AROUND
THE
COUNTY
by

ARTHUR BARLEMANN, JR. COUNTY AGENT

School's out! The students and the professors have scattered to their homes in the 41 states represented at the Western Regional Extension Service Summer School. Some of the 291 agents in the school were going to take advantage of their location in the western part of the United States and make some trips on the way home. Many of the agents from the eastern part of the country felt that this was as good a chance as they would ever have to see the west.

Final count of those finishing the school was 291 from 41 states, 9 foreign countries. Texas had 31 agents in attendance and was second only to Kansas which sent 32 agents. Had all the Texas agents been there however, we would have outnumbered Kansas by three.

On the way home we made a trip through the Rocky Mountain National Forest over Trail Ridge Road. There we ran into a snow and sleet storm on the 3rd of July. Not a heavy storm but enough that the snow and sleet was easily visible on the ground and was beginning to cover.

By the time we got into Denver however we felt more at home. There a good old fashioned duster was blowing in ahead of a thunderstorm. Wind was blowing around 50 miles an hour and small rocks the size of shot were filling the air for awhile. Felt like the dusters that roll through this part of the country—visibility was limited to about the front of the car part of the time and about 50 feet most of the time.

Grasshoppers continue to be a problem around here. The same story is true over several states around Texas—Oklahoma, Kansas, New Mexico and others say they were having trouble with them also. They are so numerous that the sprays aren't able to control them. The sprays are killing them in large numbers but there's enough of the pests that it seems two take the place of each one killed.

A report from the entomologist with the extension service just out makes the same recommendations used in the past—dieldrin, heptachlor, aldrin, toxaphene, or chlordane. There have been people who have reported excellent results with any of these while others have said they killed few if any hoppers. Weather, age of the hoppers, amount of insecticide used, time of day applied, and other factors all have something to do with the effectiveness of the insecticides.

Hot dry weather will keep the grasshoppers increasing. Cloudy, rainy weather for several days or a week would cut down the hatch considerably.

John McHaney, extension economist, reports that beef cattle numbers in the U. S. have reached an all time high. On January 1, 1959 there were 96,851,000 head of cattle in the country. This new record is three and a half million more than a year ago.

The biggest increase has been in young beef stock. Heifers rose 750,000 head while steers rose the same number. Calf numbers rose 1,300,000 as did the beef cow numbers; milk cows decreased 600,000 leaving total cow numbers at an increase of 700,000.

Because cow numbers are not as large as in the past, a big expansion is not expected this year or even in 1960. Prices might tend to become lower in 1960 and 1961 because of the expected increase. The

Santa Fe To Donate Depot and Stock Pens To Public

Plans are now underway for conducting an appraisal of the Santa Fe passenger station with its underlying ground and of the stockyards, its underlying ground and access roads. These appraisals are being made at the request of the railway company. In a letter from Mr. L. M. Olson, vice-president and general manager of the Gulf, Colorado and Santa Fe System, he said: "The purpose of such appraisal is to support a donation of such facilities to the county, with the understanding that both would be used in the public interest, and that the station building would in turn be deeded to the city, as earlier indicated."

Mr. Olson also expressed regrets about "pulling out" of a town whose people are so fine and friendly.

Methodist Church Activities

Following the morning services next Sunday, the pastor of the Methodist Church, the Rev. Asa Avant, will leave on a vacation. He will preach at the 11 o'clock hour and Stanley Horwood will preach that night.

Walter Lipps To Be Here Sunday, July 19

A former pastor, Walter Lipps will preach both morning and evening on Sunday, July 19. Lipps, now superintendent and treasurer of the Mount Wesley, Kerrville, is well-known in Sterling.

Rev. Lipps has served as pastor in the following Methodist churches—Round Rock, Carizzo Springs, Sterling City, Yoakum, Beeville, Victoria, Llano and Highland Terrace in San Antonio.

Also at present Lipps is the treasurer of all the funds of the Southwest Texas Conference of the Methodist church. Attending the district-wide evangelistic meeting at the First Methodist Church in San Angelo Wednesday night were the Rev. and Mrs. Asa Avant, Mrs. Roy Foster and Mrs. Finis Westbrook and her daughter, Janet.

Main speaker at the meeting was Dr. William Fullerton of Ireland.

Hair Stylist at Garrett Beauty Shop

Charles Churchill is now working at the Garrett Beauty Shop as a hair stylist and operator. Charles, a son of Mr. and Mrs. Marvin Churchill, has an instructor's license as well as an operator's license. He has taught beauty courses in hair styling at beauty college.

Mrs. R. T. Foster, Mrs. Finis Westbrook and Janet left Thursday by plane for Washington, D.C. They plan to do some sightseeing in the capital, and early next week they plan to go down to Williamsburg and Jamestown, Virginia to see the restored colonial settlements there.

big break will probably come later in the 60's unless another drought covering the major cattle producing areas causes sell-outs.

Present prices for fall contracted calves are varying but most are higher. The prices over the southern and western states have varied from 32 cents to 42½ cents depending on the quality, numbers and weight.

LIONS CLUB SHINDIG Watermelon Supper Next Thursday at 8

The Sterling City Lions Club voted Wednesday to have a watermelon feast in the city park next Thursday night (July 16) at 8 o'clock. Ice cold watermelon will be served to the public and everyone is cordially invited to attend. The affair is a money raising event of the club's.

Ice cold watermelon will be sold by the slice by the club and an evening of fellowship or visitation will be enjoyed by all. The melons will be sold by the slice, but the amount was not decided upon at the Wednesday meeting.

The new president, Alvie Cole, presided at Wednesday's luncheon meeting. The members decided to again have a member responsible for a program and a prize each week. Next week S.M. Bailey has the program and Earl L. Bailey has the prize.

Guests at the luncheon on Wednesday included Flavy Davis, Charles Churchill and Collin Douthit.

Softball Tournament Set For July 23-24-25

The club is sponsoring the state softball tournament here on July 23-24-25. A number of teams will participate and at least ten games will be held, said Darrell Flynt. A concession stand will be run and a snow cone concession is being worked out with Elroy Butler. Town business will be increased during that week end due to the number of people here for the games from over the state, it was said.

BOY SCOUTS AT CAMP THIS WEEK

Scoutmaster Leslie Payne and C. T. Williams took the local Boy Scouts to the summer camp near Fort Davis this week for a week of summer camping and Scouting.

Mrs. J. R. Dillard, who underwent a major operation in the Shannon Hospital in San Angelo two weeks ago, was returned to her home here Thursday. She is recovering nicely, it was said.

Dr. J. D. McDaniel of Robert Lee is making routine calls at the Sterling County hospital this month.

CITY CEMETERY

All persons interested in the City Cemetery upkeep and clean-up please make your donations now to Mrs. Nan Davis or Mrs. Virgie Garrett. The clean up is now finished but donations are needed for the constant upkeep.

RAIN THURSDAY

About daylight Thursday morning showers hit Sterling and in the city .60 of an inch fell with some parts of the county reporting up to 1.50.

Good, but somewhat spotted showers have fallen in the county over the past two weeks, brightening the range picture for area ranchers.

As this paper is being printed on Thursday afternoon, it still looks as if it might rain more here. The forecast is for more scattered showers in the area Thursday night.

Lee Sprinkle Hurt In Accident Near Here Thursday

R. L. (Lee) Sprinkle was painfully hurt in a car accident near here Thursday morning. Lee had a blowout on a bridge about a mile this side of Broome as he was going toward San Angelo. He stopped and was changing the tire when a freak accident happened. A car almost stopped even with Sprinkle and caused the car behind to go into a skid. The car, driven by Dr. Gerald Andrew Reeves of Corpus Christi, skidded into Sprinkle's pickup and then hit Sprinkle. The blow broke both of Sprinkle's legs and bruised him up. Dr. Reeves splinted up Sprinkle's broken legs, using fence stays for splints.

A low ambulance took the injured man to the Shannon Hospital in San Angelo.

Investigating the accident were sheriff Bill Green, Highway Patrolman Jim Cantrell and deputy Jake Martin.

Sprinkle works on the David Glass ranch west of Sterling City.

Notice to Creditors of the Estate of Claude Collins, Deceased

Notice is hereby given that original letters Testamentary upon the Estate of Claude Collins, Deceased were granted to The Fort Worth National Bank on the 18th day of June, 1959, by the County Court of Tarrant County, Texas. All persons having claims against said Estate are hereby required to present same to the undersigned at its offices in The Fort Worth National Bank Building located at Seventh and Main Streets, Fort Worth, Tarrant County, Texas.

Wheat Referendum for 1960 Nears

Wheat growers of Sterling County will soon be making their annual decision on marketing quotas, chairman Billy Ralph Bynum of the Sterling County Agricultural Stabilization and Conservation Committee said today.

On July 23, they will join with wheat farmers in 38 other states in a referendum to decide the type of marketing control program they will have for the 1960 crop of wheat. The referendum is held at this time so that farmers will know at winter wheat planting time whether marketing restrictions will be in effect at harvesttime in 1960.

The wheat program on which farmers will vote, Mr. Bynum said, is the same as that which has been in effect for the last several years. Marketing quotas have been proclaimed by the Secretary of Agriculture as required by the law when supplies are excessive. They will remain in effect only if approved by two-thirds of the farmers voting in the referendum.

When wheat marketing quotas are in effect, farmers who comply with their individual farm wheat acreage allotments may market their entire wheat crop without penalty and are eligible for price support at least 75 per cent of parity. A grower who exceeds his allotment will be subject to marketing quota penalties on his excess wheat except that any grower may produce up to 15 acres for harvest as grain without penalty.

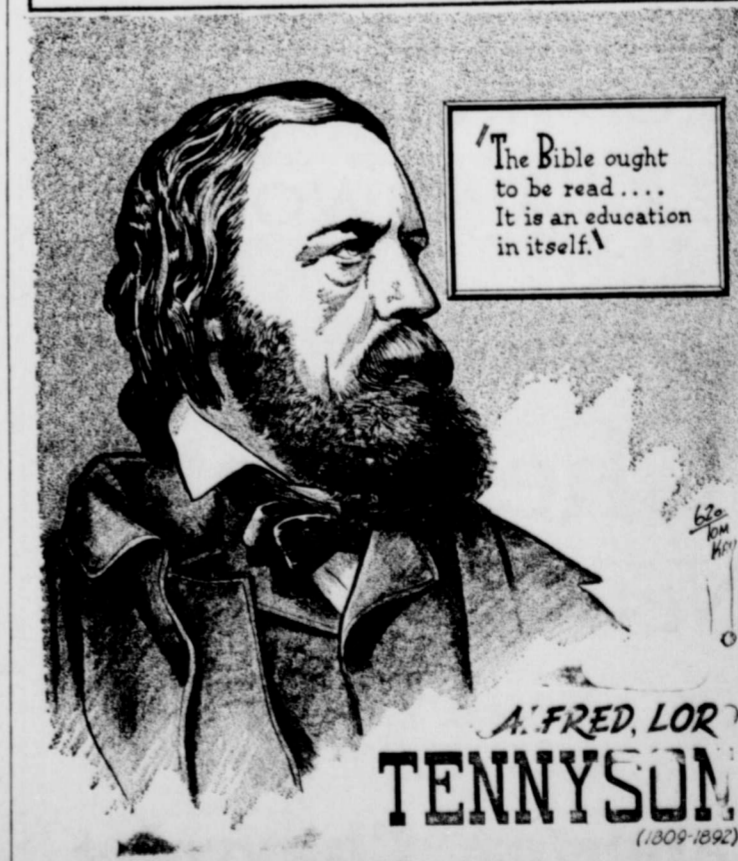

If more than one-third of the voters vote for no quota controls, they do not take effect and there are no restrictions of wheat marketings. Price support is available at 50 per cent of parity to farmers who comply with their acreage allotments.

The marketing quota penalty rate will be announced later, Mr. Bynum said. It is \$1.07 per bushel for 1959-crop wheat.

Any farmer is eligible to vote who expects to produce more than 15 acres of wheat for harvest as grain in 1960, except a grower who participated in the feed wheat program in 1959.

The Worth Durhams left Monday afternoon for their summer cabin near Antonita, Colorado where they will vacation for about six weeks.

STAPLES-STAPLERS at News-Record

STEEL WAGES AND EMPLOYMENT COSTS AT ALL-TIME HIGH

Steelworkers' average hourly earnings have consistently been above the average for all employees in manufacturing industries, and have increased more rapidly, according to Steel Facts, published by American Iron and Steel Institute. The increase in earnings far exceeds the increase in the consumer price index, as shown in the chart above. The rise in steelworker wages is even more precipitate if all employment costs per hour worked (insurance, pensions, etc.) are taken into account.

Vacationing?

plan to "go buy" Cosden

For vacationing or 'round-town driving, Cosden Gasoline delivers all the built-in power of your engine. It's a better brand to "go buy" for smoother, livelier engine performance . . . quicker, safer passing . . . and honest mileage economy.

Advanced refining techniques make Cosden a little better . . . and you can prove it. Take a "trip-check" with Cosden Premium Ethyl or Higher Octane Regular. You'll agree, for power, economy, and neighborly service . . . Cosden is a better brand to "go buy".

Cosden Motor Oils—10-w-30 or Heavy Duty—reach deep down in your engine and rout out friction before it starts. Match 'em with Cosden Gasolines for the perfect power-team.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved

in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All deviations concerning the conditions of payment will be made by the Board of Directors of the Association. **TEXAS SHEEP & GOAT RAISERS ASSOCIATION**
