New Texas Almanacs Now at News-Record

**Experience Teaches 4-H'ers
Value of Their Club Work**

Bobbitt
Experience is a good teacher. And the experience of four Texas teen-agers has taught them the practical value of their 4-H Club work. All won special recognition for their best-in-state 1963 club projects.
Ann Williams, 18, of Angleton and Gayle Wagner, 18, of Victoria, earned expense-paid trips to the 42nd National 4-H Club Congress in Chicago, which convenes the week after Thanksgiving.

Watches For Two
Two other Texas teen-agers won honors for their efforts. Rique Bobbitt, 17, of Bryan and Margie Lux, 15, of Wetmore received 19-jewel engraved wrist watches.

Miss Lux ranked first in the dairy foods program sponsored by the Carnation Company. Bobbitt placed at the top of the list for those in the state dog care and training program supported by the Ralston Purina Company.

Miss Williams is one of those 4-H'ers who applies the club's motto: "Learn by doing." She began her clothing program in 1955 and by 1959 had won district honors for a tailored suit she made. This year her tweed coat rated highest in the state-wide clothing program.

Miss Williams is one of 718,450 4-H'ers enrolled in the national program sponsored by Coats & Clark Inc. She is a freshman at Sam Houston State Teachers College and majors in home economics. Miss Williams is the daughter of Mr. and Mrs. G. W. Williams who operate a 2,063-acre cattle and rice ranch.

Miss Wagner won the dress revue title. This popular program has a national membership of 718,500 and is sponsored

by Simplicity Pattern Co. Inc. At the national congress Miss Wagner will again model her prize-winning pink mohair coat and wool flannel dress ensemble.

Saves Money
"In the past nine months, I've saved about \$300 just by making my own clothes," says the Victoria College student. She is a seven-year club member and is the daughter of Mr. and Mrs. Victor Wagner.

Bobbitt enrolled in the 4-H dog care and training program in 1959, which today has a total enrollment of 19,100 members. Bobbitt has raised and trained five bird dogs.

He is the son of Mr. and Mrs. Ralph Bobbitt. About 50 per cent of the dogs in his club have come from breeding his own dogs. Bobbitt trains and sells puppies. Often, he gives a puppy to a new boy in his club.

For a feeling of accomplishment and satisfaction, there's nothing like watching your family enjoy some dairy foods dishes you've prepared. That's the opinion of Miss Lux who lives with her parents, Mr. and Mrs. Edward P. Lux, on their 385-acre farm.

Her efforts helped to win first place in the dairy foods program sponsored by the Carnation Company. That particular 4-H field boasts an enrollment of 699,300 members from coast-to-coast.

Miss Lux, a junior foods leader, made and exhibited an apricot cheese salad which took the top award.

All 4-H Club award winners are selected for special honors and recognition by the Cooperative Extension Service.

NEW TEXAS ALMANACS

Many new features in the 1964-1965 Texas Almanac, just published by The Dallas Morning News, have been added to material that has made this 106-year-old publication the "Encyclopedia of Texas."

Texas' increasing urbanization is emphasized in special pages containing photographs and comparative statistics for 21 metropolitan areas, including the cities of Abilene, Amarillo, Austin, Beaumont, Port Arthur, Corpus Christi, Harlingen, Brownsville, San Benito, Dallas, El Paso, Fort Worth, Galveston, Texas City, Houston, Laredo, Lubbock, Midland, Odessa, San Angelo, San Antonio, Texarkana, Tyler, Waco and Wichita Falls.

Maps of 254 counties and data on all counties and cities of Texas have been brought up-to-date, including population and other figures from the 1960 census. New features are a County Economic Index, and maps showing leading Texas counties in production of crops and livestock.

Texans who like to brag will find ample ammunition in two pages showing the rank of Texas among states, and in proportion of the United States total, in leading categories.

Other data appearing for the first time include carlot shipments of fruits and vegetables and added information on export-import trade.

Texas landmarks are listed by counties in a special section, revised through information obtained from authorities on county histories.

All Governors of Texas and Presidents of the Republic of Texas are pictured in the historical section.

Agricultural information has been completely revised, with the help of authorities of Texas A&M, the U.S. Department of Agriculture and others. For this and other sections, several thousand Texans have supplied information and photographs, according to Walter B. Moore, editor.

Election returns, the text of the Constitution of Texas with amendments adopted through 1962, a list of wet and dry counties, map of Texas Senatorial, Representative and Congressional Districts, lists of

state, county and municipal officials, and other information are found in the discussion of politics and elections.

Water, soils, plant life, weather, wild life, minerals, employment and labor, manufacturing, service industries, and hundreds of other topics are summarized in the 688 pages.

A widely-used section is the list of more than 500 state-wide civic organizations, with their chief executives and home addresses.

A comprehensive index increases the usefulness of the Texas Almanac's data for schools, businessmen, public officials, writers and speakers, and others. While it is primarily a reference publication, more than 400 illustrations, including a 4-color photograph of the Alamo on the cover, are expected to make the publication popular as a gift for individuals and business firms.

Phone in your personal items of news-your visits, your visitors your parties, etc. News-Record 8-3251.

EVERY BUSINESS MAN

needs this book

to increase his capabilities

The challenge facing today's businessman is great. He must keep up-to-date, must look far ahead and be ready with new ideas in this changing world.

Many have found their capabilities in this direction have been enlarged as a result of their understanding of the truths contained in Science and Health with Key to the Scriptures by Mary Baker Eddy.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

SCIENCE SKETCHES

THE SUN is losing weight, says physicist Eugene Parker of the University of Chicago, at the rate of two million tons a second. Parker believes the material shoots off into space as a sort of hot "solar wind."

ONE out of every 12 American adults takes tranquilizers regularly. The pills are the third-largest-selling prescription drug with annual retail sales of over \$12 million.

'BUBBLE BATHS' for crude oil extracted from soybeans and cottonseeds increase yields of edible oil, reports Votator in Louisville, U.S. licensee for the new Swedish process. Bubbling droplets of oil through a bath of weak lye removes the free fatty acids as soap.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All devisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

Announcement Column

The following persons announce their candidacy, subject to action of the Democratic Primary in May, 1964.

For Sheriff, Tax Assessor-Collector, of Sterling County:
F. J. (Jim) CANTRELL

For County Commissioner, Precinct No. 1:
H. F. DONALSON

CARD OF THANKS

We wish to express our sincere thanks and appreciation to each and every one for the calls, visits, cards and memorials sent our way during our recent sorrow.

The family of Mrs. Ada Hogg

Mr. and Mrs. Ray Tindall and Billy Joe went to Rockdale and Cameron for the holidays, and visited relatives.

A&M students, Don McDonald, C. L. King, Jr. and Danny Stewart, spent the holidays here with their respective parents.

Vernon Asbill, son of Mr. and Mrs. Tom Asbill and a student in McMurry College, Abilene, visited his parents here during the holidays.

Alfred Chapple, senior at Abilene Christian College in Abilene, spent Christmas holidays here with his parents, Mr. and Mrs. H. A. Chapple.

CARD OF THANKS

I want to thank all my good friends who have been so nice while I was hospitalized. For the gifts, flowers, cards and visits—thanks a million. CARLETON FIELDS

Christmas visitors in the home of Mrs. Ruby Gruny included Mac Ayers of Roswell, N. M., Mr. and Mrs. Joe Asbill and family of Yeso, N. and Debby, Mrs. J. W. Asbill, Mr. and Mrs. W. A. Asbill and family of San Angelo, Mr. and Mrs. David Gruny and Mr. and Mrs. Tom Asbill and family of Sterling City.

Jerry Payne, son of the Leslie Paynes and student in Henderson County Junior College at Athens, spent the holidays here at his parents.

Clayton Stewart, son of Mr. and Mrs. Vernon Stewart and a student in Blinn College, visited his parents over the holidays.

Texas Tech students, Janet Westbrook, Bill Davis, Tony Allen, Leroy Churchill Billy Blair, all spent the holidays here at their homes.

Willene Glass, daughter of Mr. and Mrs. David Glass and a student in TCU, was a holiday visitor at her parents.

David Durham, student at SAC, was a Christmas visitor in the home of his parents, the Worth Durhams.

Johnny Augustine of A.C.C. spent the holidays here with relatives.

Mr. and Mrs. Harold Gober and daughter, Linda, spent Christmas here with Mrs. Gober's mother, Mrs. James McEntire.

Candy or Cooky—You Choose!

—By Betty Barclay—

A new dimension has been added to some of our old-time favorite recipes now that caramel chips and lemon chips have joined chocolate chips on the grocers shelves.

Here, for example, is a caramel chip variation of the ever-popular Alpha-Bit Confection—part candy, part cooky. All you do is melt one cup of caramel chips over hot water. Remove from heat and mix in two cups of alphabet oat cereal and half a cup of chopped nuts. Drop by teaspoonfuls onto waxed paper or shape into balls. Behold! some 24 delicious candies—or cookies. You makes 'em and you takes your choice.

SCIENCE SKETCHES

ROCKETS are being attached to cars by Detroit manufacturers but not to eclipse competition at a traffic light. Engineers studying the effects of motion mount rocket engines on the sides of autos. Their thrust simulates severe crosswinds.

'PUNCH-DRUNK' astronauts are a possibility if their brains are unshielded from continuous bombardment by low-level radiation, says Dr. Ray Snider of the University of Rochester Center for Brain Research. The nervous system will "roll with the radiation punches for a little while," Dr. Snider reports, "but, as the effects accumulate, the brain suddenly breaks down."

PALLADIUM, one of the precious metals, is used by Girdler Catalysts in a new series of catalysts for use in the manufacture of plastics. The valuable 3/16" pellets can be used over and over again. Catalysts have the mysterious ability to accelerate a chemical reaction without being permanently altered themselves.

Social Security

"Area residents should file their social security claims before they retire in order to insure prompt payment of benefits," Floyd B. Ellington, social security district manager in San Angelo, said today.

Many people of retirement age do not get their first social security checks as early as they might, simply because they waited too long to apply for their benefits, Ellington pointed out.

Applications may be filed any time within three months of when a person wants benefits to start. Since the average processing time of a claim is 4 weeks, Ellington advised people to take advantage of this early filing and submit their applications as soon as possible.

Many claims are delayed because the applicants do not have the necessary information or papers to establish their eligibility for benefits, he said. These delays could be avoided if people would get in touch with social security office ahead of time to find out what they should bring with them when they apply for benefits.

Ellington stated that a short visit or phone call to the social security office before the time of filing can significantly speed up the processing time of the application.

The San Angelo District Office is located at 204 Continental Bldg. The phone number is 653-6861.
