Eagles Trim Forsan 65 To 26 Last Friday

Play Garden City There Tonight at 8 O'Clock

The Sterling City Eagles continued their march toward district championship by trimming the favored Forsan Buffaloes last Friday night there by 65-26. The Eagles were somewhat stymied on the ground plays but were whizzes at scoring on passes. Seven of the Sterling boys' touchdowns came by passes and two by runs. Eighteen passes were completed out of 23 tries.

Billy Blair threw six of the touchdown passes and run one counter over in a 5-yard run. He connected with TD's throws to Lynn Glass, Leslie Cole, for one each, and two each to Marshall Blair and Don Carper. Carper threw one TD pass to Cole.

Bill Blair picked up 274 yards on passes and 35 yards on runs for a total of 309 yards gained. He averaged nine yards on his plays.

Marshall Blair picked up 64 yards on runs and 10 on passes for a total of 74 yards gained. He averaged a gain of 16 yards per try.

Don Carper picked up 32 yards on running plays and 20 on passes. He returned three kick off runs for 58, 25, and 38 yards. On a pass interception he got a run-back of 20 yards.

The longest run of the night was a run of 65 yards by Marshall Blair after catching a pass from Billy D. Blair.

The Eagles should be well on the way to a district and maybe further place in title play this year. So far, Young's boys have not yet hit a worthy opponent.

Tonight Eagles Play Garden City Bearkats There at 8:00 P. M.

The Eagles journey to Garden City tonight for a most important conference game. They engage the Garden City Bearkats in a game that will probably tell the tale for the Eagles title hopes. No one can possibly imagine the Eagles taking a beating from the Bearkats, but coach Diddle Young says that this is one of the "games" for his boys. The other "game" for the Eagles was the game last Friday night at Forsan, and the Sterling boys hurdled it successfully.

In Forsan last Friday, the Eagles received the opening kick-off. Marshall Blair fumbled on the first play and Forsan recovered and marched to a TD. Skeen made the extra point for the Buffaloes and the score was 7-0 right away. Hicks made Forsan's first tally.

Carper received the kick-off as play resumed and picked up 30 yards. Sterling marched on down for a counter with Bill Blair scoring. Leslie Cole passed to Billy for the extra point, tying the score.

Lynn Glass stopped a Forsan TD drive on the 5 yard line by knocking the quarterback off his feet. The QB fumbled the ball. Sterling passed and the pigskin was intercepted by Oglesby, Forsan's big 6 foot, four inch end. Forsan scored quickly with Skeen going over for 6 points. Oglesby made the extra point for the Buffaloes.

The score was 14-7 in favor of Forsan.

Sterling's Bill Blair passed to Marshall for a 60 yard TD play from a spread formation. Marshall made the extra point, tying the score.

Forsan held the Eagles on running plays, so the boys had to take to the air. Billy faked a pass and got in a good run for 20 yards, but the Eagles lost the ball on downs. On the fake pass play Bill had to jump over a Forsan tackler and accidentally hit a Forsan boy with his shoe. Then he made a fine display of sportsmanship by going over to the Forsan player and apologized. (He could have been penalized for this—players cannot enter the other team's huddle with a timeout)

Bill passed to Marshall for another TD and Leslie kicked the ball through for two points, making the score at half-time 22-14 in favor of the Eagles.

Forsan's fumbling and Sterling's passing were beginning to spell the doom of the Buffaloes. In the second half Sterling scored at will, mostly from spread formation. Forsan never regained their first quarter fight.

Passes from Bill to Don, Bill to Leslie, Bill to Don, another to Les-

Hallowe'en Carnival Set For October 30 by P.T.A.

The Sterling City Parent Teacher Association will sponsor the annual Hallowe'en Carnival on Sat., October 30, at the school, beginning at 6 p. m.

The princesses and princes representing each grade have already been elected by the student body, and the Queen of High School will be elected the night of the 30th by popular public vote. General admission of 60 cents and 30 cents will be charged, which will entitle each ticket holder to one vote for the Queen and one vote for the Lady. This plan eliminates the necessity for children to solicit votes by selling chances.

Activities and entertainment will include supper, fish pond, white elephant sale, bake sale, country store, junior game room, adult game room, cat chunk, movie, fortune-telling, weight guessing, etc. climaxed at 9 p. m. with the coronation of the queen of Hallowe'en, presentation of her court, and a pageant depicting Texas history in drama, song, and dance for the Queen's pleasure.

The purpose of the P.T.A. Carnival, has always been two-fold: to provide activities for the children and youth of the community on Hallowe'en night, and to raise money for P.T.A. expenses and projects.

There have been occasions in the past when it seemed necessary that the P.T.A. make as much money as possible for school equipment, and the public has always supported these projects with whole-hearted generosity. However, we have attained a physical school plant worthy of any community, one well provided for and supported by adequate taxation. Therefore, in line with the policies set forth by the National Congress of Parents and Teachers, the local association desires to place the emphasis, not so much on money-raising, but on the moral and ethical advancement of our children and youth. In this project also the P.T.A. is counting on the community for the same generous and enthusiastic backing it has given in the past.

Daughter to the Jack Turners

A daughter was born to Mr. and Mrs. Jack Turner on October 8 at the Shannon Hospital in San Angelo at 1:16 p. m. The baby was named Lou Ann. She weighed seven pounds and four ounces.

This is the first child of the Turners. "Papa" Jack now operates the Humble Service Station at 5th and Chadbourne in San Angelo.

Grandparents are Mr. and Mrs. Ernest Turner of Ballinger and Mr. and Mrs. Ralph Bynum of Sterling City.

HUNTING IN COLORADO

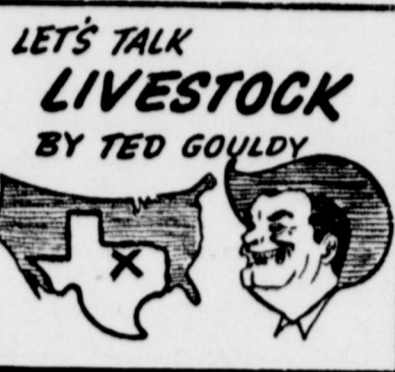

Hunting deer, elk, moose or any thing in that line maybe this week near Mancos, Colorado are Roland Lowe, H. A. Chapple, Riley King, Jack Weeks, C. C. Ainsworth and Finis Westbrook. They are hunting near Harold McCabe's place there.

Elroy Butler has gone back to Shreveport, La. where he is stationed at Barksdale Air Force Base. A-2c Butler spent two weeks here on furlough visiting his parents, Mr. and Mrs. Jim Butler.

lie made the score 50-14 at the end of the third quarter. Several long completed passes and runs were nullified because of penalties.

In the fourth quarter Hicks got a TD on a 60 yard run against our freshmen. Bill passed to Lynn for six points and Forsan made a TD—Hicks passed to Starr making the score 58-26. Don Carper made the Eagles last score with a 20 yard run, and Marshall ran the ball over for the extra point.

The game ended with Eagles in possession of another win 65-26.

Fort Worth - Stocker and feeder buyers again set the pace in the cattle trade Monday at Fort Worth as they apparently had many firm orders in hand and calves and cattle began moving to the scales soon after the siren's wail signalled the start of trading at 8:00 o'clock.

Most of the slaughter buyers indicated they had orders to trim away part of the \$1 to \$2 per hundred advances of the previous week, accomplished little along this line. Again it was obvious that packers needed some numbers, too, and soon the trade was in full swing with prices averaging steady with the close of the previous week.

Numerous sales that reflected the full advance in the market were chalked up. Kennedy Farms, Williamson County, marketed a load of 428-lb. calves at \$20.21; O. L. Matlock, Archer County, had a package of 504-lb. calves at \$19 and some 728-lb. yearlings at \$18. W. C. Porter, Nacodoches County, had two loads of calves with heifers at \$14 and steers at \$15.50, that weighed near 380 lbs. E. R. Prideaux, Archer Co., had a load of 439-lb. calves at \$19.75 and J. L. Prideaux, Archer Co., had some \$17 calves at 470 lbs. Spring Creek Ranch, Kent Co., sold a load of steer calves at 472 lbs. at \$19.75 and a load of 348 lb. heifers at \$15. Seven J. Stock Farm, Houston Co., had calves at 395 lbs. at \$18.25; Ray Scott, Jack Co., sold some heifer calves of 452 lbs. at \$19. Tom Knowles, Leon Co., had some 300 lb. calves at \$14.50. C. P. Davis, Point, had 10 calves at 451 lbs. at \$18.50. Loy Van Winkle, Clay Co., had a load of 458 lb. yearlings at \$18.50; D. W. Strain, Parker Co., had some 431 lb. calves at \$18.

Cow sales included some yound cows from Sam Klutts, Hill Co., at 1045 lbs. at \$15; E. B. Smith, Dallas Co., had a load of cows which included seven head at 1,131 lbs. at \$12, and five head at 921 lbs. at \$9. Scaling & Co., Tarrant Co., had a load of clean-up cows at \$8, \$9.25 and \$11.21. C. J. Shumake Farm, Wichita Co., sold some 1,242 lb. cows at \$12, some at 1,167 lbs. at \$11 and odds at \$8 to \$10. John Baird of Red River Co., had some 771 lb. cows at \$11.

TOP hogs scored \$19.50 to \$20 at Fort Worth Monday, a gain of 50 cents a hundred over the low close of the previous week. Hogs closed last week at \$19.50 and down, equaling the lowest point of the year. Forest Pohler, Runnels Co., had a top load that scaled 212 pounds at \$20, and C. H. Buckles, Louisiana, had a load of butchers weighing 172 lbs. at \$19.50.

The arrivals of hogs reported by the major markets Monday were about 10,000 ahead of the same date a year ago, and about level with the previous week despite heavy rains and some floods in the midwest.

The big Spring pig crop is apparently moving into markets in the midwest in larger and larger numbers as the season progresses.

FEEDER lambs opened the week at Fort Worth with a market around \$1 or more higher and a top of \$16.25 on feeders. This was \$1.25 per hundred above most sales late last week. Some improved demand for breeding ewes was also noted in the trade, and with some continued improvement in the winter grain field grazing prospects, the sheep and lamb situation is definitely looking up.

Fat lambs and yearlings and older slaughter sheep sold strongly, some shorn fat lambs at \$18.50 were around 50 cents better than most sales late last week. Slaughter yearling wethers drew \$8 to \$13, and aged wethers sold from \$6 to \$10. Slaughter ewes cashed at \$4.50 to \$6 and breeding ewes were reported from \$6 to \$9, with young ewes quotable to \$10 and above for breeding purposes. Old bucks sold around \$3 to \$4, with some higher for stocker purposes.

Mrs. Martin C. Reed was returned home Monday from a Temple hospital where she had undergone an operation last week.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

Mrs. J. B. Buckner
Mr. and Mrs. D. P. Glass
Dismissals since Thursday morning of last week include—
L. C. Dowd
Glen Crawford transferred to the Clinic-Hospital in San Angelo

Behind The 8 Ball

8-BALL

Cpl. Claude Batchelor, the boy who was given a life sentence for giving aid and comfort to the enemy while a POW in Korea, has the sympathy of most people in his predicament. Most people feel the sentence was too heavy, considering that another boy was given 10 years and a colonel was only dismissed for the same charge.

It seems a bit hard on young draftees to subject them to such changes as army life and war offers and then expect them to do as veteran soldiers. But when a boy or man enters the service, he is given the Articles of War, setting out such penalties, etc. for infractions of the rules. They may or may not be drummed into the heads of the youngsters enough, but they should be.

Too, Batchelor was a volunteer at the age of sixteen, it was stated. That's pretty young, all right, for adult reactions to hardships such as a prisoner of war might receive at the hands of orientals.

From this distance, it is hard to say about the sentence, but it does seem harsh. Perhaps too harsh.

Public opinion seems to be on the side of the boy.

It would not be surprising if a review wouldn't moderate the sentence.

8-BALL

Seth Bailey is having a big fire sale in the old Fred Counsel building, beginning Saturday, October 16. Lots of merchandise was completely ruined but lots was only soil somewhat. He is holding the fire sale on the damaged merchandise, and has been getting ready for the event all week.

8-BALL

In Dallas at the close of the Texas-Oklahoma game last Saturday, one Texas fan lost a bet and had to walk from the Cottonbowl down to Texas—the tall statue—barefooted, but with his feet on beer cans. He stomped his bare feet in to the cans to fold them around his feet. They kept coming loose. He (Continued on Back Page)

"Bumps" Erected at School to Slow Traffic

Bumps of six inch curbing were installed on the streets approaching the Sterling City School this week. The bumps are designed to slow down traffic as it passes the school almost to a standstill. In fact, it will slow down a car after the first encounter with it. It is said that if a car hits one of the bumps at a fair rate of speed, the driver and passengers find out what the top of the car feels like to their heads.

The school board had a parking lot built on the lots across in front of the school, eliminating the danger posed by so many cars being parked directly in front of the school. The children would sometimes dart out from between cars before a passing motorist could see them.

Coupled with the "bumps" the two should make for much greater safety around the school.

The board is to be commended for this action taken before an accident ever happened.

North Concho River Soil Conservation News Column

Deferred grazing is becoming a more popular conservation practice in the North Concho River Soil Conservation District.

Deferring is simply resting a pasture during the growing season to give the grasses a chance to make seed and produce lots of growth for cover and litter.

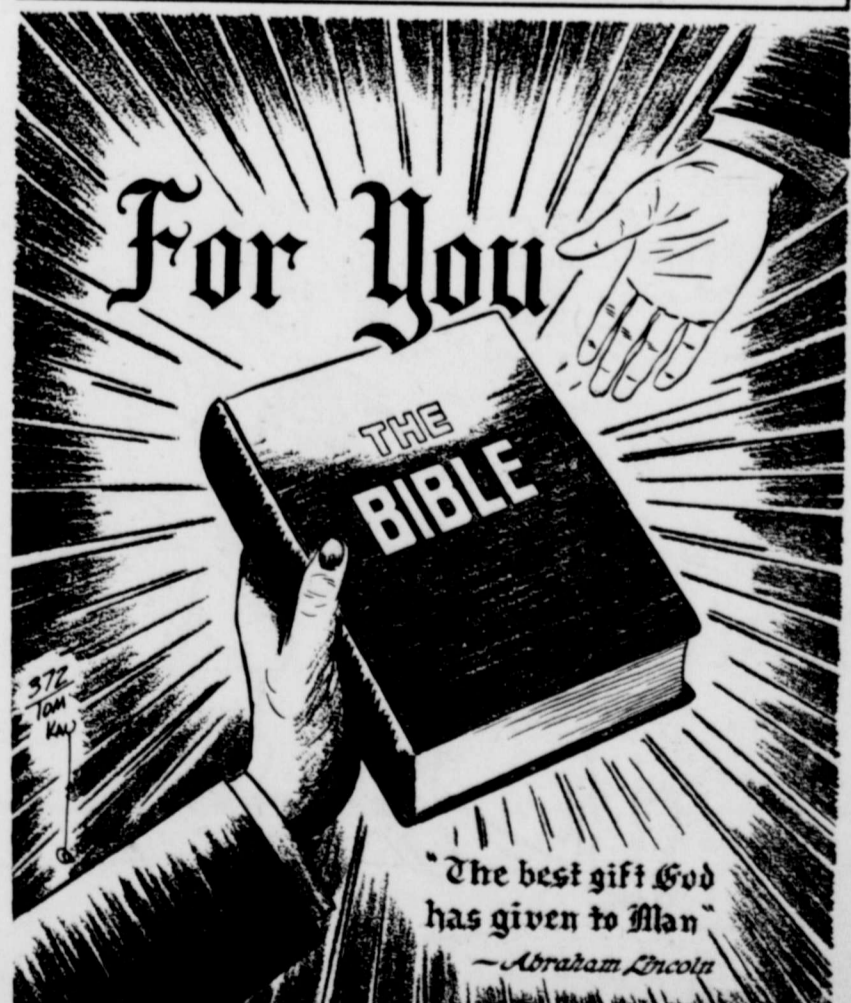

Even with the small amount of rainfall this year, it is surprising how much grass has grown on deferred pastures. This will play an important part in holding any moisture that falls this winter as well as cut down on feed bills.

SCS technicians list the following benefits: a better cover of grass which prevents soil erosion, allows soil to absorb more moisture, cuts down on evaporation of moisture from the soil by affording a cover and protecting the soil from direct sun and keeps the top of the soil cooler in the summer. Also an increase in the higher production of more palatable species of range plants which provide more and better grazing and means increased income from more livestock products.

Some of the ranchers who have deferred parts of their ranches this summer are J. I. Cope, Foster S. Price, W. N. and L. R. Reed, Foster Conger, John Reed, Nick Reed, Lee Augustine, Ed Bynum, Fowler McEntire, Lester Foster and E. C. Carper.

ACP assistance was furnished for those who deferred for a period of at least three months.

 "The Profitable Life" will be the sermon subject of Dr. Baxter Greer at the First Presbyterian Church Sunday at 11 a.m. "What the Bible Teaches About Eternal Punishment" will be the theme at the 7:30 p.m. service. This will be in line with the series on "Important Events of the Last Days".

Dr. and Mrs. Greer will conduct worship services at the First Presbyterian Church, Carlsbad, Sunday at 4 p.m. They will return to Sterling City in time for the evening service here.

The women of the First Presbyterian Church met at the church, Monday at 3 p. m. with Mrs. David Glass presiding. The program leader was Mrs. Elinor Norwood, who gave an interesting talk on "Work Among Latin-Americans". Mrs. H. F. Donalson presented information about "Church Extension", the theme for special study and prayer during October. Mrs. W. B. Turner conducted the Bible study on "Paul at Ephesus". Mrs. J. L. Glass, as hostess, served refreshments to the nine members. Mrs. Maxwell Turner is secretary. Following the program, the women packed a large duffle bag of good used clothing for over-seas relief. Later they will send boxes of useful articles to some of the educational institutions under the supervision of the Southern Presbyterian Church.

Regular Meetings on the Second Tuesday of Each Month

A Royal Touch

By Betty Barclay

WHEN chocolate was first discovered, it was served only to persons of royal birth. Nowadays a chocolate dessert can easily add the princely touch to a plain meal. When supper has to be a simple affair, dress it up a bit by serving this very special Chocolate Tapioca Cream. Made with quick-cooking tapioca, milk and an egg, it is a dessert that's good for you, as well as good!

Chocolate Tapioca Cream
1 egg white; 2 tablespoons sugar; 1 egg yolk; 2 cups milk; 1/2 cup sugar; 1/2 teaspoon salt; 2 tablespoons quick-cooking tapioca; 1 square unsweetened chocolate; 1/2 teaspoon vanilla.

Beat egg white until foamy throughout; add 2 tablespoons sugar, 1 tablespoon at a time, and continue beating with rotary egg beater until mixture will stand in soft peaks. Set aside. Mix egg yolk with about 1/4 cup of milk in saucepan. Add 1/2 cup sugar, salt, tapioca and remaining milk, and chocolate. Place over medium heat. Cook until mixture comes to a boil, stirring constantly—this takes 5 to 8 minutes.

Pour small amount of hot tapioca mixture gradually on beaten egg white, blending well. Then quickly add remaining mixture, stirring constantly. (The hotter the tapioca and the faster it is blended in, the thicker and fluffier the pudding will be.) Add vanilla. Cool, stirring once after 15 to 20 minutes. Chill. Makes 4 or 5 servings.

OIL IS AT YOUR SERVICE

In oil-producing states, schools are substantially supported by oil industry taxes.

Detergents and a hundred other items of daily use are derived from petroleum hydrocarbons.

Synthetic fabrics are made from petroleum hydrocarbons.

Petroleum fuels the machines of national defense.

Oil and natural gas supply power for industries.

Cars burn gasoline, use tires of synthetic rubber.

Homes are heated by oil or gas-burning furnaces.

Natural gas is the fuel for millions of kitchen stoves.

Printing inks, paints and plastics are petroleum derivatives.

Oil powers the U.S. transportation system.

The products of the petroleum industry are literally everywhere. Every hour of the day, oil or natural gas serves you and virtually every other American. Oil is indispensable to our way of life; it makes the United States a better, safer country to live in.

You may wake in the morning in a room warmed by a furnace burning fuel oil or natural gas.

You drive to work, and your car burns gasoline, uses petroleum oils and greases for lubricants, rolls on tires of synthetic rubber which had their beginning in an oil refinery.

The plant where you work may depend on oil or natural gas as the source of its power. The oil and gas industry supplies 65% of the nation's energy requirements.

Meanwhile, if you live in Texas, your children are attending schools to the support of which the oil industry pays heavy production and ad valorem taxes. And your U. S. Army, Navy and Air Force plan the national defense with confidence that the oil industry has developed the proven reserves that can fuel their machines of war. Oil also supplies munitions — TNT for instance.

Finally, the lady of the house may prepare dinner on a stove fueled with natural gas, and you may go to bed in pajamas laundered with a petroleum detergent, after reading a newspaper printed with ink made from oil, in a room decorated with a paint manufactured from petroleum.

... And that's only a beginning.

The products of the petroleum industry, oil and natural gas, head the list of our most useful resources. A progressive, competitive oil industry, encouraged in the future as in the past, will undertake the further development that will keep them there.

**Strawberry
Stretchers**

By Betty Barclay

WHEN the strawberry, that ruby queen of fruits, first appears on the market, scarcity and price cause its devotees to east about for "stretching" methods. One way is to combine with quick-cooking tapioca in a Strawberry Tapioca Pudding. Tapioca is delicately neutral in flavor so won't intrude upon the juicy freshness of the berries, yet with its help, 1 1/2 cups of fresh berries yield 5 to 6 servings.

Strawberry Tapioca Pudding

1 egg white; 2 tablespoons sugar.
1 egg yolk; 2 cups milk; 2 or 3 tablespoons sugar; 1/4 teaspoon salt; 3 tablespoons quick-cooking tapioca; 1 1/2 cups crushed, sweetened strawberries.

Beat egg white until foamy throughout; add 2 tablespoons sugar, 1 tablespoon at a time, and continue beating with rotary egg beater until mixture will stand in soft peaks. Set aside.

Mix egg yolk with about 1/4 cup of the milk in saucepan. Add 2 or 3 tablespoons sugar, salt, tapioca, and remaining milk. Place over medium heat. Cook until mixture comes to a boil, stirring constantly—this takes 5 to 8 minutes.

Pour small amount of hot tapioca mixture gradually on beaten egg white, blending well. Then quickly add the remaining mixture, stirring constantly. (The hotter the tapioca and the faster it is blended in, the thicker and fluffier the pudding will be.) Cool, stirring once after 15 to 20 minutes. Chill. Fold in strawberries. Spoon lightly into serving dishes and garnish with a few whole berries, if desired. Serve plain or with cream. Makes 5 to 6 servings.

More people drive
FORD V-8's than all other
V-8's combined

And it's still the only V-8 in the low-price field! No other engine in the world has enjoyed so much popularity as Ford's V-8. Today, 4 out of every 5 V-8's are Ford V-8's. Ford and Ford alone offers a V-8 in the low-price field . . . and for hundreds of dollars less than most sixes.

FORD'S V-8 IS THE SAME TYPE OF ENGINE AMERICA'S COSTLIEST CARS ARE SWINGING TO!

Seven makers in the last six years alone have switched to V-8 power in their most expensive models. Yet Ford's been offering V-8 power for over 22 years! Ford gives you your choice of Fordomatic,* Overdrive,* or Conventional Drive—the finest choice of drives in the low-price field.

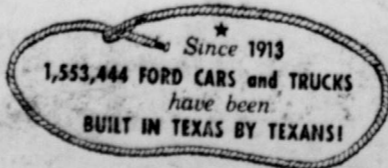

Come in and take a Test Drive!

WHAT'S IN THE CARDS FOR THE OTHERS, FORD DEALS YOU TODAY!

FORD'S V-8 IS THE MOST MODERN V-8 OF ALL!

Ford's new 130-h.p. Y-block V-8 is the most modern overhead valve V-8 in any car at any price. And it's just one of Ford's many "Worth More" features like new Ball-Joint Front Suspension and tomorrow's modern styling. See and Value Check all of Ford's "Worth Mores" and you'll agree Ford's worth more when you buy it, worth more when you sell it. *Optional at extra cost.

NOTICE TO BIDDERS

Sealed proposals addressed to the Commissioners Court of Sterling County, Texas, will be received at the office of the County Judge in Sterling City, Texas until 10:00 A. M. Friday, October 29, 1954, for the purchase of the following road machinery for use on county roads in said county. It is the intention of the court to purchase only one of the two sized machines described below.

One Deisel crawler type tractor, minimum H. P. 65, maximum H.

P. 72, 74 inch tread, outside mounted Hyd. controlled angle bullgrader, equipped with belly-guard, grill-guard, Hyd. pump and double drum wench.

One Deisel crawler type tractor, minimum H. P. 89, maximum H. P. 109, 74 inch tread, outside mounted Hyd. controlled angle bullgrader, equipped with belly-guard, grill-guard, Hyd. pump and double drum wench.

TO BE TAKEN IN TRADE AS PART PAYMENT ON ONE OF THE ABOVE DESCRIBED MACHINES:

One used T. D. 18A International crawler tractor with bulldozer attachments.

It is the intention of the Commissioners Court to issue time warrants for the payment of all or part of the contract, the total amount issued not to exceed \$10,000.00, with interest rate not to exceed 4 per cent per annum, and the maximum maturity date not to exceed five years.

The Commissioners Court reserves the right to reject any and all bids.

This notice published by order of the Court entered the 11th day of October, 1954.

Lions Club Luncheon

L. M. Caulkins and Buzz Cunningham were guests when the Lions Club members met at the community center Wednesday for the regular luncheon.

Lion W. L. Young told of the bumps being built at the approaches of the streets leading to the school. He said the game with Forsan was a thriller for him. He made no predictions for the game with Garden City tonight.

The attendance prize went to H. L. Bailey.

FOR SALE—2 wheel trailer, 2 new tires and good spare. \$75 cash. Tires worth more than price.

From where I sit... by Joe Marsh

"Blind Man's" Bluff

You know how Handy Turner down at the hardware store goes in for weird advertising stunts. Well, when it came to plugging his new Venetian blind department, his enthusiasm nearly landed him in trouble.

Handy painted a warning on the tailboard of his truck: "Caution—blind man driving."

"Had driven about a mile," Handy says, "when a state trooper stopped me and told me that sign might cause trouble. Guess he was right. From now on I'll advertise in the Clarion."

From where I sit, I agree—the highway is no place for jokes. We all ought to be considerate of the other fellow when we're driving. In fact, let's respect our neighbor's right of way *always*. Then, when we have differences of opinion—say about the best route to Centerville, or whether beer or buttermilk is better with lunch—there will be less chance of anybody developing any "blind" spots.

Joe Marsh

Help For Leftovers

By Betty Barclay

NOWADAYS, there are many interesting and imaginative dishes to make from leftovers, but sometimes even your best efforts may result in a main course that isn't quite up to snuff. When this happens to you, let a lush dessert come to the rescue. With a rich, chocolaty dessert like Chocolate Pompadour Pudding to finish the meal, you're likely to hear only praise for an excellent dinner!

Chocolate Pompadour Pudding
1 square unsweetened chocolate; 6 tablespoons sugar; 2 tablespoons milk; 1/2 cup sugar; 1 1/2 tablespoons cornstarch; dash of salt; 2 cups milk; 3 egg yolks, slightly beaten; 1 teaspoon vanilla; 2 egg whites.

Melt chocolate over hot water. Add 6 tablespoons sugar and 2 tablespoons milk. Set aside.

Combine 1/2 cup sugar, cornstarch and salt in top of double boiler. Add milk and blend. Place over boiling water and cook and stir until mixture thickens—about 15 minutes. Pour small amount of hot mixture over egg yolks, stirring constantly. Return to double boiler and cook 2 minutes longer, stirring constantly. Remove from heat. Add vanilla. Pour into custard cups, filling two-thirds full.

Beat egg whites until stiff but not dry. Fold in chocolate mixture. Pour over puddings. Set custard cups in hot water. Bake in moderate oven (375° F.) 25 to 30 minutes. Cool, then chill. Makes 5 servings.
