The Travelers Safety Service

Excessive speed and carelessness are among the prime cause of accidents.

Behind the 8-Ball

By the editor.

At the state fair in Dallas this week, a reporter from the Dallas Times-Herald asked a couple of Sterling County lamb exhibitors just what they thought of Hippies. The two were Charlotte Foster and Payton Wilson.

Charlotte said, "The hippies talk about everyone being conformists when they run around like a bunch of sheep, doing everything someone wearing long hair or a beard tells them to do. Their resemblance to sheep is more than physical."

Payton said, "I feel they should dress decently, but I don't think they should be forced to do anything as long as they don't hurt anyone else."

Both of the Sterling County kids got their pictures on the front page of the Dallas Times-Herald Wednesday.

8-BALL

Long hair is popular among entertainers, especially the younger ones. The fad will pass and sensible regular cuts will come back. After all, not everyone could grow a head of hair like Johnny Cash or young Dino Martin.

It's when they put on the beads and stuff, that I quit 'em. And dirty barefeet.

8-BALL

There is to be a homecoming parade and doings here today. The Eagles play the traditional arch-rival Garden City Bearkats on the local field tonight. The parade will be at 2:15 and start at the roadside park, go up to the lumber-yard corner and turn and go on to the school for a pep rally in the gym.

Lower the boom on the Bearkats, Eagles.

8-BALL

Now that I'm about used to it, daylight saving time will go off. It will die on October 26, the last Sunday of this month. When it starts in the spring, I'm not ready for it. When it changes in the fall, I'm not ready for it. I'd rather it'd stay one way or the other all the time.

I never have seen too much sense of taking an hour off the

Wimodausis Club

The Wimodausis Club met Tuesday afternoon of last week in the club room of the community center for a special observance of Texas Day—the theme being "Texas Talent Creates Texas Industry."

Mrs. N. H. Reed led the pledge to the Texas Flag and Mrs. Frank Cole read a poem by Margaret L. H. Hancock, entitled "Shrine of the Woods" pointing up the ethnic value of preserving the East Texas Big Thicket as a National Park.

Mrs. Harvey Glass introduced the featured guest, Mr. Bart Mann, who, with his assistant, Mr. Remo J. Scardigli, presented his exotic, unique jewelry exhibit with explanatory lecture. A number of guests were present for the program.

A business meeting followed the refreshing tea prepared by hostesses Mrs. Roy Morgan and Miss Maggie Reynolds, at which time the club members heard a detailed statement from the treasurer, and a report on the concluding procedures connected with the sale of a parcel of real estate to the Texas Highway Department. The club also voted to replace the old refrigerator in the club room.

night and adding it to the morning in the spring, and then turning around and taking it off the morning and adding it to the evening that fall.

The only guys that are kinda ahead of the game are those birds that just did not turn their clocks up last spring. They won't have to do anything on October 26.

8-BALL

One of my favorite traveling salesmen, Mims C. Reed, was in town this week. All decked out in green, he cuts a figure—in his tall Texan way.

8-BALL

A light frost formed on my windshield here Tuesday about daylight—or rather before. I had to scrape it off before driving down to the post office at 7:30 a.m. Guess it's about that time of the year. At least by the calendar.

8-BALL

The Eaglets beat the Garden City Juniors 36-14 there on Thursday last week. The Eaglets played Sacred Heart Catholic Juniors here this Thursday afternoon.

Eaglets Beat Garden City Last Week

TRAINING CLASSES TO START IN NOVEMBER

Beginning in November, there will be a Manpower Development Training Class starting for Machine Operator (Machine Shop), Combination Welder, and Auto Mechanics. This program will be conducted by the Vocational Department of the Angelo Central High School.

The selection of trainees for this class will be under criteria set up under the Manpower Development Training Act, which requires that at least 85% be from the unemployed, under-employed, disadvantaged and poor.

If you can qualify or know of someone that can qualify, contact the Texas Employment Commission for further information concerning this training program.

Attends Principals Meeting

James Thompson, principal of Sterling City High School, attended the Secondary Principals' Meeting in Corpus Christi this week through Wednesday.

Sale time is set for 1:00 p.m. 94 bulls, including 42 bulls that were selected from an offering of 500 bulls for the production gain program.

These bulls were weighed and fed together in a large pen on a high roughage ration formulated by Texas A&M University for 140 days. Hence each bull was on his own merits from the start.

There will be half brothers of closer kin to the San Antonio 1969 Grand Champion Steer. One fourth brothers to the State Fair 1968 Reserve Champion Steer, and half brothers to the 1969 West Texas Fair Grand Champion bull. There are half brothers to the bull which has been producing many champions in Missouri and some top blood lines in the state. There will be 19 sons of one of the first certified meat sires in the state. Over 80 percent of the bulls have certified performance records on a 40 day gain test.

Everyone will have an opportunity to judge the cattle. Further information and catalogs may be obtained by contacting the Texas Angus Association, 104 Livestock Exchange Bldg., Forth Worth, George Garretson, President; or Hill Country Angus Association, Box 422, Fredericksburg, Texas, Box 431.

Encounter Crusade Begun by Baptists

The "Thing" among the Baptists of the Concho Valley Association this month is the Encounter Crusade to be held in the Coliseum in San Angelo October 19-24. Much planning and preparation has gone into this venture. Dr. W. A. Criswell, pastor of the First Baptist Church in Dallas, will be the preacher for this meeting and Lee Roy Till, of that church, will lead the huge choir and congregation.

Special guests have been invited to appear on the program such as Craig Bayam of the Dallas Cowboys on Monday night and Ethel Waters, internationally famous singer of sacred songs and actress will appear on several other nights. The football squads of San Angelo and area will be present in a group on Monday night and there will be special delegations present from surrounding areas.

This Encounter Crusade will be followed by revivals in the local churches to reach those making decisions during the Crusade and also those that were not reached.

The local revival in Sterling City will be held at the First Baptist Church, October 26-November 2. The evangelist for this meeting is Bryan Ross, area missionary for the Big Spring and Concho Valley Baptist area. The song leader is to be Bruce Hudspeth, minister of music of the Baptist Temple in Big Spring.

We encourage everyone to attend both the Encounter Crusade and the local church revival, said Andy Daniels, pastor of the local Baptist church.

Social Security Tips

A number of widows and surviving children of deceased workers in this area could be missing out on social security money due them, according to Ted F. Moellering, district manager of the Social Security Office. Many changes have been made in recent years concerning benefits for widows and children. Some who would be eligible do not know about the new rules, Mr. Moellering said. Mr. Moellering further noted that at present there are over three million young widows and children receiving a monthly social security check.

A widow who is completely disabled and over age 50 can receive reduced widow's benefit if she becomes disabled within seven years of her husband's death or the time she last had a child entitled to benefits in her care. Also, widows who remarry after age 60 may retain a part of the widow's benefit.

Children who would be otherwise entitled because of the death, disability, or retirement of a parent except for being over age 18, can now receive student benefits if they are in full-time school attendance, unmarried, and under age 22.

Children also have full protection now on their mother's account under the same rules that apply to a father's account. This present law will result in a number of children being able to receive social security benefits when their mother dies or becomes disabled, including some who were previously turned down under the old law, Mr. Moellering said.

Anyone knowing someone who might qualify for benefits under these provisions is urged to have them get in touch with their Social Security Office at 300 West Harris Avenue in San Angelo, Texas, or see the representative when he is in your area.

STERLING COUNTY OIL-GAS ROUNDUP

Sterling County oil and gas wells pumped some \$8.4 million into the county's economy last year, according to a study just released by the Texas Mid-Continent Oil & Gas Association.

Value of production from oil wells was \$7.9 million and from natural-gas wells \$467,000, based on the most recent U.S. Bureau of Mines figures compiled by the Association. The county ranked 108th in the state in value of production.

"Output from Sterling County is part of this country's domestic oil supply which is endangered by some of the proposals now before Congress," commented Corbin J. Robertson, Association president. "Attempts to destroy percentage depletion provisions of our income tax laws and to nullify present controls over imported oil could discourage further development of Texas oil resources. Eventually oil markets now shared by the county would be given over to foreign producers."

Last year, the county produced 2.7 million barrels of crude oil and 3.6 billion cubic feet of natural gas.

Of this total, county landowners and others with mineral interests received royalty payments of \$1.1 million.

The state received \$398,000 in production taxes with crude oil accounting for \$365,000 and natural gas \$33,000. A number of school districts in the county lean heavily on oil production for ad valorem tax support, such as Sterling City, 49.2%.

Drilling expenditures were an estimated \$4 million. Of the 51 wells drilled in the county, 21 were completed as oil wells and 1 as a gas well, according to Ira Rinehart's Yearbook. The 29 dry wells or holes cost \$2.2 million. There were 18 wildcats drilled.

The Texas Employment Commission lists 23 workers on oil and gas payrolls, which totaled \$138,000.

CEREAL packages have taken on a new look. The backs of many Post Cereal packages are a miniature recipe file containing wonderful new recipe ideas for ways to use and serve cereal.

Did you know that bran and prune flakes are delicious served with sour cream or yogurt? All you do is stir enough milk into sour cream or yogurt until it's the right consistency, pour the mixture over the cereal and sprinkle brown sugar on top.

Another flavorful way to use bran and prune flakes is with sweet potatoes. This casserole would be the perfect accompaniment to roast pork or ham.

Sweet Potato Casserole

One 1-lb. 2-oz. can sweet potatoes; one 8½-oz. can crushed pineapple; 3 tablespoons butter, melted; 1 slightly beaten egg; 2 tablespoons brown sugar; ½ teaspoon salt; 1½ cups bran and prune flakes.

Social Security News

Persons receiving social security disability benefits must report improvement in their condition to the Social Security Administration. Ted F. Moellering, social security district manager, stated that disability beneficiaries must also report a return to any kind of work.

Mr. Moellering made the announcement because of several recent cases in which beneficiaries were overpaid because these two events were not properly reported and benefits not due were continued. Overpayments have to be refunded and this can work a financial hardship on those having to repay benefits.

Mr. Moellering explained most overpayments in these cases occur because beneficiaries misunderstand the requirements of the law. Disability benefits can be paid only if an individual is so disabled he can't do any kind of a job, not just his regular job. Therefore, any improvement in the disabling condition has to be reported. Too, when a disabled worker does some work, even if it is sheltered or light work, it must be reported so that a determination can be made immediately about whether benefits should continue.

Mr. Moellering pointed out that in some cases, disabled workers can get benefits can get benefits up to nine months while they try out some job to see if they can do it, but their work still must be reported.

For more detailed information check with the Social Security Office located at 3000 West Harris Avenue in San Angelo, Texas, or see the representative when he is in your area.

DISABLED WORKER NEWS

Disabled workers should file their social security applications early, according to Ted F. Moellering, social security district manager. Although benefits for disability cannot be paid until after a worker has been disabled for six months, an application can be filed any time after a disability begins.

Mr. Moellering explained that the process for determining eligibility for disability benefits can sometimes be rather long and complicated. Therefore, no one should delay applying until the six months waiting period expires. Applying early permits the claims process to begin so that a decision can be made early enough to mail the first check on time.

Mr. Moellering reminded Sterling City readers that social security benefits are payable to workers when they have become too disabled to do any substantial work. The disability must be expected to last at least 12 months. A disabled worker's children under

age 18 (and those 18 to 22 who are full-time students) and his wife may also qualify for benefits.

Contact your Social Security Office at 3000 West Harris Avenue in San Angelo, Texas, or see the representative when he is in your area for more information.

HOSPITAL INSURANCE BENEFITS

The hospital insurance benefits of Medicare provide for services of three types, according to Ted F. Moellering, manager of the San Angelo social security district office. Benefits are possible when you are (1) a bed patient in a hospital, (2) a bed patient in an extended care facility (skilled nursing home) assigned there by your physician as a follow-up to hospital care, and (3) a patient at home receiving home health services, Mr. Moellering continued. There has been some thought that because you are covered under Medicare up to a certain maximum number of days, you can automatically count on that number of days regardless of your condition. Mr. Moellering went on to say that this is a misunderstanding and that when your condition improves to the extent you no longer require the level of care provided, then your eligibility ceases.

An example of this misunderstanding is the 100 day eligibility in an Extended Care Facility. We are sometimes asked why a certain person was told Medicare would no longer pay for his stay in an Extended Care Facility when he had only been there 50 days and still had 50 days coming. The condition of the patient rather than the number of days is the controlling factor up to the point that the maximum number of days is reached. Coverage ends when his condition is such that he no longer needs the level of care provided by the Extended Care Facility.

Any question about this or any area of Medicare or Social Security should be resolved by a visit or contact with the Social Security Office located at 3000 West Harris Avenue in San Angelo, Texas, or see the representative when he is in your area.
