Area Cotton Gins Report 'Fewer' Bales

After early spring storms caused the cotton prospects for Bailey County to be cut drastically, cotton ginners are finding this fall that the early projections of very little cotton for Bailey County are not too far off the predictions of little cotton to be harvested and ginned.

Just this week, Bailey County Electric Cooperative Association, who service 15 or 16 gins in the area started their fall readings of the cotton gins.

They said at least two gins are not even opening this fall, and other gins have all opened, because they ginned enough cotton the first of this year to take care of their minimum.

In Muleshoe, the Muleshoe Co-op Gin reported they have ginned about 400 bales to date. They expect around 3,500 bales before they finish. This is down thousands of bales from their usual fall operation.

At Bula, Jim Claunch at Claunch Gin said they have ginned around 130 bales and do not expect much more than 1,000 bales this year.

The Farmer's Co-op Gin at Enochs had ginned 161 bales Wednesday morning and expect a top of about 300 bales for this year.

"We're barely getting started," said a spokeswoman at the Needmore Co-op Gin. The gin has turned out 75 bales and they do not expect very many bales this fall.

From the Maple Co-op Gin the picture is not very much brighter. They have weighed in around 450 bales and do not expect more than 3,000 - 3,500 bales this year.

Although fall weather has been to the cotton farm.

Local Veteran's Day Observance Scheduled

A local Veteran's Day Observance will be held by the American Legion and the Veteran's of Foreign Wars at the American Legion Hall this Thursday, November 11. The two organizations will join together for a Vet's Breakfast for veterans and their wives beginning at 6 a.m. until 8 a.m. that morning.

District Judge Jack D. Young is scheduled to speak at 7 p.m. and Owen Jones, American Legion Adjutant encourages all Vets. "If you have served your country in the armed forces in any way, man or woman, we urge you to come and celebrate this occasion with us. More especially we welcome the Korean and Viet Nam veterans to attend, as well as retirees.

The breakfast which will be cooked by members of the two organizations will include sausage, bacon, and eggs and homemade biscuits.

Veteran's Day, 1982 will mark the fifth anniversary of the return of the observance to November 11 and the tradition of honoring the unknown soldier at Arlington on the 11th hour of the 11th day of the 11th month. From 1971 to 1975, Veterans Day was observed on the fourth Monday in October in compliance with a 1968 law that changed most national holidays to Mondays.

In 1975, Congress responded to public feeling that the November 11 date was too significant to abandon and in 1978 on the

60th anniversary of World War I armistice, the law was passed returning the holiday to November 11.

Over the years 1,081,000 Americans have died in the defense of their country in all American wars since 1776. More than half of the

Local Firemen Speak At Tuesday Rotary

The Muleshoe Rotary Club met at noon on Tuesday for their regular meeting and program which was presented by four members of the Muleshoe Volunteer Fire Department: Jack Dunham, Chief, J.O. Parker, training officer, Bob Copeland and Wayne Peterson. A resume was given on the growth, additional equipment, maintenance and types of fire programs that the fire department has available. Some of these include practices, inspections, etc. Chief Dunham complimented the help of various members of the City Council with the Volunteer Fire Department here in Muleshoe, stating that their budget from the City is approximately \$43,000 whereas a full-time fire department for a city of this size might run as high as \$5,000,000 per year.

Most of the training for the MVFD is done in training sessions at Lubbock, College Station and Canyon, however, the need in the future is seen for a training field of their own here in Muleshoe. Hal Anderson, Rotary member, was responsible for bringing the program Tuesday.

Former Mayor of Muleshoe, Alex Williams stated

Cross-Country Mules Win Regional, Advance To State

★★★ Griswold Wins Contest This Week, Ties Gleason

Kay Griswold struck home base in the football contest this week with a ten point win, added to her four point win, puts her up with Jerry Don Gleason to tie with 14 points each for the first place position in the Journal Contest. Kay missed only two games, going with L.S.U. instead of the Crimson Tide to her credit and was seven points off in the tie breaker.

Waltzing off with second place this week was a newcomer to the contest, Francis Gilbreath. Gilbreath missed three games and was eleven points off in the tie breakers, bouncing him right up to the second level of competition with the rest of the 10 point earners.

Third place went to another newcomer, Sue Besire. Sue missed four games and was three points off in the tie breakers.

Now, folks, this is the way the story goes: as we pointed out, right now first place is rocking between Jerry Gleason and Kay Griswold with fourteen points each.

Eight individuals are tied together with ten points

each, who are next in line and could very well blow the lid off with another first place ore even a second place win. Those individuals are: Steve Griswold, Kevin Manasco, Jo Blackwell, Terry Pollard, Ruth Newell, Lloyd Pollard, Cont. Page 6, Col. 5

JP, Municipal Courts Busy Clearing Dockets On Local Offenders

A total of 57 cases were filed on in Justice Court with Justice of the Peace Tana Holmes for a week's period ending November 5. Fifteen of these cases were for speeding, six for being over allowed gross weight, five for public intoxication and three each for each of the following violations: no registration papers in truck, no stop lamps, non valid MVI, over registered weight & defective tail lamps. Two cases each were filed on the following: being over 20,000 pounds on a single axle, failure to stop at stop sign, possession of drug paraphernalia, operating a motor vehicle without a drivers license and not having a motor carrier ID card. One violation each was filed on the following: operating unregistered in Texas, failure to stop at red light, failure to have liability insurance, passing in a no passing zone, disorderly conduct and violation of written promise to appear.

Forty-five dispositions were made of cases previously filed in justice court during the above period. Seventeen of these were for speeding violations, four for being over

Coach Robert Brandon's Cross Country Mules went to Lubbock on Saturday, November 6 and came back from Regional meets with a first place win, which will enable them to travel to Georgetown on November 13 for the State Cross Country Meet.

The Mules stand a very good chance of coming home with a State championship, if some injured athletes can be put back into good shape by this weekend, according to Brandon. He expects the Mules to end up in the top

five at any rate. In class AAA, final team totals included Muleshoe with 37 points, Boys Ranch with 54 and second place; Canutillo with third place and 85 points, Lubbock Roosevelt with fourth place and 92 points and Floydada with 102 points and fifth place.

Individual placings for the Mules on Saturday went like this: Tony Luna third with 16:18, Aldo Almanza fourth with 16:20, Martin Mendoza seventh with 16:56, Tony Rojas tenth with 17:07, Henry Carrion thirteenth with 17:13, Ronnie Logsdon sixteenth with 17:23 and Allen Beasley 36th with 18:26 Chris Hopkins will serve as alternate to the state meet.

The team will leave Muleshoe on Thursday and will be running their part of the competition about 12:15 on Saturday, November 13 in Georgetown. Coach Brandon recalling the fourth place that the Mules brought home from State meets last year says that the "Mules will be out to improve on that record considerably this year. Henry Carrion has been plagued with an injury and has not been quite up to par, but hopefully will be back up in time to bring his speed back up." Good luck to the Mules Cross Country team as they go for it this weekend.

Christmas Parade Set December 4

According to Chamber of Commerce and Agriculture Manger, John Gulley "Despite the unseasonably mild weather, the Christmas season is rapidly approaching." Area clubs and organizations are reminded that the 23rd Annual Muleshoe Christmas Parade is scheduled to take place on Saturday December 4.

Anyone who is interested in participating is welcome to enter. However, all entries must be received by the Muleshoe Chamber of Commerce and Agriculture no later than Friday, November 26. Entry forms are available at the Chamber office in City Hall at 215 South First.

The theme for this year's parade will be "Christmas Wishes". Cash prizes totaling \$150.00 will be awarded to the best floats in the parade.

Bailey County Attorney Sworn Into Office

The Bailey County Commissioners Court met in regular session on Monday, November 8 in the Court House to canvass the returns of the general election which was held on November 2.

An order was passed to approve the bond of County Attorney Linda Guelker, who recently won the election. She was duly sworn in by Judge Glen Williams as members of the court looked on. Guelker will continue in office until December, 1984, at which time her term will expire.

The court passed an order to pay all election judges and clerks for holding the general elections and also to pay all janitorial services at all precincts.

The Commissioners passed an order for Bailey

County to contribute \$1500 to the Blackwater Valley Soil Conservation Services for the operation of that office for the year of 1983, for which the state is to pay matching funds. The Court also passed an order authorizing the payment of \$128.46 for supplies for one year for the Senior Citizens center.

An order was passed which transferred \$15,000 from the general funds to officer's salaries funds.

In other business, the payment of routine County bills and items were handled. The consideration of publication of a notice to receive proposals for group hospitalization and life insurance coverage for county employees for 1983 was postponed until December.

"After 33 years of hard work and 26 years as a chartered cooperative we finally have a home of our own," Kidd stated.

Several new devices are being introduced into the system for Five Area Customers in the near future and after January 1, 1983, some of these will take effect.

A meeting of the Board of Trustees of the Muleshoe Independent School District was held on Tuesday, November 9 in the administration building.

Following complaints from five citizens concerning the move of the junior-senior banquet to the Civic Center, the board decided to leave the banquet at the original site of the high school cafeteria.

Dave Sudduth presented the annual audit of school

funds and reported that all procedures were in keeping with accepted accounting practices. No discrepancies were noted and upon recommendation by the administration the accounting firm of Williams, Adair, Sudduth, Inc. was employed as auditors for the school for the 82-83 fiscal year.

The Board heard the monthly tax collection report and noted that 30 per cent of the current tax roll has been collected, as compared to 23.7 per cent the same time last year.

Also approved was Update 18 - Phase II of the school board policies, prior to the board meeting in Executive Session to consider personnel matters. Upon reconvening from the executive session, the board approved the appointment of Betty Jennings as Director of Special Education.

Board members heard a request from the administration to approve change orders for the High School renovation program and approved several while tabling some others until more information was available.

A report was made to the Board on the status of vocational work programs in the high school. Also approved was the annual Textbook Selection Committee.

APPLE-CHEESE SALAD MOLD

2 packages (3 oz. each) raspberry flavor gelatin
 1-3/4 cups boiling water
 2 cups ice cubes
 1 medium apple, chopped (about 1 cup)
 1/4 cup diced or sliced celery (optional)
 3/4 cup cold water
 1 package (8 oz.) cream cheese, softened
 Dissolve 1 package gelatin in 3/4 cup of the boiling water. Add ice cubes and stir constantly until gelatin begins to thicken, 3 to 5 minutes. Remove any unmelted ice. Add apples and celery and pour into 5-cup ring mold. Chill until set but not firm.
 Dissolve remaining gelatin in remaining boiling water; add cold water. Then blend gradually into cream cheese, stirring until smooth. Pour into mold over clear gelatin. Chill until firm, about 3 hours. Unmold. Serve with crisp salad greens and mayonnaise, and garnish with apple wedges, if desired. Makes about 4-1/2 cups or 8 or 9 servings.

Welcome Holidays With A Fruited Salad

Open house, family dinners, company evenings—it's a round of entertaining throughout the holiday season. Now is the time to simplify food preparation so that you can relax and enjoy occasions with everyone else. Begin with handy packages of convenient fruit flavor gelatin, the basis for sparkling gelatin salads that are effortless. Impressive, elegant looking and so easy to create, this Apple - Cheese Salad Mold has two shimmering layers of raspberry flavor gelatin. Chopped apple and diced celery are suspended in one layer of clear gelatin; softened cream cheese is blended into gelatin to make a bottom layer. Ser-

ved on crisp salad greens, the mingling of fruity flavors add just the right complement to holiday turkey. Lemon flavor gelatin is the basis for another two-layer ring mold that honors turkey. Cranberry - Apple Salad offers whole berry cranberry sauce, diced oranges and apple in fruit flavor gelatin layers. To make it even creamier tasting, thawed frozen whipped topping is blended into one of the fruit mixtures. So bring on the turkey. Relax and enjoy, knowing sparkling make-aheads salads are waiting to be enjoyed. *****

Arthritis Quackery Still Big Business

Arthritis has no known cure, as the 31 million Americans who suffer from it and related diseases are well aware. Just as aware of this are the inventors of quack devices and "miracle cures," says the Texas Medical Association.

For every dollar spent on arthritis research, \$25 is spent on useless nostrums, unapproved devices, unnecessary food supplements and arthritis diet books, according to Consumer Reports magazine. The total annual tab for arthritis quackery is estimated to be \$950 million.

One dangerous and powerful drug making a comeback as an unapproved arthritis treatment is Leifcort. This hormone compound was developed and promoted nearly 20 years ago by Dr. Robert Leifmann, who fled to Canada to avoid arrest for selling a purported baldness cure. He continued to sell Leifcort there until his death in 1972.

The U.S. Food and Drug Administration says a number of Leifmann's colleagues are back in business in the U.S. and operating as the Arthritis Medical Offices and in the Arthritis Medical Center. Leifcort—under new names like "Hormone Balance Treatment," "Balanced Hormone Treatment," "Holistic Balance Treatment," and "Rheumatril"—is being sold in clinics often set up in hotel rooms. The FDA says the combination of hormones in Leifcort poses a danger to health.

Another product that the FDA says has not been proven effective is a snake venom combination called Proven. Made from cobra and krait venom, Proven has been given to people with rheumatoid arthritis and multiple sclerosis. "Special" arthritis diets abound, but the Arthritis Foundation says what you eat neither causes nor cures the disease. Everything from cod liver oil, alfalfa, pokeberries and blackstrap molasses to a mixture of honey, vinegar, iodine and kelp have been sold for arthritis diets. In the 1960's, the FDA confiscated about 2,000 bottles of seawater to break up a nationwide swindle.

The best advice for arthritis victims is to be wary of products that offer "special" or "secret" formulas, promise quick or easy cures, or are promoted by case histories and testimonials.

Parents Attend Make And Take Workshop

Approximately 50 parents of kindergarten children and also preschool children attended the "Make and Take" Workshop on Tuesday evening sponsored by Muleshoe Independent School District.

The teachers presented a puppet show explaining to parents that kindergarten stresses teaching students in four different areas--visual discrimination, auditory discrimination, language, and motor skills.

After the puppet show, parents were divided into five different groups to make materials to take home to use with their own children to reinforce what they are learning in kindergarten.

The entire workshop emphasized that the schools and parents are partners in education and students benefit greatly from this relationship.

Members of the Future Homemakers Association of Muleshoe High School helped with the Workshop by babysitting with all the small children while their parents were busy.

Named Gaines County Agent

Kirk Lewis, Former Muleshoe graduate and son of Mr. and Mrs. Leon Lewis of Muleshoe was recently named as new assistant county extension agent for agriculture for Gaines County.

The appointment was made effective November 1, 1982 and was announced by Gaines County Judge Max Townsend and Billy C. Gunter, district director for the Texas Agriculture Extension Service.

Lewis will assist in extension education programs in agriculture and will work with Kyle Smith, Gaines County Extension Agent, in conducting 4-H and youth activities. He will replace Bill Kirkpatrick, who recently took a position with the Texas Brangus Breeders Association in College Station.

While a resident of Muleshoe, Lewis was active in FFA, 4-H, National Honor Society and FTA, as well as being Star Chapter Farmer and Lone Star Farmer while attending Muleshoe High. He was also a Houston Livestock Show Scholarship recipient and attended Texas A & M University. While at A&M, Lewis also received the College of Agriculture Scholarship and was active in the Saddle and Sirlin Club and worked at the college Beef Center.

Scott Calvert and Raul Lozano.

Those with eight points are Larry Ross; seven points: Donnie McDonald and Raymond Villalobos. With six points each are the following contestants: Carolyn Wiseman, James Byers, James Whitson, Jim Pope, Scott Murray and Francis Gilbreath.

Those contestants having four points each are Marilyn Engkeling, Barry Lewis, Gary Freeman, Danny Sanchez and Sue Bessire. Those with three points to their credit are Jerry Don Gonzales, Weldon Dennis and Sam Gonzales. Two pointers include D. Wade Cargile and J.E. McVicker and ending up the point earners is Harold Cowan with one point, which he gained from a four way tie for third place a week or so ago.

So, fans, its still open because a first place win by any of the 10 point holders, or eight or seven could vault them into first place; and, the two currently in the lead are definitely going to have to keep their wits to maintain the pace. (P.S. Doc, henceforth any extra curricular comments on your entry might result in disqualification. Just joking.)

There are approximately two to three more games or contests left, so everybody get your wits and watch those tie breaker scores, be sure to get your entry in on time and on the official blank. If you have any questions, please call us.

Second Quarterly Bingo Checks Go To 40 Counties, 28 D Cities

State Comptroller Bob Bullock Thursday sent checks totaling \$184,796 to the 40 Texas counties and 28 cities who have legalized charity bingo and levied the optional 2 percent local tax.

The quarterly allocation of bingo tax collected by the Comptroller and returned to the local governments was more than \$68,000 higher than the first quarterly allocation made in August. Since that first payment period, 15 more counties and eight more cities have levied the bingo tax.

"This money is going to work in the local communities who levied the tax," Bullock said. "The amount of tax we collect will continue to grow as more Texans petition to legalize charitable bingo and local governments realize this is a revenue source they can put to work."

Biggest check went to Nueces County where 40 Corpus Christi are organizations licensed to conduct bingo games by the Comptroller's Bingo Regulation

Division brought in taxes of \$19,890.

Biggest check to a city went to Mesquite, which received \$6,926 in revenue collected from six organizations conducting games in that city.

Cotton Grades, Mikes Higher

Higher grades and micronaire reading for 1982-crop High Plains seem to be the pattern, according to Mack Bennett Area Director Wesley Church.

Residents of areas where bingo has not been legalized will have four opportunities during the coming year to petition local governments for elections on the issue.

Sting Mules

The seventh grade Mules played their last game of the season November 4, 1982 in Tulia.

The first half was scoreless, but in the third quarter the Hornets made a touchdown on their own fumble, although the two point conversion failed.

The Mules offensive team tried to come back with an offensive surge but failed. The Mules later had to punt from their own territory. The Hornets blocked the punt and ran it in for a touchdown to make the score 12-0 Hornets, but the two point conversion failed.

The Mules tried to come back in the fourth quarter with a pass play from Andy Olivarez to Eddie Salinas which nearly resulted in a touchdown.

The Hornets later intercepted the ball with time running out. The Mules defense played tough all evening, but the Hornets barely got around the end for a touchdown, which made the score 18-0, and the two point conversion failed.

The Mules played tough against the undefeated Tulia team. The seventh grade Mule would like to thank the M.J.H.S. cheerleaders for their support all year and the coaching staff for a great football season. Also we would like to thank the spectators.

or for USDA's Marketing Services Office at Lubbock. White grades accounted for about 27 percent of this season's samples during the first three weeks and against less than one-half of one percent during the comparable time period last year.

Micronaire has averaged 37 compared with 34 during early harvesting last year.

Northern and western High Plains Counties had below freezing temperature around October 20 and again November 3. General harvesting in those counties should begin this week, Bennett said.

The Lubbock Marketing Service Office classed 28,500 samples during the week ended November 4 for a season's total of 41,500. This compares with almost 24,000 classed by the same date last year.

Predominant grades during the week were grade 41 at 15 percent. About seven percent was reduced one grade because of bark and six percent for grass.

Predominant staples were staple 30 at 31 percent, staple 31 was 37 percent and staple 32 amounted to 15 percent for an average of 30.7 thirty-seconds of an inch.

Micronaire 35 - 49 amounted to 75 percent, 33-34 was eight percent, 30-32 accounted for nine percent

LOOK UP AND LIVE!!

Cotton harvest is here and the Co-op urges extreme caution when operating farm equipment near electric lines.

In recent years, many incidents have involved cotton module builders. The extended portion of the cotton module builder can easily come into contact with overhead electric lines if the operator is not careful. The same problem exists with overhead baskets on cotton strippers.

We urge farmers and their employees to be alert to these potential hazards and take every possible precaution to avoid serious injury or death. When moving a module builder, be sure the packer arm is lowered as far as it will go. When using a stripper with an overhead basket, be sure to check for overhead lines before dumping.

Lower packer arm as far as it will go before moving module builder.

We have had lines torn down with cotton harvesting equipment this year. Also, some incidents have resulted in injury to the operators; but, fortunately, no fatalities so far.

If some piece of equipment does contact these 7200 volt overhead lines, it's important that you or the operator not try to simply back away. The line could break, or if it's already broken, it could tangle in the equipment and break again, compounding the problem and increasing the danger.

Jump clear of the machine, being sure not to touch the ground and the machine at the same time. Move quickly away at a right angle to the power line. Then Call Bailey County Electric Cooperative at (Area Code 806) 272-4504 whether the line is broken or not.
