REPUBLICAN STATE TICKET. Special Dispatch to the Daily Express.

DALLAS, October 2, 1878. Representatives from forty counties assembled here yesterday and adjourned today, having nominated the following Republican candidates for State offices: A. B. Norton, of Dallas, for Governor; Richard Allen (colored) of Harris county, for Lieutenant Governor; F. W. Miner, of Lamar, for Attorney General; A. Stieringer, of Bexar, for Comptroller; S. Wood, of Smith, for Treasurer; Jacob Kuehler, for Commissioner of the Land Office; J. H. Bell, for Chief Justice, and L. W. Cooper, of Houston, Associate. The convention adopted a hard money platform.

DALLAS FAIR NOTES. DALLAS, October 2, 1878. (Special Dispatch to the Daily Express.) To-day was the military day at the fair, and the competitive drill took place, resulting in the Lamar Rifles winning the first and third prizes, and the Tarrant Rifles, of Fort Worth, the second prize. There are two Fort Worth companies and only one from abroad.

There is a big military ball to-night in honor of the visiting company. The fair so far has not been as largely attended as expected. To-morrow, however, being a general holiday by request of the Mayor, is expected to be the day. Races are the principal attraction.

PROBABLE MURDER AT AUSTIN. Special Dispatch to the Daily Express. AUSTIN, October 2, 1878. Dave Melasy, the son of a respectable merchant here, shot Chas. Graham, one Rogan, and a woman named Hines, in a restaurant in Austin's First Points. Graham's wound is probably fatal, the ball passing through his body and lodging in the woman's breast. Reagan is wounded slightly. Melasy escaped. There are two stories about the origin of the difficulty, one that Reagan threw something at Melasy and the other that Melasy provoked it by a blasphemous language.

A CONFLAGRATION IN PALESTINE. (Special Dispatch to the Daily Express.) PALESTINE, Texas, Oct. 2, 1878. A conflagration occurred here to-day, destroying four business blocks and a newspaper office. The loss is fully one hundred thousand dollars.

YELLOW FEVER NOTES. New Orleans, October 2, 1878. 12:15 p. m.—Deaths 56. Cases reported 103. Weather clear and warm.

Convenancing Col. W. N. Owen, of the Washington Territory, and Harry Lee, clerk of the cotton exchange.

Among the new cases is Rev. Thos. J. Abbott, of the congregation of the Mission of St. Stephen's Church. Among the deaths are Joseph Caswell, assistant signal officer, and A. Well, sexton of the temple Sinai.

Bay St. Louis, October 2.—There were 23 cases and two deaths here yesterday.

Thibodaux, La., October 2.—There were twelve deaths yesterday, three from the yellow fever, and the persons mentioned as dying are not only well, but never have been sick. The city was never healthier.

Baton Rouge, October 2.—The yellow fever is increasing at a rapid pace. Eighty-three cases were reported yesterday, and a large accession will be added by this morning's report. Six deaths have occurred since yesterday and a great many are expected to die during the night.

The epidemic must soon reach its climax here. There have been over four hundred cases in the last five or six days. Rev. Dr. Stewart, the Episcopal minister, was taken sick at 2 o'clock to-day. He is totally unaccommodated, but is a good and worthy man, much esteemed by all. Nothing new is doing save attending the sick and distressed. The sole occupation of all is to control the disease the best we can.

London, October 2.—A Madrid newspaper states there are three cases of yellow fever in the hospital in that city.

Mississippi City, October 2.—General Howland was taken with the fever this morning.

New Orleans, October 2.—From noon to 5 p. m. to-day 10 deaths have occurred and 59 new cases, of which 75 date since Sept. 20th.

The deaths include 51 under ten years of age, 23 of them under seven years of age. Many cases of fever are reported in families lately returned from the coast.

Dr. Taylor, Secretary of the Board of Health, who has been attending the Howard cases in Carrollton, reports having visited over sixty cases of negroes, and about 5 or

6 there has not been a case of yellow fever among them, they being down with malignant malarial fever.

Holly Springs, Miss., October 2.—The Secretary of the Board of Health was taken sick yesterday, and consequently there is no report, but the physicians report fifteen new cases and ten deaths.

Every store in town is closed. All who have courage to remain are cared for by the relief committee.

Crystal Springs, Miss., October 2.—There have been seven new cases and two deaths at Crystal Springs the last report. Dr. Detton and G. S. Dickson are down with the fever. The other cases under treatment are doing pretty well.

Baton Rouge, La., October 2.—There are eighty-two new cases and seven deaths to-day.

The fever is increasing at Paquetique and Port Hickory.

New Orleans, October 2.—There have been two new cases at Saint Vincent and two at the Protestant orphan asylum.

Dr. J. Levesque, of Bangor, street syndagogue, was taken with the fever Tuesday.

Carrollton, October 2.—The total is two hundred cases under treatment.

There were ten cases and five deaths yesterday. Most of the sick are in destitute circumstances, and are supplied by the Seventh district relief association.

Gretna, La., October 2.—The total cases are one hundred and thirty; total deaths, twenty-nine.

The Howard committee are feeding destitute families representing two hundred persons.

The fever is spreading rapidly.

Mr. Samuel, a member of the Howard committee, reports three families, numbering twelve persons, down, and five are sick with the fever in one room.

Memphis, October 2.—The Howards sent word to-day to Knoxville, Brownsville, Moscow and Garner.

Bishop Quintard has appointed to-day as our fast day, and in prayer, and in conformity with this, services were held in St. Mary's cathedral. Rev. Dr. Dazell, of Shreveport, officiating.

From noon yesterday to noon to-day there were thirty-eight deaths.

Canton, October 2.—The fever here has taken a fresh impetus, and not only with a greater number of cases, but with greater malignancy. Dr. Priestly and myself have on hand ten malignant cases, all of whom will probably die. They have all been at the Howard hospital.

Greenview, October 2.—Dr. Archer and Dean are down with the fever this morning. The former is a volunteer physician from Point Coupee, La. Twenty new cases and six deaths are reported for the last 24 hours.

New Orleans, October 2.—Dr. Burwell A. Bobo, of Georgia, one of the first physicians who volunteered for Memphis, died to-day at the Charity Hospital.

Reports at the office of the Board of Health indicate a slight increase of mortality, and the continued warm weather is followed by a spread of the disease among children. This appears to be especially true in the Third District, but the parents complain of the disease of an extremely mild type.

The report of the Pickwick Club shows that 4,000 prescriptions equal to 11,000 bottles of beef tea and soup have been filled, and that 500 pots of jelly have been given away for the benefit of the sick.

Vicksburg, October 2.—The Howards make an appeal for aid for the relief of the victims of this section. Dr. Farley, of Haynes Bluff, in which the doctor details at some length the destitute condition of the people, and says he has over one hundred cases of fever under treatment, and that the epidemic is steadily increasing throughout that section. The people are terror stricken, and the panic is worse than that of a routed army. Two well developed cases have occurred where the parents of two dying children abandoned them to the mercy of strangers, and when the children were dead they had to be buried by the kindness of a colored friend.

President Andrews, of the Vicksburg Howards, quotes the above statement in his appeal for aid as a sample of many received by them in the last few days, and in conclusion says: "The disease is spreading through the adjacent counties. They (the people) all look to us for aid and assistance, and we are doing all in our power to relieve their wants. Delta, Louisiana, three miles distant, has 21 cases, and three deaths have occurred in the last twenty-four hours."

THE MASSACHUSETTS BULL FROG CLUB. Boston, Mass., October 2.—Governor Rice decided to put Governor Hampton on record relative to the Kinship matter upon the files. The Executive Department has forwarded the following:

FAILED FOR FIFTY MILLIONS. London, October 2.—A circular signed by all Scotch banks has been issued, announcing that the City of Glasgow bank has not opened its doors to-day, and will cease to issue notes in order to lessen inconvenience to the public. Other Scotch banks will second the failure, which has caused great alarm among the holders of the bank's notes.

One hundred pounds of the shares of the bank were dealt in yesterday at over \$900, and were sold at a profit of 100 per cent.

This is the heaviest bank failure in Scotland since 1857, when the City of Glasgow bank failed, and was succeeded by the City of Edinburgh bank.

Other Scotch banks were asked for assistance, but after examining the books at the bank yesterday they refused to do so.
