### Three Teen-Agers To Trial Here Next Tuesday

The juvenile trial of three boys implicated in the attempted robbery and slaying of Taylor Garrett here last month will come up in court here next Tuesday, June 11. The jurors for the case have been summoned.

Clyde Thomas of Big Spring is representing the three boys- Herman Lee Wright, Micky Rocha and Doyle Hail Thomas has asked for a jury trial. The trial is to see if the boys should be named delinquent and sent to a reform school or what.

The fourth boy in the case, Mike Martinez, admitted slayer, has been found delinquent and sent to the school at Gatesville. A jury passes on the delinquency issue. The juvenile judge (County Judge) sets the punishment.

Thus, sentiment was ripe for the outburst, and resentment to the acquittal of an American sergeant for slaying a Chinese peeping tom served to trigger the explosion.

Kuo's hasty denial that his youth members were anti-American was very unconvincing to insiders. In fact, while it has not been paraded in the press the blame that has fallen on Kuo is such that his trusting father, the Generalissfo, is planning to send his son to America to "study" in an effort to placate the critics.

WE ARE NOT blameless. We simply have too many Americans in Formosa. The 10,000, including dependents, is at least 9,000 too many. The Free World, and the U.S. in particular, has a vital stake in keeping Formosa free, but the Seventh Fleet can handle that situation. Too many Americans concentrated in a small place, with living standards much higher than natives enjoy, cause a natural resentment. After visiting Formosa two years

ago I protested the overstaffing there with waste and extravagance evident on every hand. A proper military mission is essential but everybody — bureaucrats and all just had to get into the act. The Government has just an-

Coconut Ice Cream RECIPE OF THE MONTH

By BETTY BARCLAY

In this day of "easy-to-fix foods" even busy homemakers find it fur, once in a while, to prepare something "from scratch." Usually, the idee presents itself when some special occasion is being planned . . . and for such times this Banana Toasted Coconut Ice Cream is our favorite. We'd like to share it with you . . . and also several interesting ways of serving it. For example: (1) scoop out balls of ice cream and roll quickly in flaked coconut to make "snowballs"; (2) make a banana split using two or three scoops of ice cream and your favorite maple-blended syrup, plus a topping of fluffy flaked coconut.

#### Banana Toasted Coconut Ice Cream

- 1 cup mashed bananas (2 to 3
- ripe bananas) 2 teaspoons lemon juice
- 4 cup sugar
- teaspoon salt
- cup milk cup whipping cream egg whites, stiffly beaten
- 2 egg yolks, well beaten 1 teaspoon vanilla

½ cup Baker's Angel Flake coconut, toasted

Mix together bananas and lemon juice. Add sugar, salt, and milk, stirring until blended. Whip cream until thickened but not stiff. Fold egg whites, yolks, cream, and vanilla into banana mixture. Turn into freezing trava mixture. Turn into freezing trays of automatic refrigerator, setting control at coldest freezing temperature. Freeze until mixture holds its shape, stirring every 30 minutes and adding toasted coconut during final stirring. Freeze until firm. Makes 1½ quarts.

#### Lilliputian Desserts

Did you ever serve a bite-size dessert? Try it sometimes if you want to get yourself a reputation for being a hep hostess. Tiny delicacies are particularly appreciated after a heavy meal when a full size dessert might be too much, but a sweet is needed for satisfaction. Don't make the mistake, however, of letting guests see them or sample

none will be left. These tiny bites are made of pastry, fruit-filled and deep fried.

Canned applesauce, jams and frozen pineapple chunks all make perfect fillings. But Crisco Kitchens says the most unexpected, and the one which will cause the most comment, is made of fresh strawberries that have been left in curacao or orange juice for a few minutes before being folded into the pastry and cooked. Only one strawberry is used for each bite.

Here's the foolproof pastry recipe used by good cooks all over the country. It will make about 12 of these small desserts.

PASTRY (Makes 12 4" pastry squares)

1/2 cup Crisco 4 tablespoons water 2 cups sifted enriched flour With two knives or a pastry blender cut Crisco into flour and salt until the mixture is uniform and fine like corn meal. Add water, a tablespoon at a time, tossing with a fork all the while. With hands work pastry into a ball. Do not be afraid of overworking dough.

Divide pastry in half and roll in an oblong shape about 8 x 12 inches. Pastry will be slightly less than 1/8 inch thick. Cut into 4-

Strawberry Bites:

Dip strawberries in curacao or orange juice. Then place one berry in center of 4-inch pastry. Moisten edges of pastry and pinch together around berry with points of pastry forming a peak at top like a chocolate cream. Fry in deep Crisco heated to 365°F. for about 3-4 minutes or until flaky brown. Lift out of kettle with a slotted spoon and drain on absorbent paper. Coat with fine sugar.

# Moves out in a single sweep of motion.

Chevy's come up with the newest, sweetest, smoothest automatic drive-Turboglide. It's the first and only triple-turbine transmission!

Turboglide is something really new and different in automatic drives. In the first place, there's only one forward-speed position on the control panel. There's no "Low" needed.

Turboglide handles everything with the oil-smooth action of triple turbines. You travel from a standstill to top cruising speeds with never a lurch or lag to mar your motion.

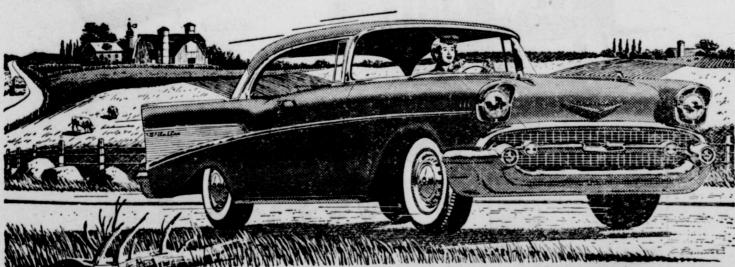

When you see a steep downhill stretch anead, you set the selector at "GR" (Grade Retarder) and Turboglide helps slow you down.

Try Chevy's new, nothing-likeit automatic drive. It's optional at extra cost-and worth it.

#### THE RIVER COMING DOWN By Mrs. Ruby Everitt

Yes, we missed you, dear old Concho When your waters did not flow. With reluctance and tears We did hate to see you go.

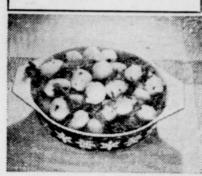

Yes: We loved to hear your prattle And your gurgle lullaby. Love to see your beauty linger Neath the western cloudless sky.

But the God who reigns above us. Loved you just as well as I. And He sent the springs a' bubbling Just a word He spoke on high.

And again we hear the rustle, Of the river coming down. And the people came to greet you, All the people in the town.

That's how much we love you. As the days go round and round. May we hear again the rustle Of the river coming down.

#### **PIMIENTOS-POTATOES** A TASTY DISH

By BETTY BARCLAY

Let's face it. Potatoes can be delightful or they can be something to be left on the plate. But with mientos to pretty them up and add a special delicate flavor, jaded appetites perk up and second helpings are called for. This dish smells good, looks good and tastes good—and can be done with the greatest of ease. What's more, it's gentle on the budget.

#### Pimiento Potatoes

- 2 lbs. small potatoes
- to 2 cloves garlic medium onion
- 1 bunch parsley, small 2 Tbs. oil or shortening
- 2 Tbs. margarine or butter 1 4-oz. can or jar pimientos.

Wash and peel potatoes. Boil in salted water until almost tender. Drain. Chop garlic, onion and parsley and add to potatoes. Saute all to-gether in the hot oil and margarine until potatoes are lightly browned. Cut pimiento into large pieces or strips. Add to the potatoes and heat thoroughly. 4 to 6 servings.

By Milton Reed

Last Friday a little rain caused some mud. That is enough to get a big diesel truck stuck. One got stuck in the alley behind the lumber yard Friday morning. He had a jolly good time trying to get out.

The Sterling County library is open on Friday afternoon now. It stays open from 2 p.m. to 5 p.m. So, if you have some spare time you could do some reading. The cost of checking out books is 10c

The wool and mohair 4-H team has been working this week. They are trying to get ready for the district contest Saturday in Angelo. ---0-

Two country men at a fair decided to try their shooting ability. They walked up to a booth where the targets were small bobbing balls.

The first took several shots but missed every time. The second dropped every one of the balls.

When asked how he did it, he answered, "I just took a shot at the man working the pump."

LOOK, COWMEN

I have eleven hundred and fifty acres of Sub Irrigated Vega Land. that will graze three hundred and fifty head of Two year old Steers and put on a gain of three hundred pounds. I mean that forty acres of alfalfa. No emprovements. except fences. and corrals. this will feed more cattle and put on more gain than ten thousand acres of this dry land. I mean that To. and I know. this is bordering on the line of Northern N.M. and Colorado. this is a good buy.
