Survivors May Be Eligible For Social Security Peyments

Social security benefits may now be paid to survivors of workers who died between March 31, 1938, and January 1, 1940, if the worker had at least a year and a half of social security work before he died, says Floyd B. Ellington, manager of the San Angelo Social Security Adminis-tration District Office.

Before the Social Security Amendments of 1960, no monthly benefits were payable to the survivors of a worker who died before 1940.

Under the new law, if such worker had worked under social security for at least a year an a half, benefits are payable to his widow and dependent mother at age 62, to his dependent father at age 65, and to his disabled children who were disabled before they became age 18. This is true even if the family had collected the "lump sum" at the time he died.

For further information regarding this new provision, contact your social security office, 204 Continental Building, in San Angelo.

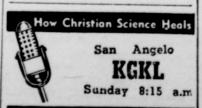

Driver Education COURSE HERE AT THE SCHOOL FROM JULY 10 TO AUGUST 18

W. M. Romans of the Forsan school will teach a driver eduaction course at the Sterling school for six weeks -July 10 through August 18 it has been announced.

For six weeks the classes will be held from 9 till 12 each morning. Class will be limited to about 20 students and tuition will be \$25 for the course, said O.T. Jones, local superintendent.

Jones said that credit for the class would be given if a child would be 14 by the time the course was finished, and of course credit will go to the students 14 or older.

Sheriff's phone 8-4771.

Qaurterhorse Show Here July 8

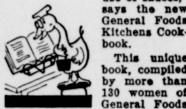

There will be a Quarterhorse Show here on Saturday, July 8, it has been an nounced. The horse show will start at 9:00 o'clock that morning and is to be held at the rodeo pens just west of town. J. D. Craft of Jacksboro is to be the judge of the show. said Mrs. Alvie Cole, secretary of the affair.

Division for Youngsters

There is to be a division for younger horse owners this year said Mrs. Cole. Their horses do not have to be registered. Events for the group ages 12 to 18 include roping, reining, barrell racing and western pleasure.

> Sauce for the Goose By Betty Barclay.

"There's no better way to add variety and a party touch to family meals than by the clever use of sauces," says the new General Foods

This unique book, compiled by more than 130 women of General Foods Kitchens, is al-

most square in shape and designed to lie conveniently flat when opened. The de luxe edition of the cookbook comes with a wrought iron holder which can be used to hang the book on the wall and then props it open at just the right angle for easy reading when you place it on your work counter or table.

This Indian Jelly Sauce is suggested as being especially good with ham or pork.

Indian Jelly Sauce 1½ cups apple jelly; ½ cup chutney; 1½ teaspoons lemon

Melt jelly over low heat. Stir until smooth. Mix in remaining ingredients. Serve warm with ham or pork. Makes 1% cupi sauce, or 10 servings.

Trees and rail- as is or get in there and do road ties spun through the some work developing it. Will torrents. Babies were wrenched from their mother's arms and husbands watched helplessly as their families were swept away or crushed by falling debris. When the sea and the winds receded 6,000 people The Galveston tidal wave Now Open-

was one of three of the most dreadful "natural" disasters the United States has ever ex perienced. The Titanic, which In the Drennan Beauty Shop struck an iceberg on a clear evening in April, 1912, carried 1,517 people with her to the bottom of the sea. The Johnstown flood, in 1898, swept away the lives of 2,209 people. By appalling coincidence, these three disasters prove that man is more destructive to himself than any of the forces of nature. In the three disasters a total of 9,726 lives were lost. In just three consecutive summer months, June, July and August, 1958, man, himsel, was responsible. 9,726 men, women and children were needlessly slain in traffic accidents on our streets and highways during those months ... the exact number lost in the three "natural" disasters. And the terrible toll goes on, year after year, unheeded by the motoring public!

Musick asks the help of very conscientious driver in the State of Texas in preventing needless disaster on our highways this summer. In a special statement, he stated that speed is our number one killer and that even though special enforcement programs are now in effect, the major ing sponsored for the 9th consecutive year by the Association of State and Provincial Safety Coordinators. This program, which has grown to become the largest single safety education program in the world, has proven its effectiveness in saving lives. 'We must halt the needless slaughter on our highways" he said "With citizen suport and sane, safe driving practices we know we can.",

I am living the life of Riley and going to enjoy it while I Chocolate is a delicious and can. For I think Riley is comthe answer. Fish them well below the surface, and try varying depths until you know at what level the fish are.

Ideal temperatures are when level the packages of "Nestle's" Semily Sweet Chocolate Pieces. These last waters range from 50°F to water waters range from 50°F to water waters range from 50°F to water feeding near or on the surface, all dallowing us to use flies, nymphs, spoons, spinners, near-surface or top-water plugs.
