Vol. 77 "Since 1890" PUBLISHED EVERY FRIDAY AT STERLING CITY, TEXAS JUNE 28, 1968 No. 25

AROUND THE COUNTY by

ARTHUR BARLEMANN, JR. COUNTY AGENT

Eighty-seven pets, the majority of them dogs, received the shots for the prevention of rabies last week at the annual rabies shot clinic. The shots were administered by Dr. Percy Turner, veterinarian from Water Valley. Pet owners were supplied with tags and receipts to certify that their pets had been inoculated.

The final plot of the five to be sprayed for the control of mesquite was sprayed last week. This demonstration is one of five strung across the state of Texas to help determine the best time to aerial spray mesquite following chaining.

Located on the R. T. Foster, Jr. ranch southwest of town, the first of the plots was sprayed in 1964, one year after chaining. Since then, an additional plot has been sprayed each year to determine the best time to spray. The plots will be checked for a number of years to determine regrowth of mesquite.

Moisture conditions this year were good for spraying but insects in some areas caused defoliation of the trees. This loss of leaves caused some spraying to be postponed for a year since not enough leaf surface was present to take in the herbicide and translocate it to the tree's root system.

Three confirmed cases of screwworms have been found in neighboring Tom Green County. The third case was confirmed on Wednesday of this week. It was in the Van Court area east of San Angelo where another case had been found last week. The third case, or the first one confirmed in the county, was on the ranch operated by Dr. Percy R. Turner, near Water Valley.

HORACE DONALSON

H. F. Donalson, 63, Buried Last Week

Horace Finley Donalson, 63, a Sterling County commissioner, died in the Shannon Hospital in San Angelo on Wednesday, June 19, after a short illness.

Services were held here on Friday, June 21, in the First Presbyterian Church with burial following in the Miles Cemetery.

Mr. Donalson was born on October 19, 1904 in Miles. He was married to Johnnie Drake September 9, 1925 in San Angelo.

He was a ruling elder in the First Presbyterian Church; a Mason and Order of the Eastern Star. He was a member of the Lions Club, and the Sterling Volunteer Fire

cases has been growing rapidly in recent weeks. A case has also been identified in Coleman County this week. The outbreak and spread of cases in the state has prompted the chairman of the Southwest Animal Health Research Foundation, Dolph Briscoe, to call a special meeting of the foundation next week in San Antonio.

Ross Foster exhibited the second and fourth place crossbred lamb carcasses in the Lamb of the Future Show in San Angelo over the weekend. The two carcasses came from a pen of three lambs that had been judged first place pen of crossbred lambs in the live show. Live judging was done on Friday; the lambs were slaughtered on Friday evening and the carcasses were evaluated on Saturday. They were on display in the cooler at Armour's plant Sunday afternoon and early Monday morning.

Clinton Hodges also entered the show with two pens of finewool lambs. Their live placings were third and fifth. Though they did not place in the carcass show, the finewool carcasses compared well with the crossbred and medium wool lambs.

FHA Girls Retreat at Christoval

The Sterling FHA girls had their annual retreat last week at Christoval. They left early Monday morning June 17 and returned home Wednesday afternoon, June 19.

Going on the retreat were Kathy Atkins, Carolyn Cole, Jaynell Cope, Linda Estes, Charlotte Foster, Karen Gaston, Janis Igo, Pam McEntire, Gaye Stewart, Susan Terry, Bethany Wells, Mrs. Early Barton, sponsor, Mrs. Ross Foster, Mrs. Fred Igo, Mrs. Ewing McEntire, Mrs. I. W. Terry, Mrs. Beth Wells, Bobby Barton, Skeete Foster and Melanie McEntire.

Department.

Horace was a Sterling County Commissioner eight years, and had been one of the first city councilmen when the city was incorporated. He was a Sante Fe railroader; in fact was the agent here when he retired. He had operated the Palace Theater here many years and at one time owned the City Cafe here.

The Rev. Phil Robberson, Methodist pastor, officiated at the services with Lowe Funeral Home in charge of arrangements.

Survivors include his wife, a daughter, Mrs. Bill Barbee and a grandson, Hull Barbee, both of Richardson; two sisters, Mrs. E. S. Rickard of Pasco, Washington and Mrs. Curtis Barrett of Lubbock; two brothers, J. O. Donalson and V. Z. Donalson, both of San Angelo.

Serving as pallbearers were Pat Boatler of Big Spring, Ansel Reed of Ozona, Harry Moyhan of Miles, Jack Turner of Dallas, Robert Foster, Hal Knight, Perry Matthews, and Webb Hudson all of Sterling City. Honorary pallbearers were elders and deacons of the First Presbyterian Church here.

Behind the 8-Ball

By the editor.

Sterling County residents went all out Saturday week ago and entertained the MISS WOOL contestants. They (the girls and their escorts) were guests of honor at a big barbecue and dance at the Alvie Cole ranch south of town.

The girls were greeted and made welcome here on the courthouse lawn by mayor L. R. Reed. They were then directed to the Cole ranch for an evening of fun and dance (western style).

The girls saw horse races, rode donkeys, ate barbecue and danced till midnight. The residents had donated the food for the supper.

8-BALL

Over \$500 for the Dr. Swann appreciation blowout here has been received by Mrs. Martin Reed, treasurer of the fund. With a goal of at least \$1500, it seems that amount will be reached before time for the affair.

If anyone wants to donate to such an appreciation fund for Dr. Swann, they may do so—on their own. Nobody is going to solicit you for a donation. Just give it or mail it to Mrs. Martin Reed at the bank here.

It is just a matter of true appreciation for him as a doctor, a man, a citizen and a very nice talented guy.

Get in on it if you want to. We will have a barbecue supper in the park and a presentation soon after he gets back from his vacation.

8-BALL

After a trip down to Florida and all points along the southern coast, it is good to be back in the old hot, dry, area of West Texas. That coastal area gets too much rain, even for me.

The Atlantic coast at S. Augustine, the lake areas of Florida, the orange groves and the pine trees, the palm trees and the moss covered forests are all beautiful. The old homes in the south, the old forts, the battlegrounds, the cane fields, the industrial cities and the Gulf coast, all combine to be

Lions Installation and Ladies Night Tonight

The Sterling City Lions Club will hold its annual ladies night and installation of officers 8 p. m. at the community center. No weekly luncheon was held Wednesday of this week.

Officers to be installed are as follows:

Tom Asbill, president
Skipper Lively, 1st v.-p.
Dan Glass, 2nd v.-p.
Albert McGinnes, 3rd v.-p.
Hal Knight, secy-treasurer
Henry Bauer, Tail Twister
Seth Bailey, Lion Tamer
New directors—Stan Horwood, Jim Davis and Roland Lowe.

Members of the club, their wives and any other invited guests may be present at the installation meeting tonight, said a club spokesman. All members are urged to be present, said a club spokesman.

Jim Davis is the retiring president.

Mrs. T. A. Gartman is the club hostess and will have charge of the meal. Jaynell Cope is club pianist and sweetheart.

SOCIAL SECURITY MAN HERE JULY 3

Bob Logan, Field Representative for the San Angelo Social Security Office, has scheduled his July visit to Sterling City. He will be at the county courthouse from 1:30 p. m. to 2:30 p. m. on Friday, July 3.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

Second Week in July Set

An appreciation dinner for Dr. Wm. Swann and presentation of thanks and appreciation to him for his faithful and talented service to this community has been set. It is now planned for some night during the second week in July; a catered supper will be had for those attending at a modest price. A plaque of some nature showing the appreciation of citizens is to be made, and a check for all the money donated will be presented to him to use as he sees fit.

So many people had different ideas as to what should be bought for him in the way of a gift, it was decided just to present him with the money—and let him buy what he wants himself. This seemed the best way to deal with that problem.

If you want in on the gift (and who doesn't?) just take or mail your gift check to Mrs. Martin C. Reed at the bank here. She is taking all donations. Make your check out to the Swann Appreciation Fund.

If you plan to attend the supper and presentation, let Mrs. Lee Augustine know as soon as possible. We'll have to know the approximate amount of persons to feed, so a deal can be made with the catering firm. Plates will not cost over \$1.50 each.

Many communities in the nation do this honoring their doctors for long and faithful service. And we have a doctor that surely is at the top.

Dr. Swann has served the people of Sterling and the area for nearly thirty years—with his time, his talents, his concern, his compassion, his medical and humane knowledge that certainly has been a credit to him, to us, and to his profession. We are lucky.

A program is being worked out for the night and it is hoped that a large crowd of friends, patients, and well-wishers will be on hand. And, lets have a nice amount of money for that gift ready.

Do your part. He deserves it.

The actual date, time and more details will be listed in next week's paper.

Show Doctor Swann that his friends and patients appreciate him.

All of this is being done by friends without his consent—or knowledge. He probably wouldn't like it, but he surely will appreciate it.

MRS. RALPH PARKER DIES IN ALABAMA

Services for Mrs. Ralph Parker were conducted June 16 from St. John's Episcopal Church, with burial in church cemetery. Rev. Ralph Rendall officiated.

Mrs. Parker died in Greene County Hospital June 14, after suffering a heart attack.

Survivors include four daughters, three sisters, two brothers and nine grandchildren.

Mrs. Parker was the mother of Mrs. L. B. Hallmark, Jr. whose address is Forkland, Alabama.

Mr. and Mrs. Stan Horwood are in New England on a vacation trip. They flew up last weekend.

Bill Reed, Sterling County ranchman is in a San Angelo hospital suffering from a stroke and will be hospitalized for some time, it was said.

The Inflation Spiral and You

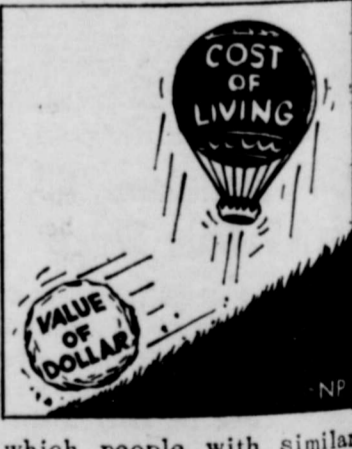

Newton's law of gravitation says in effect that "what goes up must come down." But very obviously the Newton theory was not formulated with the cost of living in mind. For many years now, living costs have been spiraling upward, buffeted by a seemingly endless round of wage and price increases. The result has been a long and steady decline in the purchasing power of the dollar—from a base of 100 in 1939 to approximately 45 cents today.

And if the dollar continues to lose value at the rate of 2 per cent a year, according to some authorities, it will take \$20,000 to buy a \$13,000 living standard in 1982.

There are ways, of course, to counteract this steady loss of purchasing power and mutual funds are one of them. An investment in mutual funds has been found to be especially effective in protecting one's dollar against such loss, for money so invested provides the opportunity to share in the growth and profits of American business and industry.

Historically, the long term course of the stock market has been up, temporary setbacks and periods of market stress notwithstanding. The fact is that while the cost of living has more than doubled since 1940, stock prices have managed to increase by some 600 per cent.

According to the Investment Company Institute, there are more than four million Americans with nearly \$45 billion invested in mutual fund shares. Basically, all mutual funds provide the means through

which people with similar investment goals can join together and pool their money in an effort to achieve these goals. Investing in mutual funds provides the shareholder a diversified investment program and continuous investment supervision. The Institute also points out that investments in mutual funds should be looked upon as long term investment programs, practical and convenient for accumulating capital for such objectives as retirement, building an estate, or providing funds for the education of children.

Social Security Tips CHANGES IN SOCIAL SECURITY LAW

One of the recent changes in the social security law will benefit many young families, according to Ted F. Moellering, of the San Angelo social security office. Benefits are now available to some workers, disabled before they reach age 31, who could not have been eligible under the old law.

"Under the old law," Mr. Moellering said, "a worker needed social security credits for at least 5 out of the 10 years before he became disabled unless he became disabled before 31 because of blindness. But a young worker might not have a chance to work enough to meet this requirement."

"Now, if he becomes disabled between 24 and 31, he needs to have worked under social security for only half the time between age 21 and the time he became disabled. Also, if he is disabled before he is 24, he will need only 1 1/2 years of work in the 3-year period ending when disability begins."

Mr. Moellering urges all workers who became disabled before 31, regardless of their age now, to get in touch with the local social security office soon, even if they have had a previous claim turned down because they had not worked enough. The new law may help them and their families. If they have young children, monthly benefits may be available to the wife and youngsters as well as to the disabled worker.

For further information and assistance in filing applications contact the social security office at 3000 West Harris Avenue in San Angelo, Texas. The telephone number is 949-4608. Or, if you prefer, contact our representative when he is in your area.

Higher Earnings Possible Without Benefit Deductions

For older people and other beneficiaries who continue to work the recent changes in social security will enable them to make more money and still draw some or all of their social security benefits.

The amount of money a per-

son can earn in a year and still draw all his social security benefits has been raised. Beginning with 1968, a person who makes as much as \$1,680 can still collect all of his social security benefits. Even if he earns considerably more than that, he may still draw some benefits. The old law had set that limit at \$1,500, through 1967.

Here's how it now works. If you are working regularly and do not earn more than \$1,680 a year in wages, you will receive all of your social security benefits each month. If you are working regularly and make more than \$1,680 a year, \$1 will be withheld from your benefits for each \$2 you make over \$1,680 and up to 2,880. If you make more than 2,880, \$1 will be deducted from your benefits for each \$1 you make above that amount.

However regardless of your total earnings for the year you will receive your social security check for any month in which you do not earn more than \$140 in wages and are not active in self-employment. This means that you could make any amount over \$1,680 a year, and still receive your checks for any month that you do not work, but with deductions against the months you do work. Remember, these new provisions apply to earnings in 1968. The old law applies to earnings and benefits in 1967.

As in the old law, there are no deductions taken from your social security benefits for any month after you reach 72, regardless of how much you earn in the year.

The provisions of the retirement test apply also to dependents of people who are receiving disability benefits, but not to the disabled worker himself. Special rules, including medical considerations, apply to people who are receiving benefits because of disability. About 760,000 people across the country are expected to receive some \$175 million in additional benefits during 1968, as a result of this change.

Of special interest to military men and women and their dependents is a provision in the

new social security law which promises greater protection for them and their families.

Under the old law only a person's military base pay was counted toward social security benefits. Starting with January 1968, an additional \$100 will be counted for each month in which the person in military service is receiving active duty pay.

Since social security benefits are based on average earnings over a working career, you and your family may be able to receive higher benefits later because of the additional credits.

The Congress recognized that under the old law, the social security protection of a worker might be impaired during a period when he is in military service, because of the relatively low earnings covered under social security. This new provision seeks to take into account the value of payment in kind — such fringe benefits as food, housing, and clothing, medical services, which are in effect part of the serviceman's earnings.

These earnings credits will automatically be credited to your social security account, and you don't have to make any kind of application to receive them. They will not mean additional social security contributions from your paycheck, but will be attributed to the general funds of the Treasury.

BEWARE OF MEASLES

Why are parents indifferent about protecting their children against measles? One answer, suggests Dr. R. Cannon Eley of Brown University, is that they are unaware of the serious effects of the disease.

When a safe and effective polio vaccine became available, he points out, parents demanded it for their children because they could see the crippling effects of polio. But children made deaf, mentally retarded, or emotionally disturbed because of measles do not obviously incriminate the disease.

Dr. Eley emphasizes that such measles effects — plus paralysis, blindness, recurrent convulsions, psychological disturbances, pneumonia, and ear infections — are not rare.

Encephalitis or inflammation of the brain occurs in 1 out of every 1,000 cases. It kills 50% of its victims, and leaves 25 per cent of the survivors mentally retarded, the doctor points out.

And in 1966, some 250 children died from measles in the U.S. — more than twice as many deaths from measles as reported cases of polio.

If unprotected, Dr. Eley says, "90 per cent of children have the disease before the age of 6 years; the remaining 10 per cent contract it later." During the period from January to December 30, 1967, there were 62,232 reported

cases of measles in this country.

Today, polio is almost nonexistent in the U.S. Tomorrow, Dr. Eley stresses, the same could be true of measles. Measles vaccine should be given to all children between the ages of 1 and 12, he says.

When they are immunized the disease will be under control, since these children — especially those in kindergarten and in the first 2 grades of elementary school — are most likely to contract the disease.

Only one "shot" is required with the Schwarz-strain vaccine, the type most commonly used in mass immunization campaigns. It provides what is believed to be lifelong protection similar to that which follows recovery from natural measles, but without the danger associated with the disease.

So don't jeopardize your child's health — or life — by neglecting his immunization. See your doctor about it today!

TEXAS SPECIALTIES

Curly Blanek has opened a Texas Specialties shop in the old lumber yard here. He and his partner, Bryant Philan, plan to sell or swap furniture, antiques, do furniture restoring and repair, home repair or painting or remodeling.

Curly says he will have the place open with chairs and tables for bridge, canasta or dominoes, or for people just to gather and talk and swap.

He plans to have catalogs of wall paper, furniture and the like on hand for people to look and browse through.

Free coffee will be on hand for everyone during the day, said Blanek.

8-BALL

Last week Jim Butler and Luke Hallmark went fishing over on the Colorado River in Coke County. They set out trot lines and also fished with rods and reels. They caught about 20 catfish and put 'em in a floating fish box. They came home at night and went back early the next morning to run their lines and get the already caught fish. Well, it had come a "dry" rise so to speak, and had washed away their lines as well as the floating box of caught fish.

While bad, it hardly compares with last year when the two went down on the Concho and had a boat turn over with 'em and they lost about \$100 worth of tackle, etc.

PRESBYTERIAN CHURCH

Cecil R. Tate, student at the Presbyterian Theological Seminary at Austin, will be the guest speaker at the First Presbyterian Church here at 11 a.m. Sunday.

Rev. Tate is one of the visiting preachers provided by the seminary while the church is without a full-time pastor or minister.

CARD OF THANKS

May I take this means of expressing my appreciation to those who remembered me with cards and letters and in other ways during my recent stay in the hospital. Such remembrances hasten recovery from ordeals like this.

Thank you.
Chesley McDonald

DEAR FRIENDS

Please accept our sincere and heartfelt thanks for all the nice things that our friends have done for us while Tom was in the hospital. Your visits, cards, gifts, favors, and especially your prayers, are deeply appreciated.

May God richly bless and keep you, always.
The Tom Asbill family.

THANKS

Sterling City is a small town. But it has a wealth untold. It's riches are the people. For their hearts are lined with gold.

The friends of fifty years ago are greyed but still the best. We prized their friendship most of all.

As our brother went to rest. Thank you, Dear Sterlingites. The family of Frank Kinnebrew.

NOTICE—I am not responsible for any one's debts except my own.

Selective Service

Editor's note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 702 Colorado St., Austin, Texas 78701. He will welcome your questions.

Q.—For the purpose of college student deferments, is a junior college considered an institution of higher learning?

A.—Yes, if its credits are acceptable toward granting of a baccalaureate degree by a college, university, or similar institution.

Q.—How long can a person be deferred as an undergraduate college student?

A.—He can be deferred in Class II-S until he completes the requirements for his baccalaureate degree (if completed within the normal and specified time), until he fails to pursue satisfactorily a full-time course of instruction, or until he reaches age 24, whichever occurs first.

Q.—Will men who become fathers after the new Selective Service law became effective (June 30, 1967) be deferred in Class III-A?

A.—Every case will have to be considered on an individual basis.

Q.—Does the new law make any change on fathers?

A.—Yes. Any man classified in Class II-S (college student) after June 30, 1967, can not under the law, be classified in Class III-A as a father.

CEREAL packages have taken on a new look. The backs of many Post Cereal packages are a miniature recipe file containing wonderful new recipe ideas for ways to use and serve cereal.

Did you know that bran and prune flakes are delicious served with sour cream or yogurt? All you do is stir enough milk into sour cream or yogurt until it's the right consistency, pour the mixture over the cereal and sprinkle brown sugar on top.

Another flavorful way to use bran and prune flakes is with sweet potatoes. This casserole would be the perfect accompaniment to roast pork or ham.

Sweet Potato Casserole

One 1-lb. 2-oz. can sweet potatoes; one 8½-oz. can crushed pineapple; 3 tablespoons butter, melted; 1 slightly beaten egg; 2 tablespoons brown sugar; ½ teaspoon salt; 1½ cups bran and prune flakes.

Drain and mash potatoes. Blend in pineapple, 2 tablespoons butter, egg, sugar, and salt. Gently stir in ½ cup cereal. Bake in a 1-quart casserole at 350° about 20 minutes. Mix remaining butter and cereal; sprinkle over top of casserole. Makes 4 servings.
