

AROUND  
THE  
COUNTY  
by

ARTHUR BARLEMANN, JR. COUNTY AGENT

Charles Probandt was elected supervisor of Zone 5 of the North Concho River Soil Conservation District at the election and barbecue in the city park Tuesday. Foster Conger was the outgoing supervisor for the zone which is all of Sterling County south of the river. George Skeete of Water Valley is chairman of the board of supervisors.

According to Charles Allen, who works in the local SCS office, about fifteen made the tour of the Conger ranch that morning. Forty-five were present for the barbecue sponsored by the supervisors.

Betty Jo Barrett and Janis Igo will show Rambouillet sheep in the Junior Rambouillet show division of the Pan American Livestock Exposition in Dallas on Saturday afternoon. Betty Jo has three rams and three ewes entered in the show while Janis has two ewes and a ram entered.

This is the first time that the juniors have shown on Saturday. Usually, the show is held on Tuesday afternoon but this year it is scheduled for Saturday since it is Rural Youth day when about 100,000 4-H Club and FFA members are guests of the State Fair. Also, they do not have to miss school for the show.

The Pan American Exposition will continue through Sunday, October 13. After that the Junior Livestock Show will take over and steers, lambs, pigs, dairy and beef cattle will be on exhibition. Janis Igo has two crossbred lambs entered in the fat lamb show. Fat lambs, steers, and pigs will all be judged on Wednesday, October 16. Winners in the lamb show will be auctioned off Saturday morning.

Frank Orts, who gave the lamb killing, dressing, and cutting demonstration at the Sterling County Lamb-O-Rama on May 10, has taken over the job of meats specialist with the Agricultural Extension Service. He will work with county agents and others in the field of meats work. At the time Frank was in Sterling City for the demonstration, he was teaching in the Meats Department at Texas A & M and working on his doctor's degree.

There is no longer any doubt in the minds of the screwworm eradication officials that there will be a fall buildup of cases in the state. The buildup has already started in the Trans-Pecos or Big Bend section of the state. During the week of September 15-21, there were sixty-three cases in the state. Presidio County topped the list with 16 cases for the week; Hudspeth had nine and Brewster and Jeff Davis seven each. Other cases were confirmed in Sutton, Edwards, Uvalde, Kerr and other counties in that general area.

Livestock producers are urged to maintain their vigilance during the next sixty days at least. Slacking off now could result in a buildup of cases which could overwinter of cases next spring. Inspection in the area and set off a rash of livestock now and in the future and treatment of all wounds to keep down cases will help stop this.

During the month of October last year in Sterling County, there were thirty-five cases of screwworms confirmed to make it the hottest month in the program for the county. Protect your investment by keeping up the guard now and not have pupa overwintering here.

The week of October 6-12 has been proclaimed National Fire Prevention week by the

## Charles Probandt on Soil Board

Charles Probandt, who ranches south of town, was elected as a supervisor for the North Concho River Soil Conservation District Tuesday. Charles election followed a dinner in the city park by the board. A tour of Foster Conger's ranch to observe conservation practices was held that morning. Conger is the retiring board member that Probandt replaces. He had served a five-year term.

A barbecue dinner was served by the board to about 65 persons in the park. On the menu was barbecue goat, potato salad, beans, pickles and onions, coffee or tea and cake. Fred Igo, vocational agriculture teacher in the high school brought some of his boys to the dinner.

George Skeete, chairman of the board of supervisors, gave the invocation. A long time member of the board, Uncle Bob Mims of Water Valley, was present.

## Sterling Wildcat Makes Oil, Water

The Sterling County wildcat in the southern part of the county recovered oil and water on a drill stem test this week.

J. C. Williamson and Southern Minerals Corp. No. 1 Atkinson, in 39-7-H&TC, Sterling County wildcat 15 miles south of Sterling City and 3/4 mile north of the Tom Green County line, recovered 270 feet of 47 gravity oil, 180 feet of gas-cut mud and 180 feet of slightly salty water, plus the 1,000-foot water blanket on a drillstem test in the Fuselman.

Gas surfaced in two hours and five minutes, no gauges, on the two-hour test taken between 3,500-70 feet.

Flowing pressure was 525-610 pounds; 30 minute initial and final shut-in pressures were 3,740 and 3,460 pounds, respectively. Operators were preparing to run logs.

The project slated for 9,000 feet, was bottomed at 8,570 feet in lime. Earlier a test between 7,071-290 feet recovered 270 feet of gas and 80 feet of slightly gas cut mud.

president. Fires cost the United States an estimated billion and a half dollars in 1962. Even worse than the monetary loss was the loss of 11,300 lives in the fires. Over one-third of the lives lost were children under the age of fifteen.

## Fire Department Barbecue October 19

Fire chief Jim Cantrell has announced that there will be a barbecue for all volunteer firemen at the city park noon of October 19. The volunteers who usually help and all who would like to help are invited, said Cantrell.

A group of volunteer firemen from Eldorado will be on hand to put on demonstrations for the local helpers.

Chief object is to get the fire key rate lowered here. It stands at 92c per hundred now with some credit that puts it 35c. Eldorado's key rate is 31c said one of their firemen.

## CHURCH OF CHRIST LECTURESHIP

The annual fall lectureship at the local church of Christ is scheduled to begin Sunday and continue through Thursday.

The theme for this year's lecture program is "Tell Me the Story of Jesus" and was selected from the hymn of the same title.

Marion Hays, local minister, will open the series Sunday at the 11 a. m. service with the subject: "Tell How the Angels in Chorus, Sang as They Welcomed His Birth." Chesley McDonald, one of the elders of the congregation, will speak Sunday evening at 7:00 p. m. on the subject: "Fasting Alone in the Desert. Tell of the Days that Are Passed."

Week night services, (Monday-Thursday) will be held each night at 7:30 with the following speakers and subjects: Monday, T. H. Tarbet from Big Spring will speak on "Tell of the Years of His Labor." Tuesday, Stanley Lockhart from San Angelo will speak on "Tell of the Sorrow He Bore." Wednesday, Paul Rogers from Sweetwater will speak on "Tell of the Cross Where They Nailed Him."

Thursday, G. F. Cauthen will bring the final lecture of the series on "Tell How He Liveth Again."

The public has a cordial invitation to hear these lectures.

In addition to the regular lecture program, Stanley Lockhart, minister for the new Johnson Street church of Christ in San Angelo, is scheduled to address the ladies of the local church and their guests at a luncheon Tuesday at the community center.

## 7th and 8th Graders Selling Magazines

To Put in Air Conditioners in Their Rooms

Class members of the seventh and eighth grades are selling magazine subscriptions here in town. Their commissions will go toward the purchase of air conditioners for their school rooms, said principal J. R. Dillard. Sales on the first day by pupils totaled \$435, said Dillard, with Diane Cole selling \$103.94 and high boy was Frank Price with \$29. The boys and girls are having a contests to see who sells the most.

Selling subscriptions under the "Look Plan" the pupils have 135 magazines they can sell subscriptions to. People can take out a new subscription or renew their old ones, even though the time is not out, it was said. Or, if they do not want any magazines, they can make a donation to the cause, it was said.

The PTA raised money for eight air conditioners last year and with the help of the school board, had them installed this last summer.

## Wimodausis Club Bake Sale Saturday

The Wimodausis Club is to hold a bake sale here Saturday morning at ten in the office of the West Texas Utilities Co. Cakes, pies, etc. will be offered and the proceeds will go to refinishing the clubroom of the community center, said a club spokesman.

## P-TA Next Monday Afternoon

A panel discussion on THE FAMILY, A FIRM HOME BASE? will feature six participants at next Monday's PTA meeting. The group will meet at the school at 3:15 p. m. and the Rev. Sherman Conner is to give the devotional. Members of the sixth grade will put on the special feature.

Tommy Bynum will play a piano selection for the music.

Appearing on the panel will be Mrs. Fred Igo, home; Mrs. Dayton Barrett, teacher; Mrs. Frank Milligan, librarian; the Rev. Leo Ross, minister; and Lee Douthit and Mike Payne, pupils.

## High School Annual Organization

The Sterling City High School Annual staff was organized last week, with Mrs. Eschol Crook as sponsor.

Serving as editor this year is Lee Douthit. Troy Murrell is business manager, and the following are staff members: Lois Ethel Price, Ollema Davis, Louise Alexander, Betty Jo Barrett, Shirley Price, Butch Seago, Rosanne Foster, Jeanie McDonald, Helen Hays, Elaine Price and James Ross.

## Lions Game Night Last Saturday

A game night was held by the Lions Club Saturday night in the community center. Thirty two persons were present.

Games of forty-two, dominoes, checkers, and bridge were played and pie and coffee was served.

A number of door prizes were given by the merchants and Lion D. Kirk Hopkins was awarded a cake for selling the most tickets to the affair.

## To Hawaii

Postmaster and Mrs. Hal M. Knight left last Friday for Honolulu to attend the National Postmasters Convention there. They are going over by ship and back by plane.

## Chicago Cow Should Have Kicked Mrs. O'Leary Instead of Lantern

On October 9, 1871, Mrs. O'Leary's cow kicked over a lantern in a Chicago barn. The resulting conflagration killed 250 persons and destroyed 17,430 buildings at a cost of \$168 million. Since it is common knowledge that cows kick and that hay is highly flammable, that was no accident. The lantern should have been placed well out of reach of flailing hoofs.

Fire Prevention Week—October 6-12 this year—has been observed annually since 1922 during the week in which the anniversary of the Great Chicago Fire falls. The object of Fire Prevention Week is to encourage millions of people like Mrs. O'Leary to understand and eliminate the causes of fire. Most fires can be prevented—they are not due to unpredictable accidents or unavoidable bad luck, any more than the Great Chicago Fire was.

## Many Children Die

Figures compiled by the National Fire Protection Association, sponsor of Fire Prevention Week, show that every day of the year the average fire toll includes 1500 homes in the United States. More than half of the 11,800 fire deaths last year occurred in homes, and more than one-third of the victims were children.

Most of these fires could have been prevented, the NFPA points out. The great majority of fires is caused by uncomplimentary, carelessly discarded cigarettes, overloaded and defective electric wiring, or poorly maintained heating and cooking equipment. "We need to acknowledge the fact that fires are not only wasteful but avoidable, then go on to reform the habits and remove the

## Eagles vs. Imperial Here Tonight

### Lose 30-28 Last Week To Dawson

The extra points after touch down lost a game for the Sterling City Eagles here last Friday as the Dawson Dragons came out ahead on a score of 30-28. The score could have been tied or even won if the locals had made all the extra points.

The Eagles ran up a total of 14 first downs to 7 for the Dragons. But the Dragons hit pay dirt better.

Fast little Jimmy Winfred and Ralph Drennan of the Dawson team combined to take most of the honors for the Dragons. Winfred took a kick off in the first quarter and ran 60 yards for 6 points. Drennan picked up the two extra.

Winfred shagged a pass and scooted for another six in the first round.

In the second quarter, Jones took a pass from Drennan and garnered six points, and in the last quarter Winfred passed to Weeks for six.

In the first quarter the Eagles drew first blood when Danny Bailey ran 17 yards for an Eagle touchdown. No extra points were made. The locals did not score in the second quarter.

At the halftime the Eagles were trailing by 22-6. In the third quarter Speedy Sparks, Eagle quarterback, got a counter on a run, as did freshman Wayland Foster. Sparks picked up the two extra points after that touchdown.

During the final quarter, Bill Foster took a pass from Sparks and pushed over for a TD and Bailey garnered the two extra points.

## Boys Injured

Randy Goode of the Dragons got a broken arm during the game. Dusty Dillard injured his knee which swelled and pained him a lot. Billy Bauer tore a muscle ligament

in a knee and he was taken to the Shannon Hospital in San Angelo on Dr. Swann's advice. There it was found—and he was operated on Tuesday of this week. He will be on crutches for awhile.

Coach Dillard said that Larry Stewart, guard, would be back in the game this Friday. He played very little last Friday against Dawson. Dillard said he was working the boys on defense this week. He thought the defense in the last half of the game with the Dragons was good.

## CLUBWOMEN DOING OVER CLUBROOM AT THE COMMUNITY CENTER

The three women's clubs of Sterling are having the club room at the community center repainted and redecorated. At first they planned to do over the restroom and the powder room, but that was too costly.

## Do You Want to help?

The club women really need some financial help on the work, and if anyone who uses the center at times for any purpose would like to help on the expense, a donation would be in order and appreciated.

Should you like to help on the work, just give or mail your donation to Mrs. W. N. Reed, Sterling City.

## GO OVER INTO EAST BERLIN

Two couples from Sterling City, Mr. and Mrs. R.T. Foster and Mr. and Mrs. H. L. Hildebrand, and Mrs. Marvin Dayvauld of Dallas, are touring Europe. On last Sunday morning they toured East Berlin. Hildebrand said it was quite an experience. While in Berlin they stayed at the Hilton Hotel.

Mrs. D. F. Wilson of Colorado City visited Mrs. D. C. Durham last week. Mrs. Durham and Mrs. Wilson are cousins.

## Chicago Cow Should Have Kicked Mrs. O'Leary Instead of Lantern

Prevention must also include good family fire-safety habits. High on the list of family safety measures is a carefully prepared and rehearsed escape plan for fire emergencies. Alternate routes to safety from every room, and especially from every bedroom, should be familiar to each member of the family and to baby sitters.

One of the most dangerous fires is the clothing fire, whose most frequent victims are children and the elderly. To prevent them, the NFPA recommends selecting heavy, smooth-surfaced fabrics rather than light-weight, long-napped ones, and avoiding billowing designs and long, loose sleeves, particularly for wear when cooking.

## Don't Run—Roll

But, since almost every kind of clothing can burn, safety from clothing fires calls for constant caution around stoves, heaters, fireplaces and outdoor fires, and in the use of matches and smoking. If clothing does catch fire, don't run. Roll on the ground or floor or smother the fire with a coat or blanket if there's one available.

The tragic death-by-fire toll among children is largely due to parents who leave youngsters alone. Since even a few minutes for chatting with a neighbor or a quick trip to the neighborhood store has resulted in many a child's death, the first fire safety rule for parents of young children is never under any circumstances to leave them alone. They should be kept constantly in sight and mind. In addition, baby sitters should have specific instructions to follow in case of fire, and older children should be taught how to use and respect fire.

## Check for Hazards

The surest way to discover and eliminate dangerous conditions in a home is to have a fire department inspection of it. In the meantime, families can check their own homes and get rid of the most obvious hazards such as improper fuses, frayed extension cords, extension cords under rugs, piles of papers or clothing in closets, attics, basements and yards, and carelessly stored paint and flammable liquids.

**Quick Roast Chicken Stuffing**

Dinner parties present a true test of a homemaker's table-setting arrangement as well as her culinary skill. The food served must measure up to the table finery, hopefully without chaining the hostess to the kitchen. Modern convenience foods such as instant whipped potatoes and Brandywine canned sliced white button mushrooms help the modern hostess to short-cut dinner preparation. The Borden Kitchen shows how this can be accomplished in this recipe for a roast chicken stuffing:

**Instant Whipped Potato Stuffing**  
(Makes enough stuffing for one bird)

- |  |   |
|--|---|
| 1 (4 to 4 1/2-lb.) roasting chicken                  | 1 teaspoon salt                                       |
| 4 tablespoons butter                                 | 1/4 cup milk  |
| 2 medium-size onions, chopped                        | 1 1/2 cups (4 servings) instant whipped potato flakes |
| 3 (4-oz.) cans sliced button mushrooms, drained well | 1/2 teaspoon black pepper                             |
| 3/4 cup mushroom liquor                              | 1/2 teaspoon poultry seasoning                        |

Clean and truss bird; salt the inside. Melt butter in small skillet; saute onions and mushrooms in butter until onions are tender and slightly transparent. Pour mushroom liquor and salt into small saucepan. Cover and bring to a boil. Remove from heat and add milk immediately. Add potato flakes. Stir with a fork until all moisture is absorbed. Whip briskly. Add sauteed vegetables, pepper and poultry seasoning and mix well. Cool slightly. Lightly stuff bird with dressing and close cavity. Cover bird with clean cheese cloth which has been dipped in melted butter. Roast, breast side down, on rack, in an open roaster in slow oven (325° F.) about 1 1/4 hours or until tender. Remove cloth, turn bird breast side up and continue to roast 15 minutes longer. If desired, garnish with small bunches of green Thompson grapes, spiced red peaches, green minted pears... and parsley.

**Social Security**

"Area residents should file their social security claims before they retire in order to insure prompt payment of benefits," Floyd B. Ellington, social security district manager in San Angelo, said today. Many people of retirement age do not get their first social security checks as early as they might, simply because they waited too long to apply for their benefits, Ellington pointed out.

Applications may be filed any time within three months of when a person wants benefits to start. Since the average processing time of a claim is 4 weeks, Ellington advised people to take advantage of this early filing and submit their applications as soon as possible. Many claims are delayed because the applicants do not have the necessary information or papers to establish their eligibility for benefits, he said. These delays could be avoided if people would get in touch with social security office ahead of time to find out what they should bring with them when they apply for benefits.

Ellington stated that a short visit or phone call to the social security office before the time of filing can significantly speed up the processing time of the application.

The San Angelo District Office is located at 204 Continental Bldg. The phone number is 653-6861.

If you are a social security beneficiary who earned over \$1200 from employment or self-employment in 1962, and you were under the age of 72 in any part of the year, you must file a report of your earnings with the Social Security Administration by April 15, 1963. Failure to report may result in a loss of benefits.

This was announced today by Floyd B. Ellington, Manager of the San Angelo Social Security District Office. Mr. Ellington further explained that an estimate of your 1963 earnings will also be required. This report will enable the Social Security Administration to determine:

- (1) Whether you received all benefits payable for 1962. If not, you will receive the additional benefits due for last year.
- (2) If you were paid more benefits in 1962 than were due. If so, you will be required to refund the amount of the overpayment.
- (3) Whether any of your benefit checks for 1963 should

Mr. Ellington noted that beneficiaries who received no benefits in 1962 are not required to file the report. However, they are encouraged to do so as they may be entitled to receive some benefits for the year even though their total yearly earnings greatly exceeded the \$1200. Benefits can be paid to a beneficiary for any month in which he did not earn over \$100 as an employee and did not render substantial services in self-employment.

**"Instant" Goodness Easy with Coffee**

By Betty Barclay

WITH instant decaffeinated coffee you can make delicious supper desserts very simply, and be sure of having a wonderful coffee flavor but no caffeine effects. In addition to the Coffee Jelly recipe below, try this: dissolve 1 1/2 table-

spoons instant decaffeinated coffee in 2 cups of cold milk. Add a package of vanilla instant pudding mix; mix as directed on package and pour into 5 serving dishes to set.

**Coffee Jelly**  
 1 envelope (1 tablespoon) gelatin; 1/4 cup cold water; 3 tablespoons instant decaffeinated coffee; 6 tablespoons granulated sugar; 1/4 teaspoon salt; 1 1/2 cups boiling water.  
 Sprinkle gelatin over cold water. Let stand to soften. Combine instant coffee, sugar, and salt. Add boiling water and gelatin, stirring until gelatin is dissolved. Pour into individual molds. Chill until firm—about 3 hours. Unmold. Serve with whipped cream or custard sauce, if desired. Makes about 2 cups, enough for 4 servings.

**Pudding Treats**

By Betty Barclay

NOW'S the time to sing the praises of pudding and pie filling—the dessert mix of a thousand ways. Children love creamy, smooth pudding after school, at mealtime, and in their lunch boxes. Here's a new pudding surprise to make for the school set.

**Puddin' Squares**

1 package (5 ounces) vanilla pudding and pie filling; 2 1/2 cups milk; 1 package (6 ounces) chocolate chips; 3 tablespoons butter or margarine; 1 tablespoon water; 1 cup graham cracker crumbs; 1/2 cup whipping cream or 1 envelope whipped topping mix.  
 Combine pudding mix and milk in a saucepan. Cook and stir over medium heat until mixture comes to a full boil. Pour into a bowl; cover surface with wax paper. Chill thoroughly, at least 2 hours. Melt chocolate chips and butter over hot water. Add water and blend well. Stir in graham cracker crumbs; then spread mixture over the bottom of a 9-inch square pan. Beat chilled pudding until smooth. Whip cream, or prepare whipped topping mix according to package directions. Fold whipped cream or 1 cup prepared whipped topping into pudding. Pour over chocolate mixture. Chill thoroughly. Makes 12 servings.

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media

**Don't you read before you buy?**

Most people do. They count on advertising in print to give them the information they want on products that interest them—information on features . . . designs . . . and prices, for example. People not only read about products and services, they show ads to their family and friends; they clip coupons for information and samples; they tear out ads to take along when they go shopping.

When you add it all up, print advertising—the kind you read in the pages of this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales. Most people read—and then buy. Don't you?

**Billy Graham Film**  
Tonight at Mexican Baptist Chrch

A Billy Graham film, entitled JERUSALEM will be shown tonight, October 4, at the Mexican Baptist Church here. Film time is 7:00 p. m. it was said. The film is to be in English and both whites and Mexicans are cordially invited.

JERUSALEM, an hour long motion film, rich in color and the authentic sounds of the Land, is admirably scored with music composed and conducted by Ralph Carmichael.

No admission will be charged, but a free will offering is to be taken up, said Baptist pastor Sherman Conner.

**MARINE WINS TITLE IN CLUB RIFLE MATCH**

Camp Zama, Japan.—Marine Cpl. R. D. Ayers, Iwakuni MCAS, Japan, won the first Tachikawa Rod and Gun Club Highpower Rifle Individual Championship here Saturday with 390 of 400 possible points and 26 hits in the tie breaking center bull's-eye (26V)

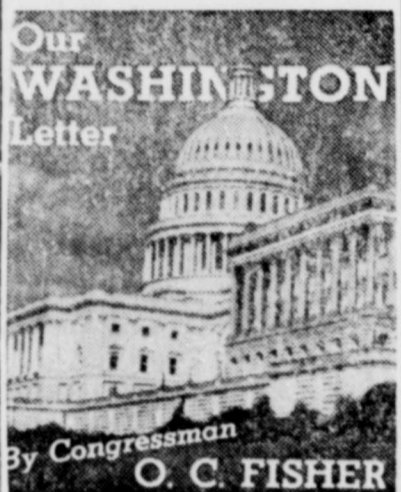

To win the title, Ayers out-shot more than 50 top marksmen from Army, Navy, Air Force and Marine Corps stations in Japan, Okinawa and Guam.

Cpl. Ayers is the son of Mr. and Mrs. T. J. Ayers of Merkel, Texas. He is a grandson of Judge and Mrs. A.W. Dearson of Sterling City, Texas.

**Methodists Hold Quarterly Conference Sunday**

A covered dish supper was held at the Methodist Church Sunday evening at six. The supper, attended by 50 persons, was followed by the quarterly conference. Presiding was district superintendent Lawrence K. Brown of San Angelo.

Reports on the various phases of the church work were given and superintendent Brown preached. The Methodist Youth Fellowship groups also met for the supper and afterwards.

A municipal election held in Boston on September 24 created quite a stir in Washington. It all began a few weeks ago when a Mrs. Hix, chairman of the Boston School Board, refused to hold a hearing demanded by NAACP, to set up a system of transferring white and colored students from their neighborhood school across the city to other schools in order to equalize a mixture of Negro and white students in all the schools.

Mrs. Hix insisted she would have no part in forcing children to leave their neighborhood schools and be transported across town to other schools solely to force a mixture of races. As a result she was condemned as a "disgrace", whose action was "reprehensible" by a leading prelate at Boston University. And, 10,000 Negroes marched in a demonstration of disapproval. Others, including extremists, joined in the trade.

But Mrs. Hix held her ground. She said she would let the voters decide the issue. The lines were drawn, and a lively campaign was waged with the integration issue clearly defined.

When the votes were counted on Tuesday Mrs. Hix won—not by a mere majority, but by nearly three-fourths of the 100,000 who voted! It was a landslide unheard of in Boston. No wonder her municipal election there created quite a stir in Washington.

But the battle for the Negro vote continues on Capitol Hill. With both Democratic and Republican politicians vying with each other for advantage, civil rights legislation is moving toward a showdown. The House will probably act first, probably in late October or early November. Over in the Senate it will be a long drawn out battle. Filibusters are taboo under House rules, but unless as many as two-thirds of the Senators cut it off the rules permit unlimited debate in the Senate.

This legislation, as proposed by the Administration, has been described by a former President of the American Bar Association as "ten per cent 'civil rights' and ninety percent extension of raw federal power." Politicians, while privately admitting some concern at what happened in Boston, continue to talk glibly of yielding to NAACP demands on the federal level, and the pot of gold at the end of the civil rights rainbow—those 20 million Negroes and a sizeable bloc vote.

**CHRISTIAN SCIENCE LECTURE OCTOBER 10**

How scientific prayer helps to support righteous government will be brought out in a free public lecture to be given in San Angelo on the evening of October 10 by Charles Louis Reilly of Los Angeles.

Mr. Reilly, who is on extensive tour as a member of The Christian Science Board of Lectureship, will speak under the auspices of the First Church of Christ, Scientist, in Town House Motor Hotel, at 8 o'clock. His subject will be "Christian Science: True Government Revealed Through Prayer."

A Christian Science teacher and practitioner, Mr. Reilly is a native of Saint Paul, Minnesota. He gave up a musical career as a concert pianist in 1940 to devote his full time to the practice of Christian Science healing. In 1955 he became an authorized Christian Science teacher. For eight years he was Christian Science Committee on Publication for Southern California. He served as the moderator of a number of Christian Science television programs which have been seen throughout the United States, Canada, Australia and other countries.
