## Game Management Assn. Barbecue and Program Here Tonight

Plans have been completed for the annual meeting and barbecue of the Sterling County Game Management Association tonight, Friday, July 26. The meeting will be held at the river park on Nick Reed's ranch, west of town.

The first part of the program will be put on by Jim Stotts, assistant district manager of the Winchester-Western Arms Co. He will put on a shooting exhibition similar to the one here several years ago. It will be necessary for him to start his program about 6 o'clock so he can finish before it gets too dark. He is a good shot and should be an enjoyable program.

Cal Roberts as usual will be in charge of the barbecuing of the goats. It will be served when Mr. Stotts has finished his shooting exhibition.

After the barbecue there will be a short business session. This will include a report on the past year's Eagle Hunt program. Officers for the coming year will also be elected.

## New Service to Begin In Welfare Work

Complete and permanent invalids or persons in the community so mentally deranged that they require continuous oversight to keep from harming themselves or others may soon be able to receive small monthly checks from their State Department of Public Welfare through the new state federal program of Aid to the Permanently and Totally Disabled. The constitutional amendment, which was adopted by the voters in November, 1956, limiting the amount of money that can be appropriated for this program to 15 million dollars per year, makes aid possible only to those who are helpless and have no relatives able to support them.

T. J. Compton, Welfare Supervisor for this area, pointed out this is the only welfare program which requires consideration of the ability of relatives to support. This law defines "responsible relatives" as children, parents, step-children, step-parents, brothers and sisters. Mr. Compton said that for the first time in nearly 20 years the Department's Field Workers will be required by law to determine the resources of relatives of persons who apply for aid.

The permanency and totality of the disability will be determined by a State Reviewing Physician after study of a complete physical or mental examination by the persons own private physician. Complete helplessness from a medical standpoint, rather than inability to work is the criteria. The state will pay the private physician for his examination.

Funds for assistance payments will not be available until September 1, 1957, but applications are now being taken.

## HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

Mrs. Neal Reed  
Neill Munn  
Mr. and Mrs. D. P. Glass  
Mrs. William Blair  
Martinez Camarillo  
Dismissals since Thursday morning of last week include—  
Mrs. H. L. Bailey  
Mrs. Vernon Stewart  
R. E. Martin  
Fannie Copeland

Riley King was returned home from the Shannon Hospital Monday following surgery there a week earlier. He is recovering nicely, it was said.

Guests at the Ray Lanes during the middle of the week were Mrs. A. L. Springer of Mertzton, Mrs. Thomas Lee Holland of Big Lake, and Mr. and Mrs. Fred Barrett of Del Rio.

## State Welfare Department Changes Involve Sterling County

Old age Assistance, Aid to the Blind, Aid to Dependent Children, and other State Welfare Services for Sterling County are now being handled out of the Colorado City office of the State Department of Public Welfare, according to Tommy J. Compton, Area Supervisor, of Big Spring. Sterling County was transferred to the Big Spring area effective July first. These services also include the newly inaugurated program of Aid to the Permanently and Totally Disabled, which becomes effective September 1, 1957, and for which applications are now being received.

Dee Tonn of Colorado City is the new Field Worker serving Sterling County, replacing Jack Sparks, Jr. of Rankin. Tonn will be in the County Library office at the Sterling County Courthouse on the 2nd Monday of each month from 9 o'clock a.m. until noon to accept new applications for any of the services offered by the State Welfare Department. He will also be available to talk with any person now receiving assistance, who might have some problem he would like to discuss. Tonn's mailing address is: Dee Tonn, Field Worker, State Department of Public Welfare, P. O. Box 41, Colorado City, Texas.

Where the helpless individuals will not be able to leave home, the persons responsible for his care may come to the local welfare office and acquaint the Department with his situation. A Field Worker will then call, as soon as possible, at the home to take the application.

Offices in this area are located in the County Judges offices in Sterling City and Garden City.

AFTER TRIMMING the foreign aid authorization by \$750 million, the House last week approved a \$3.1 billion bill, and left it to a Conference Committee to iron out the differences with the Senate.

I joined with all Texas Congressmen—except three—in voting against the bill on final passage. It contained too many spending items not vital or essential from the standpoint of our security or that of the Free World.

AS A DEFENSE LAWYER former prizefighter Joe Louis proved last week in Washington that he carries quite a wallop. During the month-long trial here of Teamster Vice-President James R. Hoffa, Joe, idol of the colored populace, was very much in evidence in the courtroom. With 8 of the 12 jurors colored, the former champ was seen on more than one occasion backslapping and in jovial conversation with the defendant in the presence of the jurors.

Hoffa allegedly delivered \$2,000 to an FBI agent, posing as an investigator for the McClellan racket investigation committee, as a bribe to obtain secret files and other help during a time Hoffa was being investigated. Well, it happened that an FBI movie camera concealed across the street snapped Hoffa in the act of delivering the envelope with the money. And so there followed an indictment for conspiracy, bribery and corruptly attempting to obstruct the operation of the Senate Committee.

But with the help of Joe Louis, the verdict was: **Not Guilty!**

AMONG RECENT VISITORS have been Dr. Guy Newman, President Payne College, here on business for the college; Mrs. Frank Drivan and son, Bill, of Uvalde; Mrs. Earl Burns of Brownwood; Mr. and Mrs. Jack Drank and son, David, Mr. and Mrs. L. R. Bollinger and daughter, Mary, all of San Angelo; Don and Jack Harkey of San Saba; Mayor and Mrs. E. C. McCullough and the R. C. Crabbs, and their children of San Angelo.

Comedian Jimmy Durante was a guest of Speaker Rayburn at the weekly Texas delegation luncheon last week. He said he was confused a bit by so many people coming out of the House chamber, few going in. In fact, it reminded him of the tipsy miss stopped by a cop driving the wrong way on a one-way street. "Where are you going?" he thundered. "I don't know," she replied. "But I must be late because everybody else seems to be coming back from wherever I'm going."

## Coffee Honors Miss Dolores Hagerty Here Last Saturday

A coffee honoring Miss Dolores Hagerty was given at the home of Mrs. Roy Morgan last Saturday morning from 9:30 to 11:00. Miss Hagerty and Hal Knight, Jr. will be married Sunday, July 28 in church rites in McCamey.

Hostesses for the affair were Mrs. Morgan, Mrs. David Glass, Mrs. H. D. Glass, Mrs. Aaron Clark, Mrs. E. F. McEntire, Mrs. C. B. Stovall, Mrs. O. T. Jones, Mrs. H. F. Donaldson, Mrs. Earl Bailey, Mrs. Robert Foster, Mrs. Martin Reed, and Misses Maggie and Ruth Reynolds and Wanda Williams.

The party rooms were decorated in the honoree's chosen colors, yellow and white.

Mrs. Roy Morgan and Mrs. Robert Foster greeted guests at the door. In the receiving line were the honoree, Mrs. Homer Hagerty, her mother, Mrs. Hal Knight, Mrs. Lee Hunt, and Miss Ora Sproul.

Miss Williams presided at the bride's book.

Seventy guests called during the coffee hours.

## Heedless Horsepower by O. Soglow

Drivers under 25 years of age were involved in 27% of the fatal accidents in 1956.

LET'S TALK  
**LIVESTOCK**  
BY TED GOULDY

FORT WORTH—Trade developed unevenly on slaughter cows and slaughter calves at Fort Worth Monday. Early prices were steady but the later trade was 25 to 50 cents or more lower. Slaughter classes made up less than 40% of the day's receipts.

Stockers and feeders were again very active and at strong to unevenly higher prices. Slaughter steers, yearlings and bulls also cleared at fully steady to strong prices.

Very few fed cattle arrived, and high choice to prime cattle were lacking in the day's receipts. Good to choice slaughter steers and yearlings sold from \$20 to \$23, and common to medium sorts sold from \$13 to \$19. Fat cows sold from \$13 to \$15.50, and canners and cutters cashed at \$8.50 to \$13, a few strong cutters to \$13.50. Bulls sold from \$13 to \$17.

Good and choice slaughter calves cleared at \$19 to \$21.50 with a few higher. Common and medium sorts sold from \$14 to \$18, and culls sold from \$10 to \$13. Good and choice stocker calves cashed at \$20 to \$24 and heifer calves ranged from \$21.50 down.

Good to choice stocker and feeder steer yearlings sold from \$19 to \$22, and a few medium stocker cows sold from \$11 to \$14.

## HOGS SCORE NEW TOP FOR THE YEAR—\$22.75

Butcher hogs advanced \$1 and sows were up 50 cents per hundred at Fort Worth Monday. The choice butcher hogs sold for \$22.50 to \$22.75, and some heavies of around 270 pounds reached \$22, emphasizing the recent strength on heavier hogs here. Medium to good hogs sold from \$17 to \$21.50. Sows cashed at \$16 to \$19.

## SHEEP AND LAMBS SELL ON STRONG, ACTIVE BASIS

Trade was very active and prices were steady to strong at Ft. Worth Monday on a limited offering of sheep and lambs. The spread between the top prices and the rates paid for some just fairly good kinds was extremely narrow indicating the pressure on buyers seeking supplies brought about by the short supply.

Good and choice slaughter Spring lambs cashed at \$20 to \$21, and Shorn Spring lambs sold from \$20

## Bids On Water System To Be Opened Tuesday, July 30

The Sterling City Council will open and read the bids on the municipal water works system for the City of Sterling City. Bids to be received include that on a test well, water well, the distributing system and a 50,000 gallon elevated water tank.

The bids have been advertised and the council will received bids until 2:00 p.m. on July 30. The amount of bonds for the system include an \$80,000 issue (tax bonds) and the same amount in revenue bonds, making a total of \$160,000 for the system. The bonds carry a rate of interest of 5 1/2% on the revenue bonds and 5 3/4% on the tax bonds.

A proposed map of the system, as drawn up by consulting engineer Hugh Dickson, has been approved by the council. Main lines through town will be eight and six inches, and fire plugs are to be placed strategically for fire insurance reduction. Some of the distributive system (as laid out) is subject to change, as the work progresses, subject to the best interests of the city.

## Sterling City Coach and Athlete To Participate in All-Star Game

ABILENE (Spl.)—A father-son combination from Sterling City will play an important role in the all-star football game of the Texas Six-Man Coaches School, to be held at McMurry College, July 29, Aug. 2.

W. L. (Diddle) Young, Sterling City High School football coach, will coach the West all-stars for their annual battle with the East team, to be played at 8 p.m. Aug. 2 in McMurry's Indian Stadium.

And his son, Bill, a 6-2, 180-pound backfield ace for the past two years at Sterling High School, will be a member of his all-star squad.

Twenty-four outstanding football players from six-man teams through out the state have been invited to play in the all star game. T. L. Jones of China will coach the East team.

Another highlight of the school will be an East-West basketball game, to be played in the McMurry Gymnasium at 8 p.m. Aug. 1.

Jimmy D. McWhorter, Sterling basketballer, had been asked to take part in the game, but he has gone off to the Navy. His place will be filled by the alternate from Christoval.

Among other players from this district to play on the football team are Max Tankersley of Mertzton and Pat Brunton of Forsan.

## THE AMERICAN WAY

Can't Kid Him

**Serve With Pride**  
By Betty Barclay

FOR A BUSY day dessert, combine—quickly and deliciously—seasonal fruits, such as rhubarb and strawberries, in a creamy and light quick-cooking tapioca pudding.

**Rhubarb and Strawberry Delight**

4 tablespoons Minute Tapioca;  
1/2 cup sugar;  
1/4 teaspoon salt; 2 1/2 cups rhubarb juice and water; 1 1/2 cups drained cooked sweetened rhubarb; 1 1/2 cups sliced fresh strawberries.  
Combine quick-cooking tapioca, sugar, salt, and rhubarb juice and water in saucepan. Cook and stir over medium heat until mixture comes to a boil. Remove from heat. Add rhubarb and strawberries. Cool, stirring once after 15 to 20 minutes. Chill. Serve garnished with whole strawberries, if desired. Makes 8 servings.

FOR SALE—Big fat hamburgers and sandwiches of all kinds. Try Carter's Drive In Grocery & Cafe.

**Highway Patrolman Moving To Ballinger**

Highway Patrolman H. A. Anthony is being transferred to Ballinger next week. Having been stationed here for about two years, Anthony has made a lot of friends who hate to see him go.

Mr. and Mrs. Joe Asbill of Yeso, New Mexico, visited the York Grunys here last week-end.

Next week David Gruny and Tommy Williams plan to visit the Asbills in Yeso.

Shirley and Sheila Duke of Fort Worth are here visiting their grandparents, Mr. and Mrs. J. H. Duke and the Wilmer Blkums.

Mr. and Mrs. Dally Nichols and Mr. and Mrs. J. H. Duke attended a family reunion in Ballinger last Sunday.

**CHURCH OF CHRIST TO SPONSOR SINGING SCHOOL**

The local Church of Christ announces a singing school to begin Sunday evening, July 28, and continue through August 4. The school hours will be 7:30 to 9:00 p.m. each night.

Bobby Connel, well known song director and singing instructor, will direct the school. Mr. Connel received his voice training at Abilene Christian College, Dallas School of Music and Texas Normal Singing School at Sabinal, Texas. He is well known for his work in Oklahoma and Texas, having conducted classes in various singing schools. He has just concluded a two-weeks school at Clyde, Texas and is scheduled to conduct a singing school in Chandler, Arizona following the school here.

Brother Hays states the congregation here is fortunate in securing Connel's services. There will be no charges made to those who attend the school. The school is open to everyone who likes gospel singing and a cordial invitation is extended to all. It is a special opportunity for the young people of Sterling to receive this training.

**METHODIST CHURCH**

Eight Juniors will attend the Junior Camp at Kerrville next week. They are Temple Ann Foster, Lee Douthit, Jane Copeland, Marilyn Newcomb, Louise Alexander. Sue Speck, Betty Jo Barrett and Sam Dubberly. They will leave on July 29 and return on Aug. 2. Mrs. Jack Douthit will leave on the 28th; she is to be a teacher and counselor at the camp.

Services will be held at the usual times Sunday morning at the Methodist Church. The pastor, the Rev. L. S. Dubberly, will preach on "Despise Ye the Church" at the 11 o'clock worship service. His sermon topic for the evening will be "Accepting Life's Responsibilities." The Methodist Youth Fellowship will meet at 6:30 p.m. Sunday and the young people will meet at the church Tuesday evening for youth night.

**WANT TO LIVE IN A GHOST**

**TOWN?**

A recent report from the Colorado Springs, Colo., Chamber of Commerce, tells of how to make a Ghost Town. It is an interesting tongue-in-cheek article that will hold just as true for our own community as for Colorado Springs.

it went as follows:

Results are certain for those working to create more "Ghost Towns" if these simple directions are followed either by accident or design. Hundreds of former thriving communities which are now silent ghost towns prove that there is more truth than poetry to the simple

statement "It could happen here."

Here are the methods proven by experience to guarantee bankruptcy, dissatisfaction, suicides—all by-products of ghost towns.

1. Tell everyone you meet that you never buy anything at home; the merchants are a bunch of crooks, robbers and cheats.

2. Belittle all efforts for community betterment—the people trying to do these things are secretly making a lot of money, want to "run things" and their way of doing things is all wrong anyway.

3. Never waste money by advertising or waste time trying to at-

tract trade to town—nobody reads the ads, there is never anything in the paper, it's always late, and why should anyone want to come to town—it's a dead place.

4. Turn down all appeals for contributions; and do it in a nasty way so you won't be bothered again, because the money collected is eventually stolen by some "higher-ups" anyway.

5. Refuse to serve on all committees, have nothing to do with civic organizations—those trying to carry on civic activities are a bunch of dimwits who only want to get their names before the public. All officials are in office to get a share of the graft.

6. Knock the town, knock industries, knock the schools and churches, keep repeating the town is going to the dogs, things are better in other places; to invest in such a dead place would be the height of foolishness—and keep on knocking like a drunken woodpecker.

There you have it—six simple directions for producing ghost towns. It's hard for one person, working alone, to get results; but if you keep at it, eventually you'll get some converts, and a Ghost Town.

Robbie Blackman, daughter of Mr. and Mrs. Vernon Blackman, now living in Waco, spent last week here with her parents on a vacation. While here the Blackmans all went to the Carlsbad Caverns.

**Quick and Oh-so-Good!**

By Betty Barclay

LOOKING for something different for a luncheon? Or for a light salad-and-dessert supper? Here's a "shake" and make "pancake" to serve with maple-blended syrup and butter—and for dessert, we suggest this Maple Nut Topping - yummy!

**Buttermilk Pancakes**

In a shaker, place 1 cup plus 2 tablespoons buttermilk, ¼ teaspoon soda, 1 egg and 1 cup pancake mix. Add 1 tablespoon melted butter. Shake vigorously 10 to 15 times or until batter is fairly smooth. Somewhat lumpy batter makes light fluffy pancakes. Makes 7 to 8 pancakes.

**Maple Nut Topping**

¼ cup butter or margarine; ½ cup firmly packed brown sugar; ½ teaspoon salt; ½ cup sifted flour; ½ cup Log Cabin Syrup; 2½ cup finely chopped nuts; 3 tablespoons hot water.

Cream butter, sugar, and salt. Add flour, syrup and nuts. Beat until well mixed. Then stir in hot water. Spread warm topping over coffee cake batter before baking or use as topping for pancakes. Makes 1½ cups topping, or enough to cover two 9-inch square cakes or top of one 16x10-inch cake.

One look, one ride, and you'll find more to be proud of in a Chevrolet. No other low-priced car quite comes up to it for fine finishing touches—and sweet, smooth and sassy performance.

This one *wants* you to get choosey! The fussier you are, the more Chevy can show what it's got inside, outside and in performance.

Take the solid way a Chevy is built. It's the only car in its field with Body by Fisher—sturdily put together, with a look of sub-

stance other cars in its price class haven't quite captured. Everywhere you look, fine finishing touches confirm the craftsmanship that goes into a Chevrolet.

Chevrolet's response and performance are pretty special, too. There's a well-what-are-we-waiting-for spirit in the engine, especially when you show a Chevrolet a mountain. And you'll do a lot of looking to find comparable smoothness, steadiness and nimbleness on the road. If you do find them, you'll be in the high-altitude prices—for sure. See a Chevrolet at your dealer's now.

MORE PEOPLE DRIVE CHEVROLETS THAN ANY OTHER CAR

## Chocolate Chip Treat

By Betty Barclay

"WONDERFUL eating for little effort" is what you'll say when you've tasted this delightful dessert.

### Sundae Chocolate Chip Cake

1 package instant chocolate chip cake mix; 1 cup water; 2 eggs, unbeaten; Vanilla ice cream; Quick Chocolate Sauce.

Empty cake mix into bowl. Add water and eggs. Beat 3 minutes until batter is smooth and creamy. Pour batter into 13x9x2-inch pan, which has been lined on bottom with paper, and bake in moderate oven (375°F.) 30 to 35 minutes.

Cut in squares and serve warm with a topping of vanilla ice cream and Quick Chocolate Sauce.

**Quick Chocolate Sauce.** Combine 1 cup chocolate chips, 3/4 cup light corn syrup, 1/2 cup water and 1/8 teaspoon salt in saucepan. Heat over low heat until chocolate is melted, stirring constantly. Then increase heat and boil 3 minutes, stirring constantly. Makes about 1 3/4 cups.

## Fish Sticks Top A Casserole

By Betty Barclay

THERE are only four ingredients in this tasty, time-saving casserole—two come from the freezer, one from the pantry shelf, one from the refrigerator. Combine them for a delicious supper or luncheon dish.

### Fish Stick Topped Casserole

1 package (10 ounces) Birds Eye Mixed Garden Vegetables; 1 can condensed cream of mushroom soup; 1/4 cup milk; 1 package (8 ounces) quick-frozen pre-cooked fish sticks.

Cook mixed garden vegetables as directed on package. Drain. Add soup and milk and mix. Pour into shallow casserole or baking dish. Cover and heat in a hot oven (425°F.) 10 minutes. Remove from oven, and place fish sticks in a single layer on top of vegetables. Then continue to heat, uncovered, about 12 minutes longer, or until fish sticks are well browned and thoroughly heated. Makes 3 or 4 servings.

## SOCIAL SECURITY OFFICER HERE REGULARLY

A field representative of the San Angelo social security office will make regular visits to Sterling City during the next three months, according to a schedule just received from Floyd B. Ellington, District Manager.

The representative, Neil Tarvin, will be in the Commissioner's Court room at 1:00 p.m. on Thursday, July 25, Thursday, Aug. 29 and Thursday, September 26.

Farmers and ranchers and other employers of agricultural workers such as cotton gin operators, are reminded by Floyd Ellington, Manager of the San Angelo office of the Social Security Administration of some changes in the method of reporting the wages of their employees.

In 1957, agricultural work is covered by social security if either: (1) Cash wages of \$150 or more are paid to a worker by his employer during the year; or (2) regardless of the amount of wages, if any employee works on 20 or more days during the year where the wages are figured on a time basis.

The total covered wages of farm workers are reported only once a year, in January for the preceding year to the Director of Internal Revenue. Ellington added that if employers keep an accurate record of the name, the social security number, and the amount of wages paid to each worker that will be all the information needed to complete the annual social security report.

## FOR ATHLETES FOOT

Use T-4-L for 3 to 5 days. Watch the old tanned skin slough off leaving healthy, hardy skin. If not pleased with powerful, instant-drying T-4-L, your 40c back at any drug store. Today at LONG DRUG COMPANY.

For engraved announcements, cards, letterheads and envelopes, see the News-Record. Prices are reasonable.

"WE APPRECIATE YOUR BUSINESS"

Several people have asked me about the imported fire ant which they have read about in various places. This insect has been the subject of considerable discussion in the U.S. Congress lately—they are worried about the spread of this little character who is supposed to be the bad actor of the ant world.

Thus far the ant has been confined to east and deep southeast Texas. The area from Palestine to Beaumont, Orange, Houston, Liberty and a number of counties in that area have had a number of the ants reported.

The ant is believed to have entered the states as cargo stowaways from South America originally entering at Mobile, Alabama and spreading from there. Spread has been accomplished by flying, crawling, drifting down-stream on logs, and by travel on trains, cars, trucks and planes in nursery stock.

The name fire ant is derived from its sting which is supposed to be like fire. They attack newborn pigs, calves, and poultry and have been known to sting them to death. Vegetable plants are attacked by softening the tender stems just below the soil and sucking the plant juice. The ants are distinguished by the mounds they build which will be only a few inches high to start. As the colony of ants grow, so does the mound until the average mound is from 10 to 12 inches high. Open, sunny sites in the pastures or uncultivated areas are preferred but they may be found in other locations. Spread of mounds is fairly rapid.

Individual mounds should be treated by tearing the mound down

with a rake or hoe and then applying one to two cups of chlordane, heptachlor, aldrin, or dieldrin to the mound and a ten foot area surrounding the nest or mound.

Especially for the ladies—we have some bulletins that might be of interest and helpful to you. They are on freezing, pickling, and canning fruits and vegetables. If you are planning on freezing or otherwise preserving some of the produce of your garden for winter use, we will be glad to send you any of the bulletins you might want or you can come by and get one.

Mesquite beans have long been considered "life savers" by ranchmen during drouth periods but now a condition has arisen in cattle that have been eating mesquite beans which may put the bean in the "headache" category. The condition was first noted in 1941 south of the Pecos River but has now spread to many other parts of Texas, New Mexico and Oklahoma. Known as "jaw and tongue trouble", the condition has been produced by feeding large quantities of mesquite beans to cattle in tests. In addition, the pastures usually contained dry alkali saccaton or tobosa grass.

Animals chew continuously, often holding the head to one side as if chewing was painful. Saliva haags from the mouth in long strings and resembles meringue. Feed troughs and salt boxes will contain several quarts of the saliva. About a fourth of the animals have the tongues hanging out from half an inch to four inches. As many as half the animals will have swelling under the jaw and throat. The swelling may come and go and the salivary glands are often enlarged.

Animals become emaciated and anemic and lose weight, often losing as much as half of their weight. Hair may be long during the winter but after summer shedding, bare areas will appear. They are nervous and have muscular tremors especially around the face and muzzle.

When the symptoms appear, the damage has been done. Often it does not show up until the rancher starts to feed hay. Animals cannot utilize hay or graze on dry grass. The animals will gain on concentrate or will do good on good green grass.

The studies indicated that the trouble may appear long after the animal has been taken off mesquite beans as the beans have been found in the stomach months after no beans were available. Cattle showing the symptoms should be marketed as soon as possible as no treatment is available at the present time. The studies are being continued in hopes that some supplemental feed can be found to feed with the beans which will offset the trouble caused by the beans alone.

**CARD OF THANKS**

I want to thank all my friends for the flowers, cards, visits and other acts of thoughtfulness while I was in the hospital. All were appreciated.

Good to choice yearlings sold from \$16 to \$17.50, and cull to medium yearlings sold from \$12 to \$15. Stocker yearling ewes cashed at \$18 down.

Slaughter ewes sold from \$7 to \$8. A few breeding ewes sold from \$18.50 to \$15, according to age and quality. Old wethers cashed at \$13 down. Aged bucks sold from \$5 to \$5.50.

Mrs. N. F. Duncum of San Antonio visited her sister, Mrs. Mildred Emery here last week-end.

**Behind The 8 Ball**

The Sterling County Hospital expresses its appreciation to Mr. and Mrs. R. T. Caperton for the gift as a memorial to Charley Bowen.

Such brings to mind that many people could give memorial gifts of money to the hospital rather than flowers to friends at death. Boys Ranch, San Angelo Memorial Hospital, and many medical foundations encourage such memorials and now and then families of deceased ask the public not to send flowers but to send memorial gifts to such institutions in memory of the deceased. Some of my distant relatives did this not many years ago.

I'm sure that flower memorials are much appreciated by the family, but the memorial gifts might also be as comforting to the family.

It's a matter for thought.

Churches, too, are beginning to encourage such memorials and after they "catch on" much good is done in memory of deceased friends

and relatives.

And it's all for good cause.

8-BALL

Mrs. Witt Hines is touring Old Mexico with a group of 40 from Sul Ross College. She will be gone until August 16, having left on the 20th of July.

8-BALL

The Lions Club plans to spray the town again for fly and mosquito control. The material costs plenty, and it is hoped that some contributions will be made by individuals and business men toward defraying the costs. Should you want to help pay some of the costs, just deposit the money in the bank, or make a donation to any Lions Club member. It will be appreciated.
