Oral Polio Vaccine Program Plans

The group of interested citizens who will help plan and put on the Sabin Oral Vaccine Day here met Tuesday afternoon in the courthouse to make plans for the first date—which is tentatively set for Sunday, September 23. On that date it is planned to administer vaccine to everyone at the hospital.

The vaccine will be administered in water on a sugar cube, or in glycerol or a drop squirted on the tongue. Dr. Wm. J. Swann said the vaccine is tasteless, odorless and stainless.

Could Wipe Out Polio

Dr. Swann said that if all persons, ages 6 months to 101 years would get immunized with the vaccine (all three doses) that it is possible that polio would be wiped out. The vaccine would rid the world of carriers of the disease—which would be the ideal program.

Swann said these vaccine doses presented the opportunity of a life time for people. All should avail themselves of this opportunity—such as like opportunity might never again be available in a like fashion.

The Tom Green-Eight County Medical Society is sponsoring the program for its area, and such groups have sponsored such programs elsewhere.

The vaccine will give immunity to polio for the rest of your life, said Swann. No booster shots will be needed after the three types of vaccine are taken. The Sabin Vaccine vaccinates one against polio while the Salk Shots immunized one against paralysis.

The doses will be given six weeks apart, and the dates will be announced along as the program progresses. With the first as tentatively scheduled for Sept. 23, the others would follow on Nov. 11 and Dec. 16.

Persons who will and can will be asked to donate 25 cents per dose toward the cost. But everyone (all ages) are asked to get the doses, money or not. The cost will be underwritten by the clubs of the town. All clerical and chivalry will be donated.

The local study clubs are to have a phone campaign to get the approximate number of doses that will be needed here. Dr. Swann said we wanted enough, but he didn't want to over order because the vaccine was in great demand, and if we didn't want or need it here, it was badly needed in other places for such programs. Please let Dr. Swann or Mrs. Neal J. Reed know how many in your family will get the vaccine. (Drop a card or Mrs. Reed said one could call her and she would keep a list.)

There will be forms for parents to fill out listing their family and ages before the day. This way a lot of time will be saved. The doses can be given in a few seconds if the people will have the name cards filled out. The form which can be used will be run off, and handed out in a mothers' march type of drive later.

Present at the planning meeting were Dr. Swann, Mrs. Neal J. Reed, Mrs. W.N. Reed, Judge W.R. Brooks, Mrs. Eddie Braswell, John Gibbs, Mrs. Robert Foster, Lucia Lujan, O.T. Jones and Jack Douthitt.

Gets Master's Degree at Tech

Allan Kent Jones, son of Mr and Mrs O.T. Jones, received a master's degree in English at Texas Tech exercises last Saturday. Kent will go on to complete his work on a doctorate there this fall under a fellowship award.

Mr and Mrs Roland Lowe are spending the weekend in Ruidoso, New Mexico.

Sterling Polio Chapter Met Monday

The Sterling County chapter of the National Foundation for Infantile Paralysis met at the hospital Monday afternoon. Present were the chapter president, Mrs. Martin Reed and Ronald Zink, State Representative of the National Foundation, Dr. W.J. Swann, Hal Knight, Mrs. Forrest Foster, Mrs. Joe Emery and Jack Douthitt.

State Representative Zink asked the local chapter for a \$200 check to put into a special West Texas Emergency Fund for work with the area emergencies. The chapter voted to give the money for the special fund.

The local group was asked to send delegates to the National Foundation meeting in Dallas on October 1 and 2.

Back To School Parties

Miss Elizabeth Cole and Miss Jeannine Jones gave a "Going Back to School" party at the O.T. Jones residence Thursday night. Miss Ann Whittenburg, daughter of Mr and Mrs Roy Whittenburg of Amarillo, was the only out of town guest.

The party, honoring Miss Linda Allen and Miss Janet Westbrook, who will attend Stephens College, and Miss Willene Glass who will attend TCU and Miss Whittenburg who was Miss Jones' roommate at Texas Tech the past two years. Miss Whittenburg will enter the University of Texas as a pre-law student this fall and will be a senior there.

Other guests were Miss Leruth Reed, a junior at ACC, Miss Charlotte Moore, a Sophomore at East Texas State, Claudia Collins who has been studying at the University of Hawaii, and Miss Lois Ethel Price, a junior at Sterling City H. S. Miss Cole will be a sophomore at TCU and Miss Jones, a junior at Texas Tech. Miss Allen, Miss Westbrook and Miss Glass were given gifts as first year college students.

Miss Cecilia McDonald, entertained with a luncheon at the L.C. McDonald ranch home west of Sterling City Wednesday noon Aug. 23rd. Theme of the party was "Back To School." Games of bingo were played until each guest received a prize.

Guests included Miss Willene Glass, Miss Linda Allen, Miss Janet Westbrook, Jeannine Jones, Elizabeth Cole, Charlotte Moore, Lois Ethel Price and Jeanie McDonald.

HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

Mrs Edward Estrada
Mrs J.A. Revell
Mrs Cassie McCullom
Mrs Jesusa Ortiz
Dismissals since Thursday morning of last week—
Owen Armstrong
Frank McCabe
Mrs O. Capachino
Juan Mata
Sam Duncan

To Enroll at Stephen's College

Lynda Rhea Allen, daughter of Mr and Mrs Worth E. Allen, and Janet Lou Westbrook, have enrolled as freshmen students in Stephens College, Columbia, Mo. this fall.

The Marion Hays family returned home last week from a vacation trip to Reno, Nevada, where they visited their children and grandchildren.

Our mohair market, which has been relatively sluggish the past year, remains uncertain due chiefly to continued lack of interest being displayed by foreign importers.

At the same time, USDA reports indicate the world outlook is favorable for continued consumption, which in recent years has been increasing steadily.

Increased production is noticeable in all mohair-producing countries. In the U.S. it has jumped from 14 million pounds in 1955 to 26.4 million last year. And in South Africa production went up from 5 million to 10 million pounds. Total world production last year was 57.2 million pounds.

Most of our domestic fleeces are exported. Between 1957 and 1961 exports have averaged 75% of production, with the U.K. taking between 55 and 65%. The Netherlands, Belgium and Japan are our other chief customers, in that order.

The USDA reports that future demand will depend largely upon foreign economic prosperity, and fashion trends; also upon price, as man-made fibers can be substituted in apparel fabric, which is at present mohair's principal use, to achieve similar results.

Beef imports are up. This year they're taking almost 12% of the U.S. market, compared with 7.9% in 1961, 5.9% in 1960, 8.6% in 1959, and 3.9% in 1958. It is estimated that at times imports have depressed cattle prices as much as \$2 per cwt.

This electronic age is giving some people the jitters. A West German court recently sentenced a mechanic from a village near Nuremberg to three years in prison for attempted witch burning. In an attempt to rid himself of a witch who brought bad luck whenever she appeared, he tried to burn down her house. At the trial the burgo-master testified that even he believed in witches, and a physician asserted that the belief in witches was widespread and growing as a result of the magic that technology made manifest every day.

The U.S.A. is now producing about 52% of the world's automobiles, but Italy, West Germany and France each export more of them each year than we do.

At the beginning of last year there were 127 million motor vehicles registered in

LIONS CLUB

The Lions Club met Wednesday noon in the Community Center for the regular weekly luncheon.

President W.R. Brooks reported a zone meeting he had attended recently. He said that henceforth the club would recite the pledge of allegiance to the flag when saluting it at the beginning of each meeting.

Brooks said that the Santa Fe Railway would make presentation of a scholarship award to Dor. McDonald at meeting on Sept. 5. Don, son of Mr and Mrs Chesley McDonald, is a state vice president of the FFA.

The prize went to W.R. Brooks. G. S. Osborn of Abilene was a guest.

Brooks announced a Fishing Derby at Lake Colorado City on Labor Day. He told of the various prizes for catches in four age groups.

Dr. W.M. Swann told members about the Sabin Oral Vaccine program that was to be carried out here. Swann stressed the importance of everyone taking the vaccine to immunize them from polio. Brooks said that, to him, it was the most exciting thing in medical history—that of immunizing against polio.

Mr and Mrs Roy Foster, Mr and Mrs Finis Westbrook, Bobby Westbrook and Johnny Copeland spent last week in Antonita, Colo. All but Finis returned home Tuesday, and he is scheduled to return home the latter part of this week.

Mr and Mrs Arthur Barlemann are in Los Cruces, New Mexico this week attending the National Association of County Agents Meeting.

The Tommy Fosters are in Ruidoso, N.M. for the week end.

Nance's Visitors

Major and Mrs James B. McCravy and children, Eddie Michael and Mary Beth of Plattsburg, N.Y. visited three weeks with her parents, Mr and Mrs Sam Nance of Sterling.

Major McCravy returned early for a reflex tour in Brize Norton, England. Mrs. Lee Speck of Edes and Sam Jr are accompanying Mrs. McCravy and children back to New York via Washington, D. C. and New York City. They will tour the New England States and Canada, and visit friends in Detroit and St. Louis on their return to Sterling City.

Mr Carey Mercer and Rev. and Mrs D.L. Mercer of Lake Providence and De Ridder, Louisiana, were visitors in the homes of their mother, Mrs D.O. Mercer; sisters, Mrs Doc Daves and Mrs Spencer Jackson and other relatives

the world, of which the U.S. had 73,929,000 of them. We averaged 2.4 people per vehicle; the Soviet Union registered 3.9 million, or 52 people per vehicle.

School To Open Next Tuesday

Supt. O.T. Jones said this week that the Sterling Schools would open with a general assembly on Tuesday, September 4, at 9 a.m. Enrollment of the pupils and issuance of books would be the order of the day and that students would be dismissed that morning.

The first real day of school would be Wednesday Sept. 5. Regular hours and class schedules will be carried out that day, he said.

The faculty is the same as last year and will be as follows: O.T. Jones, superintendent.

Eard Seago, high school principal.

J.R. Dillard, grade school principal.

Fred McDonald

Fred Igo

Ben Brown

Mrs Frank Milligan

Lettuce
Onions
Tomatoes
Pickles
Potato Salad
Orange Cake
Pear Salad

The annual football barbecue will be held Saturday night September 1, at the city park in Sterling City at 7 p.m. according to Mrs. H.D. Coleman, president of the High School Mothers Club. About three hundred fans and students are expected to come and honor the football boys of Sterling City High School in a pre-season kickoff for the 1962 season. Coach J.R. Dillard will present the boys and make a talk concerning the season ahead according to Mrs. Coleman. Mrs. Coleman suggested that any fans who had not been contacted to bring a cake or a salad.

Everyone in town is cordially invited to the rally said Mrs. Coleman.

The Pep Squad leaders will lead in some cheers and there will be pep talks to generate enthusiasm for the season.

PRE-SCHOOL WORKOUTS BEING CONDUCTED

The football boys have been working out the past two weeks, and the pre school or preliminary conditioning will be over with Saturday mornings workout, said Coach Dillard. From 12 to 18 boys have been working out each day and no injuries have been reported. Dillard said there would probably be a squad of 17 regulars as the season gets underway.

Scrimmage with Garden City Today at 5:30 There

The local squad will go to Garden City this afternoon (Friday) for a scrimmage session with the Bearkats at 5:30 o'clock.

Season Football Tickets on Sale

The school athletic fund has season tickets for the 5 scheduled home games on sale now for 3.75 for adults. The football games will cost 1.00 per game, so a season ticket will save the buyer 1.25 for the season. Tickets may be obtained from O.T. Jones at the school. The first game will be here Sept. 7 with Gail.

Mrs W.R. Davis Buried Here

Funeral services for Mrs. Gelema Ayers Davis, 80, of Grape Creek Rd. were held at 3:30 p.m. Monday in Johnson's Funeral Chapel.

Burial was in Montvale Cemetery at Sterling City, under direction of Johnson's and Lowe Funeral Home of Sterling City.

Mrs Davis' husband, W.R. Davis, died only Monday, Aug. 20.

Mrs Davis was born March 11, 1882, in Cook County. She married Mr Davis Sept. 27, 1942.

Survivors include four brothers, Mack Ayers of Pampa, Claude Ayers of Bonita, John Ayers of Holiday, and Eddis Ayers of Wynnewood, Okla.; three stepsons, R.C. Davis of Amarillo and Walter R. and Truman C. Davis, both of Sterling City; four stepdaughters, Mrs. Victor Jackson of Belton, Mrs. R.D. Allen of Pancourt, Mrs. Earl Hughes of Fairchild Air Force Base, Wash., and Mrs. Hardin Kettler of San Angelo; 16 grandchildren, 14 great-grandchildren, and several nieces and nephews.

The greatest hazard facing these small beneficial insects is the passing of the winter period, much of it in the absence of its host plant. During this time, weevils hide out in sheltered spots, but they may move about considerably, dispersing widely from the areas where liberations are made.

The Ross Fosters, Mrs Ruf Foster and the Clyde Reynolds of Garden City spent last weekend in Ruidoso, New Mexico.

Roland Lowe went to Galveston Tuesday to pick up Bramlett Allen, who had been a patient at the John Sealy Hospital there.

Kent Jones is back from attending a summer session at Duke University as a graduate student.

High School Registration

Seniors and juniors at the local high school registered on Thursday of this week. Today the sophomores will register at 10 a.m. and the freshmen are scheduled to register at 2 p.m., said Earl Seago, high school principal.

Department of Health Column

How much does research cost? The better question would be: What is research worth?

Research is indeed the proverbial "stitch in time." Medical research has brought about many outstanding drugs and spectacular operations which save individual lives and relieve suffering, but more outstanding and spectacular are the advances in preventive medicine that have been made which stop suffering before it starts.

Economically speaking, preventive medicine has saved the people of the United States countless dollars. A case in point is retrolental fibroplasia, an eye condition marked by the formation of fibrous tissue behind the crystalline lens. Prematurely born babies are often stricken causing partial or total blindness.

At first premature births were blamed. However, research financed by federal and private means discovered the cause to be the excessive administration of oxygen-employed regularly incubators for premature infants.

This study cost approximately \$50,000. In the U.S. 5,000 children are blind because of retrolental fibroplasia. Each child will cost an estimate \$100,000 for education, training and support from birth to death--or a grand total of \$500 million.

Caring for these 5,000 children in our generation will cost 100,000 times more than the cost of the research which prevents the disorder.

Other items developed solely through research include the Salk vaccine and steroid (cortisone) compounds--which prevent blindness, relieve arthritis, and aid skin diseases and allergic conditions.

Who can put a price on the suffering and crippling averted because of them. The life expectancy of Americans now born is now past 70 years of age. In just 17 years--1937 to 1954--it increased 9.6 years.

This means, because of the decline in the death rate, over \$770 million additional federal income taxes was received in 1955 alone, plus the accompanying rise in earning power and productivity from an increase span of life.

The wise man who said, "Who would not give a trifle to prevent what he would give a thousand worlds to cure?" was right.

(A weekly feature from the Public Health Education Division, Texas State Department of Health.)

Sheriff's phone 8-4771.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All deviations concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

TEXAS SHEEP & GOAT RAISERS ASSOCIATION

Navy Now Accepting Three Year Enlistments

The Navy will accept volunteers for the first year term enlistment and will permit certain young men to reenlist for two or three years in an experimental program, Vice Admiral William R. Smedberg, III, Chief of Naval Personnel announced today.

The experimental program has been placed in operation, Admiral Smedberg said, to meet the increased readiness posture of the Navy and the Nation. It will remain in effect until June 30th, 1962. The three year enlistment program is open to men who have had no prior military training. Under the reenlistment program, eligible personnel who have been released from active duty may reenlist with an option of up to 30 days advance leave. Formerly, broken service men reenlisted for four or six years with no advanced leave authorized. Admiral Smedberg said this new experimental program would afford young men of the country an opportunity to train and serve patriotically while learning of Navy life with only a three year commitment.

The experimental program will in no way effect the Navy's current stay in school policy, young men will continue to be encouraged to stay in school.

GOODYEAR LICENSE SWEEPSTAKES

Know your auto license plate number? It may be the ticket to a free vacation in Paris or make you the owner of your own swimming pool or boat.

These are among the 119,220 prizes to be offered by The Goodyear Tire & Rubber Company during its six week "Million Dollar Lucky License Sweepstakes," Aug. 6 - Sept. 15.

During the sweepstakes, weekly lists of the "lucky license numbers" will be posted at the NORTON'S COL-TEX STATION here.

"There's nothing to write or fill in," said Donald Norton. "The only qualification to win a Paris vacation or one of the many other prizes is to own a registered car."

Nearly 20,000 "lucky license numbers" will be selected every week during the sweepstakes.

Prizes, with total retail value of \$1 million, range from six vacations for two in Paris, steel swimming pools and all aluminum boats to color television sets, wrist watches and major appliances.

By far the most vital people in our system of justice are witnesses. Everyone else in a trial exists to hear what they have to say.

Our courts need witnesses. A jury to find the facts. The judge to apply the law. The lawyer to tell his client's story.

Chances are you worry about stepping up, taking an oath, and telling your story in court.

On some rare occasions you could be called upon to testify about something affecting your outstanding in the community.

As a witness you too may have the right, for example, not to testify against yourself in somebody else's lawsuit or crime trial.

If you are ever in such a bind, consult a lawyer of your own choice on what to do. The lawyer who called you to testify has a sworn duty to protect his client, not you, at your lawyer is sworn to keep what you tell his secret and to advise you in your own interests within the law.

Wise lawyers tell their witnesses to obey twelve rules:

1. Go to the place (say the scene of an accident). Check your memory before you go to court. People forget and get caught up on details. But if you check what you saw and heard you are on solid ground.
 2. Visit a court. Hear how other witnesses testify. It will help you see your role on the witness stand.
 3. Wear clean, conservative clothes.
 4. Don't memorize your story word for word. That is the surest way to sound bad. But think of what you saw and heard.
 5. Listen to the questions you are asked with care and answer thoughtfully.
 6. Give a simple, direct answer in your own words. Don't be rushed.
 7. If you err—and people often do—correct yourself at once if you can't remember some detail, say so. Don't bluff.
 8. Tell the truth. Don't figure which side you may help. Don't identify yourself with either side.
 9. Stop when the judge breaks in, and don't try to sneak an answer in before he can stop you. What you might say could end in a "mistrial."
 10. Keep cool and don't sass back.
 11. If they ask you: Certainly, you have talked to other people—the lawyer, for example; and yes, you may be reimbursed for certain of your expenses incurred in attending the trial.
 12. Remember, without witnesses our law would fail to do justice. If you are called, be a good witness.
- (This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved because a slight variance in facts may change the application of the law.)

STUDENT SUMMER INCOME

It isn't necessary for students to stop working this summer after earning a total of \$600. Ellis Campbell, Jr., Dallas district director of Internal Revenue Service, advised parents that it is possible to claim a son or daughter as a dependent on federal income tax returns even if they earn more than \$600. Campbell suggested that students contact IRS for needed information on how their parents claim them as a dependent.

New officers of the Sterling County Game Management Association elected at the annual meeting on August 20 are as follows: Charles Probandt, president; Johnny Johnston of Water Valley, vice-president; and Stanley Horwood, secretary-treasurer. These three plus two directors they will appoint are the board of directors of the association.

One hundred members and guests attended the annual meeting and barbecue. Several members of the Game and Fish Commission made short talks to the group. Garner Fuller, a wildlife biologist and manager of a game farm near San Antonio was unable to appear. He had been out of his office several weeks and when he arrived back, could not make the plane connections or travel arrangements to arrive in time for the meeting.

A tour of the Barnhart range station has been arranged for Thursday, September 6 for all interested Sterling County ranchers. The tour is one of the objectives of the range committee and county program committee.

The tour will be conducted by Don Huss of the Range and Forestry Department at A&M College. Don is directly in charge of the station and made an excellent presentation at last year's tour.

Big interest on last year's tour was the two pasture deferred rotation system just started, on says the system looks good this year in spite of the drought prevailing on the station. Much like our area, they have received less than five inches of rain this year.

The tour will leave Sterling at 8:00 on the morning of the sixth. Interested persons meet at the courthouse and will pool transportation.

The USDA has announced a referendum among wool and lamb producers during the period of September 10-21 to determine producers approval of the agreement with the American Sheep Producers Council. The Council handles advertising with funds deducted from shorn wool and

doughBelly Price Reports

Home again and am I glad. I surrendered to one of the men of the medical profession At Santa Fe. He had me X-rayed, mugged and fingerprinted.

The first thing they done was to take A close up of my head and FOUND NOTHING but empty space. They kept plowing around with the X-ray and found that I had two kidneys. Decided I could get along with one so they just heisted the other.

There was two of them pill-rollers in on the deal, one to give the orders and the other to do the cutting. He jabbed with a little needle and I went into orbit. I reckon, I was just floating around.

When he started the job of cutting me up, he had on A white suit and A mask over his face. I reckon, he thought that I would smell bad. But I thought he was the grand gobbler of the Klux Klux Klan. He done A wonderful job, evidently as I am getting along fine. Boy, what this medical profession can do to you and for you these days is amazing.

The only rough time I put in was before the cutting took place. I was given A big dose of castor oil then it was my move and it had to be fast. But them men shore done A bang up job, to overhaul A carcass like this one I put before them.

Been beat up, tromped on by both men and horses, I feel like now I may make it through the winter without being tailed up many times.

But let me tell you something when you surrender, unconditionally to them men of the medical profession you can expect anything. But one thing they shore will do, the best they can. They don't get paid to fast sometimes but they are pretty good people.

GOOD RANCH CHEAP

Seven miles from Alamosa, Colorado. 2700 acres deeded, 640 acres leased. Plenty of water for irrigation, seven artesian wells. They cut 600 tons of hay from it last year and grazed 200 head of cattle. This spread with the alfalfa and vega grass it has, will graze 300 head of cattle without any feed being bought.

The price is shore right, less than \$350.00 per cow unit. At that price A ranch will make money. This is the best deal I have seen in A ranch in some time. TERMS. Contact:

For a Beautiful Cake!
By Betty Barclay

HEAVENLY frosting, delicately honey-flavored, and covered with frosty-white flaked coconut, makes a "beauty" out of the simplest of cakes! You can use bakers' cake layers; or you can make layers or a large loaf from a mix, or from your own favorite recipe.

Coconut Honey Frosting
2 egg whites; 1 1/2 cups sugar; 1/2 teaspoon salt; 1/2 cup water; 2 tablespoons light corn syrup; 2 tablespoons honey; 1/2 teaspoon vanilla; 1/4 cup Angel Flake Coconut.

Combine egg whites, sugar, salt, water, corn syrup, and honey in top of double boiler. Beat 1 minute until thoroughly mixed. Cook over rapidly boiling water, beating constantly with sturdy egg beater (or at high speed of electric beater) 7 minutes. Remove from boiling water. Add vanilla and beat 1 minute or until thick enough to spread. Frost cake and sprinkle with flaked coconut. Makes 5/8 cups frosting or enough to cover generously tops and sides of 10 8-inch layers.
