Vol. 78

PUBLISHED EVERY FRIDAY AT STERLING CITY, TEXAS "Since 1890"

It appears that the screwworm outbreak has begun to move out of the South Texas area at this time. During the last week, cases have been confirmed in Crockett County, Presidio County and Kerr County. Crockett and Kerr Counties both had single cases reported while Presidio County had its third case in the last week. Earlier in the year Pecos County also recorded a case.

Thus far, Sterling County producers have had reports on two samples sent in this spring. Both were identified as nonscrewworm samples. They were sent in by S.L. Augustine and L. C. McDonald.

Program officials continue to urge increased vigilance on the part of all producers. The weather thus far this spring Open House at WTU has been "made-to-order" for this livestock pest.

### FIRST MOON LANDING IS EXPECTED TIME

man of the dance committee.

Traveling at speeds up to 24,000 miles an hour, American astronauts are expected to travel 240,000 miles this year to reach a place where temperature ranges from 250 degrees above zero to 280 below where there is no air and probably no water, and where scientists and lovers have longingly gazed for thousands of years.

The earthmen will stay on the moon about 21 hours, of which three hours will be spent outside their 16-ton LEM.

When leaving the moon to hook up again with the command module, the LEM passenger will have 80 pounds of moon material as baggage for delivery to scientists on earth. Some 33,000 workers of the

National Aeronautics and Space Administration (NASA) support platform next to the and an additional 400,000 engineers, scientists and other employees at space industry companies are helping to make the landing a reality. So is every taxpayer, for the lunar program to which President

Kennedy committed America eight years ago will have cost about \$30 billion by the end of it is expected that a powerful this year.

telescope will be carried to the Imagine a 36-story building blasting itself off the ground moon for man's "best ever" and shooting into space, and look at the heavens.

### **Postal Rate Rise** Discussed

An "inherited" postal deficit of \$12 billion is responsible your income. Easy to do. \$475.for the proposals to raise the 00 cash required for inventory. postage bill for residents of Include phone number. Write Sterling City, Postmaster W.R. P. O. Box 853, San Angelo, Brooks, said today.

Mr. Brooks said that he had been advised by Postmaster INCOME-SPARE TIME General Winton M. Blount in Washington, D.C. that the rec- lec money from NEW TYPE ord \$1.2 billion 1970 deficit compelled President Nixon to seek postage rate increases. Without higher rates the De-Without higher rates the De- net excellent income. More partment will be left with a time can result in more monstaggering deficit that would ey. For personal interview become an added public tax write Advance, Box 176, Elmburden.

In addition to increasing letter mail from 6 to 7 cents, as proposed by the Johnson administration, President Nixon also asked that second and third class mailers help reduce the large postal deficit which would be otherwise be paid by taxpayers, the postmaster said.

For the bulk third-class mail and most magazines and newspapers, the rates would be increased 16 per cent to 20 per cent above today's levels, he noted. These percentages include rate hikes already scheduled by previous action of Congress.

The president's recommended increases will reduce the 1970 postal deficit by more than \$600 million.

The postmaster listed these other details on the proposed increases:

FIRST-CLASS MAIL: Letters and post cards would be increased one cent, to 7 cents an ounce and 6 cents a piece, respectively, on July 1, 1969. Airmail postage would remain at 10 cents. This will yield \$557.2 million in ne wrevenue.

SECOND-CLAS MAIL: A handling charge of 3-10ths of a cent per piece for circulation outside home counties would become effective July 1, 1969 This would yield \$15.3 million annually and would represent a 12 percent increase in addition to the 8 percent rise scheduled to take effect January 1, 1970. THIRD-CLASS MAIL: For singles pieces, rates would be increased one cent per piece. This would yield \$12.4 million. For regular bulk third-class the minimum would be increased to a uniform rate of 4.2 cents, January 1, 1970, as contrasted with the present rate of 3.3 cents. The 1970 increase would lift revenues by \$42.8 million annually.

### NOTARIES MUST BE REAPPOINTED

Secretary of State Martin Dies, Jr. announced that all qualified Notaries Public desiring re-appointment for the new term which begins June 1. 1969 and ends June 1, 1971, must pay the required fee and file a new oath and bond with the County Clerk between May 1, 1969 and May 15, 1969 inclusive.

Mr. Dies emphasized that Notaries Public should NOT send requests for re-appointment or for commissions directly to the Secretary of State inasmuch as the law specifically requires that the County Clerk approve Notary Bonds and forward copies of the Application to the Secretary of State.

Dies further stated that any person not now a notary public who desires appointment for the new term, should apply to his county clerk before May 16, 1969. The applicant must be at least 21 years of age, a citizen of the United States of America and Texas, and a resident of the county for which appointed. The required Application Forms may be obtained from the county clerk.
