Around Muleshoe

Hubert Kidd, Manager of the Five Area Telephone Co-operative, Inc. will speak to citizens in the Needmore Community on Tuesday, September 6 beginning at 8 p.m. in the Needmore Community Center. Kidd will report on the changes that have been and will be made in the telephone industry.

Prepared Child Birth classes using the LaMaze Method will begin September 15 at 7:30 p.m. in the Lamb Medical Plaza at Littlefield. These classes are for couples scheduled to deliver in October, November or December. For further information call Eula Ratliff at 272-4901.

A long-time and outstanding area cattle feeder reportedly has instigated a search for some lost false teeth. Latest coffee shop reports indicate the teeth were lost at his home in the vicinity of a bathroom. This has not been verified; however, due to the reward being offered, several city employees have been observed around the city disposal plant carrying fish nets.

There will be another "Farmers Market" beginning at 8 a.m. Saturday at the old Thornton Chevrolet Used Car Lot. Participation in these markets has been good, according to Chamber Manager, John Gully. However, the market this Saturday will probably be the last one that will be held this year, due to the local vegetable harvest being near completion.

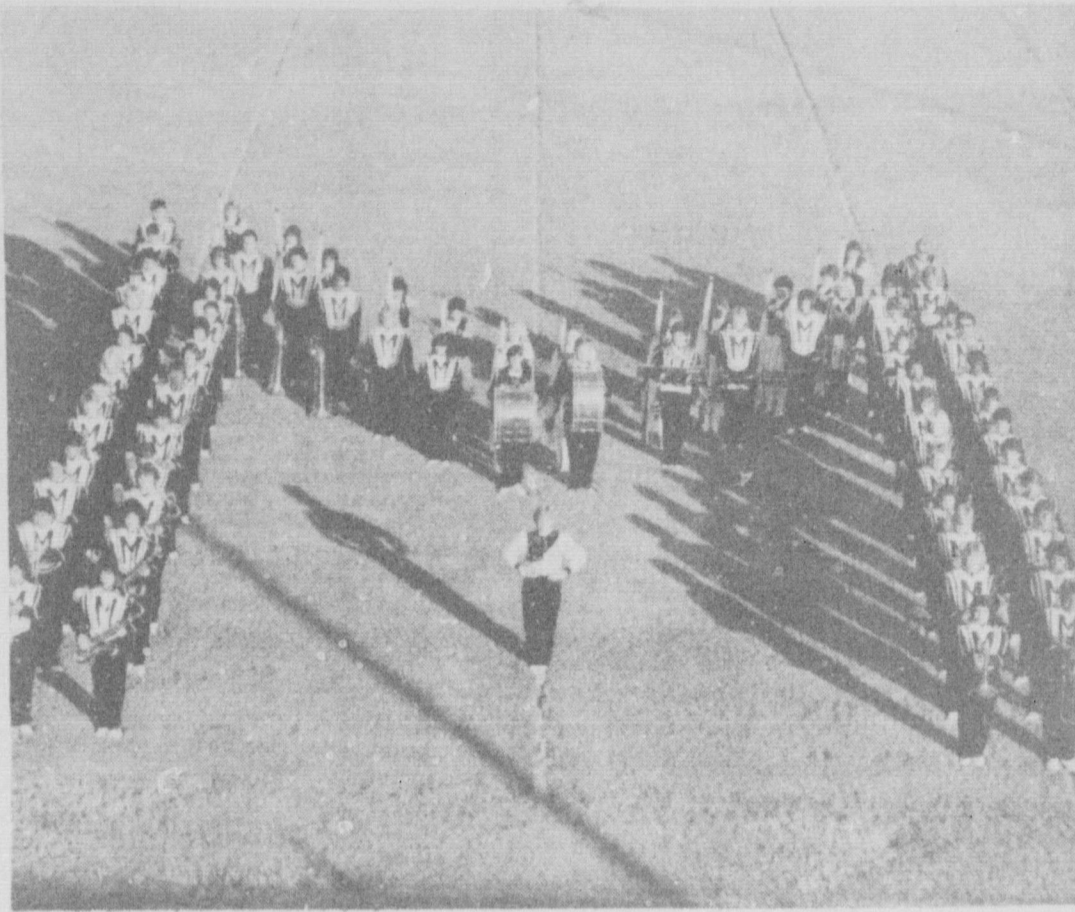

Vocational Program Offered

Muleshoe I.S.D. offers vocational programs in Vocational Agriculture, Useful and Gainful Homemaking, Industrial Education, and Distributive Education. Admission to these programs is based on enrollment in appropriate grade level in Muleshoe High School.

It is the policy of Muleshoe I.S.D. not to discriminate on the basis of sex, handicap, race, color, and national origin in its educational and vocational programs, activities, or employment as required by Title IX, Section 504 and Title VI.

Muleshoe I.S.D. will take steps to assure that lack of English language skills will not be a barrier to admission and participation in all educational and vocational programs.

MIGHTY "M" MARCHING BAND.....The award winning Mighty M Band and flag corps from Muleshoe, some 75 strong will present their half-time show of talents at the kick-off of the Mule football season at Portales' Greyhound Stadium on Friday night. The band is directed by Anthony Gibson with Drum Major, Brenda Flowers and assistant drum major Nicki Hagins. (Photo by Adrian Photography)

Mules, Rams Square Off For Annual Grid Battle

The Muleshoe Mules will kick off their 1983 football season this Friday, September 2 in Portales, New Mexico's Greyhound Stadium against the ever-tough Portales Rams at 8 p.m. (CDT). With the Mules returning twelve starters back from last year's varsity wars, the squad and coaches think they have an exciting football season coming up around here. Williams says the Mules will be both stronger and quicker this year and will have some experience which is always a strong point.

On the offense, quarterback Jeff Hamilton will give stability to Williams' basic wing-T machine. Hamilton also mans the secondary on defense where he earned a spot as all-district first team choice last year. Hamilton will reap the benefits of wide receiver Darin Shaw who gained a lot of first team, all-league honors as both wide receiver and safety last year.

Some of the other tough offensive starters for the Mules will include Hector Garcia, Jim Holmes, and Thurman Coleman. Coleman will also anchor the Mules' defensive line at tackle, having lead the squad in stops last year. Cheyenne Bickle is another tough defense man, as in Gleason and Hector Flores.

While most of his Mules are relatively healthy, Williams has every respect for the Gruber-coached team. "We always look forward

to the game with the Rams. It is really the kick off of the season for us," Williams says. Coach Tommy Gruber, Head Coach for the Portales Rams, has added some new routines to his game this year, but told the Journal Tuesday that the set-up would be "basically the same." Playing Muleshoe is a lot like looking in the mirror, Gruber said, and we look for just about the same kind of competition that we have had in the past.

Lazbuddie Will Clash With Smyer Bobcats

The Lazbuddie Longhorns will open their 1983 season Friday, night against the Smyer Bobcats in Smyer. Kick-off time is set at 8 p.m.

While the Longhorns appear to be slack in manpower this season, reports indicate that Smyer's Head Coach David Pierce is in even a worse situation. The Bobcats have lost two of their starting receivers already in this season, duplicating a injury ridden

Harmon Forecast Begins

The Bob Harmon Football Forecast, one of the country's most popular sports features, will appear in the Muleshoe Journal each week during the 1983 football season, starting Thursday, September 1, 1983.

Now is the 27th year of football forecasting. Bob Harmon's prognostications are published in over 400 newspapers...dailies, weeklies and college publications...in 47 states.

Harmon uses a formula to arrive at the rating for each of the more than 640 football teams that he follows each fall. The score that is predicted is simply the interpolated difference between the numerical rating of one team and the numerical rating of its opponent.

And, though boasting a college forecasting accuracy equal to any in the nation, The Harmon Forecast makes no wild claims of unbelievable guessing percentages. Harmon has a proven accuracy over the past 26 years of between 73.6% and 77.9%. His forecasting average is between 64.3% and 74.2%.

Bob is a graduate of the University of Minnesota and he and his wife Miriam are parents of four children. They live just outside Middletown in Circleville, New York.

The battle between the Rams and the Mules is a traditional one, and one that usually sets the stage for the Mules to put their best foot forward. While the Rams are going to be playing an inexperienced line, Gruber says that a lot of his boys have equal ability and can step into someone else's shoes with little trouble. The Rams are returning only three starters from a championship team - one on defense and

Cont. Page 8, Col. 1

1982 season. However, they do have some aces to pull out with the South Plains second best passer in 1982, Rickey Allford and Bobby Bouston a returning two

Special Field Day Planned At Halfway

The progress of scientific efforts to help farmers and agribusiness solve production and marketing problems of the Texas High Plains will be demonstrated Sept. 13 at the 74th annual field day of the Texas Agricultural Experiment Station (TAEX) at Lubbock and Halfway.

The Texas A&M University Agricultural Research and Extension Center just north of Lubbock International Airport is the host of this year, said Dr. Bill Ott, resident director of research at the station. The annual program alternates between the facilities here and at Halfway, in cooperation with the High Plains Research Foundation.

Prior to the afternoon tours of research plots, newly completed research and educational facilities at the Lubbock center will be dedicated in ceremonies beginning at 10 a.m.

The field tours will begin at 1 p.m. and will feature four major stops, said Dr. Don R. Rummel, research entomologist at the station and the field day chairman. The stops will highlight new techniques and products for weed control; development of new varieties to improve cotton fiber quality; the latest research on grapes, an increasingly important High Plains crop; and development of drought tolerant cotton to better utilize declining water supplies and reduce irrigation requirements.

Other features of the field day will be a display of computers and agricul-

County Emergency Grazing Request Filed

Answer Expected By End Of Week

If the application is approved, producers in Bailey County may be eligible to graze Conservation Use Acreage (CUA) immediately, instead of waiting for the November 1 applied grazing date in the County.

Danny Noble, Bailey County ASCS Executive Director, told the Journal Tuesday that the Bailey County ASCS Committee had filed a request and reported for Emergency Grazing of CUA in Bailey County on Tuesday, in the hope that the State office will grant the request. Other surrounding counties of Parmer, Cochran and Lamb have also filed such requests with the State Agriculture office. CUA land is available for grazing on the County's established grazing dates from November 1, 1983 through April 30, 1984; however the emergency measures would give producers an extra two months and alleviate a number of problems in the process.

The request from Bailey County and others is based upon the average rainfall for April, May, June and July, 1983 and the percentage of normal which is affected - both in native pasture land, haygrazer and the number of livestock

affected. The figures compiled by the ASCS office in Muleshoe indicate that at least 100 livestock producers are affected, as well as approximately 3,000 head of beef cattle and shows that at least 50 of the 100 beef producers are having to turn to supplemental feeding to maintain their herds. Totals reflect a 75 percent loss native pasture with at least a 60 percent loss on haygrazer, based on what is normal for the area.

Since the answer to the request for the emergency grazing will hinge considerably on the rainfall question, a county must average a 40 percent loss of normal to qualify for the emergency grazing.

While some areas of the county have received relatively good rainfall in the past four months, there are those parts which have received virtually none. The normal amount of rainfall in Bailey County for the month of April is 1.02 inches; the actual rainfall for April this year was .62 inches, showing 60 percent of normal. For May the normal is 2.36 inches and the actual was 1.02 inches, reflecting a 35 percent of normal. In June, normal rainfall in Bailey County is 2.48 inches; however only 1.83 inches was recorded, showing a 73 percent of normal. July's rainfall normal here is 2.37 inches and the actual for July was .80, reflecting 33 percent of normal. The rainfall averages are compiled by county-wide figures and averages.

All of the requested information is contained in Cont. Page 8, Col. 1

Commissioners Meet Friday

Bailey County Commissioners Court will meet in a special session in the Courthouse on Friday, September 2, 1983 beginning at 10 a.m. and continuing until all business is concluded.

Several are scheduled to meet with the commissioners. Donald Prather is scheduled, as a representative of Lamb Star Inc. The proposed County Budget will be reviewed and commissioners will designate a representative on the Aging Contract.

Judge Green said that other miscellaneous items may be discussed at this meeting.

Cont. Page 8, Col. 2

Compulsory School Attendance Explained

Gordon H. Green, Bailey County Judge has called to the public's attention that "The beginning of the school year seems to be an

School Holidays Inservice Set

Muleshoe Independent School District has gotten school days underway for the 1983-84 year. Two inservice days, (August 18 and 19) have already past, with six more inservice days for teachers scheduled. Those inservice dates are set for October 28, 1983, January 4, 1984, January 26, 1984, February 24, 1984, March 16, 1984 and May 26, 1984.

Seven school holidays for the Muleshoe schools are planned, with the first one coming on September 5, 1983 during Labor Day. November 24 through November 27, 1983 will be observed as Thanksgiving Holidays. Christmas holidays will begin on December 22, 1983 and school will resume on January 2, 1984.

An inservice day is scheduled for January 26 and MISD schools will be dismissed on January 27, 1984 due to the Bailey County Stock Show.

A ski holiday has been planned from February 24 through February 27, 1984 and will include a teachers' inservice day on November 24.

The last school holidays will be April 16 through April 22, 1984, when students and teachers will observe the Easter Holidays.

Rotary Hears Football Rule Update

The Muleshoe Rotary Club met at noon on Tuesday, August 30 in the Civic Center. Guests present included Martin Chandler, Ray Wilson and Jim Hudson. Also present were Charles Flowers and Doug McMeans. Special guest was Becky Sangs Smith, Rotary District Sweetheart for 1970-71 and her husband.

The program for Tuesday's meeting was a discussion of football rule changes for the upcoming season, presented by Bill Liles. These changes deal with high school football.

Various reports were also given on upcoming Rotary events, including a fish sale, the county fair and other projects. At the present, the county fair is set for September 23 and 24. Jeff Smith is in charge of this project for the Rotary in conjunction with the County Agents office.

County Emergency Grazing Request Filed

If the application is approved, producers in Bailey County may be eligible to graze Conservation Use Acreage (CUA) immediately, instead of waiting for the November 1 applied grazing date in the County.

Danny Noble, Bailey County ASCS Executive Director, told the Journal Tuesday that the Bailey County ASCS Committee had filed a request and reported for Emergency Grazing of CUA in Bailey County on Tuesday, in the hope that the State office will grant the request. Other surrounding counties of Parmer, Cochran and Lamb have also filed such requests with the State Agriculture office. CUA land is available for grazing on the County's established grazing dates from November 1, 1983 through April 30, 1984; however the emergency measures would give producers an extra two months and alleviate a number of problems in the process.

The request from Bailey County and others is based upon the average rainfall for April, May, June and July, 1983 and the percentage of normal which is affected - both in native pasture land, haygrazer and the number of livestock

Gardening Future Offers Interesting Possibilities

Looking ahead and speculating about the future of gardening offers a lot of interesting possibilities.

Plant scientists and researchers have made great strides in improving methods and making the gardener's job a little easier. But the future holds even more exciting possibilities, especially when it comes to pest control, says Spencer Tanksley, county agent for the Texas Agricultural Extension Service, Texas A&M University System.

A single time-saving insect control in the home vegetable garden, says Tanksley, could mean a lot of time and money saved for the gardener. He is currently working on developing a sterile male of the European spruce sawfly, which is a pest of the spruce tree.

Plant breeders have also developed sterile lines of bedding plants, such as tetraploid of mule marigolds, which produce only flowers and no seeds.

Growth-regulating chemicals are also researched, notes Janne, but because of the minute quantities and close tolerances of these chemicals, they cannot yet be released for general distribution. But the potential exists for replacing lawn mowers and hedge trimmers by simply spraying with a growth regulator.

Biodegradable containers which will disintegrate when buried in the soil are being developed. Some, such as peat pots and paper pots, have been available for years but often fail to decompose if allowed to dry out before planting.

Slow-release fertilizers are another innovation and are constantly being improved, says the horticulturist. Someday it may be possible to combine a grass green all summer with little or no mowing, Janne predicts.

The future may also hold some interesting soil preparations. A gelatinlike powder is already available, which, when mixed with soil, would hold many times its weight in water and then release the moisture to plant roots as needed. This would allow the soil to store some of the excess winter and spring rains until the moisture was needed in the summer, suggests the horticulturist.

These are just a few of the futuristic possibilities that gardeners may be dealing with in the years ahead, notes Janne.

Block Refuses Implementation Of Program

Texas Farmers Union President Mike Moeller returned to Texas, Friday, frustrated with the United States Department of Agriculture and their "stonewalling" of drought aid for parched West Texas.

Accompanying Texas Agriculture Commissioner Jim Hightower to Washington, D.C. Moeller and two West Texas ranchers appealed in vain to Secretary of Agriculture John Block's department to institute an emergency feed-grain program, using government-owned corn that even now sets decaying in Texas Panhandle grain elevators.

Top USDA officials agree fully that a severe crisis exists here in Texas, and Congress has given them the authority to respond to this type situation, but for reasons unclear to us, efforts to help solve the crisis are being stonewalled," said Moeller.

"This drought will not go away. The ranchers in Texas need the stored grain to feed dying livestock. The government already owns it; the public is paying to store it, and the grain is not suitable for use as human foodstuff," Moeller added. "What Texans want to know," continued Moeller, "is why won't John Block implement the emergency feedgrain program?"

The problems our ranchers are facing out there are mounting daily, and the implementation of the emergency program could be the difference between survival and annihilation of these ranchers. Hopefully, the Administration will wake up before they disabed another portion of an already stricken agricultural economy."

TREATING HAY WITH AMMONIA

Having poor quality hay or a "slut of ammonia" can make it a better product, says a forage specialist with the Texas Agricultural Extension Service, Texas A&M University System. Treating hay with anhydrous ammonia-called hay ammoniation-will increase its protein level, digestibility and intake and thereby boost animal performance. The cost runs about \$6.50 to \$7 per ton of hay for 40 to 60 pounds of anhydrous ammonia and plastic sheeting to cover the hay. The plastic sheeting should be sealed over the hay with dirt or rocks and kept intact for at least 21 days after treatment. The hay should be aired out for two to three days before feeding.

Bob Donaldson is not only the manager of Pay and Save Food Store, but is an avid supporter of the Muleshoe Mules, and a vice president of the Muleshoe Athletic Booster Club.

He urges all individuals to back the Mules- to attend the games- and join the Booster Club.

Bob especially asks that all businesses in the Muleshoe area become involved in 'Mule Mania' and display Mule Mania symbols in their stores and in all advertising.

He commented, "Help us show our young athletes that we totally support them and our schools."

Bridal Shower Honors Mary Lou Grantham

Miss Mary Lou Grantham, bride elect of Brian Burns, was honored Saturday, Aug. 20 with a bridal shower in the home of Mrs. Danny Masten.

The serving table was covered with a white linen cloth and accented with a floral arrangement of burgundy and pink. Pink punch and assorted home made cookies were served, along with pink and burgundy mints, from crystal appointments.

Special guests included Michelle, Mrs. Gaylon Burns, of Sudan and Mrs. Hellen Grantham of Miami, mothers of the couple; the prospective groom's grandmothers, Mrs. J.V. Hill of Sudan and Mrs. W.C. Burns of Littlefield; his aunt and cousin, Mrs. Larry McCain and Mrs. Sue McCain, both of Littlefield; and Mrs. Mack Campbell, also of Littlefield; also an aunt and cousin of Sudan, Mrs. Orville Hill and Debbie.

The honoree and both mothers were presented corsages of silk roses interspersed with miniature burgundy flowers and baby's breath.

The hostesses gifts included a vacuum cleaner and a floral arrangement in earth tones, which were on display with the other gifts.

Hostesses for the occasion included: Mrs. Sue Chester, Mrs. Donna Masten, Mrs. Madge Beauchamp, Mrs. Evelyn Ritchie, Mrs. Geneva Newman, Mrs. Patsy Kent, Mrs. Esther Meeks, Mrs. Sophie Rice, Mrs. Wanda Kittrell, Mrs. Louise Parrish, Mrs. Precious Johnson, Mrs. Cindy Nichols, Mrs. Marge Cardwell, Mrs. Jean

AAUW Annual Salad Supper Scheduled

The Muleshoe chapter of American Association of University Women will hold its annual supper honoring new members and prospective members on Monday, Sept. 5 at 7:30 p.m. at the 16th and Ave. D Church of Christ.

AAUW is an organization dedicated to the improvement of women. Any woman who holds a degree from a certified four-year college or university is eligible to join. Meetings are held monthly. Programs are presented to educate women about current issues and trends in our society.

If you are interested in learning more about AAUW or in becoming a member, you are encouraged to attend the Sept. 5 meeting as a guest. For more information you may call Venida Collins, vice president in charge of membership at 965-2359 or the September hostesses, Debbie Cloud at 272-3584 or Carol Cox at 272-4396.

Harvey, Mrs. Marge Nelson, Mrs. Nancy Baker, Mrs. Norma Phillips, Mrs. Floy Arnold, Mrs. Linda Powell and Mrs. Georgann Rasco.

Terry, Baskin Wedding Announced

Dr. and Mrs. Williams C. Terry of Hot Springs, Ark. announce the marriage of their daughter, Druann to Barry Dewitt Baskin, son of Mr. and Mrs. Samuel W. Baskin of Malvern, Ark.

Vows were exchanged in the home of the bride's parents on July 30. Officiating at the service was the Rev. James Adkins of the Trinity Church.

Following a wedding trip to Puerto Vallarta, Mexico, the couple is at home in Little Rock, Ark, where the bride is the medical staff assistant at Baptist Medical Center and the groom is a medical student at the University of Arkansas Medical Center.

Muleshoe AARP Meeting Held Friday

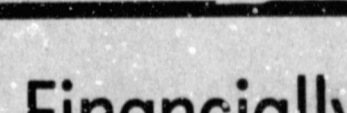

Muleshoe AARP chapter No. 3169 met Friday, Aug. 26 at the Civic Center for their regular meeting and covered dish luncheon. Twenty-three members, one re-enstatement, ten from the nursing home and three visitors were present.

Doc Gouche gave the invocation and Lena Hawkins led the pledge to the Flag. Mrs. Mary Farley was in charge of the meeting and introduced the speakers, Glenn Williams and H. John Fuller, school superintendent.

Williams talked about the Octobe-fest to be held at Lake Brownwood. There will be five sessions, during the month of October and the first week in November. He also stated that the Senior Citizens will definitely get the depot. There are between 1450 and 1600 registered senior citizen voters in Bailey County.

Fuller told about the 65 and over Club and stated that the school board would like to show their appreciation for what older citizens have contributed to the school and community.

Alvin Moore dismissed the group.

The Egyptian pyramids were once faced completely with marble.

MRS. GEORGE VELA

Work Simplification For Household Chores

The work simplification procedures used in business and industry can help the employed homemaker juggle the many demands on her time and energy, says Mary Clayton, a family resource management specialist.

According to Clayton, the first step in work simplification is to question the job. Homemakers should ask whether each household task contributes to the family's health, comfort, or happiness and is worth the effort given the amount of time and energy it requires.

"Many women find it easier to continue doing things the way they have always done them than to take a critical look at why they are performing certain tasks," states Clayton, a home economist with Texas A&M's Agricultural Extension Service.

Often times, says Clayton, women don't realize that they may also have created performance standards for household tasks which can be questioned.

For example, the homemaker who wants the beds made each day should consider whether it has to be done with military precision, or if simple smoothing over of the covers would be satisfactory.

Setting realistic standards for household chores can simplify things a great deal, says the specialist. Selecting the tools and the set-up for a task is the second step in work simplification. Clayton stresses selecting the best tools and materials to suit the individual homemaker's work methods.

Although the stores are filled with labor-saving devices, some may require more time to maintain and operate than they save, she says. Where a food processor may be an invaluable kitchen aid in one household, for instance, it may do nothing but take up storage space in another.

Choose only those devices which will actually be used and avoid those which

are mainly for eye appeal or prestige, Clayton suggests. It is also helpful to pre-position tools and materials by storing them at the place and position most convenient to their use.

The final step in work simplification, says Clayton, is to examine the working conditions. For many years industrial managers have considered factors that can impair efficiency on the job, such as lighting, noise, temperature or clutter. Yet factors that impair job efficiency or even create extra work in the home are often overlooked.

Homemakers should consider the value of their labor as they evaluate the happiness and comfort provided by certain conditions in the home. For example, a pottery display that simply collects dust or throw rugs that require constant washing, might be removed for greater efficiency and yet not diminish the family's comfort.

"By eliminating trimmings that give little return for the care required, homemakers can have more time and energy to concentrate on the things that have real value for them," advises the specialist.

The homemaker can also take a cue from modern management by involving other workers—husband and children—in decisions about work simplification, says Clayton. In the process, household chores may be made more "do-able" by all members of the family, she adds.

The ring-tailed lemur, a primate found only on the island of Madagascar, meows like a cat.

Wedding Shower Fetes Mrs. George Vela

Mrs. George Vela (nee Stacy Elder) was feted with a wedding shower from 3 to 4:30 p.m. Saturday, Aug. 27 in the fellowship

TEL Sunday School Class Holds Dinner

The members of the TEL Sunday School Class of the Sudan First Baptist Church held their August meeting with a dinner on Thursday, Aug. 19 in the fellowship hall of the church with Alma Burnett, Louise Parrish, Oleta Reese and Rosabel Coldiron as hostesses.

Husbands were guests for the evening meal and Nolan Parrish gave the invocation. Buster Kittrell brought the devotional on "Changing Minus to Plus".

Attending were Rosie Snow, Mr. and Mrs. Oscar Vinson, Mr. and Mrs. Halbert Harvey, Mr. and Mrs. R.E. DeLoach, Mr. and Mrs. Curtis Savage, Mr. and Mrs. Ves Patterson, Mr. and Mrs. Sterling Reese, Mr. and Mrs. Dewey Coldiron, Mr. and Mrs. John Burnett, Mr. and Mrs. Nolan Parrish and Mr. and Mrs. Buster Kittrell.

hall of the 16th and Ave. D. Church of Christ.

Guests were greeted by Mrs. Bill Wimberly (mother of the bride) and Mrs. Stacy Vela, and were registered by Leslie Denney. Tammy Elder and Debbie Green served thumbprint cookies, punch and nuts from crystal appointments.

A white linen cloth, edged in lace, covered the serving table which was accented with an arrangement in variegated shades of lilac. The honoree's corsage was made of lilac cushion mums.

Special guests included Mrs. Carlin Long, aunt of the bride.

The hostesses gift was a vacuum cleaner. Hostesses for the occasion included: Mrs. Gary Shipman, Mrs. Dale Burden, Mrs. Bobby Free, Mrs. Royce Harris, Mrs. Roger Farrar, Mrs. Roger Turner, Mrs. Ted Barnhill and Mrs. J.M. Wagnon.

Also Mrs. Jack Dunham, Mrs. Sherry Embry, Mrs. Wendell Speck, Mrs. Jake Roberts, Mrs. Bob Nickels, Mrs. Barry Jones, Mrs. Leon Logsdon, Mrs. Dan Throckmorton, Mrs. Ray Precure, Mrs. Gerry Pierce, Mrs. Wayne Crittenden and Mrs. M.D. Gunstream.

Operating in the corporate form can be more complex and costly than operating as a sole proprietor or partnership. In the past, many small businesses and professionals decided to incorporate in order to get the higher maximum contributions allowed for corporate retirement plans.

The 1982 Tax Act established approximate equality between retirement plans for sole proprietors and partnerships and those of corporations. With this in mind, businesses that incorporated solely to obtain the benefits of corporate retirement plans may now wish to consider disincorporation.

In reviewing disincorporation, consider the following factors:

1. Some disparities favoring corporate retirement plans remain despite the attempts of the 1982 law to eliminate them.
2. Corporate liquidation is a taxable event; the tax consequences should be estimated and reviewed.
3. Property transferred in a liquidation may not qualify for accelerated cost recovery or investment credit in the hands of the new owner.
4. Liquidation may trigger depreciation recapture and investment credit recapture, increasing your current year tax liability.
5. Legal fees, appraisal fees, and other costs of liquidation may be sizeable.
6. Existing corporate retirement plans must be frozen or the funds disbursed.
7. Limited legal liability obtained by operating as a corporation will be lost.

The 1982 Tax Act provides limited tax relief for corporations that liquidate during 1983 or 1984. While disincorporation may be the best route for you to follow, it is clearly a step that requires consultation with your tax advisor.

Texas-Mexico Border

A Vacation Bargain

Now is the time to break for the border -- the Texas-Mexico Border. This bi-cultural region, divided by the Rio Grande, is regarded as a haven for bargain shoppers and curiosity seekers alike. Due in part to the devaluation of the peso, prices are at their lowest level in many years. The peso currently trades at around 150 to \$1, which is good news for those who visit the Texas Border cities and cross over into Mexico.

"Americans should not feel reluctant to go to the Mexican side of the Border for bargains, because any purchases will benefit the national economy," says Bill Newkirk, director of public affairs at the El Paso Tourist and Convention Bureau.

Prices are so low that

Bradley Matthew Thomason
Mr. and Mrs. Charles Thomason of Muleshoe are the proud parents of a son born at 7:35 a.m. Aug. 18 in Odessa Womens and Childrens Hospital.

The young man has been named Bradey Matthew. He weighed ten pounds five and half ounces and was 21 inches long.

Grandparents are Lester and Margie Morgan and Jerry and Loys Thomason, all of Pecos.

Great grandparents are Mr. and Mrs. Melvin Gray of Pecos, Mrs. Ethyl Morgan of Seymour and Mr. and Mrs. Melvin Gerber of El Paso.

Brady Don Reeves

Mr. and Mrs. Gary Reeves of Olney are the proud parents of a son, Brady Don, born in the Hamilton Hospital in Olney on Friday, Aug. 19 at 3:45 p.m.

Brady Don weighed eight pounds seven and a half ounces and was 21 inches long. He has two older brothers, Cody who is five and Jason who is 22 months old.

Grandparents are Mr. and Mrs. Truman Parrish of Sudan and Mr. and Mrs. George Reeves of Dalhart. He also has a great grandmother Hill of Dalhart.

Tiffany Ann Landers

Mr. and Mrs. Nickie Landers of Albuquerque, N.M. welcomed a daughter, Tiffany Ann, on Monday, August 22 at the Albuquerque Hospital.

Tiffany Ann weighed seven and one-quarter pounds and was 19 1/2 inches long. She has a sister, Kathy, 12.

Grandparents are Mr. and Mrs. Henry Landers and Mrs. Polly Birdsong all of Muleshoe.

vacation designation for the world traveler, bargain shopper or family. The trip is both economical and magical. Pack the bags, leave the worries behind and break for the Border -- a vacation bargain.

For more specific information about discovering the Border with a two-nation vacation, write Arriba! Texas! TTDA, P.O. Box 12008 Capital Station, Austin, Texas 78711.

Xi Omicron Xi First Meeting Of Year Held

Xi Omicron Xi chapter of Beta Sigma Phi met Tuesday, Aug. 23 in the home of Judy Wilbanks. This meeting was the beginning meeting for the year. A business meeting was held. During the meeting various projects for the up coming year were discussed.

A meal was served by a committee consisting of Rickie Warren, Judy Wilbanks, Donna Green and Lindy Schuster. The meal consisted of charcoaled hamburgers, dips, chips with watermelon for dessert.

Members present were Vicki Black, Pat Black, Joy Glover, Anita Allgood, Renee Anderson, Joan Lewis, Linda Marr, Cindy Purdy, Marilyn Riley, Jana St. Clair, Lindy Schuster, Pam Shipman, Gayla Toombs, Jean Treadwell, Rickie Warren and Judy Wilbanks.

Be The Queen Of Hearts This Fall With A Winning Bridge Party

Fall can be a great time to learn some new tricks. Invite a group of friends over for an evening of bridge. Plan to have a weekly dinner, alternating among houses. Serve an easy-to-prepare early meal, the ace up your sleeve, so the rest of the evening can be devoted to the game. Players' Pork Stew, flavored with a rummed sauce and decked with tropical fruit, will be your trump. Hearty and substantial, it tastes best when made well in advance. For dessert, deal out a delicious Hearts 'n Spades Souffle. To rack up even more points as a hostess, a Cranberry Card is a special after-dinner drink, bridging the gap between dinner and the start of your game.

PLAYERS' PORK STEW

- 3 pounds lean pork cubes, cut into 1 1/2-inch squares
- 2 tablespoons oil
- 1 1/2 cups sliced onion
- 2 1/2 cups chicken stock or broth
- 1/2 cup Bacardi light rum (80 proof)
- 1 1/2 teaspoons salt
- 2 medium acorn squash, pared and seeded
- 1 1/2 cups artichoke hearts
- 1 large green pepper, cut into strips
- 1 teaspoon grated lime peel

- 2 tablespoons lime juice
- 1 1/2 cups pineapple chunks
- 1/4 cup brown sugar
- 3 tablespoons cornstarch
- Lime wedges

In large heavy saucepan or Dutch oven, brown pork in oil on all sides. Add onion and cook several minutes. Add chicken broth, rum and salt. Cover and simmer 1 hour. Stir occasionally. Cut squash into 3/4-inch slices. Add squash and simmer 15 minutes. Add artichoke hearts, green pepper, lime peel and lime juice. Simmer 15 minutes longer. Add pineapple and brown sugar. Blend cornstarch into 1/3 cup pineapple juice or water. Stir into stew. Cook, stirring gently, until sauce is thickened. To serve, garnish with lime wedges. Makes 8 servings.

HEARTS 'N SPADES SOUFFLE

- 1 1/2 cups diced, mixed candied fruit
- 1/4 cup dark raisins
- 1/4 cup golden raisins
- 1/4 cup sliced, toasted almonds
- 1/3 cup Bacardi light rum (80 proof)
- 1 teaspoon grated lemon peel
- 1/4 teaspoon ground cinnamon
- 1/8 teaspoon allspice
- 2 quarts vanilla ice cream, softened
- 1/2 cup crumbled maca-

- rooms
- Sweetened whipped cream
- Candied cherries

In bowl, combine first 8 ingredients. Let stand 30 minutes at room temperature until all liquid is absorbed. Stir often. Blend in ice cream and macaroons. Place in freezer. Make aluminum collars around 8 individual souffle dishes by folding strips of aluminum foil long enough to overlap around each dish. Brush

with oil on one side. Wrap around dish, foil side in. Fasten with tape. Spoon rum mixture into dishes. Freeze overnight. To serve, remove collar. Garnish with cream and cherries. Makes 8 servings.

CRANBERRY CARD

- 1 quart cranberry cocktail
- 2 cups sugar
- 1/2 cup lemon juice
- 1/4 cup lime juice
- 1 bottle (4/5 quart)

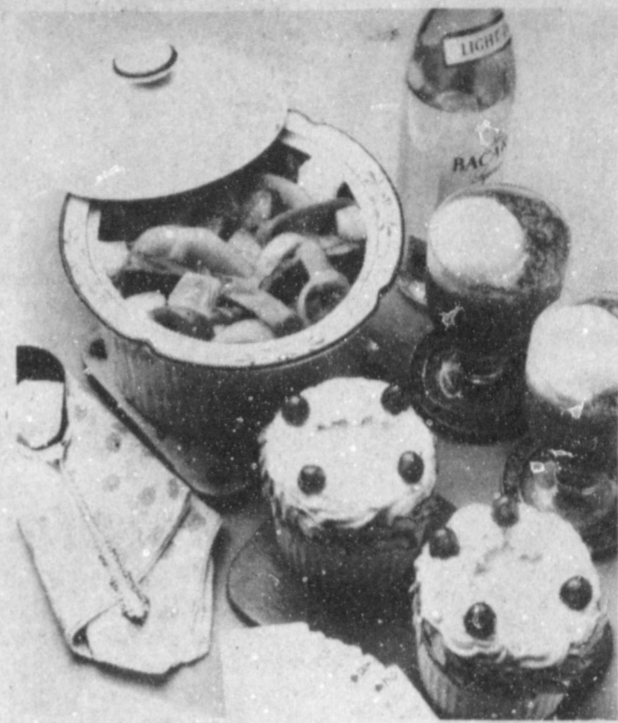

- Bacardi light rum (80 proof)
- 1 quart club soda
- 1 pint lime sherbet (optional)
- Crushed ice

In large jar with lid, combine first 5 ingredients. Cover and store in cool place for at least 1 week. To serve, add club soda and pour into glasses filled with crushed ice. If desired, top each with scoop of sherbet. Makes 8 servings.

STATE 4-H

COUNCIL OFFICERS

Texas 4-H Council officers for 1983-84 are Shayne Katzfey of George West, Live Oak County, president; Mandy Mikulenck of Granger, Williamson County, first vice president; Michael Hampton of Mineola, Wood County, second vice president; Lisa Kuykendall of Llano, Llano County, secretary; and Roger Mikeska of Temple, Bell County, public relations officer. The council is made up of two representatives from each of the 14 districts of the Texas Agricultural Extension Service, the parent organization of 4-H, plus two representatives-at-large.

Mules Vs Rams

Cont. From Page 1

two on offense. One of Gruber's strongest points is his quarterback, Ed Loehner, a 6'2", 190 pound athlete who has really come a long way since last year. He is bigger and stronger and best of all, he is quicker. Gruber also has some other tricks to pull out of the hat and seems to think that he can shape up this team with a little time.

The Rams have a versatile backfield. They are big and they are strong. Paul Pacheco, the Rams' veteran fullback, is quicker and bigger this year - there's just one catch - Pacheco has a shoulder injury that could keep him out of the Friday game. Gruber told the Journal that Pacheco has not worked out since the injury. The Rams' offensive line does not have a lot of size nor any varsity experience, but Gruber is optimistic that the development of the line will come along well. Coach Gruber told the Journal that the Rams would play Friday, without the previous size and experience that has been evident in years past - however, don't think for one minute that he is out for the count, cause you can bet on his having a

trick or two up his sleeve; and enough ammunition to throw at Windy Williams Mules to make them come alive.

Starting lineup on offense for the Rams includes: center Richard Hudson; Guards, Mickle Worley and Johnny Baros; tackles: Mike Weems and Steve Strong; Tight ends, Vaught Duzard; split end, Tony Pena; wingback, Chad Payne; quarterback Ed Loehner; halfback, Terry De Francisca and fullback Paul Pacheco.

Gruber has the utmost respect for Williams and the Mules. "They always come prepared and play the game to the hilt," he said.

So, football fans, get ready for some fine action this Friday night in Portales and get over there and support the Mules as they start their 1983 season. Williams stresses the need for the support of all the people of Muleshoe, not just the parents and relatives of the players. "We need and want to know that the entire town is behind us," the Head Coach emphasized. Gather up your black and white gear and head for Portales and get behind the home town team.

CUA Grazing

Cont. From Page 1

formation has been mailed and called into the state office, and Noble expects to get an answer by Thursday on the additional grazing.

If the Emergency Grazing of CUA land is permitted in Bailey County, there will be certain rules which will apply to those who want to graze their land. First, the cattle on the land must belong to the producer on that particular land; second, the cattle must have been purchased prior to August 1, 1983 and third: grazing must occur only on the producers own land.

Another item of extreme importance to producers is that regarding 1983 advance deficiency payments on corn and grain sorghum. Noble told the Journal: "Those producers who requested 1983 advance deficiency payments on their corn and grain sorghum can still obtain these payments." However, the ASCS director cautions that there is a possibility that these advance payments may have to be refunded by the farmer due to the high grain prices on a national average. "There may not be a grain deficiency, when all is said and done," Noble said.

Muleshoe...

Cont. From Page 1

Mini-Mule T-shirts will be available in Muleshoe beginning September 6, according to Shirley Hicks and Toni Eagle.

The cost is \$6.50 each and they will be available from Mrs. Hicks at Dillman Primary School or Mrs. Eagle at DeShazo Elementary School.

Pvt. Ken M. Williams, son of Mr. and Mrs. John A. Williams of 607 Boesen St., Sudan, Texas, has completed one station unit training (OSUT) at the U.S. Army Infantry School, Fort Benning, Ga.

The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. Completion of this course qualifies the soldier as a light-weapon infantryman and as an indirect-fire crewman.

Soldiers were taught to perform any of the duties in a rifle or mortar squad.

He is a 1980 graduate of Sudan High School.

A "Childrens Musical" will be featured at the Amarillo Civic Center on September 8-11, with performances scheduled at 7:30 p.m. on Thursday, Friday and Saturday and matinees on Saturday and Sunday at 2 p.m. The theatre is sponsored by the Southwest Airlines and tickets are price at \$4, \$5, and \$6 each with children 12 and under at half price.

You might as well laugh at yourself as times - everyone else does.

Driving Offenses Top County, City Law Action

Law enforcement action in the City of Muleshoe and in Bailey County has been a little slower this past week than in the past. Local police investigated a report from Georgia Castorena on August 22 regarding the theft of a bike, taken from her yard without consent. The bike was valued at \$130 and according to reports, there were witnesses to the incident.

On August 26, Nancy Harris was arrested on a charge of alleged DWI after local officers stopped her because of erratic driving. No tests were performed and the suspect was transported to the county jail and booked pending bond.

Kenneth Ray Rowton was arrested on August 27 for alleged DWI, resisting arrest and driving with license suspended, after officers were dispatched to Allsup's on a disturbance call and discovered Rowton to be involved. He was taken to the local law enforcement center and booked, pending bond. David D. Rowton was arrested on August 27 also on alleged DWI charges. He was transported to the Sheriff's department and booked pending bond.

On August 27, David Perales was arrested on charges of all-aged public intoxication and possession of marijuana. Officers reported that Perales could not perform balance and coordination tests and was taken to the law enforcement center for booking, pending bond. He was a passenger in the Rowton

Field Day ...

partment of Agriculture-Agricultural Research Service, and the Texas Forest Service.

Professional staffs of these participating agencies will be on hand to answer questions and discuss problems with agricultural producers, home owners and gardeners, Rummel said.

Lazbuddie...

Cont. From Page 1

year letterman. Pierce is not down, nor is he out, by any means and the Lazbuddie Longhorns will have a handful of Bobcats in the Friday tussle.

Longhorn Head Coach Rufus Williams is optimistic about his team this year and a great deal of that optimism lies in the fact that he has an entire offensive line returning from last years team. Lazbuddie barely missed the play-offs last year. Williams plans to build around that front wall and feels that they will be pretty tough after a years experience last year.

Lazbuddie is in the 2-1A North zone and Smyer is the 2-1A South Zone. Area sportscasters have the teams picked fairly equal, but the tale will be told Friday night at Smyer.

All you Longhorn fans - gather up and get over to Smyer and back that hometown team, as they try for a slot in the play-offs. Though this is not a district game, the outcome could vastly affect the playing and attitude of the players. Be sure to wear your school's colors.

William Teague was arrested on August 26 for alleged public intoxication, as he was a passenger in a vehicle stopped on another charge. He failed basic balance tests and was taken to the local jail and booked pending bond.

'Speeding' Headlines Local Court Dockets

Dockets in both Municipal and Justice Courts for the past week have been relatively full, with a total of 66 filings and 48 dispositions in the combined courts.

In Municipal Court, Judge Linda Huckaby filed a total of 25 cases and disposed of eleven cases, with speeding taking the lion's share. Cases filed included thirteen for speeding, two each for no drivers license, running stop sign, public intoxication, expired plates, and

DPS Estimates 51 Labor Day Fatalities

The Texas Department of Public Safety has estimated as many as 51 persons will be killed in traffic accidents during the Labor Day holiday. The estimate includes traffic deaths which may occur on urban streets and rural highways.

Colonel Jim Adams, DPS director, says Texas has about 14 percent fewer fatal accidents now than at the same time during 1982.

"We are hopeful the trend will continue downward for the remainder of the year. However holiday weekends always seem to bring higher death tolls than do other times of the year," Adams said.

The DPS reported 50 deaths during Labor Day last year. However, the inclusion of subsequent deaths due to traffic injuries received during the 78-hour period raised the final count to 57.

"During the 1982 holiday, 27 people were killed in accidents where DWI or speed was a contributing factor. This represented close to half of all the fatalities which occurred during that particular holiday," said Adams.

The DPS director called for sober driving, use of seat belts and a reduction in speed.

"We know alcohol contributes to about half of our traffic deaths, so it is obvious that a driver should not drink and drive. Also, we can prove the lifesaving effects of seat belt usage and our statistics show that slower speeds enhance one's chances for survival if an accident occurs," said Adams.

The DPS said the most recent holiday, July 4th, was one of the most deadly recorded in the past decade.

programs. For information about your rights or grievance procedures, contact the Title IX coordinator, H. John Fuller, at 514 West Avenue G, 272-3389.

On August 25, Jose Chavez was arrested on a "Failure to Appear" warrant. He paid \$90 and was later released.

On August 26, the City of Muleshoe reported to local officers, the improper registration of a vehicle, after the vehicle was in-

involved in an accident. Reports indicated that dealer's tags were on the vehicle, however, since the driver could furnish no papers, the vehicle was impounded pending further investigation and proof of ownership.

Local officers reported an unsecured building on American Boulevard on August 29. After trying to reach the manager of the establishment, and failing, the officer involved managed to secure the building by the lock on the front door. No other police action was taken on this incident.

IN the Sheriff's Office the past week, several offenders were booked into

PIK Outlook To Be Given

Everett (Bud) Rank, Agricultural Stabilization and Conservation Service administrator, will discuss the status and outlook for the payment-in-kind program at the National Cotton Council's Board meeting in Lubbock September 8-9.

Rank will speak during the open session beginning at 2 p.m. September 8 at the Holiday Inn Civic Center.

Hint to adults: kind words to children pay dividends for many years.

the county jail. On August 23, Leticia Daniel was charged with alleged assault and was released later on a \$300 bond. On August 23, Martha Alicia Alfaro was charged with alleged "Enticing a child". She was later released on \$500 bond.

On August 24, officers arrested Lucy Bachichia on a warrant for alleged issuance of bad checks. No disposal was noted in this case. Delores Bachichia was arrested on August 24 on a JP Court "Failure to Appear" warrant. Her fine was paid and she was released.

On August 26, William J. Teague was arrested on charges of alleged public intoxication. He was released after posting a \$75

cash bond. On August 26, local police arrested Nancy Harris on charges of alleged DWI. She still remains in custody at the time of this report.

David D. Rowton was arrested on charges of alleged DWI (Felony) on August 27. At the time this report was filed, no disposition had been made of the case. On August 27, David Perales was arrested on charges of alleged criminal mischief (felony) and possession of marijuana. No bond was set at the time of reporting. Also on August 27, Kenneth Rowton was arrested on alleged charges of DWI and driving with license suspended. Again, no bond amount was set at the time of the report.

Penn State, Nebraska Open 1983 Season

If it isn't the earliest it's certainly one of the earliest openings ever among major college teams. Penn State and Nebraska will open the 1983 season on Monday, August 29th. And neither will have the home-field advantage. It's scheduled to be played at the Meadows in East Rutherford, New Jersey. It's no news to football fans that the Nittany Lions emerged as national champions in 1982 after beating Georgia 27-23 in the Sugar Bowl on New Year's Day. Nebraska finished third in our final rankings after nipping L.S.U. in the Orange Bowl 21-20. The Cornhuskers amassed a total of 493 points during the regular season, winning 11, losing

one. And the one loss was to Penn State, 27-24. The Lions' lone set-back came at the hands of Alabama, 42-21, in a ten and one season. This will be the eleventh game in the series between the two super powers, Penn State leading six games to four including successive wins in 1981 and 1982. In case you're interested in figures, Nebraska's power quotient is 113.8, Penn State, 113.3. So, we'll lean just slightly in the direction of Nebraska.

And the Georgia Bulldogs, minus #1 Bulldog Herschel Walker, entertain U.C.L.A. Saturday. Georgia won the Southeast Conference championship last fall as it rolled undefeated

through the regular season. The Bruins, after winning the Pacific-10 Conference title with a 9-1-1 record, whipped Michigan in the Rose Bowl 24-14. Naturally the big question is how will the Bulldogs perform without Herschel. We think they'll start answering the question by nipping U.C.L.A.

Florida upset Miami last fall 17-14 in its season opener after the Hurricane had won the three previous years. The Gators are the hosts Saturday and are favored to win again. Florida lost to Auburn in the Bluebonnet Bowl last New Year's Eve 28-24.

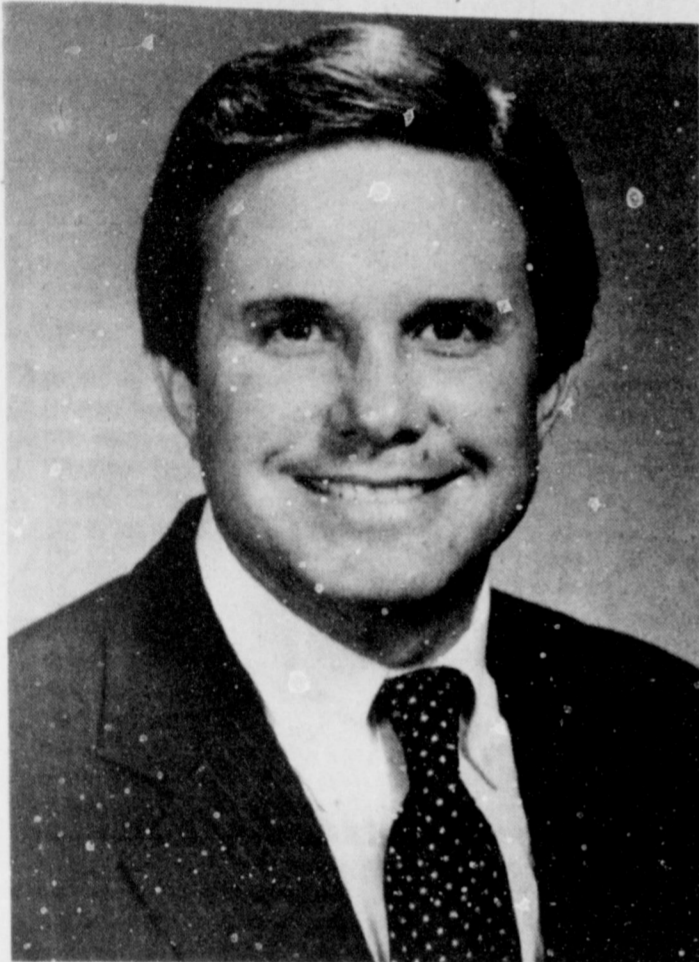

IRS Says Tax Planning Can Be Helpful

The best way for taxpayers to ensure that they claim all the deductions, credits, and special tax benefits to which they are entitled and to avoid overpaying their taxes, the Internal Revenue Service says, is to plan their tax situations throughout the year.

Some specifics, the taxpayer who is considering the sale or purchase of securities, the scheduling of medical appointments near the end of the year, or the insulation of a home may be able to save some money by carefully considering these actions.

Taxpayers who change their names through marriage or divorce can prevent tax processing problems by notifying their local Social Security Administration (SSA) office of the change in name. The notification to SSA can eliminate possible delays in processing the return and speed up the issuance of any refund due.

Taxpayers who are age 55 or older and plan to sell their principal homes can also save because they may qualify to exclude up to \$125,000 of gain from their gross incomes. The IRS stresses, however, that the taxpayer must have reached age 55 before the date of sale to claim this benefit and that it can be claimed only once in a lifetime.

ANNOUNCES CANDIDACY..... Larry Combest, Republican candidate for U.S. Representative for the 29th Congressional District of Texas made a swing through the district on Tuesday to announce his intentions of running for congress, now that Kent Hance has announced for the U.S. Senate. Combest is a native of Memphis, Texas and has been active in farming and is now the owner and operator of a wholesale electronics distributorship. He has also served in Senator Tower's office, in the ASCS and has taught school. His views lean toward the conservative leadership in Congress. Combest was at Muleshoe at the Court House at about 4:15 p.m. on Tuesday.

Proposal Would Deregulate Certain Ag Commodities

The Railroad Commission has approved for public comment a proposed rule that would deregulate the transportation of certain agricultural commodities.

The proposed rule would exempt from RRC rates the transportation of certain agricultural commodities from farms and ranches to points of first manufacture as long as the farmer, rancher or cooperative still owns the commodities. The farmer, rancher or cooperative must also select and pay for the transportation.

However, carriers of these items would still be required to have a Commission permit and comply with the Commission's safety and insurance requirements. Such a permit would be valid for one year throughout the state.

Eligible commodities are defined as cotton, cottonseed and cotton burs; livestock, poultry and game birds; grain (including rice); fresh fruits and fresh vegetables; wool and mohair; peanuts; nuts; fresh eggs, raw milk; manure produced by livestock, poultry or game birds; and hay.

The proposed rule is the result of legislation approved by the recent session of the Texas Legisla-

ture. Since the legislation is effective Sept. 1, the RRC may adopt the proposed rule on an emergency basis before that date.

The Commission has asked for written comments by Aug. 24 to help its staff develop emergency regulations. Additional comments concerning the adoption of final regulations may be submitted through Sept. 19.

Comments should be addressed to Walter Wendlandt, Acting Director, Transportation Division, Railroad Commission of Texas.

Number one courts will be at Mackenzie Park in south Tulia. The open men and women's singles begins at 8 a.m. Saturday, doubles at 1 p.m. Mixed doubles and over 35 events will begin at 1 p.m. Sunday.

Entry fee is \$7.00 per person per event. No Player may enter more than three events. Make checks to Tulia Chamber of Commerce. Send entry to Box 267, Tulia, Texas, 79088, or W.M. Tooley, Drawer 87, Tulia, Texas, 79088.

gency basis before that date.

The Commission has asked for written comments by Aug. 24 to help its staff develop emergency regulations. Additional comments concerning the adoption of final regulations may be submitted through Sept. 19.

Comments should be addressed to Walter Wendlandt, Acting Director, Transportation Division, Railroad Commission of Texas.

Cotton Use Rises

Domestic cotton use increased again in July, continuing a general trend of improvement, the National Cotton Council reports.

Cotton was consumed at a seasonally adjusted annual rate of nearly 6 million 480-pound bale-equivalents, 0.2 percent ahead of the June pace and 16.7 percent higher than the July, 1982, figure. Moreover, cotton use advanced 7.5 percent from January through July, the Council stated.

Cotton's share of the total fiber use stood at 23.4 percent in July, compared with 23.6 percent the month before and 24.5 percent a year ago. On cotton system spindles, cotton's share increased to 61.0 percent, up from 60.3 percent in June and 60.7 percent in July of last year.

Groundwork Laid For Trade Mission

Agriculture Commissioner Jim Hightower returned from a four-day trip to Mexico City last Thursday night "greatly encouraged" about the possibility of arranging agricultural sales direct from Texas farmers to Mexico.

Accompanied on the trip by Texas Farmers Union President Mike Moeller and Department of Agriculture international marketing personnel, Hightower met with the Mexican undersecretary of agriculture, the secretary of commerce, the director general of CONASUPO (the national export/import agency), the secretary of agriculture economy, the secretary of agriculture reform, the director general of Industrial de Abastos, a United Nations delegation on food, the president of the Mexican Farm Organization Federation, a representative of the American Soybean Association, and the American ambassador to Mexico.

"I believe we laid the groundwork for a long-term relationship that will benefit both Texas farmers and Mexico," Hightower said. "I fully expect that we will be able to arrange some sales in which, by cutting out the big middlemen, our farmers will get a higher

price and Mexico will pay a lower price. It may take some time, but their response was very positive.

"The single best thing that could happen to the farmers of Texas is for Mexico to have a healthier economy," Hightower said, pointing out that, in the last year, purchases of Texas agricultural products by Mexico has declined by half.

Hightower said TDA would immediately submit to CONASUPO officials a proposal outlining how such direct sales might be handled.

Letter To The Editor

The Editor
Muleshoe Journal
Box 449
Muleshoe, Texas 79347

Dear Editor:
Many of us in the Legislature are aware of the excessive burden caused by ever-increasing local property taxes and are attempting to provide relief to residential homeowners through reform legislation. We have proposed a significant relief measure called "Proposition Zero".

Unlike other proposals to enhance education funding, Proposition Zero seeks to greatly reduce the school tax burden on homeowners and generate millions of additional dollars for Texas school children.

Specifically, our proposal will exempt personal automobiles and the first \$100,000 of value of residences from school operation and maintenance taxes, and replace the revenue with a 1-cent state sales tax.

Recognizing the local tax base funding problem, other states, such as Missouri, Vermont and Nevada, have provided significant relief to their homeowners through the sales tax.

Proposition Zero will be introduced in the next Texas Legislative Session. We are currently refining the proposal and quantifying the effects that Proposition Zero will have on specific school districts to ensure equity to every district and its taxpayers.

We invite all citizens to write or call our legislative offices with their comments and inquiries on Proposition Zero.

Bob Barton, Jr.
State Representative

inside letter to editor

Dear Editor:

Each Labor Day provides us with an opportunity to pay homage to the workers who have helped make America great.

I join with all Americans in saluting the contributions of the nation's working men and women, the most productive workers in the world.

The endeavors of today's workers and their unions assure that our country will have an even brighter future. Yet the bounty we have reaped from these labors is not limited to mere products and services. Our workers have been one of the cornerstones of our democratic system. The values they have passed down from generation to generation have strengthened America as the land of opportunity.

Even though the nature of our labor has changed over the year, Americans still believe that all work is noble. In celebrating the efforts of American workers, past and present, we honor this fundamental truth as well.

On this day we also reflect on our foremost domestic challenge: providing job opportunities for all Americans who want to work. Through my Administration's Economic Recovery Program, we are bringing new hope to American. Already this year more than 1.1 million more Americans are employed than last December. The resurgence of our economy is bringing real jobs -- jobs with a future -- in the private sector.

The improved economic climate we now enjoy promises all Americans a prosperous future. I know that the nation's workforce will play a vital role in helping America realize its full economic potential.

Ronald Reagan

Nearly everyone has a different recipe for a successful life.

At times we are convinced that secrecy is the best publicity.

Mexican Propane Tanks Pose Hazard To Texas

Texans crossing the border to take advantage of low propane prices in Mexico may be risking explosion and fire if they bring the fuel back in Mexican manufactured tanks, according to the Railroad Commission's Liquefied Petroleum Gas Division.

Liquefied petroleum gas cylinders manufactured in Mexico do not meet code standards of the U.S. Department of Transportation or the Commission's LP-Gas Safety Rules, according to Hugh Keepers, LP-Gas Division director. Carrying these cylinders in cars, pickups, or vans is very dangerous and could result in fire or explosion if the cylinder valve accident-

ally opens in transit, he said.

Prices for propane in Mexico are 50 cents or more a gallon cheaper than in the U.S. which has resulted in hundreds of the illegal Mexican cylinders being brought into Texas as citizens take advantage of the price difference.

Citizens who buy such tanks should know they can't be legally filled in Texas, Keepers warned. He said state LP-gas dealers are aware of the problem and are refusing to fill propane tanks made in Mexico.

"It isn't worth it to save a few dollars on propane only to have an accident that could cost a life," Keepers said.

Maud Kersey, J.E. Embry came to play 42 and dominoes with the residents.

Dot Wilterding was admitted to W.P.M.C. Sun. afternoon. Audell Beatty was admitted Mon. Afternoon. Get well soon ladies, we miss you.

Effie Smith returned to the nursing home this week. Welcome back Effie.

The Spudnut Shop brought spudnuts to the residents Tues.

Cordelia Cochran was visited by her sister Marie of Hereford, Tues. morning.

Marie Engram was visited by Ruben Leal, Joe Mendoza, Susie Vela, Mrs. Sebring, Becky Vela, Wilma Waddle, Joann Head, Allie Barbour, Maud Kersey, Mrs. Stevenson.

The Muleshoe Church of Christ came Fri. afternoon to sing & share a Devotional with the residents. Refreshments of homemade ice cream and cake were served.

Marie Engram attended the Vela wedding Sat. She was very excited, this was the first wedding she had ever attended.

Vegetables Add Color And Beauty

Many vegetables can add color to the home landscape as well as provide food.

For example, try mixing vegetable plants with ornamentals, suggests Dr. Bill Welch, landscape horticulturist with the Texas Agricultural Extension Service, Texas A&M University System.

Lettuce makes an effective border and can be spruced up by combining with a flowering annual. Other vegetable crops such as banana peppers, hybrid spinach, ornamental kale and cabbage provide a spectacular diversity of foliage colors. Asparagus has attractive foliage that can be used in flower arranging from late spring until the

first frost. If you have a bare fence or wall, plant pole beans for a seasonal covering of green, says Welch.

Other possibilities, even for apartment dwellers who don't have access to a garden plot, include container-growth vegetables and herbs. Onions grown in a container offer unusual foliage and convenient access. Parsley is also an attractive plant in the landscape or in a container or hanging basket.

Another interesting edible plant if nasturtium, notes the horticulturist. It's easily grown even in poor soil and the leaves, stem and flowers of nasturtiums can be used in salads and dressings.

H & R Block Tax Course Begins Soon

H&R BLOCK is offering a Basic Income Tax Course starting September 8, 1983.

There will be a choice of morning or evening classes held at the H&R Block office at 224 W. 2nd, Muleshoe. The twelve week course is taught by experienced H&R Block personnel and certificates are awarded to all graduates.

While thousands of job opportunities are available, graduates are under no obligation to accept employment with H&R Block. Courses are licensed by the Texas Education Agency.

Registration forms and brochures may be obtained by contacting the H&R Block office at 224 W. 2nd, Ph. 272-3332. ADV

A Quiet Walk

How wonderful it is to take a walk in the woods after the hectic pace of our modern living. The soft rustling of the leaves seem to bring a peaceful contentment to our racing hearts. The warm splashes of sunlight against the rich green foliage awaken our eyes to a vibrant beauty not often seen in the city. The towering trees blend into a majestic cathedral dedicated to the wondrous glory of God's creation.

As we find peace in a quiet walk, so will we come to know peace and satisfaction in attending the service in God's house. Go to your church this Sunday and receive the blessings that only God's word can give you.

NET PROFITS

CROP INPUTS

Stack crop inputs in your favor.

Profitable yields demand proper soil fertility. If you cut back on fertilizer last year, residual fertility may be inadequate for your yield goals. This year, plan for profit. Apply the crop input that offers the most growth for the dollar - fertilizer.

Soil test and fertilize for Maximum ECONOMIC Yields.

DECORATE VEGETABLES WITH

Many vegetables can add color to the home landscape as well as provide food, says a landscape horticulturist with the Texas Agricultural Extension Service, Texas A&M University System. Lettuce makes an effective border while banana peppers, hybrid spinach, ornamental kale and cabbage provide a spectacular diversity of foliage colors. Asparagus also has attractive foliage. And pole beans can provide a seasonal green covering for a bare fence or wall. Container-grown vegetables and herbs such as onions and parsley are ideal for apartment dwellers.

Downward prices expected in gasoline prices.

Highways and Public Transportation, Austin, Texas.

Bidding proposals are to be requested from the Construction Division, D.C. Greer State Highway Building, 11th and Brazos Streets, Austin, Texas 78701. Plans are available through commercial printers in Austin, Texas, at the expense of the bidder.

Usual rights reserved.

Sudan News

By Evelyn Ritchie

Mr. and Mrs. Glen Chester and family hosted the Plains Cutting Horse Association Saturday, August 13 when several riders from Sudan and other places participated.

18-34t-2tc

In the 500 Novice Rider, any horse, Curtis Chester placed first on Sans Fancy Lady and Gary Fields placed fourth on Jay Holly Kay. Glenn Chester placed third on "Poco Annie". Gary Ray placed first on Doc Condor and Terry Jo Ray placed first on Rhondo's Doc in the youth division. Gary Raya tied for third on Rhondo's Doc in Open Class.

John Birdwell of Muleshoe tied for second in the Non pro-class on Easy Cocote.

Riders were from Sunray, Paducah, Andrews, Midland, Muleshoe, Vega, Hereford, Crowell, Amarillo, Dumas, Lovington and Kansas.

The Booster Club held their annual ice cream supper meeting at the field house at 7 p.m. on Tuesday, Aug. 23.

This meeting was to elect new officers for the new year and also to meet the new coaches and to see the recently renovated dressing rooms. All boys, their parents and Booster Club members were urged to attend this meeting.

Mrs. Jay Miller and Craig of Winona, Miss visited this past week with their parents and grandparents, Mr. and Mrs. R.D. Nix and other family members and were here to attend the Nix

family reunion.

Mr. and Mrs. Bob Drake were in Tulsa Saturday to visit his brother, Mr. and Mrs. L.H. Drake and family.

Annie Chester remained a medical patient in the Methodist Hospital as of Wed.

George Collins, Jr. of Lubbock visited recently with his parents, Mr. and Mrs. George Collins, Sr.

Visiting this week with Mr. and Mrs. Marvin Tollett was their grandson, Raymond Shaffer of Beaumont and also their son, Surck of Anton. They visited recently in New Mexico with relatives in Los Lunas, Santa Fe and San Juan.

Mr. and Mrs. Sam Bingham and Alyson of Lubbock visited during the weekend with her parents, Mr. and Mrs. L.S. Fields and Gary.

Mr. and Mrs. Gaylon Burns and Michelle have returned home from vacation in the mountains.

Ray Dudgeon of Eules visited during the weekend with his mother, Mrs. Winona Dudgeon and other family members.

Gary Fields and Curtis Chester were in Albuquerque, N.M. this past week.

Mr. and Mrs. Horace Knox of Chico visited this past week with his cousin, Mr. and Mrs. R.B. Knox.

Dr. and Mrs. Thurmon Bryant of Richmond, Va. visited Saturday with Mr. and Mrs. Waymon Gordon. The Bryants have been here with her mother, Mrs. Homer Morris and Mrs. Morris has returned home with them.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The Three Way Independent School District will hold a public hearing on a proposal to increase total property tax revenues from 352,175 in 1982 to 417,678 in 1983, based on the proposed tax rate. Your individual taxes may increase at a greater or lesser rate, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on September 8, 1983 at 8:00 p.m. at the Administrative Offices of the Three Way Independent School District, Maple, Texas.

Voting for the Proposal:

Herbert Sowder
Robert Kindle
Darwin Robertson
Nelson Carlisle
Tommy Terrell

Voting against the proposal:
