

Cattle fever ticks have been found in several South Texas counties and on one ranch in Kent County near Jayton. Officials of the Texas Animal Health Commission have labeled the outbreak the most serious in the last 30 years.

The first ticks reported were found in Jim Wells County near Alice and have since spread to Duval McMullen, Live Oak, Nueces and Brooks Counties. No explanation has been made of the location on one premise near Jayton.

Animal Health Commission officials feel that the eradication measures applied in South Texas have the outbreak under control but because of the seriousness of a possible fever tick outbreak, request the cooperation of livestock producers. Producers are asked to check their animals closely for fever ticks. If ticks are found, a sample should be placed in a screwworm vial and sent to Austin for identification. The mailing address is: State-Federal Brucellosis Testing Laboratory, 702 Colorado St., Room 301, Austin Texas, 78701.

The cooperation of all producers is vital so that all infestations of the cattle fever tick can be traced back to the original infestation where eradication measures can be initiated. The screwworm is causing livestock producers enough trouble already—a wide spread fever tick outbreak isn't necessary.

A statewide Brush Control and Range Improvement Field Day October 5 is being held at the Chaparras Ranch near Le Pryor in Zavala County. The field day is being sponsored by the Zavala County agricultural agencies the Texas Range Improvement Association and the Society for Range Management. Even though it is quite a distance away, this will be a good tour for those interested in brush control and range management.

The tours, in air conditioned buses, will cover chemical and mechanical control measures, wildlife, and all areas associated with range improvement. If anyone is interested, more information is available.

Confirmed screwworm cases submitted to the Mission laboratory now number 248 in Sterling County. Only ten samples submitted this year have been identified as non-screwworm.

At a meeting in San Angelo on Tuesday of this week, it was learned that no sterile fly drops are being made north of San Antonio now. Some agents in the area immediately north of the San Antonio area have been in contact with program officials and were given this information. Officials have been contacting the agents in that area regarding information meetings on the program and the future of the program. One meeting is being held in San Saba on Wednesday night, September 27 and another in Fredericksburg on Thursday, September 28.

Even though sterile fly drops are not being made, officials urge producers to continue sending in samples. They do want to know where screwworms are being found.

GOOD RAINS OVER WEST TEXAS

Good rains hit all parts of West Texas Wednesday night and Thursday morning. The amounts varied but rains were general.

Here in town 2.10 inches fell, and some parts of town got 2.5 inches. To the east of town 2.8 fell and it was reported that the Clinton Hodges ranch received 6.8 inches.

Fall of moisture continued during Thursday to add to totals and if the rains continue, area lakes will benefit.

LIONS CLUB

The Lions Club met at noon Wednesday in the community center for the regular weekly luncheon. Sgt. Eddie Boyd of San Angelo and Jimmy Bauer were guests. The prize went to Harold Orr.

A letter of thanks to the club from Mrs. Rebecca Alexander was read by president James Thompson. She thanked the club for being so cooperative in putting on the style show. In appreciation of Mrs. Alexander's efforts in directing the show, the club voted to buy her a gift.

Other to receive letters of appreciation for their help in the show, include Chesley McDonald, Larry Glass, Mrs. Hugh Lackey, Mrs. Kenneth Peel, Zettler's Restaurant and the Sterling School Board.

Behind the 8-Ball

By the editor.

Did you ever see a dream walking? Well, you would've if you'd been at the Lions Club Womanless Style Show Monday night at the school. Ricky Hopkins was a dream in a shortie and Bill Watts was in his colorful pajamas styled by Paula. And so many more were dreams. And the scenes where you could only see outlines of people dressing—like putting on a girdle—or panty hose—or a bra.

Announcer Chesley McDonald said that scene behind the curtain or bed sheet defied description. It did.

8-BALL

The Lions Club has put on such shows before here—in fact, the club has held talent shows in connection with the style shows. I remember once when Alfred Chapple won a prize at the show here with his rendition of Swan Lake or whatever. County Agent Arthur Barlemann Jr. asked Alfred to take it to the district competition in Share the Fun Contests. Alfred won in district and went on to the state Share the Fun deal at College Station. There he was awarded a trip to the National 4-H Congress in Chicago.

The club may hold another talent show here sometime.

8-BALL

There's so many things that one could point out in remembering the show that it is almost impossible to tell of the chic, the style, the form, etc. of the modellers that well all should have seen it.

That is, if you didn't.

And chances are you did.

8-BALL

Charles Tucker must be a real gardener. He raised some beets that weighed three and one-half pounds in his home garden this summer. Says they eat good too.

8-BALL

Andrew Coronado, local barber, is going to have a hair stylist here October 1 to show him how to style and cut hair. Dean Stanton, instructor from the San Angelo Barber College will be here at Andy's shop and he will be in charge of the hair styling.

8-BALL

Mrs. James McEntire has been transferred from the St. John's Hospital in San Angelo back to Sterling City.

Rummage Sale Set

The members of the Noratadada Club here have set the 2nd and 3rd of October as the dates for their annual rummage sale here. This year the sale will be held in the American Legion Hut just east of the courthouse.

If you have anything that you would donate to the sale (such as knick-knacks, clothing, books, dishes, etc.) call—378-4591, 378-3371 or 378-3151.

SON TO THE GARY DUNCANS

A son, named Ty Aaron, was born to Mr. and Mrs. Gary Duncan on September 8 in a Lubbock hospital. The baby weighed seven pounds and eight ounces.

The Gary Duncans live on a farm near Seninole.

Noratadada Club Has Reassembly Picnic

Hosting the reassembly dinner for the Noratadada Club last Tuesday evening in the City Park were Mrs. Carolyn Terry, Mrs. Merle Thompson, and Mrs. Patsy Bynum. They were assisted by their husbands. A barbecue chicken dinner was served to club members and their husbands.

Bingo was player and prizes went to Margaret Foster, L.C. McDonald, Leora Barrett, Minnie Frances Foster, Paula Sue Watts, Cecile McDonald, D. Kirk Hopkins, Mary Jo Durham, and Worth Durham.

Attending the dinner were Mr. and Mmes. Dayton Barrett, Henry Bauer, W. R. Brooks, Bobby Dodds, Worth Durham, Reynolds Foster, F. S. Price, Ross Foster, D. Kirk Hopkins, Chesley McDonald, Danny Stewart, Bill Watts, and Hubert Williams and Mrs. J.I. Cope.

WHO MUST FILE SOCIAL SECURITY EARNINGS REPORT

Most social security beneficiaries who earned over \$1600 in 1970 are required to file a report of their earnings with the Social Security Administration by April 15, 1971. This report is in addition to any Federal or State tax return, and it must be filed with the Social Security Administration, according to J. M. Talbot, social security manager.

Beneficiaries who were 72 years old in all months of last year are not required to file the annual report of earnings. Disabled beneficiaries should report immediately if they become self-employed or take a job. All other beneficiaries, including families of disabled persons, are under the retirement test and must report their earnings annually.

The purpose of social security benefits is to replace earnings lost due to retirement, death, or disability. If an individual continues to earn a substantial amount — \$1680 or more — some adjustment is made in the amount of his benefits. One dollar for every two dollars earned between \$1680 and \$2880 is withheld. If a individual earns over \$2880, he gives up a dollar for each dollar earned over \$2880 regardless of the amount of yearly earnings. A beneficiary is entitled to his full social security check for any month in which he does not earn over \$140 and is not self-employed. The annual report will allow us to determine whether or not additional benefits are payable.

For more information, contact the Social Security Office at 3000 West Harris Avenue (P.O. Box 3808) in San Angelo, Texas, or see the representative when he is in our area. Persons who are unable to meet with him are encouraged to call the office in San Angelo. The telephone number is 949-4608.

NEWS OF EDUCATION

College Students: Bored of Education?

To many concerned
 parents, today's college
 students seem much less im-
 pressed with the importance
 of their education than were
 students of years ago. Some-
 times, the students even seem
 bored.

But educators and psychol-
 ogists point out—seriously,
 yet sometimes with a smile—
 that many college students
 today are learning far more at
 school than their parents ever
 did.
 Today education is dif-
 ferent. Not only do new
 teaching methods make learn-
 ing easier and lots more
 effective, but also college is
 seen as a place for social—as
 well as academic—instruction.
 Which is as it should be,
 when you consider that
 college is a mini-model of the
 tough outside world students
 will soon enough have to
 cope with and function in.
 And adjusting properly to
 that world is just as impor-

tant and just as difficult as
 any course a school has to
 offer.

That's why so many stu-
 dents are getting involved
 with the running of their
 schools. The actuality of
 practical campus politics is a
 good deal more enlightening
 and instructive than class-
 room theories.

That's also why students
 seem to take their competi-
 tive sports more seriously
 than ever before. Trying to
 do one's best is very much a
 part of the outside world and
 these kids are very much
 aware of it. They play hard
 and work hard at keeping
 themselves fit with effective
 medications like Tinctin
 cream; solution and powder,
 which fight most fungus to
 kill and help prevent athlete's
 foot, that old college locker
 room remesis.

Unfortunately, these
 kids—the good kids who
 make up the majority of this
 nation's student body—rarely
 make news on radio or TV.
 But their abilities and straight
 thinking have not gone un-
 noticed.

Each year, more and more
 of these grade-A students are
 being recruited by business
 and industry before gradua-
 tion.

Which would indicate that
 they were far from bored
 with their college education.
