Mrs. Don McDonald
Miss Sandra Cushing and Don McDonald
Married in Church Rites Sunday

The wedding of Miss Sandra Jo Cushing and Don Reed McDonald was an event of Sunday afternoon at the Austin Street Church of Christ in Colorado City. Dr. Max Leach, head of the psychology department of Abilene Christian College and minister of the Loraine Church of Christ, officiated at the double-ring ceremony.

Parents of the couple are Mr. and Mrs. J. B. Cushing of Loraine and Mr. and Mrs. Chesley McDonald of Sterling City.

The altar space was decorated with palms of commodore foliage centered with a large fan-shaped arrangement of white gladiolas and chrysanthemums. Among the palms, a series of seven-branched candelabra set in cathedral arrangement, climaxed in a pyramid above the flowers in the center. Pews were marked with white candles and greenery tied with white satin and tassels.

The bride was presented at the altar by her father. She was wearing a candlelight silk peau de soie sheath gown designed with scalloped neckline, molded bodice, and elbow-length sleeves. The lavish re-embroidered alencon lace glorified the bodice and skirt. The chapel train fell gracefully from the waist. Her elbow length veil of silk illusion was held by a matching pillow covered with re-embroidered alencon lace and pearls. She wore short matching gloves. Her only jewelry was a diamond pendant, a gift of the bridegroom.

She carried a cascade bouquet of white butterfly roses with sprays of seed pearls and tiny satin leaves.

Bridal attendants wore street-length dresses of azalea rose velveteen and peau de soie, fashioned with a scooped neckline, molded bodice, elbow length sleeves, and semi-bell skirts. Their head dresses were matching pillboxes with short circlet veils. They wore short candlelight gloves and dainty bridal pearls, gifts of the bride. They carried cascades of soft rose toned carnations with frosted grape cluster and ivy leaves. Mrs. Jimmy Ramsey of Gainesville, cousin of the bride, was matron of honor. Bridesmaids were Mrs. Murrell Foster of Lubbock, Mrs. Neal Wilson of Denton, both cousins of the bride. Cecilia McDonald of Sterling City, sister of the bridegroom, Margie Shrum of Alice, Prissy Beauchamp of Abilene, and Joyce Furlow of Loraine.

Best man was Tony Allen of Sterling City. Groomsmen were Joe Cushing, Loraine, brother of the bride; Danny Stewart of Sterling City, James Morris of Anahuac,

Dean Gage of San Saba, Jerry Hazelwood of Cleburne, and Ronnie Sosebee of Anson.

Tapers were lighted by Kirk Davis of Mesquite, cousin of the bride, and Hank Johnson of Abilene, cousin of the bridegroom. Ushers were Johnny Augustine of Sterling City, Alfred Chapple of Rocksprings, and Ben Hatcher of Gainesville, cousin of the bride. Miss Jeanie McDonald of Sterling City, sister of the bridegroom, registered the guests.

Wedding music was presented by a chorus of Abilene Christian College students, directed by Don Wilks. Soloist was Miss Judy Lincoln of Sweetwater. Songs were "My Own True Love," "I Pledge My Love," "The Wedding Prayer," and "The Lord Bless You and Keep You." Miss Lincoln also read a tribute.

The reception was held following the ceremony in the Baker Hotel Terrace Room. The bride's table was covered with a candlelight organdy cloth. The table was centered with a double-tiered silver and crystal epergne, holding a horizontal arrangement of white snapdragons, carnations and roses. The appointments were of silver. Miss LeRuth Reed of Sterling City served the cake. Miss Shirey McCarty of Monday and Judy Knight of Gainesville served the punch.

The groom's table was covered with a candlelight linen cloth. Coffee was served from a silver coffee service by Mrs. McDale Farrington of Brownwood. Mrs. Billy J. Long of Abilene and Miss Phyllis Hatcher of Gainesville served the groom's cake. Miss Joretta Hall of Loraine registered the guests. Miss Vicki Baird of Sweetwater furnished background music. Miss Kathleen McDonald of Dallas, cousin of the bridegroom, was rice girl. Others in the houseparty were Mrs. Bert Davis of Mesquite, Mrs. Clyde Hatcher, Mrs. Ben Davis, Mrs. Fred Knight of Gainesville, aunts of the bride; Miss Jeanie McDonald of Sterling City, sister of the bridegroom, Mrs. Jack Coffee of Loraine and Miss Radora Massey of Sterling City.

Grandparents present were Mr. and Mrs. Bill Reed of Sterling City, Mr. and Mrs. L. S. McDonald of Baytown and Mrs. Nugent and Mrs. Hatcher. After a short honeymoon trip to New Mexico, the couple will reside in College Station, Texas. For the wedding trip the bride chose a three-piece white double knit suit with matching accessories. Her corsage was a white gardenia.

The bride was an honor graduate of Loraine High School and attended Abilene Christian College. She is a member of Ko Jo Kai Social Club. She plans to continue her education at Sam Houston

Monday Is Last Day To File for Office

Monday midnight, February 3, is the last day to file for an office in the Democratic Primary here, said Sterling County chairman Jack Douthett this week. Most candidates are aware of the deadline, but the general public may not be, said the chairman.

Then on February 10, candidates will have to pay the complete assessment to have their names printed on the ballot. Assessments are to be paid in full by February 15.

The Democratic Primary is to be held on May 2, 1964. A run-off primary will be held then on June 6, should one be necessary, said the chairman.

Too, you will need a poll tax to vote in the Democratic primaries.

POLL TAXES?

WELL, you've got the rest of the day to pay your poll tax. That is if you will hurry to the tax assessor-collector's office in the courthouse.

You can vote in the national election but not in the Texas primaries or local elections. You gotta hurry.

LIONS CLUB

The Sterling City Lions Club members met Wednesday noon for the regular weekly luncheon. President Frank Jackson presided. The prize went to Skip Lively.

Hubert Travis reported on the progress of the March of Dimes drives here. He said nearly \$500 had been raised so far.

Fire Chief Frank Jackson reported that a drive for money for the fire department would come soon. He said the department was well organized now with recognition from the state insurance commission and the department would need to upgrade its equipment. The chief said needed were new fittings, hose, nozzles, couplings, siren, etc. A total of \$1000 to \$1200 was needed. The country trucks need new equipment as well as the city truck.

Jackson said the state had become aware of the volunteer department here and the local group had been commended for its good attendance.

State College where she will be majoring in home economics.

DAVID READ NOW TS&GRA EXECUTIVE SECRETARY

David Read, 26 year old former state legislator from Big Spring will become the new executive secretary of the Texas Sheep and Goat Raisers Association. Headquarters are in San Angelo.

Read succeeds Tom Wallace who resigned to become associated with the woolen mill at Eldorado. Read was selected out of a field of 25 applicants.

Every one seems to have a hobby. I know a man who spends his spare time studying the firmament above. He can tell you all about the Milky Way, why the stars fall, and all about the moon, sun, stars and the satellites.

Another collects rare books first editions, and he would drive (or perhaps even walk) a hundred miles to get his hands on one rare collector's item.

Every boy and girl scout has a hobby, and so do the 4-H kids. These include collecting coins, stamps, Indian artifacts and other rarities.

More recently there has appeared a crop of skin-divers. They prowled the uncharted briney depths, searching for rare shells, marine growths, and even treasures from Davy Jones' locker.

Aside from collecting the unusual, others content themselves with fishing, sailing, horse racing, mountain climbing, or watching their favorite sports.

Others spend spare time playing golf, bridge, pinochle, chess, checkers, gin rummy, or perhaps a game of chance—insidiously trying to outwit their competitors.

President Johnson collects signatures of distinguished visitors to the LBJ ranch by having them scribble their names into wet concrete, thus providing a permanent record of their presence there.

For many years my hobby has been collecting Indian lore, studying frontier history and adventures of the pioneers. I belong to the Westerners, an organization which interests itself in a study of western history. Pursuing my hobby, I make use of many weekends and holidays delving into old reports and records of by-gone days. This is a very inviting and enticing field.

More than 25 years ago I incorporated some of this in a book, "It Occurred in Kimble," an early-day history of my native county. More recently "Texas Heritage of the Fishers and the Clarks" has been published by the Anson Jones Press of Salado, Texas. It deals with 130 years of life on the Texas frontier by two Texas families.

Right now, I am concluding a manuscript covering an epochal period on the Texas-Mexican border, featuring gunslingers and a decade of lawlessness that introduced the Texas Rangers into legend and history during the wildest and most exciting era in modern history.

Whatever one's hobby may be, it is a way to make use of the spare time that most of us have on our hands. And it provides a healthy and satisfying way to use that spare time by providing an outlet for our special interests. Every one should have a hobby.

NICE RAINS FALL

Good slow rains fell over Sterling County and West Texas Wednesday afternoon and night and Thursday morning early. They were general over a wide area of the dry, drouthy country, but some spots were favored with more fall than others.

Here in town .75 inch fell during the period. 1.2 inches was recorded south of town on the Temp Foster ranch, while up the Colorado City road Forest Foster and that area only got .40 inch. The rains were heavier to the south and also to the north.

This is the first appreciable rain of the year, and in fact in many months.

FRANK C. DICKEY, JR.

Dickey Out For District Attorney

Dist. Atty. Frank C. Dickey, Jr., who was appointed by Gov. John Connally last February to complete the unexpired term of Justin Keever, officially declared today his candidacy for the position of Democratic nominee for District Attorney of the 51st Judicial District of Texas.

"I am most grateful to the many friends who recommended me to succeed Justin Keever and to the Governor for his confidence in appointing me," Dickey commented. "The past months as your District Attorney have been both challenging and rewarding. A District Attorney must not only be a man of law but a man of fairness and justice in order to protect the rights of all our citizens. I will continue to do my best in working with your law enforcement officers and fulfilling the responsibilities of my office."

The 51st Judicial District is composed of the counties of Coke, Irion, Schleicher, Sterling and Tom Green. The appointment to the 51st District Court was the second appointment for Mr. Dickey. In 1952 he was appointed County Attorney of Coke County. At completion of his term he was elected twice by the voters and served until 1958 when he resigned to become staff attorney in San Angelo for the State Highway Department.

The 38-year-old, 6-foot, 2-inch Dickey is a native of Waco, Texas, and one of two sons of Frank C. and Myrtle Dickey. His father, Frank C. Dickey, Sr., a long time resident of this area, has practiced law in Runnels and Coke Counties for many years and is currently County Attorney of Coke County.

Dickey received his early education in Ballinger, Texas, and graduated from high school there in 1943. He then volunteered as a Marine and served in the Marine Corps until 1946. He attended Yale University for two years as a member of the Marine Corps Officer program and during this time was a member of the Yale University swimming team.

After war service, he completed pre-law at Yale and worked part time while attending Baylor University, where he received his law degree in 1952 while at Baylor, in addition to studying and working in the law library, on construction jobs and in the oil fields. Dickey was co-captain of the Baylor swimming team and a member of the Phi Delta Phi legal fraternity.

Dickey presently is a member of the State Bar of Texas and the Tom Green County Bar. He and his wife, the for-

Lunar Power Station

The moon can be harnessed to produce "dozens of trillions of kilowatts" of electricity for mankind, says a Nobel Prize-winner.
 Soviet chemist Nikolai N. Semenov's suggestion is one of many proposals made amid increasing East-West cooperation in space research under the aegis of the United Nations. Adlai E. Stevenson, U.S. ambassador to the U.N., notes that the United States, Russia and some 60 other countries are working together in the field and that the U.N. and its agencies "are deeply involved in the exciting potentials of outer space."
 One of the most exciting is Semenov's theory, reported by the U.N. Educational, Scientific and Cultural Organization (UNESCO).
 By covering the lunar surface with conductors and photoelements to collect energy from the sun, he says, the moon could be transformed into "a gigantic power station for the whole earth." Radio waves might then be used to transmit the power from the moon to our planet, he adds.
 Although the moon is 16 times smaller than the earth, it receives as much solar energy as that which falls on the earth's continents. That's because the moon has no atmosphere to cut down the sun's rays.

AROUND THE COUNTY by

ARTHUR BARLEMANN, JR. COUNTY AGENT

The annual report of the Texas State Department of Health reveals that 1223 persons received the fourteen injection treatments for rabies in the state. A total of 526 heads of different animals were confirmed as having rabies during the year by the laboratory in Austin. Of this 526, 235 were skunks, 106 dogs, 66 fox, 36 cattle, 28 cats, 22 bats and 33 other types. The other types included coons, horses, sheep, goats, bobcats, squirrels and rabbits.

Sterling County had two positive cases of rabies as confirmed from heads sent to the laboratory last year. One was a fox head sent in from the Alvie Cole ranch; no one took the shots as a result of this case. The other was a dog head taken by Thomas Earl Martin from the Foster and Hildebrand Shack ranch. Five persons took the series of shots as a result of this case in December. Four of those taking the shots were small children.

Since that time, a cow on an adjoining ranch died with what is considered pretty good symptoms of the disease. The cow was owned by Ewing McEntire. No one was exposed so the brain was not sent in to the laboratory. The brain of a steer owned by I. W. Terry was sent in this week for diagnosis but as of Wednesday noon, no report had been received.

Since there has been some rabies in this area, it might be well to review the symptoms of the disease. Most people are fairly familiar with actions of an animal with the violent form of the disease but the other form, the so-called dumb form, is not as familiar. It is usually the one that catches people unaware and causes more trouble than the violent form.

With the dumb form of rabies, an animal loses condition rapidly. They stand around with the mouth open and may appear to be choking or coughing because of an obstruction in the throat. An animal with this form has what might be called "a don't care" attitude.

With the violent or furious form of the disease, an animal becomes aggressive. Dogs will snap, growl, bite at objects, and run. Cattle will bellow excessively and with a decided change in the tone of the bellowing. They butt the ground or other animals, paw at objects, and attack other animals or people.

In both forms of rabies, paralysis sets in and the animal loses control of its muscular movement about the fourth day. The walk is swaying, stiff and unsteady. This is followed by paralysis of the hindquarters and the animal is unable to get up. They usually die four to six days after the first symptoms of the disease become apparent.

Many people think the animal has something in its throat and try to remove it. This is the one thing that causes much of the exposure and as a result, the series of shots must be taken. The next time an animal appears to be choking, think before sticking your hand in its mouth.

The San Antonio Livestock Exposition opens its doors next Friday. Though Friday is the official opening of the show, much activity will take place before the opening. The on-hoof classes of the carcass shows for lambs, steers and pigs will be judged on Wednesday. The top animals will be slaughtered on Thursday and carcass placings made on Friday. Also on Thursday, lambs and steers will be weighed. All market animals will be sifted on Friday. Wool and mohair fleeces will also be placed on Friday. Lambs and steers will be judged on Saturday in the junior classes. Open class lambs and steers will be judged on Monday.

A number of Sterling County 4-H Club members will be taking part in the San Antonio show. Those showing lambs in the junior show in-

clude Bobby Bynum, Tommy Foster, Mackey McEntire and Pam McEntire. Janis Igo will show lambs in the open show. Betty Jo Barrett and Janis Igo will both show in the junior Rambouillet show Tuesday morning, February 11.

Frank Price will have one fleece in the range division of the wool show; his father, F.S. Price has two fleeces in the same show. Clinton and L.F. Hodges will show in the Rambouillet show. Amy Hodges will have three Hereford steers in the open steer show; two will show in the carcass class and one in the milk fed class.

Janis Igo will be showing her Rambouillets in the El Paso show next week. The El Paso show opens Saturday, February 1 and ends on the 8th.

ATTENDS DRIVER ED CONFERENCE

Grade school principal J.R. Dillard attended a drivers' education conference in Odessa Tuesday of this week. The conference was sponsored by and held at Odessa Junior College.

Dillard said schools from the area from Big Spring to El Paso were represented by principals and superintendents.

Driver ed will be offered at the Sterling school next summer. The course has almost gotten to be a summer project by schools, due to conflict of hours and classes during the regular school year.

Violent deaths are increasing yearly over the nation and the concern is to reduce that traffic death portion. Driver education is one good way to reduce the traffic deaths, it was pointed out at the conference.

PARENTS OF 6-YEAR OLD CHILDREN!! SCHOOL CENSUS NOTICE

Deadline for enumerating scholastics for next school year is February 1. Since a house to house census of the county is not being made, some school age children may have been overlooked, especially **SIX YEAR OLDS**. If your child has not been enumerated, contact the school superintendent, Box 26, or phone 8-3537 for census forms. This is most important. You will find it is much easier to enroll your child in school next year in September if his or her name is on the census roll.

Social Security

"Area residents should file their social security claims before they retire in order to insure prompt payment of benefits," Floyd B. Ellington, social security district manager in San Angelo, said today.

Many people of retirement age do not get their first social security checks as early as they might, simply because they waited too long to apply for their benefits, Ellington pointed out.

Applications may be filed any time within three months of when a person wants benefits to start. Since the average processing time of a claim is 4 weeks, Ellington advised people to take advantage of this early filing and submit their applications as soon as possible.

Many claims are delayed because the applicants do not have the necessary information or papers to establish their eligibility for benefits, he said. These delays could be avoided if people would get in touch with social security office ahead of time to find out what they should bring with them when they apply for benefits.

Ellington stated that a short visit or phone call to the social security office before the time of filing can significantly speed up the processing time of the application.

The San Angelo District Office is located at 204 Continental Bldg. The phone number is 653-6861.

NEVER FELT BETTER!

Health checkup? Not for him . . . he knows he's in fine shape! What he doesn't know is that cancer has a "silent" stage . . . before it reveals any symptoms. Doctors say their chances of curing cancer are so much better when they have an opportunity to detect it "before it talks."

That's why it's important for you to have an annual checkup, no matter how well you may feel.
