AROUND
THE
COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

It seems that many people picking up their pecans now are finding varying amounts of damage to the nuts by the pecan weevil. Some are finding high losses to the weevil while others are finding very little loss. Also, some trees are hurt worse by the weevil than others.

The pecan weevil is a late season pest here and usually the first indication that he is present is when the nuts are gathered in the fall. The weevil makes his first appearance beginning in late August or early September. After the shells have hardened, the female chews a hole in the shell and deposits the eggs in the nut. The small white grubs feed on the nuts after hatching inside the nut. When they reach maturity, they are about three-fifths inch long. At this time they cut the hole in the shell which is the usual indication of weevil damage to the nut. They then drop to the ground, burrow into the soil to a depth of from four to 12 inches and spend the winter in the cell they construct in the ground. Some will make the transformation from larva to pupa the next year, others will skip the first year and emerge the second year. This life cycle takes from two to three years.

Some trees are hit worse than others since the weevil does not move very far during its cycle. Control measures presently are limited to spraying with DDT in August or September when the first signs of the pest are found. The pecan station at Brownwood and entomologists at other points have been working with some other insecticides which show great promise.

Tony Allen has been appointed census enumerator in Sterling County. He will begin work on the Agricultural Census in the next week or ten days.

The Census of Agriculture is taken every five years in the years ending in 4 and 9. It provides information of vital importance about the nation's agricultural picture. This information provides the best guide to changes in the national, state and county situation.

Census questionnaires have been mailed to all rural boxholders. Operators have a period of time to fill out the forms to the best of their

ability. Then, the enumerator, such as Tony, will visit each ranch or farm. He will help the operator finish filling out the questionnaire and answering the questions there may have been some doubt about.

Miss Juanita Camfield of San Angelo is the crew leader with several counties under her jurisdiction. All the enumerators are local persons; they are appointed by the crew leader after taking the test and work under the leader's supervision. One enumerator to three hundred units in a county is the normal ratio.

Livestock Show Set for January 25

The Sterling County Livestock Association met Monday night and set the date for the Sterling County Livestock Show—January 25, 1965. Confirmation of the judges is yet pending. Larry Glass will be superintendent and Melvin Foster assistant.

New officers of the association for the 1964-65 year are Bill Bynum, president; Bubba Foster, vice-president; and Jim Bob Clark, treasurer.

Worth Durham and Kenneth White were selected as sales clerks, with Riley King as auctioneer. The classes are to remain the same as in the past. The order of judging for the 1965 show has been revised, with the finewool classes being judged first, followed by the crossbred classes and then the breeding sheep classes.

The association is charged with financing the show, which most likely will be the largest show held in Sterling to date.

Trophies, donated by individuals, are to be solicited, with priority going to last year's donors. The Sheep and Goat Raisers Medallion will be awarded to the champion crossbred lamb in 1965, as it was awarded to the exhibitor of the champion finewool lamb at the 1964 show. The other medallion will be awarded to the exhibitor of one of the champions in the breeding sheep classes as determined on the merit of each animal by the judge.

YEAH, EAGLES!
BEAT GARDEN CITY

Tony Allen to Take Agriculture Census

Tony Allen has been named as enumerator of the agricultural census for Sterling area. Miss Juanita Camfield of the census setup made the announcement this week.

Tony will be one of 23,000 enumerators over the nation. The workers will locate every farm within his district and help the farmer or rancher fill out or complete his form and then mail it into the Census Bureau.

Tony will receive four days of training before he begins work. It is a home study course type of training.

A census of agriculture is taken every five years in the years ending in 4 and 9 to gather needed, up-to-date information on the nation's agricultural resources and production. Such information is vital in making decisions affecting many segments of the U.S. economy. Data gathered include the number and size of farms, acreage and harvest of crops, livestock, inventory, information of farm equipment and improvements, farm products sold, and on some production expenditures. Information also will be collected on use of fertilizers, insecticides, and herbicides.

FFA Boys to Contest at Eldorado

The Sterling City FFA Chapter went by bus to Eldorado to participate in the district FFA leadership contests on Wednesday of last week.

There were five other schools present with a total of around 200 boys participating in the six different events of the contest. The winning team in each of the different events will represent the district in the area contest to be held in Big Spring on Saturday, November 21. The winners of the area contest will in turn represent the area in the state contest at a later date.

The Sterling City FFA won the Senior Chapter conducting contest. This team consisted of David Foster, president; Jack Clark, reporter; Dusty Dillard, vice-president; James Morgan, treasurer; Mike Foster, sentinel; and Larry Stewart, secretary.

The Junior Chapter conducting team placed fifth. Team members were Mike Payne, Phil Cole, Gary Foster, Ronnie Lawson, Carl Crowder and Corwin Collins. John Cooney had been on the team but was unable to attend after suffering a broken leg.

Using the subject "The Care and Selection of Electric Motors", the Senior Farm Skills team placed sixth. The team members were Bill Foster, Wayne Smith, Bill Allen and David Foster.

Bobby Westbrook, John Copeland and Jimmie Cole were the team members on Radio Broadcasting which placed third. The program was on Range Management.

The FFA Quiz team placed fifth. The team members were Mike Payne, Phil Cole, Gary Foster and Ronnie Lawson.

TSGRA Directors Met Wednesday Night

The directors of District 2 of the Texas Sheep and Goat Raisers met at Big Lake on Wednesday evening of this week. Worth Durham, chairman of the district's group of directors, presided.

Also attending from here Mrs. Durham, Mr. and Mrs. Larry Glass, Mr. and Mrs. Clyde Reynolds, Mr. and Mrs. Fowler McEntire, Bill Cole, Neal J. Reed, Nick Reed, Riley King and Gene Alley.

Next year's meeting of the group will be held in Sterling City, said Durham.

Guest speaker at the Big Lake meeting was Congressman O. C. Fisher.

GOOD RAINS HERE

Good rains fell here both Monday and Tuesday night. About one half inch fell in town Monday night and an inch and one-half fell Tuesday night. The North Concho River got on a rise and the draws and creeks ran in parts of the county.

Coming now before the first killing frost, the moisture is sure to help winter weeds and grass. The pastures were green from the earlier fall rains and the boost at this time surely will help ranges.

Before the rains quit Wednesday night, more than two inches had fallen over all the county with two and one half inches being about average.

A cold spell came in Thursday morning early and cleared up the skies. A frost followed.

POLLYANNA TO SHOW AT SCHOOL NOV. 24

The show "Pollyanna" will be shown at the school auditorium on Tuesday, November 24 at 12:55 p.m. Admission prices will be 25c for adults and students of high school and junior high, and 15c for grades 1-5. Everybody in the school and town is invited.

Money raised will be used by Mrs. Ray Lane and Mrs. Betty Jones for their Latin-American students Christmas party. A Thanksgiving dinner is being served in the cafeteria on the 24th and patrons can eat in the lunchroom and then see the show, it was said.

Starring in the show will be Hayley Mills, Jane Wyman, Richard Egan, Karl Malden, Nancy Olson, Adolphe Menjou, Donald Crisp, Agnes Moorehead, and Kevin Corcoran. It is a Walt Disney film.

HUMOR Secrets

By STEVE ALLEN
Host of
"I'VE GOT A SECRET"
Monday nights, CBS-TV

I have no idea why, but certain words always sound to me like double-talk. Bryn Mawr, for instance. And Croyden. And tantamount. And crevice. And storm drain. And plethora. There is a plethora of crevices in the Bryn Mawr storm drain at the Croyden, which is tantamount to the hyperbole in Llewellyn's redundant memorandum on the Waldorf debacle.

Have you ever thought, hearing a conversation between two foreigners, that they spoke more rapidly than we do? Well, you were wrong. The reason this misconception is popular is that we hear our own language in words and sentences, while a foreign language falls on our ears in the forms of separate syllables or sounds.

The more I think of the lyric that goes, "I May Be Wrong, But I Think You're Wonderful," the more it sounds like an awfully backhanded compliment.

Much of the mischief and nonsense in current politics are traceable, not to malice but, to a clumsy use of labels. And even when labels are used correctly, they tell very little about a man.

I do not think we can even begin to think of calling ourselves a civilized people so long as many of our large hotels and office buildings have no thirteenth floor.

People love to criticize currently popular songs like "Beans in My Ears" and "Drag City," but they should remember that every age has its nonsense lyrics. "Diga Diga Doo" and "Meet Miss Mumbo Jumbo Jij-ji-boo J. O'Shea" weren't exactly the preamble to the Constitution.

Every time my car is washed, I have the illusion it runs smoother and faster.

Eagles Win Over Forsan 50 to 0

Congressman Fisher Talks to Lions Club

Congressman O. C. Fisher spoke to the Lions club at the noon luncheon Wednesday in the community center. The legislator said that the federal government was getting mighty big—so big that everybody is getting embroiled in it in some way or the other. He expressed concern that the federal debt is growing each year. Fisher said the Supreme Court was upsetting the founding fathers concepts of government—with their decisions affecting the districts of individual state's districts, rather than the time-honored way.

Guests present at the meeting included O. B. Fields of San Angelo, Don Evans, Nick Reed, Roy Huckaby, Worth Durham, Webb Hudson, O.T. Jones, Bill J. Cole, Aaron Clark and Mrs. Marshall Blair. The club voted to put up the Christmas lights over the town this holiday season.

Noratadata Club Has Citizenship Program

Mrs. Leroy Butler was the hostess when members of the Noratadata Club met at the community center last week. She served a dinner plate.

The program was titled—"Keys to Good Citizenship." Mrs. Dayton Barrett gave What Constitutes a Good Citizen. Mrs. Joe Emery gave—Oh, Say, Can You Vote?

Present were Mrs. Barrett, Mrs. W. R. Brooks, Mrs. Nan Davis, Mrs. Worth Durham, Mrs. Emery, Mrs. Forrest Foster, Mrs. Robert Foster, Mrs. D. Kirk Hopkins, Mrs. Stanley Horwood, Mrs. Foster S. Price, Mrs. I. W. Terry, Mrs. Finis Westbrook, Mrs. Hubert Williams and Mrs. Bill J. Cole, members and two guests, Mrs. Charles Allen and Mrs. Virgie Garrett.

Bridge was played and Mrs. Hopkins made high score, Horwood low and Mrs. Robert Foster, binged.

ARM BROKEN

Marvin Foster got a broken arm in a horse accident at the ranch last Sunday afternoon. He got the arm set and put in a cast at a San Angelo hospital. He returned home on Monday afternoon.

50 Present at Family Night at Methodist Church

Fifty persons were present at the family night affair at the Methodist Church last Sunday night. A covered dish supper was held first, followed by an official board meeting and the Methodist Youth Fellowship met for a film and discussion. The film was "Pressure". The youth group also practiced Christmas carols during their meeting.

Union Thanksgiving Service Sunday Night

There will be a Union Thanksgiving Service at the Methodist Church here Sunday evening. The Rev. Sherman Conner, Baptist minister, will preach the sermon.

The junior choir of the host church will sing for the service. Presbyterian minister, Hubert Travis, will read the scripture reading. Methodist pastor Leo Ross, will give the announcements. Stanley Horwood will lead the singing and Mrs. I. W. Terry will be at the organ.

The offering will be put in the Alliance fund and used for indigents needing help as the sheriff's department sees fit. This is customary—the \$55 offering last year was turned over to this fund.

Play Garden City There Tonight at 7:30

The Sterling City Eagles blanked the Forsan Buffaloes 50 to 0 here last Friday in a conference game. The game was the second conference win (and the 9th straight) for the locals this season. The Eagles go to Garden City tonight for the conference title game. The winner of tonight's game will be district winner.

Garden City has not lost a conference game, but did tie Imperial there last Friday.

Early in last Friday night's first quarter, Wayland Foster, soph back for the Eagles, scampered around eight yards to chalk up the first counter of the game. His brother, Bill Foster (senior), converted for the two extra points. A few minutes later Wayland repeated with a 12 yard run and Mike Arp picked up the two extra points.

In the second quarter, Mike Arp picked up a T.D. on a run for the locals and in the third quarter, quarterback Speedy Sparks passed to Barry Todd Churchill for another 6. Arp got the two extra points.

In the fourth quarter, Sparks on a keeper, plowed five yards for a counter and then passed to Churchill for the two extra points. A short time later Churchill intercepted a Forsan pass for 6 points. Before the game ended—a play that fooled everybody—including the officials—Mike Foster went left with the ball and all 15 other players on the field went right. Mike racked up 6 on that fake.

The Eagles came up with 13 first downs—while Forsan garnered six—which they got in the final quarter.

Football Sweetheart and Hero Crowned

During halftime activities, Bitsy Durham, daughter of Mr. and Mrs. Worth Durham, was crowned football sweetheart by the football hero, Bill Foster, a son of Mr. and Mrs. William Foster.

The boys of the squad pick the sweetheart and the pep squad girls choose the hero.

SCHOOL LUNCH ROOM MENUS

MONDAY, NOVEMBER 23

Boiled Weiners with Mustard
Pinto Beans
Buttered Spinach
Spoon Tomato Salad
Cornbread
Cookies

TUESDAY, NOVEMBER 24

(Thanksgiving Dinner)

Rolls
Brownies with Pecans

WEDNESDAY, NOV. 25

(Open due to holidays)

Mrs. Butler's Sister Dead

Mrs. Myra Nixon, of near Houston, died there last Sunday. She was the sister of Mrs. E. B. Butler of Sterling City and the mother of Jay Nixon, who formerly worked here in the Butler Drug.

Lumber Yard Closed

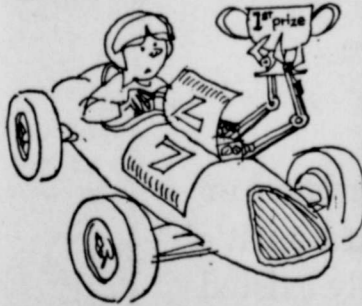

Frank Jackson announced this week that the lumber yard had been closed. Also that he was no longer with the lumber yard at Junction. He announced no plans for his future.

THANKSGIVING HOLIDAYS

Next Thursday, November 26, will be observed as a holiday here—Thanksgiving.

The school will be closed 2 days, both Thursday and Friday. Businesses will be closed Thursday only.

SCIENCE SKETCHES

A PATENT for a unique device that makes continual adjustments on engines to optimize power output has been granted to a Pennsylvania State University professor. The electronically controlled gadget helps the engine select its own best settings.

PEP PILLS (amphetamines) impair judgment, reports the Harvard Medical School. A study of 78 male students, who took a calculus test after being given the pills, showed that they overestimated to a significant degree the number of problems they had solved correctly although the drug had no effect on their ability to solve the problems.

PLASTIC traffic markings are simplifying municipal maintenance problems. Flexible, reflectorized vinyl plastic strips, arrows, letters and numerals coated on one side with a pressure-sensitive adhesive are easy to apply to paved surfaces to replace conventional painted traffic markings, reports J. W. Neff Laboratories, Stockertown, Pa.

SCIENCE SKETCHES

THAT ACHING BACK may run in the family. In one Columbus, Ohio family, reports Ohio State University, the father and 11 of his 12 children suffer from similar backaches. Some people inherit a structurally weak back and are warned to go easy when puttering around the house. Treatment is time-consuming and not always successful.

RUNNING even a medium-sized steel plant is an expensive proposition. These figures are given by the American Iron and Steel Institute for one month's operation: electricity: \$260,000; gas: \$249,000; water: \$45,000; telephone: \$4,400; fuel oil: \$64,000; steam: \$55,000; compressed air: \$13,000; oxygen: \$60,000.

OXYGEN THERAPY for sick horses is as easy as putting on the feedbag. Horses suffering from respiratory difficulties — often caused by a change in climate or racing in damp evening air — are given oxygen by means of a mask developed by Chemetron, Chicago. The plastic device fits over their noses.

Tape For Quick Identity

Experienced air travelers have discovered a simple way to avoid those prolonged delays while searching for their luggage at crowded airport baggage rooms. They color-code their luggage with plastic coated colored cloth tape.

Strips of colored plastic tape on the top and sides of suitcases, attache cases, garment bags, and other travel paraphernalia can quickly identify your belongings when the trip is over. It saves mixups, too, because so many pieces of travel gear look alike.

Mystik Tape offers plastic coated colored cloth tape in 14 colors, so you can choose the right shade to code your luggage. It's a good idea to be able to identify your luggage quickly anywhere—hotel lobbies, train terminals, and bus depots.

Around the house, a homemaker can color code kitchen canister sets for quick identification, a big help when she's

busy and pressed for time as a hungry family and guests surround her. She can also color key family napkin rings and personalize place mats with bright monograms.

The men of the home will find colored cloth tape ideal for identifying sports equipment, tools in the basement workshop, and for labeling storage cabinets and drawers.

Colored cloth tape is useful for all kinds of color-coding jobs around the home, in the office and at school. It decorates and repairs at the same time because it's tough, long-wearing plastic coated tape that is inexpensive, comes in 14 colors and is available practically everywhere.

REMEMBER WHEN?

Netleton Industrial Museum

"If you're under 40 you won't remember your grandmother straining her back over this old fashioned washing apparatus. It's hard to believe that a washing machine like this actually existed and yet this 1905 model was the first one put on the market. In only 59 years, washing machines have improved to the point of complete automation. All the modern young housewife of 1964 does is put the clothes and detergent in her automatic, press a button, set a dial, and forget it. Isn't modernization remarkable?

You too can gain the pleasure and satisfaction of push button washing. See your local appliance dealer right away."

REWARD NOTICE
 A reward of \$500.00 will be
 paid by the Texas Sheep and
 Goat Raisers Association to
 any person (other than law
 enforcement officers) giving
 information causing the ar-
 rest and final conviction of
 any person or persons found
 butchering or stealing any
 sheep or lambs or goats be-
 longing to any Association
 member in good standing.
 When two or more persons
 give information, the above
 sum will be divided at the
 discretion of the Board of
 the Association. When two or
 more defendants are involved
 in a single crime, the total
 reward is limited to \$500.00,
 but the conviction of one de-
 fendant, even though the oth-
 er defendants are acquitted,
 will entitle the claimant or
 claimants to said sum of
 \$500.00. All claims must be
 submitted within ninety (90)
 days following conviction. If,
 upon conviction, a defendant
 confesses other thefts, no ad-
 ditional reward will be paid.
 All devisions concerning the
 payment of such reward and
 the conditions of payment
 will be made by the Board of
 Directors of the Association.

Social Security
 Will your social security
 monthly retirement check be
 \$100 or \$120? If your wife
 claims her payments when
 she's 62, will they increase
 when she reaches 65? These
 are some of the question you
 might like to have answered
 before you retire. Floyd B.
 Ellington, District Manager of
 the office in San Angelo said
 it's a good idea to visit their
 office about three months be-
 fore that date. There is an
 advantage of your applying
 well ahead of time. Most ap-
 plications go through without
 any trouble, but every once in
 a while someone has trouble
 proving his age or providing
 some other form of needed
 evidence. When that happens
 everything grinds to a stop
 until a satisfactory age or
 birth record or othe proof is
 supplied. If you wait until
 you retire to make your claim,
 and you don't have the re-
 cords you need, your first
 check may be delayed. If you
 don't need your social security
 right away, it won't matter,
 but most folks count on that
 first check as part of their
 post-retirement budget.

When you visit the social
 security office three months
 before retirement, there are
 some records you'll need to
 take. The best way to find
 out what you should take is
 to phone ahead. In addition to
 a record of your age, you may
 need to taken your last with-
 holding tax statement. If your
 wife is 62 and wants to apply
 for benefits also, she'll need
 a record of her age. If you
 call the social security office
 before you pay the pre-retire-
 ment visit, they can tell you
 exactly what you'll need. If
 there's some record you don't
 have, they can usually help
 you get it. Helping people with
 retirement claims is their bus-
 iness. For example, they know
 the best, and quickest way to
 get a record of your age.
 Some people delay a trip to
 the social security office be-
 cause they think a social se-
 curity claim will be a lot of
 trouble. It isn't an automatic
 thing, but highly trained peo-
 ple will do everything to help
 you. There are three things to
 remember. First, plan ahead
 for your retirement. Second,
 call the social security office.
 Find out what to take with
 you, and the best time to go.
 Third don't wait until after
 you retire to make your social
 security claim. The San An-
 gelo office is located at 3000
 W. Harris, phone 949-4608.

Floyd B. Ellington, district
 manager of social security in
 San Angelo, issued a reminder

today to all persons who are
 receiving social security bene-
 fits that they must notify the
 Social Security Administration
 whenever something happens
 that might affect the payment
 of their benefits. Some of the
 events which must be report-
 ed are:

1. Earnings from all types
of work if the beneficiary is
under age 72 and expects to
earn more than \$1200 during
the year.
 2. Death of a beneficiary.
 3. Change in marital
status—unless the beneficiary
is receiving payments as a re-
tired worker.
 4. Change of custody of a
child or other person for whom
you are receiving benefits.
 5. Change in address.
- "Social security beneficiaries
received a list of these and
other events that must be re-
ported with this check earlier
this year," Ellington said. "If
they do not have this list, they
may pick up another at the
social security office.
"In fact, anyone who has a
question about social security

should get in touch with us to
get correct information."
The address of the social
security office is 204 Conti-
nental Building, San Angelo,
Texas. Telephone is 653-6861.

Spray Makes All Slide Easily

When it seems every drawer and window in your house sticks and squeaks, it's time to lubricate these annoyances away at once.

A new dry, non-oily spray lubricant that comes in three sizes will do the job simply and in record time. Called Elmer's Slide-All, this new aerosol packaged lubricant is a Borden Chemical Company product. It will eliminate squeaks and end sticking of desk and table drawers, windows, and many other hard-to-lubricate areas. Because this fast-drying product will not stain clothing, it's safe and effective on apparel or slip cover zippers. Try it, too, on traverse rods for draw drapes that only move with much tugging.

The spray lubricant is a help just about everywhere in the house, including the basement, where it can be sprayed on tools and light machinery. It retards rust, repels dirt, dust, oil and water, and is non-flammable and odorless.

To apply, shake the aerosol dispenser and spray a light film. Make sure the surface is clean and dry. If the object is stuck, work it back and forth, then re-spray. This versatile product is effective on all types of surfaces—metal, paint, wood, glass, rubber, leather and fabrics.

FOR YOUR favorite person—give a Christmas gift of his or her favorite newspaper—orders taken at the News-Record for the Dallas, Fort Worth, Abilene or San Angelo daily papers. Also magazines.

GET YOUR Christmas card orders in soon. While there is lots of time. See the Christmas Card catalogs at the News-Record. Only the best.

WHAT TO Give for Christmas got you worried? Why not give the gift that lasts all year—The Dallas Morning News for 23.60; Fort Worth Star-Telegram for 14.95; or the News-Record for 2.00 locally or \$3.00 out of town, or a good magazine for that favorite person. There are no better Christmas gifts!

CARD OF THANKS
 I want to thank each and everyone for the visits, cards, flowers and gifts that I received while I was in the hospital—and to Dr. Swann for the peace of mind in knowing that a friend as well as a doctor was with me during the operation.

Also to each of my customers for their thoughtfulness and consideration while I am out of the shop. I miss each of you and am looking forward to the time I will be back in the shop.

Sincerely
 Ruby Gruny
