Eagles District Play Starts Tonight

With Imperial Here at 7:30

The Sterling City Eagles open conference play here tonight with a game on the local field at 7:30 with the Buena Vista school of Imperial. The Eagles have already played and beaten the Longhorns in pre-conference play on October 9 there.

Coach Dillard's Eagles have won all seven of their pre-conference games this season. Imperial perhaps gave the Eagles the most trouble in pre-conference play.

Next Friday, November 13, the Sterling boys play Forsan here in Sterling City's homecoming game. On the night of November 20 the locals go to Garden City for what is presumed to be the crucial game of the conference season. The Garden City Bearkats have a large seasoned team this year and is the team the Eagles will have to worry about. However, Imperial tonight, will not be a pushover. They're good, big and determined—the "fighting Longhorns—that is."

Let's have a large crowd of fans out tonight for a good game—and root the Eagles to victory.

Group to Library Meet

High School Library Represented at District Convention

Three members of the Library Club, Louise Alexander, president, Ronnie Kilpatrick, reporter, Diana Cole, Mrs. Frank Milligan, school librarian and club sponsor, and Mrs. Alvie Cole attended the District Convention of the Texas Association of Library Assistants at Abilene High School on Saturday, October 31.

The music department of the host school presented a varied and entertaining program. Following the musical numbers the convention members heard two excellent book talks. After these they attended various workshops that were very helpful and informative. Luncheon was served in the high school cafeteria.

Following the luncheon the guest speaker, Fred Gipson, author of Old Yeller, Savage Sam, Hound Dog Man, Recollection Creek, and others, gave an interesting talk to the group about the methods he has used in his writing. He was born of pioneer parents in the vicinity of Mason where his grandparents were among the earliest settlers. He told of his experiences as a child, of seeing an Indian riding a horse at full speed and kill a steer with a bow and arrow and other recollections of by-gone days. It was interesting to know that his stories contain many facts from the experiences of his grandparents, his parents, and himself.

The Sterling City group now realizes more fully that a writer must be one who sees much first, and then learns how to express what he has been aware of in a way that his experiences are of interest to others.

BUY NOW!

Does your bumper feel bare now that the elections are over? Don't let it! Buy a bumper sticker from any junior class member. The stickers cost only 35c and bear the name and emblem of the Sterling City Eagles. Buy today and support your teams.

McDonalds Chosen as FHA Family

The Future Homemakers of America selected the Chesley McDonalds as their FHA Family for 1964-65. They were chosen because of their tremendous contributions to FHA and their family compatibility.

AROUND THE COUNTY by

ARTHUR BARLEMANN, JR. COUNTY AGENT

The number of screwworm cases in Texas climbed during the last week. For the period ending October 29, the last reporting period, there were 22 cases in 19 counties. In addition to the cases in Texas, there were 11 cases in Arizona and one in New Mexico.

Majority of the cases in Texas were in the southern part of the state south and west of San Antonio. However, one case was found in McCullough County. This, along with cases in Schleicher and Pecos Counties was the only case outside of South Texas.

The cases found in the other counties reminds all that it is possible to find screwworms in this area. In the time before cold weather, all producers should be especially watchful. Livestock should be checked and all suspected samples sent to the laboratory. One undetected case at this time of the year could bring trouble now or next spring.

To date, sixteen samples have been sent in from Sterling County. All sixteen were identified as non-screwworm. The latest case sent in was mailed in by Dusty Dillard.

The pressurized cans so popular now as containers for everything from shaving soap to whipped cream are potential killers. They are bombs in disguise and are just as dangerous. Serious injuries and some deaths have resulted from the explosion of the pressurized cans.

The greatest danger involved is from heat. Cans placed in the incinerator or trash burner though completely out of paint, hair spray, or insecticides, will explode with great force. There have been several reports recently in the newspapers of people being killed by the flying metal from the exploding cans.

The winter months are particularly dangerous. Any heat above 100 degrees creates a hazard. Cans setting too near heaters or on stoves during the winter are dangerous. Sunlight has been known to explode them.

The safest method of disposal is burying. At the present time this is about the safest method here. Areas that have garbage pickup such as the cities dispose of the most of the unburnable garbage in this way. Another warning: Don't pick a hole in the can, either.

The Concho Hereford Association bull sale will be held next Tuesday, November 10, at 1:00 p.m. at the stock show grounds in San Angelo. Sixty-

PTA HALLOWEEN CARNIVAL HELD

NELWYN KING AND MIKE ARP KING AND QUEEN

Mike Arp and Nelwyn King seniors, were crowned King and Queen of Halloween at the annual PTA Halloween Carnival here last Friday night. Lord and Lady were Frank Price and Nona Gay Blair of the eighth grade.

Following the early festivities of the supper, booths and general merriment, the crowning of the king and queen took place in the gym. Then the pageant titled "Circle of the Year" was presented by the elementary grade students. The months were pictured with appropriate scenes and actions by the students. Mrs. Lynn Glass announced the numbers. Mrs. George White led the group singing and also sang a solo.

\$740 was taken in at the carnival, said Mrs. Joe Blank, projects chairman of the PTA. Mrs. Dayton Barrett and Mrs. C. L. King wrote the pageant. Money cleared after expenses will be used by the organization for their local projects.

The C. L. Kings went to College Station last weekend to visit with their son, C. L., Jr.

Nine bulls will be offered in the sale. Breeders of the bulls are from Tom Green, Concho, Schleicher, Crockett, Runnels, and surrounding counties.

The coming deer season promises the best hunting in years, according to the experts. To help the hunter and the homemaker who has to cook the results of the hunting trip, the Extension Service is making available copies of two publications.

One of these, FIELD DRESSING A DEER, is brand new. It will be a help to the person who has not dressed a deer before. It tells him how to dress his deer and shows how with a number of illustrations. The other publication, WILD GAME CARE AND COOKING, has been available for several years. It contains a number of recipes for cooking and serving venison. It also includes recipes for cooking and serving antelope, elk, rabbit, squirrel, all types of game birds, and directions for freezing wild game. Recipes for preparing possum and coon are also included.

The publications are available free of charge in any county agent's office.

Sterling County Votes Democratic

Johnson Wins 243 to 140

District Governor Visits Lions Club

Everett B. Grindstaff, Jr. of Ballinger, district governor of Lions International, visited the Sterling City club at the luncheon Wednesday and at program talked on "The Importance of Assuming Personal Responsibility." Following the luncheon, Governor Grindstaff met with the local directors for a short meeting. Deputy District Governor George Koncheloe of Stanton was also a guest at the meeting.

Congressman O. C. Fisher To Address Club November 18

Congressman O. C. Fisher will talk to the club at the meeting on November 18, it was announced. The Congressman is home during the recess of Congress and is trying to get around over his district for appearances.

No Meeting November 11

Due to the November 11 holiday here, there will be no luncheon meeting on Wednesday, November 11. That will be one of the usual holidays taken by the merchants here in Sterling City.

The club voted to have the Turner's Drive-In Grocery sell the remainder of the Trick or Treat bags of candy. The bags have 145 pieces of candy in them and sell for \$1. The club has 50 fruit cakes now for sale, which they plan to sell for the approaching holiday season.

Gideon Speaker at the Baptist Church Sunday

Ted Phillips of Big Spring, member of the Gideon Bible organization, will speak at the Sunday morning service of the First Baptist Church. The local pastor, the Rev. Sherman Conner, said Phillips would also speak at the Mission Church.

NAMED TEACHER OF THE YEAR AT BIG SPRING

Mrs. Rogers Hefley of Big Spring has been named Teacher of the Year in the Big Spring schools. Mrs. Hefley, who formerly lived here, was a primary teacher here and her last year to teach here was 1937.

TO THE VOTERS OF PRECINCT 1:

I wish to express my sincere appreciation for the support and influence in the election. The facilities of this office will be at your convenience at all times, and with your help we can make it a servant of our community.

Sincerely yours,
TOM ASBILL

Sterling County voters went to the polls here Tuesday and voted the Democrats into office from the president on down. No local or district races were contested—the Democrats had no opponents. In a write-in campaign for the Justice of the Peace, Precinct 1 spot Tom Asbill got 149 votes, Clell Ainsworth received 83, Darrell Garrett 1, and Jake Sparks 5. No names had been printed on the ballot, and the winner will serve out the unexpired term of the late A. W. Dearen.

The county went as the state did in the races. Lyndon Johnson got 243 votes for the presidency to 140 for Barry Goldwater. For U.S. Senator, Ralph Yarborough got 204 to 174 for his Republican opponent Bush.

For Congressman at-large Joe Pool got 275 votes to 101 for Bill Hayes. Governor John Connally received 299 votes to 77 for Republican Crichton. Congressman O. C. Fisher polled 329 votes to 61 for Dr. Harry Claypool.

For Lieutenant Governor, Preston Smith was given 291 votes to 76 for Houston. Attorney General Waggoner Carr polled 31 votes to 70 for Trice.

Agriculture Commissioner John White received 287 votes and his opponent, John B. Armstrong got 85. Jerry Sadler got 290 votes for Land commissioner to 86 for Matthews. For comptroller, Robert Calvert got 300 votes to 70 for Calmes. Jesse James got 300 to 70 for his opponent Neumann.

Jim Langdon for railroad commissioner got 306 votes to 76 for Kenerly.

The Constitution Party candidates just didn't get votes, except in two races when one vote got over in that column. On the three amendments, the number one proposition received 136 votes for and 134 against. Number two on the conservation and water districts, got 99 for approval and 163 against. On the medical care amendment 161 voted for and 115 against.

Locally, without opponents, Jim Cantrell was elected as sheriff, tax-assessor and collector; Worth B. Durham as county attorney and Horace Donalson as county commissioner of Prec. 1.

Also elected without opposition was District Judge Joe L. Mays, Frank C. Dickey as district attorney, Dorsey B. Hardeman as state senator and Ed. J. Carpenter as state representative.

Mrs. Jessie Sparkman
James Ross
Mrs. Patsy Morales and infant daughter

School Holidays

O. T. Jones, local school superintendent, announced this week that the school Thanksgiving holidays will be on Thursday and Friday, November 26 and 27.

The Christmas holidays will be as follows: They begin at the close of school on Tuesday, December 22 and classes will be resumed on Monday, January 4 at 8:30 a.m.

In case of fire dial 8-4771.

Pictured above is architect Frank Dill's rendering of the Douglas MacArthur Academy of Freedom in Brownwood, Texas. The Academy, currently under construction on the old Daniel Baker campus in Brownwood, represents a major program of study within the division of Social Sciences at Howard Payne College. It is the only educational institution to which the late general lent his name.

District Court Held Here This Week

The 51st District Court fall term opened here Monday morning with Judge Joe Mays presiding. Jurors had been summoned but were not used—because district attorney Frank Dickey, Jr. announced that the state was not ready in many cases and the two cases that were tried were on pleas of guilty entered before the judge—the parties waived a jury trial.

Several jurors were late or absent and Judge Mays entered \$1 fines against them—but all had plausible reasons and the fines not assessed.

District Attorney Dickey announced that the state was not ready in the cases of State of Texas vs. James Edward Hall, Jerry Fountain, a body, observing the court Leroy Butler, Salino Ramon,

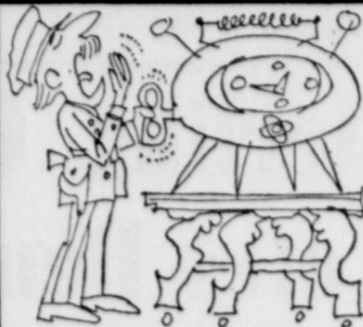

and George Spencer Jackson. Raymond Clyde Mann and Raymond C. Chancellor were fined \$200 and costs by Judge Mays on charges of driving while intoxicated, with previous offenses. In a civil action, the judge entered an agreed judgment of \$750.00 for Joe McDaniel, Jr. against the Transport Insurance Co. Highway Patrolman Dale Bryce, now of Greenville, testified in the DWI cases against Mann and Chancellor. Mann had four previous convictions in Lubbock County.

George White, high school civics teacher, had his class of students in the courtroom in Hall, Jerry Fountain, a body, observing the court procedure.

SCIENCE SKETCHES

CLAM JUICE may someday help in the cure and control of polio, flu and cancer. The U.S. Public Health Service reports that a substance called "paolin" in the juices of bivalves is effective in reducing death rates in mice infected with those diseases.

AN ATOMIC CLOCK, the simplest and most compact yet developed, is in operation at Columbia University. It consists of a light source that illuminates "rubidium vapor," causing emission of microwave energy to precisely measure time and distance.

ELECTRONIC 'TOASTING' of plywood and other laminate products insures a superior bond. The materials are placed between electrodes, as bread is placed between the grids of a toaster, and heated by Thermex dielectric heating units made by Votator, Louisville. Heat is distributed to all parts of the material simultaneously, eliminating the possibility of scorching the surface before the center is heated.

Civil Service Opportunities

NEW EXAMINATIONS

A new examination for Food and Drug Officer has been announced by the U. S. Civil Service Commission for filling positions paying from \$7,030 to \$15,665 a year in the Food and Drug Administration in Washington, D. C. metropolitan area.

Persons appointed to these positions will perform professional work requiring scientific knowledge in connection with the overall enforcement of food, drug, cosmetic laws, orders, and regulations.

No written test is required. To qualify, applicants must have had appropriate education, or a combination of education and pertinent experience. The experience may have been acquired in food, drug, and related law enforcement work or in a business or industry that is subject to regulation by food, drug, or related laws.

Applications for these positions will be accepted until further notice and must be filed with the Board of U. S. Civil Service Examiners, Food and Drug Administration, Washington, D. C. 20204. Full details are given in Announcement No. 334-B.

The U. S. Civil Service Commission today announced a new examination for filling research and non-research positions in all branches of engineering in the Washington, D. C. area. In addition, positions in certain branches of engineering will be filled throughout the United States. The salaries for these positions range from \$5,650 to \$15,665.

This new examination incorporates revised qualifications standards and replaces previous examinations. Persons who have not yet been appointed from earlier examinations must pass this new one if they are still interested in being considered for these positions.

To qualify for non-research positions, applicants must have an engineering degree or an equivalent combination of appropriate college work and professional experience. For positions involving highly technical research, development, or similar functions a bachelor's degree in engineering is a requirement. Additional professional experience and/or education are required for the higher grade levels.

Full details concerning the requirements to be met as well as instructions on how to apply are given in Announcement No. 332-B.

Announcements and appropriate application forms may be obtained from many post offices throughout the country or from the U. S. Civil Service Commission, Washington, D. C. 20415.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All decisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association. TEXAS SHEEP & GOAT RAISERS ASSOCIATION

PATTERNS FOR PROGRESS

Does your Community Development

Program include these basic steps?

Recent WTU advertising has outlined some of the basic community development elements which are widely considered essential in community growth. They are summarized here again to give communities an opportunity to check their local development plans.

- ... *The Community Survey*, an inventory of both favorable and unfavorable community resources and growth factors.
 - ... *Community Survey Analysis*, where growth factors are continually being assessed and evaluated.
 - ... *The Industrial Foundation*, which provides community-wide financing for the land, brick and mortar required for new industry.
 - ... *Community Leadership*, the organized energy, effort and manpower essential for sound economic growth and development.
- WTU Area Representatives will provide growth-conscious communities with information about these elements or about a complete development program. Request this service through your local WTU manager.

FIRE DEPARTMENT TO ELECT OFFICERS

On November 9, 1964
 The Sterling Volunteer Fire Department will hold the regular business meeting on Monday, November 9 and election of officers will be the main order of business.

More interest in the department must be shown by members so the state will continue to recognize the group as an effective fire fighting department.

Plan now to attend the business meeting on November 9.

Social Security

Will your social security monthly retirement check be \$100 or \$120? If your wife claims her payments when she's 62, will they increase when she reaches 65? These are some of the questions you might like to have answered before you retire. Floyd B. Ellington, District Manager of the office in San Angelo said it's a good idea to visit their office about three months before that date. There is an advantage of your applying well ahead of time. Most applications go through without any trouble, but every once in a while someone has trouble proving his age or providing some other form of needed evidence. When that happens everything grinds to a stop until a satisfactory age or birth record or other proof is supplied. If you wait until you retire to make your claim, and you don't have the records you need, your first check may be delayed. If you don't need your social security right away, it won't matter, but most folks count on that first check as part of their post-retirement budget.

When you visit the social security office three months before retirement, there are some records you'll need to take. The best way to find out what you should take is

to phone ahead. In addition to a record of your age, you may need to taken your last withholding tax statement. If your wife is 62 and wants to apply for benefits also, she'll need a record of her age. If you call the social security office before you pay the pre-retirement visit, they can tell you exactly what you'll need. If there's some record you don't have, they can usually help you get it. Helping people with retirement claims is their business. For example, they know the best, and quickest way to get a record of your age.

Some people delay a trip to the social security office because they think a social security claim will be a lot of trouble. It isn't an automatic thing, but highly trained people will do everything to help you. There are three things to remember. First, plan ahead for your retirement. Second, call the social security office. Find out what to take with you, and the best time to go. Third don't wait until after you retire to make your social security claim. The San Angelo office is located at 3000 W. Harris, phone 949-4608.

Floyd B. Ellington, district manager of social security in San Angelo, issued a reminder today to all persons who are receiving social security benefits that they must notify the Social Security Administration whenever something happens that might affect the payment of their benefits. Some of the events which must be reported are:

1. Earnings from all types of work if the beneficiary is under age 72 and expects to earn more than \$1200 during the year.
 2. Death of a beneficiary.
 3. Change in marital status—unless the beneficiary is receiving payments as a retired worker.
 4. Change of custody of a child or other person for whom you are receiving benefits.
 5. Change in address.
- "Social security beneficiaries received a list of these and other events that must be reported with this check earlier this year," Ellington said. "If they do not have this list, they may pick up another at the social security office. In fact, anyone who has a question about social security

Daughter To Mr. and Mrs. Alvah McCutchen

A daughter, named Julie Laverne, was born to Mr. and Mrs. Alvah McCutchen at 1:50 a.m. Thursday—in the Sterling County Hospital. The baby weighed seven pounds and eight ounces.

"Papa" Alvah is employed by the State Highway Department here. Grandparents are Mr. and Mrs. Alvin T. McCutchen and Mr. and Mrs. George Stephens, all of Abilene.

Tea Honors Mrs. George McEntire, Jr.

Midland—Mrs. Jack B. Wilkinson of Midland and her mother, Mrs. George McEntire, Sr. of Sterling City honored Mrs. George McEntire, Jr. at a harvest tea Wednesday afternoon of last week in Midland Country Club.

Mr. and Mrs. McEntire Jr. were married recently and will make their home in San Angelo.

The serving table was laid with a bronze cloth and centered with a large oak tree, surrounded by a grouping of chrysanthemums, pumpkins and corn. Table appointments were copper and brass.

Members of the house party were Mrs. Roy Foster, Mrs. Fowler McEntire and Mrs. Larry Glass, all of Sterling City, and Mrs. Frank Cowden, Jr., Mrs. Stanley Erskine, Mrs. Ben Black, Mrs. Essie Stafford, Mrs. William Erskine and Mrs. Tom Metcalfe.

The guest list included some 325 friends of the honoree and the hostess.

Background organ music was provided by Norman Gray.

The Tom Asbills went to Abilene last Saturday for the McMurry College homecoming-football game with Tarleton State. Their son, Vernon, is a student at McMurry.

The Julius Bades have sold the Col-Tex Truck Stop cafe to Jodie Blaneck. The place is being repainted and remodelled at present.

SCIENCE SKETCHES

GLASS is the ideal material for underwater vehicles because of its compressive strength, say researchers at Pennsylvania State University. They're using a "Pyroceram glass-ceramic" for the hull of "Benthos," a torpedo-shaped oceanographic craft intended to submerge six miles into the sea. The equipment-carrying device is eight feet long and one foot in diameter and its special glass actually gains strength when compressed so that the deeper it drops, the stronger it gets.

A VEST POCKET "scarf," a machine used to burn away impurities on raw steel ingots, has been developed by National Cylinder Gas, Chicago. The smaller-than-conventional equipment burns oxygen and natural gas to slice away impurities like a super-sharp knife.

EARLY MARRIAGE is a more important factor in our exploding population than large families, according to a Cornell University study. To reduce population expansion, teen marriages should be postponed because the younger the mothers are, the earlier their children will have offspring of their own.
