HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—
Judith Copeland
Charlie Bowen
Randy Badger
Mrs. Neal Reed
Neill Munn
Mr. and Mrs. D. P. Glass
Dismissals since Thursday morning of last week include—
Mrs. Roy Morgan
James Morgan
Dayton Barrett
Mrs. James McCollum
Mrs. Herbert Pendley
Mrs. J. G. Bird
Albert Fields

F. H. A. GIRLS PRESENT PLAY

The Future Homemakers of America, under the sponsorship of Mrs. Lillie Shanklin, presented a play, "Daisy's Diet" at the school auditorium last Friday night. A very appreciative audience enjoyed the presentation and many complimented the group on their efforts.
Appearing in the show were Carolyn Payne, Sandra Williams, Jeanine Jones, Brenda Augustine, LeRuth Reed, Judy Stewart, Gayle Steward, Karen Young and Claudia Collins.
Door prizes of cakes were given. They went to Mrs. W. L. Emery and Mrs. Jack Douthit.

Give to the CANCER DRIVE!

Lions Begin Red Cross Drive; Quota \$500

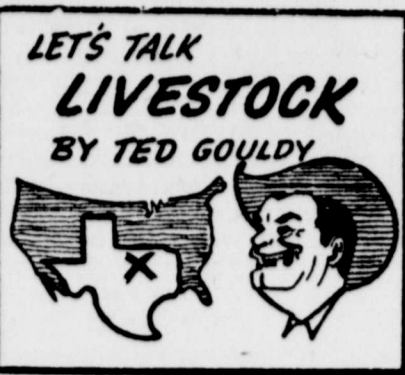

The Sterling City Lions Club started work on the Red Cross Roll Call Drive this Wednesday. At the luncheon, names were chosen by members to see for their donations and it is hoped that the drive will be completed by next Wednesday. The county quota this year is \$500, it was said.

Visitors present Wednesday included Ross Foster and Herbert Cope. The door prize went to M.E. Churchill.

CATTLE TRADE STEADY, STOCKERS STRONGER

FT. WORTH—After a slow start prices on cattle and calves were mostly steady at Fort Worth Monday. Fed cattle were again in small supply. Stockers and feeders found demand broad at fully steady to stronger prices, quality considered, and the high grade offerings were very scarce.

COMPARATIVE PRICES: Good and choice slaughter steers and yearlings cashed at \$18.50 to \$22, the higher figure on two loads of heavy steers. High choice to price medium weight steers or yearlings were quotable above that range. Common and medium offerings sold from \$13 to \$18. Fat cows cashed at \$12 to \$14, while canners and cutters bulked at \$9 to \$12. Bulls sold from \$10 to \$15.

Good and choice slaughter calves sold from \$20 to \$23, and medium and lower grades from \$12 to \$18. Stocker steer calves drew \$16 to \$22, and were quotable above that range. Steer yearlings cashed at \$21 down. Stock cows sold from \$10 to \$14.

STOCKER COWS AND PAIRS FIND STRONG MARKET

In the special sale of stocker cows and pairs at Fort Worth last week the total of over 1,900 head included 1,258 which went back to the country as replacement and some 350 aged cows and fat heifers went into packer channels.

Most of the pairs ranged from \$140 to \$165, with a few as high as \$190 to \$200. Some sold by the pound and others by the head. Typical of the strong rates for the better kinds was the shipment of 17 pairs consigned by Ray Boothe of Sweetwater which sold with the cows at \$17 and the calves at \$29.

Buyers from all over the South and Southwest were represented and most of the cattle went back to Texas pastures. Many of the visitors expressed surprise at the number of very thin cows which appeared in the offering despite the improved conditions in many sections of the Southwest this spring.

Next of these special sales will also be for all breeds, all ages, and will be held on May 10. It is expected this event will attract a good many yearlings, as was the case a year earlier. The May 10 event will include a show, as well as a sale, with both the Texas Hereford Association and the Texas Aberdeen-Angus Association, judging entries of their breeds prior to the sale.

SHEEP AND LAMBS SELL FULLY STEADY TO STRONG

The offering of 7,800 sheep and lambs at Fort Worth Monday was cleared early at fully steady to strong prices. The offering was more than 75 per cent Spring lambs. Old sheep were very scarce, and relatively few old crop shorn lambs arrived.

COMPARATIVE PRICES: Good and choice Spring lambs cashed at \$22 to \$23.50, and cull to medium Springers sold from \$15 to \$20. Some lightweight Spring lambs sold as feeders in the \$18 to \$19 bracket. Good to choice shorn old crop lambs cashed at \$19 to \$21.50, those at the higher figure having No. 1 or No. 2 pelts. Shorter pelts sold from \$20 down. Cull to medium old crop lambs cashed at \$12 to \$18. Slaughter ewes drew \$5.50 to \$6.50.

HOGS OPEN STRONG; TOP OF \$18.00-18.25

Choice butcher hogs scored \$18 and \$18.25 at Fort Worth Monday. This was an advance of 25 to 50 cents above last week's close. The less desired weights and grades sold from \$16 to \$17.75, and pigs drew \$10 to \$14. Sows cashed at \$14.50 to \$16.

CLAY COUNTY 4-H LAMBS BRING \$20.50 MONDAY

County agent Bill Collier of Clay County was on the Fort Worth market Monday with a group of 4-H boys and girls who sold their lambs at \$20.50, and made a profit, he reported. Collier reported the lamb project had been an interesting one for the group, and the trip to market was a fitting climax to their

Mrs. Reynolds Foster Is Noratadata Hostess

Mrs. Reynolds Foster was hostess when the Noratadata Club met at the community center on Thursday evening of last week. A dessert course was served.

A business meeting was held and recovering of the chair bottoms in the clubroom is to be done. Named on a committee to attend to the work were Mrs. Ross Foster, Mrs. Foster S. Price and Mrs. L. C. McDonald.

Mrs. Ross Foster gave a report on Religious Brotherhood and Mrs. Finis Westbrook read the club prayer.

Bridge was played and high score was made by Mrs. Joe Emery. Mrs. Allie Foster was high guest. Bingo went to Mrs. Leroy Butler and high cut to Mrs. J. S. Augustine.

Others present were Mrs. Worth Durham, Mrs. Chesley McDonald, Mrs. Bill Brooks, Mrs. Alvie Cole, Mrs. I. W. Terry, Mrs. Finis Westbrook, Mrs. Stan Horwood, Mrs. Martin C. Reed, Mrs. Joe Emery, Mrs. Dean Johnson, members, and Mrs. Rufus Foster, Mrs. Allie Foster and Mrs. Leroy Butler, guests.

Books for children are still needed for the library. If you have any books suitable for children, tell a member of the Noratadata Club.

Mrs. Marvin Frances Dayvault of Dallas arrived here this week for a two week's visit at Mrs. Ruth Allens. She and Mrs. H. L. Hildebrand had driven through Tuesday of this week. Mr. Hildebrand and Miss Ethel Foster, who with Mrs. Hildebrand, had been in Dallas for the past week, returned home Monday.

BREEZES FROM A WINDMILL FAN

By Milton Reed

The F.H.A. girls put on a play last Friday night entitled "Daisy's Diet." Mrs. Lillie Shanklin is the sponsor of the group. The play was one of the best Sterling has had in a long time. The girls knew their lines almost perfectly and did a good job.

Ansel Reed was elected Scout Master at a council meeting on Thursday night of last week. The last Scout Master was Fred Igo.

A Scout meeting was held Tuesday night at 7:30. The time and day will remain the same until further notice. The Scouts worked on Tenderfoot requirements to help the new ones.

A Cub Scout council meeting was held in the home of Mr. and Mrs. H. S. Latham Monday night. The Den Mothers, Den Chiefs and the Cub Master were present. A program for the Cubs during April was outlined.

This hot weather has really got everybody sweating. They had better open the old swimming hole pretty soon. That's one thing about West Texas weather—You can't tell what kind of weather will prevail on the next day.

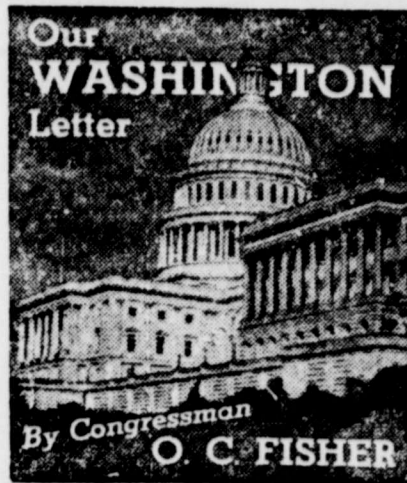

The Ladies Bible Class of the Church of Christ made a trip to Snyder Tuesday to hear a woman teacher speak on the subject of teaching children. The ladies said they thoroughly enjoyed it. The group that went was made up of seven women.

The 4-H Clubbers have been working on grass judging. Several members of the club are coming out for the grass teams. The district contest is not too far away. Maybe this year the Sterling team will get a blue ribbon for judging.

Easter will be here next Sunday, April 21. The Easter Bunny will probably be busy as he usually is. The school here will observe Monday as their Easter holiday.

Davy Crockett and the River Pirates is on at the Palace this week. Men in Space is also a feature. This is one for the whole family to enjoy.

In the group were Carol Lee, Linda Lee, Bobby Lee, H. B. Stallcup, Terry Butler, Morris Sears and Cindy Cox. Adults with the group included Mr. and Mrs. E. J. Lee, Harold Lee and Hopper Butler.

AFTER PUSHING THE TOTAL cuts below the budget estimates past the \$1 billion mark last week, the House prepared for the annual Easter recess. The recess begins on Friday before Easter and ends 10 days later.

Most members head for home. I will spend most of the time in our district, and have accepted a few invitations during the limited stay. I have promised to address the Kiwanis Club at Coleman and will attend a function given while I am thereby sponsors of an upstream flood prevention project on Sulphur Creek in Lampasas County. And I hope it will be possible to attend the formal opening of the high bridge over the Pecos on Saturday. Above everything, I want to see some green grass and weeds for a change.

SPEAKING OF UPSTREAM projects, a group of water conservationists from our district came to Washington last week for an appearance before the appropriations committee that handles funds for this type of works. They included O. B. Harkey of San Saba, chairman of the Mid Colorado Association of Soil Conservation Districts; Joe Russell of Menard, J. W. Vance of Coleman, and Edsel Malmstrom of Melvin—all members of the board of supervisors of the Middle Colorado area. In addition, Dick Winters of Brady, chairman of the Brady Creek Watershed Association, was on hand.

The report from this group covered conservation works in the five million acres covered by the Middle Colorado Watershed, and the progress that has been made there during the past year.

Among the upstream flood prevention projects discussed were Deep Creek in McCullough, Brady Creek, Upper San Saba River project, Lower San Saba project, Muke-water Creek in Coleman and Brown Counties, Jim Ned Creek in Coleman, and Clear Creek in Brown.

It was a comprehensive report on a vast water and soil conservation undertaking, and was well received by the Committee.

OTHER GUESTS have included H. N. (Red) Smith, State Soil Conservationist of Temple, here for a few months on special assignment; Dr. Knowles Ryerson, Dean of Agriculture of the University of California, a personal friend of mine; Tanner Freeman of San Antonio.

SCHOOL OUT MONDAY FOR EASTER HOLIDAY

The Sterling City School will be out for the Easter holidays on next Monday, April 22. Classes will resume usual study on Tuesday, it was announced.

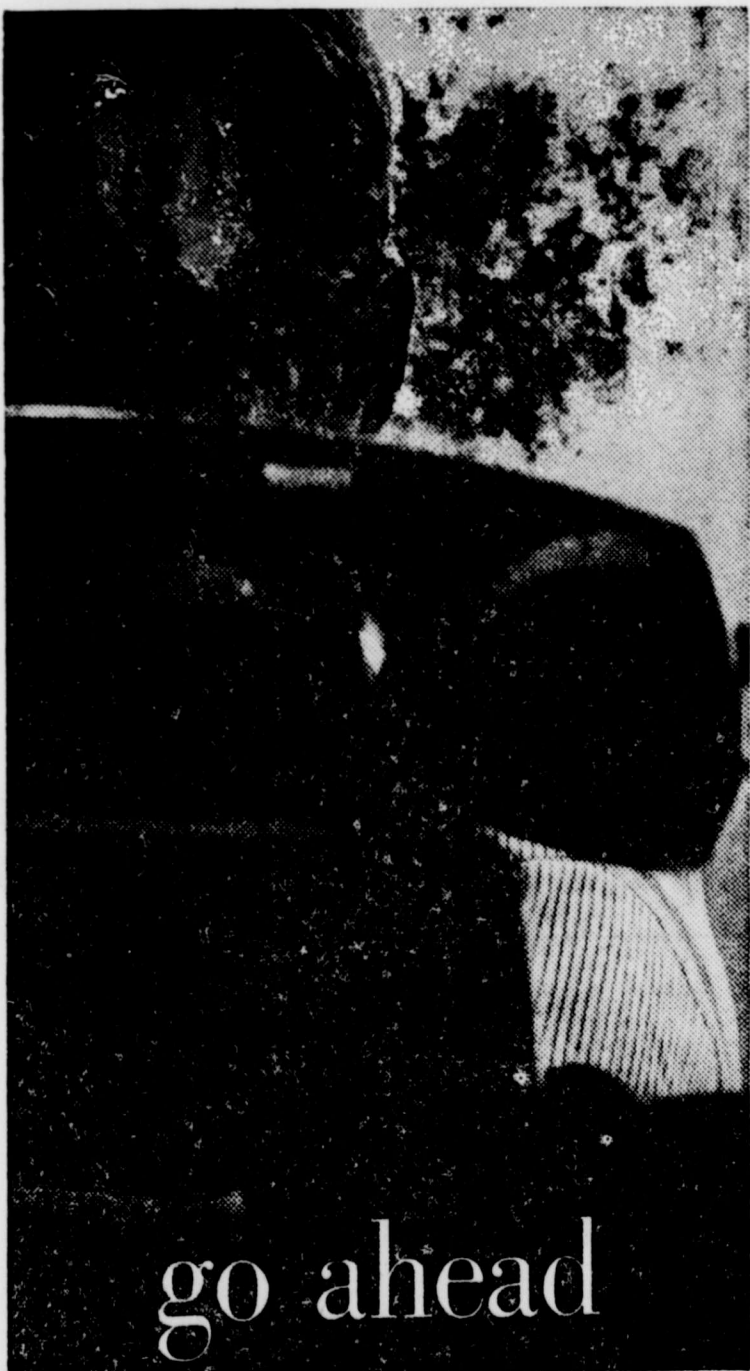

Mr. and Mrs. R. P. Brown returned home Monday from a trip in North Central Texas where they visited relatives. In Fort Worth they visited the Evans Jones—Mr. Jones is Mrs. Brown's brother. They visited the Stanford Perretts in Arlington—Mrs. Perrett is a niece of Mrs. Brown. They also visited the Joe Hendricks family and the Homer Pearce, Jr. there. In Grandview they visited with Mr. and Mrs. Brady Germany. Mrs. Germany is a cousin of Mrs. Brown.

METHODIST NEWS

Easter services at the Methodist Church will be held at the usual hours. Sunday School will meet at 10. The morning worship service will begin at 11 o'clock with the pastor preaching on the subject "The End Is the Beginning." Infants will be baptised and members will be received into the church. The evening service will begin at 7:30 with the pastor preaching on the subject "Life on the Wrong Side of Easter."

The young people will meet at 6:30 and the choir will practice on Wednesday at 7:30 p.m.

There will be a Good Friday Service April 19. The service will start at 7:30 and the Lord's Supper will be a part of the service.

CALL!

the fastest cure for worry about cancer: a call to your doctor now!

Scared? You shouldn't be! The average man who walks into the doctor's office walks out floating. That lump that was so frightening...nothing to worry about at all! The sky's bluer, the air's sweeter, it's a great big beautiful day...because he picked up that phone and called.

It happens all the time. It can happen to you. Let's look at the facts. In past years, we were saving 1 out of 4 cancer patients. Today, we're saving 1 in 3. And the odds could get better still... if people would call their doctors in time!

So go ahead...call. And after your checkup...how about a check for the American Cancer Society? Every dollar sends us further along the road to cure. And when that happens...it's going to be a wonderful day for us all! Send your check to "Cancer" in care of your local Post Office.

AMERICAN CANCER SOCIETY

THAT'S A FACT

AROUND THE COUNTY

by

ARTHUR BARLEMANN, JR. COUNTY AGENT

Ranchers have until April 29 to sign up for additional grain under the drought feed program. The extension recently announced by the state ASC Committee gives ranchmen in drought counties until that date to sign up for feed to carry them to May 15.

The hay program was not extended according to the wire received in the local ASC office.

Some counties were taken off the eligible list but most of those removed are counties in central and east Texas which were favored by rains during the last several months. I have heard that some of the farmers in that area are expressing the wish that it would slow up a little so that they could get into the fields and get their crops in the ground. Some places where they had planted, the seed have rotted from too much moisture. Wish there was some method whereby we could help them out by taking some of their unwanted rain.

Applications for payment under the 1956 wool incentive program must be filed in the local ASC office by April 30.

These applications apply to all

wool sold between April 1, 1956 and March 31, 1957. Wool sold since March 31 will come under the 1957 program with payments to be made next year.

Applications for this year's program—1956—must be accompanied by documents such as bills of sale showing the exact net proceeds from the sale of the wool. Marketing charges, freight, and other services must be deducted. The transaction must have been completed by March 31, 1957.

Payment will be made some time this summer after the average price received per pound by the producer is known. Basis for payment is the same as last year with producers receiving a percentage of their price. The higher price they sold for, the more they will receive. The percentage will be the difference between the average price received by all producers and the 62 cents per pound incentive level.

Last year payments amounted to \$44.90 for every \$100 producers earned on wool sales. In Texas this amounted to \$9,618,086.00, according to the state report. Pound

age was 49,570,665 in Texas.

Going along with the figures above, I recently received a report which shows the breakdown for every county in the state.

For Sterling County the report shows 686,878 pounds of shorn wool paid on or just a little over 1% of the state total. Incentive payments received by growers in the county amounted to \$119,916.26. Average net price per pound received before incentive payments in the county amounted to 41.1c. The state average was 43.2c per pound

before incentive payments. Average net price per pound including incentive payment was 53.6c in the county as compared to 61.6c for the state.

Checks were mailed last week to all 4-H Club members for the sale of lambs at the San Angelo show. Fifteen club members sold 33 head of lambs for just a little over \$1,000.00.

That ended the 1957 show season. I would like to compliment every 4-H Club member for the excellent job they did on their lamb

feeding demonstrations. I think that the parents of the club members are also due congratulations for their part. Their interest and help is necessary if the club program is to be successful. So to club members and parents alike, congratulations for a job well done.

CANON LYLES OF McCAMEY DIES THURSDAY MORNING

Canon Lyles, 55, of McCamey died in the Shannon Hospital in San Angelo Thursday morning at 6:15. He had undergone an operation recently and had been sick for about six months.

Born in Sterling City July 6, 1901 Mr. Lyles had lived here until 21 years ago when he moved to McCamey where he was in the ranching business.

Burial services will be held in McCamey at 10:30 Saturday morning, it was said. Spaulding Funeral Home is in charge of arrangements there.

He is survived by his wife; three sons, James Lyles, Quinton Lyles and Roger Lyles, all of McCamey; a brother, H. Q. Lyles of Ft. Stockton; four sisters, Mrs. W. B. Allen and Mrs. Lester Foster of Sterling City, Mrs. H. H. Wilson of Abilene, and Mrs. G. C. Potts of Big Spring.

Refreshing Spring Dessert

By BETTY BARCLAY

Mother, if you have been searching for a light, truly refreshing springtime dessert—give your family rennet-custards. These delicious milk desserts are made with rennet powder which comes in a variety of seven refreshing flavors—raspberry, vanilla, orange, lemon, strawberry, chocolate and maple.

These are truly "pretty" desserts too, and can be made in a rainbow of Spring colors with a novel jelly topping. Tasty and healthful, they are economical as well as easy to prepare. Ideal for a busy mother during Spring housecleaning, and excellent for

Easter dinner or parties for young and old!

Springtime Desserts

2 cups milk
1 pkg. rennet powder (any flavor)
Cranberry jelly

Set out 4-5 dessert dishes. Warm milk slowly to lukewarm, not hot (110° F.). Test a drop from spoon on inside of wrist, as you would test a baby's bottle. Then remove from heat at once. Empty package contents into milk—stir until dissolved—not over one minute. Pour at once while still liquid. Let set undisturbed 10 minutes until firm. Then chill. Cut cranberry jelly in 1/4" slices. Using cookie cutter, cut appropriate spring topping—daisy, rabbit or tulip. Place on rennet-custard just before serving.

the river that flows on wheels

More petroleum moves over Santa Fe than over any other railroad in the country

The 2,384,000,000 gallons of petroleum that Santa Fe moves every year is the river that flows on wheels.

It's so large that it makes Santa Fe the No. 1 petroleum railroad in the country.

This flood tide of oil gives heat and power to farms, factories, military installations and homes all over the nation.

The tremendous demand for petroleum, in all its forms, poses special problems for Santa Fe. For it requires speed and service to keep that river flowing full force. Here are a few of the ways we get the job done:

We move empty tankers just as fast as full ones, so no vehicle will stand idle.

As new oil fields are opened up, we stand ready to serve them. And when new developments take place within the industry, we adapt ourselves to take care of them.

As an example, take liquefied petroleum gas. The demand for it has skyrocketed in the last 10 years, because with this "bottled gas" rural families can cook and heat with gas just like city people. And the railroads have made it possible for them to get it.

Santa Fe runs special LPG trains when the demand for this product requires it. In a year, these trains carry enough LPG to heat over 500,000 homes from November through April.

This is just a part of the story of the dependable transportation service Santa Fe is providing to essential industries that contribute so much to the welfare of our country.

In Case You Don't Know

Don't Go Scraping Along

Don't you hate it when food you're frying sticks maliciously to the pan? It's not gremlins, says Crisco Kitchens. It's an annoyance easy to avoid. You just haven't used enough shortening. Remember that diagnosis next time and use enough Crisco so that when it's melted it covers the bottom of the pan. No more sticking!

Here's a Helpful Tip On Browning and Crisping

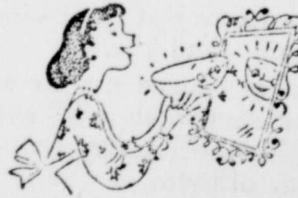

If your foods don't brown or are not crisp, it means your shortening was too cold when the food was added, says Crisco Kitchens. Make sure Crisco is thoroughly heated, but not smoking before adding food. Start with enough to do the cooking job. Cold shortening added after the cooking starts will prevent food from crisping.

Imagination Tastes Good, Too

It may sound high falutin', but you've a perfect right to consider yourself a creative artist when you're planning a meal... with an artist's regard for color, shape and texture, as well as taste. Foods should look good as well as taste good to keep us mortals happy.

So, unleash your imagination. Be adventurous about your dishes and table linens. Kitchen bowls, if they're pretty, can come proudly to the table. Place mats or table cloths can be of bright gingham, denim or other washable material. Don't be afraid of the unconventional. It's fun to be traditional at times. And yet at times it's also fun to flout tradition!

Are You A Frosting Splatterer?

Some cake makers, even those who've been at it for years, leave a kitchen looking as if the plasterers had just been in. Others do a neat and tidy job of frosting their cakes, thanks to the clever advice of Crisco Kitchens. Here it is.

First, do the job right on the serving plate so you won't get nervous about having to transfer the cake later. Place two strips of wax paper on that serving plate, right angles to each other, and carefully deposit your cake on them. Then go ahead and frost. When you've finished, gently draw out the wax paper. Voila! Not a bit of frosting to muck the plate.

Basket Cake Beauty for Easter

Remember that old saying "Don't put all your eggs in one basket?" It still carries a lot of wisdom where many things are concerned, but when it's Easter eggs you're talking about, and the basket is this enchantingly decorated cake, then don't worry one whit! Just invite in friends and family and enjoy every delicious crumb... every candy egg... and every bit of green "coconutty" grass. To tint flaked coconut: Put a teaspoon of water in bowl. Add a few drops green food coloring and mix well. Add flaked coconut and toss with a fork until evenly colored.

EASTER BASKET CAKE

1 package instant lemon flake cake mix
Seven Minute Frosting—lemon flavored
1 can Baker's Angel Flake Coconut

Prepare cake mix according to package directions, baking in a greased 9-inch tube pan.

Bake in moderate oven (350° F.) 45 to 50 minutes, or until done. Allow to cool in pan 15 minutes, then remove from pan to cake rack and continue cooling.

When cool, turn cake so larger end is upright, and swirl lemon-flavored Seven Minute Frosting generously over top and sides and inside tube. Sprinkle tinted coconut in a circle on top of cake, about 1 inch from edge. Arrange Easter egg candies on the coconut. For handle, wrap ribbon around a strip of metal or cardboard (or use a curved wooden handle, if available) and stick ends into the cake.

that seamless excitement

Biggest Sellers...because they're Biggest Savers!

Chevrolet trucks are built to be the biggest savers!
Look at the way they're put together. Frames, axles, suspensions, all chassis components are built to shrug off the relentless beating of a long, tough schedule. Look at the safety and convenience features in Chevrolet cabs. They're roomy, soft riding; you've got High-Level ventilation and panoramic visibility.

Look at Chevy's latest model—new high-capacity 1/2-ton pickup that measures a full 98 inches in length!
And look at Chevy's line-up of super-efficient V8's and 6's. All heavy-weight truck models and many mid-weights come with V8's as standard equipment. Light-duty jobs feature the latest edition of the savingest

6-cylinder engines in the history of the truck industry! High-performance V8 power is optional at extra cost in lightweight haulers.
Stop by and talk it over with your Chevrolet dealer. He'll show you a model that lives up to the latest in engineering advancements; a truck that will stay and save on any job you care to name!

County Fare

by JIM & JANE REED

Good news for you dirt gardeners. Not long ago, weeds were a little like the weather. Everyone complained about them but nobody did much about them. Now we can grow vegetables or flowers through plastic without weeding or watering and with the expectancy that they will be stronger and more productive plants.

The new black plastic film comes in rolls 104 feet long and 40 inches wide—enough to cover a garden 18 feet wide by 18 feet long. It's called Kordimulch and is available through most hardware stores and some supermarkets and grocery stores.

If the reports from famous agricultural centers like Cornell University, Kentucky Agricultural Experiment Station, Mississippi State College, Oregon State College and the University of Florida hold true, the canning job will be bigger than ever this fall.

Easy Car Wash

We read somewhere that the easiest way to wash a car is to add detergent to the water. That's fine if you don't let the wash-water-and-detergent dry on the car. If you do it looks like a zebra. Just keep the hose running and wash off the solution right after you apply it. Then let it dry. There's hardly a streak... and no wiping dry.

Moth Proofing Winter Clothes

Harking back to plastics, our cleaner is sending Jim's suits back in neat plastic bags. You can tell what's in the bag without tearing it off or peeking underneath. And they can be sealed against air and moths with regular tape we use to seal bags of frozen food.

See you again soon.

Rescue Units CD's Good Samaritans

A "white charger," complete with a team of white-clad "knights," may some day come to your rescue if you are trapped under debris after an attack or natural disaster.

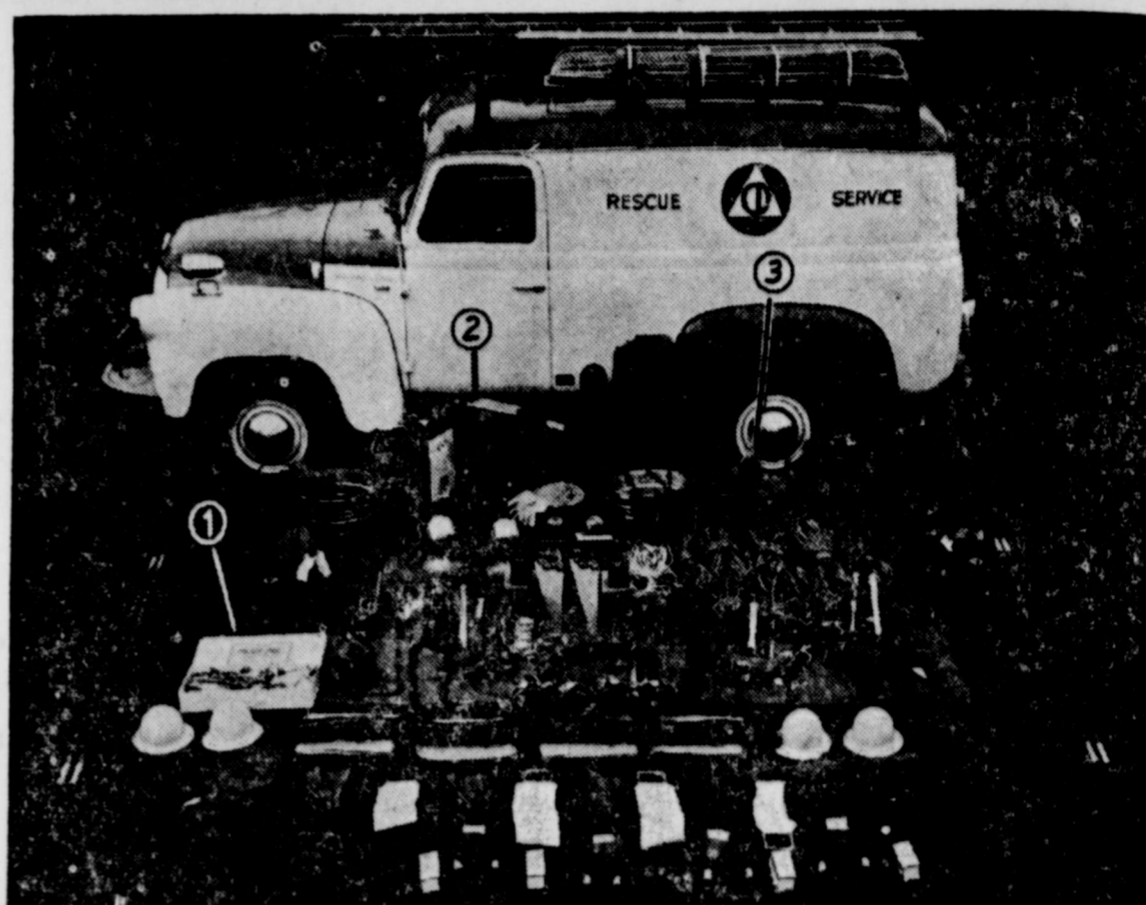

The "white charger" would be a Civil Defense "Calamity Jane" heavy rescue truck, or the recently announced light truck. Some 300 rescue trucks are now in use by local U. S. civil defense units.

Approximately 60,000 trained volunteers—some of them perhaps neighbors—are serving on civil defense rescue teams.

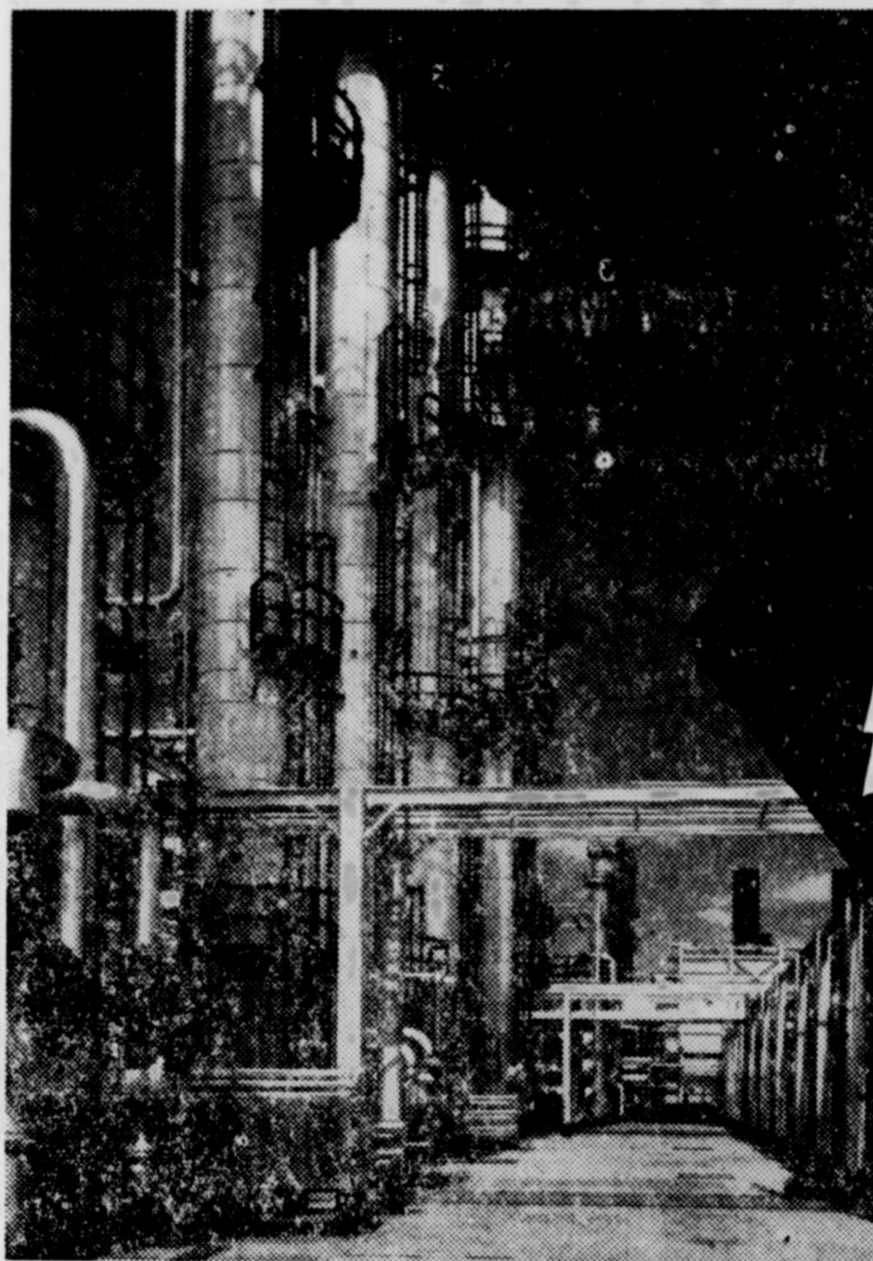

All are organized—akin to America's pioneer era—against the day when their community might have to take care of itself for hours, or even days in the event of enemy attack or natural disaster before outside help could be spared.

HELP WANTED INFORMATION

Foreign, Alaskan, U.S.A., Pacific-Northwest, Jobs! Copyrighted reports. Who to contact for highest paying jobs. Laborers, trades, truck drivers, office, project, Spain, Latin America, Northern Project, Europe, year unconditional money back guarantee! \$2.00 (Airmailed \$2.25). COD's accepted.
