Hi'way Construction Work in Sterling

San Angelo-Construction has begun on RM 2139 from State Highway 163, 6.4 miles south of Sterling City to a point 5.0 miles Southwest, announced D. R. Watson, District Engineer for the Texas Highway Department of San Angelo.

Seidel, Inc. of San Angelo was awarded the contract at a cost of \$217,338 to construct the new highway, which will replace an existing county road. Alton Seidel said the project should be completed about the middle of May, 1975.

H. L. Bailey, Supervising Res-ident Engineer for the Texas Highway Department on the project explained that the traffic will be carried on the existing county road except for two crossings and a section of about 1500 feet at the west end.

Adequate barricades and warning signs will be prominently displayed but motorists should use extreme caution along the construction areas as it will be travelled by large highway construction equipment. Normal speed should be greatly reduced in the construction area. Cooperation of the public is requested in obeying all traffic signals and warning signs.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and first conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When 2 or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If upon conviction, a defendant confesses other thefts, no additional rewards will be paid. All decisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

TEXAS SHEEP & GOAT RAISERS ASSOCIATION

TURN IN A 'PUSHER'

If you know or hear of any one who is pushing heroin or hard drugs and want to report it to the federal government—it's easy to do now.

Just dial 112--800-368-5363 and you will get the Department of Justice in Washington and things will start.

This is a toll free number and someone is on duty at all times there. Callers need not identify themselves and rights of all callers will be protected.

Help by turning in a pusher and help this program. PLEASE dump from both sides of the pit at the dump ground. No car bodies or wire allowed.

Notice—Must burn all burnable trash before dumping at the dump grounds.

Grooming, boarding, all breeds

—The complete San Angelo kennel nearest Sterling City.
653-1625.

Social Security Tips

Social security checks should be cashed within a reasonable time to prevent loss or theft, even though there's no time limit on cashing them, according to social security officials here.

'If your check is lost or stolen, get in touch with your nearest social security office at once,' a spokesman said. 'The check can be replaced, but it takes time. Handle your check carefully when you get it and you won't have to wait while it's being replaced.'

Social security pays over \$4 billion a month in benefit checks to almost 29 million people—eligible retired and disabled workers and their families and families of deceased workers who worked long enough under social security.

For further information contact the Social Security office at 3000 W. Harris Avenue, San Angelo. Texas 76901 or call 949-4608.

TEXAS OIL COMPANY has opening in Sterling City area. No experience necessary. Age not important. Good character a must. We train. Air Mail A. S. Dickerson, Pres., Southwestern Petroleum Corp., Ft. Worth, Tex.

Earn up to \$100 weekly addressing and stuffing envelopes at home, spare-time. For information send 25c and stamped, self-addressed envelope to:

and five o'clock. Thank you.

Directions for Packing and Shipping Heads from Suspected Rabid Animals to the Laboratory

Increasing difficulty to confirm a diagnosis of rabies is being experienced with the submission of animal heads for rabies examination when shipment by air takes as long as four days between shipping date and re-ceipt. If at all possible, we recommend to those who use the State Department of Health laboratory service in Austin, that they USE THE VARIOUS BUS COMPANIES. Pack the animal head in a leakproof plastic bag. Enclose a second leak-proof plastic bag filled with ice or use water frozen in plastic bottles. An outside container of sturdy construction (styrofoam serves nicely and is inexpensive) must be used. Also, use packing ma-terial to absorb water in the event of leakage. The box should be securely taped down and marked, KEEP UPRIGHT-PLEASE. A note to telephone the Health Department Laboratory (454-3781 Ext. 313) on arrival, should be prominently displayed.

PLAN AHEAD

If you're under 45 years of age these questions are for you. (1) In addition to Social Security do you have a retirement program?

(2) Will your present retimement plan be sufficient when you're 65 or .. are there things you and your family will go without?

Remember, no one plans to fail-Some just fail to plan.

For the retirement program you want, contact: THURSTON McCUTCHEN -Sterling-Coke Farm Bureau, ph. 453-2812, Robert Lee, Texas or 453-2403.

TEXAS REFINERY CORP. offers PLENTY OF MONEY plus cash bonuses, fringe benefits to mature individual in Sterling City area. Regardless of experience airmail A. T. Pate, Texas Refinery Corp., Box 711, Fort Worth, Tex., 76101.

The Texas Department of Public Safety is offering immediate career employment to qualified young men. Contact your nearest DPS office or patrolmen for more information.

MUST pick up small piano and Hammond organ by October 25th. Will allow person with good credit to assume payments on either piano or organ or both. Call or write American Music Co., 207 E. 8th, Odessa. Tx. 79761, area 915-332-2711.

HOMEMAKERS—Earn spending money without leaving home. Occasional telephone interviewing. Experience not necessary. No selling. Must have private telephone. Send letter including name, phone number, education, any work experience, and names of references to: American Research Bureau, Field Operations. 4320 Ammendale Road, Beltsville, Maryland 20705.

HOMEMAKERS WANTED IN THIS AREA: men. women, students. No experience necessary; stuffing & addressing envelopes (Commission Mailers). Earn sparetime money at home, \$100.00 weekly possible. ALUMINUM STRETCHES ENERGY RESOURCES

Now that pollution cleanup is underway, environmentconcern seems to be shifting to energy supply. Some ecologists worry about America's accelerating use of fuels - coal, oil, gas and uranium.

These basic sources of energy, burned directly or transformed into electricity, propel all vehicles, heat and cool our homes, run appliances, cock and refrigerate foods and power our industries.

The use of aluminum, an environmentally thrifty metal, stretches fuels and energy, the people at Reynolds Aluminum point out.

"Aluminum does not deteriorate and is easily recycled with little expenditure of energy," said Dr. Robert F. Testin, director of environmental planning for Reynolds. "That makes it an energy bank that can be drawn upon again and again. When longlasting aluminum products are finally discarded, melting them down for refashioning into new products takes less than 5 per cent of the energy used to make the aluminum originally."

Because it is so light only one-third the weight of steel, copper or brass - aluminum provides a greater quantity of material per ton. "This phenomenon stretches the energy used in making aluminum products, as a ton of aluminum yields two to three times more items than are obtained from a ton of other materials," according to Dr. Earl E. Patterson, who heads up Reynolds metallurgical research.

An example of Dr. Patterson's point is beer and soft drink containers. A ton of steel produces 15,400 steel cans, and a ton of glass makes 5,000 bottles, but a ton of aluminum results in 32,680 all-aluminum cans.

An article in the Reynolds magazine reveals many other

ways aluminum conserves en-

Transportation of all kinds consumes 30 per cent of America's energy supply. The light metal cuts fuel consumption in all kinds of vehicles - aluminum highway trucks, automobiles with their aluminum parts, aluminum railroad cars, aluminum boats and ships with aluminum superstructures. The 1973 autos average about 78 pounds of aluminum per car.

In heating and air conditioning, which take 27 per cent of the energy supply, aluminum insulation and ducts, because of their high heat reflectivity, cut fuel consumption.

Durable aluminum siding. windows and other construction items greatly reduce use of resources and energy in maintenance, repair and replacement. The article points out that aluminum will not rot or warp, and is immune to red rust, mildew and ter-

In cooking, the rapid heat conductivity of aluminum pots and pans - six times faster than steel, for example - conserves electricity and gas. In the refrigerator, foods in aluminum foil chill or freeze quicker than when wrapped in paper or plastic film, saving electricity.

The public depends on aluminum electrical cable for low-cost delivery of electricity to the home. Replacing expensive copper, aluminum cable has lowered everybody's electrical bills.

BER OF Travel

LET YOUR CHILD TAKE YOU THROUGH DENMARK

One of the questions you hear over and over again when tourists plan their vacation is: "Where do we find a place where all members of the family can have fun and where prices fit our family budgets?"

The answer is easy. For tots and teenagers, for 20year-olds to senior citizens, Denmark offers a variety of fun that can't be found anywhere else.

Your children will be completely captivated by a visit to a real fairy-tale park with its Renaissance castle Egeskov, erected in a lake, on the island of Funen. In the barn there is a museum filled with vintage aeroplanes, cars and motorcycles.

Denmark is truly a children's wonderland. Of course there are summer camps, riding schools and sailing schools. But what about the real children's traffic school at Legoland? The miniature village in Jutland is virtually a children's paradise.

From June through September, you can ride the Veteran Railway every Sunday from legendary Elsinore (site of Hamlet's castle) to the resort of Gilleleje, and there's a parade every Friday by the Elsinore Girl Guards.

For the adventurous, there is Givskud Lions Park, where

mous elephants and gentle giraffes in natural surroundings. Driving your car among these exotic animals is comparable to enjoying a minisafari.

At the Circus Building, Benneweis, Scandinavia's biggest circus, presents world artists in the ring every night, from mid-April to September 30. Tivoli, Denmark's worldfamous fairy-tale garden in the heart of the city, is filled with amusements for children and adults, restaurants and dancing from May 1 to September 16. It features a fascinating playground, Children's Holiday Shows, the Pantomine Theater, The Open-Air Stage, the Tivoli Boy Guards, parades and fireworks. And every Tuesday throughout the summer, there is a very lively children's circus in the Odense Zoo.

Denmark even has its very special Hans Christian Andersen Festival held in the Funen Village, in his native town Odense, from July 6 to August 5, where children enact Andersen fairytales on an open-air stage, that will delight the whole family.

For more information on events for children in Denmark this year, write to: Danish National Tourist Office, Scandinavia House, 505 Fifth Ave., you'll see African Lions, enor. New York, N.Y. 10017.

School Lunchroom Program Set Up

The Sterling City Independent School District has announced a free lunch-breakfast policy for Sterling County school children unable to pay the full price.

Local school officials have a policy that allows families with few children to receive free or reduced school lunches or breakfasts with income going from \$2330 for the smallest family to a high of \$9230 per year income,

if children total 12 in number. The scale for free lunches is as follows: Family Income Family Size \$2330 \$3060

\$3790 \$4510 \$5180 \$5850 \$6450 \$7050 \$7610 \$8150 \$8690 \$9320

Each additional family member Families falling within the

scale or those suffering from unusual circumstances or hardships are urged to apply for reduced or free lunches-breakfasts for their children. They may do so by filling in the application forms sent home in a letter to parents. Additional copies are available at the principal's office at school.

Regular cost of the meals is to be 50c for lunches and 20c for breakfasts, said school superintendent James Thompson. Teachers will pay 30c for breakfasts and visitors will pay 40c. Teachers will pay 55c for lunches, visistors 90c and carry out lunches will be \$1.00.

PD's Column

PRINTER'S DEVIL By The Associate Editor

Well, we finally have a new president, and not too soon for me. It had been obvious to this columnist for a long time that the 36th president was going to have to leave office, either voluntarily or by impeachment. Even before the last tapes were ordered released by the Supreme Court and revealed the President's rather absolute guilt, it seemed that either he was guilty by actually ordering the use of the plumbers, the FBI, the CIA and the IRS or by creating the atmosphere in which his employees felt they could order those things done, OR he had no control over those around

CARD OF THANKS

The family of Roy C. Davis want to express their sincere thanks and deep appreciation for the services, the food, flowers and other expressions of sym-pathy and concern extended by the people of Sterling City.

A golden opportunity in law enforcement awaits qualified young men. Get in touch with your Texas Department of Public Safety office or patrolman.

him. Either way, he did not need to be president. -PD-

Maybe now we can get down to solving our domestic problems-like inflation. __PD__

In practically any other country in the world, if a president left office in the way that Nixon did, there would have been some kind of trouble like rioting in the streets, a military coup, or some kind of violence. Here, it gives one optimism to observe that did not happen. We were in Commerce, celebrating the end of a long, hot summer digging for Indian artifacts along the South Sulphur River. As the President began speaking, we were shooting pool and preparing to devour 16-oz. sirloins. Those activities continued even as we listened to the speech. The only extra activities were the shooting off of impeachment fireworks by one of the crew. She had bought them in Washington in January, and were to be shot off only when Nixon was out of office by impeachment, resignation, or in 1977. It is nice to live in a country where power passes smoothly, after assassination, after resignation, or after an election. Some people in Europe, as well as the rest of the world, cannot understand how we do it every four years, much less when there is an assassination or resignation. Sometimes, I wonder myself.

-PD-Anyway, we have survived worse-the Civil War, various assassinations, other scandalsand still the country goes on. We Americans have some things no other country has-a free press, a real voice in our government (though we don't always exercise it) and a few responsible people in Congress who will not stand by and let the Constitution be trampled on by those who fear other people too much. -PD-

If you think that Nixon was driven out by the press and news media, remember that the media do not make news; they only report it.

CARD OF THANKS

I want to thank all my friends for the cards and gifts sent during my stay in the hospital. Also a big thanks to Dr. Swann an the nurses for their care an consieration. Sincerely,

MRS. ED. EDWARDS

Contract Awarded for New Post Office at Garden City

Midland, Texas - McKinney Construction Co. of Jones, Okla. has been awarded a contract for the construction of a new post office at Garden City, Texas.

Postmaster/SCF Manager David E. Holster of Midland, and Robert L. McCoy, manager, San Antonio Postal District, said the firm was the lowest of five bids received recently.

The contract calls for the construction of a building to contain 1,045 sq. feet of interior floor space to be built on a site containing 19,500 sq. feet on State Highway 158. The Postal Service obtained an option to the property from its owners Felix and Mrs. Elizabeth Cox of Midland.
