## Behind the 8-Ball

Following an eight day trip to the scenic west—we are back in "Harness" getting out an issue of the paper. Three times, one preacher announces resignation, a wedding told, a teen-age dance, a terrible wreck—all happened here since the last issue. WOW!

8-BALL

We left here on Friday morning, June 24, and left the kitten in "storage" at a Big Spring Animal Hospital. We drove to Lubbock, Amarillo, Dumas, Dalhart and over to Clayton and Raton, N. M., where we gained an hour. So on to Trinidad, Colo.—and whom, you lost your hour—they are on daylight saving time.

The southern route through Colorado takes you through the mountains and over the Continental Divide—where you can play in the snow—if you want to—and on to Mesa Verde National Park—close to the four corners area. A National Park cabin was rented here and the dining concession is good—even if the service is slow—due to the crowds.

8-BALL

The road on the Salt Lake City through Moab, Price, Green River, Provo—is very scenic. The Canyonlands, the Arches National Monument, etc. is really beyond description. You just have to see it to appreciate it or discuss it with anyone.

8-BALL

The Utah State Prison is at Provo. All towns of any size in Colorado or Utah have colleges—some are junior colleges. In Salt Lake City we stayed at the World Motor Hotel (on scrip) and "did" the Temple Square—a ten acre block—has the Mormon Temple, Assembly House, Mormon Tabernacle, monument to the seagulls, and a large museum. It is surrounded by a ten-foot solid fence and is quiet and beautifully landscaped inside.

Each 20 minutes a tour is guided through the above named places (except the Temple and only the very faithful Latter Day Saints get in there) as conducted by L.D.S. laymen who contribute their time (on call by the church) to such tours for tourists. Ours was a vice-president of Utah Savings and Loan. His grandmother had made the trek to the Derseret country two years after Brigham Young led the first contingent in 1840.

We heard an organ recital in the Tabernacle, saw the remarkable acoustics tested and heard a stereo tape of the Mormon Tabernacle Choir singing "The Battle Hymn of the Republic." All singers just donate their time and talent to the choir—they are not paid said our guide.

The Temple is huge—built of granite blocks quarried 20 miles away and cut and hauled in by ox carts (1 block at a time) at first. Later they built a railway to the quarry. Forty years later the Temple was dedicated—and is a real masterpiece of building. The Assembly House (a large church) was built using the granite that was declared imperfect for the Temple. It is quite imposing, too. The Tabernacle was built without nails in the form of a half egg shell and is capable of seating 8,000 persons. The pipe organ is one of the most famous in the world. It was built back in the 1800s.

Inside the Temple square are monuments to Joseph and Hyrum Smith, the Seagulls, the cart-pulling pioneers, and Brigham Young—the first president of the Latter Day Saints. A golden statue of the Angel Moroni is atop the highest spire on the Temple. (He was the angel that appeared to Joseph Smith and showed him the golden plates to use

## HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

in printing the Mormon Bible. The state capital (which is huge and imposing and beautiful) is two blocks west. Two of Brigham Young's homes are a block away. The L.D.S. archives building is next to the square. (They keep family records all the way—because one has the same wives, etc. in heaven, too) and they want the records kept straight—yessir.

Businesses have names such as Zion National Bank, Zion Savings and Loan Assn., Zion Cooperative Mercantile Inc. (Z.C.M.I.) and the like. The River Jordan runs through the city. The Mormons have a huge welfare farm, cannery, and clothing place for their members who might be in need.

The place where Brigham Young said "This is the place" is a state park and has a huge monument of the pioneers.

The Sons of Utah Pioneers have re-created a pioneer village—complete with all businesses and stores filled with old time merchandise—which is a museum place worth visiting.

Huge mines are not far away—the largest open pit copper mine in the world—and some others. Salt Lake is very shallow around the beaches—you would have to walk a long way to reach swimming depth.

Salt Lake City streets are wide and are all numbered and go east, south, west, etc. from the Temple Square. Many freeways cut through the city and it is growing by leaps and bounds. They now look for a billion dollar a year tourist business in Utah.

The state has more national parks, monuments, recreation spots, etc. than any other state. The mountains are snow-capped and their valley or low deserts are hot and scenic.

8-BALL

Colorado, in the middle part is full of mountains, passes, gorges, canyons, aspens, pines, flowers, etc. In the southwest corner they raise the pinto beans we see in stores.

Roads in both states are being improved each year and have made mountain travel safe. In winter though—I don't know. They have little holders for sand along the mountain roads. I guess you can sprinkle the sand yourself if you get caught on an icy road.

Royal Gorge is extremely popular—and attendants slap a Royal Gorge bumper sticker on your car as you go in. The ride down the gorge—and the high suspension bridge draws big crowds.

8-BALL

Since most of the west is public land—the National Park Service will maintain the scenic parts for the generations of people yet to come—and look and wonder at the wonders of nature there.

Such is as it should be.

8-BALL

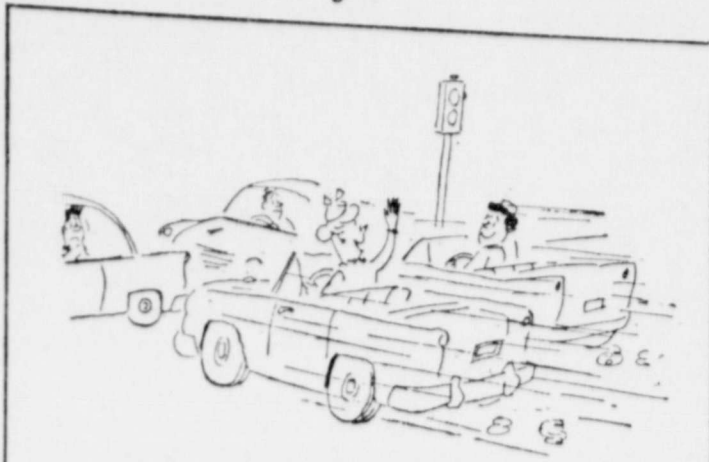

The mail had piled up, the lawns needed mowing, some jobs had to be printed for customers—and all in all it didn't take too long to get into the groove.

There's nothing like home. And it's a lot cheaper to live at home. Amen.

8-BALL

It seems that some people would like to have some kind of Diamond Jubilee observance here. Plans are to be talked on Thursday night of this week in a meeting at the courthouse. We might possibly have a roping, a barbecue, and dance—and homecoming for former residents of this area. It sounds good.

## Four Are Killed in July 4 Crash

### Breaks Arm in Fall

Mrs. Ben Brooks, mother of W. R. Brooks and Mrs. Albert McGinnes, fell and broke an arm in Menard last weekend. Mrs. Brooks was visiting there in the home of a relative at the time. While in the hospital receiving treatment—a small plastic stool on which she was standing—gave way and she suffered a cut foot. She returned home from the Menard hospital the first part of this week.

### Roy Foster Breaks Arm in Fall

Roy Foster fell down the stairs at his home here about 1:30 a.m. Wednesday, breaking his right arm in several places. He was also bruised and banged up in general from the fall.

His son, Tommy, took Roy to Dr. Martin in San Angelo, who set the bones that morning. Then Roy entered the local hospital.

### Headon Crash Up on Highway 87

About 6:30 Monday morning, a headon crash claimed four lives and left five in hospitals. The four killed were out of one family. Dead were Jose D. Medellin, 68, and his wife, Marina, 67, of Lubbock. The elderly couple's son and daughter-in-law were also killed. They were Mr. and Mrs. Ricardo Medellin, about 30, also of Lubbock.

The younger Medellin man was pinned in the tangled crash for about 30 minutes before his body was released. He died shortly after being taken to Hall Bennett Hospital in Big Spring. The other adult members of the Medellin family were killed instantly.

The young couple's three children were brought to the hospital here in Sterling City. They were identified as Grace Marie, 4; Carolyn, 1; and Nora Alice, 5. Carolyn was listed in serious condition with head and internal injuries. The other girls were in fair condition.

Riding in the other car were Trinidad Fuentes, 25, of Odessa, and Juan Cruz, about 20, of Del Rio. They were taken to the Cowper Hospital in Big Spring. Fuentes suffered minor fractures of the legs and Cruz suffered minor face lacerations. Both were said to be in good condition.

The crash was one of the worst traffic accidents in the San Angelo Department of Public Safety subdistrict since 1959, when six were killed and nine injured south of Sterling.

## LIONS CLUB

The Lions Club met Wednesday noon in the community center for the regular weekly luncheon. Skipper Lively, president of the Ramgas Co., spoke to the group on governmental aid grants available to towns for sewer and water systems and improvements, urban renewal, parks and other city improvements.

Jim Davis told of a Thursday night mass meeting to be held at the courthouse to discuss having a Diamond Jubilee observance here. He urged all interested persons to attend.

Jack Asbill told of plans to seed the Little League ball park with bermuda grass. It was decided to seed the outfield only—and work will start next week—if plans work out.

Members voted not to sell fruit cakes here this year. Guests present included Bob Hurt of Skidell, La., Ewell McKnight and Tom D. Davis of Odessa.

## FHA Retreat at Lake Brownwood

The Sterling City FHA went to Lake Brownwood for their annual retreat which lasted from June 27 to June 30. Members attending were Ann Lawson, Beverly Brooks, Lynn Alexander, Susan Mixon, Kathy Gaston, Sharon Currington, Pam McEntire, Betty Collier, Lelah Estes and Jaynell Cope. They were accompanied by their sponsor, Mrs. Early Barton, and Mrs. Bill Brooks, Mrs. Louie Alexander, and Mr. and Mrs. Amos Lawson.

## FIRE HITS HOME

The home of Beatrice Medina suffered several hundred dollars damage on June 24 when a fire damaged some of the contents. Sheriff Jim Cantrell said the fire was set presumably by two of her boy friends from San Angelo and he had out warrants for their arrests on an arson charge.

The Volunteer Fire Department put out the fire before the blaze damaged the house.

## Methodist Pastor To Cole-Blackburn Nuptials Told

The Rev. Bill Wiemers, pastor of the First Methodist Church here, has joined the Air Force as a Captain, and will be a chaplain, stationed at the Merced, Calif. Air Force Base. He has to report there on July 29.

Wiemers has already four years in the active service and three in the reserves. (Not as a chaplain.) He and his family plan to leave here on July 25 for Merced.

The district superintendent has not yet named a replacement for the Methodist Church here, but plans to do so soon.

## School Summer Program

The summer program is moving right along. With 87 enrolled for the program there are many games that are being played and new games learned. A challenge to their skills will be met the last two weeks in July, when a number of tournaments will be held. Tournaments will be held in pool, badminton, ping pong, tennis, four-square, basketball, football, softball, tumbling and a bicycle race. Medals will be given to the winners.

The swimmers are going every Wednesday and Friday at 1 p.m. Anyone that wants to go swimming or participate in the summer program are invited to come to the school.

## Hallmarks Observe 50th Anniversary

Mr. and Mrs. Luther Hallmark celebrated their 50th anniversary the 1st of July. They were married in Crockett, Texas in 1916. Mrs. Hallmark is the former Glennora Spain. Luther was born in Houston County and Mrs. Hallmark in DeWitt County.

The Hallmarks moved to Sterling in 1924. They have four children—Mrs. Evelyn Dunn of Sterling City, Mrs. Albertine Pool of Fort Stockton, L. B. Hallmark of West Point, Miss. and Mrs. Maudine Marlow of Savannah Beach, Ga. They also have seventeen grandchildren and twelve great grandchildren.

## ATTENDS ENGINEERS MEETING

Dan Glass attended the Texas Society of Professional Engineers meeting at Corpus Christi last week. Dan is president of the West Texas Society of Professional Engineers.

## Elbert Roberts Rites Today

Elbert (Cow) Roberts, 71, died in the Veteran's Hospital in Big Spring at 7:10 p.m. Wednesday. Funeral services will be held at the City Cemetery in graveside rites Friday (today) at 2 p.m. Methodist pastor, Rev. Bill Wiemers, will officiate. Lowe Funeral Home is in charge of arrangements.

Elbert was a veteran of World War I, and was noted for his barbecuing. He was a life-time resident of Sterling. Both his father and mother are buried in the City Cemetery.

Survivors include two nephews, J. B. and Marvin Haynes of Ft. Worth, and a cousin, Weldon A. Roberts of Baskin, La. The Louisiana Roberts also will be here at the services.

## Little League Final Game Tonight

The local alive little league has really developed and are playing real good baseball. Their current record is 5-4, the five wins coming in the last five ballgames. The last win was over Norton by the score of 13-6. The boys are playing well and have lots of desire to go along with their ability. The final ballgame will be played this Friday at 7:30. Be there.

## Peewee Ball

The Peewee ball players are through for the year except for a combination game in which Silver and Sterling City will combine forces to play Robert Lee and Bronte at 7:30 Friday. The boys have learned lots of baseball and may someday be the star ball players of the little league.

Jack Asbill, Director

## Fire Hits Winn's Restaurant

On Friday morning, June 24, at about 1:30 a.m. a fire was discovered in the Winn's Restaurant by passers-by. The Volunteer Fire Department was notified and the blaze held to the restaurant building—which is in the main downtown block. Smoke filled the postoffice building and darkened everything in it.

The fire and smoke seriously damaged everything in the restaurant—and a complete remodeling job will be necessary if the place is reopened.

Diners and coffee drinkers now have to go to the Dairy Hut or the two truck stop cafes in the west end of town for meals or refreshments.

## MEDICARE NOTES

1. All persons who have qualified for medicare benefits have received a medicare handbook by this time. Study this book. Keep it in a safe place. You will need it if, and when you should need medicare benefits.

2. If you are qualified to receive medicare benefits when the program began July 1, 1966, you should study carefully the medicare handbook you have received through the mail. You should ask a relative or a friend to help you understand it if necessary.

3. Medicare benefits did not begin until July 1, 1966. All hospital and doctor bills made before July 1, 1966, will not be covered under the medicare program.

4. If you are qualified for medicare benefits, you have received a health insurance card. This is a valuable card. Keep it with you. Show the card to the hospital officials, at the doctor's office, or any other place where you receive services that are covered by the medicare program.

**WILD WEST SHOW AND PORPOISE ACT  
NEWEST ATTRACTIONS AT SIX FLAGS**

The Overland Stagecoach being attacked by Kiowa Indians is just one of the exciting features of Six Flags Over Texas' newest attraction, the Wild West Show. Visitors to the 2,500-seat, open-air arena see the turbulent days of early Texas re-created as part of the colorful pageant which is presented three times daily throughout the summer.

Arlington, Texas: The size and scope of Six Flags Over Texas continues to expand as the state's most popular single tourist attraction recently added a Wild West Show and a performing porpoise to its entertainment list.

The Wild West Show presented by Six Flags is a throwback to the traveling spectacles of yesteryear. An especially built 2,500-seat open-air arena located in the west corner of the Texas Section provides the setting for a recreation of the turbulent life of the early days of the Old West. Visitors see war-painted Kiowa Indians attacking the Overland Stagecoach, followed by mounted cavalry coming to the rescue. The action-packed show features trick riders, bull whip and rope artists and dance-hall girls among the cast of forty performers.

Produced for Six Flags by pioneer rodeo impresario Frank Rush of Lawton, Oklahoma, the performances are staged at 1:00, 3:00 and 5:00 p.m. seven days a week throughout the summer months. The Wild West Show here is not on the tomahawk and souvenir bead level, but rather places its emphasis on the excitement and historical pageantry of early Texas.

Over on Skull Island, in the Confederate Section of the 115-acre Park, a bottle-nose porpoise named Skipper II now ranks as the favorite of the young set. Put through his paces four times daily by his pretty blonde trainer, Diana Langer of Marathon, Florida, the talented and acrobatic 400-pound mammal frolics in his newly built 25,000-gallon water tank.

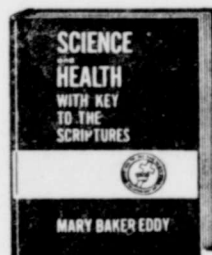

Both the Wild West Show and the Porpoise Act are free, as are all the rides, attractions and shows inside Six Flags being covered by the one all-inclusive ticket purchased at the main gate.

**BUS SALE BIDS**

SEALED BIDS WILL BE RECEIVED IN THE OFFICE OF: Supt. O. T. Jones until 8:00 p.m. Monday, July 11, 1966 on a 48 passenger 1949 Chevrolet School bus with a Superior body. This bus may be seen at the Sterling City Schools. Bid proposals may be secured by contacting Supt. O. T. Jones at Box 26, Sterling City, Texas. Tel. 8-3531 or 8-3611. The Sterling City Schools Board reserves the right to accept or reject any bid submitted for the best interest of the school. The successful bidder must remove this equipment within 30 days from the date of the award is made. Engine has had a new short block assembly recently installed.

**EVERY ONE WHO WOULD KNOW GOD**

needs this book

In these troublesome days thinking men and women recognize that it is only through a knowledge of God that they can find peace and a sense of stability.

Through the study of Science and Health with Key to the Scriptures by Mary Baker Eddy many thousands have found that God is knowable; that He is unchanging divine Love—the protector and governor of His perfect creation.

Science and Health may be read or examined, together with the Bible, at any Christian Science Reading Room. Or it may be purchased at \$3.

**REWARD NOTICE**

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and final conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When two or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted, will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If, upon conviction, a defendant confesses other thefts, no additional reward will be paid. All devisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

**DISABLED MAY BENEFIT FROM SOCIAL SECURITY**

Some 3000 Texans who may be eligible for disability benefits under the new Social Security provisions, have not yet applied for them according to Floyd B. Ellington, district manager of the San Angelo Social Security office.

Under recent liberalizations of the law, persons with nonpermanent disability may now qualify for benefits. Ellington said that under the previous law a person was eligible only if he had a severe disability that was expected to last a long and indefinite time. Now benefits can be paid if the severe disability has lasted or is expected to last as long as 12 months by his doctors. There are also more liberal requirements for certain persons who are blind.

**SPARE TIME INCOME**

**Local Girl Named to Honor Roll at TWU**

Denton, Texas — Miss Lee Douthit of Sterling has been named to the Vice-President's Honor Roll at the Texas Woman's University for the spring semester. To make this honor roll, a student must have at least a 2.3 grade average out of a possible 3.0.

**Tax Man Sam Sez:**

The Internal Revenue Service is probably the most efficient collection agency in the world. They collect more than 115 billion dollars each year for less than 1/2c per dollar cost. They have a well trained group of employees who work hard to do a good job. However, they get a lot of help from the American taxpayer. Our nations' taxpayers pay 97% of their tax bills through taxes withheld or voluntary compliance. Only 3% of our taxes are collected through the enforcement efforts of the Internal Revenue people. The voluntary compliance record of the American people is one of which we can be all proud. No other country can equal this record.

**14 HOSPITALS IN AREA ELIGIBLE FOR MEDICARE**

Fourteen hospitals in the 13-county San Angelo area currently are eligible under the Civil Rights Act of 1964 to participate in Medicare, according to J. G. Keen, assistant manager of the San Angelo Social Security District Office. He stressed that the absence of a hospital's name on the current listing does not mean that the hospital will not be eligible. Keen said that he expects nearly all hospitals to be eligible before the July 1 deadline.

Additional hospitals are being placed on the eligible list as quickly as their status can be reviewed and approved, Keen said. Names of these other hospitals will be announced as soon as they are released by the Department of Health, Education, and Welfare.

As of June 10, a total of 428 hospitals in Texas already were listed as eligible as were more than 72 percent of the hospitals in the Nation.

Hospitals in this area, currently listed as eligible, include Ballinger Memorial Hospital, Ballinger; Reagan Memorial Hospital, Big Lake; Brady Hospital & Clinic, Brady; Medical & Surgical Hospital, Brady; Bronte Hospital, Bronte; Concho County Hospital, Eden; Menard Hospital, Menard; Crockett County Hospital, Ozona; West Coke County Hospital, Robert Lee; Baptist Memorial Geriatrics Hospital, San Angelo; St. John's Hospital, San Angelo; Lillian M. Hudspeth Memorial Hospital, Sonora; Sterling County Hospital, Sterling City; and Winters Municipal Hospital, Winters.

**HOUSE FIRE MONDAY MORNING**

A burning chair cushion was the start of a fire in Joe Blank's rent house just south of Mrs. M. Z. Brown's early Monday morning. Smoke and water damage was extensive to the vacant house's furniture and inside. The Volunteer Fire Department men contained and put out the fire—before the house proper was severely damaged.

**MEDCARE NOTES**

1. A patient who qualified for medicare benefits must pay the first \$40 of his hospital bill during each "spell of illness." After the patient pays the first \$40 of his hospital bill, his medicare insurance will pay the remainder of it.

2. A "spell of illness" under the medicare program is an important term. A "spell of illness" begins on the first day a qualified patient enters the hospital after June 30, 1966. A "spell of illness" ends when the patient has been out of the hospital 60 consecutive days.

3. A medicare patient may be in and out of the hospital several times during a "spell of illness." The patient pays only the first \$40 of his hospital bill regardless of how many times he is in and out of the hospital. A "spell of illness" does not end until a patient has been out of the hospital sixty consecutive days.

4. If a medicare patient remains in the hospital longer than 60 days during a "spell of illness," the patient will be responsible for the first \$40 of his hospital bill and he will also be responsible for \$10 daily of his hospital bill beginning with the 61st day and continuing through the 90th day.

**CARD OF THANKS**

With humble hearts and gratitude we extend to you our thanks for your prayers and every act of love, concern and sympathy during the illness and death of our beloved mother and grandmother, Mrs. Nora F. Coulson.
