Two Elections Looming

City Election Here April 1

There will be a city election for the purpose of electing two councilmen and mayor, said mayor John Walraven this week. The two city councilmen who are going off the council are R. T. Caperton and C. A. Long. Caperton has moved to New Mexico and Long has submitted his resignation—months ago—when he could be replaced, said the mayor.

Walraven said the mayor's term was also expiring.

Should any citizen like to be a candidate, they must file with the city secretary for their names to be printed on the ballot. The final date for filing is March 1.

Other members of the city council include J. I. Cope, Fred Hodges, and Horace Donalson.

North Concho River Soil Conservation News

Prospects for this year are looking better than for many years. This appears to be the year to establish permanent grasses on old fields that have been turned out, fields to be used for supplemental pasture, soil bank land, and bare rangeland. In the example above native grasses should be used where fields will be treated as range. If introduced grasses such as Blue panic, Sorghum Alum, or others are used, small amounts of native grasses should be used. This will provide a seed source for the reseeded area.

The Sterling County ASC Committee has one farm level to be sold to the highest bidder. Written bids are being taken at the ASC office. We will take bids through March 7, 1958. The county committee will open the bids at their regular meeting following the bid date.

For those who have been considering brush control, this year looks to be one of the best for aerial spraying of mesquite. We have a good bottom moisture, which is necessary. Trees should leaf out and be in good growing condition. If rains come in April or May then spray 50 to 90 days after leaves appear. Spraying after this date, conditions and per cent of kill will be less suitable.

Girls' Bi-District Basketball Game Here March 4

The bi-district basketball game between the Knott Hill-Billies (the winners of Dist 19-B) and the Merton Hornets (winners of 20-B) will be played in the Sterling school gym Tuesday night, March 4.

The game will start at 7:30 p.m. and admission will be 25c and 50c, said superintendent O. T. Jones this week.

School Board Trustee Election Here April 5

There will be a school board trustee election here on Saturday, April 5, it has been announced. Three members of the board term's are expiring. They include Worth B. Durham, president, R. T. Foster, Jr. and David Glass.

Other members of the board, and whose terms are not expiring, are Delbert Haralson, John Copeland, Jr., Chesley McDonald and Reynolds Foster.

The final date for filing to get a candidate's name on the ballot is March 5. To file, one must do so at the office of the county judge. —Mrs. G. C. Murrell.

Utilities to Serve Coffee, Sandwiches Tuesday

The West Texas Utilities Company here plans to serve turkey sandwiches, cookies, doughnuts and coffee in an open house at the office next Tuesday from 10:00 a.m. to 2:00 p.m. said local manager Tom Onstott.

Each year the office here holds open house and serves those who drop in. The home economist with the company and the salesmen all pitch in and help with the affair, along with the local office force.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

C. T. Williams
Mrs. Orb Pearson
Fannie Copeland
D. P. Glass
Neill Munn
Dismissals since Thursday morning of last week include—
Robert Foster
Lee Hunt
Mrs. Tyrus Davis
Tommy Foster
John T. Taylor
Mrs. George McEntire
Donna Butler

The hospital would like to acknowledge gratefully the gift of a 'Baby-Tenda' and a rocking chair for the nursery—gifts from the Epsilon Zeta Club.

Davis Critically Ill

J. T. Davis, local rancher and banker, is in a critical condition in the Shannon Hospital in San Angelo. Davis was hospitalized here in the Sterling County Hospital for several weeks and then transferred to the Shannon for some exhaustive tests. His condition has worsened through the weeks and his condition is critical, it is reported.

Lions Hear FFA Boys Wednesday

The Lions Club met Wednesday noon in the community center for the regular weekly luncheon meeting. A group of FFA boys brought a program on FFA organization, activities and history. Fred Igo, FFA instructor, had the program arranged as this is National FFA week.

Don McDonald acted as spokesman for the group of first year FFA boys. Appearing on the program with Don were Sam Nance, David Drennan, Jimmy McCarty, Craig Sparks, Kenneth Fincher and Daniel Gonzales.

President Horace Donalson appointed a committee to look into the matter of an airstrip for Sterling City's future use in the coming air age. Such action has been suggested by the Civil Aeronautic Board of Texas. Donalson named Delbert Haralson, H. M. Knight and Roland Lowe.

Club members were reminded of the sale of the "Blind-Made" brooms, mops, etc. here March 12.

Mrs. Dean Chenoweth Reviews Book at Club Tea

Thirty-five persons were present when the Noratadata Club held the annual tea and book review Thursday night of last week. The affair was held in the community center with Mrs. Joe Emery, Mrs. Forrest Foster, Mrs. Dean Johnson and Mrs. Neal J. Reed as hostesses. Members of the Wimodausis and Epsilon Zeta clubs were invited guests at the gathering.

Mrs. Dean Chenoweth of San Angelo reviewed the book "Lydia E. Pinkham."

Epsilon Zetas Elect New Officers

Mrs. Winn McClure was elected president of Epsilon Zeta Club on Monday and club projects were planned.

Mrs. Don Hodges was named vice president; Mrs. Fred Igo and Mrs. Ray Nixon, secretaries; Mrs. John Copeland, treasurer; Mrs. Elroy Butler, reporter; Mrs. Clinton Hodges, historian; Mrs. Delbert Hopper, parliamentarian, and Mrs. Leroy Butler, federation counselor.

The club decided to sponsor tuberculosis patch tests for both school and pre-school children, in cooperation with the Sterling County Hospital. A baby chair and rocking chair has been purchased for the hospital nursery by the club.

The club made plans to employ a bridge instructor to hold courses here this summer.

Mrs. Charlie Davis and Mrs. Don Hodges were elected as delegates to the General Federation of Women's Clubs convention in Detroit. Mrs. Nixon and Mrs. McClure will attend the TFWC District 6 convention March 25 in Sweetwater.

BALLINGER HOST TO CIVIL DEFENSE PROGRAM

A District Civil Defense Program will be held in Ballinger on March 5, 1958, at the Runnels County Courthouse. A program of great interest is in store for all those attending according to Mayor Bill Moore.

Among the outstanding speakers to participate will be William L. McGill, State Coordinator of Civil Defense; Joe S. Fletcher, Deputy Director of the Texas Department of Public Safety; and William O. Breedlove, County Judge of Brown County.

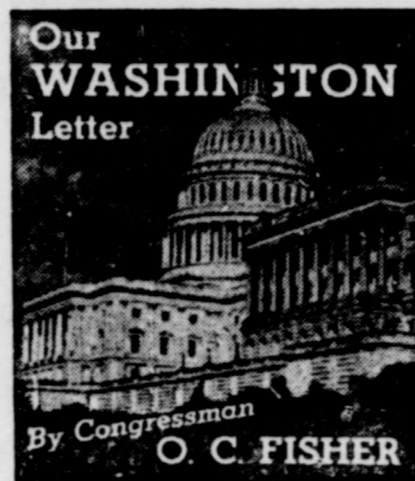

All officials and parties convened in this area are urged to attend the meeting which will be called to order at 9:00 a.m. and last through out the day. Registration will begin at 8:30 a.m. in the district court room.

County Judge W. H. Rampy urges all County Judges and Sheriffs from the neighboring counties to attend, and has sent out invitations to officials in twenty counties.

Named Freshman Favorite

Bill Young, son of Mr. and Mrs. W. L. Young, has been named the freshman favorite at Sul Ross College, Alpine. Bill, a footballer, got a broken arm in spring training there about a week ago.

Good Rains Last Week

Weather had the spotlight all to itself in Washington last week where for three days the Capitol city moved at a snail's pace, shut down and zeroed-in under a 14-inch snow. It was the coldest in two decades, and the snow was the heaviest since 1936, described as 'classic' by the Weather Bureau.

In fact, the Weather Bureau put out a special bulletin trying to explain what happened. "The storm developed as two centers of low pressure moved across the Gulf of Mexico area and combined into one center in Alabama and then moved along the East Coast intensifying rapidly as it passed north. . . ."

Scientists got into the act. Baffled by a 14-inch snow that fell within a few hours, they came forth with an explanation. When the air pressure in a given area is low, the air has a tendency to rise, they explained. Higher-pressure air comes rushing in to take its place and pushes the old air further up. That's how a storm is born.

As the old air rises, it gets cooler and cooler, and the moisture in it begins to condense, turning into clouds. The faster it rises, the more condensation there is.

If too much moisture condenses, the clouds can't hold it all, and it begins to fall. Whether as rain or snow depends on the temperature. And that's what happened on the weather front.

AMONG RECENT Visitors have been Lt. John R. Edwin of Menard in Washington in charge of a group of Army marksmen who contested in a national meet at nearby Laurel, Md.; Miss Jimmie Sanders of Menard, who will graduate in Nursing at a school in Baltimore this summer; Lt. Fritz Landers, also of Menard, en route to Ft. Eustis, Va. to spend six months of training; Lt. Robert C. Davee, USNR, here on a brief tour of duty with the Judge Advocate General of the Navy. Bob is from Brady.

The new Congressman from Tennessee, Robert Everett, just elected to succeed the late Jere Cooper knows and likes the Texas hill country. A cousin of Mrs. Martin Wright of San Antonio, he has visited on her ranch in Bandera County several times. "That's wonderful country," he says "and you are lucky to live in those hills."

Jim Butler to A&M Course

Jim Butler, highway department foreman here, left Tuesday morning for Texas A&M to attend a week's course given for highway foremen. Five foremen from this San Angelo district went to the school.

Bountiful rains, averaging over two inches, fell slowly over the entire county last week, soaking in a good season for the rangelands. Most of the rain fell Friday and Saturday, but small amounts had fallen all week with slow drizzles, mists and sprinkles. No run-off of any consequence was seen. All of the rain soaked in where it fell.

No sunshine pierced the clouds the whole of last week. This week though, high winds on Wednesday seemed to conspire to dry out the moisture left by last week's clouds.

Prospects for the spring and early summer are the best in many years here. Last fall and winter's rains, coupled with the rains of last week, will have the ranges in the best condition. The only real worry of ranchers now will be the bitterweed crop. Or (perish the idea) too much rain. When that happens, the lambs and calves are light and the wool worms are bad.

Public School Week

Next week, March 3—8 is Public School Week in Texas and will be observed in Sterling City, said school superintendent O. T. Jones.

Parents and patrons are invited to attend any part of school next week and inspect and visit.

High Winds and Dust Wednesday

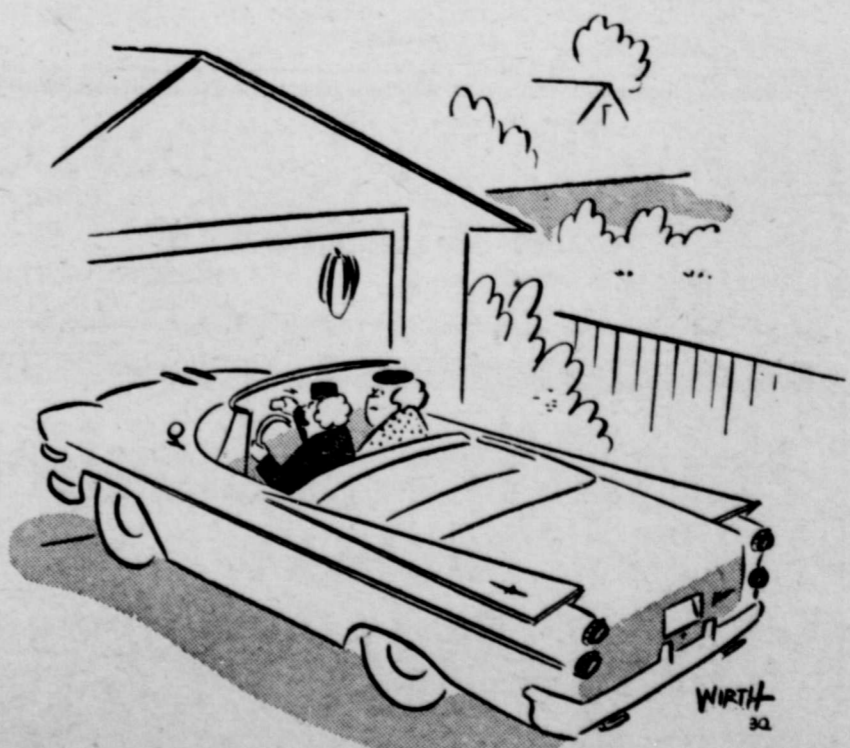

A real duster blew in to Sterling before noon Wednesday. It would have seemed impossible for a dust storm to blow in following a week of rainy weather—but it did!

Strong westerly winds brought in the dust from the west and gusts approached fifty miles per hour before calming down.

School Lunchroom Menus

- MONDAY, MARCH 2
Hot Dogs, Pink Beans
Buttered Carrots
Vegetable Salad
Enriched Bread
Devil's Food Cake

Rolls, Ice Cream

Ball Game Nets \$84.11 for MOD
In the Points for Polio basketball game recently at the gym a total of \$84.11 was netted for the March of Dimes, reported Weldon Snodgrass. He said that \$9.00 more had been pledged but had not yet been paid in but when it is paid in, would make a total of \$93.11.

"Henry always fixes this rear mirror so all you can see is the car behind."

Baptists Have New Preacher

Rev. Billy R. Crews
The new Baptist preacher moved into the parsonage this week and was officially welcomed in to the church with a pounding and a supper and kitchen shower at the local church Wednesday night of this week. The new pastor is the Rev. Billy R. Crews of San Angelo and he and Mrs. Crews have a fifteen-months-old son.

The new minister is a graduate of Hardin-Simmons University of Abilene and has attended or had some training at the Southwestern Baptist Seminary at Fort Worth.

Rev. Crews has held only one pastorate before—a church at Stamford, Texas. He has held Youth Revivals over this area and is known by that work. He is the son of a minister.

Methodist To Cancel Sunday Night's Service so Members May Attend Baptist Church

The Rev. L. S. Dubberly, pastor of the Methodist Church here, said that his congregation would be dismissed Sunday evening, in order to attend the Baptist Church and welcome the new preacher, Rev. Billy Crews.

The morning Sunday School and worship and evening youth meetings will be held as scheduled at the Methodist Church. Only the evening worship service will be called off, said Dubberly.

FOR SALE—Upright Morley Piano—old but good. \$85.00. See Mrs. J.D. McWhorter, phone 8-3811.

Rubber Stamps at News-Record.

Lone Star 4-H'ers Rate Honors

Four Texas 4-H Club members are off to a good start in 1958 richer by practical experience and material rewards. They were judged best in the state for their 1957 project work, and each received a valuable award. Their over-all 4-H records were reviewed by the State Extension Service which directs the 4-H programs in cooperation with the U. S. Department of Agriculture.

Clifford Smith

Keith Lowery

Raby Beakley

David Kuperman

Clifford Smith, 17, of Willacy county, is a boy who believes that livestock is both fun and fundamental to an all-round farm. Named state winner in the 4-H Meat Animal program Smith received a smart pen and pencil set in recognition of his selection, the gift of Thos. E. Wilson, donor of awards.

After six years Smith's beef project has reaped big dividends. He handled 81 head of cattle. His herd bull, valued at \$11,000, is responsible for 42 award ribbons and trophies.

Smith is plowing back cash prizes and profits into his project to build up his herd of Herefords. He has made three trips to the Texas 4-H Round-Up, and was president and junior leader of his 4-H Club.

A boy who has no trouble seeing the forest for the trees is Keith Lowery, 16, of Nacogdoches county. He was named winner of the state 4-H Forestry award and received a handsome pen and pencil set from American Forest Products Industries.

For his tireless efforts in five years of 4-H forestry, Lowery owns over 40 acres of timber. Earnings from pulpwood sales will help finance his college education, he says.

This energetic lad cleared, pruned, measured and ringed trees in his father's 700 acres of woodland. He helped set out

30,000 slash seedlings. Also he built and repaired the fences to protect them.

Lowery has won 4-H awards for his poultry project, and was active in judging poultry, livestock and soils.

A friendly smile and a silver tongue paid off in top state 4-H honors for Raby Jean Beakley, 17, of Brown county, and David Kuperman, 16, of Stephens county. The pair were named winners in the 4-H Public Speaking program, and their persuasive oratory was rewarded by The Pure Oil Company.

Miss Beakley was presented with a certificate of honor and a beautiful set of silverware. Her firm belief in the joys of rural living was the foundation of her winning speech, "Fun on the Farm."

During her nine years of 4-H Club work, Miss Beakley gave 28 speeches to audiences of close to 2,400 people. In addition, she appeared on radio and TV programs.

Kuperman also received a certificate plus a handsome 19-jewel wrist watch. An eloquent explanation of what 4-H leadership training means to America's future was the basis of his award-winning talk.

Several 4-H talent-night and radio speeches rounded out this talented youth's six years of 4-H Club work.

The 25th Annual San Angelo Fat Stock Show opens next Wednesday, March 5, at the show grounds in San Angelo. This will probably be the last show to be held without a coliseum. The coliseum, originally scheduled for completion for the 1958 show, will not be completed until early summer, due to delays. There will be no rodeo held this year during the show; present plans call for the rodeo to be scheduled for a later date, possibly after the coliseum is completed.

Entries in the show are down slightly this year. In the fat lamb department, there are 670 entries. There are 67 registered Rambouillet entered in the junior breeder owned show and over 100 in the junior open Rambouillet show. There are 90 groups of three range ewe lambs in that class, a new class just added this year.

Vestal Askew of Sonora will judge fat lambs. Ivan Watson of New Mexico A.&M. will judge the range ewe lambs.

Wednesday will be devoted to weighing, sifting and classifying.

Fat lambs will be judged starting at 8:30 Thursday morning. Adult Rambouillet, Delaine, and Hereford classes will also be judged Thursday morning. Thursday afternoon junior Rambouillet, Delaines and Herefords will be judged. At 8:30 Friday morning the junior range ewes will be judged; at 10:00 the steers will be judged. Friday afternoon the junior Rambouillet show will be continued and the Angus cattle will be judged. The livestock judging contest will start at 8:00 Saturday morning and the sale of livestock will be held at 10:00.

Sixty lambs will be sold. They will be selected on a percentage basis with the largest number of lambs sold coming from the largest class, the smallest number from the smallest class.

Seventeen Sterling County 4-H club members will exhibit 34 fat lambs, 6 registered Rambouillet, and 12 head of range ewes in the show; this makes a total of 52 head of sheep. Members and the animals they will exhibit are as follows: Lynda Allen, 2 finewool lambs; Jack Clark, 1 finewool lamb; Barbara Clark, 1 finewool lamb, 3 range ewes; Jerry Payne, 1 finewool lamb, 1 crossbred lamb; Carclyn Payne, 1 finewool lamb, 1 crossbred lamb; Jeanie McDonald, 2 finewool lambs, 1 crossbred lamb; Cecilia McDonald, 2 finewool lambs, 1 crossbred lamb; LeRuth Reed, 2 finewool lambs, 2 crossbred lambs; Mitsy Davis, 2 finewool lambs, 1 crossbred lamb; Bobbie Hallford, 2 finewool lambs; Larry Miller, 2 finewool lambs; Temple Ann Foster, 2 finewool lambs; Reynolds Lee Foster, 2 finewool lambs, 1 crossbred lamb, 3 range ewes; David Foster, 2 finewool lambs, 3 range ewes; Claudia Collins, 3 range ewes; David Durham, 3 registered Rambouillet rams, 3 registered Rambouillet ewes.

There is still time to spray your pecan trees or fruit trees for scale if you have not already done so. Time is running out rapidly but

it can be done in the next week or so without danger to the tree.

Use 3 gallons of 97 percent oil emulsion in 100 gallons of water. Any type of equipment that will reach all parts of the trees with the spray is satisfactory.

Now is also the time to cut budwood if you are planning to do any budding on your pecan trees this year. Budwood should be cut now and stored for use in late April or Early May, whenever the bark begins to slip. Cut your budwood from previous season's growth. Sticks will be from ½ to ¾ inch in diameter. Select good vigorous plump buds. Sticks should be from 12 to 18 inches long. Tie the sticks in bundles of from 50 to 100 buds; tie tightly.

To hold in cold storage, the bundles should be packed in damp shavings or peat moss wrapped in newspaper or any other paper, and held at from 34 to 40 degrees. They can be stored in an ordinary refrigerator.

The Field Day at the Balmorhea Experiment Station will be held next Tuesday, March 4. The cattle on the performance test will be viewed that morning. The afternoon will be devoted to discussions on performance testing, carcass data discussions, and fertility testing of range bulls. The latter will include a demonstration.

All interested persons are invited to attend.

The week of March 1-8 has been proclaimed National 4-H club week by President Eisenhower and Governor Daniels. During the week the 111,535 4-H club members in Texas will be honoring their parents, the theme of this year's club work. Parents are a vital part of club work; they supply the boys and girls with the inspiration and help necessary in carrying on their projects.

Many areas have planned special observance of the week but the San Angelo Stock Show makes that impossible in Sterling County. However, we would like to salute the parents for their cooperation and help.

All Big Eaters

WORLD CHAMPION MILKER. Green Meadow Lily Pabst, boasted a hearty appetite during her record production of 42,805 lbs. of milk in a 365-day test—as a seven year old. Her daily menu: alfalfa-brome pasture day and night, 40 lbs. of grain, and all the alfalfa hay she wanted. Last two months on test, she tucked away an extra bushel of carrots daily. Her home—Green Meadow Farms, Elsie, Mich.

APPETITE of a two-ton hippopotamus, with a four-foot mouth and a stomach about 10 feet long, calls for a 75 pound bale of chopped hay daily. (N. Y. Zoological Society Photo)

SHREWS ARE RAVENOUS. mouse-like animals that eat their own weight daily. Native to the U. S., they eat mostly bugs and worms but get so hungry they attack and devour animals larger than themselves. (Chicago Natural History Museum Photo)

BIGGEST "HOG" OF ALL is this new McCormick hay baler, capable of baling 10 times its own weight every hour. USDA indicates today's farming methods enable farmers to produce a ton of hay with only half the labor required 10 years ago. Production per farm worker has doubled since 1940. Development of other labor-saving machinery is certain to bring even greater efficiencies in farming during the years ahead.

JUNIOR CLASS TO SPONSOR BOX SUPPER MARCH 15

The Junior Class of Sterling City High School is sponsoring a box supper March 15 in the school gym. The affair will begin about 7:30 p.m. and the boxes will be auctioned off, said a class spokesman. Everyone is invited and urged to attend the supper.

Quick 'N' Easy Sauce
By Betty Barclay

AT THIS time of year, when we're all so busy with holiday activities, there isn't always time to make elaborate desserts. But the simplest cake or pudding becomes a delightful treat when it's topped with this easily-made sauce, rich with the deeply satisfying flavor of unsweetened chocolate.

Chocolate Marshmallow Sauce
1 1/2 squares Baker's Unsweetened Chocolate; 1/2 cup boiling water; 1 tablespoon butter or margarine; 2 tablespoons corn syrup; 1 tablespoon marshmallow cream; 1 cup sugar; 1/4 teaspoon salt; 1/2 teaspoon vanilla.

Melt chocolate over hot water. Add 1/4 cup boiling water, the butter, corn syrup, marshmallow cream, sugar, and salt, stirring constantly until sugar is dissolved and mixture is blended. Place over direct heat and boil 3 minutes. Stir in vanilla. Serve warm on ice cream, cake, or other desserts. Makes 1 cup sauce.

Coconut Holiday Treats
By Betty Barclay

FOR AN extra-special treat during the holiday season, make these extra special holiday macaroons.

These flavorful morsels, which combine tender-thin flaked coconut with dates (or figs) and nuts, will be welcome as an accompaniment for desserts or at snack time.

Holiday Macaroons
1 1/4 cups Angel Flake Coconut; 1/2 cup finely cut dates or figs; 1/2 cup walnuts, cut; 1/2 cup sugar; 1/8 teaspoon salt; 1 egg, well beaten; 1/2 teaspoon vanilla.

Combine coconut, dates or figs, walnuts, sugar and salt; mix well. Add egg and vanilla and blend; let stand 5 minutes. Then drop from teaspoon onto greased baking sheet. Bake in moderate oven (350°F.) 15 minutes, or until golden brown. Remove at once from baking sheet. Makes about 1 1/2 dozen macaroons.

Looks of House From Rear As Important as Front View

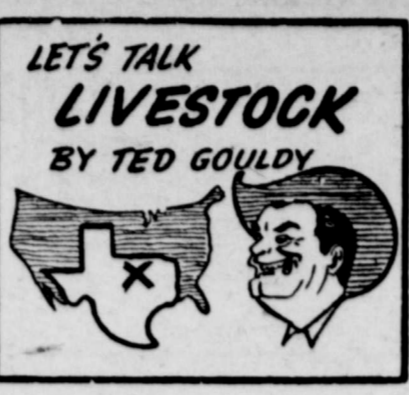

Does your house look as good from the back yard as it does from the street? More and more families today are recognizing the importance of a good-looking rear view as well as a handsome front because of the time they spend "out back."

A good example is the backyard view of this modern, two-story home. Its owner-builder used subtle good taste in combining vertical and horizontal wood siding stained in redwood tones with white windows of ponderosa pine.

Stone work on the chimney and porch foundation add a further modern touch, while overall color is contributed by green blend asphalt shingles on the main roof and the long dormer. Even though the dormer roof has a relatively low pitch, asphalt shingles were used because of a recently-developed application technique especially designed for low-pitched roofs.

Windows upstairs and in the kitchen downstairs are ponderosa pine awning style. The large picture windows consist of a fixed sash flanked by smaller awning windows which open for ventilation. All are stock windows available from building materials dealers.

The screened porch at the left has a sun deck roof which can be reached through a door from the master bedroom upstairs.

CALF CROP OFF 2% IN 1957, 10% ABOVE AVERAGE

FORT WORTH—Figures made available by the SDA Crop Reporting Board in Fort Worth this week indicate that the nation's calf crop was off 2% in 1957, yet was 10% above the 1946-1955 average. The decline was credited to the drop-off in numbers of grown cows and heifers over two-year-olds.

The only area in the nation which reflected an increase in the calf crop last year was the South Atlantic States, which showed a three percent climb.

RAINS CLOBBER LIVESTOCK MOVEMENT IN SOUTHWEST

Wet grounds held livestock movement to a minimum at Southwestern and Southern points at the start of this week. The limited offerings reported in these areas was offset by considerable expansion in the Northern areas as clearing weather following recent storms put farmers back in the livestock selling business.

At Fort Worth cattle and calves were generally fully steady, except cows, which class wound up a slow trade with 25 to 50 cents or more lower prices.

Good and choice steers and yearlings cashed at \$24 to \$28, and medium and lower grades cashed at \$16 to \$23. Fat cows sold from \$16 to \$18 and canners and cutters cashed at \$10 to \$16.50. Bulls drew \$14 to \$20. Good and choice slaughter calves cleared at \$24 to \$27, and medium and lower grades cashed at \$15 to \$23. Stocker steer calves bulked at \$24 to \$28, and heifer calves sold from \$26.50 downward.

HOGS TOPPED AT \$21.50; SOWS AT \$19.00 DOWN

Choice butcher hogs cashed at \$21.50 at Fort Worth Monday, the top 50 cents under the close last week. Medium to good butchers from \$18 to \$21, and sows cashed at \$17 to \$19.

SHEEP AND LAMBS CLIMB; MILK LAMBS TOP \$24.50

Grade was very active and prices were strong to 50 cents or more higher on sheep and lambs at Fort Worth Monday.

Good and choice milk fat lambs cashed at \$23.50 to \$24.50, and good and choice old crop lambs ranged from \$21 to \$24, the higher figure on some woolled club lambs. Some No. 1 pelt lambs cashed at \$23 and \$23.50 downward, and shorter pelts ranged from \$23 downward. Medium grade feeder lambs cashed around \$19 to \$21. Slaughter goats sold around \$7. Slaughter ewes and bucks sold from \$8 to \$10, a load of aged bucks at \$9. Aged wethers were reported from \$14 to \$16.

Tunisian President Habib Bourguiba

Prime Minister Habib Bourguiba of Tunisia was born August 3, 1903, in Monastir, Tunisia. His father was a Tunisian Army officer, and his grandfather was one of the leaders of a rebellion in the nineteenth century against illegal taxes. Bourguiba studied at the College Sadiki and the Lycee Carnot in Tunis and at the Faculte de Droit in Paris. After his return from Paris he worked within the Destour party, representing nationalist opposition to the French, until, convinced that the party was not working for the Tunisian people, he formed the Neo-Destour party in 1934.

He spent the next eleven years working for Tunisian independence although often jailed by the French. After World War II, Bourguiba continued his efforts and in 1949 the Neo-Destour party sponsored a cabinet in Tunis after the French agreed to discuss "internal autonomy" for Tunisia. But in December, 1951, the French announced that they intended to keep Tunisia indefinitely under French rule. In January, 1952, the Tunisians appealed to the United Nations, and France retaliated with a series of repressions and Bourguiba was again jailed. In 1954, Premier Mendes-France started negotiations with a new nationalist cabinet formed by the Neo-Destour party for internal autonomy in Tunisia.

Home rule for Tunisia was announced on June 3, 1955, and Bourguiba returned home in triumph. March 20, 1956, the independence of Tunisia was declared and on March 25, representatives were elected by the Tunisian people to a Constituent Assembly. Bourguiba was selected to serve as Minister of Foreign Affairs and Minister of Defense, as well as to hold the post of Prime Minister.

Prime Minister Bourguiba has said of Tunisia, "the liberty of individuals and of nations is sacred in our eyes." A part of Tunisia's foreign policy is the end of the Algerian-French war. Bourguiba has said frankly that a weakness of the West is that it includes colonial powers who are trying to maintain their rule over other peoples by force.
