AROUND
THE
COUNTY

ARTHUR BARLEMANN, JR. COUNTY AGENT

Sterling County remains one of the few counties in this area that has not been hit with an increasing number of confirmed screwworm cases. The county's confirmed count has been hung on three since mid-June. Since that time there have been several reports of non-screwworm samples sent in to the laboratory.

The first planeload of sterilized flies from the recently completed rearing facility in Mexico was due to be released over the Baja California peninsula last Friday. This area was selected because of its unique geographical characteristics. Surrounded on three sides by water, it resembles the state of Florida where the initial work was done in the U.S. years ago. It can be protected from invasion from other parts of Mexico since most of the Gulf of California is too wide for the flies to cross. In addition, all livestock entering the peninsula will be inspected.

Production of the Mexico plant and the Mission plant will be used to drive the screwworm south to the narrow Isthmus of Tehuantepec where a barrier will be formed by continually releasing sterile flies. This is expected to require five years.

Meanwhile on the home front keep checking your stock and sending in samples of suspected cases.

The pecan weevil—commonly known to many as the redhead—continues to keep up its residence here, due mainly to the continuing shower activity. But this is one redhead that is not very exciting because it is a distinct disappointment to cut into a pecan and find the redhead staring at you when you were looking forward to eating one of the nuts off your own tree.

The numbers have not been high but they have been consistently found at several locations around town, both a sprayed and untreated areas. The only difference is that those where spray has been applied are very, very sick and at the point of dying. This condition very likely will continue for another ten days or two weeks after which time the shells should have hardened and the weevil can no longer puncture them. Until that time, the weevil will continue to do some damage.

Four Sterling County 4-H Club members will be participating in the West Texas Fair at Abilene this weekend. The Fair opens for its annual week run Saturday, September 11 and closes on the 18th.

Club members who will be taking part are Becky Hodges, Wesley Hodges, Delmar Radde Jr. and Paula Radde. All four will be showing their breeding sheep in both Junior and Adult Shows. Becky and Wesley, of course, are entered in the Rambouillet Divisions while Delmar and Paula are entering their sheep in the Delaine shows. Judging of the finewool breeds will start at 1:00 P.M. Saturday afternoon with the Rambouillets being listed first in the catalog. The sheep are due in the grounds Friday afternoon and will be released on Tuesday afternoon.

For those who may be interested, judging of the Hereford cattle will take place Tuesday,

LIONS CLUB

The Sterling City Lions Club met at noon Wednesday for the regular weekly luncheon. Herman Beauchamp, minister of the Church of Christ, was a guest.

President Howard Cudd read a letter of appreciation from the West Texas Blood Services. The letter thanked the club for sponsoring the bloodmobile and thanked all the individual donors for contributing blood.

School superintendent James Thompson asked club members to fill out forms helping evaluate the local school system. The members checked their opinions on goals and rankings of the school system.

Wimodausis Club

The Wimodausis Club will meet Wednesday, September 15, in the community center at 3:30 P.M.

Mrs. John P. Ward (Marie), Heart of Texas District President of Federated Women's Clubs, will bring thoughts on federation.

A cordial invitation is extended to all members of Epsilon Zeta and Noratadata to be guests of Wimodausis.

Rains Hit Here

A rain shower hit Sterling City about 5:30 Monday afternoon, dumping .70 of an inch in town and varying amounts over the county. The rain blew in with a dust wind at first. At least some dust accompanied the rain.

Late Wednesday afternoon another shower dropped .70 inch here in town. Heavier rains were reported northwest and north.

MAC BERGE BUYS FINA TRUCK STOP HERE

W. Y. (Mac) Berge, of Sterling City, has bought the Fina Truck Stop here from Tommy Gage of Big Spring. He took over on the 30th.

Mac said there would be no change in the management of the business—the Joe Blanks would continue to manage the entire business as they have been.

QUARTERBACK CLUB TO MEET TUESDAY NIGHT

Each Tuesday at 8 p.m. Sterling City Quarterback Club will meet in the school auditorium to review the past week's football game film. Everyone in town is welcome to come out. New members are wanted. Dues are \$5 a year.

Bill Davis is president of the club, Lynn Rich is vice-president and Bill Jones is secretary.

Social Security

Social Security benefits were being paid to residents of Sterling County at a rate of \$30,913 a month at the start of 1976, Frank Upp, social security manager in San Angelo, said.

Of the 194 social security beneficiaries living in Sterling County, 104 are retired workers and 7 are disabled workers. Another 83 are receiving benefits as the dependents of workers who are retired, disabled, or deceased.

In Sterling County, 47 people under age 65 and 147 people age 65 and over are receiving monthly social security benefits. Of total beneficiaries 74 are men, 93 are women, and 27 are children. The children receive payments because a working father or mother has died or is getting social security disability or retirement benefits.

Eagles to Play Irion County Tonight

PLAY MERTZON HERE AT 8:00 P. M.

The Sterling City Eagles have their second non-conference game of this season here tonight at 8 with the Irion County Hornets (Mertzon).

DROP OPENER TO ROBERT LEE LAST FRIDAY

The Robert Lee Steers held the Sterling Eagles to a scoreless 14-0 non-conference game here last Friday night. It was the first game for both teams.

The visiting Steers got started in a big way when Shell Williams broke loose for an 80-yard touchdown run in the first quarter of play and tacked on the extra point himself to make it 7-0.

That was all the action on the scoreboard until the final period of the game when Robert Lee iced the cake with a one-yard quarterback sneak by Mickey Baker that was followed by Williams accurate point after kick and the 14-0 win.

Junior High Football

EAGLETS WIN OVER GARDEN CITY

The Sterling City Eaglets won their opening game against Garden City by a score of 20 to 0.

The Eaglets scored in the first quarter on a dive play by Thomas Fuentes behind fine blocking by Lonnie Horwood and Delmer Radde Jr.

The Eaglets scored again in the 3rd quarter on another dive play by Fuentes.

The last score for the Sterling team came on a quarterback sneak by Ray Rodriguez and the point after was good on a pass play from Rodriguez to Wesley Hodges. This was the final score as the game ended 20-0 for Sterling.

The Sterling team had a bunch of standouts on defense led by Thomas Fuentes and Lonny Grenfield, who were Gabriel Fuentes, Steve Griffin, Michael Henklin, Delmar Radde, Lonnie Horwood, Shawn Colvert, Ray Rodriguez, Craig Foster and Wesley Hodges.

S.A. McGinnes Rites in Eldorado Tuesday

Samuel A. McGinnes, 86, died Sunday in Schleicher County Medical Center.

Funeral services were held on Tuesday at 2 p.m. in the First United Methodist Church and burial followed in the Eldorado Cemetery.

Mr. McGinnes was born October 18, 1889 in Mason County. He moved to Schleicher County in 1914 and has been engaged in ranching since that time. He was married to Inis Low in Menard on June 15, 1919. She died in January, 1968, and on Jan. 11, 1969 he was married to Ruth Williams in Eldorado. He was a member of First United Methodist Church and a veteran of World War I.

Survivors include his wife; three sons, Albert McGinnes of Sterling City, Elton McGinnes of Eldorado, and Floyd McGinnes of Crosbyton; one daughter, Mrs. Walter Low of Lamesa; three sisters, Mrs. Eunice Doyal and Mrs. Agnes Conner, both of San Angelo and Mrs. Lola Doyal of Roswell, N.M.; nine grandchildren and two great-grandchildren.

New Church of Christ Minister Here

R. Herman Beauchamp is the new Church of Christ minister here, replacing Robert Hamilton. Beauchamp is from the Boyd Church of Christ, having served there the past two years.

He and his wife moved here the latter part of August. They have three married daughters, two who live in San Angelo and one in Colorado Springs, Col.

Engagement Is Announced

Mr. and Mrs. E. E. Eldred of Robert Lee announce the engagement and approaching marriage of their daughter, Sandra Diane, to Jim Jeffrey Cantrell. He is a son of Mr. and Mrs. Jim Cantrell of Sterling City.

A November 13 wedding is planned. It is to be held in the First Baptist Church of Robert Lee.

The bride elect is a 1975 graduate of Robert Lee High School. The prospective bridegroom is a 1975 graduate of Sterling City High School and has attended Angelo State University.

PUBLIC NOTICE
SUMMARY OF PROPOSED
CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION NOV. 2, 1976

**NUMBER ONE
ON THE BALLOT
(S.J.R. 49)**

Repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution, S.J.R. 49 amends Section 49-c of Article III of the Texas Constitution to provide for and authorize an additional \$400 million in Texas water development bonds that may be issued on approval of two-thirds of the members of each house of the Legislature for such water development purposes as the Legislature may prescribe.

The amendment contains a specific prohibition against the use of state funds for the development of water resources from the Mississippi River and also requires that before any single water development project may be undertaken requiring the expenditure of more than \$35 million in bond proceeds, it must be approved by resolution of the Legislature.

The amendment removes the constitutional requirement that certain revenues must be used to retire water development and water quality enhancement bonds and removes the constitutional interest rate limit on such bonds.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing an increase of \$400 million in the amount of Texas Water Development Bonds that may be issued on approval of two-thirds of the legislature; amending and consolidating provisions of Sections 49-c, 49-d and 49-d-1 of Article III of the Texas Constitution; and repealing Sections 49-d and 49-d-1 of Article III of the Texas Constitution."

**NUMBER TWO
ON THE BALLOT
(H.J.R. 99)**

H.J.R. 99 proposes an amendment to the Texas Constitution to increase from \$100 million to \$200 million the aggregate principle amount of Texas water development bonds which may be issued and outstanding by the Texas Water Development Board to provide grants and loans for water quality enhancement purposes as established by the Legislature.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"A constitutional amendment to increase from \$100 million to \$200 million the amount of Texas Water Development Bonds that may be issued for water quality enhancement purposes."

**4-H Foods-Nutrition
Projects**

Enrollment for 4-H Foods and Nutrition Projects is now underway in Sterling County. Any boy or girl from age 9 to 19 is eligible to participate in 4-H Club work. The Foods and Nutrition Projects focus on teaching the youngsters how to cook, the importance of right eating, and a little about food buying, food storage, and table setting.

To enroll in this 4-H project, any youth may contact Becky Hodges, or Mrs. Jean Holland, CEA-at-large, 8-3181. The projects are scheduled to begin in mid-September and include six lessons. Adult helpers are needed to work with these boys and girls, so call today and volunteer.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion or national origin.

**RODENT CONTROL
SPECIALIST AVAILABLE**

Sterling County is one of 19 area counties selected to be serviced by an urban Rodent Control Specialist, U.S. Fish and Wildlife Service and Texas A&M University cooperating.

Larry J. Killgo, a native of Snyder, will be stationed in the County Extension Office in Abilene. He is the son of C. J. Killgo of Snyder and has a B. S. degree in Wildlife Management from Texas Tech University.

He will give talks, demonstrations and help where needed on rodent control—like mice, rats, and even sparrows, starlings, skunks, armadillos and racoons.

He can be contacted through the local County Extension Office or by writing him Care of County Extension Office, County Courthouse, Abilene, Tex., 79602 or phone 673-0331.

Social Security News

Social security checks should be cashed within a reasonable time to prevent loss or theft, even though there's no time limit on cashing them, according to social security officials here.

"If your check is lost or stolen, get in touch with your nearest social security office at once," a spokesman said. "The check can be replaced, but it takes time. Handle your check carefully when you get it and you won't have to wait while it's being replaced."

Social security pays over \$4 billion a month in benefit checks to almost 29 million people—eligible retired and disabled workers and their families and families of deceased workers who worked long enough under social security.

The Texas Department of Public Safety is offering immediate career employment to qualified young men. Contact your nearest DPS office or patrolmen for more information.

**LEGAL NOTICE
NOTICE**

The Texas Department of Health Resources has established, in accordance with the Federal Public Health Act, the current annual level of uncompensated services for Sterling County Hospital and Nursing Home, Sterling City, Texas to be that the facility does not intend to deny anyone admission to the facility or any of its services because of an inability to pay. The documents upon which the determination was based are available for public inspection at the Texas State Department of Health, 1100 West 49th St., Austin, Texas from 9:00 A. M. to 4:30 P. M. on regular business days. The level of services set out meets the presumptive compliance guidelines of the Federal regulation.

In case of fire, phone 8-4771.

**Proper Energy
Management
Can Save You Money!**

**Reddy's Helpful Tips
For your Home Laundry**

- ☆ Utilize the washer's full capacity. Wash larger loads — wash less often.
- ☆ Same goes for dryers: dry more than just a few items at a time.
- ☆ Use the washer's load selector to save on hot water when you must wash small loads.
- ☆ Use a cold rinse whenever possible to conserve hot water.
- ☆ For more efficient drying, clean the dryer lint screen after each load.
- ☆ If your dryer has an automatic cycle, use it to prevent unnecessary overdrying. Also, when allowed to overdry, clothes tend to wrinkle, thus require more ironing.

Insur-Mation

By Thurston McCutchen

COKE-STERLING FARM BUREAU
Box 11 Robert Lee Ph. (915) 453-2812

How has inflation affected life insurance?

Life insurance is probably the only service-oriented product which serves a long-established need and continues to go down in price per thousand at any given age. There are many good reasons...competition being one of the biggest. Contrary to popular belief, life insurance rates are not set by any government regulatory body. As the insurance industry has become more sophisticated with the use of automation and modern business methods, so have the field representatives...a smaller, more professional sales force...helping people simplify their problems. People live longer and insurance companies invest their money more wisely. The end result is a better product...at a lower price, with reduced administration costs.
