AROUND
THE
COUNTY
by

ARTHUR BARLEMANN, JR. COUNTY AGENT

Two publications recently put out by the Extension Service are now available in the office. One, TEXAS GUIDE FOR CONTROLLING EXTERNAL PARASITES OF LIVESTOCK AND POULTRY, has been revised. The other, MODERN PRUNING METHODS, is a new publication.

The guide for controlling insects contains all the latest revisions in recommendations for controlling the various insects on all types of livestock and poultry. It also contains the latest restrictions on the various insecticides as set up by the Food and Drug Administration. DDT is omitted as a control measure for any insects on livestock since residues of it have been found in the meat of slaughtered animals. In addition, the leaflet lists some insecticides that may be used in the back rubbers. Back rubbers have become popular in some sections of the country and in these areas questions regarding the insecticides to use have been received.

MODERN PRUNING METHODS, the new publication, is the proper pruning methods for shrubbery. Often, improper pruning is inductive to certain insects and diseases.

Copies of these publications can be had by coming by the office, calling, or dropping us a card. We'll see that you get them.

Dr. O.E. Sperry of the Agricultural Experiment Station, and Bob Ragsdale, Associate Range specialist of the Extension Service, visited the perennial broomweed plots in the county. Plots this past spring were sprayed on the Dayton Barrett ranch and J.T. Davis Estate Ranch in an effort to find successful chemical control means. In addition to the plots in Sterling County, other plots are located in Upton, Reagan, and Crockett counties.

The plots will be checked next spring to determine the percent of rootkill. Since the broomweed is a perennial, it will take that long to determine the success of the spraying.

A new chemical finishing process for cotton wash-wear fabrics is undergoing evaluation by the USDA. Experiments conducted by four firms indicate the new method is successful and one firm is marketing the treated garments.

The new process, which uses formaldehyde to bind together the cotton's cellulose molecules, appears to impart a more durable finish to many of the wash-wear fabrics. Also, the formaldehyde treated fabrics do not show a tendency to yellowing or other discoloration when subjected to bleaching with bleaches.

Ranges in most parts of the state are in good condition. The two main exceptions are the Trans-Pecos area where the ranges are very dry and the Gulf Coast area. Ranges along the coast have received very little moisture since Hurricane Carla marched inland. The worst hurt areas there are the ones which were covered by sea and water. The salt has hurt the vegetation and considerable livestock has been lost from that cause. Rains would wash the salt off the vegetation and also leach it out of the soil but rainfall has been scant since the storm.

In many areas of the state, winter grasses would take off with moisture and soon be furnishing grazing. Filaree in much of this area of the state would soon be supplying grazing if growing moisture became available.

Mrs. Arthur Baulch of Oklahoma City is here visiting her daughter and son-in-law, the Walter Davises.

Ranchers Group for Screwworm Control

Sterling County ranchers met Monday night, October 30, in Sterling City for a program on the proposed screwworm eradication program. "Round Up", a movie dealing with the successful screwworm eradication program in Florida was shown to the group. This film was furnished by the Animal Disease Eradication Laboratory in Austin.

The Sterling County Committee of the Southwest Animal Health Research Foundation was formed at the meeting. Officers elected by the group are: chairman, Alvie Cole; secretary-treasurer, H. L. Hildebrand. Both men are ranchers; in addition, Hildebrand is vice-president of the First National Bank here. Immediate goal of the group is the solicitation of funds in the county to help implement the screwworm eradication program in Texas.

Fourteen ranchers were designated to solicit funds in the county, each working in his home area. Ranchers agreeing to serve are: William Foster, Bill Humble, John Copeland, Jr., Riley King, Forrest Foster, Jim B. Clark, L. R. Reed, Neal J. Reed, Foster S. Price, Ross Foster, Clinton Hodges, Dayton Barrett, Gene Alley, and R. T. Foster, Jr. They will solicit funds on the basis of 10c per head for sheep and goats, 50c per head for cattle and horses, all stock one year old or older.

District Court Here Next Tuesday

The fall term of 51st District Court will open here on next Tuesday, November 14. Jurors have been summoned for appearance at 10 a.m. and there are three WDI cases to come to trial.

The three men who are expected to be tried on the DWI cases are Bob Wayne Elliott, Irving Benny Grant and Alonzo Horace Lloyd, said sheriff Jim Cantrell.

Billy Boyd Allen, son of Mr. and Mrs. Worth Allen, underwent minor surgery on a leg Thursday in a San Angelo hospital. He had no trouble and was doing fine, said Dr. Swann.

Good Rains This Week

Good rains fell in Sterling County and other areas of West Texas this week.

Amounts varied over the county but .75 inch fell here between the first rain—Monday and 1.25 fell here Wednesday and Wednesday night.

To the south of town more rain was gauged on ranches Wednesday, it was reported.

November 11th Holiday Here

Saturday, November 11, is one of the six regular yearly holidays taken by Sterling merchants. That day, now designated as Veteran's Day, is the old Armistice Day holiday under a new title.

The usual businesses will be closed on that day in observance of the holiday.

FOR SALE—Good blooded Jersey heifer, nine months old. Will make a real milk cow. Levi Martin. Ph. 8-3141

Lions Having "Bag of Bulbs" Sale

The Sterling City Lions Club is holding a "Bag of Bulbs" sale this month. The members began selling the bags of light bulbs on Wednesday noon and will hold a concerted sale on next Monday evening, November 6. The members plan to go over the town next Monday at six to seven o'clock and sell the bulbs as pairs, teams, or in some cases, singles. The member who sells the most bags of bulbs during the month is to get an electric blanket as a prize. The club is going in to the sale in cooperation with the West Texas Utilities Co. A bag of 6 bulbs will sell for the regular price of \$1.50 per bag—which is \$1.47 for the bulbs and 3c state sales tax.

Each sack will have two 60 watt bulbs, two 75 watt bulbs and two 100 watt bulbs. If a customer wants all 75's or even 100's, bulbs can be had in those sizes. The club will get 40% of the sales money for the club treasury.

Zone Meeting Here Next Tuesday Night

There will be a zone meeting here next Tuesday night, November 7. The meeting will be held in the community center, said president Arthur Barlemann. All members are urged to be present.

The prize went to Wayne Loury.

Christmas Cards—All the better catalogs now at the News-Record. Order yours now.

PTA Halloween Carnival Held

The annual PTA Halloween Carnival was held at the school Tuesday night. The event was climaxed with the crowning of the king and the queen of Halloween and the lord and lady attendants.

Lynda Allen and David Durham, senior candidates, were named king and queen and Jeannie McDonald and Larry Stewart were elected lady and lord. They were candidates of the eighth grade.

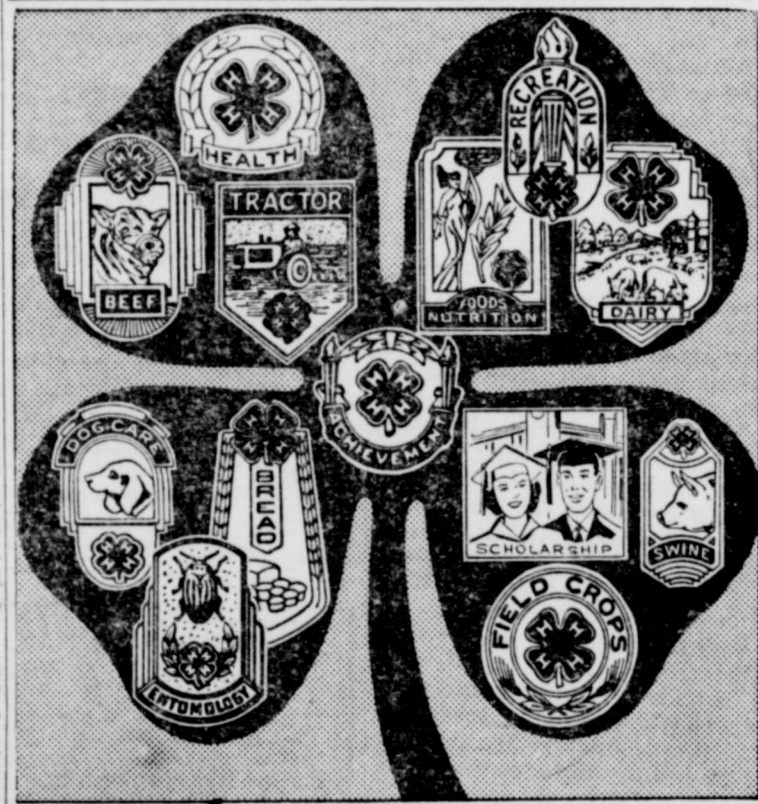

A one-act hill billy play was put on by members of the PTA for the program of the evening. Appearing in the play were Mrs. Leslie Payne, Mrs. Frank Jackson, Mrs. C.J. Copeland, Mrs. Dan Glass, Mrs. Louie Alexander, H. L. Latham, Tom Asbill and John Gibbs.

Mrs. Frank Milligan directed the play.

A spook parade was held and prizes awarded the winners of prize costumes. Tanya Loury won a first place with her bride costume.

A total of \$687 was taken in at the carnival and after expenses are paid, it is expected that more than \$500 will be profit. The club will finish paying off the cost of the field house restrooms and used for PTA projects of the year.

HOLIDAY Rates now in effect on the San Angelo and Fort Worth daily papers. Get your subscription renewed at the News-Record.

MEDALS MARK 4-H PROGRESS FOR MANY

Scholarships Aid Outstanding Youth

One 4-H Club member in 14 will qualify for a county medal this year, predicts the National 4-H Service Committee, while the ratio for national scholarship winners will be one in approximately 10,000 members.

The coveted medals shown here represent 12 different 4-H award projects. More than 50,000 boys and girls in virtually every county in the U.S. who have done outstanding work in one of these areas will earn a medal, according to the committee.

Altogether, there are nearly 60 national 4-H projects and scholarship programs participated in by 2.3 million club members. Last year a total of 166,000 medals were won.

Only members over 15 years of age who have been in 4-H at least three years can compete for scholarships and other awards. Younger 4-H'ers are eligible for medals only, one of the first badges of county recognition.

At the national level, around \$115,000 in scholarships will be presented to qualified 4-H youth and young adults who were for-

mer 4-H'ers. This is a slight increase over last year, the committee reports.

All 4-H award winners are named by the Cooperative Extension Service. Funds for awards come from private business firms and educational foundations, and are administered by the National 4-H Service Committee.

Among the award sponsors are: Ford Motor Co., Olin Mathieson Chemical Corp., E. I. du Pont de Nemours & Company, Standard Brands Incorporated, Oliver Corporation, Ralston Purina Company, Hercules Powder Company, Allied Chemical Corporation, General Foods Corporation, Eli Lilly and Company, John Deere, Moorman Mfg. Co., Humble Oil and Refining Company.

Also, California Chemical Company, Singer Sewing Machine Company, Homelite, a Division of Textron Inc., Sperry and Hutchinson Company, Massey-Ferguson, Inc., Successful Farming (through Edwin T. Meredith Foundation), Elgin National Watch Company, International Minerals & Chemical Corporation, and Whirlpool Foundation.

As the 4-H Club year draws to a close, well over 1,400 top-notch boys and girls look forward to winning the most exciting award of their 4-H career: a sponsored trip to the week-long National 4-H Club Congress in Chicago. More than 200 will receive scholarships at this event.

Eagles Play Forsan Saturday Night

Powder Puff Football Game November 3

The Future Homemakers of America, Sterling Chapter, is sponsoring a football game here Friday night, November 3 at 7:00 o'clock. It will be a Powder Puff game, played by girls of the FHA, pitting the freshmen girls against the seniors, juniors and sophomores. The freshmen will be the Blue Bunnies and the others will be the Downy Ducks.

Cold drinks and candy will be sold at the concession stand.

The Downy Ducks will be coached by Mrs. Marjorie Milligan and Mr. Jones will coach the Blue Bunnies.

Admission will be 25c for children, 12 and under and 50c for adults.

Expert Rifleman

Army Pvt. Bobby W. Dunn, son of Mr. and Mrs. Charlie J. Dunn of Sterling City, Texas, was rated as an expert with the M-1 rifle. Dunn, who is presently undergoing Basic Combat Training with Company I of the 1st Training Regiment, fired a score of 92 out of a possible 112, which was only one point below the highest scorer in the Company.

Dunn is a 1957 graduate of Alpine High School in Alpine, Texas, and worked for the Noelke Estate in Rankin, Texas before entering the Army.

Dunn's wife, Raye, makes her home in Sierra Blanca, Texas.

Dunn is currently stationed at Fort Carson, Colorado.

Seniors Having Dinner November 11

The senior class is having a turkey and dressing dinner at the school lunchroom on Saturday evening, November 11th at 6:30 to 8:00 p.m. At 3:00 p.m. the seniors will give a short skit of entertainment in the auditorium.

Prices for the meal will be \$1.00 and 75c. Without a meal ticket stub, admission into the skit will be 25c per person.

Advance tickets will soon be on sale and can be purchased from any member of the senior class.

The brighter you are, the more you have to learn.

—Don Herrold

The Eagles go to Forsan this Saturday night, November 4, and play their fourth conference game of the season. The game been originally scheduled for November 3, but permission was received to change the date. Forsan will have their homecoming at the Saturday night game. Game time is 7:30 p.m.

Eagles Win Over Imperial 30-22

The Sterling boys went to Imperial last Friday night and returned with their third conference victory. They beat Imperial 30 to 22.

Jerry Payne, who has been out with a broken arm for a long siege, went in long enough to throw a touchdown pass.

Clayton Stewart made one touchdown and four extra points after touchdowns. David Durham racked up two six pointers, and C. L. King got six points. Leroy Churchill tabbed two extra points following a touchdown, it was reported.

Sterling Homecoming Game Set for Nov. 11

GAME HERE WITH THE GRANDFALLS TEAM; A PARADE THAT AFTER NOON AT 2:30

The Sterling school will have the annual homecoming game and party on the night of November 10. The game to be played that night is against the Grandfalls-Royalte team. The football hero and the football sweetheart will be crowned during the halftime activities.

Parade That Afternoon

There will be a parade that afternoon. Each grade of the school will have or sponsor a float. Any organization in the town may have a float or an exhibit. They should get in touch with Fred Igo, who is director or coordinator of the parade, said coach Dillard this week.

The parade will gather at the Baptist Church in the west part of town at 2:30 p.m. and the parade will go down the highway east and end at the roadside park with a pep rally. Everyone is invited to attend the rally, and everyone will want to see the parade.

Mrs. Bill Brooks Is Noratadata Hostess

Mrs. Bill Brooks was hostess when the members of the Noratadata Club met Tuesday evening, October 23 in the community center. She served a salad course.

Mrs. Robert Foster presided. Mrs. Leroy Butler gave a talk on "Heading Toward a Career." "Little Leagues Aren't Big Leagues" was given by Mrs. Kenneth Peel. Mrs. Hubert Williams led in the club's creed.

Present were Mmes. Forrest Foster, Kenneth Peel, John Gibbs, I.W. Terry, Alvie Cole, Leroy Butler, Stanley Horwood, Martin Reed, Dayton Barrett, Worth Durham, J. I. Cope, Hubert Williams, Mildred Emery, Robert Foster, Finis Westbrook and Bill Cole.

Bridge was played and Mrs. Westbrook won high. Mrs. Butler high cut and Mrs. Gibbs bingo.

There are no reluctant leaders. A real leader must really want the job. If you have to coax or urge your selection, be well advised to pass him over. He's not the man you need.—Gen. Ira C. Eaker.

Screwworms Costs Texans \$100 Million Annually

Screwworms cost Texas livestock raisers \$100,000,000 annually according to the Southwest Animal Health Foundation. This loss comes in the form, not only of death losses, but the tremendous expense of additional labor to treat the screwworm cases, and medicines and sprays. These losses occur in all types of domestic livestock; in addition, pets, game animals and other warm blooded animals are also victims

The Foundation has determined that \$3,000,000 will finance the program in the state and livestock owners are being asked to contribute to the fund on the following basis: 10c per head for all sheep and goats owned, 50c per head for all cattle and horses owned, all stock one year old or older.

Contributions to the fund are deductible according to the San Angelo office of the Internal Revenue Service. Owners of livestock can deduct it as a business expense; landlords who do not own livestock can also deduct it as an expense; all others, including business firms and individuals can deduct it as a contribution to a non-profit organization.

Basically, this is what the screwworm control program would consist of and how it would work. Screwworms overwinter in an area of approximately 50,000 square miles in South Texas from Galveston to Del Rio along a line which roughly follows Highway 90. North of this line temperatures usually are low enough that the flies or pupa will not live. The first screwworms, or flies, north of this line in the spring usually enter the area as screwworms in wounds on animals being transported, or in trucks, cars or some other means since the fly will not travel over 35 miles per week under its own power. Life span of the fly is two to three weeks

Under the plan established by the Foundation and the United States Department of Agriculture, sterile male flies would be released in the overwintering area beginning next year. They would be released in the overwinter area south of Highway 90 and a buffer zone starting at Del Rio and following the Rio Grande River to Santa Fe, New Mexico. This buffer zone would prevent the flies from entering Texas from the West since it would be tied into the Rocky Mountains over which the flies will not travel.

In areas north of the line, livestockmen would take care of the population by treating and killing all screwworms in stock. Since the female fly mates only once during her lifetime, no offspring would result from those females mating with the sterilized males. Eventually, the flies would be eliminated through this method; as they were eliminated in Florida in a test program.

The United States Department of Agriculture would be responsible for sterilizing the male flies through radiation and would release them in the overwintering area weekly. Millions of flies will be required to do the job and these flies must be raised in an escape-proof laboratory. To do the job in Texas, several laboratories will be required. In addition, men to do the feeding, raising, and releasing from planes will be needed. Since each female may lay as many as 3,000 eggs, it is going to be a big job to control them at first but the pilot programs in the West Indies and Florida were successful. It can be done in Texas. The Southwest Animal Health Foundation comprised of representatives of the various livestock segments in Texas has undertaken to raise the funds with which to do the program and they feel very strongly that livestock produces everywhere in the state will support the program and make screwworms a thing of the past

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All devisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

WORLD CLOTHING WEEK OPENS MONDAY IN PUBLIC SCHOOLS

School bells Monday morning will not only signal the beginning of classes, but will also trigger a concentrated effort by the school children of Sterling City to collect good used clothing for underprivileged children and adults. The project, called **WORLD CLOTHING WEEK**, is part of a nation-wide campaign to raise used clothing, shoes and bedding to aid orphans and other needy children and adults in the United States and overseas.

WORLD CLOTHING WEEK will continue here through Friday and superintendent of schools O.T. Jones has asked that every family in Sterling City and Sterling County gather up all their outgrown and unneeded clothing and send it to school before Friday. If there are no school-age children in a family, a neighbor's child will be glad to bring the gift along with his own.

All clothing collected by the schools will be turned over to World Clothing Fund, Incorporated, sponsor of **WORLD CLOTHING WEEK**, for distribution.

1961 1962 TEXAS ALMANAC

NEWEST CENSUS FIGURES

Actually an amazing complete encyclopedia of Texas, the new Almanac (with the final 1960 census figures to work from) contains millions of facts and figures about the Lone Star State heretofore unpublished. An invaluable reference source for businessmen, teachers, students, salesmen, farmers, etc. Ideal as a gift!

Over 700 pages!

Contains a big, up-to-date foldout map of Texas. Full details on each county — an individual map, killing frost dates, growing seasons, average rainfall, production figures, etc. Exhaustive information on all phases of manufacturing, livestock, crops, oil, transportation, history. Complete statewide election results.

Nature's Laws

If you violate Nature's laws, you are your own prosecuting attorney, judge, jury and hangman. Nature says you must eat sanely, sleep soundly, care for your body, avoid anger, be industrious, sober and self-respecting. If you flout her laws you just naturally walk right into the jail of indigestion, nervous prostration, ill health, worthlessness and failure. There is no appealing the case and there is no possible alibi.

**You Have to File
For Social Security**

Many people may be losing social security benefits according to Floyd B. Ellington, Manager of the San Angelo Social Security Office, because of failure to file an application for payment.

Most of them are aware of the \$1200 yearly earnings restriction for social security beneficiaries, but may not realize that they are eligible for some benefits even if their earnings are more than \$1200 per year.

An employee can receive a check for any month that his earnings are \$100 or less regardless of his total earnings for the year. A self-employed person can receive a check for any month he does not render substantial services in the operation of his business, regardless of his net profit for the year.

Anyone who earns over \$100 in every month, and over \$1200 in the year as well, may still be eligible for some payments. Each two dollars earned between \$1200 and \$1700 a year, costs only one dollar in social security benefits; over \$1700, each additional dollar reduces benefits one dollar.

Ellington said that anyone who has reached retirement age should inquire at his nearest social security office. He may be losing benefits by not applying now.

**OLD AGE BENEFITS ARE
CHANGED**

One of the recent changes in the Social Security Act is important to all persons who work between the ages of 62 and 72, according to Floyd B. Ellington, Manager of the San Angelo social security office.

"This change concerns the 'earnings test' the amount one may earn and still receive some payments," he said. "Earned income of \$1200 or less in a year has no effect on the benefits. Now, however, only \$1 in benefits is withheld for each dollar earned in excess of

**Sauce for
the Goose**

By Betty Barclay

"There's no better way to add variety and a party touch to family meals than by the clever use of sauces," says the new General Foods Kitchens Cookbook.

This unique book, compiled by more than 130 women of General Foods Kitchens, is almost square in shape and designed to lie conveniently flat when opened. The deluxe edition of the cookbook comes with a wrought iron holder which can be used to hang the book on the wall and then prop it open at just the right angle for easy reading when you place it on your work counter or table.

This Indian Jelly Sauce is suggested as being especially good with ham or pork.

Indian Jelly Sauce
1 1/2 cups apple jelly; 1/2 cup chutney; 1 1/2 teaspoons lemon juice.

Melt jelly over low heat. Stir until smooth. Mix in remaining ingredients. Serve warm with ham or pork. Makes 1 1/2 cups sauce, or 10 servings.

that amount," he continued.

"This means that in some cases where a man and wife are both of retirement age, he can earn as much as \$3,000 a year and still receive some old age retirement age, he can earn as much as \$3,000 a year and still receive some old age insurance. Where there are three or more beneficiaries in one worker's family, it is possible for him to earn as much as \$4,000 and receive some family payments for the same year."

After age 72, there is no retirement test, Mr. Ellington believes that there are many workers in the District between age 62 and 72 who should apply for the benefits to avoid any possible loss. Claims may be filed with the Social Security Administration office at San Angelo, Texas.

Even when annual earnings are too high to permit any payments, benefits are payable for any month in which a beneficiary does not work in his own business or earn wages of more than \$100.

**Epsilon Zeta Club
Met Last Week**

The Epsilon Zeta Club met Thursday evening of last week at the community center with Mrs. Richard Reed as hostess.

Mrs. Fred Igo gave a program on fallout shelters. Two new members were at the meeting, Mrs. Jim Coleman and Mrs. Don Griffin. The club plans to have a goodies sale on Tuesday before Thanksgiving. The sale will be held in the West Texas Utilities Co. office.

Members voted to bring cosmetic articles for a box to go to a man and also a woman patient at the Big Spring State Hospital.

The club has donated a punch bowl to the community center club kitchen.

Present were Mes. Clinton Hodges, Jake Traylor, Eddie Braswell, Leon Ferguson, Eschol Crook, Marshall Blair, J. Blane, Elroy Butler, Bill Fletcher, Wayne Lory and club sponsor, Mrs. Martin C. Reed.

Truman Gartman
Clem L. Montgomery

GOOD LAND AND CHEAP

720 acres, fronts one mile on Highway 159 just over the New Mexico-Colorado State line. North of Taos, fifty miles. Nice level land can be developed into a good irrigation vegetable or small grain. And look at the price, \$20.00 per acre. 10% down, 10% in six months and 10% per year till paid for. There is a good chance to double your money in two years on this land. And I mean that. Any questions?

**Santa Fe hauls
2.3 million bales
of western cotton
to markets**

King Cotton has moved west.

In 1945, only 36% of the nation's cotton was grown in the West. Today over 62% of it comes from states served by Santa Fe.

This year Santa Fe will haul over 2,300,000 bales of cotton to markets in 34,000 box cars—enough box cars to make up a train 284 miles long.

Hauling cotton and other important crops, materials and products from where they are grown or made to where they are needed is another example of how Santa Fe is meeting the transportation needs of a growing America.
