SPECIAL NOTICE

Dear Taxpayer:

This is to advise you that Senate Bill 414 which was passed by the last session of the Texas Legislature REQUIRES this office to collect (\$1.00) one dollar in addition to any other penalty and interest that may be due on EACH 1971 past due or delinquent tax statement issued after February 1, 1972.

You can save this additional (\$1.00) one dollar penalty by paying your taxes before February 1, 1972.

This office is opposed to the additional penalty on past due taxes (February 1 to July), but we haven't any choice in this matter.

Not any of this money is retained by Sterling County, or the State of Texas. The additional (\$1.00) one dollar collected goes to the Legislative Property Tax Committee created by Senate Bill 414.

Ambulance Service To Be Discontinued Here

NOTICE—It is our intention to discontinue emergency ambulance service here on January 31. Our ambulance is old, insurance on the vehicle is sky high, rules and regulations by the laws make many costly and time consuming trips and classes, and many of the cases we handle are for free. It is not good business, and the we just cannot afford to operate such a losing proposition.

Nearly all counties and cities have such emergency service operated or subsidized by the cities or counties. Perhaps something like that could be worked out for Sterling County in the future.

Social Security Tips CHECK YOUR SOCIAL SECURITY RECORD

"How do I know my work under social security is being credited to my record, and how do I find out about it? This is one of the questions most frequently asked," says J. M. Talbot, social security manager.

In explaining the process involved in reporting social security, Mr. Talbot said, "When you work for wages, your employer deducts social security tax from your paycheck each pay day. At the end of each calendar quarter, he submits your name and number with payment for these taxes to Internal Revenue. Internal Revenue forwards copies to social security's main office in Baltimore, Maryland. Your wages are then posted to your record. The same process is followed for a self-employed person except that his earnings are recorded yearly."

Mr. Talbot states that the possibility of an error being made in the process does exist. He recommends that you request a statement of your earnings at least every three years.

All you have to do to secure the statement is to send a post card request available at your social security office to Baltimore, Maryland. If the reply you receive is incorrect in any way, contact the Social Security Office at 3000 West Harris Avenue (P. O. Box 3808) in San Angelo, Texas, or see the representative when he is in your area.

Each calendar quarter, the Social Security Administration receives employer reports of earnings showing incorrect social security numbers of employees, according to J.M. Talbot, social security manager. These incorrect reports, in many cases, happen when a girl has married but does not have her name changed on social security records.

Mr. Talbot stated that when a girl marries, she should complete a 'Request for Change in Social Security Record' form. After completing the form and returning it to the social security office with her old card, she will be issued a new social security card with the same number but showing the new name.

If the name and number reported by an employer do not match the name and number on file with the Social Security Administration, the earnings might not get to the proper account. This could result in a later loss of social security benefits or in a smaller benefit being paid.

"Did you know that if you operate any type of agricultural business, the hired workers you have in that business may be covered by social security?" J. M. Talbot, social security manager, asks.

Any employee who works and earns \$150 or more for one employer during any year or works at least 20 days on a time basis for an agriculture business, is covered by social security. Even part-time employees could meet the earnings or work test. You, as their employer, would be liable to withhold social security tax from the employee's check, match that tax yourself, and report the earnings at the end of the year.

NOTICE—COST OF ENGRAVINGS
—Due the high cost of cuts or engravings of pictures, we are now forced to charge for all society type pictures run in the paper. The costs have always been an item to be considered, but now the cost makes a charge necessary. Cuts or engraving run from \$1.95 for a one column cut to around \$5 for a two column cut. This is actual cost and will be charged for from now on.

DISABLED WIDOWS BENEFITS

"Two years have passed and many persons are still not aware of the change in the social security law which provides monthly benefits for disabled widows at age 50," said J. M. Talbot, social security manager.

Since the law became effective in February, 1968, more than 32,000 disabled widows have qualified for monthly payments, Mr. Talbot estimated however that another 30,000 widows who might qualify for these benefits have never applied.

"The requirements for disabled widows' benefits are apparently not as well known as those for the more familiar widows' benefits at age 62, or reduced widows' benefits at age 60," Mr. Talbot continued.

To qualify for benefits a widow, age 50 to 60, must have an impairment so severe that it keeps her from engaging in any work. The condition must also be expected to last for at least twelve months.

The widow's disability must have begun before her husband's death or not later than seven years after his death. A widow who has previously been entitled to benefits if she becomes disabled before payments to the children end or within seven years after they end.

MORE IN STYLE

At least I'm a little more in style now than I was before Xmas. I have a shirt that has a collar that is a collar. It does a pretty good job of covering up my front when I have a coat on.

But my coats, suit and also sports coats, are one behind.

Now I need one with lapels that wing out like a minstrel singer of the 20's and 30's—sorta a buck wing style.

Also, one with a vent up the back that reaches up to three inches below the collar of the coat—a regular split tail affair. And also with a belted back and patch pockets—then I'd be right up there with Ari Onassis and Mayor Lindsay—and others.

I've got one suit coat that has two vents—one on each side and they're piddling little vents. But better than that—I've got one that doesn't even have a vent up the back at all. It sure does have a lot of buttons on the sleeves—though. Six, I think. Nowadays one or two at the most is the fashion.

8-BALL

Really, clothes do make the man—or woman, I guess.

Someday I'm gonna get me a real frilly front shirt, a pair of wide-legged pants, a pair of buckle shoes, and a tie that rivals the rainbow, and nobody is going to recognize me.

8-BALL

Looks like old Sterling County will lose its friend and legislator George Baker of Ft. Stockton. George has been re-districted out or we have—one or the other—from each other. Renal Rosson of Snyder, who has been in the State Legislature for a number of years, will most likely be the new representative. We are—or will be in his district—so he is running in his district—which now includes Sterling County.

And, too, someone else just might come out for the place. Now Howard County and Dawson County are in the district and someone from those places just might come out.

8-BALL

Ross Foster, owner and operator of the Ross Funeral Home and Ross Ambulance Service here, says he is going to drop the ambulance service here at the end of the month.

Many training sessions have to be attended, many items of first aid, etc. have to be kept installed and improved in the vehicle, and high insurance rates on ambulances make it prohibitive to carry it on any longer. And too, many of the cases carried never pay for the trip and service. And his ambulance is getting old and needs replacing with a new one.

This week the city of Dallas took over the ambulance service in that city. The private firms gave up the deal. Many smaller counties and cities own and operate the ambulance service in their territory. Then in some places, especially small counties, the counties subsidize the ambulance owners—and help pay for the cost and upkeep of the service.

There doesn't seem to be any chance of that happening here so Sterling will just have to get along without ambulance emergency service.

8-BALL

The difference in minutes or hours, in getting to a competent doctor or hospital may mean the difference in life or death. Sterling will miss having an ambulance service. Roland Lowe, who used to operate the service, said he consistently lost money on viding ambulance service in

Proclamation by County Judge

Whereas, the Texas agricultural industry, in all of its phases, continues to be our most important industry, and

Whereas, agriculture continues to have great growth potential in our county with the rewards from such growth accruing to the benefit of all citizens, and

Whereas, there is an urgent need for an active crusade to increase the public's knowledge, acceptance, and appreciation for the highly significant contribution which agriculture makes to the economy of our county and to the level of living enjoyed by its citizens, and

Whereas, it is recognized that all citizens of this county have a vital stake and a legitimate self-interest in the general well-being of the farmers and ranchers who provide the great abundance and variety of food and fiber of highest quality which we all enjoy, and

Whereas, 3.76 in '76 is a well-conceived program designed by the Texas Agricultural Extension Service, with the endorsement and active support of agricultural agencies, organizations, and individual leaders, to help the agricultural industry achieve its full potential through an intensification of efforts by producers, agri-businesses, and professional agriculturists to bring about an increase in income to Texas farmers and ranchers of \$1 billion by the end of the crop year 176, and

Whereas, \$610 million of the \$1 billion goal has been achieved through the 1971 agricultural season, and

Whereas, the achievement of an increase of \$1,051,000 in agricultural income by the end of crop year 1976 will improve the net profit and competitive position of Sterling County farmers and ranchers and make highly significant contributions to the future economy of the county,

NOW, Therefore, I J. K. Martin, County Judge of Sterling County Texas do proclaim the week of January 17—23, 1972 as 3.76 in '76 Week in Sterling County and call upon all citizens to join in this observance and to dedicate their efforts to the achievement of its stated objectives.

Dated this 11th day of January A.D. 1972.
