AROUND THE COUNTY by

ARTHUR BARLEMANN, JR. COUNTY AGENT

The San Antonio Livestock Exposition and Rodeo officials ly opens to day—February 12—and runs through Feb. 21. First thing on the schedule is the sifting of all fat livestock which is the event for the opening day. Saturday, judging gets under way with the judging of fat lambs, calves and hogs.

Judging continues on Monday with the open steer show, open lamb, and hog shows. Tuesday morning the junior Rambouillets are judged with the open Rambouillet show scheduled for Tuesday afternoon.

Another event of importance to club members throughout the state at the San Antonio show is the Youth Honoree Banquet. The banquet is scheduled for 5:30 p.m. in the ballroom of the Gunter Hotel for four club members, two girls and two boys, from each of the twelve Extension Service Districts.

David Durham of Sterling County is one of the 4-H Club boys chosen to represent District Seven at the banquet. David was chosen on the basis of his records during his club career. He will be accompanied to the banquet by the county agent.

The annual beef cattle field day will be held at the Experiment Station at Balmorhea Saturday, February 27th. The field day concludes the 140 day gain test on bulls which is run at the station each year.

The morning portion of the day will be spent in visiting and looking over the cattle on test. Program portion of the day gets under way at 1:00 p.m.

Speakers on the program are A. A. Melton, associate animal husbandman of the station, who will outline some of the work in progress.

Dr. H. J. Hill, of Armour & Company's Denver office, will speak on Improvement of Beef Cattle Through Artificial Breeding.

Dr. R. J. Hildreth will outline some future beef cattle research projects. Dr. Hildreth is assistant director of the Experiment Station with headquarters in College Station.

There's still time to prune your fruit or nut trees. Time is getting short for this operation however.

Ordinarily nut trees, pecan in particular, are pruned only to suit the owner. Usually they need only that pruning necessary to give them the desired shape. Long limbs which may break off, limbs from bad forks which will weaken, and the like are removed.

Fruit trees are pruned however to improve the fruit bearing ability of the tree. Such trees as peach, plum and pear need to have some of the wood removed in order that the remaining wood can produce the best fruit. Too much wood left on the tree usually results in small fruit which is not desirable to the producer.

Cars Crash; Two Injured

Mr. and Mrs. Ollie Carper were injured when their car and one driven by Jack Webb (of Garden City) collided here Wednesday afternoon. The collision occurred at the intersection between the C. J. Dunn house and the one occupied by E. B. Hosea. Both Mr. and Mrs. Carper were hospitalized. Jack Webb was not hurt. The Chevrolet car of the Carpers was bashed in badly on the driver's side. The 1955 Ford driven by Webb had front end damages.

Noratadas Elect Officers Monday

Members of the Noratada Club elected new officers at the club meeting held Monday night of this week. Officers for next year were elected as follows:

Mrs. Leroy Butler-president
Mrs. Robert Foster-vice pres.
Mrs. Charles Allen- recording secretary
Mrs. Alvie Cole-corresponding secretary
Mrs. Worth Durham-parliamentarian
Mrs. M. C. Reed-treasurer
Mrs. Ross Foster-reporter and historian
Mrs. Stan Horwood-federation counselor

Mrs. J. R. Dillard was the hostess at the meeting. A salad plate was served. The community center was the scene of the party.

President Mrs. Stan Horwood presided over the business meeting. A report was made that the club helped collect \$429.20 for the current March of Dimes.

Mrs. Horwood was elected club delegate to the district convention which will be held March 16. Mrs. I. W. Terry was named alternate.

Mrs. Hubert Williams gave a talk on "My America." Club members present were Mrs. Charles Allen, Mrs. W. R. Brooks, Mrs. Bill J. Cole, Mrs. Worth Durham, Mrs. Joe Emery, Mrs. Forrest Foster, Mrs. Ross Foster, Mrs. Kenneth Peel, Mrs. F. S. Price, Mrs. Martin Reed, Mrs. I. W. Terry and Mrs. Finis Westbrook.

Guests present were Mrs. James McEntire and Mrs. W. J. Swann.

Bridge was played and Mrs. Swann was high guest, Mrs. Terry was high club, Mrs. Allen low and Mrs. Brooks binged.

HIGH WINDS

High winds from the west did some damage over Sterling City and over West Texas in general Tuesday. The gusts reached 102 miles per hour in the Midland and Odessa area. Some local TV antennas were damaged.

Democratic Candidates Assessed Monday

Candidates who are running for offices in the Democratic primaries this spring were notified of their assessments the first part of this week by Jack Douthit, Chairman of the Democratic Executive Committee. The assessments were for 6% of what each office paid last year. If two or more candidates are seeking the same office, the assessment was divided up evenly among candidates.

Seeking the office of District Judge, 51st Judicial District are Joe Mays, incumbent, William C. McDonald and William Davenport, all of San Angelo. They have five counties to pay into, and were assessed \$40 each in Sterling County, for a total of \$120. Justin Kever, running for reelection as 51st District Attorney, was assessed \$90.

C. J. Copeland, running for reelection as county commissioner was assessed \$90. In the county commissioners' race in Precinct 1, both R. T. Foster and Horace Donalson were tapped for \$45. Worth B. Durham for county attorney drew an assessment of \$405.

Jim Cantrell and Jake Martin, candidates for sheriff, tax assessor and collector, had to pay \$166.98 each. Congressman O. C. Fisher had to chip in \$65.65.

Candidates for the Texas Legislative post vacated by Obie Bristow, really don't have to pay but \$1 in counties of under 5,000 population, but three of the candidates for that office paid \$5, which is what they have to pay in counties of 5,000-10,000 population. The most they can be assessed is \$300 in the largest counties.

All five candidates are from Big Spring, being Angy Glenn, David Read, Frank S. Goodman, A. M. Ripps and Al Milch. Glenn, Read and Goodman voluntarily paid \$5 each.

Candidates for the higher state offices pay to the state executive committee. For instance, candidates for the office of governor have to pay \$1250, and there is no refund of unused money after the election.

The money is used to pay for the election judges and workers holding the election and counting votes; the election sets of supplies, the ballots, the forms for candidates to use to file for office and to file expense reports; for the minutes forms for the two county conventions, postage, and small incidentals, including up-to-date election law books each year, stamps, envelopes, phone calls and stationery.

The money not used when both of the Democratic Primaries are over is returned to the candidates as a refund.

Thusly do the Democrats determine the nominees of the party who will be listed in the Democratic column on the ballot in the general election the second Tuesday in November (this year).

Mrs. Joe Emery is secretary of the Sterling County Democratic Executive Committee. Jack Douthit is chairman and precinct chairmen are Ross Foster, Reynolds Foster, Mrs. T. H. Humble, W. H. Owens, the post of precinct chairman in precinct 1 is vacant at this time, due to the death of J. S. Cole.

Bramlett Home from Hospital
Bramlett (Stub) Allen, son of Mr. and Mrs. Mud Allen, returned home from the San Angelo hospital where he had undergone a hip operation several months ago. He is improving and is walking about on crutches, sad Mud.

Seniors Having Pie Supper
The senior class is having a pie supper in the home economics department next Tuesday night after the basketball game with Water Valley. Pie and a drink will be 25c said Jeannine Jones.

In case of fire dial 8-2121.

H. A. Chapple Named Fire Chief by City Council

H. A. Chapple was named Sterling City Fire Chief when the Sterling City Council met Monday night. In a move by the council Chapple replaces R. P. Brown, who was named city fire marshal. Brown has served for many years as the chief of the volunteer fire department. The move is primarily aimed at improving the fire department set-up so as to try to gain reduced fire insurance rates for Sterling.

Resignation of Horace Donalson Accepted

The resignation of city councilman Horace Donalson was acted upon. Donalson had tendered his resignation last month in order to run for the post of Sterling County Commissioner, Prec. No. 1. His place will be filled at the regular election for city offices to be held here April 5. Also at that time two other city councilmen will be elected, as well as a mayor.

Parallel parking on the north side of the highway in the city was discussed. Soon the order will go into effect, backed by the State Highway Department, the county and the city.

Mayor Rufus Foster brought up the matter of having two monthly meetings of the city council rather than one. The councilmen preferred to have only the regular monthly one and a called meeting if and when necessary. Mayor Foster thought some matters needed council action at times more often than once a month.

Present at the meeting were the mayor, and councilmen H. F. Donalson, Hugh Harzke, and Harvey Glass. Also city secretary Mrs. Johnnie Donalson, H. A. Chapple, R. P. Brown and Jack Douthit.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week were—

D. P. Glass
Fannie Copeland
W. R. Hudson
Mrs. R. P. Brown
Mr. and Mrs. Ollie Carper
Monseis Rodriguez
Mrs. Opal Cumbie
Dismissals since Thursday morning of last week include:
Thomas Earl Martin
Willene Glass
Lee Douthit
Collin Douthit
B. A. Haris
Marie Lara
Joy Flynt
Mrs. William Blair
Mrs. Frank Milligan

WIMODAUISIS CLUB

WIMODAUISIS CLUB HEARS NOMINATING COMMITTEE REPORT

The members of the Wimodausis Club heard the nominating committee report when they met Wednesday afternoon in the community center clubroom. The report was as follows—for officers for next year:

Mrs. C. A. Bowen-president
Mrs. Herbert Cope—vice-president
Mrs. Rufus Foster—recording secretary
Mrs. Harvey Glass—corresponding secretary
Mrs. E. F. McEntire-treas.
Mrs. W.N. Reed-parliamentarian
Miss Ethel Foster—federation counselor
Mrs. Rufus Foster-historian.

The program was on Science and Youth. Mrs. E. A. Crook, science teacher in the high school presented several of her science students, who gave interesting papers. LeRuth Reed gave "Science Literacy," Jeannine Jones gave "Careers for Women in Science," and Elizabeth Cole gave "Applications of Science in Everyday Life."

Mrs. W. N. Reed and Mrs. Frank Cole were hostesses.

Murder Suspect Is Caught in Tulsa

Riley Edward Gunn, 33, of Odessa, charged with the killing of Cecil Edward Grady, 29, in the Glass ranch pasture northwest of here on Jan. 15 has been nabbed in Oklahoma. Gunn was caught in Tulsa Thursday after he made a swap at a salvage yard for his blood stained car.

Sterling County Sheriff Bill Green and Ranger John Wood of Midland went to Tulsa Wednesday to trace the lead.

They will bring Gunn, who waived extradition, here. Gunn was charged after officers learned he was the last person seen with Grady on the night of Jan. 14, the night before Grady's body was found near here.

After drinking together at a San Angelo tavern, Gunn and Grady were believed to have gone to a San Angelo residence. Officers believe Gunn lost heavily in a poker game.

Both left the house early the next morning together, officers said. While Grady reportedly had about \$100 on his person when he left San Angelo. Only about \$11 was found on his body when it was found.

Grady was released from the State Penitentiary in Huntsville on his 29th birthday, the day before his death. From Huntsville he rode with a Coleman deputy sheriff to Coleman, where he bought a bus ticket for Midland, where he had relatives.

He got off the bus at San Angelo that night. Officers learned he had been in several San Angelo taverns the same evening.

An oilfield worker reported having seen a blood-drenched man in a stalled car at the death scene the morning before the body was discovered.

REAL DUSTER TUESDAY

A real old dust storm blew in Tuesday during the day. It was reminiscent of the old days, when the dust was always to be reckoned with. Tuesday's duster was due to a strong Pacific cold front, it was said.

Jodie Blanek has bought the Truck Stop here from W. Y. (Mac) Bengé. Bengé plans to go into the commission business, it is said.

In case of fire call 8-2121.

Alumni of Texas 4-H Activities Honored

Four former Texas 4-H Club members have been named state winners in the 4-H alumni recognition program for outstanding "post graduate" work in applying the principles and ideals of 4-H in their adult lives.

They are Roy B. Davis, 1901 29th st., Lubbock; Mrs. Woodrow Chervenka, Rt. 2, Rogers; A. W. Schaffner, Rt. 4, Cuero, and Mrs. Aaron McKinzie, Rt. 1, Dike.

Each received a burnished copper plaque donated by the Plant Food Division of the Olin Mathieson Chemical Corp. The program is conducted by the Cooperative Extension Service.

Davis, manager of the Plains Co-op Mill in Lubbock, became a 4-H member in 1918 when his family had a 160-acre farm near Lamesa in Dawson county.

He continued his interest and activity in 4-H work when he became a county agricultural agent in 1927—serving successively inaines, Terry and Hale counties.

Davis is still active in 4-H and other youth activity work and contributes considerable time and effort to further the various programs.

Mrs. Chervenka, wife of a farmer and mother of three children, was a 4-H member for three years as a girl. She is now adult leader of the East Bell County 4-H Club and is active in other community and civic affairs.

For her services she was named outstanding volunteer 4-H leader in the county in 1958. She is also a life member of the Rogers P-TA.

Schaffner, operator of a mobile feed service in the Cuero area, became a 4-H member in 1923 as a farm boy in DeWitt county. After service in the Marine Corps in World War II, he returned to Cuero and entered the feed business.

He aids young 4-H members by extending credit on feed for the animals they raise as club projects. He also advises them on the best feeding practices.

Mrs. McKinzie has been a volunteer leader of the Dike 4-H Club for four years and devotes many hours each week to club activities. She provides advice, encouragement and occasionally transportation.

A housewife and mother of two children, Mrs. McKinzie is also active in P-TA and church work.

OUTDOOR COOKING MADE EASY

— by Joe Bates, Jr., Guest Columnist

With fall here and the fresh vegetable season in full swing, let's give the kitchen range a rest and see how easy it is to prepare a sumptuous meal outdoors. Let's do it the lazy way, with no pots and pans to bother with!

Our vegetables can be roasted, corn, baked potatoes and summer squash, for example. For meats, let's select chicken broilers, chops, steak or fish as a relief from the customary hot dogs and hamburgers. Merely wash the potatoes and wrap them individually in metal foil. Slice each squash in half lengthwise; insert a few thin onion slices, a pat of butter, and salt and pepper to taste. Then wrap each seasoned squash in metal foil. Put the foods in a carton, with knives and forks, condiments, napkins, a roll of metal foil, and whatever else is needed for beverages and dessert.

We can make our own fireplace by placing a wire grid (such as comes in a stove or refrigerator) over a rectangle of rocks — or even a hole dug in the ground, as shown. Collect an armful of two or three dry hardwood and let the fire burn down to coals. Arrange the potatoes and squash at the edge of the coals where the heat is just a bit too hot to hold a hand over it. For best results, keep the cooking fire small, and with little or no flame.

Turn the potatoes and squash occasionally and, after half an hour or so, test them with a long-handled fork. When they are about half done, put the grid over the fire and lay the corn on it, husks and all. Let the corn roast until the husks are browned all around; then wrap each three or four ears in thick newspaper, to keep them warm.

Now is the time to put on the meat or fish: If we have chicken broilers, lay them on the grid and let them brown slowly; basting them with barbecue sauce or bacon fat, if available. When a fork slips into them easily, they should be done. Fish fillets, chops or steak take less time, but can be broiled in a similar manner.

When it's time to serve the meal, cut open the potatoes through the foil, adding butter and condiments. Unwrap the steaming squash and serve it in its foil dish. Husk the corn, adding butter and salt. Serve the meat or fish on a square foot or so of doubled foil. It's a meal fit for a king — and almost nothing to wash or to pack up afterwards!

If the weather's cool, we can enjoy delicious coffee, tea or cocoa the easy way by using "Nestea" (instant coffee), "Nestea" (instant tea) or "EverReady" cocoa — the kind with sugar and whole milk already in it. Just add hot water to the beverage powder in a cup, and you have it made! Everywhere I go, I find that outdoorsmen prefer these delicious instant beverages. They take up little room, and are quick and easy to prepare. "Nestea" and "Nestea" blend instantly with iced water, too, for excellent iced tea or coffee. For iced cocoa, try "Quik", a popular chocolate beverage powder that mixes instantly with cold milk.

While we're on the subject of cold drinks, here are a few new ones! Try a "Ginger Tea Highball", made by dissolving a tablespoon of "Nestea" and about two teaspoons of sugar in cold water. Then fill the glass with ice and ginger ale. A "Brazilian Cooler" is made by dissolving two teaspoons of "Nestea" and one or two of sugar in half a glass of pineapple juice. Fill the glass with ice and water. The youngsters will like a "Quik-Shake". Combine in a tall glass three heaping teaspoons of "Nestea's Quik" and two heaping teaspoons of marshmallow cream with a small amount of milk. Stir until the mixture is smooth, and then fill the glass with cold milk. A "Quik-Soda" is made by using sparkling water instead of milk in the above recipe.

For dessert, combine sweetened condensed milk with a little flaked coconut. Spread both sides of slices of bread with this. Make sandwiches by sprinkling "Nestle's" Semi-Sweet Chocolate Pieces liberally between each two slices. Put the "Dessertwiches" in a hinged wire broiler and toast until they are golden brown on both sides.

For more outdoor recipes and cooking ideas, just mail a postcard to "Joe Bates, Jr., Box 414, White Plains, New York" and ask for a free copy of the 36 page illustrated booklet "The Easy Way To Outdoor Cooking".

"WE APPRECIATE YOUR BUSINESS"

Theft, Damage And Destruction Of Property

(This is one of a series of articles on federal income tax filing. The articles are based on information provided by the American Institute of Certified Public Accountants and the Texas Society of Certified Public Accountants, in cooperation with the Internal Revenue Service.)

YOU can get some relief from casualty and theft losses by taking advantage of the legitimate tax deductions you are allowed.

To help you prepare a correct return and take advantage of legitimate tax savings, this newspaper is printing a series of four articles prepared with the help of the state and national organizations of certified public accountants.

Today's article considers the problems you may have in claiming deductions for theft or casualty losses. Later articles will offer advice on other tax problems of particular interest to homeowners.

Time and Destruction

There are a great many ways in which your property can be damaged or destroyed, as for example, by fire, storm, flood, or explosion. Generally, a casualty which will give rise to a deductible loss must occur with some suddenness. However, there are situations where the casualty occurs over a period of time and still results in a deductible casualty loss. For example, consider the damage caused by termites.

Say that you purchased your house in June 1957 and at that time a check by experts showed that there were no termites present. Then, in February 1958, you discover that termites have been eating your house from under you. Can you claim a casualty loss deduction for the termite damage? Yes, you can, even though the damage took place over a nine month period.

The casualty here, is the invasion of your house by the termites. However, it is probable that a casualty deduction will not be allowed where the termite damage did not occur over a relatively short period of time.

The Property Must Be Yours

You must have ownership of the damaged property to claim a loss deduction. It is quite conceivable that severe damage to the property around your house may cause the value of your property to decline. Although the damage occurred suddenly, you cannot claim a deduction for the

loss in value unless your own property was actually damaged.

You can claim a deduction for a drop in the value of your car due to an accident. This is true regardless of whether you or another driver is to blame, unless the accident is a result of your willful negligence. However, if you are responsible for a car accident and have to pay for damage inflicted on someone else's car, you cannot deduct the payment as a casualty loss.

Proving a Casualty Loss

Determining the amount you can claim as a casualty loss may be very difficult. Generally you are allowed to claim the amount by which your property decreased in value. In some cases, a repair bill will be considered sufficient to support your deduction.

The best thing you can do is gather together any information that may help support the amount you claim as a deduction. For example, if your house is badly damaged, a qualified architect can often give a reasonable estimate of the before and after value. The appraisal fee, by the way, is a deductible expense.

Theft Losses

You can claim a deduction for the value of property that is stolen. The problem in claiming losses from theft is that you will probably have to show some evidence that the theft took place. Be sure that there is at least a police record of the theft and a report of any findings the police may have come up with. Also, you might keep track of newspaper accounts, insurance reports, and so on. Theft losses are deductible in the year you discover that your property is missing.

You can get additional information on casualty and theft deductions from the instruction booklet issued by the Internal Revenue Service each year.

Employment opportunities for these positions are anticipated in the various Federal agencies in the following counties in Texas; Andrews, Borden, Crane, Dawson, Ector, Gaines, Glasscock, Howard, Loving, Martin, Midland, Mitchell, Scurry, Sterling, Upton, Ward and Winkler.

WORK STARTED ON BANK BUILDING

Floyd Ogden of San Angelo was awarded the general contract on remodeling of the First National Bank here last Friday. Work was started on the project the first of this week.

The Western Sheet Metal Company of San Angelo got the contract for the air conditioning and heating work.

Doyle Maddux of San Angelo is the architect on the project.

The remodeling of the bank includes the removing of the old second story and taking in the old building to the west which formerly housed the offices of the West Texas Utilities and the post office.

A drive in window is to be made to the east rear of the remodelled building.

The new building will have central heat and air-conditioning for summer. The lobby will have terrazo floors, and there will be a director's room, a new vault, additional storage, a night depository and additional space for renting.

The exterior walls will be finished with Roman brick below and porcelain enamel facing above the marble trim of the front.

WIRE BEATS FIRE... FOR MODERN COOKING

For less than 3¢ the average family served by WTU can cook a complete meal the modern electric way... and enjoy the cleanliness and conveniences of Electric Living.

Cleaning an ELECTRIC RANGE is child's play

Oven cleaning is truly "child's play" in this smart new 1960 electric range. Some of the models are equipped with pull-out ovens. This mother-daughter team can wipe clean any part of the oven, even the back walls, without stretching or straining. And that's only part of the convenience story. Surface heating units tilt up out of the way and porcelain drip bowls go to the sink for washing. Most switch knobs on the back panel are removable, glass surface can be wiped clean in seconds. Ease of cleaning is just one of the advantages of an Electric Range. You will also like the fully automatic features and the "always the same" heat of the surface units—No flame to go up and down. And so economical—Go see your Electric Appliance Dealer. He'll tell you the change is to Electric Cooking.

COOKIES EQUAL TO THE OCCASION

By BETTY BARCLAY

It's a mighty comfortable feeling to have a cookie jar filled to the brim, ready to yield its toothsome contents to satisfy between-meals appetites or to add interest to a simple fruit dessert. And if they're these nut filled chocolate cookies with a snowy drift of confectioner's sugar atop each, you'll be proud, too, to serve them to guests with afternoon tea or coffee, or as a late-evening snack.

Chocolate Cookie Balls
 3 squares unsweetened chocolate
 1/2 cup shortening
 1 cup sugar
 1 1/2 teaspoons vanilla
 1 egg
 1 cup sifted flour
 1 teaspoon double-acting baking powder
 1/2 teaspoon salt
 1 tablespoon milk
 1/2 cup chopped nuts
 Confectioner's sugar

Melt chocolate and shortening together. Add sugar and vanilla; Mix well. Add egg and beat thoroughly. Sift together flour, baking powder, and salt. Add to chocolate mixture; then add milk and nuts. Mix well. Chill dough several hours.
 Form dough into small balls. Place on ungreased baking sheet and bake in moderate oven (375°F) 8 to 10 minutes. While still warm, dust with confectioner's sugar. Makes 3 dozen cookies.

Cinderella

Don't laugh. This is a tragic moment. Teenagers feel deeply. Of course she will go to more dances, even look back on this and smile. Today she needs understanding and kindness.

Flu On Decline

Flu cases in Sterling are on the wane it seems. For several weeks now school classes have been cut down by flu and a number of grown people were ill. The hospital had a large number of cases for awhile but the load is waning. The same is true over the state as a whole, according to reports.

THE GREATEST THINGS IN THE WORLD

By Dr. Frank Crane

The greatest sin—Fear.

The best day—Today.

The biggest fool—The man that will not learn.

The best town—Where you succeed.

The most agreeable companion—One who would not have you any different from what you are.

The greatest bore—One who keeps on talking after he has made his point.

The greatest writer—One who tells you what you don't know.

The greatest deceiver—One who deceives himself.

The greatest invention of the devil—War.

The greatest secret of production—Saving waste.

The best work—What you like.

The greatest play—Work.

The greatest comfort—The knowledge that you have done your work well.

The greatest mistake—Giving up.

The most expensive indulgence—Hate.

The cheapest, stupidest and easiest thing to do—Find fault.

The greatest trouble maker—Talking too much.

The greatest stumbling block—Egotism.

The most ridiculous asset—Pride.

The poorest wretch—The one that has no dreams.

The most dangerous person—The liar.

The most disagreeable—The complainer.

The best teacher—One who makes you want to learn.

The best part of anyone's religion—Gentleness and cheerfulness.

The greatest need—Common sense.

The best gift—Forgiveness.

The thing that costs less and sells for most—Politeness.

The greatest puzzle—Life.

The greatest mystery—Death.

The greatest thought—God.

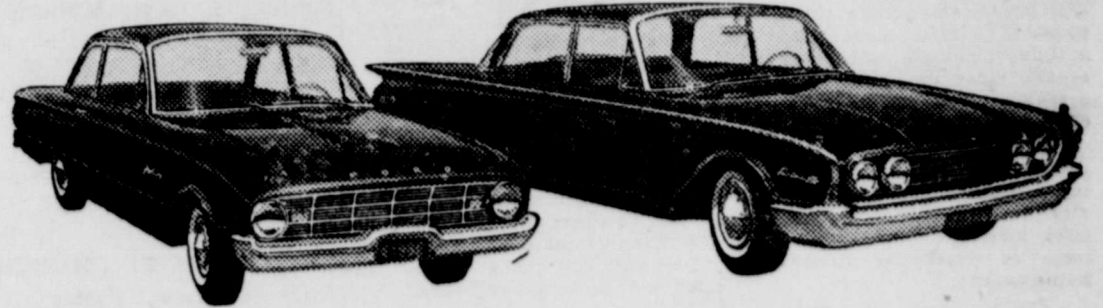

Nature has given us two ears, two eyes, and but one tongue, to the end that we should hear and see more than we speak. —Socrates

Too many people are thinking of security instead of opportunity. They seem more afraid of life than death. —James F. Byrnes

THE FIRST NATIONAL BANK
 STERLING CITY, TEXAS

THE NAVAL Academy will get the Lion's share of academy talent from the 21st district this year. With three principal appointments to be made. The Military Academy has one vacancy for this district, and there is one for the Air Force Academy at Colorado Springs.

Nominees for the Naval Academy are as follows: Principals—Richard Edwin Goolsby of Brownwood, Wm. A. Griffis, III, of San Angelo, and Robert D Jones of Lampasas. Alternates include of Louis C. Lee of Maverick,

Robert V. Branson of San Angelo, Bill Donowho of Mullin, Joe Terrell of Brownwood, Charles R. Carter and Charles R. Bryan of San Angelo; Richard Curtis Gleaton of Brady and Jacob William Mohr, Jr. of Rochelle.

Jack Larry Rabb of Robert Lee got the nomination for the one vacancy at West Point, with John Simpson of San Angelo, Richard Gleaton of Brady, and John H. Trolinger of San Angelo as alternates.

For the coveted Air Force vacancy, Jim Richmond of Blanket, Brown County, has been nominated, and the 10 alternates who go into a competing pool under the Air Force Academy method. are as follows:

Jay Michael Brown of Mason, William Irvin Chambers of Del Rio, Larry Bill Cummins of Uvalde, Gary Yates Dickinson of Del Rio, Waymon Glen Garner of Brownwood, Charles Wagner Hummel, Jr. of Kerrville, Gordon Lee McCullough of Coleman, Geradld Henry McDonald of San Angelo, Charles Newlin Pasas. Alternates include of Tompkins of Lampasas.

Graduates from SAC

Gilbert Gaitan, a 1957 graduate of Sterling City High School, completed requirements from San Angelo College recently. Gilbert, son of Mrs. Janita Gaitan of Sterling City, majored in mathematics at SAC. He will work this spring and summer and plans to enter Texas Tech, Lubbock, in September and he plans to major in civil engineering.

TEXAS HISTORY CLUB
 7th Grade

The Texas History Club met February 5. Shirley Price called the meeting to order. The minutes were read and approved.

The club chose Forts in Texas as their monthly project. Committees were selected to publish information about federal forts established in Texas for the purpose of frontier protection.
