AROUND THE COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

Sterling County 4-H Club members returned from the Houston Livestock Show with \$236 in prize money earned in the registered Rambouillet show and the lamb show during last week's Junior Show. In addition, four of the nine lambs entered sold through the auction Thursday afternoon for \$318.

Patti Bynum placed both lambs she had entered in the show. Her heavyweight fine-wool cross lamb placed 17th and sold for 55 cents a pound. She also had the 17th place medium wool lamb, a Suffolk, that sold for 45 cents a pound.

Melinda Terry had the 28th place lightweight fine-wool cross lamb. It sold for forty cents per pound.

Charlotte had the thirteenth place lightweight fine-wool cross lamb. This lamb sold for \$2.25 per pound. The sale place heavy crossbred; Bobby had pretty well bogged down about two-thirds of the way through and was stopped with the announcement that the remainder of the lambs would bring forty cents unless some buyer wished to have a particular lamb brought into the sale. Charlotte had made and friends with two buyers and they called for her lamb. Thus, the bid of \$2.25 per pound.

Janis Igo had three lambs entered but couldn't quite get them in the money. Classes in all divisions were large and it was quite difficult to place in a good lamb show.

In the Junior Rambouillet Show Thursday morning, Amy Hodges had the champion and reserve champion rams as well as the champion ewe. Amy and sister Becky pretty well captured the major portion of the money in this show.

In the ram lamb class, Becky had first and ninth places while Amy took second and eighth. Amy had the first and second place rams in the two-tooth ram class with Becky claiming third and fourth places. The second and third place ewe lambs belonged to Amy with Becky owning the fourth and seventh place ewes. In the two-tooth ewe classes, the sisters claimed the first four places with Amy having the first and second place animals and Becky the third and fourth place ewes. Amy had the first place exhibitor's flock while Becky had the second place flock.

This week's San Angelo show marks the end of the spring show circuit. The thirty-seventh annual San Angelo Show will close on Sunday, March 15th. Dwayne and Russell Davis will be taking part in the final calf scramble of the show on Sunday afternoon.

Judging today—Friday, Mar. 13—will be taking place in the Junior Rambouillet Show, the range ewe lamb show, and the barrow or pig show. Saturday's events include the livestock judging contest and the sale of livestock.

If you haven't already gotten your pecans sprayed with a Gormant oil spray for control of spray, you still have time to do so. But it must be done soon as the oil could burn the tender buds once they begin to swell.

FFA Members Show at Houston Show

Twelve Sterling City FFA members exhibited 31 lambs at the Houston Livestock show last week; they also exhibited three barrows and seven Rambouillets in the show.

In the fine-wool lamb classes, Brandt Badger had the 16th place heavyweight fine-wool; Carl Igo showed the 18th place lightweight fine-wool and Skeete Foster showed the 19th place fine-wool lamb. Only one fine-wool lamb failed to place, and he was classified out by the classifier.

Jim Terry exhibited the champion heavyweight crossbred lamb; Tommy Bynum received a 9th place ribbon on his heavyweight crossbred lamb; Jim Terry had the 18th place heavy crossbred; Bobby Bynum the 21st light cross; Carl Igo the 22nd light cross; Tommy Bynum the 24th light cross and Brandt Badger the 27th light cross.

Fifteen of the lambs made the premium sale at the show. Jim Terry's champion heavy cross sold for \$4.00 a pound and the lamb weighed 104 pounds. Other lambs in the sale brought from 40c to \$2.75 per pound.

Bobby Bynum, Tommy Bynum and Lee Igo exhibited one barrow each at Houston. Lee's barrow placed third in the heavyweight crossbred class, but he did not get to drive the barrow in the auction sale—the barrow sold for 42c a pound.

More than 1,100 lambs were exhibited at the show and more than 1,400 barrows were shown. Janis and Lee Igo exhibited fourth and fifth place ram lambs, and 6th and 10th place yearling rams in the Junior Rambouillet Show. They also exhibited first place ewe lamb and 4th and 6th place yearling ewes. The first place ewe lamb was chosen reserve champion Rambouillet ewe of the Junior Show.

Mrs. George Case, 73, Buried Tuesday

Funeral services for Mrs. George Case, 73, were held here Tuesday afternoon in the Church of Christ. Burial followed in the Foster Cemetery. Officiating were Marion Hays, minister of the Church of Christ, and Rev. Harold Orr, pastor of the Methodist Church. Lowe Funeral Home was in charge of arrangements.

Mrs. Case had died at 6:15 p.m. Sunday in the Sterling County Hospital following an illness of over a month.

She was born February 1, 1897 in Voca, in McCullough County. She moved to Sterling City in 1906. She was married to George Case on December 23, 1926 in San Angelo. She graduated from the Sterling school in 1915 and attended Simmons College in Abilene and had taught school in Sterling County. She was a member of the Church of Christ.

Survivors include her husband; one daughter, Mrs. J. W. Denton of Irving; two brothers, Raymond L. Churchill of Big Spring and Chester A. Churchill of Midland.

Pallbearers were Riley J. King, Chesley McDonald, Ira (Cotton) Frizzell, D.D. Nichols, Reynolds Foster, Dr. Wm. J. Swann, Albert McGinness and O.T. Jones.

Lions Hear Oral Readers Wednesday

The Lions Club members heard four students of the local junior high school read their oral selections Wednesday noon. The four will give those readings in the literary events of the interscholastic league here next Thursday. The four students were Lisa Horwood, Cathy Frizzell, Don Alexander and Duane Blair. The speech sponsor, Mrs. Danny Slaughter, accompanied the students to the meeting and explained their roles in the events of next week.

Melvin Foster was another guest. Jim Davis reported on plans for the junior rodeo that will be held next summer in connection with the Old Settlers Reunion here in August.

President Skipper Lively appointed H. L. Hildebrand, Jim Davis and Lee Reed as a nominating committee for selecting next year's officers. On a committee to select the Lions Club sweetheart and pianist for next year Lively named Jack Douthit, Dan Glass and himself.

It was announced that in the future when the community center was used on Wednesdays for family dinners—like the day of a funeral—the club would hold its meeting on Thursday.

Charlotte Foster, present club sweetheart and pianist, will be the club's representative in the district Lions Club Queen's Contest in April. The district convention will be held in San Angelo this year.

District Court Here Next Wednesday

District court will get underway here next Wednesday, March 18 with the convening of the grand jury at 10 a.m. Judge Joe Mays is presiding judge of the 51st District Court and Frank Dickey, Jr. is district attorney.

Deputy sheriff Melvin Foster said a matter of burglary at Joe Blane's was to be looked into by the grand jury, and any other matters that might be brought to the attention of the jurors.

AS IT LOOKS FROM HERE

By Omar Burleson, Member of Congress, 17th District

WASHINGTON, D.C.—"The President, Vice President and all civil officers of the United States, shall be removed from office on impeachment for, and conviction of, treason, bribery or other high crimes and misdemeanors." This is Section 4, Article II of the Constitution.

There has been much discussion over the years as to what constitutes impeachable offenses. For many years the theory was maintained that indictable offenses only were impeachable. This theory has been stoutly defended and stoutly denied. Only one case appears to exist for impeachment on an offense not subject to indictment.

Mostly we think of treason, bribery or, for that matter, any crime, as being clearly a matter of black and white. In any criminal trial in our courts, intent often determines conviction, acquittal or mitigation. Intent and motive is at the heart of solving crime as well as prosecution. The courts have held that to convict one charged with advocating the overthrow of our Government, an overt act must be proved. In other words action must be connected with statement of the accused.

Justice of the Supreme Court, William O. Douglas, has recently written a 97-page booklet entitled "Points of Rebellion." It is a tirade against the "American establishment"—the Pentagon, the FBI, the CIA, Police, employers and educators. One of the strongest sentences is that "violence may be the only effective response of outraged youth."

Justice Douglas compares our today's establishment with King George III of England. "George III was the symbol against which our founders made a revolution, now considered bright and glorious," Justice Douglas wrote. "The Justice says in his book, 'We must realize that today's establishment is the new George III. Whether it will continue to adhere to its tactics we do not know. If it does, the redress honored in tradition is also revolution.'

Throughout his treatise, Mr. Douglas offers a justification for violence. In an appraisal of his writings, he acknowledges that riot has no constitutional sanctions but says that "injustices may pile so high that violence is the only answer."

In other passages, the Supreme Court Justice advises American protestors to risk arrest because the police have no right to interfere with their freedom. (Can you imagine this?)

Mr. Justice Douglas excoriates the military, FBI snooping and other law enforcement agencies trying to get at lawlessness and writes an indictment of our society in general. To this criticism alone, he is entitled to his personal opinion.

It's quite a horse of another

Curry Truck Lines Now Operating Here

The Curry Freight Lines are now serving Sterling City and this area formerly served by Copperstate or Sunset Truck Lines. Curry had applied for a permit to serve this area back in November and were subsequently given a permit by the Texas Railroad Commission.

Curry has hired George Turner as a local man to deliver and tend to their business in Sterling City. They use the old Santa Fe depot and freight is left there and delivered by Turner. Outgoing freight will go from there, if you have any outgoing freight, said George.

RAIN AND SNOW HERE WEDNESDAY

Both rain and snow, and sleet, too, hit here Wednesday and left some moisture.

The snow was real wet and melted fast—making water run down the streets as it fell.

The temperatures fell and the cold north wind made it rather disagreeable.

Birthday Dinner Party

The TEL Class of the First Baptist Church gave a birthday dinner Sunday in honor of their president, Mrs. A.W. Anderson at the home of Mr. and Mrs. Clyde Estes.

Those present were Rve. and Mrs. Andy Daniels, Jeff and Danny Daniels, Mr. and Mrs. T. H. Humble, Mr. and Mrs. Darrell Garrett, Mrs. Sallie Wallace, Mrs. Bertha McCabe, Mrs. Gay, Leleh Faye and Linda Estes.

color when he attempts justification of violence and revolution directed at influencing the overthrow of the Government of the United States of which he is a part. Reading his words there seems to be no distinguishable difference between "the system," "the establishment" and established order under law.

Justice Douglas writes that he hopes the revolution he is talking about will not be like the one of 1776. The revolution that is coming, he says, will arise from "the search of youth for ways and means of making the machine—the servant of man." Just exactly what this means is a little difficult to interpret.

The interpretation is less vague when he encourages violence and says that it bothers him that the establishment may not be wise enough not to use "its stockpile of arms" to suppress the dissenters, for he thinks that will bring on an awful ordeal.

Data is being collected in certain efforts to determine if impeachment proceedings will stand up against Justice Douglas. Included in the collection of evidence is Mr. Douglas' past association with a private foundation alleged to be tied to racketeers.

"Points of Rebellion" is being added to a Bill of Particulars against Justice Douglas. At least he should resign from the Supreme Court, which he must also hate even in its recent years of applying the extreme liberal philosophy. Apparently the Justice has prejudged cases which could possibly come before him of a nature involving revolutionary activities.

U.S. Border Patrol Seeks Applicants

The U.S. Border Patrol of the Immigration and Naturalization Service has an urgent need for physically fit young men desiring a career in Federal law enforcement work. This is a career opportunity for those who like action and outdoor work.

The Border Patrol is the mobile, uniformed enforcement branch of the Immigration and Naturalization Service. Its principle purpose is to prevent the smuggling and illegal entry of aliens into the United States. The border patrolmen, called Immigration Patrol Inspectors, work along international boundaries, although their duties are not necessarily confined to these areas. They work in jeeps, cars, on foot, in boats and even in airplanes. Officers investigate violations of the immigration laws and frequently make arrests. They are often required to work irregular hours, under all weather conditions. These duties demand mental alertness as well as exceptional physical vigor and stamina.

The entrance salary of an Immigration Patrol Inspector is \$7,639 a year (Grade GS-7). There are promotional opportunities up to executive levels in the Immigration and Naturalization Service. On-the-job training offers splendid opportunities for promotion to positions of greater responsibility.

No experience is required for these positions. To qualify, applicants must pass a written test of verbal abilities, judgment, and aptitude for learning a foreign language. Candidates who pass the written test are called for oral interviews in the order of their standing on the list. The or-

al interview is designed to determine if the candidate has the personal qualities needed for the work. Applicants must also pass a rigid physical examination. Candidates who are selected for appointment are assigned to the Border Patrol Academy for a period of intensive training in such subjects as immigration laws, Spanish, physical training and marksmanship. Trainees receive full pay while in the academy.

Applications are now being accepted for the civil service examination for Immigration Patrol Inspector which will be held on Saturday, January 24, 1970. An additional examination is scheduled for April, 1970. However, those wishing to be tested in January must submit their applications before December 19, 1969. Full information is given in Announcement No. WAM-911 which may be secured from Interagency Boards of Examiners and from many post offices as well as any office of the Immigration and Naturalization Service. Applications should be submitted on the tearout application form on the announcement or CSC Form 50000AB and forwarded to the Interagency Board of U. S. Civil Service Examiners for Washington, D.C. 1900 E St., N.W., Washington, D.C. 20415. Information concerning the patrol inspector position and this announcement may be obtained from the U. S. Immigration and Naturalization Service, P. O. Box 2539, San Antonio, Texas 78206, or by calling 512-225-5511, Extension 214.

Social Security News

Want to get that first social security on time?
 "Everyone does, but not enough people do anything about it," says Ted F. Moellering, District Manager of the San Angelo Social Security Office.

According to Mr. Moellering, every person who files an application for social security benefits will be asked to present certain proofs. Most applicants will also be asked to give the exact amount of earnings for the past year and for the current year.

Most persons do not bother to find out ahead of time exactly what they will need. "George waits until the day he files an application," said Mr. Moellering. "Then he has to go back home and dig around for records, or write letters requesting the necessary documents, causing a delay in the processing of his claim."

A claim for social security benefits may be filed as early as three months before entitlement to benefits.

Mr. Moellering suggests that claimants get in touch with the social security office several months before this three month period to find out ahead of time what proofs and information will be needed.

"The satisfied applicant," continued Mr. Moellering, "is the one who does this, and consequently has all necessary proofs and information with him. The result—everything is completely taken care of during this one visit at the social security office, and he gets that first check right on time."

"Social security relies to a great extent on each beneficiary's ability to report events which will affect his monthly payments," said Ted F. Moellering, Social Security District Manager. Among those events that the beneficiary should report are changes of address, stopping or starting work, changes in estimated earnings during the year, and a beneficiary's death, marriage, divorce, or annulment.

Each beneficiary receives a special card to fill out and

send to his local social security office when a report must be made. Reports are relayed to the paying office by electronic means to avoid delays in updating records.

Those needing to report a change should request form SSA-1425 from the Social Security Office at 3000 West Harris in San Angelo, Texas, or see the representative when he is in your area. Any of our representatives will be glad to give you the necessary forms.

Questions that pop up frequently at the San Angelo Social Security Office are: "Do social security benefits for children stop at age 18?" "Do student benefits continue during the summer vacation?"

Ted F. Moellering, District Manager said until 1965 a child's benefits were stopped at 18 unless the child was severely disabled.

Since 1965 benefits have been available to a child of a retired, disabled, or deceased worker who is a full-time, unmarried student between the ages of 18 and 22. Mr. Moellering added that this not only applies to high school and college students, but also to those attending approved vocational or trade schools. Examples are barber schools and schools of nursing.

Student benefits continue during the summer vacation if the student meets two additional requirements. The period of non-attendance must be more than four calendar months, and the student must intend to be a full-time student immediately following this period.

When a child who is receiving benefits reaches age 17½ a notice is sent to the adult who receives the benefits for the child. The notice tells the adult to contact the social security office immediately if the child will be a full-time student at age 18.

Failure to contact the office will cause his checks to stop the month before the child is 18.

Student benefits are terminated when a student marries, dies, is no longer a full-time student or becomes 22

Lose 10 Lbs. in 10 Days on New Grapefruit Diet

This is the revolutionary new grapefruit diet that everyone is suddenly talking about. Literally thousands upon thousands of copies have been passed from hand to hand in factories, plants and offices throughout the U.S. There will be no weight loss in the first four days, but you will suddenly drop 5 pounds on the 5th day. Thereafter you will lose one pound a day until the 10th day. Then you will lose 1½ pounds every two days until you get down to your proper weight. Best of all there should be no hunger pangs. Now revised and enlarged, this new diet plan lets you stuff yourself with foods that were formerly 'forbidden' . . . Such as big steaks, trimmed with fat, Southern fried chicken, rich gravies, mayonnaise, lobsters, swimming in butter, bacon, fats, sausages and scrambled eggs. You can eat until you are full, until you cannot possibly eat any more. And still you should lose 10 pounds in the first ten days, plus 1½ pounds every two days thereafter until your weight is down to normal. The secret behind this new "Quick weight loss" is not generally known. Stuff yourself on the permitted foods listed in the diet plan, and still lose unsightly fat and excess body fluids. When the fat and bloat are gone you will cease to lose weight, and your weight will remain controlled. A copy of this new and startlingly successful diet plan can be obtained by sending \$2 to

Behind the 8-Ball

By the editor.

A cold norther blew in on Monday night or Tuesday morning, returning the area to winter again. The balmy and hot weather had put spring here when it was really still winter. The fruit trees had bloomed or were blooming and the winter rains had greened up the winter grasses and weeds. It seemed like spring and even the birds acted as if spring had "sprung."

Now, we are right back where we started from, so to speak. Or something.

8-BALL

Not long ago we saw "The Trumpets of the Lord", one of the San Angelo entertainment series in Angelo.

What it was—it was four Negro sermons, one funeral—and a lot of singing of religious songs—by Negroes. Some were spirituals, but the swing they used was a little different from what I remembered.

One sermon was the one we have heard so much—"Creation". We hear it practically every year as some school kid gives it for the literary events in the Interscholastic League events.

One was on sinning—by a woman preacher.

The funeral was the classic—"Go Down Death." The preacher said the Lord looked down from on high and saw Sister Caroline laying on her bed of pain, affliction and misery. He was moved to tears and hollers, "Death, come here!" Death comes out from his dark room and the Lord said, "Go down there to Savannah, Georgia and get Sister Caroline and bring her spiritual body up here and lay her on the breast of Jesus. She has had enough pain, misery, hard, hot work in the fields and misery of life." Death shoots down, past the moon, the planets and stars and goes to the address in Savannah—and shoots back up with Sister Caroline's body and lays it on the sweet breast of Jesus, where it is now comfortably resting.

Quite comforting, I'm sure, to the bereaved family.

H. A. Chapple, former local merchant, now of Rocksprings, was in town Tuesday for the funeral of Mrs. George Case.

The Sterling courthouse lawn or grounds has been cut down to better drain water away from the building and its foundations. Water had been getting down in the basement down the foundation sides—and the remedying work is to stop such.

8-BALL

With crime in the cities—such as muggings, sluggings, robberies, looting, and the like, it looks to me as if everyone in the big cities would move out to the little towns—like Sterling, say.

8-BALL

Gone are the carefree days (and nights) of yesteryear when one could stay out late in cities, in their parks, or just walk home late at night. Those things are just not done much anymore. Something has been lost.

8-BALL

Something has been lost in the country, too. The rivers and streams have dried up—the rainfall pattern has gone haywire, and it's either too hot in the summer or too cold in the winter. Wildlife is not harmless—it's rabid, and od-

For Social Security DISABLED WORKER NEWS

Disabled workers should file their social security applications early, according to Ted F. Moellering, social security district manager. Although benefits for disability cannot be paid until after a worker has been disabled for six months, an application can be filed any time after a disability begins.

Mr. Moellering explained that the process for determining eligibility for disability benefits can sometimes be rather long and complicated. Therefore, no one should delay applying until the six months waiting period expires. Applying early permits the claims process to begin so that a decision can be made early enough to mail the first check on time.

Mr. Moellering reminded Sterling City readers that social security benefits are payable to workers when they have become too disabled to last at least 12 months. A disabled worker's children under age 18 (and those 18 to 22 who are full-time students) and his wife may also qualify for benefits.

Contact your Social Security Office at 3000 West Harris Avenue in San Angelo, Texas, or see the representative when he is in your area for more information.

A number of widows and surviving children of deceased workers in this area could be missing out on social security money due them, according to Ted F. Moellering, district manager of the Social Security Office. Many changes have been made in recent years concerning benefits for widows and children. Some who would be eligible do not know about the new rules, Mr. Moellering said. Mr. Moellering further noted that at present there are over three million young widows and children receiving a monthly social security check. A widow who is completely disabled and over age 50 can receive reduced widow's benefit if she becomes disabled within seven years of her husband's death or the time she last had a child entitled to benefits in her care. Also, widows who remarry after age 60 may retain a part of the widow's benefit.

Children who would be otherwise entitled because of the death, disability, or retirement of a parent except for being over age 18, can now receive student benefits if they are in full-time school attendance, unmarried, and under age 22.

Children also have full protection now on their mother's account under the same rules that apply to a father's account. This present law will result in a number of children being able to receive social security benefits when their mother dies or becomes disabled, including some who were previously turned down under the old law, Mr. Moellering said.

Anyone knowing someone who might qualify for benefits under these provisions is urged to have them get in touch with their Social Security Office at 300 West Harris Avenue in San Angelo, Texas, or see the representative when he is in your area.
