Around Muleshoe

A one car roll-over late Sunday evening seriously injured a Muleshoe man. Ricky Barrett is hospitalized in Lubbock with severe injuries; however, was reported to be doing better on Tuesday. Two other men in the accident, Grady Free and Gary Herring received slight injuries. Barrett was reported to have been pinned beneath the automobile.

Rotary guests on Tuesday included Mr. and Mrs. James McCullough, Charles Aycock, Rev. Joel Ware, Dr. Ferris, Skip Magby, Stan Gibson, Joe Stokes and Chuck Binner. The Rotary Seafood Sale has been rescheduled for Thursday, June 16.

The Texas Migrant Council will be registering children from six weeks to six years of age on June 9, 10 from 8:30 to 11:30 a.m. and from 1 p.m. until 3 p.m. each day. The Migrant Council is located at 101 East Avenue B in Muleshoe.

Information that is needed to register includes: immunization records, birth certificates, social security numbers, annual income, and proof of income.

A Men's Slow Pitch Softball Tournament is scheduled for June 24, 25, 26, in Friona. Entry fees will be \$76.00 and trophies will be given to 1st, 2nd, 3rd place teams, as well as to 1st place individuals. Blue Dot balls must be provided by entering teams. The tournament is being sponsored by Friona Young Homemakers. For additional information call Paula Clark, 1508 Columbia - Friona - 806-247-3764 or Jayn Looper, 1405 Jackson - Friona - 806-247-2322. Deadline to enter is June 20, 1983.

Burgess Named To College Who's Who List

Who's Who among students in American Universities and Colleges Editorial staff and West Texas State University have announced that the 1983 edition of Who's Who among students in American Universities and Colleges will carry the name of Lauri Elaine Burgess daughter of Mr. and Mrs. Jim Burgess, who has been selected as being among the country's most outstanding campus leaders.

Campus nominating committees and editors of the annual directory have included the name of this Cont. Page 6, Col. 5

AG LEADERS IN PORTALES--United States Secretary of Agriculture John Block received a standing ovation from a packed crowd Saturday on hand for a county agriculture celebration for Roosevelt County, New Mexico. Block's appearance, which was a well-kept secret, highlighted the list of other ag and political leaders on tap. To Block's left is Dr. William Stephens, State Secretary of Agriculture of New Mexico.

State Bancshares Announce Muleshoe State Merger

Ken Burgess, Chairman and president of State Bancshares, Inc. announced Tuesday morning that an agreement in principle has been signed for a merger with Independent Bancshares, Inc. (IBSI) of Abilene, Texas, whose principal subsidiary is First State Bank of Abilene.

The transaction will be completed through cash payments and by issuing shares of common stock. Consumation of the transaction is subject to various regulatory and shareholder approvals and the preparation and distribution of appropriate securities disclosure documents.

The announced merger agreement with State Bancshares, Inc. and its subsidiaries, Olton State Bank, Security State Bank and Muleshoe State Bank came a few days after the announcement that IBSI has agreed to acquire banks at Stamford and at Wellington.

Sid Niblo, President of IBSI, stated that the proposed acquisitions represent "a new era" of ex-

Farm Groups Resist Target Price Freeze

Grain Sorghum Producers Association has expressed opposition to a proposed freeze of 1984-85 target prices. The Agricultural Act of 1981 set annual incre-

ases for target prices to offset the increases in the cost of production. Secretary Agriculture John Block has asked Congress to freeze targets at the 1983 level.

Grain sorghum targets for 1983 are \$4.85 per hundredweight and, as currently set in the law, will be \$5.14 in 1984 and \$5.40 in 1985. Corn will increase from \$5.11 cwt. in 1983 to \$5.41 in '84 and \$5.68 in '85 if the current law is allowed to stand.

In letters to members of the Senate and House Agriculture Committees and other members of Congress, GSPA Executive Director Elbert Harp pointed out that the 1984 grain sorghum target prices, as they now stand, are still 22% below the national average cost of production. Target prices are the only real price protection farmers have under the present program. Secretary Block has stated that the target prices are too high and will encourage overproduction and increase government cost.

Harp contends that low prices encourage more production through expanded

Cont. Page 6, Col. 1

complete, the Stamford and Wellington purchase will add total assets of about \$73 million to IBSI holdings. The Littlefield, Muleshoe and Olton assets will add about \$130 million.

Burgess said he thinks the potential merger will benefit both parties to the agreement; the local banks "by adding capital strength which can serve customers more adequately" and Independent Bancshares "by adding diversification to their operations."

Burgess said he is "elated at the prospects for the merger" because First State Bank of Abilene is

Wheat Industry Unites Behind Promotion Plan

wide last year, is being continued with support the Texas Farm Bureau, Texas Farmers Union, Texas Grain and Feed Association and the Texas Wheat Producers Association.

This producer-grain trade supported approach is necessary if Texas is to have any semblance of a market development program in keeping with those in a dozen other states with mandatory assessment programs which have not been developed in Texas, according to W.R. Moore, Jr., Munday, Chairman of the Texas Wheat Producers Board, which administers the Texas Program. The voluntary "Implied Consent" amassed funds will be expended by the Producers Board at the direction of the initiating organizations to strengthen the market demand, price and producers income for all classes of wheat produced in the state. Moore pointed out Cont. Page 6, Col. 2

Law Officers Attend Schools

Recently the Muleshoe Police Department and the South Plains Association of Governments Law Enforcement Academy co-sponsored a 40 hour officer Survival School. The early May "hands-on" course covered vehicle stops, building searches, survival shooting and other related subjects.

Instructors for the school were Lt. Joe Hester, of the Denver City Police Department and John Ginter, Special Agent for the Santa Fe Railroad.

U.S. Ag Secretary Pays Visit To Portales

*** Rain, Hail, High Winds Rake Area ***

High winds, pea to golf ball size hail and heavy rains made a sweep across West Texas and Eastern New Mexico beginning around 8 p.m. on Tuesday evening on the heels of a record breaking cool spell in the region.

THE BAILEY COUNTY ASCS OFFICE IS REMINDING ALL FARMERS TO CHECK WITH THEM PRIOR TO DOING ANYTHING AT ALL WITH HAILED OUT CROPS.

Large hail and winds were reported in the Clovis area and then about an hour later hit Bailey County, across in an hour to land in the Littlefield area.

Bailey County was under a severe weather forecast until 9 p.m. on Tuesday and residents in Muleshoe reported heavy rains and hail ranging in sizes up to golf balls in the City. Tree limbs were also reported downed by the high winds that pushed the storm through the area.

Reports from farmers in and around Muleshoe and Bailey County indicated that the storms were heavier to the West of Muleshoe and then again to the south. However, a check with residents near Bovina and Friona showed some hail and high winds. At Bovina, winds blew apart an office building of the old co-op elevator, with the roof of it landing on the railroad tracks. Workmen worked through the storm to remove the debris from the tracks. Golf ball size hail was reported in parts of the Bovina area.

Producers surveyed by the Journal on Wednesday morning stated that some crops were lost due to the hail on Tuesday night; however, most withheld

Tennis Clinic Date Changed For Muleshoe

A Texas Tennis Association clinic which was originally planned in Muleshoe on Monday, June 20 has been changed to Saturday, June 18 instead, according to High School Athletic Director Windy Williams.

The clinic will be conducted by James Rytting, a graduate of Cornell University and an experienced teaching pro.

Williams stated that the purpose of the TTA program is to provide playing opportunities for players through membership in both the USTA and the TTA. The program planned for Muleshoe will benefit both beginners and those more advanced players.

Rytting's sessions will be held from 9 a.m. until 11:30 a.m. and from 5:30 p.m. until 8:30 p.m., and will be played at the Muleshoe High School tennis courts located on Third Street.

For more information, interested persons should contact Coach Williams at 272-4054 or Bob Graves at 272-3380. Further announcements will be posted nearer the clinic date. There will be no fee charged for the instruction.

Long-Term Farm Policy Need Voiced

At a special county agriculture celebration in Portales, New Mexico Saturday, June 4, Special Guest U.S. Secretary of Agriculture John Block told a large crowd that "American farmers are better off by far, today than they were three years ago." The Secretary, who was in Portales for the "Go For It, '83" celebration, stated that the key to long-term prosperity for the nation's agriculture industry was in the expansion of foreign markets.

"American farmers have the capacity to produce more abundantly and efficiently than anyone in the world," Block stated. "We just haven't figured out how to find enough markets for the output...how to manage this great food machine," he said.

Block's visit to Portales was a well-kept secret, almost up to the time of his appearance. Sources told

the Journal that Block had interrupted a vacation trip to be present at the celebration and to receive awards for his work in agriculture, presented in connection with the Political and Agricultural Forum of Roosevelt County. Block arrived in Portales on Friday night and was accompanied by Representative Joe Skeen. Other national dignitaries on hand for the celebration included Senate Budget Director Pete Domenici.

In the gist of his talk to the crowd assembled, Block indicated that the Reagan administration is urging Japan to increase its beef import quota and is pushing the European community to change their "over-protective policies." He stated that the administration had begun talks with the Soviet Union to write a long term agreement for grain purchases.

Block justified his statement that farmers were "better off today" by citing 1980 interest rates of 21 percent coupled with a grain embargo and 13 percent inflation. The Secretary stated that lower interest rates and lower inflation rates had helped farmers tremendously. "The new payment in kind program which was designed to boost prices by reducing grain surpluses, has improved the picture, also," the Ag leader said. "I don't mean to say Cont. Page 6, Col. 6

Local Phone Coop Ready For Challenge

Five Area Systems, Inc. is a newly formed, wholly owned subsidiary company of Five Area Telephone Cooperative, Inc. The company was formed to permit Five Area Telephone Cooperative, Inc. to compete in the fast growing telephone equipment sales and service industry. Under some state and federal regulations a telephone cooperative can not compete for equipment sales outside of the cooperative territory; however the forming of a company structure which will be operated under the present cooperative organization will enable Five Area to compete in sales along with any other telephone company or retail store to any prospective customer.

Five Area Systems, Inc. will operate from the same location and under the same management as Five Area Telephone Cooperative, Inc. A complete line of telephone instruments, accessories, key-systems and PABX equipment is available for sale now and customers may order any type of equipment wanted. There will soon be displays of Five Area's equipment

at Williams Brothers Office Supply in Muleshoe, as well as at the Five Area Telephone Cooperative, Inc. The Five Area will make use of the opportunity to submit bids to any business establishment interested in owning their own telephone system. Five Area is eq- Cont. Page 6, Col. 3

Worley Mills Operations Divide

Worley Mills, an institution in Portales and Roosevelt County, having its beginnings in 1935 has recently been remodeled, revamped and reorganized. As of last Saturday, June 4, the Sunmark Grain name will replace the old Worley Mills name in Portales and several other surrounding towns.

The Sunmark name is a result of the reorganization of Worley Mills, Incorporated. A new corporation to be known as O.C.W. Inc., under the Sunmark Grain name, will retain the operations in Portales, Elida and Goodland, Texas. The Worley operations in Las Cruces, Farwell, Tucum-

cari, Clovis, Clayton and Dalhart will remain under the Worley Mills name.

Sunmark Grain, which held its grand opening last Saturday will be operated by Olen C. Worley, chairman of the board, and his three sons, Bob, Victor and Bill.

The old Worleys feed store in Portales has been remodeled with the retail product area being doubled in size. A computer system has been added and Sunmark has also purchased a satellite dish for up-to-the-minute market information.

Sunmark will also operate a trucking division serving grain customers in Cont. Page 6, Col. 3

ROTARY GUEST--Charlie Brammall, an exchange student from Sidney, Australia made a special appearance at the Muleshoe Rotary Club on Tuesday. Brammall is currently going to school in Portales on the Exchange program. He gave a slide presentation to the Rotarians on his home town of Sidney and told of some of his experiences in the U.S.

INVASION OF THE COOKIE MONSTER--A lone Journal employee was taken by surprise Saturday when the huge "Cookie Monster" with two captive children came by the office promoting a local Vacation Bible School program, being held here in Muleshoe.

Fire Department Emergency Fund Bill Senate Up 20

At least 72 Texans died and 599 were injured in fires during the last six months of 1982, according to statistics reported by 198 fire departments participating in the Texas Fire Incident Reporting System (TEXFIRS).

Lyndon L. Olson, Jr., Chairman of the State Board of Insurance, released the second report of the new TEXFIRS system operated by the State Fire Marshal's Office.

Property damage from fires was estimated at \$62,494,213.

Residential fires accounted for 62.5 percent of deaths, 55.9 percent of injuries and 47.6 percent of property loss.

Improper cooking techniques were blamed for most home fires and injuries, but careless smoking caused more deaths and incendiary/suspicious fires more property damage.

Of all building fires, 84.6 percent of deaths, 84 percent of injuries and 82.7 percent of dollar loss occurred in structures which had no fire detectors.

Twenty-one percent of all

the 32,000 fires reported were of incendiary or suspicious origin, and 17.6 percent of the total dollar loss was attributed to these incidents.

Fires of unknown cause, plus the incendiary and suspicious category, accounted for 46 percent of the total number and 44 percent of the dollar loss.

The TEXFIRS report, based on a uniform, computerized reporting system, summarizes the causes and

characteristics of fires and fire-related deaths and injuries. More than 200 fire departments protecting nearly 40 percent of the Texas population now report to the system.

Some of the largest cities were not able to provide data for the six-months report. Most major cities either have developed, or are in the process of developing, systems compatible with TEXFIRS, however, and their statistics

are being included as the system is expanded and refined.

"The TEXFIRS represents the first effort by a state agency in Texas to collect fire data continually in a uniform manner," said Olson.

State Fire Marshal Ernest A. Emerson said TEXFIRS is a base of information which assists in detection of fire trends and development of solid information on the scope of

the fire problem.

"This information will be categorized and correlated on a quarterly basis and returned to fire departments for local analysis," said Emerson. "The data provides an excellent fire department management tool as well as necessary facts for conducting fire protection and public safety programs."

Further information about fires that occurred during the final six months of 1982 is available on request to the State Board of

Insurance, State Fire Marshal's Office, 1110 San Jacinto, Austin, TX 78786.

The only way to protect yourself against the fast-talker is through calm thinking and slow action.

Freedom is a gift from the past, but it is not at all certain that it will be a legacy of the future.

It takes two to carry on an argument and if either is smart he will vacate before getting involved.

Letter To The Editor

Dear Sir:

George and Mildred Graham are celebrating their Golden Wedding Anniversary in Boone, North Carolina next month. Mr. Graham was a teacher and superintendent in Big Square, Lazbuddie, Dalhart and Hereford for a number of years.

I am compiling a scrapbook to be presented to them, and I would appreciate

cards, letters, old pictures, or anecdotes from their friends and former students. I will need the material by June 20.

Thank you for your help. Sincerely, Pat Sullivan 1112 Hillcrest Canyon, Texas 79015

The successful man has the ability to make himself as well as others work.

No greatness exists unless it is based upon principle and not upon profits.

Low Income Households Eligible For Cooling Bill Help

Some low-income Texas households may be eligible for help in paying their cooling bills, according to the head of the Texas Department of Human Resources.

Human Resources Commissioner Marlin W. Johnston said the assistance with paying utility bills is available to low-income households who in June 1983 received food stamps,

Aid to Families with Dependent Children, Supplemental Security Income, or needs-tested Veterans Administration benefits.

Potentially eligible veterans are those who receive payments under 415, 521, 541, or 542 of Title 38 of the U.S. Code or under Section 306 of the Veterans and Survivors Pension Improvement Act of 1978.

Eligibility is limited by gross income. For instance, aid is available for a one-person household having less than \$334.49 gross income per month. The gross income limit is \$546.49 for a two-person household, \$749.49 for a three-person household, \$926.49 for four persons, \$1,092.49 for five, and \$1,277.49 for six.

Eligible households must be subject to energy cost increases—because of higher bills or rent due to rising utility costs. Households are eligible if they

live in privately owned or rented housing even if the cost of utilities is included in the rent payment or if the household pays only a portion of its home energy costs.

Johnston said applications are mailed automatically to households which receive food stamps, AFDC, and SSI. Households receiving needs-tested Veterans benefits must request an application from DHR in June.

If you have not received an application and think your household may be eligible, contact a local office of the Texas Department of Human Resources, Johnston said.

Bagworm Control Should Begin Now

Bagworms are one of the major pests of junipers and other trees and shrubs in Texas. Spring hatch usually begins the first week of May on the South Plains. Insecticide control is most effective in late May and early June when the bagworms are small, says County Extension Agent Spencer Tanksley.

In the spring, bagworm larvae emerge from hatching eggs inside last year's bags and begin feeding on leaves. Soon they begin to construct their own protective bag of silk, twigs, and leaves, making them camouflaged and hard to

see. As the larvae and their bags continue to grow, control becomes more difficult.

Bagworms feed throughout the summer months, building their bags until the bags are about 1½ inches long, Tanksley adds. In the fall, the bagworms become adults, mate and the females lay eggs inside their bags. They then overwinter in these bags in trees and shrubs. Each overwintering female bag on a tree contains from 500 to 1,500 eggs.

"Since the bagworm only completes one generation a year and spreads very slowly from plant to plant, picking the bags off infested plants in the winter will help a lot toward controlling this pest," says Tanksley. "But if bagworms were present on the plant last year and control measures were not applied, chances are very good that an insecticide will be needed this spring.

Insecticides which can be used to control bagworms include sevin, dursban, diazinon, malathion, dylox and orthene. The biological insecticide Bacillus thuringiensis can also be used. To obtain effective control, thorough coverage of the foliage is important. Always read and follow label instructions when applying insecticides.

Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm on Sandy Acres has heard about the latest goal of computer scientists.

Dear editor: What 998,991,923,919 multiplied by 998,991,923,919 comes to is something I've never thought about. Whatever the answer is, I couldn't find a place for it out here on this farm.

But a computer can give you the answer by the time you punch the last numeral. Scientists, however, aren't satisfied with that. They are now trying to build a computer that can talk and think like a human. They call it "artificial intelligence."

The first step, as I understand it, is to build a computer that talks. Thinking will come later.

Is Congress aware of this? I mean, if scientists build a machine that talks without thinking, won't a bunch of Congressmen wind up no longer needed?

If the scientists' aim is to build a machine equal to a human, the first phase will be adequate, no use spending money going any further, as a machine that talks without thinking seems about as human as you can get.

As for the second step, building a machine that can duplicate human reasoning and do it as fast as it multiplies a two-foot long string of numbers, the question is, whose reasoning will it duplicate? Where will it turn for a model?

With the 10 or 15 best known countries in the world all armed to the teeth on borrowed money and ready to fight, that machine may find that reason is not in great supply nowadays. I know it's not out here on this farm. Every year I reason that what's planted will at harvest time bring a good price. It never does.

Yours faithfully,
J.A.

Sandhills philosopher has some thoughts on a machine that can think like a human

Enochs News

By
Mrs. J.D. Bayless

Dinner guests in the home of Mrs. Winnie Byars Friday were her daughter, Mrs. Henry Hardaway and son, Robert of Brownfield and a daughter, Mrs. Kelly Robertson and daughter Randy Macheile of Whithare.

The cotton or the gardens aren't growing fast due to the cold weather. It was 50 degrees Tuesday colder than that night, with a high of 90 degrees Thursday afternoon, most of the nights are cold. It came a shower of rain Monday morning June 6, the farmers need a good general rain.

Mr. and Mrs. L.O. Williams of Amarillo came Sunday and spent the night with his sister, Mr. and Mrs. Chester Petree, Chester's brother, Mr. and Mrs. Andrew Petree of Levelland visited with them Sunday afternoon.

Paula Nichols drove to Canyon Friday returning Saturday afternoon from visiting her brother and wife, Donnie and Linda Nichols.

Mr. and Mrs. Dennis Turney and children went on a vacation to Brownwood for a few days the past week.

Mrs. Donna Smith and daughter, Shelby of Dallas and Dinae Crume of Temple visited their parents, Mr. and Mrs. Edward Crume Thursday til Sunday.

Robert Zomoro was playing basketball the past week and chipped a bone in his right foot.

Mrs. J.D. Bayless attended the bridal shower of a niece, Sandra Speck, 2:30 p.m. Sunday at the Trinity Baptist Church in Muleshoe. She is the bride elect of Dusty Puckett of Muleshoe and the daughter of Mr. and Mrs. Wendell Lee Speck.

Mr. and Mrs. J.C. Snitker took her daughter, Maribel to Austin Thursday for an orientation.

Mrs. Dale Nichols had surgery on her foot Tuesday at Methodist Hospital in Lubbock, she is at home.

The youth had Bible study fellowship and played basketball Thursday evening at the Baptist Church, there were 13 in attendance.

Mrs. Juanita Snow of Muleshoe and Mrs. Etta Layton visited in the home of their sister, and family Friday evening.

Vacation Bible school had their preparation Saturday afternoon at the Baptist Church, there were approximately 24 registered, they had a winner roast and coloring contest.
Mr. and Mrs. E.N. McCall visited their daughters, the Robert George's and the Steve Mosser family in Lubbock Sunday afternoon.

Renne Beasley started to Tech summer school last Tuesday, she went last year.

Mr. and Mrs. J.L. Rich-

Firefighters Report

By Wayne Peterson

In the month of May a total of twelve fire calls were received, consuming 111 man hours on the job not counting time at the station making ready for the next call, and a total of 349 miles was ran up on fire units. This is about normal and the losses have been about the same, although to those people that suffered these losses it was larger than normal.

Last Wednesday business meeting was called to order by Wayne Wausan, minutes of the last business meeting were read by Wayne Peterson, a change was made in size of radios to read, three 25 watt Motorola mobil units, then they were approved as read.

H.E. Reider reported that funds have been raised for the TV override warning system, this information came from the Civil Defense.

The Firemans Ball was reported to net about \$1000 which will go a long way on the purchase of the new radios. We want to thank everyone once again for their help and contributions.

As new business goes some members can't get food off their minds Donald Harrison and H.E. Reider teamed up to start plans for the next family social. It was decided to consolidate the fifth Wednesday social with the 4th of July celebrations. Its to be at the Fire Station July 4th 5:00 p.m. with Beef Brisket, beans, salad, ice cream, cake and H.E. said remember the pies. So all members missing last Wednesdays meeting will bring the pies, hopefully eatable ones.

Those of you that go camping this Summer on vacation, or to the lakes for recreation always tend your camp and cooking fires correctly, have a save and enjoyable vacation this summer. Your Fire Department Cares.

ardson and John and Marti Fred visited friends, Mr. and Mrs. Frank Lester at Slaton Saturday.

Mrs. Buck Fred and children spent the past week at Lake Brownwood.

Golden Gleams

Work as if you were to live 100 years; pray as if you were to die tomorrow.
-Benjamin Franklin.

Prayer should be the key of the morning and the lock of the night.
-Owen Feltham.

Resort to sermons, but to prayers most: Praying's the end of preaching.
-George Herbert.

Six Month Fire Stats Compiled

A bill that would put millions of dollars into a Fire Department Emergency Fund has been passed in the Texas House of Representatives and is headed for consideration in the Senate.

The legislation, passed as HB 1536 and HJR 86, would raise by ¼ percent an existing tax that the State Board of Insurance currently receives from fire casualty premiums collected in Texas and put the monies into a fund from which grants and low-interest loans would be allocated to individual fire departments.

Equipment funding for Texas fire departments is a pressing need for fire prevention and safety. Many of the rural areas of Texas depend on 30-year-old fire trucks for protection of

homes and property.

"You can't fight fires with Indian blankets any more," says Ron Waters, executive manager of the State Firemen's and Fire Marshals' Association of Texas, a 107-year-old association which represents most of the 1,500 fire departments in Texas.

"Two major sources of funds for equipment purchases have been lost in recent years," according to Waters. "Low-interest loans previously available on a competitive basis through federal revenue-sharing programs have dried up, and the traditional fund-raising barbecue no longer nets enough money to buy a major item like a pumper-which today costs over \$100,000."

"If ever there were a chance to help fire depart-

state should call his or her state senator and voice support for this important legislation," Waters says.

Those who make promises and keep them are worth watching.

Special Lease Payment Discounts Give You Big Savings On New John Deere Equipment

If you prefer to lease new equipment, save with special lease payment discounts...or if you buy, take advantage of finance waivers

Now is an excellent time to lease a new piece of John Deere equipment. Here's why: If you qualify and decide to lease any new piece of John Deere equipment currently eligible for a finance waiver, your lease payments will be discounted. The discount will reduce the amount of each lease payment you make. The amount of the discount will depend upon the number of months of waiver remaining on that particular piece of equipment.

This program enhances the cash flow advantage of leasing by further reducing your lease payments on eligible equipment. Save big—just like you will if you purchase the equipment and receive the finance waiver.

Whatever your decision—to lease or to buy—you'll get big savings from lease payment discounts or finance waivers. And, you'll get the quality John Deere equipment that you need. Stop in for details.

MR. AND MRS. DAVID SMITH
(nee Barbara Ellen Theall)

Afternoon Ceremony Unites Miss Theall, Smith

Miss Barbara Ellen Theall became the bride of George David Smith Saturday, May 21 at 2 p.m. in the First United Methodist Church of Muleshoe. The Rev. Hugh F. Blaylock of Lubbock, who also read the vows for the groom's parents, read the double ring vows.

Parents of the couple are Mr. and Mrs. Don Theall of Lubbock and Mrs. Wilma Smith of Muleshoe. The church was decorated with altar stands containing ivy on either side of a basket arrangement of apricot gladiolas and white spider mum poms.

Organ music for the ceremony was provided by Mickey Cloud of Muleshoe.

Given in marriage by her father, the bride chose a full length gown of candlelight chiffon over taffeta. The skirt extended into a chapel length train featuring a self fabric skirt ruffle. Her veil was fastened with

silk roses to a picture hat. She carried a white Bible topped with a nosegay of white spider mum poms, white roses and apricot lilies.

In keeping with tradition for something old, the bride carried, inside her Bible, a wedding picture of the groom's parents; something borrowed, a cameo necklace from the groom's mother, a gift from the groom's father; something new was her dress; and something blue was her garter.

Regina Huckaby of Odessa served as matron of honor. Bridesmaid was Mrs. Gary Garrison of Odessa. The attendants wore identical street length dresses made from shades of apricot flower patterned silk. They each carried a long stemmed white silk rose.

Chuck Smith, brother of the groom of Muleshoe, served as best man.

Groomsman was Gary Garrison of Odessa. Ushers were Mike Van Zandt of Lubbock, Gordon and Brian Theall, brothers of the bride, of Lubbock.

Susan Lunsford registered guests at a table covered with a white cloth under white lace. An arrangement of silk garden flowers served as a center piece.

Following the ceremony, a reception was held in the fellowship hall of the church. Serving were Mrs. Tommy St. Clair and Mrs. David Saylor. They were assisted by Mrs. James Crane, Mrs. Buddy Blackman, Mrs. D.T. Garth and Mrs. Robert Lunsford. Piano music for the reception was provided by Terry Crane.

Following a wedding trip to San Antonio and Austin, the couple will be at home in Odessa.

The bride graduated from Lubbock High School and attended Texas Tech. She is employed as an accountant by the B&S Distributing in Odessa. Smith was graduated

from Muleshoe High School, University of Texas at Permian Basin and Texas Tech School of Law. He is associated with Brannon and Stephens Law Firm in Odessa.

Friday, May 20 a barbecue dinner was served in the home of the groom's mother.

Out of town guests included a great aunt of the groom, Mrs. O.A. Gunstream of Memphis, Texas. Other guests were registered from Lubbock and Odessa.

It's a good idea to remind everyone that Father's Day is almost upon us.

Diabetic Childrens Camp Scheduled In August

As summer rolls around, children begin to look forward to attending camp. This year, children with diabetes will have a week of fun in the sun at Camp Butman near Merkel, Texas.

Sponsored by the West Texas District Rotary Clubs, the camp is under the direction of Texas Tech University Health Sciences Center (TUHSC) Departments of Pediatrics, Nutrition and Social Work and the Texas Tech University Department of Physical Education.

Diabetic children ages 6 through 13 are eligible to apply for camp. Applications should be directed to S.K. Varma, M.D., or M. J. Bourgeois, M.D., of the TUHSC Department of Pediatrics, Lubbock, Texas 79430, or phone (806) 743-2310. Deadline for application is June 15. Camp will be August 1-9.

Special medical and dietary accommodations which diabetic children require

will be provided at the camp. A pediatrician from TTUHSC School of Medicine will be in residence at the camp to supervise each child's medical needs. Additionally, medical school faculty will teach short courses in diabetic control and management.

Round trip bus transportation will be available from Lubbock to Camp Butman. Reservations are necessary at the time of application.

This year, to help defray expenses for supplies and equipment, a registration fee of \$100 is requested. However, this fee should not prevent any child from participating. For special arrangements, contact the Department of Pediatrics at TTUHSC.

Miss Cassandra Ann Cargile, daughter of Mr. and Mrs. Preston Cargile of Lazbuddie, received the 1973, annual award for outstanding citizenship throughout her school life from Security State Bank of Farwell. The principal of Lazbuddie schools presented Miss Cargile with a \$100 award at the Lazbuddie commencement exercises May 25. Miss Cargile was salutatorian of her graduating class.

Music Camp Registration Still Open

Application and registration is still open for the Eastern New Mexico University Summer Music Camp '83. The camp will be held in Portales July 10 - 15 Sunday through Friday. Junior high and senior high students will be given individualized and small group instruction in their area -- vocal, instrumental or piano music.

Each participant will have one instrumental or vocal lesson, two small ensemble rehearsals, one class and one physical activity per day. Classes and rehearsals are scheduled throughout the day with time for students to practice individually. Evening activities including concerts, recitals and productions are planned.

Students will be housed in ENMU dormitories and meals will be served in the Campus Union Building. Music will be provided, however instrumental students are responsible for bringing their own instruments.

Room, board and tuition are included in the \$155.00 registration fee. Requests for registration forms or questions regarding the camp can be directed to Karyl Lane, Office of Promotion, College of Fine Arts, ENMU Portales, NM 88130 (505) 562-2378.

Bridal Shower Fetes Miss Sandra Speck

Miss Sandra Speck, bride elect of Dusty Puckett, was feted with a bridal shower Sunday, June 5 from 2:30 to 4 p.m. in the Trinity Baptist Church.

Maudie Speck, Pattie Puckett and the honoree greeted the guest and Tisha Young registered the guests.

Barbie Seaton and Shelley Sain served thumbprint cookies and punch from crystal and silver appointments.

The serving table was covered with a white lace over pink cloth and adorned with a silver candelabra. The honoree's corsage was pink carnations accented with burgundy.

Special guests included Maudie Speck, mother of the bride; Pattie Puckett, mother of the prospective groom; Clara Coffman, grandmother of the bride; and Myrtle Puckett, grandmother of the prospective groom.

The hostesses gifts were two flatware place settings, serving set and three tablespoons.

Hostesses for the occasion included Mrs. Muriel Lewis, Mrs. Lula Maye Shanks, Mrs. Tommie Bratcher, Mrs. Melba McCamish, Mrs. Ann Moore, Mrs. Elinor Yerby, Mrs. Ruth Wimberley, Mrs. Iris Clements, Mrs. Mary Johnson,

Miss Bonnie Carpenter, Mrs. Rose Sain, Mrs. Louise King, Mrs. Ida Clark, Mrs. Carol Kennemer, Mrs. Pat Young, Mrs. Margaret Alarion, Mrs. Patricia Wilson, Mrs. Doris Scott and Mrs. Margareta Taylor.

Community Appreciation Day Set At CAFB

Community Appreciation Day '83 will be held at Cannon Air Force Base June 25 featuring the U.S. Navy Leapfrogs.

Community Appreciation Day is an annual event held at Cannon. It's an opportunity for local citizens to visit the base and learn more about its mission, equipment, facilities, people and the skills required to operate in the Air Force. The main gate will open to the public at 10:30 a.m. and activities will last through 5 p.m.

Highlighting the day will be the U.S. Navy parachute Demonstration Team known as the Leapfrogs. The Leapfrogs are a world famous parachute team that has been described as "a graphic airborne display of freefall parachuting."

Included in the many aircraft static displays will be the world's largest plane, the C-5 Galaxy, a C-141 Starlifter and Cannon's own F-111Ds.

Activities for the day-long event are tailored for the whole family. Refreshments and ample parking will be available.

RECIPE

Ham Slaw

- 2 or 3 c diced, cooked ham
- 3 c coarsely shredded cabbage
- 1 carrot, thinly sliced
- 1/4 c chopped green pepper
- 1/4 c chopped onion
- 2 eggs
- 2 T sugar
- 1/2 t salt
- 1/4 t pepper
- 1/2 c vinegar
- 1/2 c water
- cabbage or lettuce leaves.

Beat eggs. Add sugar, salt, pepper, vinegar and water. Cook over low heat and stir constantly until mixture thickens slightly—about 2 to 3 minutes. Chill.

Combine ham, cabbage, carrot, green pepper, and onion. Add chilled dressing and toss lightly. Serve in lettuce or cabbage lined salad bowl.

Serves six.

MISS SANDRA SPECK

Cents-Off Coupons Not Always Bargain

"Cents-off coupons for use in food markets are a form of advertising and not necessarily a bargain for consumers, farmers or grocers," says Mary Clayton, a family resource management specialist with the Texas Agricultural Extension Service, Texas A&M University System.

Much attention has been focused on people who receive "free" groceries by collecting coupons and utilizing special coupon offers. Coupon clubs and newsletters have sprung up as more consumers look for ways to save money.

"But using coupons may not be the best answer to high food prices for many families," says Clayton.

According to USDA research, coupons are primarily issued for storable, brand-name items instead of less processed, perishable products. Coffee, prepared foods, breakfast cereal, flour and flour mix products, account for 10 percent of the consumer food budget, yet make up about 60 percent of the value of coupons redeemed.

"If consumers are primarily concerned with reducing food costs," states Clayton, "they should compare the cost of brand-name products with cents-off coupons, to generic or house brands which may be less expensive." Consumers should also consider preparing more dishes from "scratch," which will generally result in lower costs than processed, prepared food items even with coupon reductions, recommends the specialist.

Many grocers object to coupons because they feel the reimbursement of their handling costs are inadequate and the doubling of coupons values cuts profits, says Clayton.

Wedding Shower Honors Miss Kelly Bayless

Miss Kelly Bayless, bride elect of Dave Poyner, was honored with a wedding shower Saturday, June 4 from 3 to 4 p.m. in the home of Mrs. Royce Turner.

Guests were greeted by Sandy Turner, Patsy Poyner and the honoree and registered by Robin Burgess.

Jill Turner and Laura Leal served burgundy punch and thumbprint cookies from brass and crystal appointments.

The serving table was covered with a burgundy under skirt and accented with an arrangement of pink water lilies accented with burgundy in a grapevine basket. The honoree's corsage was made of burgundy roses.

Special guests included Mrs. Bess Washburn, Cheryl and Angie Dacus of Borger; Mrs. Frank Poyner and Fran of Portales, N.M.; and Perrie Lee of Lubbock.

The hostesses gifts were a micro wave and a remembrance box. Hostesses for the occasion included Marilyn Young, Sue Bessire, Janelle Turner, Karen Tunnell, Bobbie Nell Dunham, Tammy Black, Janette Burden, Ann Vinson, Sue Holt, Joy Whit, Susan Wilson, Clara Suduth, Hazel Dyer, Flo Lynk, Evelyn Northcutt, Lou Ann Black, Gladys Meyers, Pat

Watson, Marilyn Wilson, Wanda Griffin, Jo Jinks, Sandy Turner, Glenda Dale and Dian Gunstream.

MISS KELLY BAYLESS

ABOUT YOUR HOME

HOME

By April Rhodes

Clean attics, storage closets and other areas of accumulated trash before cold weather arrives. Don't let your home be a fire statistic.

It's time to gather summer herbs. Preserve them for winter by drying or freezing. Season foods with about one-fourth as much dried herbs.

Play it safe, get your home heating system checked before Fire Prevention Week in October.

It's time to shape up if the new fall fashions seem to be a bit snug. Engage in some toning exercises and skip dessert at the evening meal.

LATEST ARRIVALS

Travis Wayne Tunnell

Mr. and Mrs. Rusty Tunnell are the proud parents of a son, Travis Wayne, born at 11:19 a.m. June 2 in Littlefield Medical Center.

Travis Wayne weighed five pounds two ounces and was 19 and a fourth inches long. He is the first child for the couple.

Grandparents include: Ray Manasco of Muleshoe, Joe Mayhugh of Palestine, Gene Tunnell of Earth and Sherry Severson of Frank Town, Colo.

Great grandparents are Mrs. Ethel Allison and Mrs. Ovie Manasco of Muleshoe, Mr. and Mrs. E.D. Tunnell of Earth and Mrs. Edith Johnson of Sweetwater.

WHO AM I?

My feats clog the record book. Out of Duke, I never performed full-time on a championship pro team. Yet I've got the best career passer rating in NFL history. And I threw TD passes in 23 straight games.

ANSWER: Sonny Jurgensen, Eagles (1957-69) and the Wash. Redskins (1964-74).

VA Compensation Checks Top \$9 Billion In '82

An estimated 2.3 million veterans in the Texas area and elsewhere received Veterans Administration compensation checks in fiscal 1982, bringing the total paid out in the program last year to more than \$9 billion.

Each veteran received a monthly check ranging from as low as \$62 per month, for those with 10 percent disability, to as high as \$3,461 for those with certain severe disabilities. For 100-percent disability, not involving major amputations or loss of use of limbs, the maximum amount of compensation is \$1,213 per month, said Jack Coker, Director, Waco VA Regional Office.

Veterans whose service-connected disabilities are rated at 30 percent or more are entitled to additional allowances for dependents. The additional amount is determined according to the number of dependents and the degree of disability.

The \$9 billion cost of compensating veterans for service-connected disabilities was more than one-third of the agency's \$25 billion budget. When combined with pension -- payments made to veterans with disabilities not traceable to military service -- the total is \$13.9 billion, or more than half of VA's annual budget.

To be eligible for pension, a veteran must have wartime service and be totally and permanently disabled from a non-service-connected cause and his family income may not exceed an amount specified by law -- currently \$6,980 per year for a veteran with a spouse. No such income restrictions apply to compensation payments.

GSPA...

acres, heavy fertilization, double-cropping, etc., as farmers try to produce more to offset low prices. He pointed out that if USDA will operate the farm programs in a way that will hold market prices above the target levels, then government cost in the form of deficiency payments will be totally eliminated. "Nothing would make farmers happier," Harp said.

The National Farm Coalition, a national group of twenty farm organizations with Harp as vice-chairman, has also issued an appeal to Congress to resist the proposed freeze of 1984-85 targets. "Grain Sorghum Producers Association and the National Farm Coalition are encouraging farmers across the nation to let their congressmen know their views," Harp said.

GAS PRICES

LOS ANGELES, CALIF. --The overall average price of gasoline nationwide went up less than a cent a gallon during the first two weeks of May, oil industry analyst Dan Lundberg said recently, with the rate of increase stalled by tough competition.

Some 800,000 veterans and 1 million survivors now receive pensions.

Officers...

Cont. from Page 1

Littlefield, Spearman and Texas Tech University as well as TTUHSC personnel attended.

Muleshoe officers also recently attended an Alcoholic Beverage Code course on May 23 and 24. Those officers from Muleshoe attending were Richard Bonham, Onas Dewayne Haney, Alvis Wayne Holmes, Linda Huckaby, Les Irvin, Chesley Southard and Della Snell from the Police Department Jerry Hicks of the Bailey County Sheriff's office also attended.

Wheat...

Cont. from Page 1

that "The extent that the PIK wheat and new crop harvest will be a liability or asset to producers this year, will be determined by whether or not export markets are opened to absorb that much grain prior to the end of the five month extended storage periods." "The level of market development activity will be directly related to the farmer and grain trade response in making the "Implied Consent" 1/2 cent per bushel program work."

Posters have been placed at each wheat receiving location in the State indicating that the 1/2 cent deduction will be made unless producers request exemption prior to settlement. Procedures in the 34-county traditional wheat area operating under provisions of the Texas Agricultural Referendum Law since 1971 will not be affected by the new program, other than have the assurance that now producers in the remainder of the State will have an opportunity to participate.

Bank Merger

Cont. from Page 1

"noted for being a strong independent bank, a community bank deeply involved in the community betterment."

Deryl Bennett is president of the Security State Bank of Littlefield. The bank founded in 1947, had at its last annual report, assets of \$49.8 million, deposits of \$43 million, net loans of \$26 million.

Robert E. Finney is president of Muleshoe State Bank, one which was established in 1931. The bank assets at the end of 1982 were \$40 million, deposits were \$34.3 million, net loans were \$17.9 million.

Burgess is serving as president of the Olton bank. The bank was established in 1929. At the year-end report, Dec. 31, 1982, the bank had total assets of \$34.5 million, deposits of \$30.3 million, net loans of \$15.5 million.

Independent Bankshares, Inc. had at the last bank

call, March 31, total assets of \$583,927,440, deposits of \$448.6 million and net loans of \$344 million.

5 Area...

ipped to install and service communication equipment with trained professional employees.

Five Area Telephone Cooperative, Inc. is home-owned by the members served with the fast changing regulations of the telephone industry, the only reason for forming Five Area Systems Inc. is to broaden services to all people in this area. By forming a subsidiary, newly acquired revenue will hold down cost of operation, thus holding down the cost to members.

Any questions concerning Five Area's operation, should be directed to Hubert Kidd, manager of Five Area Telephone Cooperative, Inc. at 272-5533.

ATTENDS ENERGY SYMPOSIUM--Kelly Sue Hamblen, daughter of Dr. and Mrs. David Hamblen of Muleshoe recently attended a symposium explaining fusion technology. She attended the meet as a guest of Southwestern Public Service Company held at the Texas Energy Science Symposium in Austin May 31 through June 3. Kelly is a junior at Muleshoe High School.

Worley Mills

Cont. from Page 1

New Mexico and West Texas. Approximately 30 persons will be employed by Sunmark during harvest and about 20 during the remainder of the year. An additional 1,275,000 bushels of storage and a new, more efficient grain handling system has been added by Sunmark over the past year.

Serving as president of Sunmark Grain will be Bob Worley, while Victor Worley will be vice president and Bill Worley, secretary-treasurer. Howell Merrick, a long time associate, will serve as a director and as manager of the Goodland, Texas Sunmark operations.

The name of Sunmark Grain was derived from the Zia symbol and the location of the business in the Sunbelt of America.

Worley Mills first began as a cotton gin in Logan in 1929; then, in 1935 the gin

Area Storm

Cont. from Page 1

indicated that damages were heavier in the south and west parts of the county.

C. E. Grant, who lives 3 miles west of the West Camp Gin and Store reported one half inch of rain and marble size hail, along with strong "front" type winds which blew limbs and branches from trees in that area.

Bennie Claunch at Claunch Gin in Bula reported one inch of rain at the gin. Claunch said however that to the west of the gin the moisture was less. Strong winds were also reported in the Bula area along with some large hail in the surrounding country.

At Baileyboro, Melvern West reported pea - sized hail and approximately 1/2 to 3/4 inches of rain. West stated that the hail destroyed

Burgess...

student based on her academic achievement, service to the community, leadership in extracurricular activities, and future potential.

She joins an elite group of students selected from more than 1,400 institutions of higher learning in all 50 states, the District of Columbia and several foreign nations.

Outstanding students have been honored in the annual directory since it was first published in 1934.

Block's Visit

Cont. from Page 1

that we don't have problems, because we do," Block said, describing the PIK program as a short-term response to a long-term problem. Block said that price strength evident now would not be without the PIK program.

The Secretary indicated that no decisions have been made on the length of the PIK program, but hinted that it would go at least another year.

Block stated to the crowd that a general moratorium on foreclosures for farm debts would not work. "Unfortunately, there are some producers that just cannot be salvaged," he said. The indication was that a general moratorium would be a blow to the credibility of agriculture in terms of obtaining credit and would eventually drive up the cost of borrowing money.

The Secretary of Agriculture stated that he would

and fell good, but indicated that heavier rains and possible hail was the story further north of Stegall.

Near Hub, John Baca of Hub Aerial Spraying, reported one inch of rain falling in that area and no bad hail. Baca did say, however that high winds swept the area. He also reported that Friona received a lighter version of the storm with less rain and hail.

West of Muleshoe, Val-

ley Grain employees reported marble size hail and general rains, but no measurable amounts were recorded.

In Muleshoe proper, the official rainfall was listed at 7/10 of an inch. Hail from pea-sized to some golf-ball size was also reported generally over town.

At Muleshoe National Wildlife Refuge, Al Jones reported close to 7/10 inches of rain, marble-size or larger hail and strong wind which blew down tree limbs on the refuge.

Farmers were busy Wednesday morning checking their crops and surveying damages to corn and cotton crops in the area. With the first of June already past, time is short for replanting, especially of cotton and corn crops. Watch Sunday's Journal for an update on the Bailey County farm situation.

Youth Employment Services Day

Proclaimed In Muleshoe

June 4

One day does not a program make, but if Saturday, June 4 is any indication, Youth Employment Services of Muleshoe will be a success. June 4 had been declared YES Day in Muleshoe by Mayor Charles Bratcher. And at the end of that day there were 46 satisfied employers and 36 tired but happy teenagers who had gained a lot more than a few extra dollars in their pockets. The work-day highlighted just what YES volunteers hoped it would -- that kids will work hard if given the opportunity to do so.

Various businesses and individuals around town gave such a chance, and out of 46 separate jobs, there were no complaints about job performance. Said one employer, "I cannot believe how hard these kids worked. You can bet that I'm going to use the program again." Teenagers from 13-17 did everything from washing windows and mowing yards to cleaning alleys and warehouses around town -- all at a very nominal price. Another pleased employer stated, "After today, I can think of a lot of jobs that I've needed to get done for a long time. I know now how to get those jobs done."

The YES office is located at 118 W. Ave C in a building donated by Dee Treadwell and is staffed by volunteers from 1:00 p.m. - 5:00 p.m. Monday through Friday. The phone number is 272-3002. Perhaps the best example of what YES is all about came from a 13 year old boy who performed several jobs on Saturday and was obviously tired at the end of the day. When asked if he would have any trouble sleeping that night, he replied, "No, I'm kinda tired." Then he added, "But when will I be able to work again?"

The YES Board of Directors and officers would like to thank the following contributors to the YES program:

Quiet Holidays Catch Up With Local Law

During the past week, all departments of local and state law enforcement were kept busy with everything from alleged traffic offenses to burglaries. Although the departments were relatively quiet over the Memorial Holiday weekend, the rest was paid for the next week.

On June 3, Frank L. Pittman pulled into the Target store drive, and entered the store. His parking brake failed on his auto and the auto rolled into the Target store causing approximately \$1000 worth of damage according to police reports.

On June 6, Francisco O. Castaneda was charged with alleged DWI after he was arrested in the 2100 block of American Boulevard as officers observed him driving erratically. According to officers' reports Castaneda was unable to perform balance tests, and following his arrest took a breath test. He was booked pending bond and his vehicle impounded.

Also on June 6, Anna Castaneda was arrested on a charge of alleged public intoxication. She was a passenger in the vehicle with Francisco Castaneda. She was placed in the county jail, pending bond.

John's Custom Mill reported to City Police on June 6 an apparent burglary attempt. Officers reports show that a slat was removed from a door; however a routine check revealed nothing taken from the establishment.

Muleshoe Motor Company reported a theft on June 3, when a customer allegedly drove away without paying for \$79.14 worth of repairs on his automobile.

On June 6, Betty Mansaco reported the theft of luggage and contents valued at about \$75 from her car while it was parked at the Muleshoe Nursing Home.

On June 6, Dent Rempe, Incorporated reported the theft of a tractor on a flat bed trailer. Both items of equipment were removed from the Dent-Rempe lots; however, both were returned the same day.

Perry Stockard reported to Muleshoe Police on June 3 the theft of a 1982 Chevrolet Suburban and a purse containing cash. Stockard had left the vehicle at a location in town as he got out to check on a job, leaving the keys in it and the motor running. According to reports a Mexican male approached Stockard asking directions and then a few minutes later, Stockard observed his automobile driving away. The alleged suspect was spotted by DPS

who was charged with public intoxication, disorderly conduct, resisting arrest and criminal mischief. Both suspects were transferred to the County Jail.

On June 1, Aurora Garcia was arrested near the State Line Irrigation building for alleged disorderly conduct. She was transported to the County Jail pending bond. Also arrested in the same incident and charged with alleged disorderly conduct was Santos G. Aguillar. She was also transported to the county jail pending bond.

Information taken from the Bailey County Sheriff's Department indicated charges filed, fines paid and bond posted on a number of prisoners over the past week.

On June 1, Rene Garcia was placed in county jail charged with alleged public intoxication, disorderly conduct, resisting arrest and criminal mischief. Bonds were set at \$200, \$200, \$500 and \$750 respectively prior to his release.

On June 1, Santos Aguillar was arrested on charges of alleged disorderly conduct. She was released after paying a \$75 fine. Also on June 1, Aurora Garcia was arrested on

charges of alleged disorderly conduct and also released after payment of a \$75 fine.

Rosa Alarcon Olivarez was arrested on June 4 on alleged charges of DWI. She was released following the posting of a \$750 bond. Feliciano Reyes was arrested on charges of alleged DWI on June 4 and released after posting a \$750 bond.

On June 6, Ama Tillo Castaneda was arrested on alleged charges of public intoxication. The suspect was released following the payment of a \$75 fine. On June 6, Francisco Castaneda was arrested on charges of alleged DWI and was assessed a fine of \$250 and court costs prior to release.

On June 1, Rene Garcia was placed in county jail charged with alleged public intoxication, disorderly conduct, resisting arrest and criminal mischief. Bonds were set at \$200, \$200, \$500 and \$750 respectively prior to his release.

On June 1, Santos Aguillar was arrested on charges of alleged disorderly conduct. She was released after paying a \$75 fine. Also on June 1, Aurora Garcia was arrested on

charges of alleged disorderly conduct and also released after payment of a \$75 fine.

Rosa Alarcon Olivarez was arrested on June 4 on alleged charges of DWI. She was released following the posting of a \$750 bond. Feliciano Reyes was arrested on charges of alleged DWI on June 4 and released after posting a \$750 bond.

On June 6, Ama Tillo Castaneda was arrested on alleged charges of public intoxication. The suspect was released following the payment of a \$75 fine. On June 6, Francisco Castaneda was arrested on charges of alleged DWI and was assessed a fine of \$250 and court costs prior to release.

On June 1, Rene Garcia was placed in county jail charged with alleged public intoxication, disorderly conduct, resisting arrest and criminal mischief. Bonds were set at \$200, \$200, \$500 and \$750 respectively prior to his release.

On June 1, Santos Aguillar was arrested on charges of alleged disorderly conduct. She was released after paying a \$75 fine. Also on June 1, Aurora Garcia was arrested on

charges of alleged disorderly conduct and also released after payment of a \$75 fine.

Rosa Alarcon Olivarez was arrested on June 4 on alleged charges of DWI. She was released following the posting of a \$750 bond. Feliciano Reyes was arrested on charges of alleged DWI on June 4 and released after posting a \$750 bond.

On June 6, Ama Tillo Castaneda was arrested on alleged charges of public intoxication. The suspect was released following the payment of a \$75 fine. On June 6, Francisco Castaneda was arrested on charges of alleged DWI and was assessed a fine of \$250 and court costs prior to release.

On June 1, Rene Garcia was placed in county jail charged with alleged public intoxication, disorderly conduct, resisting arrest and criminal mischief. Bonds were set at \$200, \$200, \$500 and \$750 respectively prior to his release.

On June 1, Santos Aguillar was arrested on charges of alleged disorderly conduct. She was released after paying a \$75 fine. Also on June 1, Aurora Garcia was arrested on

On June 3, Rene Gloria was arrested on forgery charges arising from a previous grand jury indictment.

Access to private land for public hunting is hunters' key concern

COLLEGE STATION — A survey of more than 3,000 Texas hunters has found that most want the state to provide greater access to private land leased for public hunting.

The survey, conducted by researchers in Texas A&M University's Department of Wildlife and Fisheries Sciences and the Department of Rural Sociology, indicated 69 percent of the hunters favored paying user fees, perhaps \$20 a day, to hunt on lands leased by the Texas Parks and Wildlife Department. Seventy-five percent of the hunters feel funds should be used to lease more private land for public use.

Denver City Tennis Tournney Scheduled

The fourth annual Denver City summer tennis tournament, sponsored by the Denver City Chamber of Commerce, will be held June 13, 14, 15, and 16, 1983.

Men's and women's singles and doubles, as well as mixed doubles, will be held. First and second place trophies will be awarded in all divisions.

Special events include parent-child in A & B divisions. There are 3 events in 2 age groups for juniors,

and 3 events in one age group for adults.

Starting times are 9 a.m. for 12-18 age division; 6 p.m. for 19-26 age division; and 7 p.m. for all other divisions. Singles will start on Monday; doubles on Tuesday; mixed, parent-child and some finals on Wednesday and Thursday.

Entry deadline is Sunday night, June 12, at 10 p.m. Entry fee is \$6 per event and may be made by contacting Clinton Bowman at (806) 592-2208, or the Denver City Chamber of Commerce, (806) 592-3978.

All interested tennis players are eligible to enter.

New Mercury Topaz Makes Debut

The all-new 1984 Mercury Topaz, a high-technology front-wheel-drive five-passenger sedan, made its debut today at Muleshoe Motor Company in Muleshoe.

"The Topaz," said Robert Hooten, "fills the needs of car buyers who require a mid-size car but want smart design and outstanding fuel economy as well."

Powered by an all-new High Swirl Combustion (HSC) 2300 cc four-cylinder engine -- Ford Motor Company's first production fast-burn powerplant -- the Topaz is expected to have Environmental Protection Agency (EPA) ratings of 28 mpg in the city and 43 on the highway. The standard transaxle is a four-speed manual with an overdrive fourth gear.

Topaz's aerodynamic design (drag coefficients of 0.36 for two-door models and 0.37 for four-door models) also contributes significantly to the impressive fuel ratings.

Other standard equipment includes a fully independent four-bar parallel suspension for a good blend of ride and handling, a MacPherson-strut front suspension for reduced maintenance, rack-and-pinion steering for precise handling, power front disc brakes, and low-back bucket seats.

A full range of options are available, including a power-operated six-way driver's bucket seat, a power decklid release, a remote-control fuel-filler door, a TR handling package with Michelin TRX tires and cast aluminum wheels with locking lug nuts.

SBA Disaster Loan Deadline Filing Due

The deadline for disaster victims to file applications for Economic Injury Disaster Loans (EIDL) from the U.S. Small Business Administration (SBA) is approaching for some West Texas counties, according to SBA officials.

Thirty-four Texas counties were declared disaster areas by SBA on September 23, 1982, and have not been extended by subsequent declarations. The deadline for filing applications in these counties is June 23, 1983. Bailey County is not included in this list.

"Applicants who file for Economic Injury Disaster Loans must be able to show their losses are directly attributable to the disaster as declared for their county's physical losses, and that their efforts to secure financing elsewhere have failed," said Philip O'Jibway, Lubbock District Director for SBA.

Applications and information may be obtained by contacting Loan Officer Charlotte Hartwell at 1611-10th Street, Suite 200, Lubbock, telephone (806) 743-7466.

After June 23rd, inquiries or questions concerning applications being processed should be directed to Area 3 Disaster Processing Center, 2306 Oak Lane, Suite 110, Grand Prairie, TX 75051, telephone (214) 263-9924.

ATTEND THE CHURCH OF YOUR CHOICE

Unbounded joy! The joy of discovering new things. Each day bringing new wonders. All of life... so new... and exciting. God has been so wonderful. We have so much to appreciate. Living each day being thankful to God for all the wonderful things that he has given us. Attend church each week and know the "REAL JOY" of worshipping God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

 Tuesday for Thursday and Friday for Sunday

Care Needed With Late Planted Cotton

High Plains cotton farmers, who have had planting delayed by unfavorable weather, need to look carefully at variety maturity classifications and pay attention to cultural practices, cautions a cotton agronomist with the Texas Agricultural Extension Service. Thousands of acres of Texas High Plains cotton are yet to be planted or were dry planted and are awaiting rain for germination and emergence, Dr. James R. Supak, Extension cotton specialist at Lubbock, said. Although much of the area has adequate subsoil moisture reserves, widespread spring rains failed to develop, he noted. "Generally, plantings after June 5 in the northern counties, after June 10 in the central counties and after June 15-20 in the southern counties means that less than average yields can be expected, even with normal conditions for the rest of the growing season," Supak said. Farmers faced with late planting must decide which varieties to use and what cultural practices might hasten the development and maturity of the crop, he said.

"There isn't much producers can do to hasten the maturity of a late planted crop," Supak said. In the fields where soil tests show nitrogen deficiency, sidedress applications of moderate amounts of nitrogen (20-30 pounds an acre) may be justified, the agronomist said. Where deficiency symptoms develop, foliar application of zinc or possibly iron nutrients might be used, he added. Heavier applications of nitrogen fertilizers, foliar applications of fertilizer nutrients, sugar and the various types of plant "activators" aren't recommended, he said. "Generally, a slightly higher planting rate is suggested for late planted cotton," the Extension specialist advised. "Research has shown that about 60,000 plants per acre (4.5 plants per foot of drill) is the ideal plant population for late cotton." This normally requires a seeding rate of about eight to nine seed per foot of drill, using seed that germinates at

least 80 percent, he said. "Unfortunately, there is no way to predict what type of weather conditions this crop will encounter later in the year," Supak said. "It's possible that warm, open weather will prevail into October and November as it did in 1982." "However, longterm weather records indicate that generally, fiber development is essentially halted by cool night temperatures in mid-October." Consequently, producers might be well advised to limit their inputs into a late planted cotton crop, he cautioned.

ONE MINUTE SPORTS QUIZ

1. Who won the Georgia-Pacific Atlantic Golf Classic?
2. Nancy Lopez is known in what sport?
3. Steve Yeager plays pro baseball for what team?

Foster Fertilizer, in business at Lazbuddie for the past 22 years, continues to attribute all their success to their many happy customers, according to owner, Demp Foster. The popular fertilizer company, located three miles east of Lazbuddie, is one of the places where farmers can go, not only for their fertilizer needs, but to sit down, have a cup of fresh coffee and enjoy a game or two of dominoes, while enjoying conversation with his friends and neighbors.

In the morning, many farmers gather to talk about their crops, the current government programs, the weather and go on about their way. Then again in mid-afternoon, they gather again to discuss the activities of the day, while the dominoes softly clack on the two tables always set up in the fertilizer office.

Consistently strong backers of the community which has supported them through the years. Demp Foster believes in supporting not only the community, but also the school and all ag related activities.

Steve Foster has joined his father in operation of the fertilizer company, and is also a farmer in the community. Tim Foster was associated with the operation for eight years before moving to Lubbock.

Foster has attempted to keep up with all modern technology, and his plant is recognized as one of the outstanding modern, fertilizer operations. They mix the different grades of fertilizer in the ultra-modern fluid blend plant he constructed at a cost of above \$250,000.

If you are in the Lazbuddie community, or if you live in that friendly community northeast of Muleshoe, you will always find the 'welcome mat' out for you at Foster Fertilizer.
