ANOTHER YEAR is in the making, another session of the Congress has gotten under way, and lines are being drawn for legislative battles that will take place during the next six months.

This being our first Newsletter in 1955, I want this opportunity to thank all my friends for their loyalty and cooperation during 1954, and to wish every one a happy, prosperous, and wet New Year. During the past Fall I made around 40 speeches over the district, and regret that conflicts and limitation of time made it impossible for me to accept a number of other invitations. I concluded my appearances at Brownwood on December 22 at an annual luncheon sponsored by the Junior Chamber of Commerce and attended by various service clubs and county and civic organizations. Awards were given to the two outstanding citizens for their civic work during 1954.

WITH DEMOCRATS back in control of the House and Senate, Southern Democrats will be in the limelight. Ahead of other states in that respect will be Texas, Tennessee, and Georgia. Veteran Sam Rayburn takes over again as Speaker of the House, with Lyndon Johnson moving back into the key leadership spot in the Senate. Texans moved into chairmanships of the two committees with Olin Teague of Bryan heading Veterans Affairs and Omar Burleson of Anson taking over House Administration. George Mahon, next to the top in Appropriations, becomes chairman of the subcommittee that handles all military spending. I advance a bit on the Armed Services committee.

Over in the Senate, Senator Byrd of Virginia becomes chairman of the Finance committee which handles all tariff and tax bills with Senator George of Georgia taking over the important Foreign Relations. Senator Russell of Georgia heads Armed Services in the Senate and Carl Vinson of Georgia, returns to the chairmanship of the same committee in the House. Agriculture committees are headed by Ellender of Louisiana in the Senate and Harold Cooley of North Carolina in the House.

The directors then reelected the officers of the bank. Officers include J. T. Davis, president; J. S. Cole, executive vice-president; Roy T. Foster, vice-president; Hal Knight, cashier and Delbert Haralson, assistant cashier.

The bank on December declared and paid a dividend on the capital stock of 20% and a bonus to employees of 15%.

Independent Basketball STERLING BASKETBALLERS (INDEPENDENTS) BEAT SAN ANGELO TEAM FRIDAY NIGHT

The Sterling City Independent Basketball team won over the U.S. Marine Reserve team 72-25 in San Angelo last Friday night. They beat the Forsan independents here Monday night of this week.

The group plans to play the Angelo Park Heights Baptist Church team on Thursday night of this week, said Bill Loven manager. He said the team would go to Garden City for a game next Monday night.

Players are R. B. Mitchell, Bobby Blair, E. B. Hosea, Rick Barker, Delbert Hopper, Johnny Dawson, Larry Stockton and W. J. McClure. Whenever the group plays in San Angelo, Dan Glass and John Hamilton, Jr. play with them.

R. T. Caperton furnished uniforms for the players.

W. S. C. S. STUDY

Mrs. Bruce Medford is leading a study on Jesus' teachings concerning women for the W. S. C. S. each Wednesday evening at 7 p. m. Everyone is invited to attend.

or ranking positions, it can be seen that influence-wise in legislative circles, the South outclasses the rest of the nation. This has happened before and is, of course, due to higher percentage of southerners being repeatedly reelected, whereas in the North and East, where organized labor, liberal, and racial blocs often combine forces to unseat Members who resist their pressures, seniority on committees is difficult to attain. The senior member on a committee automatically becomes chairman.

BEGINNING on Sunday, January 16, I will make a weekly radio report over San Angelo's KGKL at 12:45 p. m. to 1 p. m. KGKL asked me to do this. Similar transcriptions can be sent to any other stations that desire to use the weekly program.

Only 140 Poll Taxes Issued Here

Only 140 poll taxes have been issued in the county so far, said Mrs. Bill Green this week. Citizens have through the month of January to pay the poll taxes, and Mrs. Green looks for a number to pay before the deadline.

Lions Club Luncheon

Gilbert Gaitan, student in the Sterling school, and art student, was a guest at the Sterling City Lions Club at the luncheon Wednesday. Drawings of Gilbert's were shown to the members and guests. He was the guest of James Strong, program chairman of the club. The drawings were mostly of people, such as school faculty members and members of Gilbert's family.

Billy Roland Conger, chairman of the fund raising committee for the 4-H Stock Show, reported that \$183.50 had been turned in to Fred Campbell, county agent, so far and that his committee would raise the rest of the \$225 needed before the show.

Other guests present were Don Whorter, Joe Thorp, Hunter Cherry and Bobby Eckert.

Forsan Downs Eagles In Basketball Play

Forsan and Sterling City opened district play Tuesday night with Forsan dropping Sterling by a convincing 61-36 score.

Forsan's Albert Oglesby led his quint with 26 points. He was followed by Skeem with 12. Marshall Blair of Sterling City sank 10 points for the losers, followed by Bill Blair with eight tallies.

In the girls' game, Sterling City kicked over Forsan by a score of 58-41. Jenny Davis poured through 36 points for high score for the victors. For Forsan, Fletcher led with 20 points.

In the boys game, Forsan jumped into an early lead which they never relinquished.

4-H Club Livestock Set For January 22

West and north of Sterling the snow ranged up to six inches. The highways were dangerous for a day or two and a number of non-serious wrecks were reported.

THE AMERICAN WAY

Two New Arrivals

FORT WORTH - Highlight of the Monday business at Fort Worth's livestock market was the sale of the farm-to-market feeding project sponsored by business men and the Chamber of Commerce of Waco and McLennan County. 4-H and FFA boys of that county marketed their steers at prices of \$18 to \$24 per hundred.

The visit to the market by the group and sale of their calves is an annual feature at the yards. The project is one of the best in the Southwest and teaches participating young people the commercial side of the livestock business. They are encouraged to keep accurate

records, strive for cheap gains by using home grown roughages and pasture and to learn fundamental business principals. In many cases bank loans provide the initial capital.

Heading the group was Ralph W. Russell, agricultural manager of the Chamber, and Douglas McArthur was chairman of the committee for the feeding project. Radio Farm Directors Johnny Watkins and Charle Rankin, George Logan, First National Bank, Jimmy Simons, Texas Power & Light Co.; Bob Welch, Feeders Supply; Ed McKay, County Agent and Clark Bolt, Waco News-Tribune and Times-Herald; and dads Richard Buro; Robert Beilkretz, C. D. Crunk and Turk accompanied the group.

Russell said most of the boys would show profits on their feeding efforts this year.

One boy got a most graphic lesson in how much damage grubs can do. He had two steers, both choice grade. One had grubs in its back. The grubby steer brought \$4 per hundred less than the other. It made \$40 difference in what the steer brought.

Boys having cattle on the market

included: Windell Crank, Stanley Rentz, Max Hatter, James D. Forde, Robert Turk, Buford Neie, Larry Buro, Hildred Redding, Kenneth Hendricks, Bill Frosh and Robert Graham.

The top price for fed cattle Monday was \$24, which was paid for some commercially fed steers, as the McLennan County beeves. The boys were helped this by Vocational Ag Instructors J. W. Corby, O. I. Boyd, and H. D. Stearman and Bob Griffin, assistant county agent.

Cattle and calves were strong to 50 cents higher at Fort Worth Monday. Rain and snow over much of the territory cut the receipts in all divisions below normal and gave salesmen an advantage in the trade.

MEXICO ANNOUNCES IMPORT QUOTAS

The Mexican government late last week announced that quotas permitting 346,000 cattle, or their beef equivalent would be permitted to the United States in 1955. Detailed quotas for the year, by states, are: Chihuahua 100,000 head; Sonora 132,000; Coahuila 40,000; Durango 29,000; Tamaulipas 10,000; Zacatas 10,000; Neuvo Leon 10,000

Dimes Goal: Rebuild Lives

Making new lives for polio victims is a major goal of the March of Dimes, now in the second week of its drive for \$64,000,000 in polio-fighting funds, according to Dr. Hart E. Van Riper, medical director of the National Foundation for Infantile Paralysis.

"From the time a polio patient is first diagnosed, skilled hands and wise heads are at his bedside to save a life and return the patient to normal living," Dr. Van Riper said. "For this, most patients need financial aid from the March of Dimes."

National Foundation research and professional education programs constantly provide new knowledge and trained personnel, he explained. The eventual conquest of paralytic polio is the goal and much progress has been made, but polio still cripples, he said.

More Getting Rehabilitation
"New treatment techniques, involving physical therapy and orthopedic surgery, plus improved self-help devices can give mobility to many paralyzed arms and legs," he declared.

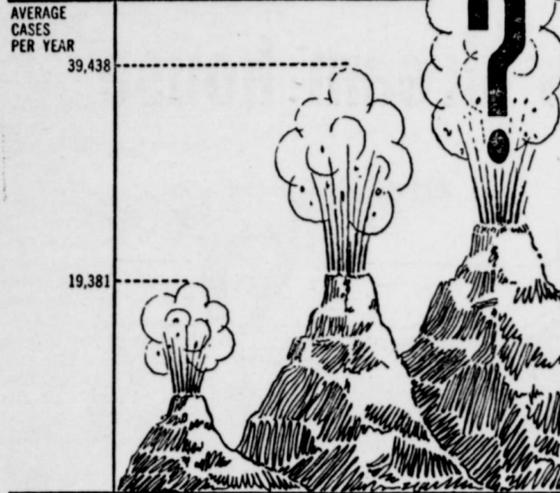

A survey of 34,377 polio patients admitted or re-admitted to hospitals in 1953 showed that 6,298 of them had come back for this purpose, he added. Reports of admissions and re-admissions to hospitals during the first nine months of 1954 list 5,577 patients in this category out of a total of 25,097 admissions—more than one out of five.

Parallel Efforts
Describing the goals of the National Foundation, Dr. Van Riper said: "While the prevention of polio is our final objective, provision of the best available care and treatment must parallel our efforts to control it."

"We must provide the kind of treatment that will allow polio patients to return to their homes prepared and able to take an active part in the life of their community. You might say we must treat the whole person, not just the disease."

March of Dimes aid is essential, he declared. More dimes are vitally needed now to help thousands of polio patients realize their potentialities. The campaign will continue until Jan. 31.

Mrs. MacTavish gets her dream house

At last she has the home of her dreams! A modern house — with a yard for the children and space for flowers. Most important to Mrs. MacTavish, though, are all those wonderful electric appliances she's always longed for! With them, she'll have the time and energy to do all the things she's always wanted to do.

Stop and think, for a minute, how many electric servants you've added in the last ten years. Wonderful, work-saving appliances which have made your life easier and more enjoyable. So, even though the price of electric service has gone down in that time, your electric service bill may be higher. But when you think of the many things electric service does for you, twenty-four hours a day, don't you agree that it is still the biggest bargain in your family budget?

It seems like luxury. But soon she'll think of all her electric servants as necessities. As time goes on, she'll add even more.

**In homes served by WTU the average cost of a kilowatt-hour of electric service is 22% LESS than it was ten years ago!*

Pause for Reflection

BY James C. Ingebretson

A London clock winder died re-Meyer Berger, in his "About New York" column in the Dec. 15, 1954 issue of The New York Times, tells of 65-year old Thomas J. Keane, a Navy Reserve officer, who, in the past four years, has covered on foot "every street, avenue, alley, square, and court on Manhattan Island."

"One thing that stands out from his island coverage," says Mr. Berger, "is the city's children. In the richest neighborhoods and in the poorest, he finds, only the children are universally cheerful."

What an indictment of us grown-ups! Christ tells us, over and over, "Be of good cheer," and yet we, appearing to doubt that God is still on His throne, worry and fret and make life miserable for both ourselves and those around us.

"Only the children are universally cheerful." No wonder the Master said, "Of such is the Kingdom of God."

and Northern Vera Cruz 14,000. Mexican officials point out that quotas are needed to insure a supply of beef in their own country. Average imports in years past when the border was open have been around 450,000 cattle per year. **SHEEP AND LAMBS FULLY STEADY**

Despite some weakness in the lamb trade at Corn Belt points the market at Fort Worth Monday held fully steady to strong. Again there was evidence of strong demand from midwestern feeders for fleshy to fat lambs of handy weights of around 80 to 85 pounds, where the lambs had long enough pelts to ship safely to the colder climes.

Clipped and woolled fat lambs of good and choice grades drew \$18 to \$19. Feeders sold from \$17.50 onward, but buyers indicated that suitable quality and weights in load lots were quotable 50c or \$1 above that figure. Slaughter ewes were quoted from \$5 to \$7, and aged wethers \$7 to \$12. Yearling muttons drew \$10 to \$16.

PRESBYTERIAN CHURCH
Actual construction on the new church building of the First Presbyterian Church began on Tuesday of this week. Mr. Joe Thorp of San Angelo has been selected as the construction supervisor. Mr. Ed Wanoreck and a crew of workmen have begun laying the foundation for the structure and will move the old building back on the foundation and soon will begin construction of the new sanctuary.
This project will be an investment of \$50,000.00 for the building and equipment. When completed, this should be a building that will be a credit to the religious interests of Sterling City and County and will afford an attractive place of work, worship and Christian fellowship for the Presbyterians and their friends.
E. L. Bailey is general chairman, David Glass is secretary, H. F. Donalson is chairman of finance and Hal M. Knight is treasurer of project.

FOR FLOWERS: Call Mrs. Minta Phillips or Mrs. J. A. Revell for T. E. L. Class of First Baptist Church.

For wedding invitations, announcements, at-home cards, etc., see the local News-Record shop.

A prim little lady was telling a friend about her awful consternation upon finding two empty whiskey bottles in her garbage can.

"You can imagine my embarrassment," she said. "I got them out fast, because I didn't want the garbage man to think I drink."

"What did you do with them?" asked the friend.

"Well, the Methodist preacher lives next door," was the reply. "So I put them in his can. Everybody knows he doesn't drink."

Skip Collins looks ready for anything. Is he ready for polio?

Last spring he received a vaccine designed to protect him from infantile paralysis. Some time this year, after studying records on Skip and nearly two million other youngsters, scientists will know if the vaccine works. Skip's a football-playing laboratory, helping them out.

Your March of Dimes contributions not only make the vaccine trials possible, they also give a chance for a better life to thousands who have polio.
