City Street Paving Completed

The City of Sterling City is having the city streets paved over town this week by Strain Bros. contractors.

The city is having the streets paved 20 feet wide, with one exception—Elm from the highway to the school building is wider.

Some property owners are having their streets paved up closer to their property lines and in some cases, they are having their driveways paved.

The paving is being done over the old paving, and consists of shooting the area with hot paving tar and covering it with the gravel aggregate and rolling it down.

The parking lot across from the school was paved as well as parking areas around the county courthouse.

About one mile of the streets was originally paved in 1948. Most of the remaining streets were paved by the county road crew in 1956. In 1962 the city seal coated the existing paved streets and paved most of the few remaining unpaved streets. It is hoped that the present resurfacing will keep the streets servicable for many years to come.

ASU Fall Semester Registration

Monday, August 18, will be the last for students to apply for admission to Angelo State University for the fall semester.

According to Dr. Warren Griffin, the University's Registrar, those applying for admission must have all of their application material on file by that date. Included in that material is the student's high school transcript, ACT test scores, a medical form and a completed application for admission to ASU.

Formal registration for the fall semester will be conducted Aug. 27, 28 and 29 and classes for the new term are due to begin Tuesday, September 2.

Additional information regarding admission to the University may be obtained in the Registrar's Office located in the ASU Administration Building.

SCHOOL BUDGET HEARING NOTICE

There will be a school budget hearing for the Sterling City Independent School District for the fiscal year, September 1, 1975 through August 31, 1976. Time: 7:00 P.M. Monday, August 4, 1975.

Place: Sterling City school superintendent's office.

Any and all interested Sterling County taxpayers may appear and participate at this hearing.

By: James Thompson, superintendent of schools, July 23, 1975.

By order of the Sterling City ISD Board of Education July 7, 1975.

(Signed) James Thompson, Superintendent

MARENA JOHNSON AND TOM KILPATRICK ARE MARRIED

Miss Marena Johnson and Tom Kilpatrick were married in San Angelo on July 10.

The couple are making their home here. Tom is a 1975 graduate of Sterling City High School and Marena is still a student in SHS.

CARD OF THANKS

I want to express my thanks and appreciation to the Sterling Volunteer Fire Department and all who helped in any way at the grass fire at our ranch Tuesday afternoon. It was all appreciated.

R. T. FOSTER, JR.

Golf Tournament Winners

Taking first place in the golf tournament here last Saturday was the team composed of Mark Sullivan, Mickey Dodds and Dean Jones.

Second place winners were Early Barton, Arthur Barlemann and Steven Foster.

Tying for second was the team of Bill Jones, Roland Lowe and Alex Medina. The two second place winners split the prize of golf balls.

The longest ball was hit by Jack Peel and the closest ball was made by Mickey Dodds.

Currington-Lewis Wedding Saturday

Miss Karen Elaine Currington became the bride of Russell Lewis during a ceremony at the Church of Christ last Saturday. Chesley McDonald officiated.

Parents of the couple are Mrs. Nell Currington of Sterling City and Mr. and Mrs. Baugh Lewis of San Angelo.

Mrs. Glissa Murray of Hart was the matron of honor. Roger Allen of San Angelo was best man.

A reception was held following the ceremony in the church fellowship hall. The rehearsal dinner was hosted by the bridegroom's parents.

Mrs. Lewis is a graduate of Sterling City High School and attended Angelo State University and the University of Texas, and is a nurse's aide at Sterling County Nursing Home.

Her husband is a graduate of San Angelo Central High School and attended the Oxford Summer Study Program in Europe and Angelo State University. He is employed as a carpenter.

After a wedding trip to Lake Brownwood, the couple will live in Austin.

LEGAL NOTICE

By action of the Sterling City Council body on June 9, 1975, the following property was annexed to the City and will now be included in the city limits. All of Block 52, Sterling Addition, 1 1/2 acres of Survey 8, Block 12, SPRR Co. The existing road to the City Park and the entire City Park.

LEE R. REED, Mayor
City of Sterling City, Texas

T. J. Finnegan, 54, Buried Tuesday

T. J. Finnegan, Jr., 54, died at his home at about 8 a.m. Sunday. It was an apparent heart attack.

Services were held Tuesday at 2 p.m. in the Sterling City Church of Christ. Bro. R. V. Hamilton, minister, officiated.

Ross Funeral Home was in charge of arrangements. Burial was in the City Cemetery.

He was born Sept. 13, 1920 in Concho County. He was employed by Sterling County in the road maintenance department. He was married to Marie Mitchel December 23, 1939 in Milburn. He was a member of the Church of Christ and had lived in Sterling City 31 years.

Survivors include his wife and a sister, Mrs. Fay Ripple of Eola and a niece, Mrs. Frank Stewart of Sterling City.

Serving as pallbearers were Albert McGinnes, William Greenfield, Danny Stewart, Jack Peel, Johnny Hughes, Cotton Frizzell and Howard Davee of Sterling City, Frank Jackson of Lubbock, and Willie Brandon of Eden.

The family requests that memorials be given to the Heart Fund.

LIONS CLUB

The Sterling City Lions Club met at noon Wednesday in the community center. Twenty-six members were present.

Howard Cudd reminded the members of the annual firemen's barbecue set for Saturday night.

It was decided to sponsor a trap shoot Saturday, August 30 at the rifle club grounds west of town. Freddie Williams heads up the committee and with him as committee members are Dan Glass, Bill Watts, James Thompson, Jim Davis and Charles Stevens.

The prize went to Jeff Davis.

Tom Humbles to Have 50th Anniversary

Mr. and Mrs. Tom Humble of Sterling County will be honored by their children with an open house on their 50th wedding anniversary. The open house will be held at their ranch home on the North Concho River near Broome on August 5, 1975.

The couple was married on August 5, 1925 in Seminole, Texas. She was Verdie E. Cain, daughter of the late Mr. and Mrs. Sam Cain of Hobbs, N.M.

The couple have three children, Mrs. Tommie Augustine of Water Valley, Mrs. Tom Rawlings of Water Valley and Bill Humble of Sterling City. They have nine grandchildren and 2 great grandchildren.

From 1925 to 1932 they lived on the Fred Snyder ranch at Cochran. Then they moved to Hobbs, N. M. and lived there until 1934 when they moved to Sterling County. They own the Rio Concho Ranch near Broome.

Tom is a deacon in the Baptist Church, member of the Texas Hereford Association and is active in soil conservation practices.

Joining with their children in hosting the affair are the families of the children.

High School Students TO REGISTER FRIDAY AUGUST 8TH

School principal Bobby Dodds said this week that high school students would register on Friday, August 8 at 9 a.m.

All students of the high school (grades 9 through 12) will be registered that day.

Firemen's Barbecue Here Saturday

Everybody Invited

The Annual Sterling Volunteer Fire Department Barbecue will be held here Saturday, August 2 in the city park. Serving is scheduled to begin at 7 p.m.

All citizens of Sterling County are invited to come and enjoy the beef barbecue and trimmings provided for by the department. Wives of those attending are asked to bring a pie for dessert.

Entertainment will consist of water polo contests between teams from the department.

Gary Maricle is the new chief of the department.

Fire department members and equipment responded to a grass fire on R. T. Foster's (Jr.) ranch Monday afternoon. The fire was started close to an oil well rig.

There will be no charge for the barbecue, but donations will be accepted, as in the past, from folks who would like to give or donate at that time.

Three from VFD Attend Firemen's Training School at A&M

The Forty-Sixth Session of the Texas Firemen's Training School was held at Texas A&M July 20-25. Troy Templin instructed this year in a pump operations class. Gary Maricle took a class in advanced firefighting III. Gwen Templin attended the school in a fire prevention class.

By three attending this school our city receives the maximum key rate credit of 5% on fire insurance. It also helps to keep the local department up on all firefighting tactics and problems from over the state.

Texas A&M Firemen's School is the largest and best in the world. The school this year was attended by 2,500 firemen from more than 500 Texas cities, 21 other states and 3 foreign countries.

Tops at A&M

College Station--Michael E. Watts of Sterling City has earned 'Distinguished Student' ranking at Texas A&M University, announced Registrar Robert A. Lacey.

The undergraduate honor is awarded students who have excelled academically. Recipients must earn at least a 3.25 grade point ratio (out of a possible 4.0) during the most recent grading period.

The ranking is limited to 10 percent of TAMU's undergraduate enrollment.

Watts is the son of Billy G. Watts. He is majoring in aerospace engineering.

Gift Coffee Honors Debra Hendry

Miss Debra Hendry, bride-elect of Bobby Bynum, was the honoree when twelve were hostesses at a gift coffee in the community center here July 10. The coffee was held from 10 to 11:30 a.m. and over two hundred persons took part in the shower.

Hostesses for the affair were Mrs. C. J. Copeland, Mrs. Riley King, Mrs. F.S. Price, Mrs. D.K. Hopkins, Mrs. Wynn McClure, Mrs. Reynolds Foster, Mrs. Bill Humble, Mrs. Bill Watts, Mrs. Charlie Davis, Mrs. Neal J. Reed, Mrs. Harvey Glass, Mrs. Curtis Wilson and Mrs. Frank Hearn and Mrs. A. R. Bagwell, both of Robert Lee.

In case of fire dial 8-4771.

Hambright-Davis Wedding Saturday

Miss Theresa Sue Hambright and Charles Dwayne Davis were married Saturday in the Robert Lee Baptist Church with the Rev. Roy Epperson officiating.

Parents of the couple are Mr. and Mrs. R. E. Hambright of Robert Lee and Mr. and Mrs. Charley Davis of Sterling City.

Organist at the ceremony was Daryl Copeland of Robert Lee. Soloist was Phyllis Worjek of Robert Lee. Tammy Hambright of Robert Lee, sister of the bride, was maid of honor. The bridesmaids were Phyllis Wotjek and Pam Duggan.

Russell Davis served his brother as best man. Groomsmen were Tommy and Bobby Bynum of Sterling City. Ushers were Tommy Hendry, Scott Davis, Randy Hord and Ray Sparks, all of Sterling City. Greg Davis (a brother of the bridegroom) was candlelighter.

The bride's wedding dress was of organza with schiffli embroidery in princess silhouette. Deep yoke of schiffli embroidery framed with self ruffles and Venice lace edged. A ruffled high neckline and long tapered sleeves of schiffli trimmed the wrists. Deep flounce of schiffli embroidery rimmed the hemline of slender skirt that swept to back fullness to form a chapel train. The veil was of Venice lace of three tiered illusion.

The bride's bouquet was arranged on a white Bible belonging to the groom's great grand mother.

The bridegroom's parents hosted the rehearsal dinner in the Robert Lee community center.

Members of the house party at the reception that followed were Mrs. Billy Wayne Roe, Mrs. Wayland Drennan and Miss Rhonda Askins of Robert Lee, Mrs. James Page and Mrs. Rodney Hambright of Abilene, Mrs. W. T. McAdams of Spearman, Miss Linda Temple of Dallas and Miss Patty Kohlenberg of New Braunfels.

Mrs. Joe Montgomery of Wellington registered guests.

The bride is a 1974 graduate of Robert Lee High School and attended Texas Tech. She will be a sophomore at ASU this fall.

The bridegroom is a 1974 graduate of Sterling City High School. He attended Sul Ross University and will be an August graduate of Texas State Technological Institute at Sweetwater. He is employed as shipping foreman at a San Angelo Packing plant.

After a wedding trip to San Antonio the couple will make their home at 316 East Harris Avenue in San Angelo.

Old Settlers' Dance Here August 9

The dance committee of the Sterling Old Settlers convention has announced that a dance is to be held in the city park on Saturday, August 9, beginning at 9 o'clock. Everyone is invited.

The band will be the ever-popular COUNTRY CORPORATION, said Jim Bob Clark, of the committee. Other members of the dance committee are Mrs. Beth Wells and Delmar Radde.

Admission will be \$2 for the singles and \$3 per couple, said Clark. If rain should make it impossible to hold at the park, the dance will be held in the school gym, said Clark.

REWARD NOTICE

A reward of \$500.00 will be paid by the Texas Sheep and Goat Raisers Association to any person (other than law enforcement officers) giving information causing the arrest and first conviction of any person or persons found butchering or stealing any sheep or lambs or goats belonging to any Association member in good standing. When 2 or more persons give information, the above sum will be divided at the discretion of the Board of the Association. When two or more defendants are involved in a single crime, the total reward is limited to \$500.00, but the conviction of one defendant, even though the other defendants are acquitted will entitle the claimant or claimants to said sum of \$500.00. All claims must be submitted within ninety (90) days following conviction. If upon conviction, a defendant confesses other thefts, no additional rewards will be paid. All decisions concerning the payment of such reward and the conditions of payment will be made by the Board of Directors of the Association.

NOTICE

The Texas State Department of Health has established, in accordance with the Federal Public Health Service Act, the current annual level of uncompensated services for Sterling County Hospital, Sterling City, Texas to be that the facility does not intend to deny anyone admission to the facility or any of its services because of an inability to pay. The documents upon which the determination was based are available for public inspection at the Texas State Department of Health, 1100 West 49th St., Austin, Texas from 9:00 A. M. to 4:30 P. M. on regular business days. The level of services set out meets the presumptive compliance guidelines of the Federal regulation.

Directions for Packing and Shipping Heads from Suspected Rabid Animals to the Laboratory

Increasing difficulty to confirm a diagnosis of rabies is being experienced with the submission of animal heads for rabies examination when shipment by air takes as long as four days between shipping date and receipt. If at all possible, we recommend to those who use the State Department of Health laboratory service in Austin, that they **USE THE VARIOUS BUS COMPANIES.** Pack the animal head in a leakproof plastic bag. Enclose a second leak-proof plastic bag filled with ice or use water frozen in plastic bottles. An outside container of sturdy construction (styrofoam serves nicely and is inexpensive) must be used. Also, use packing material to absorb water in the event of leakage. The box should be securely taped down and marked, **KEEP UPRIGHT—PLEASE.** A note to telephone the Health Department Laboratory (454-3781 Ext. 313) on arrival, should be prominently displayed.

A golden opportunity in law enforcement awaits qualified young men. Get in touch with your Texas Department of Public Safety office or patrolman.

MUST pick up small piano and Hammond organ by October 25th. Will allow person with good credit to assume payments on either piano or organ or both. Call or write American Music Co., 207 E. 8th, Odessa, Tx. 79761, area 915-332-2711.

NEWS OF ECOLOGY

SCOUTS GIVE TRASH THE SACK

Three billion dollars! That's the estimated annual bill Americans are paying for public collection and disposal of garbage and solid waste—the third most expensive community service in the land. . . which is exceeded only by spending for highways and schools.

Concerned citizens, of course, can make significant contributions to cleaning up this national mess. As in Watertown, N. Y., where the initiative of the Environmental Systems Division of St. Regis Paper Company and a local Boy Scout Council is currently leading the way.

Recently, the more than 500 Boy Scouts of Jefferson and Lewis County launched an intensive environmental clean-up campaign to make their community a better place in which to live.

Soliciting the aid of the 30,000 homeowners in their area, the Scouts began their drive with the sale of St. Regis disposable refuse sacks. In addition to their 30-gallon capacity and convenience; these sacks were selected because—unlike plastic sacks—they will break down in sanitary land fill without adding to our ecological problems.

Watertown homeowners who purchase these sacks sep-

arate paper, cans, rags, metal, returnable bottles and miscellaneous glass. Then, free of charge, the Scouts pick up the differentiated sacks and dispose of them in ways compatible to our ecology. Glass bottles, for example, are sold for recycling; bio-degradable trash is sent to land fill sites. Provisions have even been made to tow away abandoned automobiles.

The best part about the program is that everyone profits. The community gets a cleaner environment; the Scouts get the credit for a job well done—and the modest proceeds from selling the sacks and whatever trash they can. . . for the support of other worthwhile Scouting programs.

Now—what are you doing in your community?

DUMP GROUND USERS—New regulations require burning of trash before dumping. Please dump from both sides of the pit. No car bodies or wire or old large appliances allowed.

CERTIFIED AS FREE OF BRUCELLOSIS STERLING COUNTY

Dr. H. Q. Sibley, Executive Director of the Texas Animal Health Commission, announces receipt of the certificate designating Sterling County as a Certified Bovine Brucellosis Free Area.

This recognition signifies that there is no known foci of bovine brucellosis in the county at this time, and that if the infection is re-introduced into the county immediate steps will be taken to confine and eradicate it.

In order to qualify as a Certified Bovine Brucellosis-Free Area all herds of cattle must be tested and found negative or at latest ten per cent of all breeding cattle in the county two years of age and older must be blood tested each year when shipped to market or at time of slaughter with follow-up testing of herd of origin of all reactors disclosed.

AROUND
THE
COUNTY

ARTHUR BARLEMMANN, JR. COUNTY AGENT

Things have gone to the bugs here in recent weeks with the build-up of several different species of insects. The humid weather of recent weeks has been weather in which nearly all types of insects thrive. Insects which have increased in recent weeks and which several inquiries have been received concerning controls are the walnut caterpillars on pecan foliage, grasshoppers, and crickets.

Walnut caterpillars are the caterpillars that defoliate pecan trees by gathering on an area on a branch in great numbers and completely defoliating that branch before moving on to another. The small ones are reddish brown with narrow yellow lines on the gray side of the body; when mature, they are nearly all black with grayish lines on the back and sides.

If the infestation is limited to a few branches, these branch ends can be cut off and the branch and caterpillars burned. If they have infested a large area of the tree and spraying is necessary, good control is possible with Sevin at the rate of two pounds of 80% wettable Sevin (powder) in one hundred gallons of water. A smaller amount can be made at the rate of 1 1/2 tablespoons in a gallon of water.

Crickets and grasshoppers can also be controlled with Sevin at the same rate. However, there is a problem of controlling the full grown species. The best controls are secured if spraying or dusting is done when these two insects are small.

A total of 530 million sterile screwworm flies rained down onto Texas during the month of June. An additional 200 million were dropped on Arizona, New Mexico and the Republic of Mexico during the month.

The drops were made in attempts to halt the increasing numbers of confirmed screwworm cases in the Southwest. Eradication program officials are concerned about the buildup which is occurring. From their standpoint, the past June was the worst in three years. Only twice in the past fourteen years have confirmed cases been greater.

The officials are particularly concerned about the number of cases in some counties such as Jackson, Wharton, Walker, Robertson and Bell. Unless this movement to the northeast is stopped, officials fear that a movement into the southeastern states would establish an overwintering population.

Ground releases of sterile flies were made along with the aerial releases where confirmed cases have been found. This is the policy at the present time.

Sterling County has had two confirmed cases thus far in 1975. One was in the southwest part of the county on the Collins and Wilson ranch and the other in the east part of the county on the John O'Banion Mendenhall ranch.

Eradication program officials urge that all surgery on livestock be postponed where possible. If it is necessary, treat the wounds with approved screwworm insecticides such as Corral or Korlan. Check the animals periodically. Above all, send in all samples of worms for identification. Postage-free mailing tubes and vials are available in the county extension office and the feed store.

NEED 3 or 4 boys to help do pear spraying this summer. Call Roy Bennett at 378-2771.

Social Security News

A SPECIAL NOTICE TO SUPPLEMENTAL SECURITY INCOME RECIPIENTS

Franklin Upp, District Manager of the San Angelo Social Security Office, addresses this news release to those of you who receive the Supplemental Security Income payments (SSI) through the Social Security Administration. As all of you know we at social security need to be kept informed about those items that could change the amount of your benefits, such as marital status (marriage, divorce, address, material and monetary loss or gain, as well as death of a beneficiary.

To do this, we rely upon you, the individual, to keep us informed; and at least once a year, we contact you. It is that time of year again for many of you. Please don't be alarmed should you receive a letter to contact us regarding your continuing eligibility for SSI. Be sure, however, that you do either meet with one of our representatives or call our San Angelo Office as soon as possible after receipt of one of our letters. Failure to do so could lead to a suspension of your benefits.

Just remember, it is of utmost importance that you reply to your letters from our office.

LEGAL NOTICE

ORDER FOR ABANDONMENT

It is being made known to the Court that State Highway RM 2139 has now been completed and accepted into the State Highway System, thus rendering obsolete and surplus portions of what has been known at the Sterling City-Stiles Public Road, and request having been made by the adjoining landowners, and no other persons or parties appearing to have any interest therein or productive use therefor, it is

HEREBY ORDERED that the following portion of said Sterling City-Stiles Public Road be, and it is hereby, abandoned for all public purposes:

BEGINNING at a point 200 feet South of the Northwest corner of Section No. 27, in Block No. 13, S.P.Ry. Survey, Abst. 396;

THENCE, running Southwesterly, meandering with the said road across portions of Sections Nos. 27, 28, 20, and 21, in said Block 13, to its point of intersection with the North right-of-way line of said Section No. 21, same block.

and that in accordance with Civil Statutes provided, the same shall revert to the adjoining landowners in accordance with their, of their predecessors in title, grant for public road use.

FURTHER, that notice of this Order for Abandonment be published in the Sterling City News-Record for three consecutive weeks.

Commissioners' Court of Sterling County, State of Texas
This 14th day of July A.D. 1975

Summer Mummies Open at Midland

The Summer Mummies, annual Mellerdrummer presented by Midland Community Theatre, opened its 27th season on July 4.

The extravaganza this year is titled CALAMITY ON THE COLORADO, or The Briscoe Kid Rides Again. Calamity is a new show by Mac Jones, a former Midlander who has written several other Mummer classics.

MCT's box office is now accepting reservations for all Mummies performances. The show plays for nine weekends, through August 30, with performances scheduled each Friday and Saturday night at 8:30. Over 8,000 people saw the Mummies last year, and many people had to be turned away. Early reservations are advised. All performances are scheduled at the American Legion Hall, 206 S. Colorado in downtown Midland. CALAMITY ON THE COLORADO stars a number of typically colorful characters engaged more or less in Texas politics. Several national and international figures wander through, too, and there's plenty of hissing, booing and popcorn. Local references abound, and the popular Summer Mummer movie sequences visit many scenic highlights of West Texas including the city lake in Andrews. As always the melodrama is followed by the Olivo, an old fashioned music-hall variety show.

Reservations may be made by calling or writing the Midland Community Theatre Box Office, P.O. Box 4847, Midland 79701, or telephone 915-682-2544.

WANTED in this area 3 people who can sell. Earn up to \$200 to \$300 a week to start. Experience preferred but will train people with sales potential. Leads furnished. Send resume to P.O. Box 2456, Midland, Tex. 79701

NEWS OF ECOLOGY

ALUMINUM STRETCHES ENERGY RESOURCES

Now that pollution clean-up is underway, environmental concern seems to be shifting to energy supply. Some ecologists worry about America's accelerating use of fuels — coal, oil, gas and uranium.

These basic sources of energy, burned directly or transformed into electricity, propel all vehicles, heat and cool our homes, run appliances, cook and refrigerate foods and power our industries.

The use of aluminum, an environmentally thrifty metal, stretches fuels and energy, the people at Reynolds Aluminum point out.

"Aluminum does not deteriorate and is easily recycled with little expenditure of energy," said Dr. Robert F. Testin, director of environmental planning for Reynolds. "That makes it an energy bank that can be drawn upon again and again. When long-lasting aluminum products are finally discarded, melting them down for refashioning into new products takes less than 5 per cent of the energy used to make the aluminum originally."

Because it is so light — only one-third the weight of steel, copper or brass — aluminum provides a greater quantity of material per ton. "This phenomenon stretches the energy used in making aluminum products, as a ton of aluminum yields two to three times more items than are obtained from a ton of other materials," according to Dr. Earl E. Patterson, who heads up Reynolds metallurgical research.

An example of Dr. Patterson's point is beer and soft drink containers. A ton of steel produces 15,400 steel cans, and a ton of glass makes 5,000 bottles, but a ton of aluminum results in 32,680 all-aluminum cans.

An article in the Reynolds magazine reveals many other

ways aluminum conserves energy.

Transportation of all kinds consumes 30 per cent of America's energy supply. The light metal cuts fuel consumption in all kinds of vehicles — aluminum highway trucks, automobiles with their aluminum parts, aluminum railroad cars, aluminum boats and ships with aluminum superstructures. The 1973 autos average about 78 pounds of aluminum per car.

In heating and air conditioning, which take 27 per cent of the energy supply, aluminum insulation and ducts, because of their high heat reflectivity, cut fuel consumption.

Durable aluminum siding, windows and other construction items greatly reduce use of resources and energy in maintenance, repair and replacement. The article points out that aluminum will not rot or warp, and is immune to red rust, mildew and termites.

In cooking, the rapid heat conductivity of aluminum pots and pans — six times faster than steel, for example — conserves electricity and gas. In the refrigerator, foods in aluminum foil chill or freeze quicker than when wrapped in paper or plastic film, saving electricity.

The public depends on aluminum electrical cable for low-cost delivery of electricity to the home. Replacing expensive copper, aluminum cable has lowered everybody's electrical bills.

Thanks for you past patronage.
