Football Barbecue and Rally Held

Approximately 285 persons attended the annual football barbecue and rally at the City Park last Saturday night. The annual affair is sponsored by the High School Mothers Club.

Coach J. R. Dillard introduced the football boys to the gathering. Superintendent O. T. Jones introduced the three new high school teachers, Mr. and Mrs. Robert Bass and Gene Morrison. The four cheerleaders, Elaine Price, Jeanie McDonald, Rosanne Foster, and Debbie Reed, led the group in some pep yells and the school song.

Coach Dillard commented briefly on the football prospects for this season. Various players were called upon for short speeches. Dillard announced that the new lighted scoreboard was up and working. He thanked the community for helping to buy the board.

Mrs. J. Q. Foster, president of the Mothers Club, said 286 plates were used by the people — and the menu consisted of barbecue, beans, salads, cake, bread, coffee and tea. She said the club expressed thanks to The First National Bank for furnishing the paper plates, cups, etc. used at the barbecue.

Coach Dillard reports 23 boys out for the squad so far. They include (Seniors) Jack Clark, Dusty Dillard, Larry Stewart, Frank Balaban, Mike Foster, Carl Crowder, Ernest Longoria, James Morgan and David Foster; (Juniors) Wayland Foster, Collin Douthit, Larry Wilson, Corwin Collins, Johnny Copeland and Alex Sedillo; (Sophomores) Phil Cole, Gary Foster and Ronnie Lawson; and (Freshmen) Paul Balaban, Randy Peel, Fank Price, Randy Mixon and Esau Vargas.

Buys Zettler's Restaurant

Winn McClure bought Henry and Ruby Zettler's restaurant and began operating it on August 28. Winn plans to call it Winn's Restaurant.

McClure had been operating the Col-Tex Cafe since April 1 of this year. He said he would have as cooks in the new place Mrs. Pansy Lawson and Herb Watkins.

The Zettlers had owned and operated the business for three and one-half years. They bought the building from Fred Counsel of Paris and remodeled it for a cafe. Their plans for the future have not been announced.

Vernon Stewart Buys Asbill's Texaco

Vernon Stewart bought the Asbill Texaco Service here and began operating it on the first. He had formerly worked at the Fina Truck Stop for Bob Clemmons.

Jack Asbill has sold out and will return to McMurry College, Abilene, next week. He had operated the Texaco station for nearly two years. Jack said he really appreciated the business and friendship of the people here while he was in business.

Stewart said he would keep Tom Cleveland as a station hand and would appreciate all business.

Hays Begins 10th Year at Local Church

Marion Hays, minister at the local Church of Christ, will begin his tenth year of ministry to the local congregation here. Many physical improvements to the church and parsonage have been accomplished while he has served as minister.

Mr. Hays followed Wayne Zuck, who is now a minister in Frederick, Oklahoma.

Negro immigrants to the USA will increase, under a Great Society immigration bill which breezed through the House last week. For the first time, people living in the Negro-inhabited islands of Jamaica and Trinidad-Tobago will be this bill be admitted in the future without numerical limitations.

The same bill allows 20,000 a year to enter from the Congo, and a similar number from Zanzibar, Kenya, Liberia, Ethiopia, and other African states. At present the McCarran-Walter Act limits each of these countries to 100 a year.

The House-approved measure increases the net total annual immigration to this country by 100,000. Added to the 300,000 a year now coming in, we can expect at least 400,000 annually in the future.

Aside from scrapping our traditional national origins system for selecting immigrants, the bill shifts the mainstream of our overseas immigrants. Heretofore most of them have come from England, Germany, and other European nations. Hereafter most of them will come from Africa and Asia.

The bill mauls the McCarran-Walter Act by allowing up to 20,000 a year to come in from each of the following countries: China, Japan, Pakistan, Korea, Indonesia, and other Asian — as well as African — countries. At present no more than 100 a year may be admitted from these nations.

Britain's annual allotment was cut from 65,000 down to 20,000. The German allotment was whacked from 25,000 a year down to 20,000.

An amendment to put an annual 125,000 ceiling on immigrants from the Western Hemisphere was defeated. Intake from that source now approximates 150,000 a year.

Texans were divided on scrapping the McCarran-Walter Act. Nine voted for it, and 11 of us voted against the bill.

Recent visitors have included Lewis Seibert, and City Manager H. D. Howard; Mr. and Mrs. John Cope; all of San Angelo; Carl Lee and Lin Pfluger of Eden; Wesley Sawyer of Sonora; Mr. and Mrs. E. E. Pittman, Jr., of Fredericksburg; Mr. and Mrs. John W. Guyer of Brownwood; Mr. and Mrs. Jordan Zesch and Hal of Mason; Hon. Joe Foy of Houston, formerly of San Angelo; and Hon. Bill Kimbrough of Odessa.

THANKS:

To Our Friends and Customers We have sold our restaurant here to Winn McClure, and he is the sole owner of the business and building now. Winn took over on August 28.

We want you all to know that we appreciate all the people and the town has done for us — for the business, the friendships and the pleasant associations. We thank everyone for their many courtesies and their trade.

We are not yet decided on what we will do, but we want again to say, "Thank You, Sterling City."

HENRY & RUBY ZETTLER

Amendment Election Here Next Tuesday

There will be an election here (and over the state) next Tuesday, September 7, for voting on a proposed constitutional amendment enlarging the Texas State Senate from 31 to 39 members. Then in November ten more amendments are to be voted on by Texans.

All voting boxes in the county will be open next Tuesday, said County Judge W. R. Brooks. Voters will be voting at the courthouse, Bill Blair's, Tom Humble's, Bill R. Bynum's and Bill J. Cole's houses.

RAIN TUESDAY

A one-inch rain fell here Tuesday afternoon and night, bringing an end to the hot, summer weather (at least temporarily) and leaving a hint of fall in the air. The moisture will do wonders for the weeds and grass in the pastures and get the ranges in shape for better fall grazing.

The Rev. Bob Talley of San Angelo will preach both morning and evening at the First Baptist Church here, it was announced this week by D. Kirk Hopkins.

LIONS CLUB

Coach J.R. Dillard told the Lions Club about the Sterling High football prospects for the season at the Wednesday luncheon. He said he had a good bunch of boys and had high hopes for the year. He thanked club members for their help in securing the new electric scoreboard for the field. He gave the team's schedule and said there would be six B team games.

The club gave a rising vote of thanks and applause to Jack Asbill for all his work and efforts on behalf of the club and community's projects that he has worked so hard in during the time he was a member.

Members voted to hold a bingo night party in September as a fund raiser. Visitors included Dillard, Bill McRee and Bill Bauer.

Local A.I.B. Prexy Traveled a Lot

Mrs. Nan Davis, assistant cashier of The First National Bank here, has traveled 1,111 miles since she was elected president of the San Angelo Chapter of the American Institute of Banking, the Educational Division of the American Bankers Association.

The prexy has called upon the members banks in her region, sixteen in all and can now report that practically all are 100% in A.I.B. membership with 305 personnel members.

The local bank was a charter member of the A.I.B. in 1958. All officers, employees and directors of the bank are members. Since she became president of the chapter, the local bank has sent her to the National Association in New Orleans and to a leaders conference in Lubbock.

D. Kirk Hopkins, executive vice-president of The First National Bank here, now serves as the out-of-town governor for the chapter, along with 5 governors from the San Angelo banks. Hopkins was president of the Fort Worth chapter in 1942 and is a graduate of A.I.B.

The member banks of the San Angelo Chapter A.I.B. are Big Lake State Bank, Bronte First National Bank, The Eden State Bank, The First National Bank of Eldorado, The Ozona National Bank, First State Bank of Paint Rock, The First National Bank of Rowena, The Central National Bank of San Angelo, The First National Bank of San Angelo, The San Angelo National Bank, Texas State Bank of San Angelo, West Side National Bank of San Angelo, The First National Bank of Sonora and The First National Bank of Sterling City.

Party for College Students

Rev. and Mrs. Bill Wiemers entertained the college students of the Methodist Church here with a watermelon and cantaloupe supper and party at the Methodist Church Monday night. Volleyball was played.

Present were Tommy Foster, Lee, Douthit, Bill Foster, Crisp Williams, Royce Sparks, Butch Seago, Billy Bauer, Jack Asbill, and Lynda Myers, Pat Godley and Sue Lewis — from Georgia.

Mrs. Ray Lane returned home Monday from Ft. Stockton where she had gone to see a sister, Mrs. Dorbandt Barton. Mrs. Barton's house burned on Thursday, August 26. Mrs. Lane was accompanied by another sister, Mrs. D. K. Durham of San Angelo.

The Sterling School got underway here Wednesday with 244 pupils enrolled the first day. There were 181 enrolled in the elementary school and 63 in high school, said superintendent O.T. Jones. The breakdown of high school pupils are as follows:

Seniors	15
Juniors	17
Sophomores	13
Freshmen	18
TOTAL	63

These figures compare with 251 last year with 180 in the grade school and 71 in high school on opening day then.

There are three new high school teachers this year, Mr. and Mrs. Robert Bass and Gene Morrison.

Monday Is Holiday

Monday, September 6, Labor Day, will be a school holiday, said Mr. Jones. Classes will resume on Tuesday morning.

Mr. and Mrs. George Lewis of Iola, Texas visited Mr. Lewis' sister, Mrs. A. G. Daves, here last weekend.

IN THIS WORLD

HISTORY REFLECTED THROUGH THE EYE OF A POTATO...

THE SPANIARDS, IN THEIR QUEST FOR GOLD IN THE NEW WORLD (1500-1600) OBSERVED THE INDIANS' USE OF A TUBER FOR FOOD WHICH THEY NAMED PAPA OR POTATO. THE PLANT THRIVED IN EUROPE AND IN TIME THE NUTRITIONAL VALUE OF THE POTATO MADE THE INCAN GOLD APPEAR INSIGNIFICANT.

DURING THE CALIFORNIA GOLD RUSH, THE POTATO FOUND A NEW ENVIRONMENT UNIQUELY SUITED TO ITS NEEDS... TODAY, CALIFORNIA IS OUR THIRD LARGEST POTATO GROWER.

BY CAREFUL SEED SELECTION AND CULTIVATION CALIFORNIA HAS DEVELOPED AN "ALL PURPOSE" POTATO KNOWN AS THE CALIFORNIA LONG WHITE. SO POPULAR HAS IT BECOME THAT ABOUT THREE-FOURTHS OF CALIFORNIA'S POTATO ACREAGE IS NOW DEVOTED TO THIS VARIETY.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All devisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

SOCIAL SECURITY

"You don't have to retire completely to get social security benefits," Floyd B. Ellington, social security district manager in San Angelo said today.

"If you earn \$1200 or less in a year, you are considered to be completely retired and would be entitled to all your benefits," he added.

If you earn over \$1200 in a year, you may be considered partly retired and entitled to part of your social security benefits. For example, a worker would have only one dollar in benefits withheld for every two dollars earned between \$1200 and \$1700. For earnings over \$1700 annually, one dollar in benefits is withheld for each dollar of earnings.

Ellington emphasized the fact that, no matter how much you earn in a year, you can be paid your social security benefits for any month in which you neither earn over \$100 as an employee, nor render substantial services as a self-employed person.

Avoid any misunderstanding you may have about the social security retirement test, especially if you are over 65 earning anywhere between \$1201 and \$3600. Get all the facts from your social security office at 3000 West Harris, San Angelo, Texas.

Firemen To Have Barbecue Supper September 13

Demolition Squad to Demonstrate Here

The Sterling Volunteer Fire Department will hold its annual barbecue supper at 6:30 p.m. on Monday, September 13 at the fire station. Plates will cost 1.25 for adults and 75c for school children and under, it was said. Everyone in town is cordially invited to attend.

A demolition squad from Ft. Hood will demonstrate that night at 8 p.m. said Ross Foster, fire chief. Some out of town firemen will be invited to the affair also.

The members of the volunteer group met Monday night and worked out plans for the barbecue. They also voted to buy two gas smoke masks and to equip the fire chief's pickup with siren, fire extinguishers, and axe.

Committees named to work up the barbecue plans were— Goat committee — Perry Matthews, Ross Foster, and Jim Hinshaw.

Tea, ice, plates, cups, and forks committee — Roland Lowe, Hubert Travis, Arthur Barlemann, and Henry Bauer.

Tables and chairs committee — Jack Whitley, Jim Cantrell, Tom Asbill and Dan Glass.

Clean-up committee — Eddie Martin, Louie Alexander, Jack Peel, Bill Brooks, and Kirk Hopkins.

Publicity — Jack Douthit, Wood committee — Jack Peel, T. J. Finnegan, and Troy Templin.

Money collection (at the supper) — Hal Knight, S. M. Bailey and Horace Donalson.

Potato Salad — Trop Templin.

Bread will be donated by Brock's Grocery and pickles by Martin-Glover Co.

The department has fire extinguishers for sale at 30% off list price. They are good for home, business, car, or truck. See any member to purchase one.
Present at the called meeting Monday were Ross Foster, T. J. Finnegan, W. R. Books, Jack Douthit, John Brock, Trop Templin, D. K. Hopkins, Perry Matthews, Jack Whitley, Jim Cantrell, H. F. Donalson, Louie Alexander, Hubert Travis, Tom Asbill, Jack Peel and Eddie Martin.

In Our Time

AMONG THE UNSOLVED RIDDLES OF AGRICULTURE IS HOW PEACHES CAME TO AMERICA... THEY WERE BEING GROWN BY THE INDIANS IN LOUISIANA IN 1698 WHEN THE FIRST FRENCH SETTLERS ARRIVED... YET THEY WERE NOT NATIVE TO THIS PART OF THE WORLD.

CONFUCIUS (551-497 B.C.), WHO WROTE GLOWINGLY OF PEACHES IN CHINA AROUND 2,500 YEARS AGO, WOULD NOT RECOGNIZE THE LARGE, JUICY HYBRIDS BEING GROWN TODAY IN SOUTH CAROLINA, OUR BIGGEST PRODUCING STATE FOR FRESH USE.

PEACHES RIPEN QUICKLY, SO SHIPPING IS A PROBLEM. SOUTH CAROLINA'S "SUN BLUSHED" PEACHES ARE DE-FUZZED WITH BRUSHES, THEN QUICKLY GIVEN A COLD BATH WHICH TEMPORARILY ARRESTS RIPENING SO THEY MAY BE SHIPPED WITHOUT SPOILING.

DESPITE THEIR SWEETNESS, SOUTH CAROLINA PEACHES AVERAGE ONLY ABOUT 46 CALORIES EACH.

Social Security

"A tremendous boost for many youngsters" is the way Floyd B. Ellington, District Manager of the San Angelo Social Security District Office, January 1965, some benefits described one of the changes which was made in the Social Security Law last month. He explained that children between the ages of 18 and 22 can continue to receive their monthly social security checks if they attend a public or accredited school as full-time students. Children of deceased, retired, and disabled workers are included.

Under the old law, checks for children stopped at age 18 even if they continued to go to school. Mr. Ellington stated that, "If there are any of these young people under age 22 who

are going to school now or in September, they or their parents should get in touch with their social security office right away; and since this provision provides for payments back to January 1965, some benefits may be payable to former child beneficiaries who went on to school and who reached age 22 earlier this year."

"These youngsters are eligible for these payments and we are anxious to get their checks to them as quickly as possible," Mr. Ellington stated. He added that anyone with any question about this change should get in touch with their San Angelo Social Security Office immediately. The office is located at 3000 West Harris and the phone number is 949-4608, or see your representative when he is in your community.

The U. S. Civil Service Commission has announced two new examinations this week, for Technician and Social Worker.

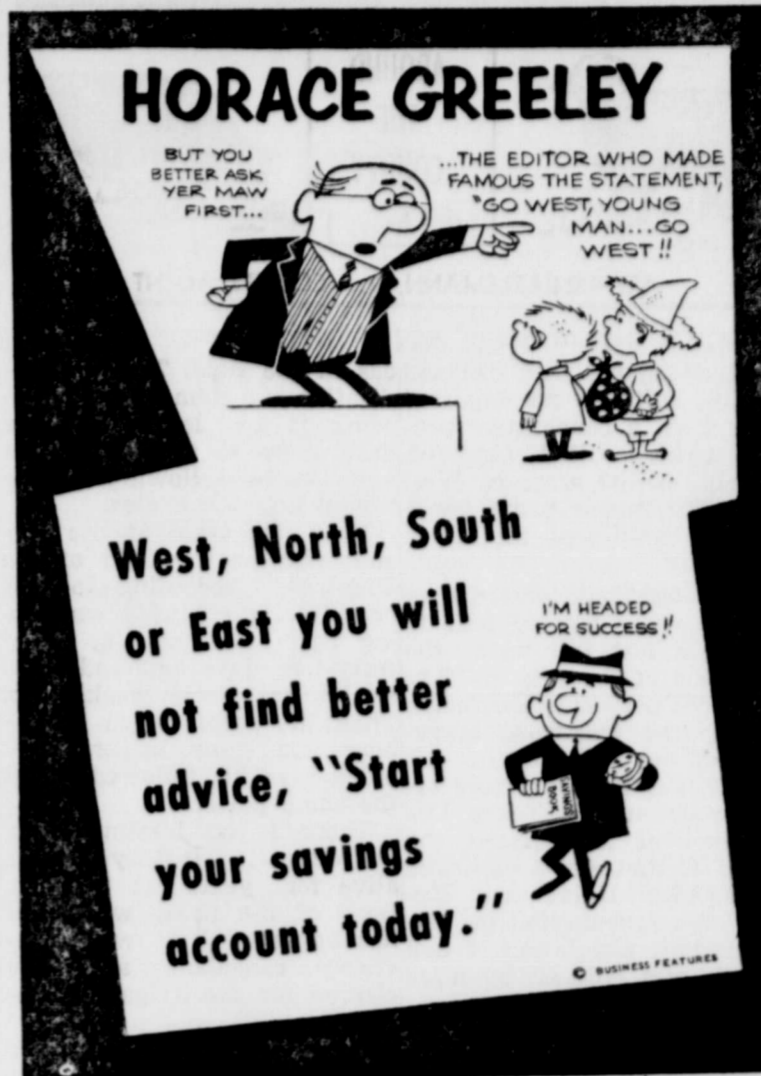

The Engineering and Scientific Technician examination covers a wide range of positions principally in the Washington, D. C. area. These technicians act as non-professional assistants to engineers, mathematicians, and other scientists such as chemists, physicists, astronomers, geologists, metallurgists, electronic scientists, and the like. The salary ranges from \$4,480 to \$10,250 a year. Varying amounts of non-professional technician experience are required, increasing with the grade of position. Study in college or technical institutes can be substituted for some experience.

The new Social Worker examination covers professional social worker positions and related positions known as Social Work Associate and Social Service Representative for work in Washington, D. C. and throughout the country. Salaries range from \$6,050 to \$16,460 for Social Worker and \$6,630 to \$10,250 for the other positions. Professional Social Workers are required to have completed graduate study in Social Work with professional experience in addition for the higher grades. The Associate and Representative positions require experience in welfare activities although appropriate education may be substituted for some of the needed required experience.

Neither examination requires a written test. See Announcement 364-B (Technician) and 365-B (Social Worker) for detailed information and instructions about the proper place to apply for the position titles shown. Announcements and appropriate application forms may be obtained from most post offices located throughout the country or from the U. S. Civil Service Commission, Washington, D. C. 20415.

The U.S. Department of Agriculture reports that fish and wildlife suffered no apparent harm from a cooperative program which resulted in approximately 300,000 acres of West Texas cottonland being treated with undiluted malathion last fall.

The cottonland, located near Lubbock, was treated four to six times last fall with the malathion at the rate of 12 to 16 ounces per acre. Conducted to stop the westward movement of the boll weevil, the project was a cooperative effort between the Texas Department of Agriculture, the Plains Cotton Growers, and Texas A&M University. Examination reveals that the overwintering population of boll weevils was reduced by more than ninety per cent.

A careful check was made on wildlife by the Texas Parks and Wildlife Commission and Texas Technological College. Fish, quail, waterfowl and songbirds were checked; some were kept in cages in the area, others were resident or native to the area. No adverse effects were noted on any of the wildlife. The study will be continued for another two years.

There has been publicity about the use of undiluted insecticides that might lead some to believe that such use has been approved. Thus far, malathion is the only insecticide presently registered for this use by the department of Agriculture. No others should be used in this manner because there are potential hazards.

Fusarium wilt is causing trouble in at least two fields of alfalfa in the county. Alfalfa put in by Reynolds Foster and Tom and Bill Humble showed up with the disease during the last couple of weeks. Positive diagnosis of the disease was made by Dr. Robert Berry, plant pathologist with the Agricultural Extension Service.

Fusarium wilt is a fungus-borne soil disease that attacks the crown roots of many plants. It is more common in West Texas than in other sections of the state. Symptoms are similar to cotton root rot. It will appear in spots or ar-

rows in the field. The first indication is a change in the coloring of the leaves from a dark green to a lighter green and finally yellowing. Then the entire plant dies.

First indication of the disease was on the field of the Humbles. According to Bill and Tom, the alfalfa was doing fine after mowing about forty-five days ago and even as late as three weeks ago. Then the spots began to appear and grow larger. Reynolds says his followed about the same pattern.

There is no treatment for the disease. It may remain alive for years in the soil. Both of the fields where it has appeared here were previously rangeland and were cleared for the irrigation projects.

The disease attacks only tap rooted plants such as alfalfa and cotton. It does not attack any of the grasses or other fibrous-rooted plants. In cotton fields, one of the recommended treatment practices to reduce the presence of the disease is rotation with grasses.

NEW FISH AND WILDLIFE MANAGEMENT LAWS

Hunters, fishermen, landowners and other citizens of Sterling County have been assured an opportunity to participate in a modern, scientific program of fish and wildlife management by recent Act of the 59th Legislature.

The 59th Legislature included Sterling County in the Regulatory Responsibility Program of the Texas Parks and Wildlife Commission, the laws becoming effective on August 30, 1965. This legislation has received Governor Connally's approval.

The new laws specifically charge the Texas Parks and Wildlife Commission with the responsibility of conducting scientific research on game and fish problems, setting of open seasons, bag limits, and methods of taking wildlife resources in the county or counties involved.

A principal objective of the regulatory responsibility program incorporates adaptability and flexibility to meet emergencies such as drought, flood, fire or other causes which may endanger one or more species of wildlife by waste or depletion. The Commission can act in the interest of ranchmen, landowners and the hunting and fishing public to conserve the threatened wildlife species without waiting for normal Legislative procedure.

The Commission can act also to provide a more lenient cropping of the wildlife resources when research findings indicate an increased harvest is justified and in the interest of proper management.

Resident of Sterling County will be informed of the findings from research conducted by game and fish technicians, game wardens and other resource specialists of the Commission. Before the Parks and Wildlife Commission issues the required proclamations containing open seasons, bag limits, and other rules and regulations for harvesting the county's wildlife resources, announced public hearings will

be held. These hearing will be advertised at least ten days prior to the hearing date.

At the public hearing, the proposed regulations will be read and explained to those present by Parks and Wildlife Department personnel. Pertinent questions the public may have will be answered. The full proceedings will be recorded and presented to the Texas Parks and Wildlife Commission when that body meets to prepare regulations for taking game and fish in the affected county.

Although the statutes grant the Commission and Department at least 90 days after the acts become effective in which to . . . conclude its investigations, hold its hearings, and promulgate its proclamations, rules, regulations and orders, Sterling County citizens can be assured that Department technicians are already at work on the program for their area. It is planned that investigations and public local hearings will be completed and proclamations issued within sufficient time to have them in effect for the 1965 hunting season.

The benefits of participation in the regulatory responsibility program, in addition to the assurance that scientific research is set as the basis for management, are many. Under the program, the numbers of the various species can be adjusted to the carrying capacity of the range, thereby contributing to the health and well-being of the individual animals and insuring against range damage or destruction.

NEW EXAMINATION ANNOUNCED BY THE CIVIL SERVICE COMMISSION

A new examination for Communications Specialist has just been announced by the Civil Service Commission. These jobs, located in the Department of Defense and other Federal agencies in the Washington area, require experience in one or more fields of communications, such as telephone, teletypewriter, data transmission or other media of communications. Salaries range from \$7,220 to \$10,250 a year. Other specific details are in Announcement No. 362-B. File applications with the Board of U. S. Civil Service Examiners, Department of the Army, The Pentagon, Washington, D. C. 20310.

Also announced today was a new examination for work in Washington as a Photographer in such branches as aerial, laboratory, medical, motion picture, scientific, still, television, and underwater. The jobs pay from \$4,480 to \$7,220 a year and require appropriate experience. The requirements are in Announcement No. 363-B. File applications with the Board of U. S. Civil Service Examiners, Washington Navy Yard, Washington, D. C. 20390.

These two new examinations require no written test and applications for them will be accepted until further notice.
