## 4-H Club Leaders Are Honored in Llano

Two Sterling County 4-H club leaders were among those honored Tuesday night in Llano. The occasion was the second annual Leaders Award Banquet for District 7. Leaders from 21 counties other than Sterling County were honored.

The two local leaders honored were Mr. and Mrs. Ross Foster. Each received a framed certificate and a leader pin denoting their service to the 4-H club.

Sponsors of the banquet were the electric service cooperatives operating in the twenty-two counties which make up Extension District 7. Guests other than the honorees were the Extension Agents from each of the counties in the district, the directors of the cooperatives, and Llano city and county officials.

The Fosters have long been active in the 4-H club. Two of their three children have been Gold Star award winners in the past. In addition to working with their own children, they have worked with many other club members in the county in a variety of ways.

They have provided time, materials, and facilities for training judging teams and demonstration teams for the various contests. ## Postal Rate Rise Discussed

An "inherited" postal deficit of \$12 billion is responsible for the proposals to raise the postage bill for residents of Sterling City, Postmaster W.R. Brooks, said today.

Mr. Brooks said that he had been advised by Postmaster General Winton M. Blount in Washington, D.C. that the record \$1.2 billion 1970 deficit compelled President Nixon to seek postage rate increases. Without higher rates the Department will be left with a staggering deficit that would become an added public tax burden.

In addition to increasing letter mail from 6 to 7 cents, as proposed by the Johnson administration, President Nixon also asked that second and third class mailers help reduce the large postal deficit which would be otherwise be paid by taxpayers, the postmaster said.

For the bulk third-class mail and most magazines and newspapers, the rates would be increased 16 per cent to 20 per cent above today's levels, he noted. These percentages include rate hikes already scheduled by previous action of Congress.

The president's recommended increases will reduce the 1970 postal deficit by more than \$600 million.

The postmaster listed these other details on the proposed increases:

**FIRST-CLASS MAIL:** Letters and post cards would be increased one cent, to 7 cents an ounce and 6 cents a piece, respectively, on July 1, 1969. Airmail postage would remain at 10 cents. This will yield \$557.2 million in net revenue.

**SECOND-CLASS MAIL:** A handling charge of 3-10ths of a cent per piece for circulation outside home counties would become effective July 1, 1969. This would yield \$15.3 million annually and would represent a 12 percent increase in addition to the 8 percent rise scheduled to take effect January 1, 1970.

**THIRD-CLASS MAIL:** For singles pieces, rates would be increased one cent per piece. This would yield \$12.4 million. For regular bulk third-class the minimum would be increased to a uniform rate of 4.2 cents, January 1, 1970, as contrasted with the present rate of 3.3 cents. The 1970 increase would lift revenues by \$42.8 million annually.

and planning for the awards banquets in the past.

Ross has long been a member of the County Stock Show Association. He has worked with the group in making plans for the local show and in putting on the show for a number of years.

The leaders, parents in the case of Sterling County's leaders, make the 4-H program what it is in this area. There are many of them throughout this area who contribute much to the success of the program and the recognition they receive at the banquet is small pay for their time and efforts.

**For Social Security**

A number of widows and surviving children of deceased workers in this area could be missing out on social security money due them, according to Ted F. Moellering, district manager of the Social Security Office. Many changes have been made in recent years concerning benefits for widows and children. Some who would be eligible do not know about the new rules, Mr. Moellering said. Mr. Moellering further noted that at present there are over three million young widows and children receiving a monthly social security check.

A widow who is completely disabled and over age 50 can receive reduced widow's benefit if she becomes disabled within seven years of her husband's death or the time she last had a child entitled to benefits in her care. Also, widows who remarry after age 60 may retain a part of the widow's benefit.

Children who would be otherwise entitled because of the death, disability, or retirement of a parent except for being over age 18, can now receive student benefits if they are in full-time school attendance, unmarried, and under age 22.

Children also have full protection now on their mother's account under the same rules that apply to a father's account. This present law will result in a number of children being able to receive social security benefits when their mother dies or becomes disabled, including some who were previously turned down under the old law, Mr. Moellering said.

Anyone knowing someone who might qualify for benefits under these provisions is urged to have them get in touch with their Social Security Office at 300 West Harris Avenue in San Angelo, Texas, or see the representative when he is in your area.

"The Legislature shall have authority to enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy persons, in providing rehabilitation and any other services included in the federal laws

making matching funds available to help such families and individuals attain or retain capability for independence or self-care, to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of state funds for such purposes; provided that the maximum amount paid out of state funds to or on behalf of any needy person shall not exceed the amount that is matchable out of federal funds; provided that the total amount of such assistance payments only out of state funds on behalf of such individuals shall not exceed the amount of Eighty Million Dollars (\$80,000,000) during any fiscal year.

"Supplementing legislative appropriations for assistance payments authorized by this Section, the following sums are allocated out of the Omnibus Tax Clearance Fund and are appropriated to the State Department of Public Welfare for the period beginning September 1, 1969 and ending August 31, 1971: Three Million, Six Hundred Thousand Dollars (\$3,600,000) for Old Age Assistance, Two Million, Five Hundred Thousand Dollars (\$2,500,000) for Aid to the Permanently and Totally Disabled, and Twenty-Three Million, Nine Hundred Thousand Dollars (\$23,900,000) for Aid to Families with Dependent Children. Such allocations and appropriations shall be made available on the basis of equal monthly installments and otherwise shall be subject to the provisions of currently existing laws making allocations and appropriations for these purposes.

"Provided further, that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate federal statutes, as they now are or as they may be amended to the extent that federal matching money is not available to

the state for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enacts such laws as may be necessary in order that such federal matching money will be available for assistance and/or medical care for or on behalf of needy persons.

"Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer or prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the laws of this state."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday in August, 1969. At the election the ballots shall be printed to provide for voting "FOR" or "AGAINST" the proposition: "The Constitutional Amendment providing for assistance to and/or medical care on behalf of the needy aged, the needy blind, the needy disabled, and the needy dependent children and their caretakers; establishing Eighty Million Dollars (\$80,000,000) as the maximum amount that may be paid per year from state funds for assistance only; allocating and appropriating additional sums supplementing current legislative appropriations for assistance grants; and authorizing the Legislature to enact such laws as may be necessary in order that federal matching money will be available for assistance and/or medical care."

### Social Security

People who sign up for social security only to gain Medicare coverage are often amazed to learn that they will also be drawing some checks for the year, according to Ted F. Moellering, District Manager of the San Angelo Social Security Office.

For instance, a person entitled to a monthly benefit of \$122.90 who expects to earn \$3000 in 1968 would draw a check of \$17.40 for June, 1968, and full checks for the rest of the year.

"This is possible because of the liberalized retirement test under the present social security law," Mr. Moellering said.

"A social security beneficiary can earn \$1680 per year and draw his checks every month. If his earnings are \$2880 or less, an amount equal to one-half the earnings between \$1680 and \$2880 is subtracted from total benefits payable for the year. If earnings are over \$2880, an additional one dollar for every dollar over \$2880 is subtracted from benefits payable.

"There has been no change in the provision that a person can draw a check for each month that he is age 72, regardless of his total earnings for the year."

For further information, contact the Social Security Administration at 3000 West Harris Avenue in San Angelo, Tex. or see the representative when he is in your area.

The "length of marriage" requirement in social security's definition of "widow", "widower", and stepchild of a deceased worker" has been changed, reports Ted F. Moellering, District Manager of the San Angelo Social Security Office.

A widow, widower, or stepchild may now qualify for social security benefits based on a marriage that has been in existence for only 9 months just before the death of the worker.

Mr. Moellering added that in some cases a marriage that has lasted for as little as 3 months may qualify the survivor. These are cases involving accidental death or death in the line of duty in the uniformed services.

Benefits under this change in the law were first payable in February, 1968. Any person who has been previously disqualified because a marriage had not been in effect long enough should contact the Social Security Office at 3000 West Harris Avenue in San Angelo, Texas, or see the representative when he is in your area.

**NOTARIES MUST BE REAPPOINTED**

Secretary of State Martin Dies, Jr. announced that all qualified Notaries Public desiring re-appointment for the new term which begins June 1, 1969 and ends June 1, 1971, must pay the required fee and file a new oath and bond with the County Clerk between May 1, 1969 and May 15, 1969 inclusive.

Mr. Dies emphasized that Notaries Public should NOT send requests for re-appointment or for commissions directly to the Secretary of State inasmuch as the law specifically requires that the County Clerk approve Notary Bonds and forward copies of the Application to the Secretary of State.

Dies further stated that any person not now a notary public who desires appointment for the new term, should apply to his county clerk before May 16, 1969. The applicant must be at least 21 years of age, a citizen of the United States of America and Texas, and a resident of the county for which appointed. The required Application Forms may be obtained from the county clerk.

TODAY, NUCLEAR POWER HAS PASSED THROUGH THE EXPERIMENTAL STAGES. ITS PROVEN GREAT POWER POTENTIAL IS NOW A MATTER OF RESPONSIBLE PUBLIC ACCEPTANCE.

**HOSPITAL INSURANCE BENEFITS**

The hospital insurance benefits of Medicare provide for services of three types, according to Ted F. Moellering, manager of the San Angelo social security district office. Benefits are possible when you are (1) a bed patient in a hospital, (2) a bed patient in an extended care facility (skilled nursing home) assigned there by your physician as a follow-up to hospital care, and (3) a patient at home receiving home health services, Mr. Moellering continued. There has been some thought that because you are covered under Medicare up to a certain maximum number of days, you can automatically count on that number of days regardless of your condition. Mr. Moellering went on to say that this is a misunderstanding and that when your condition improves to the extent you no longer require the level of care provided, then your eligibility ceases.

An example of this misunderstanding is the 100 day eligibility in an Extended Care Facility. We are sometimes asked why a certain person was told Medicare would no longer pay for his stay in an Extended Care Facility when he had only been there 50 days and still had 50 days coming. The condition of the patient rather than the number of days is the controlling factor up to the point that the maximum number of days is reached. Coverage ends when his condition is such that he no longer needs the level of care provided by the Extended Care Facility.

Any question about this or any area of Medicare or Social Security should be resolved by a visit or contact with the Social Security Office located at 3000 West Harris Avenue in San Angelo, Texas, or see the representative when he is in your area.
