And the mountaineers kicked the extra point making the score 19-8. That was the way the first quarter ended.

Young sent in some of his first stringers back into the game. Don Carper almost made a first down, needing only a foot. A two-way pass gave the Eagles a first down. Billy D. Blair went down for a first with goal to go. A pass, Carper to Billy D. was good for another TD. Leslie Cole kicked the ball for the extra points, making the score 27-8. As the play resumed, Sterling kicked off to Fort Davis. The Indians were not able to make a first down, and the Eagles took over. A pass to Cole was good for a first. A pass to Billy D. was good for a touchdown, but the officials called the play back due to the Eagle backfield in motion. A penalty of 5 yards was assessed the Sterling boys and on the next play they drew a 10-yard penalty for holding. A pass to Lynn Glass was good for a first down. Billy D. made a first down to 5 yards of the goal line. Bobby Lester took the pigskin down to the 1-yard line, and Don Carper took it on over for a counter. The score was then 33-8, and halftime ended play.

As play was resumed following halftime, Fort Davis kicked to the Eagles. Billy Derrell picked up 8 yards on the first play. Then a pass from Billy D. to Carper was good for a touchdown. With the pass for extra point good, the score stood at 40-8.

Sterling kicked off and Young sent in a group of Eaglet players. Fort Davis could make gains when playing the new team of Eagles. Bobby Lester got in some good tackles. Fort Davis made a TD and picked up two points on the kick. As Fort Davis gained steam, Young pulled out the seconds and put his number one boys back. Fort Davis failed to gain anything against the Eagles and Diddle sent his number two group in again. Bobby Lester made one first down for Sterling then the local boys fumbled and lost the ball. Young sent his number one group back in as the third quarter ended.

Fort Davis made a first down. Sterling drew a 5-yard penalty. Ft. Davis got in a long gain of 38-yds. and Carper downed him on Sterling's 6 yard line. Another pass play put the Indians to the 1-yard line and Granado went over for the Mountaineers making the score 40-

Sheep Killing Dogs At Work

Sheep killing dogs are keeping ranchers just south of here on the watch. A number of sheep have been killed and maimed and some dogs have been killed by irate ranchers. One rancher said dogs have already caused more than a thousand dollars worth of damage among his sheep already.

Among the ranchers worst hit so far are Worth Durham, J. T. Davis, Jeff Davis and Foster & Hildebrand. Some others are complaining of dog damage, also.

Dogs CAN Spread Rabies

In East Texas dogs are catching rabies from foxes and skunks and other wild animals and there have been several scares close to Dallas. Dogs that are allowed to run loose are risks in this respect. Should a dog that runs out in the open catch rabies, he could spread it to members of the family that owns him, and other people. Nearly all wild animals are potential carriers of the deadly disease, and dogs are worst offenders among pets.

There are very few ranchers but what have had hundreds or even thousands of dollars of damage done to their sheep by dogs. They, with their grievance, are resentful of dogs that run loose.

Return from Three-Month Trip On West Coast

Mr. and Mrs. W. P. Meyer have returned home from a three-month trip to Oregon. In Oregon, they visited Mrs. Meyer's mother, Mrs. Hattie Carroll at Probate, Ore.

The Meyers got back to Sterling Tuesday night. They had traveled 7,000 miles, visiting places of interest in Idaho, Wyoming, Utah, Colorado and California. They visited the famed Las Vegas and Reno spots in Nevada. Mr. Meyer said with the exception of the irrigated fields in the valleys, all of the western states were as dry if not drier than West Texas.

FORT WORTH -- Just a year ago this week the calf market was at its lowest ebb in years. There was virtually no stocker trade on calves and yearlings, with the heavy September receipts of 1953 moving largely into packer channels. The break in calf prices of around 50 cents per hundred at Fort Worth Monday, with some spots on medium kinds of stockers around 50 cents to \$1 per hundred lower, still left prices far ahead of a year ago on calves.

On Monday good and choice calves brought \$14 to \$17, and a year ago on September 24th, good and choice slaughter calves were quoted at \$11 to \$14.50, few above \$13.50. Cull, common and medium slaughter calves Monday sold from \$8 to \$13.50, and a year at this time drew \$6 to \$11.

Stocker and feeder calves topped at \$16 to \$17 a year ago as against \$18.50 to \$19.50 at Fort Worth Monday.

Fat steers enjoy a better market than a year ago at this same date, but cows and bulls are not selling as well. Good and choice fat steers and yearlings at \$17 to \$23 at mid-September of 1953, compare with \$19 to \$24 at this time. Common and medium grassers at \$7 to \$15 a year ago compare with cattle sold this week at \$10 to \$18.50.

Fat cows a year ago drew \$9.50 to \$13, and this week at Fort Worth sold at \$8.50 to \$12.50, while canners and cutters a year ago drew \$6 to \$9.50, and cutters sell from \$5 to \$9, with some shelly canners under \$5.

Bulls sold at FortWorth a year ago from \$8 to \$13, and Monday drew \$8 to \$12, a few \$12.50.

Monday's trade at Fort Worth saw fat steers and yearlings steady to weak, spots 25 to 50 cents off. Cows were steady. Bulls were steady to strong. Slaughter calves were mostly 50 cents lower. High grade stockers were steady to 50 cents lower, with medium and plain quality from 50 cents to \$1 off.

Mosquito Eradication

Following many complaints and due to the fact that mosquitos are thought to be the vector carrying the virus of encephalitis (sleeping sickness), a committee was appointed from the Lions Club to see what could be done to eliminate the mosquito menace.

This committee met and after discussing the problems involved, decided that the best plan would be to enlist the aid of each business or home owner to carry out the following program:

1. Check all possible openings into cess pools and septic tanks, such as cracks in the ground and cavities of the cover, and eliminate these soon as possible.

2. Put coal oil in all rain barrels or cisterns, and if this is objectionable, make an insect proof cover screen or cover for all openings into the cistern.

3. Cut weeds and tall grass. 4. Spray insecticide with a hand spray in your garage or other buildings where the insects are in the habit of staying during the day time. Consult your County Agent or insecticide dealer for methods and materials to use.

Some of the members of the committee are going to inspect the draws and any place where there is enough run-off water to make a standing pool, and oil any that are found to prevent any further mosquitos from hatching out.

It is hoped that everyone will participate in this program at the same time so that it will be more effective.

This committee will be glad to receive any helpful suggestions anyone may have in carrying out this program.

Sluggar Wins the "Home" Game

Sluggar White, the home town's star hitter, dropped by the other day to talk baseball, and to "tell one" on himself.

Seems Sluggar had been baby-sitting. "I was doing just fine," he said, "until it was time for a 'change.' I called Mom for advice. Still didn't get it right. Then Dad set me straight."

"Place the diaper like a baseball diamond with you at bat," he said. "Fold second base over home plate, and pin first and third base on home plate." That did it—with no errors!

From where I sit, Sluggar's Dad had the idea. Often, like his Mom, a lot of us tend to give advice in our terms without considering the other fellow's way of doing things. Even in choosing your favorite beverage, it's best to think of your neighbor. If you like tea, and I prefer a temperate glass of beer, we should both "play the game" and try to understand each other's point of view.

Ranchmen:

It has been nearly forty years since I sold my first car of feed in this county.

I tried hard then to furnish the ranchmen the best feed available at the lowest price possible. I am still trying. How well I have succeeded—you are the judge.

I am happy to know that almost every man still living who traded with me then still gives me his feed business. This makes me me to try harder to be worthy of such loyalty.

I am fully prepared to take care of all your feed needs in a way that will save you money.

Am looking forward hopefully for a share of your business this fall and winter.
