VOL. 78 "Since 1890" PUBLISHED EVERY FRIDAY IN STERLING CITY, TEXAS MARCH 20, 1970 No. 11

AROUND THE COUNTY by

ARTHUR BARLEMANN, JR. COUNTY AGENT

Today is the first day of spring according to the calendar. That means it is time to do some of the jobs around the yard that will pay off in a better lawn or a crop of nuts. But, just because the calendar says it's spring does not mean that it will be spring here. Too many years, in this area, the spring season is omitted by the weather; winter hangs on a little longer and the seasons go from winter to summer.

There are a couple of jobs that should be done now though regardless of the weather. Pecans for one thing need a shot of fertilizer now if they are to make good growth this year and have a reasonable chance of producing a crop of nuts.

Young trees in their second growing season should be given an application of one-half pound of ammonium sulfate now. Another should be put down in early June. The application now should be placed around the drip line of the trees in holes punched about 8-10 inches deep with a crowbar or similar tool. Be sure that the line is at least twelve inches from the trunk of the tree. Put a small amount of the application in each hole and water it in well.

Older trees growing in a yard that is fertilized should receive an additional application of one pound of ammonium sulfate per diameter inch of trunk size. Punch holes 8 to 10 inches deep around the drip line of the tree, place a small amount of fertilizer in each hole and water it in with a good soaking. This should be done now before the trees start growth as the plant food will be needed then.

The optimum rate of terminal growth of a pecan tree is seven to fifteen inches per year. A tree making this growth should receive enough fertilizer to maintain this rate. A tree making less than five inches terminal growth per year will not regularly produce a nut crop while a tree producing more than twenty inches of terminal growth will not produce a regular crop of well-filled nuts. If your trees have been making over fifteen inches of growth per year, a good rule of thumb is no fertilizer.

The time for fertilizing on lawns is also near. Established lawns should receive an application of one pound of actual nitrogen per 1,000 square feet about the time the grass is beginning to grow. If ammonium sulfate is used, use five pounds per thousand; if tied with 132 points. This is ammonium nitrate is used, use three pounds per thousand and square feet.

The San Angelo Stock show last week closed out the spring circuit for this year. Snow all day Wednesday and the reg-sulting cold weather made many wonder if this was the spring circuit or the winter circuit. However, the weather had been fairly good for the earlier shows so if there was going to be any disagreeable weather, it had to be in San Angelo. The snow Wednesday made the grounds very sloppy and messy but Sunday's winds were kicking up quite a dust storm on the morning. Her ewes scored 82 same show grounds.

Sterling County club members placed only one lamb in the lamb show on Thursday, 254 points.

## HOSPITAL NOTES

Patients in the Sterling County Hospital on Thursday morning of this week included—

Mrs. Mae Martin  
John Thompson  
Lester Foster  
Mrs. Lilly Revell  
David Pringle  
Mrs. Amye Stucke  
Robert Bishop  
Mrs. C. J. Copeland

Discharges since Thursday morning of last week included—  
Mrs. H. L. Bailey.  
Mrs. N. H. Reed  
Mrs. A. B. Sheppard

Mrs. Ben Brooks is in Los Angeles, California visiting with her sister and nieces and nephews. She flew T.W.A. from Lubbock March 8 and will fly back the last part of the month.

Becky Hodges' heavy weight crossbred lamb placed third.

Sale price of the sifted lambs Wednesday evening was \$28.90 with Armour buying them. Armour also bought the non-place lambs Saturday morning for \$29.70 per hundred. The pigs sold for \$26 per hundred Saturday morning.

Amy Hodges had the champion ram of the Junior Ram-bouillet Show Friday morning. She had a number of other placing animals in this show and won the Wallace Dameron Trophy for the premier exhibitor of the show. The Dameron Trophy is provided by a number of Texas' Rambouillet breeders; each dollar counts one point on the trophy. Amy had a total of over 200 points; she has won possession of the trophy for one year.

Dwayne and Russell Davis took part in the calf scramble on Sunday afternoon's performance of the rodeo. Dwayne got his calf haltered and back across the finish line first in this event and will receive a certificate for \$40 to be used in purchasing livestock for the project. Russell caught a calf but it dragged him around the arena for a while and finally escaped before he could get his halter on it.

Amy Hodges had the fourth place group of three range lambs in this show Friday morning. Her ewes scored 82 points in the wool, 87 points out of the wool, and 85 points for the fleeces for a total of 254 points.

## School Holidays in March

This Friday, March 20, (today) is a school holiday for the Texas State Teachers Association meeting in San Angelo. This is a regular school holiday each year.

Easter holidays will be on Thursday, March 26, Friday, March 27 and Monday, March 30, said superintendent O. T. Jones this week. School will be dismissed at 2:30 p.m. on Wednesday, March 25 and resumed Tuesday, March 31 at 8:30 a.m., said Jones.

## Speed Reading Course Offered

The Evelyn Wood Reading Dynamics (Speed Reading) Course is to be offered to any one in Sterling beginning on March 31 and lasting for eight weeks.

The people offering the course guarantee to triple one's reading (or better) with improved comprehension of matter read.

Some of the high school students here are going to take the course and anyone may take the course, said James Thompson, high school principal. If you would like to sign up for the course see him before March 28.

The course will be taught at Water Valley starting on Tuesday night, March 31 and will last for eight weeks—one night a week (Tuesday) for the time. Thompson has the information on the course.

## City Election Set for April 7

The City of Sterling City will have the annual election for city councilmen here on April 7, the first Tuesday in April.

The terms of mayor Lee R. Reed and councilmen Roland Lowe and Foster S. Price are expiring.

The other members of the city council here are Skipper Lively, Ross Foster and Neal J. Reed.

## PTA Tasting Tea Is Success

Even though the day was cold, windy, wet and the cookbooks did not arrive—the PTA Tasting Tea was a success.

An estimated 100 people participated in tasting the numerous delicious dishes of food prepared by cookbook participants. Approximately 120 different dishes were prepared by Sterling cooks. Numerous guests from Garden City, Robert Lee, Colorado City and Stanton attended the tea.

To the disappointment of the committee the cookbooks were not completed in time for the tea. The PTA received 131 orders for books during the tea. These books will be delivered as promptly as is possible. Any other orders will be taken by Mrs. Stan Horwood or Mrs. James Thompson.

The cookbook committee wishes to express their appreciation to all the people who prepared food, gave donations, the girls who helped serve, and all others who helped prepare for the tea. We thank you for your help. The money made from this project will be used for playground equipment.

Visiting in the Bill Brooks home last Sunday were Bill's sister and brother-in-law, Mr. and Mrs. Haskell Hamiter of Abilene.

## Grand Jury Indicts Two Men

The 51st District Court grand jury here Wednesday indicted two persons on charge of burglary and theft. They were charged with theft at the Joe Blaneck Fina Truck Stop here the latter part of last year.

The two are Carroll Kenneth Spiller (who was also charged with being a habitual criminal) and Charles Daniel Page.

In civil action Mrs. Nan E. Davis Nunnally was granted a divorce from Ed Nunnally and restoration of her former name Nan E. Davis.

No date has been set for a petit jury court session.

Frank Dickey, Jr. is district attorney and Joe Mays is the district judge.

## Behind the 8-Ball

By the editor.

Old man winter hits again. About 11 a.m. Monday old man winter blew into Sterling again for a cold blow. The balmy week-end had lulled us into thinking maybe spring was here to stay. But that wasn't to be.

I wish those Canadians would keep their cold fronts to themselves. We don't need 'em. And don't want em.

I could get some real yard work done if the weather would just stay pretty.

8-BALL

Looks like Laos will be another Viet Nam or Korea.

Guess we need another unpopular war to keep things all stirred up. Maybe its all very necessary, but I'd be satisfied to have some years without a war going on.

I am sure that I'm in no position to know all the facts or reasons for Laos, but I imagine there will always be hot spots for us to be engaged in. Somewhere.

8-BALL

Looks like we (as a nation) are going to have to iron out a lot of domestic problems all along. They're bad enough to cope with—but they might just be full scale problems before too long.

I just can't help worrying—that our nation, that was conceived in liberty and dedicated to right over might—going down to defeat over domestic type problems. Can't any political party or group of "statesmen" iron out the difficulties and keep this nation on the primrose path to glory and honor, and destiny.

Do we have to fall from our place in the world because of domestic problems and disorders, and the like? Shall we go down like the older civilizations—the Romans, the ancient Egyptians, the Greeks, the Mayans, the others that we could name?

Maybe every civilization finally causes its own downfall.

8-BALL

John Stinebeck said in one of his stories, "If I were God and wanted to ruin a person. I would give him riches untold, along with all the comforts, etc. that were possible." He also said he'd do the same thing to a nation of people—if he wanted to destroy them. He said the family that had struggles and hardships usually came out all right; also a nation. But its when they do not have problems, and hardships, then look out.

Golly.

In case of fire, dial 8-4771.

## SCHOOL BOARD ELECTION APRIL 4

There will be a school board trustee election here on April 4. Three members have terms that are expiring. They are Bill Humble, Stan Horwood and Clinton Hodges. Hodges is not running, and Larry Glass has filed for that spot on the board. Also Humble and Horwood have filed for places on the ballot.

Other members of the board are Reynolds Foster, Charlie Davis, I.W. Terry and C. J. Copeland.

## Noratadata Club Has Guest Night

Members of the Noratadata Club and Epsilon Zeta Club were entertained in the ranch home of Mrs. Danny Stewart by hostesses Mrs. Worth Durham and Mrs. Stewart. They served a dinner plate.

Mrs. Durham presented an interesting program on Texas.

Bridge was played with Mrs. James Thompson winning high score for the club; Mrs. James Salvato was high for guests. Mrs. Henry Bauer was low for the club and Mrs. Marvin Foster low for guests. Bingo was won by Mrs. Hubert Williams. High table cut prizes were won by Mrs. Larry Blackburn. Mrs. Wayne Posey, Mrs. J. L. Cope, Mrs. Stanley Horwood, Mrs. Dan Glass, Mrs. Tom Crossler, Mrs. Charlie Davis and Mrs. A. F. Fleming.

## NO MAIL FOR NEW YORK BEING ACCEPTED

Postmaster W. R. Brooks said Thursday of this week that NO mail destined for metropolitan New York was being accepted—first class or any class.

Mail carriers in greater or metropolitan New York are out on strike.

The college students are at home or will be for the Easter holidays. Most colleges give a week at least for Easter. The schools all give several days—or more for the holiday.

## LIONS CLUB

The Sterling City Lions Club met at noon Wednesday in the community center for the regular luncheon. Twenty five person were present, including guest Mike Kissco of San Angelo.

Plans for a ladies night and possibly a recognition plaque to an outstanding citizen or family were talked. The annual good citizenship award to an outstanding high school student was told as being near, and plans for that pick will go forward.

It was announced that after this club year (ending June 30) Marilyn Foster would be the club's pianist and sweet-heart.

## Fire Service School Underway Here

Jack Sneed, field instructor with the fire service of A & M University, held his first of five sessions with the local fire department Monday evening. That session was on pumps, gauges, pressures and crew assignments.

Fifteen firemen attended a very good drill. The next drill will be at 7:30 p.m. Monday, March 23 and Mr. Sneed said that if anyone missed one drill and could make the next or succeeding ones, to come on out. Each drill will stand on its own and Sterling will receive credit on the key rate on fire insurance by having the meetings or drills.

Mr. Sneed is a fully qualified instructor and the local fire department, the town and county can benefit from this series of drills.

## Cancer Group to Meet Monday

The Sterling County Chapter of the American Cancer Society will meet next Monday evening at 7:30 in the community center, it has been announced. The meeting will be in the large room (not the clubroom) it was said.

All members of the Sterling Chapter are urged to attend.

**FEDERAL CAREER OPPORTUNITIES**

The U.S. Civil Service Commission has issued three new nationwide announcements of mid-level Federal career opportunities in professional fields, and a fourth outlining opportunities for Stenographers and Typists in Washington, D. C. and vicinity.

Interested applicants can get the announcements from Federal Job Information Centers in many large cities, from many post offices, except in cities where Federal Job Information Centers are located or from the Interagency Board of U.S. Civil Service Examiners, 1900 E St. N.W., Washington, D.C. 20415.

The announcements are:

1. Professional Opportunities for Social Scientists. GS grades 9 through 12. Covered are such positions as Economist, Social Science Analyst, Social Science Program Specialist, Sociologist, Historian, Anthropologist, Manpower Analyst, Social Work Program Specialist, and additional closely related positions in other social science fields. Many of the opportunities are in various Federal agencies in Washington, D. C. and vicinity and in foreign countries. Some are in other parts of the United States. Annual starting salaries currently range from \$8,462 to \$12,174. They are expected to increase by about 9 percent in the middle of this year. There are no written test requirements. Applicants will be rated on the basis of professional experience, education, and training. Work descriptions and the necessary qualifications, along with special credit provisions for graduate study, superior undergraduate academic achievement, subsequent work experience including part-time or unpaid experience, and certain teaching experience, are detailed in Announcement No. WAS-827, Professional Opportunities for Social Scientists.

2. Professional Opportunities for Social Worker and Social Service Representative. Social Worker positions, GS grades 9 through 12, are in the Bureau of Indian Affairs, the U. S. Public Health Service, and the Veterans Administration, throughout the United States and Puerto Rico; and in agencies of the District of Columbia Government and other Federal agencies located in Washington, D. C. and vicinity. Social Service Representative positions, GS grades 8 through 12 are primarily in the D.C. Government and other agencies in the Washington metropolitan area. Annual starting salaries currently range from \$7,699 at GS-8 to \$12,174 at GS-12; they are expected to increase by about 9 percent in the middle of 1969. No written tests are involved. Applicants will be rated on the basis of education, experience, training and personal aptitude for the nature of the work. Most of the professional Social Worker positions call for successful completion of all requirements for a masters degree. Full details of training and experience qualifications for the various grade levels are in Announcement No. W AS-904, Professional Opportunities for Social Worker and Social Service Representative.

3. Professional Careers for Educators and Librarians. This announcement will be used to fill positions of Education Specialist and Education Services Officer, GS grades 9 through 12; Program Specialist and Advisor (Education) GS grades 9 through 12; Public Health Educator GS grades 9 through 12; Librarian, GS grades 7 through 12; Job Corps Teacher, GS grades 5 through 11 and Job Corps Guidance Counselor, GS grades 7 through 11. Annual starting salaries for these positions range from \$5,732 at

GS-5 to \$12,174 at GS-12. They are expected to increase by about 8 or 9 percent the middle of this year. Many positions are located in various Federal agencies in Washington, D. C. and vicinity. However, certain Federal agencies have needs throughout the United States. Examples: Program Specialist and Advisor (Education) U.S. Office of Education Job Corps Teacher and Guidance Counselor, National Park Service and National Forest Service; Public Health Educator, Health Services and Mental Health Administration. Qualifying education and experience for all of these positions vary considerably. For details, consult Announcement WAS-908. Professional Careers for Educators and Librarians.

All qualified applicants will receive consideration for Federal employment without regard to race, religion, color, national origin, sex, politics, or any other non-merit factor.

When asking for announcements and application forms, applicants are advised to ask at the same time for Civil Service Commission Pamphlet No. 4, "Working for the U.S. A." which provides important general information about the kinds of appointments, the physical abilities required, veteran preference, and other conditions of Federal employment.

Federal agencies, principally in the metropolitan area of Washington, D. C., need Electronics Technicians. The work involves maintenance, testing, and development of various electronic equipment, ranging from radio, radar, and sonar devices to computer systems. Both general and specialized experience are basic requirements for Electronics Technician positions, except where education may be substituted for such experience. Entry level for eligibles depends on quality and quantity of both. No written test is required.

Starting annual salaries range from \$5,331 to \$10,927. Ask for Announcement No. WA-7-19. Additional information on these and other Federal jobs may be obtained from the Civil Service Commission in Washington, D. C., 1900 E Street, NW, 20415.

**Barnes-Crenwelge Wedding**

Miss Barbara Ann Barnes and Marvin Joseph Crenwelge pledged marriage vows Saturday, February 28, at 2 p.m. in St. Mary's Catholic Church, Fredericksburg, Rev. Sam Heitkamp officiating.

The bride is the daughter of Mrs. Clarence Merrick of Sterling City and Owen Barnes of Zapata. A 1966 graduate of Fredericksburg High School, she is employed as typist at Fidelity Union Life Insurance Co. in Dallas.

The groom is the son of Mrs. Mary Crenwelge and the late Rueben Crenwelge. He is a 1966 graduate of St. Marys High School. He attends Northwood of Texas at Cedar Hills, where he is majoring in automotive marketing and is employed part time at All Medical Rents.

Baskets of white gladioli enhanced the church. Paulette Wallendorf, organist, provided the traditional wedding music. Linda and Elaine Pehl sang "Ave Maria." Given in marriage by her uncle, Perry Jung, the bride wore a floor length gown of white peau de soie, an original from Mexico City. It featured a fitted empire bodice, scooped neckline and long sleeves. The entire dress was covered with beads, pearls and sequins; the bodice with lace, which also lined the A-line skirt. Lace and sequins outlined the entire mantilla veil which fell chapel length. She carried a cascade of pink roses and lily of the valley.

The newlyweds will live at 305 N. Montreal, Dallas. Out-of-town guests were from Dallas, Sterling City, Big Lake, Austin and San Antonio.

In case of fire dial 8-4771.

For further information, contact the Social Security Office at 3000 West Harris Avenue (P.O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area.

### Social Security News

Want to get that first social security on time?

"Everyone does, but not enough people do anything about it," says Ted F. Moellering, District Manager of the San Angelo Social Security Office.

According to Mr. Moellering, every person who files an application for social security benefits will be asked to present certain proofs. Most applicants will also be asked to give the exact amount of earnings for the past year and for the current year.

Most persons do not bother to find out ahead of time exactly what they will need. "George waits until the day he files an application," said Mr. Moellering. "Then he has to go back home and dig around for records, or write letters requesting the necessary documents, causing a delay in the processing of his claim."

A claim for social security benefits may be filed as early as three months before entitlement to benefits.

Mr. Moellering suggests that claimants get in touch with the social security office several months before this three-month period to find out ahead of time what proofs and information will be needed.

"The satisfied applicant," continued Mr. Moellering, "is the one who does this, and consequently has all necessary proofs and information with him. The result—everything is completely taken care of during this one visit at the social security office, and he gets that first check right on time."

"Social security relies to a great extent on each beneficiary's ability to report events which will affect his monthly payments," said Ted F. Moellering, Social Security District Manager. Among those events that the beneficiary should report are changes of address, stopping or starting work, changes in estimated earnings during the year, and a beneficiary's death, marriage, divorce, or annulment.

Each beneficiary receives a special card to fill out and

send to his local social security office when a report must be made. Reports are relayed to the paying office by electronic means to avoid delays in updating records.

Those needing to report a change should request form SSA-1425 from the Social Security Office at 3000 West Harris in San Angelo, Texas, or see the representative when he is in your area. Any of our representatives will be glad to give you the necessary forms.

Questions that pop up frequently at the San Angelo Social Security Office are: "Do social security benefits for children stop at age 18?" "Do student benefits continue during the summer vacation?"

Ted F. Moellering, District Manager said until 1965 a child's benefits were stopped at 18 unless the child was severely disabled.

Since 1965 benefits have been available to a child of a retired, disabled, or deceased worker who is a full-time, unmarried student between the ages of 18 and 22. Mr. Moellering added that this not only applies to high school and college students, but also to those attending approved vocational or trade schools. Examples are barber schools and schools of nursing.

Student benefits continue during the summer vacation if the student meets two additional requirements. The period of non-attendance must not be more than four calendar months, and the student must intend to be a full-time student immediately following this period.

When a child who is receiving benefits reaches age 17½ a notice is sent to the adult who receives the benefits for the child. The notice tells the adult to contact the social security office immediately if the child will be a full-time student at age 18.

Failure to contact the office will cause his checks to stop the month before the child is 18.

Student benefits are terminated when a student marries, dies, is no longer a full-time student or becomes 22

The Texas Department of Public Safety is offering immediate career employment to qualified young men. Contact your nearest DPS office or patrolman for more information.

### Lose 10 Lbs. in 10 Days on New Grapefruit Diet

This is the revolutionary new grapefruit diet that everyone is suddenly talking about. Literally thousands upon thousands of copies have been passed from hand to hand in factories, plants and offices throughout the U.S. There will be no weight loss in the first four days, but you will suddenly drop 5 pounds on the 5th day. Thereafter you will lose one pound a day until the 10th day. Then you will lose 1½ pounds every two days until you get down to your proper weight. Best of all there should be no hunger pangs. Now revised and enlarged, this new diet plan lets you stuff yourself with foods that were formerly 'forbidden' . . . Such as big steaks, trimmed with fat, Southern fried chicken, rich gravies, mayonnaise, lobsters, swimming in butter, bacon, fats, sausages and scrambled eggs. You can eat until you are full, until you cannot possibly eat any more. And still you should lose 10 pounds in the first ten days, plus 1½ pounds every two days thereafter until your weight is down to normal. The secret behind this new "Quick weight loss" is not generally known. Stuff yourself on the permitted foods listed in the diet plan, and still lose unsightly fat and excess body fluids. When the fat and bloat are gone you will cease to lose weight, and your weight will remain controlled. A copy of this new and startlingly successful diet plan can be obtained by sending \$2 to

### SCIENCE SKETCHES

BLACKOUT IN communications when space explorers are on the back side of the moon would be avoided with use of an 872-pound communications satellite, designed by University of Michigan students, that would provide a communications link between astronauts and earth.

BUILDING MATERIALS of trash are possible, claims a Stanford University civil engineer. He proposes refining out the glass by chemical and magnetic processes, crushing the glass to powder and then mixing the powdered glass with cement to form reinforced precast floor and wall panels and short beams.

60,000 SKINLESS HOT DOGS an hour, enough to provide one to every fan in most football stadiums, can be produced by continuous process in a giant new frankfurter machine built by The Allbright-Neill Company, Chicago.

### First Aid Meeting at School

Doyle Gray, Safety engineer for the West Texas Utilities Company, Abilene, conducted a first aid meeting at the Sterling school Monday morning, March 16.

The session was on rescue breathing and Gray brought with him a life size manikin for practice. All students in the school above the 5th grade and all teachers who were present have now practiced this method of rescue or first aid.

Gray was assisted by local manager Albert McGinness.

The H. M. Gobers of Lubbock visited her mother, Mrs. James McEntire here week before last.

### CARD OF THANKS

We wish to thank all of our neighbors, relatives and friends for the manifestations of sympathy and concern expressed during the loss of our loved one, Ora C. Case. Only in Sterling County could such unmatched generosity and kindness be displayed.

To Dr. Swann, Mildred Emery and all members of the hospital staff we offer our special thanks for the acts of kindness and understanding. To Dayton and Leora, and to Bill and Freda, words cannot express our gratefulness to you for your help in every way.

May the good Lord abide with you all.

### HOW TO SAVE 50,000 LIVES YEARLY!

CORONARY CARE UNITS, MONITORING HEART ATTACK PATIENTS' VITAL FUNCTIONS AND PERMITTING EMERGENCY TREATMENT WITHIN SECONDS CAN DECREASE CORONARY MORTALITY TOLL 30%

HEART ASSOCIATIONS HELP TO TRAIN MEDICAL AND NURSING STAFF FOR THESE LIFE-SAVING UNITS...

CORONARY CARE UNITS, with an ultimate potential of saving 50,000 lives yearly in this country, are only one of many heart-saving developments speeded by your Heart Fund dollars. The advances since 1950, when massive research programs were inaugurated by the Government and your Heart Association, have yielded a dramatic dividend—a decline of 20.1 per cent in the cardiovascular mortality rate for persons under 65 years of age. Despite this impressive gain, heart and circulatory diseases continue to kill more Americans under 65 than the next three causes combined—cancer, accidents and pneumonia-influenza.
