Our WASHINGTON Letter

Poverty! Poverty! Poverty! Ah, what sins are committed in thy name!

Anyone who is in favor of poverty should be ashamed of himself. Everyone is against it. And any sensible antidote has a natural and proper appeal. But many remedies recommend for sick patients turn out to be phonies. And that can happen to anti-poverty remedies.

Actually, we have been up to our necks in a so-called anti-poverty war for years. Indeed the combined federal, state and local governments pay out \$40 billion a year now to bolster the income of at least 25 million people, with a wide range of programs.

These include old age assistance, social security, food stamps for the needy, school lunches, WPA projects, retraining and rehabilitation programs for disabled and unemployed, unemployment payments (which cost \$2.8 billion a year); aid for the blind, dependent children, widows, and a multitude of others. And we give the Indians \$150 million.

Now, the Congress is asked to fork up \$1 billion for a down payment on another anti-poverty attack, to be added to the other programs. This includes the Kennedy proposals for a new Youth Employment program, a Domestic Peace Corps, and even more of the WPA projects.

Farmers would get in on this gravy train. Secretary of Agriculture Freeman says half the poverty is on farms. He wants low-interest unsecured loans of up to \$2500 for poverty-stricken farmers who are unsuccessful in farming business, plus up to \$1500 in outright cash gifts to busted farmers.

Total ultimate cost of the new drive is estimated at \$15.1 billion — on top of the other welfare programs already going on. The announced goal is to raise personal incomes of married couples up to \$3,000 a year and that of single people to \$1500.

Actually, the most meaningful and logical treatment yet proposed — and not endorsed by the government — is dissemination of birth control information. At the current rate of increase there will be another 150 million in the U. S. A. in 36 years, in addition to the present 190 million. This would apply treatment to the cause — not the symptoms — of our problem. Otherwise the stepped up welfare state proposed in the anti-poverty war will go on ad infinitum.

Experience has taught us that made-work programs are not ordinarily useful alternatives to private economic activity. We should learn some lessons from the past.

Among recent guests have been the Mickey Stephens, son John, and daughter-in-law, of Lometa. (John is now a specialist in Latin-American Affairs in our Foreign Service, stationed in Washington); Bob Crawford and L. H. Laffere, of Uvalde; Jim Myers of Hondo; Thurman Head of Goldwaite; Geo. Johanson of Eden; R. J. Deck of Lohn, Taylor Dincan of Mullin; B. C. Broad of Brady and E. R. Osbourn of Llano.

Visiting at the Foster S. Prices here this week were Mrs. Price's mother, Mrs. Hill Allen, and her sister, Mrs. Lois Lyles, both of Throckmorton.

The Benny Greens of Green Forest, Arkansas, arrived here last Saturday for a week's visit with her parents, Mr. and Mrs. Webb Hudson.

Runoff Election Here on June 6

There will be a Democratic primary run-off election here on June 6. Only one race is listed on the ballot—that of Joe Pool of Dallas and Robert W. Baker of Houston, for Congressman-at large.

The local committee announced that all voting would be done in one box—at the courthouse. Boxes can be consolidated, according to the election law, but a run-off must be held.

The Sterling County Democratic Executive Committee was advised to that effect on Wednesday of this week by the State Executive Committee. The law records that the run-off must be held regardless, and the state chairman pointed out the penalty for not holding a run-off.

Suit Settled by Agreement

In a civil suit for personal injury here Monday in 51st District Court, the two parties reached an agreed settlement before the case went to trial. A jury was chosen, though, and then the attorneys announced that a settlement had been reached.

The case No. 159 styled Frank Robinson, Robert Kuykendall and wife vs. L. T. Betus and Charles Beavers, a suit for compensation due to personal injuries.

Jimmy Joe Bauer of the U. S. Air Forces has been here visiting his parents, Mr. and Mrs. Henry Bauer.

AROUND THE COUNTY by

ARTHUR BARLEMANN, JR. COUNTY AGENT

The first eggs of the nut casebearer were found on pecans here last Friday. Eggs were found on trees in various parts of town so they are probably pretty well all over town. However, there are not as many eggs this year as there have been in some years, particularly last year.

The recommendations for control of the casebearer this year are slightly different than in the past. This year's recommendations call for the use of two insecticides, Malathion and Sevin. The Malathion gives a quick kill while the Sevin has a residual effect of from seven to ten days. Use two pounds of Sevin and one and one-fourth pints of Malathion per hundred gallons of water. To this, add two pounds of zinc sulfate for the control of rosette, a nutritional disease which is pretty widespread in this area.

After spraying your trees the first time, check them in about ten or twelve days. If damage of the casebearer is found on the young nuts, repeat the spraying.

Several persons have been having trouble with candle moths being attracted to the lights around the house at night and then into the house. They have been asking if there were anything that would keep them away or repel them. The entomologists say that there is nothing that will really do a good job of controlling these pests. The commercial aerosol insect repellents in the pressure cans will help to a certain degree as will DDT, dieldrin, diazinon, or lindane. Yellow light bulbs are also something of a help. But, the entomologists say that as long as there are large numbers of these pests, they will cause trouble. There are a number of different insects involved—the moths that are causing the trouble are not all the same kind. Some of them are the adult stage of the armyworm, some the cutworm, some are tomato hornworms, and others are cotton bollworms.

Besides being an aggravation at night, they also cause damage by staining upholstery, draperies, and walls. Keep this in mind when you get after them with the fly swatter at night if they are a pest in your area.

Social Security Tips

Floyd B. Ellington, district manager of social security in San Angelo, issued a reminder today to all persons who are receiving social security benefits that they must notify the Social Security Administration whenever something happens that might affect the payment of their benefits. Some of the events which must be reported are:

1. Earnings from all types of work if the beneficiary is under age 72 and expects to earn more than \$1200 during the year.
2. Death of a beneficiary.
3. Change in marital status—unless the beneficiary is receiving payments as a retired worker.
4. Change of custody of a child or other person for whom you are receiving benefits.
5. Change in address.

"Social security beneficiaries received a list of these and other events that must be reported with this check earlier this year," Ellington said. "If they do not have this list, they may pick up another at the social security office."

"In fact, anyone who has a question about social security should get in touch with us to get correct information."

The address of the social security office is 204 Continental Building, San Angelo, Texas. Telephone is 653-6861.

"Area residents should file their social security claims before they retire in order to insure prompt payment of benefits," Floyd B. Ellington, social security district manager in San Angelo, said today.

Many people of retirement age do not get their first social security checks as early as they might, simply because they waited too long to apply for their benefits, Ellington pointed out.

NOW... GREAT NEW ENCO EXTRA!

PUT A TIGER IN YOUR TANK!

New Power-formula Enco Extra gasoline boosts power three ways... preserves the power of new engines... restores lost power to many older engines:

1. **Cleaning Power!** Dirt can clog even a new carburetor in a few months of normal operation—causing hard starting and rough idling. Your very first tankful of New Enco Extra will start to clear away these deposits to improve power and mileage.
2. **Firing Power!** Spark plug and cylinder de-

posits can cause misfiring, pre-ignition and hot spots. New Enco Extra neutralizes these harmful deposits to help your engine fire smoothly and efficiently.

3. **Octane Power!** Octane requirements for new cars are up again this year. New Enco Extra has the high octane that most cars now need for full performance, smooth acceleration and passing power without knocking.

You'll get something extra for your money with New Power-formula Enco Extra—it's like putting a tiger in your tank! *Happy Motoring!*

Senior Class Will and Prophecy

1964 SENIOR CLASS WILL

The Senior Class of 1964, (at the present time and before the Senior trip) hereby bestows the following abstract but generous and valuable assets to various members of Sterling City High School.

I, Danny Bailey, will my vaulting pole to Drew Durham. You'll need it for that top locker next year, Drew.

I, Billy Bauer, will my ability to blush to Nora Medina. Practice makes perfect, Nora.

I, Mitzi Davis, will my hours of loneliness to Janie Copeland. If you make eyes at Mr. Knight, he will give you a bargain on the stamps and you'll need it if it lasts very long.

I, Ollema Davis, will my indifference and bag of wind to David Weaver. Wonder if you really need it, David?

I, Lee Douthit, will my organized study habits and mathematical ability to Nelson King. Algebra II's a start, King and if that doesn't work try Calculus.

I, Temple Ann Foster, will my craving for boys to Cindy Lowry. I'll lend you my love funny books, Cindy, if you need them.

I, Cecilia McDonald, will my shapely legs to Rosanne Foster. Tweet-tweet.

I, Lois Ethel Price, will the wheels on my car and my early hours to Billy Allen. Save them, Bill, they might come in handy!

And to the teachers for their love, understanding and imperserverence:

I, Temple Ann Foster, will my well-beaten path down the hall to Mr. Seago.

We, Lois Ethel, Cecilia, and Lee will our excellent math grades to Mr. Seago. You'll never have any grades quite like them.

Billy and Danny will their love for drag races to Mr. White. They have them ever Sunday at Wall.

Cecilia wills her disgusting hair to Mr. Igo. Be sure to rat it real high on top. It's better that way.

The Senior class wills their term themes to Mr. McDonald.

Mitzi wills all her love problems and love letters to Mr. McDonald. You know more about it than I do anyway.

Ollema wills her permanent record to Mrs. Milligan. I hear it's a state law that you keep it on file.

The senior girls will their used boyfriends to Miss Massey. Be careful for Russell because he embarrasses easily and don't wear your heels when you go out with C. L.

The senior class wills Mrs. Crook this formula, 10 Ca4 plus 3 Br24 - Zn2½ plus Mg2 plus 17½ Ag plus 3Fe88 equals that Sterling City is well represented on the Forsan roster.

is an equation for you to balance.

Bill Bauer wills his stick shift and fast driving to Mr. Jones. Now, Mr. Jones, we told you not to drive too fast on the school grounds.

Lee wills her Latin vocabulary to Mrs. Milligan. Howdy Hose Amigo.

The senior girls will their baseball ability and equipment to Mr. Seago. Use it in your softball league, Mr. Seago. You'll never have supporters like us.

Danny wills his protruding abdomen to Mr. White.

1964 SENIOR CLASS PROPHECY

Cecilia McDonald is now a great film actress on Broadway. She has the leading role in a new film, "The Wife Of Frankenstein."

Ollema Davis's twin boys have just won a baby contest for originality.

Lois Ethel Price is now the chief detective at Scotland Yard. She gained her name after she developed a new method called "How to Keep Up With Contact Lens."

Lee Douthit has put all of her knowledge of geometry and physics to good use. She is now the director of a trapeze act in the circus, which she appropriately named "Lee's Little Lepracauns."

Temple Ann Foster, because of the inspiration she received during her high school days at old S. H. S., is now a librarian. You may not recognize her now for she wears spectacles to impress her intellectual friends. Also, her dresses are quite a bit longer now.

Freddie Fields is currently drawing the crowds to Madison Square Garden where he gives a magnificent rodeo performance riding two brones at a time Roman style.

Of all the seniors who graduated from Sterling High School in 1964, Billy-o Bauer probably has the most glamorous job. He auditions the bunnies for the Playboy Night Club. We're betting there's never a dull moment in Billy's life.

We never knew how far Danny's football sense would take him. He is head football coach at Harvard. Danny has been using his new invention—a one man line with ten men in the backfield. All you hardheads report at the back door.

Ed Smith is now the owner of the Purple Onion, a beatnik coffee house in Greenwich Village. Ed just won the award for the best-groomed beard.

Mitzi Davis, an ex-Sterling athlete, is now girls' basketball coach at Forsan High School. Her athletic director, by the way, is now Mr. Fred McDonald. Wouldn't you say plus 17½ Ag plus 3Fe88 equals that Sterling City is well represented on the Forsan roster.

Funeral Services For Mrs. C. D. Phinney

Mrs. C. D. (Laura) Phinney, 87, of Brownwood died early today in a Brownwood nursing home after a lengthy illness. She was the stepmother of Lt. Gen. Carl L. Phinney of Dallas, commander of the Texas National Guard and former commander of the 36th Division of the National Guard.

Funeral services were held at 10 a. m. Tuesday in Davis-Morris Funeral Home with the Rev. Ben Feemster officiating. Burial was in Greenleaf Cemetery.

Mrs. Phinney was born Dec. 2, 1876, and was a member of First Methodist Church. Mr. Phinney died in 1954.

She is survived by three stepsons, General Phinney and Temple Phinney, both of Dallas, and Bob Phinney of Austin; one stepdaughter, Mrs. Madge Dillon of Dallas; and two sisters, Mrs. Lee Hunt of Sterling City and Mrs. Henry Cook of Grosbeck.

To Annual Conference

The Rev. Leo Ross, Methodist pastor, has gone to San Antonio for the annual Methodist conference. He left Monday and his wife and son left later this week.

Delegates from the local church going were the Roy Fosters and the H. L. Hildebrands.

Glenn Weimer to Preach Here

The Rev. Glenn Weimer, associate pastor of the First Methodist Church of San Angelo, will preach in the local pulpit Sunday morning. Glenn will be remembered as a boy here in the early '50s.

No evening service will be held, it was said.

THANK YOU

The board of directors and the staff of the Sterling County Hospital wish to express their deepest thanks and appreciation for the many useful gifts received at the show-er sponsored by the Epsilon Zeta Club on May 3.
