SHINING TREE . . . If you think trimming the family tree is a big task, how would you like to tackle a 300-year-old live oak tree? The beautiful tree shown above, was decorated for Christmas at Wilmington, N. C. The majestic tree rises to a height of 55 feet and has a limb spread of 110 feet. It took some 5,000 multi-colored light bulbs to get the glistening effect shown above.

STERLING CITY. TEXAS

The progress of Christianity — and our civilization as well — has been accompanied by the far-reaching message of the bells — bells that call the reverent to worship, that herald the approach of a holiday or commemorate a great or blessed event.

But, particularly at Christmastime is the message of the bells most effective. From the echoing ring of the bell in a small mission church to the resounding peal that comes forth from massive cathedral towers, the bells tell of joy and peace and call to the world to come and adore.

Older themselves than the story they tell at Christmas, bells were first used to sound the alarm in fire or tumult. Rich burghers jealously guarded their bells and used them to rally their followers when danger threatened.

Bishop Paulinas of Nola in southern Italy is commonly credited with introducing the first church bells about 431 A. D., when he put up a huge copper kettle on the roof of his church and struck it with a hammer. Before that, a crier had announced services by running through the streets ringing a hand bell.

From Italy, the idea spread to France and thence to England. Not until the 11th Century did bells appear in the towers of German and Swiss churches. Competition among bell casters developed the bells in size, quality of tone and beauty. A founder had to be a metalurgist, designer and musician as well. The race for bigger and better bells went on until a bell was cast in Russia that proved to be too heavy for machinery to lift into place.

Cast in 1773, in Moscow, it is the Csar Kolokol." It weighs 180 tons, measures 20 feet in height, 22 feet in diameter and is 23 inches thick. Many costly but futile attempts were made to hoist it into place. China, the mother of many things cast the first great bell in 1408. Weighing 53 tons, it hangs in the Big Bell Temple in Peking. Another large bell, 15 tons, is suspended in the ancient Buddhist temple in Japan. The chimes of St. Michael's in Charleston, S. C., are probably the most traveled bells, having crossed the Atlantic seven times because of ownership changes or to be recast. They last crossed the Atlantic in 1865.

As Christmas is the most universally celebrated of all world holidays, so is the expression "Merry Christmas" the most universal of all greetings. Here is an interesting game based upon this Yuletide salutation. See if you can match the greeting at left with the proper language on the right:

1 Buon Natale! Hawaiian

EVERY DAY, EVERY MONTH,

We at West Texas Utilities Company speak to you of newness, of modernity, of living better electrically.

That is our pleasure. All those things are the rewards of the 20th Century.

But none of us wants modern terms to obscure from us our nation's oldest and most cherished values of self-reliance, individual initiative and universal opportunity.

So let's pause together now with the Christmas hope that these "old-fashioned" values, these seasonal and true values, will light our paths in all the modern years to come.

> West Texas Utilities Company

Lowe Hardware & Furniture

Y

His mission is usually the same-but not his looks and his namethat's the Story of Santa around the world.

Santa as we know him in America today presty well follows the description given by Clement Moore in his famous poem, "The Visit From Saint Nicholas." This truly familiar symbol of Christmas was a somewhat angular figure before Moore gave him a sleigh, twinkling eyes, cheeks like roses, nose like a cherry and a round little belly.

their missives to "Father Christ- Khoony-Khoong" (nice old father) mas" and follow a tradition "Santa," the gift-giver, is a part which might find favor with of Christmas nearly everywhere.

What happens the day after Christmas?

Is the spirit of Christmas "spent" in lavish preparation and anticipation, enjoyed but briefly, then thrown aside with the wrapping paper and colored ribbon?

What happens the day after Christmas?

Does one breathe a deep sigh and inwardly say, "I'm glad that it's over for another year"?

If this happens, then certainly we are not "keeping the Christmas." The Spirit of Christmas is superficial. Our Christmas symbols and ornaments, many of them pagan in their origin, are only decorative trappings for creating a festive spirit.

It Is Real

But Christmas is not superficial. Christmas is REAL. And so must observance of the holiday be REAL and not the mere matter of observing customs and practices as a matter of conformity.

The glitter is gone from evergreens and holly wreaths on the day after Christmas. The tree suddenly becomes old and drops its needles upon the carpet. No longer does the bright figure of Santa adorn the mantle or doorway; it simply hangs there, bereft of glamour and stirring little anticipation.

Williams City Cafe Boots, Aline, and Personnel

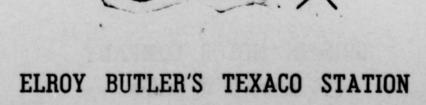

It Has Meaning

Unless we have "kept the Christmas" in preparations for, and observance of Christmas Day, then we have observed a meaningless holiday.

This year, let us keep the Christmas in a spirit that will keep the profound meaning of the holiday deep in our hearts for the remainder of the days after Christmas.

As we observe the Christmas, we must find time to meditate upon the great reality-that upon this day Christ was born, bringing to all mankind the promise of eternal salvation. This is the message of Christmas and the secret to the successful keeping of Christmas forever and ever.

ALL OF THE BEST TO YOU THIS JOYOUS SEASON

hristmas

Carols Traditional On Beacon Hill

Every Christmas Eve the lights of Boston's Beacon Hill shine more brightly as happy carolers sing out their Yuletide greetings.

The custom of Beacon Hill carols was originated by Frederick W. Briggs, in 1895, after spending a merry and musical evening in an English town. In recent years some 150,000 Christmas celebrators have joined the wandering minstrels in celebrating Joyous Yuletide on the Hill.

From the brilliantly illuminated State House to Charles Street, from aristocratic Beacon Street right over the Hill into the slum districts, old houses beam holiday tidings. Carolers stream up and down the Hill, past mansion fronts which are gaily illuminated with vari-colored lights. At Louisburg Square, guests toast each other with eggnog and the evening rings with the sounds of good fellowship and the echo of happy Yuletide greetings.

First Community Tree At Christmas Was Held In City of Cleveland

THE COMMUNITY Christmas tree idea was born in Cleveland, Ohio, in 1912. The community raised funds to defray the cost of the tree and celebrations through the sale of preferred stock in "Cleveland, the city of good will (unlimited), incorporated under the laws of the commonwealth of good cheer." Holders of preferred stock were

entitled to "dividends payable daily in the form of happy voices of robust children, the contented faces of friendly fellow citizens and the advancement of the city of good will."

Sale of stock was pushed everywhere, the most unique place being the Cleveland stock exchange where the stock was listed at the head of other securities. The sale brought \$12,000, which purchased Christmas cheer for 13,000 citizens, as well as the first community Christmas for the city.

Nazareth: After Centuries, The Chosen City Is Growing Modern

The advent of modern conveniences is gradually making a vast change in the homeplace of Jesus. Nazareth, scene of many miracles, has witnessed a new one-water, in plentiful supply.

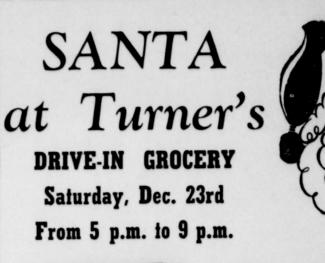

Since long before the time of Christ, Nazarene women had to carry water in earthen jugs. Now, such sources as the famed "Fountain of Our Lady Mary" will be needed only as shrines recalling the city's historic past.

The water for the most predominantly Arab city in Israel is piped in from a Jewish farm settlement in the Valley of Esdraelon. The 12-inch pipe carries it to a summit overlooking Nazareth where a junction with municipal pipelines allows distribution throughout the city.

Nazareth, the chosen city and one of Christendoms holiest places, was once so insignificant that the term "Nazarene" was applied to Jesus Christ in derision. And, long before the birth of Christ, the city was the target of a variety of invaders.

In the Christian era alone, Nazareth has been conquered many times. The city was wrecked by Saladin in the Christian-Moslem wars of the Middle Ages. In the same period the Christian population was massacred by Bibars, the Egyptian sultan and general. Some of the historic churches have been razed and rebuilt as many as three times.

Less than five miles away was the once thriving city of Sepphoris where the Romans put down a desperate revolt of the Jews led by Judas the Galillean when Jesus was a boy. Herod Antipas, son of Herod the Great, rebuilt Sepphoris, and there is speculation that the young Carpenter may have aided in the reconstruction.

Proper Tree Cuttings Help Forests Grow

Cutting an evergreen for a Christmas tree is not a harmful practice, so don't feel guilty about it. Even the trees that are sold in market places were "harvested" as a crop to give living room to regular plantings.

Christmas trees are grown on poorer forest soils and wet bog areas where evergreens grow far too slowly to produce a lumber or pulpwood crop - thus Christmas trees are the only profitable harvest that can come off that land.

Some trees do come from top lumber areas, but these are "thinnings." In growing trees as a crop it is often necessary to thin out the smaller trees so others will have and grow room to live Thus it is that the "thinnings" serve a number of uses: they bring Christmas joy into the home; provide income for the forester; and serve as "life insurance" for upcoming timber crops.

REWARD NOTICE

S

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted. will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. the conditions of payment will be made by the Board of Directors of the Association.
