The Rambouillet breeding sheep show at the 67th Annual West Texas Fair in Abilene this week was the best they have had: in fact, entries in all divisions of the sheep show were up this year. There were seven exhibitors in the Open division of the Rambouillet show and five in the Junior division. The exhibitors are permitted to enter both divisions at Abilene.

Big winners in the Abilene Fair were Amy, Becky and Wesley Hodges. Their three flocks brought home most of the prize money. Amy showed the champion ram of both the open and junior shows while Becky had the reserve champion ram of both shows. The champion ewe of the junior show was shown by Becky: she also had the reserve champion ewe of both the junior and open shows.

In the class placings, Amy showed the second place ram lamb in both divisions while Wesley had the fifth place open ram lamb and the third and fourth place junior entries. Amy had the first place pen of three ram lambs.

Becky showed the first and second place ewe lambs in both the open and junior divisions: the two ewe lambs were twins and in putting one over the other gave the judge about as much trouble as twins usually give in the human world. Amy's ewe lambs were third and fourth in both divisions. Becky showed the first place pen of three ewe lambs while Amy's entries were second. In the two to four tooth ewe class, Becky's ewes were second and fourth in the open show, first and third in the Junior show, while Wesley's ewe was third in the open and second in the junior show. Becky won the pen of three two to four tooth ewes and Amy's group stood second.

Becky won the get of sire class, Amy took second, and Wesley third place. First in the exhibitor's flock went to Becky with Amy taking second place. The pen of three, both sexes, in the junior show was won by Becky with Amy second and Wesley third.

* * * *

There is a pretty heavy loss of pecans here now with the green nuts dropping off all over the county. The crop was short to begin with and will be even shorter now.

Most of the drop is due to dry, hot weather during August. Some nuts are being lost to a late generation of the pecan nut casebearer but the heaviest loss is due to the weather. Casebearer loss is scattered and light but the stress loss is heavy. The trees were in a stress period for moisture and the pecan's nature is such that when this occurs, the overload drops off. Even though trees were being watered, this did occur. Deep subsoil moisture became critical during the period and it was impossible to furnish the trees with enough moisture to take care of the situation.

Golf Group Met Tuesday

The Sterling Golf Association met Tuesday evening in the local hospital and named new officers.

Outgoing officers were Roland Lowe, president; Dayton Barrett, 1st vice-president; James Thompson, 2nd vice-president, and D. Kirk Hopkins, secretary treasurer; and Jack Douthit, recording secretary.

James Thompson was elected as new president; 1st vice-president, Early Barton and the secretaries were renamed.

Barton acted as president and named a rules committee to formulate rules. He named Dayton Barrett, Bobby Dodds, H. L. Bailey, Ricky Hopkins and Jack Peel.

The rules committee is to be on hand next Tuesday at the association's meeting at the hospital at 7:30 p.m. Action will be taken on setting rules.

It was voted to issue membership cards for a fee of \$50.00 and that fee will cover a member and his family (immediate) until next September. Then it is expected that monthly or yearly dues will be set.

There are now 36 members of the club and more are expected to join soon. Total membership payments paid in total \$1,550, and \$1,059.78 has been spent on the golf course expenses so far.

The course has six greens and is located on property owned by the Wimodausis Club and the W. L. Foster Estate. It joins the state roadside park and goes on east to the C.W. Smith house.

Volunteer Service League Meeting

Fourteen volunteers of the Women's Service League met Monday night, Sept. 10 in the Nursing Home dining room. General business, pertinent to the care and welfare of the Nursing Home residents, was discussed. The League meets the second Monday of every month, on the same night of the Firemen's meetings.

An appeal is being made to the League members and all interested townspeople, to continue donating scraps of double knit material. This material is fashioned into laprobes, a necessary comfort for wheel chair patients.

Also, in order to help cheer the sometimes drab existence of the ill and elderly, an appeal is being made to young and old, to send cards or letters. Frequent mail, addressed to individuals, is one of the highlights in the lives of hospital or nursing home confinees. Names can be obtained from the list of patients printed weekly in the paper.

Visitations, musical groups, pianists and organists, plus special attention for outings (short outside walks during fair weather, occasional rides, etc.) are needed constantly to assist in cheering the lives of some patients.

Youths, individuals, or groups are especially welcomed and appreciated. If you will have a part in this, call Mildred Emery, Bill Foster or Rebecca Alexander.

CAR WASH—Saturday, September 15 at the Stockman's Supply. Starts at 8:30 a.m. and until finished that afternoon.

The Sterling City Eagles opened the season's conference play last Friday night in Klondike and walked away with a 24 to 16 win over the Cougars.

Eagle quarterback Ken Peel scored twice in the first quarter on two running plays of 37 and 21 yards. The point after each TD was no good and the halftime score was 12-0.

In the third quarter the Cougars struck back as Jack Estes streaked 78 yards for a TD. Larry Harris ran the PAT over for 2 more points. Estes scored again in the same quarter on a one yard plunge and Harris again added two points on the PAT bringing the Cougars into the lead 16-12.

However, Ken Peel pulled the Eagles out in front again in the fourth quarter with a two-yard run. The PAT was no good and the score stood at 18-16. Peel then put it on ice with a one yard run making the score 24-16. The PAT was again missed and that's the way the score stood with eight seconds to go.

Scores by quarters:
Sterling City 12 0 0 12—24
Klondike 0 0 16 0—16

Food Stamp Program To Begin October 1

The new statewide food stamp program will begin operating on October 1, 1973, in Sterling County. This was announced by Archie Morris, acting supervisor of the State Department of Public Welfare.

The statewide food stamp program will replace the commodity foods program currently operating in this county—explains Mr. Morris. The statewide program was made possible when the 1972 Texas Legislature appropriated \$7.7 million for a state-administered, state-financed statewide food stamp program.

The State Department of Public Welfare will administer the

new program and the United States Department of Agriculture will provide the food stamps and bonus stamps.

Eligible households pay a determined amount for food stamps and are then given bonus stamps based on the size of the household and their total net income. Bonus stamps make up the difference between what a household can pay for food and what is necessary for a nutritious diet.

Also, bonus stamps mean many dollars worth of new business for the community. Bonus stamps represent money that low-income households would not otherwise have to spend at local grocery stores.

A recent study of three rural food stamp communities showed that food stamps represented from five to ten percent of the total retail food sales.

Households are certified eligible for food stamps at the food stamp office located in the Commissioner's Court Room, 1st floor of the Sterling County Court House. Food Stamp workers will be in Sterling City each Tuesday, 9:30 a.m. to 3:30 p.m.

Certified households will then receive Authorization to Purchase (ATP) cards in the mail which will tell them how many stamps they are eligible for and how much money, if any, they must pay for them.

The ATP card and the necessary cards are redeemable for food stamps at local issuance offices.

Participating grocers accept food stamps for the purchase of most foods and food products. Food stamps cannot be used to buy alcoholic beverages, tobacco, paper goods, etc.

Participation in the food stamp

program is voluntary and does not prevent the household from receiving any other benefits for which the members might be eligible.

Food stamps increase the purchasing power of low-income households. Food stamps are also good for the community's economy. Studies show that food stamps generate new economy and create new jobs.

Certification for eligibility should begin immediately. For further information about the food stamp program, contact a food stamp worker at the Sterling County Courthouse, each Tuesday, 9:30 to 3:30, or write State Department of Public Welfare, P.O. Box 347, Ballinger, Texas 76821

Antique fruit jars, crockery, baskets, books, bells, bottles, and decorative boxes. Assorted glassware, repairable kitchen appliances, some furniture and general closet clutter. Some children's games, odd chess and domino pieces (wood and plastic). Stereo record albums (semi-classical, popular, country and Western).

You pay what you think these items are worth and we will try not to 'short change' you.

Will consider fair trade, if you have something we need; i. e., golf clubs, gold bricks wetbacks, greenbacks, golf instructional manual, yard work by the hour, or snake oil for tired muscles.

... We can accommodate only a few customers at a time, and would appreciate consideration of the sale hours advertised.
