Around Muleshoe

The Jennyslippers will sponsor skating Friday, February 24 at 7 p.m. at the Civic Center.

Muleshoe will host a CINDERELLA GIRL PAGEANT (ages 3-17) to be held on April 7th at the Muleshoe High School Auditorium. No talent required. For more information call Sue Bessire after 6:00 p.m. 806 965-2757.

The Emergency Medical Technician Association of Muleshoe is sponsoring a Disaster Program on March 1 at 7 p.m. in the Five Area Telephone Cooperative Warehouse building. There is no charge for the course and all area residents are encouraged to attend. The course will be presented by the American Red Cross.

Muleshoe Youth Baseball will have its annual reorganization meeting at 7:30, March 1 in the Community Room of Summit Savings and Loan. An election of officers will be held. All coaches, managers, parents and other interested persons are urged to attend. Anyone desiring to help in any capacity is urged to attend.

Airman Bret A. Alexander, son of Nora D. Alexander of 923 W. Ninth, Littlefield, Texas, has been assigned to Sheppard Air Force Base, Texas, after completing Air Force basic training.

Bad Checks, Speeding Top Court Violations

Activities picked up considerably in both Municipal and Justice Courts over the past week's time. In Municipal Court, a total of 54 cases were filed during the week, and disposals totaled 23. In Justice Court, 31 cases were filed for the period from February 14-20, with a total of seven dispositions during that period.

Judge Linda Huckaby said that in Municipal Court a total of 15 cases on bad checks were filed. Ten cases were filed on speeding violations, eight on running stop signs and five for violation of city ordinances. Three cases each were filed for expired license plates and no drivers license. Two cases each were filed on invalid MVI, disorderly conduct, and minor in possession of alcoholic beverages. One case each was filed for

SARPAULIS SPEAKS AT PATRIOTIC OBSERVANCE...Senator Bill Sarpaulis (center) spoke to a number of citizens who assembled in the Muleshoe High School Auditorium on Monday night in a community-wide Patriotic tribute. He was introduced by District Judge Jack D. Young (left) and School Superintendent H. John Fuller (right) served as Master of Ceremonies. Sarpaulis is currently engaged in trying to prevent longer school days and hours for Texas public schools, and asked for support from the local citizens, praising them at the same time for the support already provided.

General Telephone Files For Additional Rate Hike

The new rate request filed by GTE on February 17 for Muleshoe would increase present Muleshoe one-party system costs from \$22.15 to \$36.55 per month on business phones. For residences, the present one party system is \$8.55 per month that would increase to \$14.10 per month.

Extended Area Service charges (EAS) for this area would be \$1.95 for businesses instead of the present \$3.55 now charged for one-party business customers. For EAS for residences, the present one party charge is \$1.35, this would change to

\$1.75 for one party residences. These EAS rates are applicable only to those exchanges with EAS, and apply in addition to local exchange access rates.

This is the second rate increase request filed by GTE in the past year.

General Telephone Company of the Southwest Friday (Feb. 17, 1984) filed an \$84.8 million request for new revenues with the Public Utility Commission of Texas.

E.L. "Buddy" Langley, president of the company, said \$62.7 million of the filing is to allow the company to begin earning on the new investments made since the last filing, and to produce a fair return on the company's investment in Texas. The additional \$22.1 million is for revised depreciation rates that are more consistent with today's rapid technological changes and customer demands for accelerated change to more modern service, and to comply with recent Federal Communications Commission proposed accounting changes in regard to company-owned telephone in-

Arrest Clears Local Burglaries, Vandalism

A two year rash of local burglaries, robberies, and vandalism cases were cleared up this week with the arrest of a 16 year old juvenile by the Muleshoe Police Detective Julian Dominguez and Patrolman Tom Watson. The officers made the arrest of the juvenile in connection

WIFE To Work On Production Cost Project

The area WIFE (Women Involved In Farm Economics) chapter met Tuesday, February 14 in the offices of the High Plains Grain Producer's Incorporated at 4:30 p.m.

Election of officers for the coming year were held. The new slate of officers are: President Shug Killough, Vice President June Saylor, Secretary-Treasurer Janette Thorn, Historian-Reporter Tona Smnacher, and steering committee delegates Johnna Blackburn and Naomi Austin, alternate.

Shug Killough and Naomi Austin recently attended a steering committee meeting in Abilene at which Agriculture Commissioner of Texas, Jim Hightower was in attendance. Hightower asked that the Muleshoe WIFE organization work up a cost of production per acre

struments leased to customers at regulated rates.

"The bulk of the requested revenues is to allow the company to begin earning on the new investment and cover increased expenses since Sept. 30, 1982, the date on which the company based its last filing. Our rate base has increased since the last filing, and revenues have not increased proportionately.

"The new investment dollars were spent to expand the local network in order to meet the increase in the number of customers served, to improve and modernize service as required by the mandates of customers and the public utility commission, and to expand services to meet the needs of today's customers," Langley said.

"In each of our previous requests for new revenues, our customers and the commission have strongly voiced their support of improved service levels," he said.

"The results of our expenditures to improve and modernize service have been noticeable to our cus-

'84 Track Season Set To Kick Off In March

Top Ten Records Broken, Tied Last Two Years

With the ending of basketball season at Muleshoe High, the 1984 Track season will be underway in just a few short weeks. According to Coach Kevin Wiseman, many of the track athletes have already begun preparations for the season opener at Idalou, and are working toward their fourth consecutive District 2-AAA Championship.

In 1982, the Journal ran an issue giving the top ten performances in all track events up to that time, along with some photographs of the track stars and teams of yesterday. Since that time, a number of track records have either been broken, tied, or a top ten athlete moved out of that elite group due to the efforts of younger ones.

Just for the records, we would like to bring the standings up to date, and recognize those athletes who have excelled in the past couple of years.

In the 100 yard dash, 1983 saw three former record holders moved out of the top ten standings to make room for three new ones. The best time to date for the 100 yard dash is still held by Donnie Shafer in 1956 with a 9.6

seconds. However, in 1983, Thurman Coleman ran the distance in 9.92, thus moving the former third place man out. Darin Shaw also moved into sixth place in the event with a time of 10.06, and Chris Kirvin moved into

the limelight with 10.18 for 9th place overall.

In the 220 yard dash, the record still is held by Travis Bessire, with a time of 21.7 in 1962. However, in 1983, Darin Shaw moved into the fifth all time top performance slot with 22.82m. Thurman Coleman was right behind him for sixth with 22.88m and J. J. Martinez, in 1982, ran the distance in 23.1m in 1982 for ninth place.

The 440 yard dash is the only event that hasn't been challenged in the last few years, and Jim Norman with a time of 49.3m in 1980 remains the all-time record holder in this event.

Two challengers were in the 880 yard run and carved out two places in the all time top ten in 1983. Aldo Almanza ran the distance in 2.004m, and Martin Mendoza was pushing with 2.020m. These two athletes were teammates on the last two year's Cross Country State Championship team.

In the mile, or 1600 meter run, Lee Elder still hold the record, with a time of 4.23.1 in 1978. However, he has had some serious challengers in the last two years. In 1982, Aldo Almanza ran the distance in 4.43.7m and in 1983, Tony Luna ran it in 4.46.2m. Ronnie Logsdon also ran the

mile in 4.46.8m in 1983, thus moving three new athletes into the top ten.

In 1981, for the first time ever, the Muleshoe Track team had a 3200 meter run. Two of the top ten from that first year still remain in the standings: Scott Ellard-10-16.2 and Martin Mendoza-10-35.0. In 1982, along came Aldo Almanza with 10.06.0. Tony Rojas in 1983 with 10.38.7, Henry Carrion with 10.52.0 in 1982 and Danny Mata in 1982 with 11.25.0. The leading runner of the 3200 meter in school history is Tony Luna, who took that lead with a 9.53.6 in 1983.

Still holding the record, since 1962 in the 120 yd. or 110m high hurdles is Travis Creamer with a 14.5. In 1982, Monty Hysinger came close to that record with 14.7 in that event, and he was the first challenger since 1976, when Gary Wrinkle posted a 14.9. Hysinger now ranks third in that event.

Holding the record in the 330 yd or 300m Int. Hurdles is Mike Northcutt, who posted 38.3m in 1980. However, in 1983 Mark Moton came in to claim second all time high with 40.3m. In 1983, Ronnie Logsdon posted 42.62m and Eddie Perez recorded a 43.15m also in 1983, thus moving these three into the all-time top ten category.

In the Long Jump, Myron Young still holds the record with 22'4" in 1967. In 1983, Darin Shaw came close to that record with 21'6", moving

Guelker Seeks Re-Election As County Attorney

Linda Guelker, incumbent County Bailey County Attorney, has authorized the Journal to announce her intentions as a candidate for re-election to that office subject to the Democratic Primaries in May.

Guelker has served in the capacity of County Attorney since her appointment by the Commissioner's Court in June of 1982. Prior to that she served as pro-tem for that office. She was elected by a large majority in the November, 1982 general election as a write-in candidate.

She is the daughter of Mr. and Mrs. Floyd Guelker of Slaton, Texas and has recently married James Elder

Seventh, Eighth Boys Basketball News

Monday, January 30, the 7th and 8th Mules traveled to Abernathy to take on the Antelopes. Both teams came home winners.

In the 7th grade game the Mules outscored the Lopes every period with the exception of the second, during which they played them even. Scores by quarters were 1st, Mules 16, Lopes 6, 2nd, Mules 25, Lopes 15, 3rd, Mules 33, Lopes 39, and the final score was Mules 49, Lopes 29.

David Sanders and Michael Dunham each scored 16 points to lead in the scoring with Estevan Sandoval 10, Richard Ring, 4, Bradley Long 2, and Jeff Hicks 1. Estevan Sandoval probably had his best game of the year as he showed much hustle, excellent de-

fense and scored real well. Coach Donaldson commented that Chad Garlington was assigned to the Antelope's leading scorer during the time he was in the game and played excellent defense, holding him to very few points. All of the Mules making the trip played in the game.

The 8th Mules were striving to keep the winning efforts on a roll as they opened the game against Abernathy. Muleshoe had played them twice early in the season here and were defeated each time. Coach Donaldson commented, "We knew it would not be an easy victory. We trailed the home team at the end of the first quarter, but we were playing good defense. By half time we had gained

a 1 point lead."

The entire 3rd period and most of the 4th, the lead changed many times, with neither team ever leading by more than 3 points. With less than one minute left in the game and already with a 3 point advantage, Warren McDonald put in 2 points from underneath to give the Mules a 5 point lead. This seemed to be a comfortable lead, but was short lived as the Antelopes scored on their possession and cut it back to 3. The Mules stalled out the remaining time to gain the victory.

Art Students In Winners Circle

The 1984 Scholastic Arts Awards were held in Amarillo's Western Plaza recently. Of the thousand-plus entries from our 44 county region, approximately 300 are chosen as certificate of merit works and are hung in the show. These Merit works are re-judged and approximately 100 "Gold-key" awards are named. The Gold-keys are then judged again to determine "Blue ribbon finalists." At this point, the senior high and junior high divisions are put together and the top five entries in the show are chosen for the "Hallmark Awards."

Being the first time for MJHS students to enter, the Jr. High students represented themselves and their school proudly. David Sanders received a certificate of merit on his floral watercolor. Jeff Sliger received a certificate of merit on his snowy landscape watercolor, and Michael Haralson won a certificate of merit on his mixed media of an eagle. Jaime Olivarez won a gold key award on his spring valley water color. For the first time ever, three junior high pieces of work made it all the way to the "Hallmark Award." Not only three junior high pieces were chosen, but these three were from Muleshoe Jr. High. Jeff Whately, Barry Bass, and Becky Boor all won top honors and will have their works sent to New York where Hallmark Card Company will choose the winner of a \$100.00 cash prize.

Hellen Adrian, instructor for the winning students, commented, "I am proud of all our kids - the winners and all those whose work was sent and not accepted. We cared enough to send our very best" and it paid off."

Mary's Memories

By Mary J. Sanchez

Monday, January 30, the seventh and eighth grade Mules and Mullettes played against the Abernathy Antelopes. The seventh grade Mullettes won with the fantastic score of 26-14. High pointers for this game were Mary Lou Bastardo 6, Debbie Brown and Krystal Angeley with 5 each, and Thelma Ford with 4. The eighth grade Mullettes lost 24-28. Joey Heathington 9 and Amy Bean 6 were the high pointers for this game.

The seventh grade Mules won 49-29. Michael Dunham and David Sanders were the high pointers for this game, each with 16 points. The eighth Mules won with the score of 34-31. Warren McDonald was the high pointer for this game, with 17 points.

Thursday, February 2, the Mules and Mullettes played Tulia. The seventh Mullettes won 31-14 and the eighth Mullettes lost 43-23.

The seventh Mules won with the score of 37-26, high pointers were Richard Ring 15, Micheal Dunham and David Sanders 10 each, and Jeff Hicks with 2 points. Coach Roy Donaldson's comments are as followed, "Estevan Sandoval and Brad Long were out with the flu. David Sanders was playing basketball sick, the day before the game he was absent from school. The Mules worked offense real well in this game. We played man-to-man, defense well."

The eighth Mules lost 40-30. The coaches comments for this game were, "We played pretty flat, we missed shots we couldn't refer to our past, Johnny Garcia is out for the season because of a spur on the knee. Johnny Garcia is a team leader and usually top scorer. Even with all handicaps we still maintained the lead going into the 4th quarter with the score of 27-25. They pressed us by scoring 15 and we only scored 3."

The seventh and eighth grade Mules and Mullettes played Tulia, Monday February 6. The seventh Mules won with the fantastic score of 33-29 and the eighth grade Mules lost with the score of 36-38. The only information we got from the seventh and eighth Mullettes was that the seventh Mullettes won and the eighth Mullettes lost.

In this past week, February 6 through February 10, many students including teachers were not able to go to school because of the flu. We hope everyone is feeling better soon!!!

Notice of Rate Change Request

General Telephone Company of the Southwest, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of rates in Texas, effective March 28, 1984.

The proposed changes in rates will affect all the Company's 829,291 Texas customers who represent all customer classes, and are designed to increase the Company's gross intrastate revenues by \$84,777,000, or approximately 13.34 percent annually.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. 8th Grade Mules Beat Friona By 10

The 8th grade Mules have been on a roll these past few weeks. Friona Chieftains came to "Mule-TERROR" January 23 and found the Mules ready and waiting. We have been looking forward to playing them because they had not been beaten by any basketball team this season and we knew a win over them would have to establish us as being district contenders.

The Mules came off of a big win over Littlefield and were now confident of their ability to play ball. The opening period we established ourselves both offensively and defensively, scoring 12 points and leading the

Chieftains by 4. We were playing against a good team, however, and they pulled to within 1 point by halftime with the score of Mules 17, Chieftains 16.

It was a tough go in the third period as both teams hit for another 12 each and set the stage for an exciting fourth quarter. With 4 minutes left in the game, we began to gradually pull farther ahead and by the end of the game, we had a 10 point edge. The Mules had 50, Chieftains 40. Leading scorers for the Mules were Warren McDonald with 19, Ronnie Perez 10, Michael Haralson, 8, Sergio Gonzalez 7, and Johnny Garcia 6.

WHY ISN'T AMERICA IN THE BIBLE??

★ The general public has become increasingly aware in recent years that that prophecies in the the Old Testament by ancient Israeli holy men have been incredibly accurate concerning current world events, particularly action in the Mediterranean Theatre. In the prophecy of Ezekial, for instance, several modern countries are mentioned...Iran, Iraq, Turkey, Egypt, Libya, Great Britain, and the Soviet Union (as well as others). But strangely enough, the "Number One" superpower on this planet, the United States of America, is never once spoken of in the Bible...

MRS. JAMES ELDER
(nee Linda Guelker)

Miss Guelker, Elder United In Marriage

On February 10, at 8 o'clock in the evening, Linda Guelker became the wife of James Elder in the home of Mr. and Mrs. Eugene Black of Muleshoe. The Honorable Jack D. Young, District Judge, performed the double ring ceremony.

Parents of the couple are Mr. and Mrs. Floyd Guelker of Slaton and Mrs. Mae Elder of Portales.

Presented in marriage by her father, the bride chose a two-piece floor length dress of candlelight lace. The jacket featured a peplum ac-

centered with a matching ribbon. The same ribbon design accented the front of the jacket and bottom of the skirt. Adding the final touch were pearl buttons gracing the jacket.

The bride's bouquet was a cascade of silk ivory roses and burgundy rosebuds accented with mauve baby's breath and white stephanotis arranged with ivory lace and ribbon. The bride wore pearls borrowed from Mrs. Eugene Black.

Matron of Honor was Mrs. Flo Hildebrand of

Amarillo. She wore a floor length gown of Burgundy Matte Taffeta and Velvet, designed with a scoop neckline and short puff sleeves done in alternating strips of velvet and taffeta. Her fitted waistline extended into a peplum and her skirt fell unadorned to the floor. She carried a nosegay of burgundy roses, daisies and stephanotis accented with mauve baby's breath and a mauve lily and arranged with ivory ribbon.

laid with a hand-embroidered floral tablecloth imported from the Canary Islands. An arrangement of fresh spring flowers accented the table.

Following a wedding trip to Ruidosa, the couple are at home in Muleshoe where the groom is employed as service manager for Dent-Rempe, Inc. The bride is employed as an attorney in Muleshoe and is the County

Attorney for Bailey County. The bride was honored with a lingerie shower Wednesday, Feb. 1 in the home of Mrs. Jan Pierce. The hostess gift was a peignoir set. Hostesses for the occasion included: Jan Pierce, Gladys Black, Marilyn Saylor, Sherri Shipman, Paula Tarter, Tana Holmes and Sandra Martin.

TEN-YEAR (CLIFFORD) TRUSTS

Here's a tax saving technique that's good for those with large investment income from stocks, bonds, real estate, etc. Properly used, it can make a big dent in the tax bill of the investor's family.

By placing the investments in a ten-year (Clifford) trust, the income produced becomes taxable to the beneficiary of the trust, rather than to the original owner. After a period of more than ten years, the trust automatically dissolves and the property reverts to the original owner.

Consider this example: You support your elderly mother at a cost of \$15,000 a year. As a 50% bracket taxpayer, you must earn twice that amount in order to have \$15,000 after-tax dollars to give to your mother. Instead, suppose that you set up a ten-year trust and place in it enough stocks, bonds, etc. to produce \$17,500 of income annually. The income will be taxed to your mother at

a lower bracket; she'll pay about \$2,500 in taxes and have \$15,000 left for her support. You will have moved \$17,500 of income from a high bracket taxpayer to a lower bracket, and instead of your paying \$8,750 on that income, your mother will pay only \$2,500, a savings to the family unit of \$6,250.

Should your mother die during this period, the trust automatically ends and any accumulated income is taxed to her estate. If any assets are sold by the trustee, you must report the gain or loss on your tax return.

Be aware that a reportable gift occurs when you transfer the assets to the trust.

A ten-year trust is not to be entered into in a haphazard way, so professional guidance is an absolute must. But structured properly, this device can produce significant tax savings.

ing him into third. Chris Kirvin posted a 20'10" jump in 1983 and John Wuerflein and Mark Moton posted jumps of 20'5" to move those three into the top ten in school records.

A school record fell in 1982 in the High Jump, when Ronnie Cox posted a 6'6" jump; then, in 1983, Michael Isaac also posted a 6'6", tying up first place in this event. That same year Chris Kirvin had a six foot jump to move three new athletes into the top ten record holder category.

Discus throwers, who had not been challenged since 1975, had a challenger in Cheyenne Bickel in 1983 when he posted a throw of 145'9". Billy Balderas still holds the top ten all time record in 1976 with a throw of 154'8". Jeff Meeks posted a throw of 143'3" in 1982 to move into the top ten discus competitors.

In the Shot Put, Jeff Meeks moved into the top ten performance line in 1982 with a 48'10" put. Bob Camp in 1950 holds the record with 54'2" and Sam Whalin is second with 53'3" in 1980.

Pole Vault records were broken in 1982 when Raul Garcia posted a 12'10" vault. Ricky Rasco also moved into the top ten performances in 1983 with an 11'6" vault. The record had previously been held by Brent Maddox, with a 12'6" vault in 1978.

In the mile event or 1600 meter relay, two teams moved into the top ten performance line in 1983. The first team comprised of Martin Mendoza, Aldo Almanza and Mark Moton posted at time of 3:29.1m. The second team to land in the top ten in 1983 included: Mark Moton, Aldo Almanza, Martin Mendoza and Darin Shaw with a 3:29.6m time. The record is held by a 1980 team of James Atwood, Jim Norman, Curtis Elder and Mike Norhtcutt, with a time of 3:23.7m.

In the 440 yard or 400 meter relay, four teams moved into the top ten in 1982 and 1983. The first one included Kirvin, Shaw, Moton and Coleman with a time of 44.49m. The second team was Monty Hysinger, J.J. Martinez, Trent Hy-

singer, Hector Orozco, with a 45.0m time. The third team included Perry Flowers, Darin Shaw, Chris Kirvin, Mark Moton with a 45.0m time and the fourth team was Coleman, T. Hysinger, J. J. Martinez and H. Orozco with a time of 45.2m.

The team holding the record in the 440 yard or 400 meter relay posted their standing in 1962 with a time of 43.9. That team consisted of Jimmy Cabrera, Rick Bell, Jerry Gilbreath and Travis Bessire.

The past few years have seen a lot of records tied or broken in track and field events by Muleshoe athletes, who according to Coach Kevin Wiseman are continually striving for improvement and better records each year, and hope to see new records established this year. A number of Muleshoe athletes have set district records or tied them, which is another goal they will strive for this year also.

tomers and the commission, as current service levels are the highest they have been in the history of the company. We have consistently met or exceeded the commission's standards for well over the last year," Langley emphasized.

The company president pointed out the company's continuing service improvement program centers around the acceleration of the placement of electronic switching equipment in both long-distance and local switching offices. Approximately 36 percent of the company's customers were served by the sophisticated and versatile systems at the end of 1983 with current plans to increase that percentage to around 53 percent by the end of 1984, to 68 percent by the end of 1985 and to 75 percent by the end of 1986.

At the same time, he said computerized testing equipment is being installed throughout the company which routinely identifies problems or potential problems in the local and long-distance network, often permitting corrective action before the customer is even aware that a problem exists.

As accelerated programs continue, Langley said the company estimates that around \$1.7 million will be spent in the next five years to continue the present level of growth, improvements, and modernization.

"We wish we could move faster and do everything our customers and we would like to have done in a short time frame, but several factors prevent us from moving as fast as we would like. For instance, the method used to recover our investment in equipment already in service has been slow in past years.

"When you consider the pace at which we are placing customers on new technology, we are progressing at a very rapid rate. We are continuing to provide the latest in technology on a timely basis in light of capital recovery schedules dictated by the regulatory jurisdictions in the past."

Langley said the company, as required, has proposed a number of recommendations for recovering the needed revenues. Included are changes in service connection and miscellaneous service and equipment charges to more closely align charges with costs. Another proposal is restructured charges for Extended Area Service (toll-free calling between neighboring exchanges) to reflect changes in the industry and to base the charges only on equipment and facilities used for the service.

to attend one of the hearings.

Individuals who desire to speak at a hearing should contact the education service center director in their area.

Hearings are scheduled on Feb. 29 for REgion XVII in Lubbock at 4000 22nd Place in Lubbock and on March 1 for Region XVI at 1601 S. Cleveland in Amarillo. These meetings will take place from 9 a.m. until 12 p.m. both days.

SPC Schedules Camps On Summer Basketball

South Plains College has slated two summer basketball camps for area boys and girls interested in sharpening their basketball skills.

The girls camp, which is designed for girls fifth grade through high school, is set for June 3-8 in Texan Dome on SPC's Levelland campus. The boys camp, for students third grade through high school, is scheduled for June 10-15.

Texas U.I.L. rules permit

only those girls and boys who do not participate on the varsity level to attend basketball camps. Next year's junior varsity and below, as well as out-of-state players, are not affected by this rule.

The camp is set up to accommodate both day and overnight campers. Overnight campers will stay in college residence halls during the week.

Director of the girl's camp is Lyndon Hardin, women's basketball coach at SPC. Dennis Perryman, head men's basketball coach at SPC, will direct the boys camp. Hardin and Perryman will be joined by outstanding area coaches, former high school players and college players in providing instruction.

Cost for attending the camp is \$140 for overnight campers, \$110 for day campers who want to eat meals in SPC's dining hall, and \$85 for day campers who do not eat in the dining hall. In order to reserve a space in the camp, students should submit their application before May 5.

Police Activity Shows Some Increase

Muleshoe City Police have been a little more active over the last week or so than they have been in previous weeks, with a number of arrests recorded.

Jose Ricardo Torres was arrested on February 12 on charges of alleged public intoxication and unlawful carrying of a weapon. He was transported to the county jail pending bond. On February 2, Ricky McDonald was arrested on a warrant for Revocation of Probation. He was booked into the County Jail.

On February 4, Jose Isidro Torres was arrested on charges of alleged DWI (Felony) after he was observed driving with no headlights. He was transported to the county jail and booked. On February 4, Debra Wolfe was arrested on charges of issuance of bad checks on a warrant. She paid \$25 and was released.

Leroy Lucero was arrested on a warrant on February 8. He paid \$350 in fines and restitution prior to his release.

On February 6, Sandra Williams was arrested on a warrant for bad checks. She made partial restitution and was released. Linda Burton was arrested on February 6 on a warrant she also made partial payment. On February 10, David Minor was arrested on a warrant for bad checks. He paid \$85.68 in fines nad restitution prior to his release.

On February 4, Harvey Bass Appliance reported an apparent criminal mischief when the front window glass was broken. Damage estimates were about \$250. No suspects were named in the incident.

On February 4, Max King also reported a criminal mischief when a rock was thrown through the front window of King Grain. No suspects were named in this incident.

On February 4, Rene Torres was arrested on a Lubbock DPS warrant for alleged speeding and failure to appear. He paid a fine of \$40 and was released.

On February 5, Salvador Espinosa was arrested on charges of alleged public intoxication. He was transported to the County Jail.

On February 6, Marin Elva Garcia was arrested on a Capias pro warrant. He was released after paying \$80 fine. On February 7, Marcos Lopez, city of Muleshoe employee, was arrested on alleged assault

charges. On February 4, Armando Toscano was arrested on charges of alleged public intoxication. He was transported to the county jail for booking.

On February 5, Dixie Pickard was arrested on a warrant, after she was stopped for a routine drivers license check. She was taken to the county jail and booked pending bond or pickup by proper authorities. On February 6, John Vaughn Morris was arrested on charges of alleged DWI after he could not perform tests requested by officers. He was transported to jail, pending bond.

Clarence Chumly was arrested on a warrant on February 8. On February 12, Julius Cathy was arrested for the alleged theft of various items left on a local citizens doorstep. He was placed in jail, pending bond. On February 8 Rojas Clandistin was arrested on charges of criminal mischief

in which the damages were estimated at \$228. He was placed in jail, pending bond.

On February 10, officers were called to the Muleshoe Manor Apartments, where a resident had reported a theft. A suspect had been allowed to rent a room from the complainant and borrowed a television estimated to

cost \$200 and other equipment valued at about \$50 and had failed to return the articles.

On February 11, Albert Rawlins reported to police the unauthorized use of a motor vehicle. The vehicle was estimated at about \$750 value.

On February 4, a minor

accident was reported to officers in which one vehicle hit another in a car wash, and then drove away. A couple of other accidents were reported during the same couple of days, however, no injuries were reported.

Sudan Basketball News

The basketball teams are representing Sudan well as they go into the final week of play. The varsity teams both won their bouts with Cotton Center Friday night and with Happy Tuesday night. The junior varsity boys won over the local cowboys of Happy. The junior varsity teams won a third place trophy at Hart while both junior high teams won third place berths at the Sundown tournament.

The Hornets took an early lead Friday against Cotton Center and never looked back, scoring 16 in the first period and 17 in the second to take a 33-16 halftime lead. Wood hit for 10 first-half points. Sudan added 16 points during the third quarter while holding Cotton Center to only one field goal and four free shots. Then the Hornets began to swarm with each team member adding points during the final quarter for a team total of an impressive 28 points, making the final score Sudan 77, Cotton Center 29. This gave Sudan a 2-1 record in the second go-around of district play. Wood led the scoring with a game total of 20 points, followed by Fisher with 16 (8 in the final quarter), Lacey with 13 points; Kinnie put up 10, Kirkland

and Bartley each added 8 and Williams scored 2 points. Sudan hit 7 of 9 free shots but had 19 fouls called against them, compared to 14 for Cotton Center who hit 11 of 22 free ones.

Sudan had to fight a little harder Tuesday night against Happy but never gave up and came back in the second half to overtake the Cowboys and win 47-38. Sudan got in foul trouble early in the game and trailed by one point, 11-10 at the end of the opening period. Happy outscored the Hornets 10-8 in the second quarter to take a 21-18 halftime lead.

Sudan came out fired-up at the half and put 16 points on the boards before the dazed Cowboys realized what was happening. Kirkland did some fine shooting to add 11 points in the second half, aided by Wood with 10. The Hornets hit for 13 points in the final stanza to take their third district win. Wood again led the Hornets with 20 points followed by Kirkland's 11 points. Fisher hit four baskets for 8 points while Lacey and Bartley each had a field goal. Kinnie hit 3 of 4 free shots for 3 points and Sheridan added one from the line to complete the Sudan scoring.

The Hornets walloped Cotton Center 80-3 Friday with Cotton Center hitting only 1 field goal and one free shot out of two attempts from the line. Sudan came out strong in the first quarter, scoring at will, and put a big 20 points on the board before they slowed sinking only 5 field goals in the second period to lead 30-2 at the half. Cotton Center just could not find the basket while Sudan put 23 and 27 points on the counter in the third and fourth quarters. Four of the Hornets scored in the double figures including Missy Fisher with 17, Shawnda Masten and Sharla Harrison each had 16, Jeanina Nix with 14, Joan Wooley had 8, Sherry Williams 7 and Sherrie Powell hit for 2 points.

Sudan girls began a little slower against Happy Tuesday night although they took a definite lead early in the game, leading 11 to 4 at the end of the first quarter. Both Harrison and Masten had three fouls each during the first half when 65% of the fouls were called. Sudan scored 14 points in the second quarter while Happy hit only two from the line to take a 25-6 halftime lead. Sudan scored a big 35 points in the second half while Happy managed 10 to give Sudan a 4-0 district record with the 60-16 win.

Harrison and Nix tied for scoring honors with 13 each, followed by Masten with 10, Gussie Wooley had 8, J. Wooley and Fisher added 6 each, S. Powell had 4.

The Junior Varsity girls lost their first game in the Hart tournament 69-39 when they played Hart. The Hart feds took a 32-10 halftime lead and went on the score 19 and 18 points in the final quarters. Sudan came back after the half and put 10 points on the boards and then an impressive 19 points in the fourth quarter but could not overtake the Hart lead. K. Scott scored 24 points, 19 in the second half to lead the scoring for Sudan. T. Scott added 12 and Bickett hit a field goal in the second quarter to add 2 points.

The girls then met the Anton team and defeated them 49-30 to give the locals a third place trophy. Sudan took a 11-8 first quarter lead, but led by only a single point, 19-18 at the half. Sudan came back in the third period and hit for 18 points behind the scoring of the Scott sisters while Anton could manage only 4 points, taking a 37-22 third period lead. Bickett hit for 8

points in the final quarter to pace Sudan for 12 points in that period.

T. Scott hit 7 field goals and two free shots for 16 points while K. Scott hit 7 field goals and three free shots for 17 points. Bickett also added 16 points to complete the scoring for Sudan.

The Junior Varsity boys lost both their games in the Hart tournament, first to Hart 41-28; then to Anton 42-30. In the Hart game, Sudan only trailed by 3 points at the first quarter but Hart widened their lead to 23-13 by the half. Sudan outscored Hart 11-6 in the third period and narrowed their lead to 5 points before growing cold in the final period and hitting for only four points while Hart scored 11, four on free shots. Mike May led the scoring for Sudan with 10 points. M. Limon and Schuster each hit for 4 points while Conly, Moore, Donnell, Barron, Gardner and Williams each added two points.

The Anton game became a fouling contest as 41 personal fouls were called during the game with 24 of these being against Sudan. Sudan had a 17-11 first quarter lead but watched it slip away as they were unable to put any points on the board during the second quarter while Anton added 14, 8 of these from the line, to take a 25-17 lead. Sudan managed 2 points in the third period but came back with 11 in the fourth although Anton never relinquished the lead.

The Junior Varsity boys were very happy in Happy as they defeated the Cowboys 43-42. Sudan came out strong and piled-up a 27-16 halftime lead before the Happy lead came roaring back and scored 17 points in the third period and cut Sudan's lead to only two points going into the final 8 minutes. The last quarter was a battle with Sudan edging past the Cowboys 43-42 to take their first victory. Moore gained the scoring honors by hitting for 20 points, followed by May with 14 and Limon 4. Schuster and Barron each added 2 points and Donnell had one point.

Both the Junior High teams won third place trophies at Sundown while the girls defeated Southland 39-21 in their first game behind the scoring of Kirkland with 22 points. The local feds took a 12-4 first quarter lead, widen it to 24-8 by the half. Southland never

came close. Scoring for Sudan, other than Kirkland, were Kathy Powell with 9 points, Melissa Nix with 4, Dannelle Provence and Tina Newman each had 2.

The girls did not fare so well in their second game, against Union, as they did not get on the board until the second period and trailed 12-8 at the half. They failed to score again in the third quarter and added 8 in the fourth while Union added 16 in the second half, four of these from the line. Kirkland was held to 12 points with Powell adding three and Nix one.

In the third game, Sudan came out strong against a weak Bledsoe team and outscored them 24-5 in the first half. Sudan scored 16 and 10 in the last two quarters. Bledsoe added 7 in the fourth, 5 of these from the line. Bledsoe shot some 20 times from the line during the final quarter. Scoring for Sudan were Powell and Kirkland with 12 each, Richards and S. Williams each had 4, Roberts, Tennyson, and T. Williams each scored 2 points.

The boys also met Southland in their first game and defeated them 33-23. The score was tied 8-8 first quarter but Sudan pulled ahead 19-12 by the half and Southland never came close the rest of the game. Taylor was high point for Sudan with 14 points with Williams hitting for 10, Bartley had 6 and Boyles 3.

The Sudan boys took a big 18-9 halftime lead over Anton in the second game, but let Anton narrow the lead to four points, 20-16 going into the final quarter when the shoot out began and the score remained tied 25-25 at the buzzer. The Anton boys hit one more free shot in the overtime than Sudan and came out the winners 28-27. Taylor and Williams each had 7 points for Sudan. trailed b

King with 6, Bartley 5, Boyles 2.

Sudan took Meadow 35-25 to gain the trophy after trailing 9-8 at the first quarter and making a come-back in the second quarter to lead 22-15 at the half. Sudan outscored Meadow 24-10 in the second half to take the victory. Williams was high point for Sudan with 15, Taylor hit for 10, Boyles and Barley each had 4 and King

Hook up to the implement that can cut time and labor costs by 50% ...the Krause Landsman.

Preparing a seedbed used to take a lot of time, a lot of fuel, and a lot of money.

But now there's a smarter way to get the job done — with the Krause Landsman. It's a unique tillage implement that discs, incorporates chemicals (either deep or shallow), cultivates, and finishes all at once — to prepare your seedbeds with just one pass.

That could cut your time investment, your fuel costs and your labor costs in half if you're now making two or more trips to prepare seedbeds. And because the Landsman reduces the number of trips through the field, it also reduces soil compaction.

Special features for smoother seedbeds.

Because the Landsman was designed specifically for seedbed preparation, it does a better job of smoothing the field surface than other combination tillage tools. One reason is the exclusive rear-angled disc gangs. They throw soil inward to be leveled and eliminate ridges. Our special reel and tine attachment finishes the job by smoothing the surface while breaking up clods and

mixing chemicals.

Other features include spring-cushioned shanks or H.D. tires, walking tandem wheels, and optional tank carrier.

And it's part of the Krause Profit-Till System.

The Krause Landsman is part of a tillage system that helps reduce your operating costs and increase your yields. It's more economical than full tillage, and more effective than no-till. And the Krause Profit-Till System has demonstrated that it can:

- Reduce tillage trips over 50%
- Reduce erosion up to 70%
- Reduce tillage time over 50%
- Reduce cost per acre over 40%
- Increase yields by reducing erosion, compaction, and improving moisture retention.

"I want to keep good customers coming back, so I'm recommending XL-72aa again this year."

It takes a long time to build a good business reputation. So I only recommend a product if I know it works. That's why I'm recommending XL-72aa again this year.

Oh, I don't grow corn myself, but I do hear what my customers say about it. And when they brag about yields, even in a tough year like last, I know XL-72aa has to be good. Come to think of it, they brag about XL-72aa no matter what the weather—or the soil type. Maybe that's why they ask for it year after year.

A long time ago, I learned that the best way to keep a customer is to keep giving him what he wants. Around here, that's XL-72aa.

Who's recommending only his best?

I am.

MEMORIES

It is wonderful to look back and reflect on the joys and problems of raising a family. Remember Jane's first Christmas... and her first birthday... then there was the time she was so sick, and everyone was awake all night... How much we owe to God for his goodness to us! Yes... we should give thanks to the Lord, and seek his help in bringing up our children. Take your family to church regularly.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

3186 PIONEER

PLAINS PRIDE

Thousands of corn acres prove this pair from Pioneer is doing something right.

3186
Over the past three years in on-farm tests in this area, no hybrid has produced a higher average yield than this one. However, it's the "extras" that make 3186 ideally suited for irrigated Plains production. Drought tolerance—making the most of weather and moisture conditions. Plus excellent stalk strength, outstanding late season plant health, very good ear retention. Disease resistance. A tall semi-upright-leaved hybrid. 3186 normally produces large, girthy ears with excellent shuck cover, for either grain or silage production.

3184
It provides protection against diseases and stress and consistently produces excellent yields. In fact, in over 300 on-farm yield tests in this area during the past seven years, 3184's average yield has been almost 700 lbs/A. more than competitive hybrids. But, it's under tough growing conditions that 3184 really shines. Exceptional root and stalk strength. Shorter growth habit, relatively low ear placement, late season plant health and excellent stay-green qualities. It's often used as the measure for standability in this area. Preferred by food corn processors because of excellent grain quality and shuck cover.

Plant 'em together. They'll give great yields in the good years and make the most of the tough years, too. Come on in and let's talk.

March Designated Texas Book Month

Texans rightfully proud of their colorful heritage-annually celebrate the lore and legend of the Lone Star State in March.

The month includes two major historic observances. March 2 marks the anniversary of Texas declaration of independence from Mexico, while March 6 honors the fall of the last brave heroes of the Alamo.

This March, Texans have a new occasion to Celebrate-Texas Book Month.

Governor Mark White, in a proclamation signed February 23, urged Texans to celebrate Texas Book Month, calling books a "window to both Texas history and future." He suggested that Texans, whether newly arrived or long established, learn about the state's history, government, industry, arts, literature, and folklore by delving into the state's treasure trove of books.

As part of his own celebration of Texas Book Month, Gov. White-himself an avid Texana reader-taped a public service announcement to be distributed free to all Texas television stations and to air in March. Sponsored by the University of Texas Press, the public service spot features Gov. White asking Texans to take part in what he calls a "real Texas adventure, reading."

As he says in the announcement, "It's your state-read about it."

The public service announcement has been distributed to all the state's radio stations.

The establishment of Texas Book Month was prompted, in part, by the desire of the University of Texas Press to spread the word about the many good books on Texas that are written by Texas authors, published by local publishing houses, funded by non-profit institutions and associations, carried in libraries, sold in bookstores, and made available through other sources.

Books on Texas, explained Theresa May, coordinator of the Press celebration, introduce readers to people

and places both past and present.

"Through books, you can read about what happens at the Capitol, what happened at Goliad in 1836, or what probably happened in Indian encampments centuries ago. You can ride with the Texas Rangers or explore the scenic wonders of the countryside. You can read about Texas weather, or museums, or cooking, or learn to identify native plants and animals," she said.

Support for a month de-

voted to reading about Texas has been strong in Texas book communities, educational circles, and non-profit institutions. According to L. Tuffly Ellis, director of the Texas State Historical Association, "Texas Book Month offers a special occasion to celebrate the wonderful world of Texana in the fields of History, fiction, and folklore." Ellis added, "Everyone with an interest in Texas should take this opportunity to read at least one major book in the month of March about this state."

Dorman Winfrey, director and librarian of the Texas State Library, echoed Ellis ideas.

"Only the printed word can enable us to examine

our state and rediscover its treasures again and again," he said. "To understand Texas and its people, there is no substitute for books."

And award-winning author James Michener, who is currently writing a major novel called Texas, said the Lone Star State is "very fortunate" in having what he called a "plethora of regional books." Michener said regional books published in Hawaii, Colorado, and Texas within the last three decades have provided invaluable help in his research. He added that, while neither author nor publisher knows how their books will be used or by whom, one thing is certain-they are "entering into the written record material that will contribute to a balanced view of regional history."

From all corners, the message seems to be clear for March; Texas is your state. Read about it.

consideration," Clark said in letters to Senator James McClure and Congressman Sidney Yates. "Therefore, funds for environmental analysis are now unnecessary. I will be recommending that your committee concur in other uses of such monies in the near future."

Art Students Get Awards

The MHS Art Department had four winning entries in the Northwest Texas Regional Exhibition. Terry Graves, son of Mr. and Mrs. Bob Graves of Muleshoe, a junior Art IV student, won a blue Ribbon finalist "Gold Key" award for his oil painting of "Aspen Trees."

Jamie Terrez a sophomore, Art I student, son of Mr. and Mrs. Antonio Torrez of Muleshoe, won two "Certificates of Merit" for two of his entries: A pastel of pumpkins and a detailed pencil drawing of a bleached cow's skull.

Melissa Wilbanks Puckett, daughter of Mr. and Mrs. Paul Wilbanks of Muleshoe also won a "Certificate of Merit" for her oil painting of a wooded landscape.

Student Council Meets

The Student Council met Tuesday, February 14th. The meeting was called to order by John Isaac. Trisha Burgess led the opening prayer. In order to promote enthusiasm and participation, the Student Council divided up into two teams. These teams will be competing against each other until mid-April. The winners will be determined by points accumulated. Points can be acquired by being present and on time at the weekly meetings. Team A is chaired by Trisha Burgess and Co-chaired by Brenda Flowers.

Team B is chaired by Loy Triana and co-chaired by Tamara Bean. Team A consists of the following members: John Isaac, Trisha Burgess, Michael Angeley, Brenda Flowers, Polly Harrison, Debbie Hicks, Jill Hamilton, Karen Kelton, Laurie Kinard, Jimmie Lee, Shelly McMeans, Vana Pruitt, Rinda Shafer, Kristi Taylor, Connie Puckett, Cathy Lopez, and Laurey Grant. Team B is made up of Trent Hysinger, Kristi Campbell, Tamara Bean, Loy Triana, Scott Bickel, Zoni Gatewood, Chris Hernandez, Rachel Hodges, Laurie Kelton, Casey King, Betsy Lunsford, Shannon Pelton, Tina Ruthardt, Randall Stevens, Tonda Gunstream, Debbie Isaac, Jana Brown, and Kathy Horn.

The winning team will be treated by the losing team. Patriotic Week was also discussed. Members will decorate the halls Friday in order to promote patriotism toward America.

The Student Council met February 21. The meeting was called to order by Trent Hysinger. Loy Triana led the opening prayer. The following items of business were discussed in the meeting. The group competition was the main item of business. The group competition officially began today with each team trying to accumulate points. This competition was established to promote attendance at weekly meetings. The Jr. olympics was also an item on the agenda. It was decided that the council should continue the discussion next week. The meeting was adjourned.

Speech Squad Competes At Cooper

Muleshoe High's Speech squad competed at Lubbock Copper's UIL tournament Saturday, February 18. Mike Harris, Brenda Flowers, and Melissa Martel competed in the informative speaking semi-finals rounds. Brenda Flowers advanced to the finals and won first place. She was the only competitor in the tournament to receive all firsts from the judges.

Jimmie Lee advanced to the finals in persuasive speaking and won second place. Kelly Hamblen and Trish Burgess advanced to prose reading semi-finals. Trish competed in the finals and won third place. Jodi Wheeler competed in the semi-finals of poetry interpretation.

Muleshoe High's next speech tournament will be March 3, at West Texas University.

Muleshoe High's next speech tournament will be March 3, at West Texas University.

1984-85 School Calendar Approved

The school board has approved the school calendar for the 1984-85 school year. Teachers will begin three days of inservice on Wednesday, August 15th, and school will begin for students on Monday, August 20th. The first school holiday will be on Monday, September 3rd for Labor Day. The first teacher inservice comp. day of the year is scheduled for Friday, October 26th. Thanksgiving holidays will be on Thursday, November 22nd and Friday, November 23rd. Beginning next year, the first semester will end on the final day of school before the Christmas holidays. Therefore students will take their semester exams on Wednesday, December 19th and Thursday, December 20th. The teachers will have a work day on Friday, December 21st to grade tests and average grades for the first semester. School will resume after the New Year's holiday on Wednesday, January 2nd. The 1985 school calendar has an inservice comp. day for teachers scheduled on January 24th and Bailey County Stock Show holiday for January 25th. Next Year's ski holiday will be Friday, February 22nd and Monday, February 25th, and Easter Break will be during the week of April 1st through April 5th. May 3rd is the final inservice comp. day for teachers. School is scheduled to end on Thursday, May 23rd with the teachers reporting for a work day on Friday, May 24th to grade tests and figure semester and yearly averages. The calendar does have two days built into it for inclement weather, and if these are not used, school will dismiss two days earlier.

Civics Students Stress Voting Priviledge

The week of February 20-24, has been declared Patriotism Week throughout the Muleshoe School System. One of the most important duties as a citizen is voting. Civics students of Mrs. Jean Allison recently wrote on the importance of voting and the reasons many do not make the effort to vote. The following are excerpts from some of these themes: Americans do not vote because they do not think their vote makes a difference. (Pat LeFebre) American do not vote because they do not have time to vote or they believe their vote is useless. (Paul Silguero) Many American do not vote because they fail to register; they either forget to register or do not take the time to go register. (Michelle Snell) Many Americans do not vote because they are not informed on the issues. (Nicki Hagins) They do not vote because the ballot is too long or they know none of the candidates running. (Tina Turnbow) Many Americans do not vote because they do not understand the importance of voting. (Kristen Wanner) Many Americans do not vote because it has become a habit not to vote; they have not been raised in families who vote. (Sherri Bessire) Americans should be thankful that they have the freedom to vote; in some other countries people do not have a choice. (K-K Flowers) If you do not vote you should not be disgusted with how things are being done. You have a voice and if you want to use it-vote. (Deena Burris) It is very important for all eligible Americans to vote. People always assume there are enough voters and that their own vote will not make a difference, but if everyone who thought that way voted it would make a big difference. (Tonda Gunstream) If Americans do not become involved in voting someone could take office such as a dictator like Adolf Hitler. (Kelly Hamblen) If we do not vote, someone might just want to step in and take us over, and we cannot let that happen. (Louis Carrion) If we the people cease to be great, then our nation will cease to be great. (Kacy Henry) Voting rights, like any other rights, will be lost if neglected too long. (Aldo Almanza) If Americans do not take part in voting, it is not a government of all the people, but one of only a few people. (Randall Stevens) If people do not vote, they are not taking part in the great system of democracy. (Ronald Briggs) In order to get more people to vote, the people need to be informed of the importance of voting and the effects it has on our well-being; thus our country can remain great. (Jay Cage) We, the people who do vote

and do care need to convince non-voters to vote. (Jeff Hamilton) Perhaps go house-to-house and register people and that would make the people feel they are important. (Virginia Garcia) Give more coverage of major issues and know the candidates' stands on those issues, then maybe more people would vote. (Chad Williams) The way to get a large amount of Americans to vote is to get the people excited earlier in the voting year so they will have time to register and will then be ready to vote. (Jay Gleason) Stress over and over the importance of voting and speak out for people to speak out for what they believe is right. (Danny Mata)

DECA Will Advance To State

Muleshoe High School DECA students returned from the Amarillo Area VI Career Development Conference Saturday, February 18, having won three first places and three second places in competitive events. Patriotic Week Celebrated

Beginning Monday, February 20th, the Muleshoe schools celebrated Patriotic Week. HECE, DECA, VICA, FTA and Student Council decorated bulletin boards and put up hall decorations. Starting the festivities, the history and government classes watched films on patriotism. There was an evening program in the high school auditorium, with bands and guest speakers, including Bill Sarpalus. Tuesday, February 21st, there were speakers from the community for English, history, government, and vocational classes. Wednesday, February 22nd, American Music Day, from 8:25 - 8:35 they played American Music over the intercom. English classes played American music in relation to American Literature. Thursday, February 23rd, was Flag Day and red, white and blue color day.

and do care need to convince non-voters to vote. (Jeff Hamilton) Perhaps go house-to-house and register people and that would make the people feel they are important. (Virginia Garcia) Give more coverage of major issues and know the candidates' stands on those issues, then maybe more people would vote. (Chad Williams) The way to get a large amount of Americans to vote is to get the people excited earlier in the voting year so they will have time to register and will then be ready to vote. (Jay Gleason) Stress over and over the importance of voting and speak out for people to speak out for what they believe is right. (Danny Mata)

Students Travel To Stock Shows

The following MHS students traveled to San Antonio where they exhibited their livestock: Tracy Tunnell, Jerry Gleason, Sharla Morrison, Greg Young, and Jodi Wheeler. In the swine division Tracy Tunnell received 13th place with his Hampshire barrow. In the steer division Jerry Gleason received breed champion with his short-horn. Sharla Morrison placed first with her Santa Gertrudis steer. With her Chinana steer, Jodi Wheeler also received first place. Greg Young placed third with his Santa Gertrudis and ninth with his Semmental. These students will be traveling to Houston and to San Angelo to further exhibit their animals.

Seniors Take ENMU Field Trip

The senior class traveled to Eastern New Mexico University, at Portales, to finish their research work. Mrs. Johanna Wrinkle, Mrs. Esther Marie Dillman, and Coach Windy Williams accompanied the group. Mrs. Walker, the librarian from The Golden Library at ENMU gave the group a tour of the library and explained where books and other materials were located. The seniors were required to select at least one source from the library. The group checked out at 12:00 and ate at the Student Union Building and toured the campus. The students enjoyed the game room and book store and other recreations.

Coaches Comments

Comments on the Mules Varsity Basketball Season are from their head coach, Scott Murray. "The Mules had a very enjoyable year and were in the race for a play-off spot up until the last game. We felt like, had we not lost John Isaac for the District games, we would have been in the play-offs. The Mules, however, responded by winning 4 district games, 2 of which were Littlefield. All of the other games, except 2, could have gone either way. Our final record was 12 and 13. We were 8 and 7 in non-conference and 4 and 6 in District play. All of the Mules showed steady improvement, which is always a sign of a winner. With the improvement of the players and 3 returning, the Mules are looking forward to next year. There is, however, the task of replacing 2 graduating Sr's with 5 Varsity letters between them. We appreciated the support of the fans, cheerleaders, media, students, and parents in making this a good year."
