Social Security Tips CHECK YOUR SOCIAL SECURITY RECORD

"How do I know my work under social security is being credited to my record, and how do I find out about it? This is one of the questions most frequently asked," says J. M. Talbot, social security man-

In explaining the process involved in reporting social seccurity, Mr. Talbot said, -'When you work for wages, your employer deducts social security tax from your paycheck each pay day. At the end of each calendar quarter, he submits your name and number with payment for these taxes to Internal Revenue. Internal Revenue forwards copies to social security's main office in Baltimore, Maryland. Your wages are then posted to your record. The same process is followed for a self-employed person except that his earnings are recorded yearly."

Mr. Talbot states that the possibility of an error being made in the process does exist. He recommends that you request a statement of your earnings at least every three

the representative when he is phone number. in your area.

tion receives employer reports your Texas Department of Pusocial security numbers of employees, according to J.M. Talbot, social security manager. These incorrect reports, in many cases, happen when a girl has married but does not have her name changed on social security records.

Mr. Talbot stated that when form. After completing the Memphis, Tenn. 38102. form and returning it to the social security office with her old card, she will be issued a new social security card with the same number but showing the new name.

If the name and number reported by an employer do not match the name and number on file with the Social Security Administration, the earnings might not get to the proper account. This could result in a later loss of social security benefits or in a smaller benefit being paid.

"Did you know that if you operate any type of agricultural business, the hired workers you have in that business may be covered by social security?" J. M. Talbot, social security manager, asks.

Any employee who works and earns \$150 or more for one employer during any year or works at least 20 days on a time basis for an agriculture business, is covered by social security. Even part-time employees could meet the earnings or work test. You, as their employer, would be liable to withhold social security tax from the employee's check, match that tax yourself, and report the earnings at the end of the year.

ADOPTION OR ABORTION! Adoption or abortion? Is there a choice? Unmarried mothers do have a choice-Today The Smithlawn Maternity Home of Lubbock extends a compassionate hand to the young lady who wants to take advantage of their confidential maternity care and know that her baby will be adopted into a solid Christian home.

The Smithlawn Maternity Home has cared for more than 600 unwed mothers and the adoption of their babies in the past decade.

U.S. Border Patrol Seeks Applicants

The U.S. Border Patrol of the Immigration and Naturalization Service has an urgent need for physically fit young men desiring a career in Federal law enforcement work. This is a career opportunity for those who like action and outdoor work.

The Border Patrol is the mobile, uniformed enforcement branch of the Immigration and Naturalization Service. Its principle purpose is to prevent the smuggling and illegal entry of aliens into the United States. The border patrolmen, called Immigration Patrol Inspectors, work along international buondaries, although their duties are not necessarily confined to these areas. They work in jeeps, cars, on foot, in boats and even in airplanes. Officers investigate violations of the immigration laws and frequently make arrests. They are often required to work irregular hours, under all weather conditions. These duties demand mental alertness as well as exceptional physical vigor and stamnia.

The entrance salary of an Immigration Patrol Inspector is \$7,639 a year (Grade GS-7). There are promotional opportunities up to executive levels in the Immigration and Naturalization Service. On-the-job training offers splendid opportunities for promotion to positions of greater responsibility.

No experience is required for these positions. To qualify, applicants must pass a written test of verbal abilities, judgment, and aptitude for learning a foreign language. Candidates who pass the written test are called for oral interviews in the order of their standing on the list. The oral interview is designed to determine if the candidate has the personal qualities needed for the work. Applicants must also pass a rigid physical examination. Candidates who are selected for appointment are assigned to the Border Patrol Academy for a period of intensive training in such subjects as immigration laws, Spanish, physical training and marksmanship. Trainees receive full pay while in the academy. Information concerning the

patrol inspector position and this announcement may be obtained from the U.S. Immigration and Naturalization Service, P. O. Box 2539, San Antonio, Texas 78206, or by
