## Civil Service

Federal agencies. principally in the metropolitan area of Washington, D. C., need Electronics Technicians. The work involves maintenance, testing, and development of various electronic equipment, ranging from radio, radar, and sonar devices to computer systems.

Both general and specialized experience are basic requirements for Electronics Technician positions, except where education may be substituted for such experience. Entry level for eligibles depends on quality and quantity of both. No written test is required.

Starting annual salaries range from \$5,331 to \$10,927. Ask for Announcement No. WA-7-19.

Additional information on these and other Federal jobs may be obtained from the Civil Service Commission in Washington, D. C., 1900 E Street, NW, 20415, or from any one of 65 Interagency Boards of Civil Service Examiners.

CHRISTMAS Cards, personal stationery, informals, all kinds of greeting cards (and personalized Christmas ones) ready. See catalogs at Mrs. Sallie Wallace. Ph. 8-2372.

Clerks sort and distribute mail, handle heavy sacks that weigh up to 80 pounds and perform related duties. The work involves continuous standing, stretching and reaching. Carriers deliver and collect mail on foot or by vehicles under varying weather conditions. In most offices they must be able to drive a vehicle under all kinds of road conditions. They may be required to carry on their shoulders loads up to 40 pounds.

Full information about requirements and applications Examiners.

# SCIENCE SKETCHES

THE FEMALE Blue Whale is a virtual dairy during the seven months she nurses her calf. She produces some 130 gallons of milk daily for her 23-foot, three-ton "small fry."

**COLUMBIA** University professors are getting a chance to talk with the University's centralized computers without leaving their desks. A \$3 million program is underway to install nearly 200 computer typewriters and television-like cathode ray tube terminals in buildings around the campuses.

THE "STICK" welding electrode is taking a back seat to continuous electrodes in arc welding applications. Alloy Rods Company, York, Pa. says that continuous electrode sales are showing at least a ten per cent increase

## STAPLES-STAPLERS at News-Record

## **Buy Bonds** where you work.

They do.

They move out from the landing area and toward their work. Not knowing what they'll find over the ridge. It's a tense job, defending freedom. It takes brave men to do it well. These men are brave—and farsighted as well. You see, a majority of all our servicemen overseas save for the future and support freedom with their dollars through regular purchase of U.S. Savings Bonds.

Should you be showing these brave men you appreciate their sacrifices? You do it when you buy Savings Bonds where you bank or join the Payroll Savings Plan where you work. You also walk a bit taller.

U.S. Savings Bonds

Bond facts: Savings Bonds pay you back \$4 for every \$3 at maturity in only seven years . . . are replaced free if lost, destroyed or stolen . . . bave special tax advantages . . . can be redeemed whenever the need arises.

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.
