## FED CATTLE POUNDED SHARPLY LOWER AGAIN

**FORT WORTH**—The movement of cattle and hogs continued at unusually heavy levels Monday around the major marketing circle. This coupled with reports of very slow movement of meat at wholesale levels in major consumer centers of population, resulted in a downturn of prices.

Cornbelt markets reported fed steers weak to \$1 and more lower. Chicago had the largest February run in 37 years—or, since 1919 on Monday. Twelve major markets again chalked up a run of hogs in excess of 103,000 as movement to market was resumed after last week's storms.

Historically February is usually one of the lowest, if not the lowest month, for fat cattle prices. The collapse of fat cattle prices the first time since World War II took place in February 1949 when choice fed steers sold at \$18 and \$19 at Fort Worth. This low point was struck the third week in February.

Fed steers sold at Fort Worth on Monday as low as at any time this winter. Prices were 50 cents to \$1 or more under average prices a week earlier. Cows were active and strong. Bulls ruled fully steady. Stockers and feeders were fully steady. Slaughter calves sold fully steady to strong.

## HOGS DIP WITH HEAVIER CORNBELT SUPPLIES REPORTED

Butcher hogs sold at 25 to 50 cents lower at Fort Worth Monday and topped at \$13.75 to \$14. Less desirable weights and grades sold from \$11 to \$13.50. Sows sold from \$10 to \$12. Some light pigs were selling in the \$9 to \$11 range.

Some farmers reported that young sows were being disposed of in their section, as the farmers were giving up in disgust as the swine price situation continued to show no signs of improvement. However, there has not been a noteworthy increase in the numbers of young sows on the market here as yet, and reports indicate that those being marketed are going to sausage makers in their home localities for the most part.

## LAMBS SELL ON STRONG BASIS; SUPPLIES LIGHT

Despite bearish reports from the dressed meat trade on the Eastern Seaboard (where the bigger part of the lamb and mutton are eaten) the lamb trade was stronger at Ft. Worth Monday. Prices on choice lambs ranged from \$6.75 for some No. 3 peltlambs and for \$17 to \$17.50 for No. 2 pelt lambs, up to \$17.50 to \$18 for No. 1 or Fall shorn lambs.

Cull, common and medium slaughter lambs sold from \$12 to \$16. Yearling muttons sold from \$12 to \$16. Old wethers drew \$8 to \$12.50. Old ewes sold from \$6.50 to \$7.50. Old bucks sold around \$6.

## HOW TO GET A RED FACE (In One Easy Lesson)

This writer's deepest sympathy goes to the "expert" in a national livestock magazine just out, who confidently told his readers that the low time was past and that mid-winter livestock prices were on the mend.

His publication has hardly hit the mails, when look what happens! Cattle prices tumble. Hog prices start downward again.

One question that every market reporter gets most often is "what do you think these prices are going to do?" Naturally, no one knows that. And, it is very hard sometimes not to take a peek into the future and get out on a limb a little way.

However, if we really did know what prices were going to do—life would be much simpler. We'd just buy and sell on the basis of this knowledge and soon have all the money around safely in our poke.

Actually, even with all of the available facts and figures at hand it is hardly possible to make more than an educated guess as to what a market will do. The figure are unreliable at best—regardless of the source. Then, too, we have to consider the human element and there are millions of livestock peo-

## Mrs. Ray Lane Named President of Wimodausis Club

Mrs. Ray Lane was elected president of the Wimodausis Club for the 1956-57 term at its meeting Wednesday in the home of Mrs. R. P. Brown. Other officers named include—Mrs. E. F. McEntire, vice-president; Mrs. R. T. Foster, recording secretary; Mrs. John Reed, corresponding secretary; Mrs. W. N. Reed, treasurer; Mrs. T. S. Foster, parliamentarian; and Mrs. Frank Cole, Federation Counselor. The new officers will be installed in May.

"Traffic Safety and Driver Education" was the topic for study. Mrs. Frank Cole discussed "Give Safety a Seat in the Classroom" and "Putting Our Local Safety Program into High Gear." Mrs. R. T. Foster read a paper on "Chemical Testing for DWI." Mrs. W. N. Reed gave the Federation Counselor's report.

In the Community Achievement Contest, the club voted to buy two trash receptacles to be placed on the city streets to help keep the town neat, this being a project being undertaken in connection with the Noratadata Club and Lions Club.

Mrs. Roy Morgan, president, appointed Mrs. R. T. Foster to the County Committee in the Heart Fund Drive. The club members donated \$6.00 to the Heart Fund.

Mrs. Morgan announced that all USO Scrapbooks being prepared for overseas servicemen should be in by March 1st.

Mrs. Harvey Glass and Mrs. W. N. Reed were named delegates to the District Convention in San Angelo on March 26-27; while Mrs. H. L. Hildebrand and Mrs. J. C. Reed were named delegates to the state convention in Dallas May 7-10.

Mrs. Brown and Mrs. Frank Cole were hostesses during the tea hour.

## Three Buy Controlling Interest in Dallas Bank

Three boyhood friends recently bought the controlling interest in the American Bank and Trust Co. in Dallas. All three are directors of the institution and were named to the board at the last month's meeting of stockholders.

The three Sherman, Texas boys, now of Dallas and one of Sterling City, are H. L. Hildebrand of Sterling City, L. B. Jennings and A. B. Wright of Dallas. Jennings is a senior vice-president of the First National Bank of Dallas and the other Dallas man is an investment banker there.

The bank has a new \$600,000.00 home building with several drive-in windows and is located in Oak Cliff. Deposits are about \$15 million.

Enriched Bread  
Apricot Pie

ple guessing whether to sell or not to sell.

What they decide to do governs the supply, of course. The supply governs the demand. So, on top of that you have the whims of the consumers. Whether they decide to eat fish, poultry or red meat, also governs the demand. Looking at the future—ain't simple, at all!

## American Legion Box Supper Monday Night

The American Legion Post here is sponsoring a box supper at the hut next Monday night at 7 p.m. The public is cordially invited to attend. Bring your wives and also have a box of food for auction, said Harold Emery, spokesman for the Legion.

No box will cost over \$2.50, it was said, and there will be a drawing for them. Prices will be hidden or concealed and prices will range from 25c to \$2.50. There will be a prize for the best looking box.

## North Concho River Soil Conservation News Column

Alvie Cole, who is a cooperater with the North Concho River Soil Conservation District, has recently completed 100 acres of range pitting on his ranch 15 miles south of Sterling City. The pitting is a part of the overall conservation plan to increase production on the ranch.

Pitting will help speed up range recovery by holding some of the rainfall which would otherwise run off. By giving it a chance to soak into the ground, Alvie is making the moisture available for his grass to use.

Areas which have been pitted will be given short periods of dormancy during the growing seasons next spring and fall. Resting these areas will give the better grasses a chance to increase in vigor and produce some seed. Seedlings will also be given the opportunity to become established.

Pitting on the ranch has been done with a one way plow converted into a pitting plow. Alvie plans to do a lot more pitting this year before the spring rains.

Some of the other district cooperaters who have done pitting recently include Frank Smith, R. C. Sharpton and George O'Barr.

## SCHOOL ADMINISTRATORS ARE RENAMED MONDAY NIGHT BY BOARD

The three Sterling School administrators here were reelected by the school board at the meeting Monday night. O. T. Jones, superintendent, with the school for 18 years, was renamed superintendent. A. T. Barrett, high school principal, was reelected for his second year as was J. R. Dillard, grade school principal.

The Jeff Davises attended the Fort Worth Fat Stock Show last week.

J. T. Davis, President, and D. L. Haralson and Bill Brooks, of the First National Bank here, attended the Sixth District Bankers Association meeting in San Angelo Wednesday.

## HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

Wm. R. Conger  
M. D. Chumley  
Mrs. Horace Donalson  
Mrs. H. M. Malloy  
Mrs. Leonard Bigby and infant son, James William, born Feb. 8.  
Mr. and Mrs. D. P. Glass  
Dismissals since Thursday morning of last week include—  
Mr. and Mrs. B. J. Crossno  
Mrs. J. G. Bird  
Scott Campbell  
Don Stuckwisch  
Aubrey Asbill, deceased  
Rosie Bowen

## HEART DRIVE UNDERWAY HERE THIS MONTH

The Heart Drive for funds for research and education is now underway here. More than \$100 had been raised by Wednesday noon. It was said by John Stuckwisch. He had more than \$60 from a meeting of the hospital board and county commissioners. More money was pitched in by members at the local Lions Club Wednesday noon.

Deaths from heart and blood vessel diseases number three times those from cancer and twenty-five times those of tuberculosis. About half of all deaths are caused by heart ailments. It is an economic as well as health problem in that more than two billion man hours of labor are lost each year because of heart trouble.

Much research is being done and there is also an education problem connected. Progress has been made and people are being taught the truth and allaying the fear and suspicion that has surrounded heart disease.

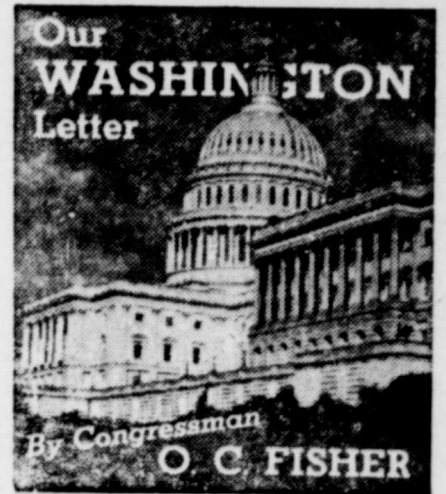

Sterling County is a member of the San Angelo District of the Texas Heart Association, and available to it is the Heart Clinic located in San Angelo. Indigent patients with cardio vascular problems may have diagnostic studies and consultation and doctors of the area contribute their services. The Heart Fund Drive now in progress assists in the maintenance of the clinic. The balance of the fund is used in the research and educational field. The local drive will close on February 14. Make your gift for the heart from the heart by depositing your check or money in one of the red hearts in the various business houses or by giving it to J. T. Davis or Dr. Wm. J. Swann, local chairmen.

## CARD OF THANKS

I want to express my sincere thanks and appreciation for the lovely gifts, pretty cards, and welcomed visits that came to me during my recent stay in the hospital. Love and best wishes to each of you.

LENA FOSTER

Mrs. Bill Barbee and her son, Hull, are here visiting her parents, Mr. and Mrs. Horace Donalson.

**PROSPECTS FOR A HIGHWAY** bill to pass the Congress at this session improved last week when President Eisenhower gave the green light to a pay-as-you-go method of financing the project. It now looks like it will call for a one cent increase in the two-cent federal excise tax on gasoline, plus an additional one or two cents on diesel fuel and higher taxes on tires and camel-back, used in retreading tires.

**SPEAKING OF GASOLINE**, the House last week voted to exempt farmers from paying the federal excise tax for gasoline used on their farms, such as in tractors. Texas has been giving farmers that exemption for several years on state taxes.

**ANTHONY EDEN SPOKE TO CONGRESS** last week, got a flurry of chuckles when he departed from his prepared text to say: "I know many Americans are prone to say, when Englishmen come here 'They are here to get more American dollars.' But this time I am prepared to allay that thought—once and for all." He went on to assure that the U.K. is now carrying its full share of the cost of the joint efforts of the Free World.

**BOY SCOUT WEEK** was celebrated in Washington. In a little ceremony in my office I received a Scout pin from Cub Scout Jeffrey Kans, a trooper from nearby Maryland.

**AMONG GUESTS THE PAST WEEK** were Col. Don White of San Angelo, now in charge of ROTC training at U. of Mass. and Amherst College. He recently returned from a 3 year tour of duty in Newfoundland. C. L. Scott of Brownwood, accompanied by his son Lt. Col. Vernon Scott, were by for lunch. The latter and Mrs. Scott have a brand new baby girl. Col. Scott is reporting to Sandia AFB at Albuquerque soon, after serving two years in Washington and two years before that in Tokyo.

Lt. (J.G.) Paul Ferguson of Brownwood was a caller and while here listened to Anthony Eden's speech. Joe Montague, attorney for the cattle raisers, always welcome among Texans, was here watching the development on agriculture and livestock legislation.

## AUBREY ASBILL RITES HELD IN GARDEN CITY

Aubrey Asbill, 15, died in the Sterling County Hospital last Friday, Feb. 3. He had been ill since last May. He was the son of Mr. and Mrs. Thomas Asbill of Garden City.

Burial was in Garden City last Saturday. Lowe Funeral Home was in charge of arrangements.

The family had requested that no flowers be sent—only memorial offerings to the Sterling County Hospital and the M. D. Anderson Hospital in Houston.

## Alvin Moore New Service Man At Lowe Hardware & Furniture

Alvin Moore, who has just been recently discharged from the U.S. Army, is the new service man at Lowe Hardware & Furniture Co. Alvin was a radio man in the Army in Germany during his last year in service. He had spent one year in the states and one year overseas.

He will be the new service department man at Lowe's, doing radio and TV work along with other service department duties, said R. L. Lowe, owner.

## COLD WEATHER HITS

The wind got in the north again Wednesday about noon and while temperatures were not low enough for freezing here, a penetrating damp cold pervaded the area. Perhaps it was coming off the snow up on the plains and panhandle. The weather maps all show some moisture prospects for this part of the country.

## Presbyterian Church

A meeting of the congregation of the First Presbyterian Church has been called by the Session for Sunday, February 12 at 11 a.m. for the purpose of electing a Pulpit Committee to arrange for a minister to succeed Dr. Baxter Greer, who has accepted a call to become Stated Supply of the First Presbyterian Church, Comanche, Texas, March 1. "The Conscript Cross-bearer" will be the sermon subject of Dr. Baxter Greer Sunday at 11 a.m. The subject at 7 p.m. will be "Our Pilot in the Storms of Life" Sunday School at 10 a.m. with Aaron Clark as general superintendent. The Women of the Church, with Mrs. David Glass presiding, will meet at the Manse Monday, February 13 at 3 p.m. Mrs. Baxter Greer will be hostess. Mrs. W. B. Turner will conduct the Bible Study. Mrs. Fowler McEntire and Mrs. Henry Vandevanter will be

program leaders. Ordination and Installation Ceremonies were conducted in connection with the worship service last Sunday evening. Horace F. Donaldson was inducted into office as a ruling elder; James Kelly and Earl Blair became members of the board of deacons. The official family of the church now consists of nine ruling elders and five deacons.

Mrs. Newell Williams of Los Angeles, California is here visiting her sister-in-law, Mrs. C. N. Crawford. Mrs. Crawford's daughter, Mrs. Fred Barret is here with her mother, and has been for the past three months. Mrs. Crawford is recuperating from a heart attack.

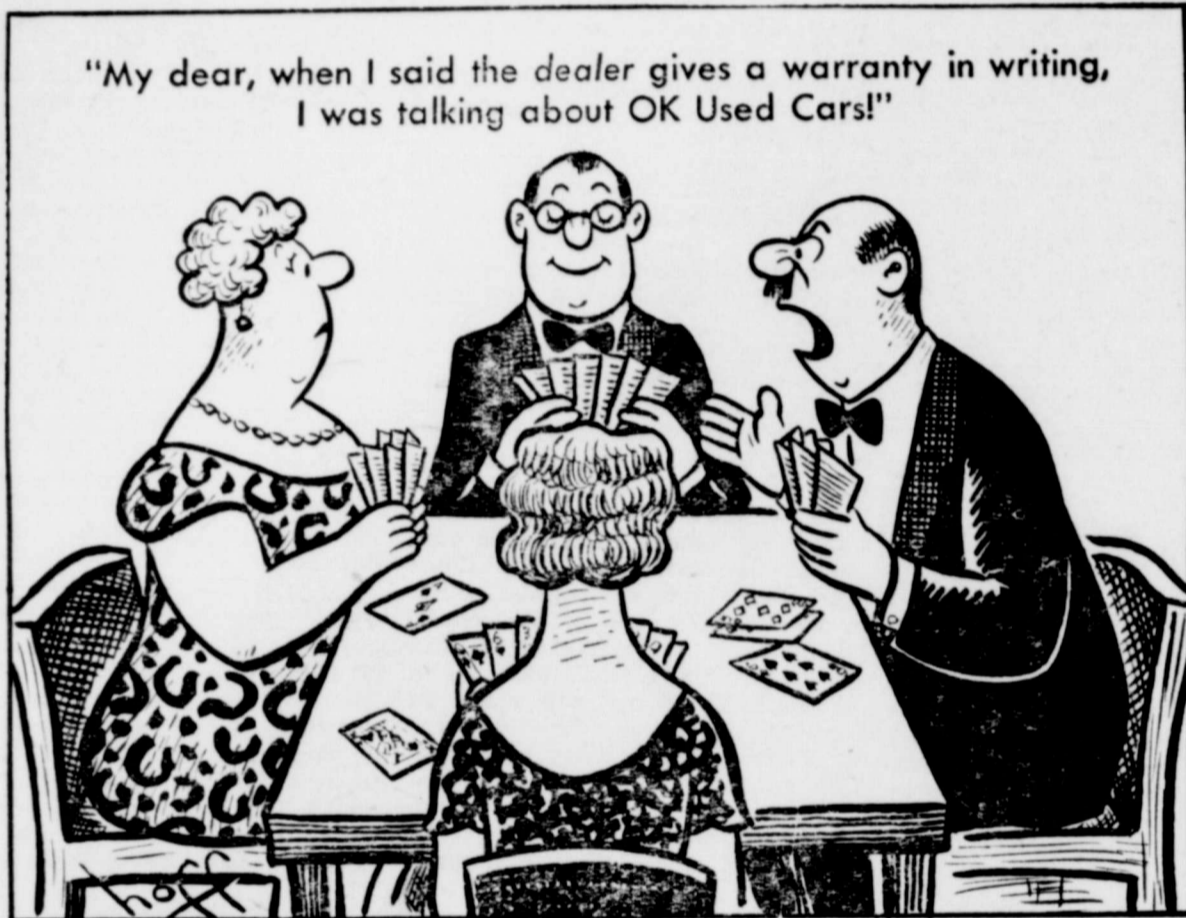

FOR SALE—2 double hung single window units; also a screened Kiddie-Koop baby bed. See Harold Emery.

## BUICK CENTURION MAKES BOW

Buick's new "dream" car for 1956 is the Centurion, a racy four-passenger, two-door coupe with an all-glass top. Made of fiberglass, the Centurion incorporates many innovations in styling and engineering. It is mounted on a 118-inch wheelbase and is powered by a 325 horsepower V-8 engine. A television camera in the trunk, with a screen on the instrument panel, provides the driver with a wide view to the rear, eliminating the traditional rearview mirror. It will go on display for the first time at the General Motors Motorama in New York.

## Easy As Pie RECIPE OF THE MONTH

By BETTY BARCLAY

With all the extra work incident to holiday entertaining, even the best organized of hostesses is bound at times to feel harassed and over-worked. A wonderful dessert for these occasions is Parfait Pie. It's not fussy to fix, but it has all the deliciousness and eye appeal people want and expect in a holiday dessert. Here is a version bound to be popular . . .

**Applesauce Parfait Pie**  
 1 cup applesauce  
 1/2 cup water  
 1 package orange-flavored gelatin  
 1 pint vanilla ice cream  
 2 tablespoons chopped pecans or walnuts  
 1 baked 8 or 9-inch pie shell, cooled

Heat applesauce and water in 2 quart saucepan. Add gelatin to hot applesauce mixture and stir until dissolved. Then add ice cream by spoonfuls, stirring until melted. Chill until thickened but not set (10 to 20 minutes). Fold in nuts. Pour into pie shell. Chill until firm (15 to 25 minutes). Garnish with whipped cream and unpeeled apple slices.

From where I sit ... by Joe Marsh

**She Knew It All The Time**

Chances are, long ago your grandma knew how to keep you from catching cold. Mine did. "Stay out of drafts," she'd warn. "Bundle up. Don't get wet."

Then, maybe, when you grew up you found that the old lady's theories were considered old fashioned. Germs were the thing—and the way to avoid a cold was to avoid infection by somebody who already had one.

Now I read where scientists aren't so sure. Germs carry a cold, of course, but they now believe something else "sets it off"—something like drafts, wet feet

or going without your muffler. Grandma, take a bow!

From where I sit, there's liable to be sound reasoning behind the old customs people believe in. "Early to bed, early to rise," for instance—or the practice of drinking hot milk or a glass of beer at bedtime. I'm not saying you ought to hold with these beliefs yourself... but you'd better get the facts before giving them the "chill."

## Heart Association Has Clinic Located In San Angelo

The San Angelo District Chapter of the Texas Heart Association is eager to make its work known to the general public, and to enlist the personal interest of all people in the area which it serves. In space provided by the Shannon Hospital, it operates a very well equipped clinic, staffed by local members of the medical profession. Through which it provides free examination and treatment to indigent patients with heart disease, and this service is available to all such patients in the district, which includes the counties of Coke, Concho, Crockett, Irion, Kimble, Menard, Reagan, Runnels, Schleicher, Sterling, Sutton and Tom Green.

It seeks to keep the public informed as to the great prevalence of heart disease, measures for its prevention and treatment, and the urgent need to find better ways of solving the nation's most serious medical problem through continued research into all diseases of the heart and blood vessels. During the month of February, particularly through Heart Week, the Chapter will furnish speakers on heart disease for any group or organization, and the work of keeping the public informed will be carried on through various channels during the entire year.

Funds contributed to the Chapter are apportioned between it and the State Association, and a large

part of these funds will be devoted to financing research in medical centers in various cities in the state; thus we contribute to the search for knowledge through which the present appalling death rate from heart disease may be lowered. The Association needs the cooperation of the public in its work. Heart disease is everyone's problem, and only by a united effort can we reduce the great amount of illness and the huge number of deaths which it exacts annually.

### Political Announcements

The following announce their candidacy for offices listed subject to action of the Democratic Primary in July, 1956:

Here is an amazing new quick and easy method for preparing a pastry that is mixed in the pan and shaped in the pan. The pie crust is unusually rich and tender and keeps its perfect shape.

**Mazola No-Roll Pastry Shell**  
(Single 8 or 9-inch Crust)

1 1/2 cups sifted all-purpose flour  
1 1/2 teaspoons sugar  
1 teaspoon salt  
1/2 cup salad oil  
2 tablespoons cold milk

Sift dry ingredients into pie pan. Combine salad oil and milk in measuring cup. Whip with fork and pour all at once over flour mixture. Mix with fork until flour is completely dampened. Press evenly and firmly with fingers to line bottom of pan; then press dough up to 1" sides and partly cover rim. Be sure dough is pressed to uniform thickness. To flute, pinch dough lightly with fingers. Do not use a high fluted edge.

For Baked Shell: Prick entire surface; bake in hot oven (425° F.) 12 to 15 minutes. Cool; fill as desired.

For Unbaked Shell: Fill as desired and bake in hot oven (400° F.) 15 minutes, then reduce to mod-

erate (350° F.) and bake until baking tests done.

Always prepare filling before making pastry.

Use a baked 9-inch No-Roll Pastry Shell in preparing this delicious pie.

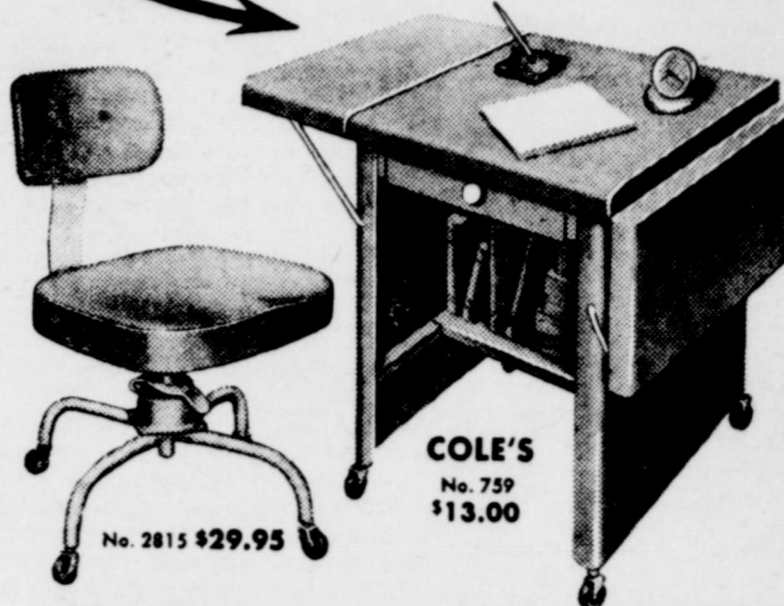

**Strawberry Pie**

1 envelope gelatin  
4 tablespoons cold water  
2 egg yolks  
3/4 cup light-corn syrup  
1 cup crushed strawberry  
1 tablespoon lemon juice  
2 egg whites  
1/2 teaspoon salt  
2 tablespoons sugar  
3/4 cup heavy cream, whipped

Soften gelatin in cold water. Beat egg yolks slightly in top of double boiler. Add corn syrup. Cook over boiling water, about 5 minutes stirring constantly, until mixture is slightly thickened. Add gelatin; stir until gelatin is dissolved. Cool slightly. Combine strawberries and lemon juice and add to gelatin mixture. Chill until slightly thickened. Beat egg whites and salt until stiff but not dry; gradually beat in sugar. Fold in strawberry mixture; then lightly fold in whipped cream. Pile into baked pie shell. Chill thoroughly.

"WE APPRECIATE YOUR BUSINESS"

We're proud to offer **new** Cosden 10 W 30...

We're proud of our new Cosden 10 W 30 multi-viscosity motor oil! It's the motor oil that gives you quick-flowing lubrication at the touch of the starter - full-bodied protection during critical warm-up - won't break down on long drives. By reducing engine "drag" this great new oil often adds 10 to 15 miles to every tankful of gas - makes mileage money go farther.

Oil is our business, and we know from personal experience that there's no finer motor oil anywhere than new Cosden 10 W 30 - the one motor oil that does the work of three.

### Army Plans All-out Effort For Reservists Feb. 22

AUSTIN, Tex.—A one-day, all-out recruiting effort will be made by U.S. Army Reserves in Texas on February 22.

Aimed at increasing the strength of the Army Reserve Forces in the Lone Star State, teams composed of Reservists and Regular Army Advisory personnel will make personal calls on prospective enlistees in the 70 cities and town in Texas where Reserve units are located.

Gov. Allan Shivers has signed a proclamation designating Washington's birthday—Wednesday, February 22—as U.S. Army Reserve Day in Texas, "in honor of the Father of Our Country and the Commander in Chief of the Continental Army."

The Governor's Proclamation not only praises the contribution made to the national defense effort by the Reservists but also urges young men to seriously consider doing their part by joining a U.S. Army Reserve Unit.

February 22 is also the final day of National Defense Week. In this connection President Dwight D. Eisenhower said, "Our Reserve strength is more important today than ever before. It is therefore gratifying to learn of the plans for National Defense Week—under the slogan 'Reserve Power is National Defense.' I am delighted to endorse this undertaking, which I hope will receive the greatest possible measure of citizen cooperation and support."

In an effort to build up the reserve forces to nearly three million men (2.9 to be exact) Congress

passed the Reserve Forces Act of 1955. It was signed into law by President Eisenhower last August.

Under one program of this law, high school students 17 to 18½ years of age, may enlist in a Reserve Unit, serve six months active duty after graduating from high school, then go to college or enter into the business world with draft deferred status.

Other provisions of the Act make the U.S. Army Reserve attractive to older youths who have had no military service, and to those young men who have already served two or more years active duty.

Brigadier General Lewis S. Griffing, Chief of the Texas Military District, reports that Texas has 85,000 men in its reserves now. But only 7,500 are active. Says Griffing "Our goal on February 22 is to get as many young men active in the Reserve as possible—both those with, as well as without, prior service. We must be prepared at all times. Delays cost money. Lack of training costs lives. Only through adequate military strength can we have peace."

"Our Army" says Wilber M. Brucker, secretary of the Army, "is constantly changing. It is forever developing new tools and new techniques. Its men must know how to use and apply them. No longer can we afford to spend long months after a conflict begins, in preparing our Reserves for their vital role."

We strive to please with Courtesy and Merchandise—"The Best Service Possible Is Our Pledge." Carter's Drive-In Grocery & Cafe.

### Eight Million Now On Social Security Rolls

As the eight millionth person in the nation receiving social security benefits was handed his first check by the Director of the Bureau of Old-Age and Survivors Insurance, Victor Christigau in Louisville, Kentucky on February 1, the number of people receiving benefits in the 13 county area serviced by the San Angelo District Office was approaching 4500 which represents about \$215,000 per month, according to E. M. Bowers, Jr., Manager of the San Angelo district office of the Social Security Administration.

The eighth millionth beneficiary was Mr. Carl C. Krankel, a 66 year old salesman. He will continue to work on a reduced basis, but since he will not earn more than \$1200 in a year, he will get old-age insurance payments each month. The amount of his monthly check, based on the amount of his earnings, is \$103.50 in addition, Mrs. Krankel will receive \$51.80 each month.

In this area about 2300 people 65 and over are getting old-age insurance payments, Bowers said. Some of them have retired, and others like Mr. Krankel, are still doing some work. Social security benefits going to those retired and partially retired workers amount to about \$126,500 per month.

Wives and dependent husbands receiving monthly benefits in this area number about 675 and their monthly benefits are about \$18,500.

Approximately \$12,000 in monthly benefits goes to the 270 aged widows and aged dependents in the

area. Monthly benefits to children amount to approximately \$48,000 per month. Bowers estimates that 225 mothers with children in their care receive payments of \$10,000 each month.

Bowers pointed out that the figures are estimates, and that it will be several months before the exact figures for different areas will be available.

Social security records are confidential, Bowers emphasized, but because of the nation wide significance of the eight millionth person on the social security rolls, Mr. Krankel consented to the release of the information about his benefits.
