There will be a runoff or second primary election here by the Democrats on June 1. The Sterling County Democratic Executive Committee chairman Jack Douthit said there would be two races to be voted on. No local races are on the ballot.

Robert (Bob) Krueger of New Braunfels will be on the ticket with State Senator Nelson W. Wolff of San Antonio. They are vying for the 21st Congressional seat being vacated by O. C. Fisher, veteran Congressman. Wolff led in the first primary against five other contenders. Krueger, New Braunfels business man and former college educator, was slightly behind the top contender Wolff.

In the 63rd State Legislative race, C. Glenn Toombs, county judge of Borden County, faces Michael H. Ezzell. The two nosed out the third contender, Mrs. Mary Thomas of Big Spring, but face a runoff to settle the race. The winner of this race will face John R. (Rich) Anderson, a Republican, in the November general election.

All voting in Sterling County will be done in one box at the courthouse. Since there are no precinct races, this can be done. Mrs. Lee Augustine is handling the election that day for the Democrats.

# Now's the time to call your air conditioning serviceman.

(Get a checkup before the heat's on.)

Right now your air conditioning serviceman can easily work your call into his schedule and get your unit ready to deliver dependable cooling through the summer ahead.

We know that many people wait until the heat's on to install electric air conditioning or have their units serviced. Later on, your dealer or serviceman may have a waiting list.

WTU wants you to get the greatest value from your electric service. One way we can help is to remind you to get the jump on summer by calling your serviceman early.

### NEW TEXAS ALMANAC 1974-75 Almanacs

THE PEOPLE OF TEXAS, a study of the many nationalities and ethnic groups that have combined to make up the state's population, is one of many new features in the 704 pages of the 1974-75 Texas Almanac, published by A. H. Belo Corporation, publishers of The Dallas Morning News.

The article is by R. Henderson Shuffler, executive director of the University of Texas Institute of Texan Cultures at San Antonio.

Texans have always come in assorted sizes, shapes and colors, with a wide variety of mother tongues and hereditary customs and traditions, Shuffler writes. He has capsuled this variety of cultures in the special Almanac feature.

The new edition also contains a comprehensive history of the livestock feeding industry in Texas, which now leads the nation in numbers of cattle fattened in feedlots. The article was written by Sam A. Thomas Jr., manager of agricultural development for Southwestern Public Service Company of Amarillo.

Two reports are of special interest to ecologists. One is a list of endangered plants and animals in the state, prepared by the Texas Organization for Endangered Species. The other is a list of state agencies responsible for pollution control.

Election results, listings of county, municipal and state officials, amendments to the Texas Constitution, appointive boards and commissions, officials of state and regional civic and trade organizations and many other listings are expected to make this edition widely used as a reference for offices, schools, public agencies and homes.

A new Texas map, in color, with major highways, distances and other information supplements 254 county maps, updated from maps prepared by the Texas Highway Department.

The county maps are published with information about each Texas county supplied by chambers of commerce, county agricultural agents and others.

### REWARD NOTICE

When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If upon conviction, a defendant confesses other thefts, no additional rewards will be paid. All decisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

**GOVERNOR COKE STEVENSON ENDORSES BOB KRUEGER FOR UNITED STATES CONGRESS**

I supported O. C. Fisher in the Congress of the United States for more than thirty years, and I have supported him actively in 16 campaigns in which he has been elected to this important office. I would support him again if he were a candidate for reelection. The point I wish to emphasize is that the district needs an able and dedicated man to represent us in Congress. I believe BOB KRUEGER of Comal County possesses qualifications which will enable him to represent the district in a fair and impartial manner. I believe he will do this with honor to himself and credit to his district. I SUPPORT HIM STRONGLY".

## Behind the 8-Ball

By the editor.

Last weekend the Carlsbad, N. M. Chamber of Commerce, the City of Carlsbad and the National Park Service all combined and had a press party in Carlsbad for the media people.

A new cavern was being opened to the public about 20 miles from the old Caverns. It is to be kept kinda rugged and strenuous for cave goers. You have to walk up over a mile to get to the opening and the rise is 550 feet. Quite a trail, yessir. In the end we went back to the old Caverns and took the elevator down and went through the big room. It has been improved as to trails and lighting and you can travel at your own speed. We ate lunch in the cave and again marveled at the cave formations and beauty. One forgets how beautiful it is from time to time. The ride on the elevator is \$3 for adults and it pays you in and out by elevator.

A breakfast was served the group at Rattlesnake Springs in a get to gether for the new cave goers. Rooms at motels were furnished and the welcome mat was out.

A hike through the newest of the National Parks, Guadalupe was on tap for Sunday for the group, but it is a rugged walk or hike in a rugged park.

Saturday afternoon, a press conference was held at the State Zoological—Botanical Park in Carlsbad. Governor Bruce King and Congressman Runnels were on the dias and other notables.

The state park has all kinds of cactus and desert plants, as well as animals and birds of the area. It is a real treat to see.

The downtown parks were open to the visitors and those with children took advantage.

A T-bone steak cookout was given Saturday night at the river homes of Ray Davis and Dewey Connell. The Maariachi San Jose band played and a paddle wheel steamer took all who wanted, a ride down the river. Talking to Bruce King, the governor, brought out the fact that he was originally from the community of Edith, just north of here in Coke County. He said he usually came back for a reunion each year.

At our table at the cookout, were Mr. and Mrs. E.E. Tusha. He has recently retired as the chairman of the board of the Carlsbad National Bank. He is a brother to the late E.A. Tusha, who was the Santa Fe freight agent in San Angelo for many years.

Carlsbad is pushing for tourist trade. They have any number of top notch attractions. Also, they are pushing the area as a wonderful retirement place. A number of retirement type complexes and home have been built and it is getting to be a big business there. Farming, oil and oil related industries are beginning to boom and the Carlsbad people hope the tourism business will boom.

The BEACH and the many park attractions in town all combine to make the place a real nice vacation spot—not too far away.

### 8-BALL

It is dry around Carlsbad. More so than here. They need rain. Irrigation takes care of the alfalfa and feed fields, but the rangelands are parched now.

## Social Security Tips

Social security checks should be cashed within a reasonable time to prevent loss or theft, even though there's no time limit on cashing them, according to social security officials here.

'If your check is lost or stolen, get in touch with your nearest social security office at once,' a spokesman said. 'The check can be replaced, but it takes time. Handle your check carefully when you get it and you won't have to wait while it's being replaced.'

Social security pays over \$4 billion a month in benefit checks to almost 29 million people—eligible retired and disabled workers and their families and families of deceased workers who worked long enough under social security.

For further information contact the Social Security office at 3000 W. Harris Avenue, San Angelo, Texas 76901 or call 949-4608.
