NOTICE Concerning Rerecord

All brands and marks on Texas livesetock must be rerecorded with County Clerks tex Distributing Company, 3131 after August 30, 1971, accord-(A) Stemmons Freeway, Dal- ing to a new law passed during the last session of the Texas Lesgislature. Producers will be given a six-months period (August 30, 1971 through February 29, 1972) in which to register these brands and marks and the location on the animal which they are currently using, after which time any unrecorded brand will be available for use on a "first come" basis.

The law further states that all such brands and marks must be rerecorded every 10 years. Each County Clerk records for his given county only, so many producers may need to record their brands in additional counties if their operations are extensive.

The new owner shall have the right during this sixmonth period to file the mark and brand now recorded in his name. In the event it cannot be determined from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to have the brand and mark recorded in his name.

It should be noted that it is illegal to brand livestock without first properly recording the brand with the County Clerk in the county in which the livestock are held.

"a little child shall lead them"

How can a child learn to find his place in the world, and make it a better place to live? We would answer, by having the great treasures of the Bible opened up to him, and learning its lessons of love and spiritual power. That's what goes on every Sunday at the Christian Science Sunday School.
