

## Randle Casing Munn Well to Complete

J. B. Randle of San Angelo, No. 1 S. P. Munn, Sterling County, has completed casing on a well in the Strawn sand discovery in 170-2-H&C, eight miles northeast of Sterling City and 3 1/2 miles southwest of the Fuller-Coke (Strawn) field in Coke County, was running pipe complete this week.

The Strawn sand was topped at 56 feet on ground elevation of 200 feet. Operator says the project logged 82 feet of effective pay zone. Casing (5 1/2-inch) was being run to 7,497 feet, the total depth. Operator will perforate and fracture. The project has been drilled as a "light hole" and no information has been released since Jan. 19.

The strike is 3 3/4 miles southwest of W. M. & A. P. Fuller. J. Davis, recently completed Strawn sand discovery finished Feb. 1 for a daily flowing potential of 41 barrels of 41 gravity oil plus barrels of basic sediment, no water. Top of pay was picked at 7,447 feet on elevation of 2,308 feet. A section was fractured with 100 gallons.

## Offset to W.R. Davis Well on Knight Ranch

Warren Petroleum Corporation will drill an east offset to W. M. & A. P. Fuller & Westlund Drilling Company No. 1 Davis, recently completed Strawn sand discovery well 1/2 miles west of the South Fuller-Coke pool, in Sterling County.

The offset is No. 1 H. Knight, 660 feet from south and west lines of section 74, block 2, H&TC survey, a 600 foot test.

## Superior Sets Test on Knight Ranch

The Superior Oil Co. will drill a wildcat in Sterling County 12 miles northeast of Sterling City and 8-mile south of W. M. & A. P. Fuller No. 1 W. R. Davis, recently completed Strawn sand discovery. The prospector will be drilled as No. 1-116 H. M. Knight, et al. Scheduled depth is 8,500 feet. Estimated sufficient to test the Ellenberger. Estimated elevation is 22 feet.

Location is 660 feet from the north and east lines of 116-2-H&C.

Mrs. C. L. King, first grade teacher, was out the first part of this week to attend the funeral of a brother-in-law at Nacadoches. Her class at school was filled by Mrs. King Douthit Monday and Tuesday.

## San Angelo Fat Stock Show Opens March 3

The San Angelo Fat Stock Show & Rodeo which is being held March 3, 4, 5 and 6, can boast that two of its livestock shows are the largest in Texas and perhaps in the world. The Fat Lamb Show has 1,200 entries and the Junior Rambouillet Breeding Sheep Show 250 entries.

Other junior shows are the Fat Steer, Hereford Breeding Cattle, Delaine and Corriedale Breeding Sheep, Market Broiler and Turkey show, and 4-H and FFA Livestock Judging Contest. An additional feature is the Club Calf Sale when 50 Hereford and Angus calves will be offered for sale by auction. The Angus and Hereford associations are sponsoring this sale and promise that none but top quality calves will be permitted to sell.

Friday, March 4, is School Day, and all school age children will be admitted to the grounds free of charge and the rodeo tickets will be half price.

There will be a parade at 11 a. m. Thursday, March 3, and a rodeo daily at 2 p. m.

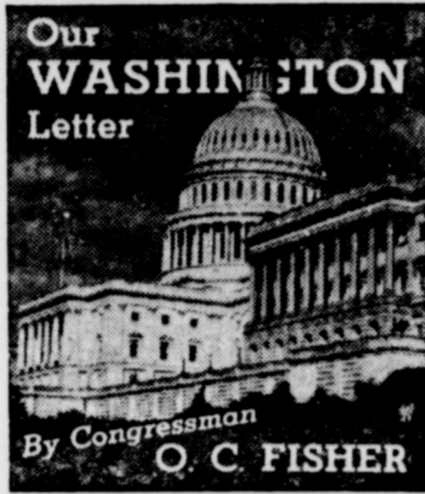

This year's rodeo will be the best ever featured. In addition to the five standard events are wild cow milking, square dancing on horseback, Air Force Cadence Kadets, the famous Budweiser Clydesdale 8 Horse Hitch, Palmetto Polo, and Ben Koen, the clown, featuring 4 acts including the old gray mare and Arkansas traveler.

A new feature has also been added to the Fat Stock Show—the Club Calf Sale, Saturday, March 5, at 12 noon. These calves are being sifted and are only top quality calves.

Tickets are reduced if bought before Wednesday noon, March 2nd. \$10.00 season grandstand tickets for \$8.00. \$8.00 season bleacher tickets for \$6.00, and Thursday only grandstand tickets for \$1.50. Tickets may be purchased at the B.C.D. office, in the Cactus Hotel, or write Box 712, San Angelo.

### Sterling County Entries

Exhibitors from Sterling already entered are Jodie Emery, Lynn Glass, Jim Davis, Don McDonald, Cecilia McDonald, LeRuth Reed, Claudia Collins, Bill Davis, Mitsy Davis, Bobby Dunn, Barba Dunn, Delmar Radde, Tony Allen, Lynda Allen, Alfred Chapple, Wilbur Stone, Jodie Green, Buddy Brown, Wayne Drennan, Wayland Drennan, David Drennan, Milton Reed, Lee Foster and Jerry Payne.

TEXANS IN WASHINGTON last week included a group interested in various phases of our domestic wool industry. On Thursday a hearing was held on the question of disposal of the government's 100 million pound stockpile of wool acquired under the loan program. This accumulation is expected to increase to a total of about 140 million pounds by April. The growers are anxious that it be disposed of as soon as possible, in an orderly way, and it is hoped the military will be able to absorb a portion of this.

Testifying for growers were several spokesmen, including Penrose Metcalfe, chairman of a group representing the National Wool Growers Association. Also participating in the hearing was R. W. Hodge of Del Rio, Fred Earwood of Sonora, Walter Pfluger of Eden and J. B. McCoord of Coleman.

Also on the wool agenda for the week was a hearing by the Department of Agriculture on a proposed plan for advertising and promotion of wool and lamb, under Sec. 708 of the National Wool Act, enacted last year. Under this plan a referendum may be held to obtain grower approval of a slight deduction from incentive payments to raise funds for the purpose. The Texans took part in the discussions of a plan that has been formulated and submitted to the Secretary of Agriculture.

Another hearing on Friday dealt with the question of permitting the assignment of incentive payments in advance. The Texans, with Metcalfe being the chief spokesman, opposed the move to allow such assignments. Metcalfe, who also spoke for California, Idaho, South Dakota, Wyoming and New Mexico growers, expressed much concern that to allow such assignments, with Government approval, would adversely affect the wool market and give an improper advantage to the National Wool Marketing Association. A decision is expected within a week.

OTHER TEXANS who have called on us recently included Lt. Vester Hughes, Jr., of Mertzon, just back from a two-year tour of duty in Europe; N. C. Smart and Colquitt Fitzgerald, both of San Angelo. Wilfred Sager of Fredericksburg, was by to see us. Sager, son of Rev. Gus Sager, pastor of the Lutheran Church of Fredericksburg, is presently attending Princeton. He took his undergraduate work in the Wartburg Seminary at Dubuque in Iowa.

## Lions See Atomic Test Film Wednesday

Members and guests viewed the film "Operation Ivy" at the luncheon meeting of the Lions Wednesday. The film was on the atomic tests made in the Pacific in 1953 on Eniwotok atoll. The film was furnished by Congressman O.C. Fisher, and H. L. Hildebrand showed it with his projector.

Lion Billy Roland Conger acted as president in the absence of R. T. Caperton.

Guests were Louis Powers and Bailey Walsh.

Mrs. James Strong, high school English teacher, has been out of her classes for two weeks. She entered the Medical Center Hospital in Odessa for some tests and was released last week-end. She has returned home but did not teach any this week. She will return to Odessa Friday of this week for another checkup, and will probably be back on the job next week.

Mrs. Chesley McDonald has been substituting for Mrs. Strong.

The H. C. Lawsons spent last weekend in San Antonio visiting relatives. The Lawsons are moving to Lubbock Sunday, where Harry will be connected with a feed store.

## Basketball Tournament Now In Progress

### Harold E. Tips Killed In Air Liner Crash Last Saturday in New Mexico

Harold E. Tips, 49, of Tulsa, formerly of San Angelo, was a passenger on the Trans World airliner which crashed into a mountain in New Mexico Saturday, killing all aboard.

His wife is the former Miss Mozelle Williams of Sterling City, a daughter of Green Williams.

Mr. Tips moved to San Angelo in 1931 and was with Rodger Smith & Co., and in 1933 became office manager for E. R. Eppenauer, oil operator, later moving to Fort Worth and Pecos. When Eppenauer sold out Tips joined the Texas Cotton Industries as vice-president at Pecos.

Mr. and Mrs. Tips returned to San Angelo in 1944 when he became chief accountant for the Cardinal Oil Co. When Cardinal was sold in April, 1945, Tips became manager of the Cardinal Division, Helmerich & Payne, and the headquarters was moved to Tulsa the same year.

Tips was vice president in charge of the land department of the White Eagle Oil Co., an associated company of Helmerich & Payne.

Bobby, son of Mr. and Mrs. Tips, is a student at the University of Oklahoma.

Mr. Tips is a native of Runge, Texas.

When word was received here of the accident, Mr. and Mrs. Tepm Foster and Mrs. Vern Davis went to Tulsa to be with Mrs. Tips. The two women are Mrs. Tips' sisters.

The plane crashed into the side of a New Mexico mountain close to Las Vegas. The plane burned and wreckage was strewn over the mountain crags. The plane carried a crew of three and thirteen passengers.

Workers were still on the job in New Mexico trying to locate all the bodies, and mail, etc as this paper was printed.

## Only 37% of Sterling Cars Inspected

With the deadline of April 15 not too far off, only 37.23% of the cars in Sterling County have been inspected, said Johnny Marion of State Department of Public Safety, this week. This means that 72.23 of car owners here have yet to get the official sticker on their cars before the deadline of April 15.

There are two inspection stations in Sterling—R. T. Caperton Chevrolet Co. and Sterling Motor Co.

### Attending National Intercollegiate Flying Association

Delegates from Texas Christian University to attend the National Intercollegiate Flying Association's annual business meeting in St. Louis, Mo. Feb. 25-28 are Sandra Freeze from San Angelo, Bill Patton, National President, Dr. Stimson, club sponsor, both of Fort Worth and Ginger Lane, national secretary, of Sterling City. The group flew to St. Louis on February 24 and will return to T.C.U. on Sunday, the 27th.

### Learning Surveying

Billy Roland Conger, who has been with the Lowe Hardware Co. since he returned from the Service in Korea, has begun work with M. D. (Sonny) Rawls. Billy Roland is learning the surveying business as Rawls' crew is surveying the streets here, preparatory to paving this summer.

Mrs. Norris A. Petty of Odessa spent last week-end here visiting Mr. and Mrs. Robert Foster. Mrs. Petty is the former Roberta Mahon of Sterling City.

### Promoted at N.M.M.I.

Mr. and Mrs. Martin C. Reed spent last week-end in Roswell, N. M. to visit their son, Mims, a student in New Mexico Military Institute.

Mims and his roommate, Ralph Linck of Dexter, N. M. have both been promoted to cadet corporals at the Institute. Their promotions came from outstanding military achievement.

### Sponsored by Lions Club

The Sterling City Independent Basketball Tournament got underway at the school gym Thursday night of this week. Eight area teams are competing for the trophies and a good tournament is expected by the Lions Club members, who are sponsoring the tournament. Members of the club are handling the gates, the concession stand and will use the net proceeds for club and civic improvements throughout the year.

Play began at six o'clock Thursday evening with the first four games played. There will be two games played Friday night, and an exhibition game will be played by the girls teams of Sterling City and Paint Rock. The locals are winners of District 19-B and the Paint Rock aggregation sacked up the district title in district 21-B.

On Saturday night, three games are scheduled, winding up with the title game at 9:15 p. m.

The Lions Club is sponsoring the tournament. The concession stand will be operated by the club members. Pie, sandwiches and coffee will be served.

Independent teams entered include Forsan, Christoval, Big Spring Coca Cola, Cook's Appliance (Big Spring), Knott, Caperton Chevrolet, Garden City, and Park Heights (San Angelo).

The trophies are on display in Bailey Bros. window.

It is hoped that a large crowd will attend the tournament. The club will use any funds netted for club and civic projects through the year.

## HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

- Mrs. Harvey Glass
  - Mrs. John McCabe
  - Ralph Bynum
  - Mrs. Fogg Coffey
  - Mr. and Mrs. D. P. Glass
- Dismissals since Thursday morning of last week include—  
Melchor Guerrero, deceased on February 22.

Behind The 8 Ball

8-BALL

YOWSAH--

The government has just notified me that I owe \$36.45 more in taxes for 1952 and that if I will gladly fill out the new Form 12457891X2, not to be confused with Form 124-57891X3, the pay-before-you-leave form . . . this form has five blanks for you to fill in: (1) how much did you earn in 1952? (2) how much did you spend in 1952? (3) Why? (4) How much did you have left in 1952? Section Number Five, the one marked SEND IT IN, requires no answer . . . to get part (4) simply take your earned income over in the right column, multiply it by the excess profits, divide that by the unearned excess and surplus profits, figuring in the surcharge and the cost of carbons . . . now, to that figure, add the accrual, subtract the surplus and eliminate all deductions . . . now what is there left? . . . that's right, just a lot of increment . . . now bundle all this together in a tight package, with the title to your car and the keys to your home and wife and send to the Collector of Internal Revenue, Washington, D.C. AND if you still have any long term or short-dividends, we will again do a check in 90 to 365 days.

Sometimes it is this bad, according to some of the boys.

Maybe that's what we get for mixing up all those Democrats and Republicans together. They can't get together on anything much.

LET'S TALK  
**LIVESTOCK**  
 BY TED GOULDY

Fort Worth - Estimates just released by the USDA show Texas' cattle population still better than eight-and-a-half million head. In roads of the drouth continued in some Western sections of the State, and the Eastern third probably more than held its own.

The official guess was 8,501,000 cattle on farms and ranches, one percent less than a year ago. Observers at the Fort Worth livestock market noted that marketings of cows and calves tapered off sharply in the final quarter of 1954. Therefore the minuscule total change in the total numbers was not considered surprising.

In fact, some cattlemen at Fort Worth recently expressed the view that if Texas' Panhandle wheat grazing had developed and the cattle in that area had not been moved out so early, that actual numbers would have been the same as a year ago.

The State's total cow herd was estimated at 4,815,000, or two percent smaller. (The Nation's calf crop last year was estimated 3 percent larger than a year ago.) Texas looks for another big calf crop in 1955 on the basis of today's numbers.

Milk cow numbers are estimated at 1,031,000, against 1,052,000 last year. Beef cow numbers estimated at 3,784,000, are two percent below a year ago.

**FED YEARLINGS** and heifers sold around 50 cents lower and fed steers were 25 to 50 cents lower at Fort Worth Monday. Cows were strong. Bulls sold fully steady. Slaughter calves were strong to 50 cents higher, and stockers and feeders were fully steady to strong.

Choice fed steers and yearlings drew \$22 to \$24 and were quotable to \$25 or better. Fat cows drew \$11 to \$14, and canners and cutters sold from \$7 to \$11.50. Bulls cashed

at \$10 to \$14.50. Good and choice slaughter calves sold from \$17 to \$21.50, a few higher. Common and medium sorts sold from \$10 to \$17.

Stocker steer calves of the better kinds sold from \$18 to \$22, and steer yearlings sold from \$21.50 down. Stocker cows cashed at \$10 to \$13.

**Lambs Steady to 50c Higher at Fort Worth**

Good and choice fat lambs sold for \$18 to \$21, woolled lambs and milk fat lambs at the higher figure. Feeders sold at \$20 downward. Yearlings drew \$12 to \$17, and aged wethers drew \$14 down. Ewes sold from \$6 to \$9, and old bucks sold around \$5 to \$7.

**Sheep population Holding Its Own**  
 The USDA reports that Texas' sheep population was estimated at 5,191,000, the same as a year ago. Some increase in the native population in Central and Eastern parts of Texas, offset any further decrease in the Western parts of the

State. Fort Worth market men specializing in sheep reported some shift in the population was evident with larger numbers in the Central parts of the State than a year ago. Considerable feeding has resulted in a big percentage of fat lambs early this year.

The Easter market will develop earlier and those milk lambs of the new crop variety should move a little earlier than usual where breeders aimed at this specialty trade. A few lots of genuine Spring lambs are already appearing in the runs at Fort Worth.

The sheep population is 31 percent under the 10-year average. Breeding ewes number 3,655,000, and ranchmen are reputedly holding near a million ewe lambs for stocking purposes, some 24% above a year ago.

## No gasoline-no, not a single one-has higher octane than New 1955 GULF NO-NOX

This lamp is burning the "DIRTY-BURNING TAIL-END" of gasoline which GULF refines out

This lamp is burning NEW SUPER-REFINED GULF NO-NOX, the clean-burning super-fuel

but octane alone is not enough ... New No-Nox burns clean!

Only a gasoline that burns clean can make its full octane power really work for you.

Instead of trying to fight harmful deposits with so-called "miracle additives"—inside your engine—Gulf believes in preventing them from forming in the first place; removes the cause—the "dirty-burning tail-end" of gasoline—at the refinery.

The plates in the photo show what a difference Gulf super-refining makes!

and clean-burning No-Nox gives your engine... more complete protection!

Gulf treats new NO-NOX to protect every part it touches against harmful deposits.

See for yourself: Compare clean piston "A" from engine using new NO-NOX with piston "B" from engine using the "dirty-burning tail-end" of gasoline that Gulf refines out. Both pistons, at left, from Gulf test engines, ran the same number of hours under the same conditions.

**KENT**  
 CIGARETTES  
 with the "MICRONITE" FILTER  
 that really works!

Fill up with new Super-Refined Gulf NO-NOX and feel the difference, right from the start, in full engine power that lasts. You'll get:

- More complete engine protection than with so-called "miracle-additive" gasolines.
- Extra gas mileage in the short-trip, stop-and-go driving motorists do most.
- Stall-proof smoothness . . . instant starts . . . fast, fuel-saving warm-up.
- No knock, no pre-ignition—even in today's high-compression engines.

It's super-refined... to burn clean!  
 The '55 gasoline for all high-compression engines

### GULF'S PLEDGE to the motoring public

- We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.
- This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by all the resources—and the integrity—of the Gulf Oil Corporation.

**SPIRITUAL REARMAMENT**

By Captain Eddie Rickenbacker, Chairman of the Board Eastern Air Lines, Inc.

(This is published in the interest of Brotherhood Week, February 20-27, sponsored by the National Conference of Christians and Jews.)

Despite the most costly rearmament program in the history of the world, the rising tide of crisis and confusion continues to threaten to engulf America and the cause of freedom.

Yet, from their discouragement and disillusionment, the American people are beginning to remember something they have too long forgotten—that only from their moral strength, can they generate the power to preserve their precious way of life, and to keep alive the flames of freedom which, in the chaos of the world around us, symbolizes the one hope for liberty-loving peoples everywhere.

In recent years, we have heard more and more of our leaders—military, political and religious—call for the reawakening of the true American spirit in our people.

Today, there is a very definite sign that at last we are realizing that the material things are not sufficient to bring us happiness and maintain the American Way of Life. As a result, there is stirring in our land a decided recognition of the need for a greater rearmament program—a spiritual rearmament of all the American people, and a rededication to the principles upon which our great country was founded 178 years ago.

Let us remember these principles—Let us practice them in our everyday lives and encourage our neighbors to do the same. If we do, then we cannot help but restore the true leadership of America founded upon the enduring principles of the one religion we share in common—faith in the Supreme Being who guides the destinies of all.

With such faith—great enough and broad enough for all, irrespective of race, creed or color—there will be recreated that true American spirit of brotherhood which we, of all peoples of the world, were divinely chosen to demonstrate.

**MELCHOR GUERRERO BURIED WEDNESDAY AFTERNOON**

Funeral services for Melchor R. Guerrero, 68, were held here Wednesday afternoon at 4 o'clock. Burial was in the City Cemetery with Lowe's Funeral Home in charge of arrangements.

A resident here for 26 years, Guerrero was born Jan. 6, 1887 in Old Mexico. He died at 9:10 a.m. Tuesday.

Pallbearers were Benimo Rodriguez, Jesus Rodriguez, Jesus Balderaz, Cresencio Rodriguez, Roman Torres, and Raul Rodriguez.

Survivors include 1 brother, a sister, three daughters, 23 grandchildren, five great grandchildren, eighteen nephews and 10 nieces and four son-in-laws.

**From where I sit... by Joe Marsh**

**Swiftly Gets Slowed Down**

Swiftly Fisher has a short temper and really hit the roof when he got a parking ticket last week. He wasn't near a hydrant or too far from the curb. There was a big sign saying "ONE HOUR PARKING" and he'd only been gone twenty minutes.

Running to Traffic Court, where Hack Miller was on duty, Swiftly hollered how he hadn't done anything wrong...how he is the most law-abiding driver in town.

But Hack examined the ticket, and smiled. "Slow down, friend," he said. "You're not guilty—ex-

cept of making a big fuss over nothing. This ticket came from some kid's policeman play outfit!"

From where I sit, jumping to conclusions can make anyone appear silly. Another way to look foolish is to make a quick decision on a question of personal preference. For instance, I like a glass of beer occasionally. You may be a buttermilk man. But neither of us ought to "lay down the law" about the other's choice.

*Joe Marsh*

*It's highway robbery!*

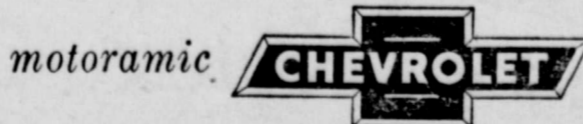

For sheer fun out on the road, Chevrolet's stealing the thunder from the high-priced cars!

Up to this year, maybe there were reasons for wanting one of the higher-priced cars. If you demanded something really special in the way of driving fun, you simply had to pay a premium to get it.

Not any more! The Motoramic Chevrolet has changed all that. Who could wish for more excitement than the

new 162-h.p. "Turbo-Fire V8" delivers? (For those who do, 180-h.p. is optional at extra cost in all V8 models.) Chevrolet also offers the two highest powered sixes in its field.

Come in and see how the Motoramic Chevrolet is stealing the thunder from the high-priced cars!

Made of red cinnamon candies from the 5 and dime store, a package of lemon-flavored gelatin and a can of applesauce it's fun to make and serve whether it's your own birthday... or one of those previously mentioned!

**Cinnamon Apple Mold**  
 1/4 cup red cinnamon candies; 1 cup hot water; 1 package orange or lemon-flavored gelatin; dash of salt; 1 1/2 cups cold sweetened applesauce.  
 Place candies and water in saucepan and cook over medium heat until candies are melted. Dissolve gelatin and salt in hot liquid. Add applesauce. Pour into 1-quart mold or individual molds. Chill until firm. Unmold. Serve with whipped cream or custard sauce. Makes 4 to 6 servings.

**but we never guessed how much!**

JUDGING BY THE "OOHS" AND "AAHS" THAT GREET FORD'S APPEARANCE...  
 BY THE NUMBER OF FOLKS WHO ARE TEST DRIVING A FORD—AND THEN DRIVING IT HOME...  
**THE '55 FORD IS GOING TO SMASH EVERY CAR SALES RECORD!**

**NEW TRIGGER-TORQUE PERFORMANCE IN 3 MIGHTY ENGINES**  
 Ford's 3 new car engines for '55 give you Trigger-Torque response. The 162-h.p. Y-block V-8 has a 7.6 to 1 compression ratio. The 182-h.p. Y-block Special V-8 is offered with Fordomatic Drive in Fairlane and Station Wagon models. And there's a new 120-h.p. I-block Six!

**ROAD-JOINT JAR REDUCED BY NEW ANGLE-POISED BALL-JOINT SUSPENSION**  
 Ball-Joint Front Suspension is one of the greatest contributions ever made to riding

and handling ease. And for '55 it gives still more comfort... because springs are set at an angle to cushion road shock from the front as well as straight up. That reduces road-joint jar.

**THE THUNDERBIRD INSPIRED FORD'S LONG, TRIM LOOK**  
 The Thunderbird—Ford's personal car that created such a sensation—has left its distinctive mark on the Ford cars for 1955. You'll find its sweeping straight-line fenders... its lower, flatter look... its all-around windshield... its impressive grille and visored headlights... reflected in every '55 Ford.
