Two Pays in Sterling Twirlers To Lamar Oil Test

Shaheen & Sons, Abilene, is requesting discovery allowances for both upper and lower Wolfcamp pays in No. 1 Nellie P. Sellers, section 63, block 17, SP survey, 1 1/2 miles west, southwest of the two-well Triple M upper wolfcamp pool and 22 miles northwest of Sterling City in northwestern Sterling County.

The well flowed 243 barrels of oil per day through 32-64 inch choke and perforations opposite the upper Wolfcamp at 6,710 to 6,792 feet, acidized with 4,000 gallons. Gas-oil ratio was 430-1. Gravity was not reported.

Last month it was completed to flow 284 barrels of 40 gravity oil daily from the lower Wolfcamp through 20-64 inch choke and perforations at 6,370 to 6,890 feet, treated with 1,000 gallons of acid. Gas-oil ratio was 683-1.

Twirlers To Lamar Tech

Two eager twirlers from the Sterling City are enrolled in the annual Twirling and Drum Majoring Camp at Lamar State College of Technology in Beaumont, Texas for the July 21-26 sessions.

Among those already signed up are the following: Betty Jo Barrett and Rosanne Foster, local high school twirlers.

Professionally conducted by a hand-picked staff, the Lamar Tech camp is designed to give squad as well as individual instruction. Twirling classes will consist of one and multiple baton work; lighted and fire baton routines; flag-swirling; marching, strutting; routine and ensemble work; contest twirling; rope spinning; uniforms, stunts, skits, parades, pep rallies, and qualifications of a good majorette.

Cheer Leaders At Galveston

Janie Copeland, Temple Ann Foster and Lois Ethel Price, local high school cheer leaders, are at Galveston this week for a cheerleader school. They flew down to the meet and are staying at the Hotel Galvez. The fourth cheerleader here, Mitsi Davis, did not go.

FFA NOTES

Four members of the Sterling City Future Farmers of America Chapter will attend the State FFA Convention in Lubbock, July 17-19, according to Bill Foster, President of the chapter. The three day meeting of representatives of over 900 FFA chapters throughout the state will include the awarding of advanced degrees, scholarships and awards to outstanding members of the organization.

Members of the Sterling City Chapter attending the convention are: Bill Foster, son of Mr. and Mrs. William Foster, Billy Blair, son of Mr. and Mrs. John I. Blair; Mike Foster, son of Mr. and Mrs. Bubba Foster; and David Foster, son of Mr. and Mrs. Reynolds Foster.

Bill Foster, chapter president for the 1963-64 year will act as the voting delegate from Sterling City during the convention.

Among the important business to be transacted at the convention will be the election of a state president from the ten state officer nominees, who have been elected by members in the ten areas of the state. Voting delegates to the National FFA Convention in Kansas City in October will be elected. In addition, delegates will elect a sweetheart from the ten candidates elected by the areas and will select the top talent team in the state.

Nearly 800 members from the 38,000 membership of the organization will receive the state's highest award, The Lone Star Farmer Degree. The membership will Confer Honorary Degrees on adults who have contributed in an outstanding way to the accomplishments of the organization sessions. Vern France of Gooding, Idaho, National FFA Student Secretary and R.C. Irwin of Ford Motor Company, Birmingham, Michigan, are among the speakers to address the 3,000 farm and ranch youth convened in Lubbock, July 17-19.

Fred Igo, Vocational Agriculture Teacher, will accompany the local FFA members to the State Convention in Lubbock.

M. L. Baker Buried Here

M.L. Baker, Jr. of Alamogordo, N.M. was buried here Monday morning with graveside rites in the Foster Cemetery. Marion Hays, local Church of Christ Minister, officiated. Lowe Funeral Home was in Charge of the local arrangements.

Survivors include the wife and four children, all of Alamogordo, his mother and several brothers. His wife is the former Geneva Allen, daughter of Mrs. L.M. Allen of Sterling City.

The Winn McClures of Pecos are visiting here in the home of Mrs. McClures, parents, the Robert Fosters.

Losses for the most part are confined to the loss of flesh and general run-down of the sheep. Death losses are usually small.

There is a vaccine which can be used. The problem with the vaccine is that there are many different strains of the disease; the vaccines contain several of the strains but not all, and all are not known to the veterinary profession. Best treatment is prevention which consists of spraying the animals with a spray containing both lindane and toxaphene. This can be bought under several trade names; they are effective when used according to directions of the manufacturers.

The entomology department and the veterinary parasitology department at A&M have just issued some information on the use of CoRab, Ruelene, and Ronnel for grub control. These three are effective when used according to directions.

None of these preparations should be used on animals that are being used for milk supply. No systemic insecticides should be used after October 1; all these are classified as systemic insecticides.

These insecticides are good when used properly. Follow the directions explicitly; take precautions when you use them.

Wreck Pickup Thursday Night

Cary Tomerlin and Don Griffin rolled the C&M pickup late the night of the 4th up near the twin bridges about halfway to Big Spring on U.S. 37. They were returning from the Go-Kart Races at Big Spring about mid-night and Cary got off the road into a bar ditch. As he attempted to pull back up on the highway the pickup rolled over.

Both men were sore from bruises but not seriously hurt.

Mrs. J.A. Revell has returned home from a trip to Houston where she visited the Trinnon Revells and to New Orleans where she visited Mrs. John Boyd.

The Trinnon Revells and Mrs. John Boyd returned home with Mrs. Revell.

Mrs. Revell also made her first airplane trip from Houston to New Orleans which she enjoyed very much.

In case of fire dial 8-4771.

Our WASHINGTON Letter

While the sponsors of rigid civil rights legislation are basing much of their appeal on unemployment among negroes that argument is not valid in government employment. According to the 1960 Census, negroes represented about 11% of our population. In June, 1962, negroes held 13% of all federal jobs, 9.1% of all "white collar" jobs and 15.1% of all postal jobs. Here in Washington negroes held 22.8% of all government jobs.

The Fiscal Year, which ended last week, resulted in another deficit year to the tune of \$8 billion. Indications are that during the current Fiscal Year the deficit will be even higher. Despite this fact, pressures are mounting on Capitol Hill for Congress to increase spending for expanded welfare and other similar purposes.

The civil rights contest is supposed to trigger a massive negro march on Washington in August. The latest reports are that up to 300,000 demonstrators will participate. Some of the leaders have indicated they plan to strongarm their way into the very Floors of the House and Senate while they are in Washington. Spearheaded by Martin Luther King and A. Philip Randolph, these agitators are calling this one an "emancipation march". They are also encouraged by Congressman Adam Clayton Powell who has boasted that the colored people now have the white people in this country "on the run!"

The big battles in Congress during this session are yet to be fought. An intensified drive for socialized medicine, a half billion dollar mass transportation aid plan for the big cities, federal aid to education, a domestic Peace Corps, an expanded WPA program, and a multitude of others, are on tap, yet to be debated and disposed of.

The big battle, however, will probably be over the civil rights proposals, almost sure

LIONS CLUB

The Lions Club discussed projects at the Wednesday noon luncheon. Guests present included Jack Peel, Mims Reed, Marshall Blair and Billy Bauer.

H.L. Bailey reported that he committee on the ball park project had talked to Flavy Davis about the land. Davis told the committee that the land could be used as long as wanted and Davis made a contribution of \$100 to the ball club fund. Bailey said he had two other donations, one more \$100 check and one \$25.

Wayne Lowry, utilities manager here, said his company would furnish poles at cost and that they had some flood lights on hand that could be had at \$10.00 each. The committee from the club is to continue to work toward raising money to light the field. Both Little League and softball and regular baseball players can use the field.

No Bull! A Snake

SNAKE HITCHES A RIDE

A bull snake hitched a ride in the under side of the Clinton Hodges car Monday morning and came to town with Mrs. Hodges and the children. She parked the car in front of Zettler's Restaurant and the snake would peer out from under the car ever so often.

As you might guess, amused people gathered 'round and watched the snake as he acted as if he might "remove his body" from the car and travel snake-wise for awhile.

Clinton showed up and caught the snake and killed it — by popping his head against the pavement.

It was probably a country snake that wanted to come to town for awhile and see the sights.

To Scout Camp for Ordeal

Mike Payne, son of Mr. and Mrs. Leslie Payne, and Collin Douthit, son of Mr. and Mrs. Jack Douthit, will go through the ordeal of the Order of the Arrow at the Buffalo Scout Camp in the Davis Mountains this weekend.

The Dally Nichols are vacationing on Lake Buchanan this week.

to provoke a filibuster in the Senate.

The Administration has now moved from tax legislation to civil rights as the number one nation's problem. In any event, it looks as if the Congress will be in session until long after frost this fall.

Phone in your personal items of news-your visits, your visitors your parties, etc. News-Record 8-3251.

Mr. and Mrs. Jim McCarty have had company for the past two weeks. Their son, Jimmy D. McCarty of Pensacola, Florida Naval Base, and their daughter and son-in-law and family, the Don Martins of Santa Fe, N.M. were the visitors.

General and Mrs. Travis M. Hetherington and daughters, Susan and Carolyn, were visitors at the Jack Douthits last week. General Hetherington, most recently from Hickam Field, Hawaii, is retiring from the U.S. Air Forces after 30 years service record. He will be retired with ceremonies at Lackland Field late this month.

Mrs. Guy Dayvault of Dallas and Mrs. J.F. Hambright of Ft. Worth spent a day with Mrs. Dayvault's aunt and Mrs. Hambright's mother, Mrs. Ruth Allen, on July 7.

In case of fire dial 8-4771.

WYNNE CHESTER SAYS:

**Look All You Like...
But Leave 'Em Alone!**

The other day some neighbors of ours came home from a camping trip with a tiny fawn their 16-year-old son had discovered "lost" in the woods — and my boy Mike was furious about it!

Mike knows full well that baby animals don't often get lost. They're usually left alone only temporarily, while the "grown-ups" are feeding or resting close by.

Well, Mike tried to convince the older boy that he'd made a mistake, but it took a conference between my husband Joe and the boy's father to settle

the situation. Joe pointed out that the fawn hadn't really been lost, and also that when a deer begins to mature, it will very often turn on people quite savagely for no apparent reason. Finally they agreed to keep the fawn until it's big enough to stand some chance of survival, and then set it free in the woods again.

Remember to caution your youngsters not to even touch infant wild animals — their mothers will abandon them if they carry human scent. Tell them the kindest way is to leave them in the woods!

SOCIAL SECURITY

Many people are not aware they don't have to retire completely to receive social security benefits according to Floyd B. Ellington, social security district manager.

Ellington stated that special provisions in the social security law make it possible to receive some social security benefits even though a person may have fairly high earnings. He explained that a person can earn \$1200 during the year and receive all of his benefits. And just \$1 in benefits is withheld for every \$2 earned between \$1200 and \$1700. For earnings over \$1700, \$1 in benefits is withheld for each \$1 earned.

Ellington pointed out that a full month's benefits is payable for any month in which the beneficiary does not earn over \$100 in wages and does not actively engage in self-employment.

Ellington urged all workers to visit the social security of-

ice when they near retirement age to learn more about their benefit rights. The office is located at 204 Continental Bldg., San Angelo, Texas.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All devisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association. TEXAS SHEEP & GOAT RAISERS ASSOCIATION

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media

Don't you read before you buy?
Most people do. They count on advertising in print to give them the information they want on products that interest them—information on features . . . designs . . . and prices, for example. People not only read about products and services, they show ads to their family and friends; they clip coupons for information and samples; they tear out ads to take along when they go shopping.
When you add it all up, print advertising—the kind you read in the pages of this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales. Most people read—and then buy. Don't you!

Serve Coffee with a Flair

By Betty Barclay

A bridal shower coffee and dessert party is a gracious way to extend hospitality. For refreshments serve an elegant dessert and a special hot coffee beverage such as Viennese Dessert Coffee prepared the easy way with premium blended instant coffee.

Viennese Dessert Coffee
1/2 cup Instant Yuban Coffee;
1 quart (4 cups) boiling water;
sweetened prepared dessert topping*; nutmeg.

Dissolve instant coffee in boiling water. Pour into demitasse cups. Top with prepared dessert topping. Sprinkle with nutmeg. Makes eight servings, four ounces each.

*Sweetened prepared dessert topping: Blend 1 envelope dessert topping mix, 2 tablespoons sugar, and 1/2 cup cold milk in small bowl with narrow bottom. Whip at high speed of electric mixer until peaks will form; continue whipping until smooth and fluffy—about 2 minutes longer.

PEACE CORPS TEST

Another Peace Corps placement test will be administered at more than 800 post offices and college campuses beginning at 8:30 a.m. local time on July 20.

The non-competitive test must be taken by anyone interested in becoming a Peace Corps Volunteer. This will be the last testing opportunity for persons who hope to enter training for a Peace Corps assignment in September or October.

Those selected for training will spend 10 to 12 weeks on a college campus or a Peace Corps camp in Puerto Rico, studying the language, history and culture of their host country, and American affairs.

Volunteers agree to serve two years in the Peace Corps, including training time. The minimum age for Volunteer service is 18. There is no upper age limit, and a number of persons in their seventies are among the 5,000 Volunteers now serving in 45 nations.

Married couples may serve if they have no dependents and if both husband and wife qualify for the same project.

Language training is helpful for those interested in becoming Volunteers, but more than a fourth of the Peace Corps' present Volunteers never had studied a language previously.

Liberal arts graduates and others with a "general" education have performed so well in teaching and community development programs that the Peace Corps is seeking more persons with this type of background.

The Peace Corps also has requests for persons with skills in agriculture, public health, forestry, carpentry and other building skills, social work, and education of all types and at all levels. Other nations have asked the Peace Corps to provide Volunteers possessing more than 200 job skills. A college degree is not required.

The Peace Corps pays all of a Volunteer's expenses and furnishes administrative support to him abroad. The Volunteer receives, at the completion of his service, a readjustment allowance of \$75 for each month of satisfactory service.

The placement test which is to be given July 20 consists of a half-hour section on general aptitude. Candidates with a background in French or Spanish must take an additional one-hour proficiency test. The Peace Corps placement test now being administered replaces a longer one which required four to eight hours to complete. One will be given in San Angelo at the Federal Bldg., Room 324.

HEALTH & SAFETY TIPS FROM THE AMERICAN MEDICAL ASSOCIATION

Poison Ivy

Ivy poisoning is no joke. The irritating juice from this lovely little plant puts hundreds in the hospital every summer and sends thousands more to physicians to get relief from the pain and itching. And countless hundreds of thousands suffer through a light case of ivy poisoning without medical help.

In the United States, poison ivy can be anywhere -- in fact, it is almost everywhere. The apartment dweller in the big city who takes an occasional Sunday stroll in the park can get it. Even if you stick to the walks, your dog can bring back the volatile oils on his coat. Smoke from a neighbor's trash fire can waft droplets into your yard.

Poison ivy and its close kin, poison oak, are three-leaved climbing plants. On the ground they are about a foot high. Usually they climb walls, trees, fences. Sometimes they mix in with honeysuckle and other climbing plants, and are very hard to detect.

Poison sumac is a small shrub with small white berries.

Whether it's ivy, oak or sumac, the results are about the same -- a stinging, itching patch of blisters. If the rash gets into the eyes, or spreads over a considerable portion of the body, it can become serious.

There is no simple cure for poison ivy. Lotions and ointments can help to ease the discomfort while the ailment runs its course. Don't waste your money on a quack remedy that claims it will cure poison ivy. It won't.

The best precaution is to know how to recognize the plants and avoid them. Any good natural history book and many encyclopedias have photos. The main thing to watch for is the three-leaved twig.

If you have been exposed, wash thoroughly, several times, with warm water and plenty of soap. You might be able to get some of the oil off before it begins to irritate the skin.

Very few people are immune. Some, because they've never had a rash, think so. They've just been lucky. Of course, some people are more susceptible than others, and these unlucky individuals get a rash almost every summer.

Search your lawn and garden for suspicious three-leaved plants. Dig out the plant, root and all, and dispose of it carefully. Clean the hoe and rake thoroughly. And wash your hands right away.

AUTO WASH--

Be the first to enjoy this amazing opportunity. Become part of the Multi-Million Dollar Auto Wash Industry

Enjoy these advantages as an owner of a coin operated automatic car wash; no land to lease; no building to buy; no fixed overhead; no labor problem.

No Experience Necessary Can be handled part time. Please apply only if you have a sincere desire to be in business for yourself and can make a total investment of \$2,500.

FAST CAR WASH COMPANY
5095 Excelsior Boulevard
Minneapolis 16, Minnesota

The Flavy Davises are up from Houston this week attending to business here.

The Tom Onstotts have returned from a trip that took them to New Orleans where they visited the Don Hodges, and on in to Mississippi, Alabama, Georgia, Florida and Virginia.

Gary Foster had his tonsils removed last week in a San Angelo hospital.

The Horace Donalsons left today for California on a vacation trip.

Letter From Jimmy D. McCarty's U.S.N. Officer at Pensacola, Florida:

Dear Mr. & Mrs. McCarty, Recently I have adopted a policy of writing to the parents of some of the men in my division here at ELLYSON FIELD. I generally prefer to write only to those parents whose sons are truly developing into very fine young men. Such is the case with your son, Jimmie D. McCarty.

When McCarty reported to this division some time ago he was a young man whom we expected to see advance with some degree of rapidity. This he has done. We have noticed that he has developed into a very mature young man. He has on numerous occasions shown very mature judgement. He is a very courteous lad, and one whom we regard as among the best in our division.

Wrapping it all up, I would like to say you have a fine son of whom you can justly be proud. He is an excellent asset to our Navy and to our wonderful country.

Very Respectfully,
B.R.W. Staats II
LT. USNR

Make Party News with a Punch

By Betty Barclay

THIS new show-off party punch is sure to be a sensation with young graduates. Start with an envelope of instant soft drink mix, add frozen strawberry halves and mint leaves for a colorful garnish, and serve icy-cold in a watermelon shell punch bowl.

Minted Melon Cooler
1 small watermelon; 1 envelope Pineapple-Grapefruit Kool-Aid; 1/2 cup sugar; 2 quarts water with ice cubes; 1 package (10 ounces) frozen strawberry halves; mint leaves (dried or fresh).

First prepare the melon: slice a lengthwise section from the top of the melon. Scoop out the fruit and seeds. Then cut diagonal sections from the rim to make jagged scallops. Chill melon shell thoroughly.

Meanwhile, dissolve instant soft drink mix and sugar in water with ice cubes. Add frozen strawberries and let stand until thawed. Add mint leaves. Pour drink into melon shell for serving. Makes 2 1/4 quarts, or about 17 servings.

Social Security

If you are a social security beneficiary who earned over \$1200 from employment or self-employment in 1962, and you were under the age of 72 in any part of the year, you must file a report of your earnings with the Social Security Administration by April 15, 1963. Failure to report may result in a loss of benefits.

This was announced today by Floyd B. Ellington, Manager of the San Angelo Social Security District Office. Mr. Ellington further explained that an estimate of your 1962 earnings will also be required. This report will enable the Social Security Administration to determine:

(1) Whether you received all benefits payable for 1962. If not, you will receive the additional benefits due for last year.

(2) If you were paid more benefits in 1962 than were due. If so, you will be required to refund the amount of the overpayment.

(3) Whether any of your benefit checks for 1963 should be withheld. This will be determined on the basis of your estimate earnings for the year.

Mr. Ellington noted that beneficiaries who received no benefits in 1962 are not required to file the report. However, they are encouraged to do so as they may be entitled to receive some benefits for the year even though their total yearly earnings greatly exceeded the \$1200. Benefits can be paid to a beneficiary for any month in which he did not earn over \$100 as an employee and did not render substantial services in self-employment.

A new concept in social security was described today as "partial retirement payments" by Floyd B. Ellington, Social Security Administration district manager at San Angelo. Mr. Ellington stated that a large number of persons in the district are getting some retirement benefits even though they are working and earning more than \$1200 per year. He also estimated that 600 more persons in the district could be receiving from one to eleven months' benefits per year by filing an application.

Ellington went on to explain that earnings of \$1200 per year is no longer an absolute level beyond which all social security benefits are cut off. Instead, \$1200 is the point at which all social security benefits begin to be adjusted due to excess earnings. "The actual point of earnings at which all benefits are cut off varies with the total yearly benefits due the family," Ellington said. He urged that all workers past retirement age check with the social security office at San Angelo for an individual analysis of their status.

"Don't delay - check today," Ellington emphasized. Benefits are retroactive for only 12 months before the month of filing an application, and applications filed now will allow us to consider paying back benefits for a whole year."

Civil Service

The United States Civil Service Commission has announced a new examination for Transmitter and Receiver Operator and Maintenance Technician for filling positions in field locations of the U.S. Information Agency's Voice of America program. The positions to be filled pay from \$3.05 to \$4.49 an hour and are located at Greenville, North Carolina and Honolulu, Hawaii. In filling the positions in Honolulu, preference in certification will be given to persons living in Hawaii.

The Voice of America broadcast operations are on a 24-hour, 7-day week basis. Assignments to these positions will be made to an 8-hour, 5-day shift based upon a flexible schedule subject to

EVERY ONE WHO WOULD LEARN TO PRAY

SCIENCE HEALTH WITH KEY TO THE SCRIPTURES
MARY BAKER EDDY
needs this book

Every right thinker knows that God is, and wants, so much, to approach Him intelligently through prayer -- to commune with Him and to listen for His guidance.

In the first chapter of Science and Health with Key to the Scriptures by Mary Baker Eddy there is an inspiring and practical explanation of prayer.

A great number of people, through the study of this chapter, have found needed health, harmony, supply and well-being.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

change. Shift assignments are made in accordance with broadcasting schedules.

To qualify, applicants must have had responsible experience in the operation and maintenance of broadcasting and receiving equipment which demonstrates a thorough knowledge of radio transmitter operations. Full details concerning requirements to be met are given in Announcement No. 283 B.

Applications will be accepted until further notice and must be filed with the Executive Secretary, Board of U.S. Civil Service Examiners, Room 2738 Tempo R Building, Washington 25, D.C.

Announcements and applications forms may be obtained at many post offices throughout the country or from the United States Civil Service Commission, Washington 25, D.C.
