## Snow Adds Moisture

### Three Inches Here Tuesday Night

Moisture, first drizzles and then some snow, raised hopes for additional moisture here the first part of this week. Tuesday, intermittent drizzles paved the way for snow that night. About three inches of the wintry white-stuff fell here, covering the earth with a white mantle.

Three inches of snow is presumed to be the equal of one-fourth inch of rain. This is following the rule that says twelve inches of snow is equal to one inch of rain. But, as everyone knows, there is little, if any run-off from snow, so it was perhaps a little better than a quarter inch of rain.

The best that could be hoped was that the moisture is a forerunner of a somewhat rainy winter—or spring—or better yet—a rainy year.

### HEAVY RUNS OF CATTLE AND HOGS LOWER PRICES

FORT WORTH—Movement of cattle and hogs to market around the nation's marketing circle resumed the heavy numbers of November and December in the past two weeks, and prices weakened to levels at or very near the low times before the holidays.

Last Monday the picture was much the same when nearly 140,000 cattle and over 110,000 hogs were reported by 12 major markets.

At Fort Worth fed steers and yearlings were steady to 50 cents lower, the heavy steers of over 1,100 pounds and the shorted kinds of yearlings and heifers showing the most weakness. Fed cattle predominated in the receipts. Cows and bulls were steady. Fat calves of under 500 pounds were steady, but over 500 pound weights were weaker along with the yearling market. Stockers and feeders were firm.

Comparative prices: Good and choice slaughter steers and yearlings drew \$15.50-20.00; two lots of cattle at the higher figure including a package of fancy steers from Lee Campbell of Erath County that averaged 939 pounds. Common and medium kinds \$10.00-15.00. Fat cows \$10.00-12.00; canners and cutters \$6.50-10.50; bulls \$10.00-14.00; good and choice fat calves \$15.50-18.50; cull, common and medium kinds \$10.00-15.00; stocker steer calves \$18.50 down; steer yearlings \$17.50 down; heifer calves and heifer yearlings in stocker flesh \$2 to \$3 under similar steers. Stocker cows \$8.00-12.50.

### HOGS HELD TO NARROW GAIN BY BIG RUNS IN NORTH

Butcher hogs opened steady to 25 cents higher and packing sows were steady at Fort Worth Monday. Top hogs sold at \$11.75 to \$12.00, and less desirable weights and grades bulked at \$9.50-11.50. Sows sold mostly at \$8.50-9.50, some outside that range. Stags sell around \$5.00-6.00.

### LAMBS STRONG TO 50 CENTS UP; OTHER SHEEP GENERALLY STEADY

Choice fat lambs culled from the Coleman County show topped the Fort Worth market Monday at \$18. Shorn fat lambs of good and choice grades scored \$16 to \$17.50, those at the top figure having No. 1 or Fall shorn pelts. No. 2 pelt lambs topped at \$16 to \$16.50; and No. 3 or recently shorn lambs sold at \$15. Cull, common and medium slaughter lambs sold from \$10 to \$15.50. Stocker and feeder lambs sold from \$14 to \$16.75 in most cases.

Slaughter ewes cashed at \$6 to \$7.50. Old wethers sold from \$3 to \$12.50. Yearling muttons cashed at \$10 to \$15.50. Old bucks sold around \$5.

The weather got wintry here Wednesday night. In fact it got down to 12 degrees—the coldest it has been this winter. We can take the cold if only moisture comes with it in some form—such as rain, snow or sleet.

### Mrs. W. S. Nelson Buried Here Sunday Afternoon

### FOUR GIVEN PEN SENTENCES HERE MONDAY

Two probated sentences and two two-year terms were handed out here Monday to four San Angelo men in connection with the Dec. 10 burglary of Brock's Grocery & Market.

Sentences were imposed by the 51st District Judge Joe L. Mays. District Attorney Aubrey Stokes prosecuted.

Frank R. Gonzales, 19, was found guilty and sentenced to two years in the penitentiary. His lawyer, Clyde Vinson, appealed the case after a motion for a new trial was overruled.

Inez Sanchez, Jr., 21, of San Angelo, received a two-year term after pleading guilty before Judge Mays.

Louis Sanchez, 19, also of San Angelo, along with Pedro Gonzales, were given two year probated sentences. Trial for Candelario Sanchez, 24, was continued until May on motion from his attorney, Jack Sessom. Marvin Hanz of San Angelo was attorney for Pedro Gonzales.

The five men are accused of taking about \$60 in cash and some cigarettes and bologna from the store.

POLL TAX DEADLINE—Jan. 31

## Mass Meeting to Discuss Water and Sewer

### School Census Now Underway Here

The school census is underway here this month. If you have a child who will be six before September 1, 1956 please call or see superintendent O. T. Jones. Also, if you have a child that will not be 18 until after September 1, that child or person (even though married) should be on the school census roll, points out Mr. Jones. All such eligible names mean so much money in state aid for the local school system.

If you have a child in the age group mentioned or know of one that is not listed, please notify Mr. Jones. Call 109.

BUDGET, TAXES, FARM plans, highways, schools, immigration, the gas bill, are among topics high on the agenda for the 2nd session of the 84th Congress, now getting underway.

The President's state-of-the-union message touched on all of them. For the third time since 1930 the budget is due to be balanced by July 1; every other year has seen the outgo exceed the intake. If the Congress is willing to cut nonessential spending, despite the pressures, the budget can be balanced, moderate tax relief can be voted, and a billion dollars or so can be applied to the \$230 billion public debt.

Last year a political move was made to give every taxpayer, and each dependent, credit for \$20 on income tax. The cost would have been \$2½ billion per year. Had that attempt prevailed, there would be little chance for a balanced budget this year, no chance for further honest tax reduction, and certainly no possibility of paying anything on the debt. Fortunately for our country, that move did not prevail.

Incidentally, there is some encouragement in the fact that the leaders who favored the phony tax cut last year are now urging caution in the application of similar reductions this year—thus admitting the fallacy of the prior position.

Actually tax reduction is a delusion if in order to have it the resulting loss in revenue has to be made up in borrowed money and a corresponding increase in the public debt. Under these conditions tax reduction is really tax postponement—just passing the added burden on to our children and grandchildren to pay.

So there is some encouragement in the appearance of a more responsible attitude toward our fiscal problems. Tax relief is badly needed and it can be had on a sound basis if Congress will trim the fat out of foreign aid and other appropriations and practice some common sense economy this year.

THE SENATE will tackle the House-passed natural gas bill soon, and the House will take up the Federal aid bill for school construction. Already Adam Powell of Harlan has claimed he has the votes to add an amendment which would withhold any funds to a school where segregation is practiced. If such an amendment is adopted the bill will, of course, be killed—either in the House or the Senate.

### City Council Wants Views Of Citizens on Projects

The City Council of Sterling City is asking that all interested citizens be present at a mass meeting Monday night, January 23, to discuss water and sewer projects for the city of Sterling. The meeting will be held in the district courtroom at about 7:30 p.m. Mayors and city councilmen from surrounding cities of comparable size have been asked to the meeting to help answer any questions by local interested people. The councilmen want an open forum meeting to hear both sides of proposed water and sewer bond issues.

Interested citizens will be asked to submit questions on the projects.

Maps of the proposed water and sewer lines will be available and also a detailed cost of both issues, said a spokesman for the council.

The meeting is to be strictly non-partisan and information and angles of both pro and con will be discussed.

The mayor and councilmen hope for a representative crowd out to thrash out the kinks before another bond issue is submitted.

The Sterling City council is composed of John Walraven, mayor, and councilmen Cecil A. Long, R. T. Caperton, J. I. Cope, Horace F. Donalson and Fred Hodges.

### Lions Club Luncheon

The Sterling City Lions Club members met at noon Wednesday in the community center for the regular weekly luncheon meeting. Vice-President Delbert Haralson acted in the absence of president Rufus Foster.

Lion Jim Butler reported on a proposed clean-up week campaign here. Butler and his Lions Club committee are working with committees from the women's clubs to put over such a clean up campaign here. Also it is proposed to place trash receptacles in town for the holding of trash and regular haul away service for the containers.

The club is raising the money to use for prize money for the Club Boys Livestock Show here on January 30. Among those serving on that committee are R. T. Caperton, Seth Bailey, H. A. Chapple, Joe Blaneck.

### Easy Way To Glamor

By Betty Barclay

IT'S delightful when you're able to serve an exotic (or anyway) different tasting dessert without spending a lot of time or money in its preparation. Take Araby Cream for a luscious example. Its flavors, orange coconut, almond, tapioca, spell glamour and expense, but apply, by using a package of orange coconut tapioca mix as the base, Araby Cream can be quickly and inexpensively achieved.

#### Araby Cream

1 package orange coconut tapioca pudding mix; 2 cups milk; ¼ cup sliced toasted almonds.  
 Combine pudding mix and milk in saucepan. Cook and stir over medium heat until mixture comes to a full boil and is slightly thickened. (Mixture will continue to thicken as it cools.) Remove from heat. Let stand 15 to 20 minutes for once or twice just to mix. Then fold in almonds. Spoon into sherbet glasses or serving bowl. Makes 7 servings.

### A Right Pretty Economy Salad

By Betty Barclay

TOMATOES are plentiful . . . and there's always a cup or so of leftover vegetables in the refrigerator. So, here's a right pretty salad, that is right smartly economical, too—using as it does, both fresh tomatoes and leftover vegetables.

#### Economy Salad

8 firm, medium-sized tomatoes; 1 package lemon-flavored gelatin; ¼ teaspoon salt; 1 cup hot water; 1 cup strained tomato juice; 1½ cups mixed cooked vegetables.

Wash tomatoes, remove a thin slice from top, and scoop out centers. Use tops and centers for juice. Place tomato cases upside down on plate and set in cool place until ready to fill. Dissolve gelatin and salt in hot water. Add tomato juice. Chill until slightly thickened. Fold in vegetables. Fill tomatoes with mixture. Chill until firm. When ready to serve, cut each tomato in quarters, using a sharp knife dipped in hot water. Arrange on crisp lettuce. Garnish with mayonnaise. Makes 8 servings.
