General Election Is Next Tuesday

Presidential Race Hottest

The General Election over the nation next Tuesday selects the president and vice-president and other state and local officials.

There are two amendments to the Texas State Constitution that deal with water bonds. They would allow the state to issue bonds for loans to cities and authorities to fund water development and such. Both are recommended by Governor Briscoe and other high state officials.

With the two top ranking parties (Democratic and Republican) in the limelight, President Gerald Ford and contender Jimmy Carter, have the main interest of voters. But there are 4 other candidates for president on the Texas ballot. They include Eugene McCarthy as an Independent, Thomas Anderson on the American Party and Peter Camejo on the Socialist Workers Party. If none of them please a voter, they can write in their choice in the write-in column.

It is said that there are 172 candidates for president on ballots over the nation. A lot of them qualified for places on the ballot in only one state. So Texas voters will not see most of them.

For Supreme Court, place 2, a write-in campaign is being waged by Judge Sam Houston, and one other candidate. Over the state that will be a hard win—that of a write-in.

The Republicans have candidates only down through that of Railroad Commissioner. The Raza Unida Party has candidates only for Congress and Railroad Commissioner. Eugene McCarthy is the only candidate listed on the Independent Party column.

A voter can vote a straight ticket by marking an X in the top column of a party or they can go down the line and mark each one or scratch some and vote a split ticket or for a write in candidate.

Voting will take place at the regular polling places in Sterling County. They will be in the courthouse, at Wayland Foster ranch house, at Bill Blair ranch house and at Cotton Frizzell ranch house.

It is expected that a moderate turnout of voters will be seen here. There are no local contested races and the race of general interest is that of the president.

GET FLU SHOTS

Over 280 persons got the flu (swine and Victoria) here Tuesday and Wednesday at the local hospital. This was considered a good turnout by the hospital personnel.

The shots were given Tuesday and Wednesday between the hours of 4 and 7 p.m.

SON TO THE JACK CLARKS

A son, named Justin Lee, was born to Mr. and Mrs. Jack Clark Wednesday, November 27 in Lubbock. The baby weighed eight pounds and ten ounces.

The Clarks have another son, Scott, age 3.

Papa Jack works for a distributing company in Lubbock. Grandparents are Mr. and Mrs. Jim Bob Clark of Sterling City and Mr. and Mrs. Robert Coffman of Lubbock. Mr. and Mrs. Aaron Clark of Sterling City are great grandparents.

P.T.A. Halloween Carnival Saturday

The annual Sterling City PTA Halloween Carnival will be at the school here Saturday night.

Beginning at 6 p.m. the carnival will have a spook parade, a fish pond, a tricycle room, the white elephant sale, a sweet shop, a game room, pong, cake walk, a haunted house, bingo, a haunted house, PTA concession for hamburgers, etc. in the lunchroom, a movie in the auditorium at 8 and door prizes.

So, for a good Halloween night time, attend the PTA Halloween Carnival Saturday night. Money raised will go for the projects of the PTA.

Mrs. Clinton Hodges' Father Dead

Arlington—D. Gartman, 68, died Monday in a local hospital. Services were held Wednesday afternoon in Moore Funeral Chapel with burial in Moore Memorial Gardens.

Mr. Gartman was born Aug. 11, 1908 in Robert Lee. He was a descendant of Capt. Bartholomew Gartman, a Revolutionary War soldier. Mr. Gartman was a resident of Arlington for 34 years. He was an engineer with LTV.

Survivors include his wife, Edith Gartman five daughters, Mrs. Doris Shoup of California, Mrs. Nell Watts of Grand Prairie, Mrs. Joyce Hodges of Sterling City, Mrs. Grace Harrington of Mansfield and Mrs. Ann Walker of Big Spring; two sons, H.J. Gartman and Eddie Gartman, both of Alvarado; one brother, C.G. Gartman of Grand Prairie, 16 grandchildren and 6 great-grandchildren.

Wimodausis Club Guest Day

OCTOBER 20

Mrs. Vera L. Eckert and Ms. Jane Reader of San Angelo, presented a program on Americanism to 18 club members and 16 guests Wednesday, October 20, in the community center. Program director was Mrs. Harvey Glass.

Ms. Reader, a professional photographer, gave a panoramic view of America, its beauty and its culture, using slide pictures she had taken, and she explained them. Mrs. Eckert, Texas Federation of Womens Clubs Poet Laureate, climaxed the evening by reading some of her original poems which developed the topic FAR AND NEAR.

The hostesses, Mrs. Rufus Foster, Mrs. John Brock, Mrs. E.F. McEntire and Mrs. Lynn Rich, served refreshments of punch and cookies from a tea table decorated with an arrangement of mixed flowers presented by Mr. Skipper Lively.

Those attending were Mmes. C. E. Davis of Lubbock, Oliver Van Tassell, Eula Mitchell, Horace Bates, J.E. Wyckoff, H. M. Knight, Fred Phillips of Water Valley, J.A. Behind the 8-Ball

By the editor.

I am going to make a prediction. Jimmy Carter will carry Sterling County by a little bit. He will carry the state quite handily. He will carry the nation by a pretty good vote.

Of course since I am a Democrat may color my thinking along that line, but that is the way it seems to me.

I think Carater will run strong in the industrial areas of the nation.

8-BALL

I predict that Bob Krueger will win in a walk over Bobby Locke, Ramon Carrillo, and Ed Gallion.

8-BALL

I think that Eugene McCarthy will be lucky if he carries one state. And I can not even guess what state.

8-BALL

We will try to have the election results as soon as possible (for the county and put them up on a poster in front of the News-Record building. We would like to get the results of each box as soon as possible from the election judges. We are the reporter for the Texas Election Bureau. They canvas the state by reporters and then report it nationally. So then he listening public knows how the election are going.

It was announced that there would be a golf tournament here Saturday at 12:30 on local golf course. Everyone is invited to enter the tournament.

TURKEY SHOOT SUNDAY

The club is planning a turkey shoot Sunday at the shooting range west of town Sunday at 1 p.m. Turkeys will be given as prizes and there will be all kinds of shooting for the contestants.

Good Rains Fall

Good general rains fell all over this area Wednesday and Thursday, leaving over 2 inches here in town. The rains came in with a cold front that brought rains and snow to Western Texas and Eastern New Mexico.

Snow fell in Lubbock and El Paso Thursday morning and the rains went as a blanket covering Texas.

SHS Homecoming

The Sterling City Eagles play the Forsan Buffaloes here tonight in the homecoming game. The time is 7:30.

A parade (homecoming) has been set for 2:00 this afternoon. The grades will have places in the parade and some floats have been prepared for the parade.

The homecoming parade will start at 2 p.m. at the Methodist Church and wind up at the gym for a pep rally at 2:30.

The Eagles lost the game to Roby there last Friday night.

The Roby team won by a score of 32 to 7.

Next Friday will see the last scheduled game of the season for the zone. The game is with the Jayton Jaybirds at 7:30.

The week following will be the zone playoffs.

Winners of the two zones will meet for the district title.

Eaglets Win Over Garden City

The Sterling City Junior High scored 22 points in the 1st quarter on their way to a 30 to 0 win over the Barkittens last week.

Arnulfo Trevino led the Eaglets with two touchdowns runs one of 22 yards and one of 54 yards. Thomas Fuentes added the first extra point and the second attempt failed.

Then Lonnie Greenfield ran 31 yards after a fine block by Thomas Fuentes for Sterling's third touchdown and Ray Rodriguez scored the extra point.

Then in the third quarter, Wesley Hodges took a punt on his own 3 yard line and went 97 yards for a touchdown. Gabriel Fuentes and Thomas Fuentes threw blocks that sprung Hodges free at the 30 yard line and then Lonnie Greenfield cut the last man down on Garden City's 28 yard line and Hodges ran into the end zone for a touchdown.

A fine defensive and offensive game was turned in by Roy Rodriguez, Wesley Hodges, Thomas Fuentes, Craig Foster and Gabriel Fuentes, Arnulfo Trevino, Lonnie Greenfield, Seve Griffin, Danny Rodriguez (who led in defensive tackles along with Ray and Thomas) and Shorty Radde and Michael Hinklin.

One Killed in Car Crash

One man was killed and one injured in a two car crash on Highway 158 Saturday afternoon west of here.

Ronald R. Roberts, 23, of Midland was killed when his small foreign car and a pickup driven by Fred Clayton Martin, 62, of Odessa collided.

Martin was taken to an Odessa hospital where he was listed in a satisfactory condition.

The school students got a holiday Monday when the TSTA (teachers organization) met in San Angelo for their annual meeting.

BROWNIES SCOUTS

Joyce Salvato and Giner Collins, Brownie Scout adult leaders announce that the Brownie Scouts will meet in the Girl Scout House Wednesdays from 3:30 to 4:30 p.m.

Social Security

Social Security benefits were being paid to residents of Sterling County at a rate of \$30,913 a month at the start of 1976, Frank Upp, social security manager in San Angelo, said.

Of the 194 social security beneficiaries living in Sterling County, 104 are retired workers and 7 are disabled workers. Another 83 are receiving benefits as the dependents of workers who are retired, disabled, or deceased.

In Sterling County, 47 people under age 65 and 147 people age 65 and over are receiving monthly social security benefits. Of total beneficiaries 74 are men, 93 are women, and 27 are children. The children receive payments because a working father or mother has died or is getting social security disability or retirement benefits.

Can we afford four more years without effective leadership?

There is a critical decision to be made on November 2nd. It goes far beyond the question of which Presidential candidate can govern with integrity and honesty. We must determine which candidate has the ability and strength to lead our country out of economic chaos, and the vision to see that all Americans—not just the powerful and influential—have a better future.
During the past two years, the middle class has paid far too dear a price for a President lacking that ability. Since Gerald Ford took office, the unemployment rate has risen 50%, from 5.5% or 5 million people, to 7.9% or 7-1/2 million jobless Americans. Today's inflation rate of 6% is higher than it was at any time between the

Korean War and the inauguration of Richard Nixon.
The 1968 food dollar is now worth 57¢.
Mr. Ford's budget will account for the largest single deficit and more than 1/3 of the public debt incurred during our entire 200-year history.
Real GNP has actually declined during each of Gerald Ford's two years in office.
And who is most affected by these distressing statistics? Not the Washington establishment, or the economic elite courted by the Republicans. The burden falls on the person who can least afford it: the average American.
Jimmy Carter means to change all that. As President, he will make government responsive to your needs.

Tax Reform: "The average family in this country actually pays a higher proportion of their income in taxes than the average family that makes more than a million dollars a year. That's disgraceful. We need to move toward a truly progressive and simplified tax system, with reduced tax rates for the average American."
Economy: "We'll never have a balanced budget nor an end to the inflationary problems as long as we have 7-1/2 million people out of work. Employment needs to be the major thrust of the whole domestic policy of our government."
Efficiency in Government: "We now have in the

federal government the most bloated, confused, wasteful bureaucracy ever created. There's no way to get an answer out of Washington and no way to understand what's going on there. We need to reorganize completely the executive branch of government, making it fair, efficient, effective, and responsive to our people's needs."
Housing: "No government that cared about our neighborhoods would stack the tax deck against them. A landlord can let a building run down and make a good living on tax breaks. But when a home owner spends a little hard-earned money fixing up his home, the assessor raises his taxes. And the FHA no longer

cares about families getting started in their own homes. I intend to restore the FHA to the time when, for a down payment, a family could get a mortgage which the government would insure."
Health Care: "We need a nationwide health care delivery system which will make adequate health care a right for all people."
Jimmy Carter has the strength to take charge of our government. If you are tired of paying the high price of Republican ineffectiveness, you have only one choice on November 2nd, and that choice is for change.

HOW WILL THE RISING COST OF AUTO REPAIRS AFFECT THE COST OF COLLISION INSURANCE?

Rising auto repair costs have a definite correlation to future rates for collision insurance. Throughout the year, state Automobile Insurance Boards, all over the country, are meeting to examine and most probably re-set collision rates. Rates are determined statistically on a pro rata basis according to surveys taken in the applicable geographic areas to ascertain what it will cost to repair automobiles in the present and near future. This cost will mark the course collision insurance rates must take in order to be feasible both to the public and to the companies.

Directions for Packing and Shipping Heads from Suspected Rabid Animals to the Laboratory

Increasing difficulty to confirm a diagnosis of rabies is being experienced with the submission of animal heads for rabies examination when shipment by air takes as long as four days between shipping date and receipt. If at all possible, we recommend to those who use the State Department of Health laboratory service in Austin, that they USE THE VARIOUS BUS COMPANIES. Pack the animal head in a leakproof plastic bag. Enclose a second leak-proof plastic bag filled with ice or use water frozen in plastic bottles. An outside container of sturdy construction (styrofoam serves nicely and is inexpensive) must be used. Also, use packing material to absorb water in the event of leakage. The box should be securely taped down and marked, KEEP UPRIGHT—PLEASE. A note to telephone the Health Department Laboratory (454-3781 Ext. 313) on arrival, should be prominently displayed.

Home Laundry

- ☆ Avoid wasting hot water while laundering. Use the cold and warm water settings as much as possible to cut down on the energy needed to heat water.
- ☆ Use the water level control on your washer. You should use less hot water for small loads.
- ☆ Follow detergent instructions carefully. Oversudsing makes your washing machine motor work harder than it needs to.
- ☆ Clean the lint filter on your washer and dryer after each load to keep your machine running efficiently.

NEWS of Travel

LET YOUR CHILD TAKE YOU THROUGH DENMARK

One of the questions you hear over and over again when tourists plan their vacation is: "Where do we find a place where all members of the family can have fun and where prices fit our family budgets?"

The answer is easy. For tots and teenagers, for 20-year-olds to senior citizens, Denmark offers a variety of fun that can't be found anywhere else.

Your children will be completely captivated by a visit to a real fairy-tale park with its Renaissance castle Egeskov, erected in a lake, on the island of Funen. In the barn there is a museum filled with vintage aeroplanes, cars and motorcycles.

Denmark is truly a children's wonderland. Of course there are summer camps, riding schools and sailing schools. But what about the real children's traffic school at Legoland? The miniature village in Jutland is virtually a children's paradise.

From June through September, you can ride the Veteran Railway every Sunday from legendary Elsinore (site of Hamlet's castle) to the resort of Gilleleje, and there's a parade every Friday by the Elsinore Girl Guards.

For the adventurous, there is Givskud Lions Park, where you'll see African Lions, enor-

mous elephants and gentle giraffes in natural surroundings. Driving your car among these exotic animals is comparable to enjoying a mini-safari.

At the Circus Building, Benneveis, Scandinavia's biggest circus, presents world artists in the ring every night, from mid-April to September 30. Tivoli, Denmark's world-famous fairy-tale garden in the heart of the city, is filled with amusements for children and adults, restaurants and dancing from May 1 to September 16. It features a fascinating playground, Children's Holiday Shows, the Pantomime Theater, The Open-Air Stage, the Tivoli Boy Guards, parades and fireworks. And every Tuesday throughout the summer, there is a very lively children's circus in the Odense Zoo.

Denmark even has its very special Hans Christian Andersen Festival held in the Funen Village, in his native town Odense, from July 6 to August 5, where children enact Andersen fairytales on an open-air stage, that will delight the whole family.

For more information on events for children in Denmark this year, write to: Danish National Tourist Office, Scandinavia House, 505 Fifth Ave., New York, N.Y. 10017.

Ingenious Triumphs Of Chemistry

GOOD NEWS ABOUT SCIENTIFIC ADVANCES

CRACKING GETS THE RUBBING ALCOHOL OUT OF YOUR GAS TANK

What do a washing machine agitator, dog food, aspirin and perfume have in common?

Without propylene, one of the basic chemicals made from oil and natural gas, these and countless other everyday products could not be made.

Propylene holds a unique position as a chemical raw material. It is one of the most important petrochemical building blocks and is also a significant component of gasoline. Catalytic cracking of petroleum to make high octane gasoline produces large amounts of propylene. Last year, only one quarter of this or about 11.5 billion pounds of propylene was separated from the gasoline for chemical use.

Although this is a relatively small volume when compared to other petrochemical building blocks, propylene, an odorless, colorless gas, winds up in countless products vital to the comfort and well being of Americans and to the strength of their economy.

A very significant end-use application of propylene is isopropyl alcohol. Whether it's called 2-propanol, dimethyl carbinol, isopropanol or just plain IPA, this propylene-derived product is, in fact, the rubbing alcohol in your medicine chest.

The Many Uses of IPA

IPA, in addition to its use as a household antiseptic, is also an important ingredient in the manufacture of hydrogen peroxide, solvents, anti-

stalling agents, dyes, aspirin, de-icing agents, surface coatings, insect repellent, printing ink, paint and varnish removers, latex paints and fuel additives.

Another major use of propylene is to make polypropylene, one of the most versatile plastic resins. Because of its superior physical properties—

strength, resistance to work fatigue, chemical and heat resistance, colorability and flex strength—polypropylene is finding its way into applications that dispell the myth that plastics are only good for cheap toys and olive stabbers.

The medical field recently has discovered the many assets of polypropylene. Pacemakers and artificial hearts now have parts made of polypropylene. It is also used as through-the-bone marrow pins, screws, staples, and as sutures to close contaminated wounds. Polypropylene has other medical uses such as dentures, disposable hypodermic needles and syringes, test tubes, soap dishes, graduated basins and thermometer holders.

The appliance and automotive industries are using a great deal of polypropylene these days. For example,

washing machine agitators, dishwasher innerliners and many other parts for major and small appliances are made of it.

When the Going is Tough
One of the most revolutionary uses is in car batteries. Most of the 1974-model U.S. cars now have batteries — and numerous other parts such as steering wheels, bucket seat backs and accelerator pedals — made of tough polypropylene.

Polypropylene fibers are being also used by the furniture and carpet industries because of their resistance to stains. And its toughness is causing polypropylene to become widely used in making cordage. These are just some of the many ways polypropylene is being used to provide better quality products for American consumers.

In addition to IPA and polypropylene and their many end-uses, propylene finds its way into synthetic rubbers, medicines, cosmetics, safety glass, food flavoring agents, adhesives, photographic chemicals, epoxy resins, leather tanning products, perfume, antifreeze, brake fluids, herbicides, dog food and poultry feed additives, nylon, wood preservatives, polishes, explosives and paper coatings.

When the many vital chemical applications of propylene are coupled with the fact that it is one of the components of gasoline that keeps the car engine running efficiently, it's easy to understand why propylene often is termed "lifeblood" for American industry.
