THANKS
We want to express our thanks to all those who donated money, etc., the buyers who bought lambs and all those persons or businesses who helped make the stock show a success this year.

The Sterling County Livestock Committee

The following is a list of individuals and firms who made contributions to the stock show fund:

Ainsworth 66 Station, Truck Stop Cafe, Forrest Foster, T. F. Foster, Bailey Bros, Brock's Grocery, Aaron Clark, Foster S. Price, R. T. Foster, Jr., Dayton Barrett, C. J. Copeland, Payne's Humble Station, M.E. Churchill, Finis Westbrook, Reynolds and Ross Foster, Mac Benge, E.L. Bailey, John Copeland, Jr., G. C. Murrell, Harvey Glass, Ed Bynum, Billy Vern Davis, R. T. Foster and Mixon's Dairy Hut, all of Sterling City and R. T. Caperton, Vick's Exterminators, the Schuch Motor Co. and Martin-Glover Wholesale Grocers, all of San Angelo.

And Perry Matthews, L. F. & Clinton Hodges, Collins Ranches—Mrs. Claude Collins, Gene Alley, Mrs. Worth Allen, Riley King, Tom and Bill Humble, Worth Durham, Sterling Drug, Billy Ralph Bynum, Ralph Davis, Lester, William and Bubba Foster, Alvie Cole, J. G. Bird, L. R. Reed, W. R. Brooks, Noratadata and Epsilon Zeta Clubs, all of Sterling City; and General Telephone Company of the Southwest, Holland Jewelers, Concho Valley Electric Cooperative, San-Tex Minerals and Southwest Salt & Supply, all of San Angelo; Ivy Motor of Robert Lee, J.L. Christensen Boot Shop of Big Spring.

Bidding and paying into the Chinese auction deal were Riley King, William Foster, R. T. Foster, Jr., L. R. Reed, W. N. Reed L.C. McDonald, Geo. Demere, H. L. Hildebrand, R. T. Foster, Sterling Drug, Ross and Reynolds Foster, H. A. Chapple and Mrs. Rufus W. Foster of Sterling and the West Texas Wool & Mohair Assn. of Mertzon.

Sweeping all the top honors in the breeding sheep division was Betty Jo Barrett, 14, the daughter of Mr. and Mrs. Dayton Barrett. Betty Jo's champion registered Rambouillet ewe brought her owner added honors after taking a championship last fall at the State Fair in Dallas.

Betty Jo's entries were bred by her father and grandfather, Fred Hodges, noted Sterling County registered Rambouillet breeder. Her entries placed one-two in each breeder class. Her lowest placing was a third in registered Rambouillet rams. She won a first in that class, however.

Mr. and Mrs. Roland Lowe went to Dallas this week and Roland will attend the furniture market there.

MARCH OF DIMES
Mrs. Foster S. Price, who is heading the March of Dimes Drive here this year said the independent basketball game Monday night netted \$102 and the cake auction at the livestock show brought in \$76.

She is hoping for a good amount from the Mothers March here on January 30.

Visiting the O. F. Carpers here last week-end were four of her sisters—Mrs. R.A. West and her husband of Mesquite, Mrs. E. M. Bollinger of Lakeside, Calif., Mrs. L. J. Rea of Austin, and Mrs. W. S. McDowell and husband of Carlsbad; also Mrs. Carper's mother, Mrs. Ada Hogg. From here the group all went on to San Angelo to visit another sister, Mrs. James Black.

J. G. Bird Buried In Eldorado Monday

James Gordon Bird, 65, retired petroleum engineer, was buried in Eldorado Cemetery Monday afternoon at 2:30 with the Robert Massie Funeral Chapel in charge. Rites were held in the First Baptist Church there.

Mr. Bird was born April 14, 1895, in Utah and as a boy was soloist for the famed Mormon Tabernacle Choir. He attended the University of Southern California, and after World War I, the University of Utah.

He and the former Lelah Bell Davis were married July 4, 1935.

His job of petroleum engineer took him all over the world. He held the Permian Basin 30-year pin for petroleum work and had lived on the ranch near here since his retirement 14 years ago.

He belonged to the Masonic Lodge and the Malaikah Shrine Temple in California.

Survivors include his wife, two daughters, Mrs. King Terry of Alpine and Mrs. Jack Durham of Odessa; two sisters, Mrs. Viola Dane of Elsinore, California and Mrs. Karl Koeb of Bartlesville, Oklahoma; one brother, LaGrande Bird of Lynwood, California and one grandson.

Funeral services were held at the First Baptist Church Monday afternoon at 2:30 with the Robert Massie Funeral Chapel in charge.

Wimodausis Club

The Wimodausis Club met on January 18 in the club room at the community center. Mrs. Frank Cole presided and was the hostess.

Mrs. Harvey Glass reported that Miss Radora Massey, the home economics teacher, said that about five girls would enter the sewing contest sponsored by the federated clubs.

The club voted to have a game night February 13 at 7 p.m. in the community center for benefit of the Polio, Cancer and Heart funds.

Mrs. R. P. Brown and Mrs. T. S. Foster presented the flags of the United Nations for the program on "International Trust." Mrs. E. F. McEntire gave "Names of the United Nations' Members."

Mrs. Herbert Cope gave "Our Role in International Affairs." Eleven members were present Mrs. Sherman Conner was a new associate member and Susan Terry was a guest.

A. T. Bratton, who has been attending the University of North Dakota in Fargo on a fellowship, hurt his back in moving last fall and was laid up for about nine weeks with his ailment. He went to the Mayo Clinic just recently and they found he had ruptured a disc in his spine.

The Brattons moved to Fargo from Brownwood last fall. He had been in charge of the agriculture department at Howard Payne College before accepting the fellowship for further study in his line of studies.

Jail Escapee Gets Pen Sentence Here Tuesday

Robert Polk, Jr. who had been using the name Herman Green while in jail here, was indicted Tuesday by the local grand jury on two counts of car theft. He then pleaded guilty before Judge Joe L. Mays, who sentenced him to two concurrent 5-year terms in the state pen. Deputy sheriff Dub Fincher and Highway Patrolman Dale Bryce took him to Huntsville Wednesday.

Green—or Polk, rather, was picked up on a traffic violation here December 24 and was twice an unsuccessful escapee from here. He stole cars both times in his frantic bids for freedom, but was caught in a matter of hours each time.

He was fingerprinted by sheriff Jim Cantrell and his prints sent to the U.S. Navy, the F.B.I. and to Austin.

The FBI said he was Robert Polk, Jr. The State Department of Public Safety then discovered that he had served six pen terms in Texas. He had received a dishonorable discharge from the Navy.

Polk stole H. A. Chapple's car the first time he fled and took Boots Williams' pickup on the night he worked a block out of the jail here.

Justice moves quickly—sometimes.

By Congressman O. C. FISHER

On the eve of Inauguration the Washington air is filled with excitement and suspense. With a million people expected for the event, it's a sellout. The swearing-in will take place one the east side of the Capitol building, recently extended by 40 feet. This marked the first addition to the historic structure in nearly 100 years. The last enlargement project was dedicated with a speech by Daniel Webster, then a U. S. Senator.

I have been privileged to witness five Inaugurations—FDR for his third and fourth terms, Truman once, and Eisenhower twice. Roosevelt's fourth Inauguration took place at the White House, with the crowd standing on the lawn below the second floor balcony. That one was quiet and simple, with no fanfare, no parade, and little oratory.

Ike's first Inaugural was the most colorful one I have witnessed, and it marked the largest attendance in the history of such ceremonies.

But the Kennedy-Johnson Inauguration is sure to top them all. More money has been spent in planning and promoting it. Hollywood will be here in force, and the spirit of the advent of a new decade will fill the air. And, like the proceedings at the national party conventions, TV and radio will enable every home in America to have a front seat. It is indeed a marvelous age in which we live.

Among recent guests have been Vaughn Winn, formerly of Uvalde but now living in Washington; Hugh Welch, formerly of San Angelo but now residing in Abilene; Dr. Bob Bissett, now a professor in the University of Arkansas, a native of Junction; Harold Josendal and Ed Marsh, President and Secretary respectively of the American Wool Growers Association.

LIONS CLUB
The Sterling City Lions Club met Wednesday noon in the community center for the regular weekly luncheon.

Sherman Conner reported that the committee found five yield signs were down and one was whole and four were broken off. Plans are being made to replace them.

Arthur Barlemann expressed appreciation to all who had helped, donated or bought lambs at the stock show. He said that Worth Durham, secretary, reported an average price of \$93.89 paid for lambs at the auction sale at the livestock show.

The prize went to Barlemann.

CARD OF THANKS
A special card of thanks for the many, many thoughts, prayers and acts of kindness done while Mr. Bird was ill for so long. The cards, letters and visits were the very nicest things that could happen for Gordon because to be remembered is the greatest comfort an ill person can ever have.

4-H Drives For Safety Every Season

Safety is always in season, especially for the eight national winners of \$400 General Motors scholarships for outstanding 4-H farm, home and highway safety activities.

As leaders of 2 1/4 million 4-H'ers in the year-round fight for safety, the eight 4-H safety specialists warn that "every season has its hazards."

They recently told newsmen in Chicago that "whether it is fall, winter, spring, or summer, everyone must constantly be on the alert to prevent accidents."

Winners Seek Four Safer Seasons

The national winners and all state safety winners received all-expense trips to the 4-H Club Congress from General Motors in recognition of their 24-hour-a-day, 365-day-a-year efforts to make all four seasons safer than ever before.

Typical of the group is Miss Pamela Gay Chiles, 17-year-old national winner from El Reno, Oklahoma. Once called "the No. 1 hazard" in her own house, she since has been crowned "Miss Oklahoma Farm Safety."

"Weather is especially worth watching in making the highways safer; driving must always be adjusted to the conditions of the moment," she said. "The early darkness of fall, the ice and snow of winter, the rain of spring, and the heat and care-free vacation attitude of many people in summer all present problems that could cause accidents."

4-H Safety GM Project 17 Years

General Motors is in its 17th year of sponsoring awards in the 4-H safety program which is conducted by the Extension Service of the state agriculture colleges, the United States Department of Agriculture and the National 4-H Service Committee.

Other national winners include: Elsie Clasen, 18, of Glenwood, Minnesota; James Fassett, 18, of Alstead, New Hampshire; Richard Hatler, 18, of Crossville, Tennessee; Frank Klepetko, 15, of Golden, Colorado; Christian Scherer, 18, of Olney, Illinois; Gwen Anne Smith, 17, of Reno, Nevada, and Vivian Warminski, 16, of White Deer, Texas.

Their seasonal summary:
WINTER, SPRING, SUMMER, FALL
MAKE EVERY SEASON SAFE FOR ALL.

Widows Get Full Social Security Benefits at Age 62, Says Ellington

"Widows should apply for social security benefits as soon as they are 62", Floyd B. Ellington, Manager of the San Angelo District Office advises. "It would be even better if they applied a month or two before they are 62. Of course no one should delay, but widows in particular should be careful to apply for benefits promptly."

A woman's benefit based on her own account, or on the account of a living husband is reduced if she applies before age 65, but a widow's benefit is different. Widows' benefits are not reduced and the full amount is paid at age 62.

"So, if you are a widow", Ellington explained, "And we once paid you a lump-sum or monthly benefits, you should apply again when you are 62. In fact, you can speed your first check by applying a month or so before."

Christian Science Lecture January 22

How spiritual awakening brings freedom will be the topic of a free public lecture to be given in San Angelo, Sunday, January 22 at 4:00 p.m. by Sylvia N. Poling of Phoenix, Arizona.

A Christian Science teacher and practitioner, Miss Poling is on extended tour as a member of the Christian Science Board of Lectureship. She will speak in the church edifice, 720 South Abe under the auspices of First Church of Christ Scientist, San Angelo. Her subject will be "Christian Science Reveals the Door to Life More Abundant."

Miss Poling became interested in Christian Science as a college student. Active in public education for a number of years, she holds degrees from Arizona State University and has also studied at the University of California at Los Angeles and the University of Southern California. She resigned from the teaching profession in 1950 to devote her full time to the public practice of Christian Science healing. Eight years later, she became an authorized teacher of Christian Science.

WEST TEXAS UTILITIES COMPANY BELIEVES THIS AREA FACES...

Growth Unlimited
 ... AND "LAYS MONEY ON THE LINE"
 TO BACK UP THE BELIEF

Why is our faith backed by dollars?

Very simply, it is because the Southwest is growing 25% faster than the nation, and the WTU service area is the CENTER OF THE SOUTHWEST.

As a result, one of our major projects is designed to stimulate this growth, and another is designed to add service facilities to meet it. These projects are described briefly below. We will keep you informed of their progress as we go along, since they are of vital importance to this community.

It is our conviction that with faith, vision and cooperative effort on the part of all of us, the Center of the Southwest has a sound foundation for GROWTH UNLIMITED in the years ahead.

OUR AREA DEVELOPMENT PROGRAM PROMOTES

Growth Unlimited

For many years we have been engaged in a program designed to inform business executives about the industrial advantages of the Center of the Southwest.

This activity is being continued in 1961 with an expanded area development program.

It includes a new series of ads running in a number of national publications, which depict the growth potential of this area and the states it serves.

The national advertising schedule, the information brochures we are publishing, the trips we will make to industrial centers, and the fine cooperative spirit of communities like this one, all combine to promote GROWTH UNLIMITED.

\$50 MILLION EXPANSION PREPARES FOR

Growth Unlimited

On the shores of Oak Creek Lake in Coke County, construction is progressing rapidly on a large new WTU generating station.

It is tangible evidence of the expansion being made in our generating and distribution facilities, in anticipation of coming growth in the Center of the Southwest.

An area expansion program, costing in excess of \$50 million, is well under way, and will continue through the months ahead. It will permit us to keep pace with the growing needs of this growing area.

It is proof that here is GROWTH UNLIMITED.

March of Dimes Research Grants Awarded Only to Top Scientists

By THOMAS M. RIVERS
 Vice President-Medical Affairs
 The National Foundation

If there is any one point that we scientists must get across to the "average man" (if there is any such person), it is that conducting a first-rate research program is much more than just giving money indiscriminately to various laboratories.

The key to right giving is selecting the right people to whom to give. This is a most difficult task but it is a job at which The National Foundation has proven itself exceptionally competent.

Research may be said to be a journey into the unknown to push forward the frontiers of knowledge. Inevitably, its nature is such that no man can foretell exactly where it will lead.

But this "average man" to whom we just referred, and who is perhaps dissatisfied with the uncertainties over where research will lead, might be reminded that The National Foundation has shown in the past what it can do—as, for example, initiating the research that developed the Salk and Sabin polio vaccines. This and other major accomplishments constitute the credentials of the world's largest voluntary health organization for going ahead.

A great deal of basic research, of this journey into the unknown, was needed to create the bases which made possible the development of the polio vaccines. This again will be necessary as The National Foundation moves forward in its expanded program which includes birth defects and arthritis in addition

Dr. Albert B. Sabin at his University of Cincinnati laboratory examines samples of his live-virus anti-polio vaccine, developed by him with \$1,500,000 in March of Dimes public contributions. Sabin vaccine, to be taken orally instead of by needle, has been approved for eventual use in the U. S.

to continued work in polio. Perhaps you have heard the comment that a camel is a horse put together by a committee. This illuminates what I think is one of the principles of research Great research is done by great men, not by committees. It is The National Foundation's job, among others, to find those great men, and to see that they have adequate equipment with which to work.

It is natural for the public to want immediate results. For the parents of a child afflicted with arthritis, for instance, to want quick cures is understandable. But we are trustees of public funds. We cannot spend those funds save for projects that have some promise of success, conducted by people who have shown what they can do.

If our aims in research could be summed up, I would say that The National Foundation operates like a rapier, not a bludgeon. We are selective. We put March of Dimes funds in the exact spot and under the specific man who will make

the most of it. We do not dump millions into hundreds of projects with a vague hope that by the law of averages some may produce.

In short, we try to be as careful in the selection of research projects as an extremely fussy woman is in selection of a spring hat.

The research future is bright. With laboratory methods that have been developed, many under March of Dimes grants, we can move farther and faster than in years past. Indeed, I often think of the polio struggle as a time when we toiled up for what is to come. The methods that were so successful in that polio challenge are now being applied to the greater challenges that lie ahead.

To accomplish what The National Foundation desires requires great men. We have had them in the past. We shall have them in the future and, with public contributions to the March of Dimes, those men will accomplish much for the good of mankind.

Weather for the annual Sterling County Livestock Show this year was the best it has been in many years. The sun shone all day, there were no sandstorms, blizzards, or other catastrophes to mar the day from the standpoint of the weather. All agreed it was the best day in many years when contrasted with the past year's shows.

Thirty-six lambs were sold through the auction by sixteen 4-H Club members and twenty FFA members by auctioneer Riley King. According to the figures of sale clerk Worth Durham, the thirty-six lambs sold for an average of \$93.89 per hundred pounds, which is very good. The good sale was made possible by the support of the local merchants, individuals, and out-of-town buyers.

The concession stand under the direction of the 4-H Club and FFA mothers did a good business during the day Monday and on Sunday afternoon as well when many exhibitors and parents were working in the barn preparing their animals for the show. Money made in the concession stand is split by the two clubs and used in paying expenses incurred by club members in attending judging contests, the achievement programs and other activities. None of the concession stand money is used in the show.

Ten 4-H Club members will show twenty-five lambs in the Abilene Livestock Show, January 22-25. The lambs will leave here early Sunday morning for Abilene. Weighing and classifying will take place on arrival Sunday in Abilene. Judging of fat lambs will get under way at 9:00 a.m. Monday morning.

Sterling County 4-H exhibitors and the number of fat lambs are as follows: Mitsy Davis, 2 lambs; Mike Payne, 2 lambs; Larry Stewart, 1 lamb; Diana Cole, 1 lamb; Rosanne Foster, 4 lambs; Tommy Foster, 2 lambs; Reynolds Lee Foster, 4 lambs; David Foster, 3 lambs; Jeanie McDonald, 3 lambs; and Cecilia McDonald, 3 lambs.

The five Kiwanis clubs of Abilene are sponsoring a barbecue honoring all boys and girls exhibiting in the Abilene show. It will be at 6:00 p.m. in the judging arena on Monday evening, January 23. County agents and vocational agriculture teachers are being sent tickets for the boys

and girls who have animals entered in the show. Others who wish to go may purchase tickets at the office on Monday for \$1.00 per plate.

Attending a WSCS district meeting at Veribest Wednesday of this week were Mrs. R. T. Foster, Mrs. Temp Foster, Mrs. Rufus Foster, Mrs. John Gibbs and Mary Catherine and Stephen Gibbs.

HAVE A LONG LOOK

I have 1,600 acres, sagebrush land at \$12.00 an acre.
 I have 7 sections of good grazing land at \$13.00 an acre.
 I have 4,000 acres at \$30.00 an acre. GOOD country.
 I have 10,000 acres at \$15.00 an acre. Sage but good grass.
 I have other tracts from 200 acres to 10,000 acres. Most this can be bought at 25 percent down. Five and ten

years on the balance. Let me know what you want in the first letter so I can tell you intelligently what I have and what it will cost you.
